

UNC Greensboro Baccalaureate Degree Plan

Associate in Arts (A.A.) to Bachelor of Science (B.S.) in Elementary Education

The Associate in Arts degree shall be granted for a planned program of study consisting of a minimum of 60 semester hours of credit (SHC) of college transfer courses. Within the degree program, the institution shall include opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, and the basic computer use.

Courses are approved for transfer through the Comprehensive Articulation Agreement (CAA). Community college graduates must obtain a grade of "C" or better in each course and an overall GPA of at least 2.0 on a 4.0 scale to transfer to UNC Greensboro with a junior status.

Due to university-level course requirements, this baccalaureate degree program encourages students to complete their associate degree by participating in the Reverse Transfer Program.

Reverse Transfer

Students who transfer to a North Carolina university from one of the 58 North Carolina community colleges are given the opportunity to combine the credits earned at the university with credit already earned at the community college to determine if the associate degree requirements have been met. Because admission to the University does not guarantee admission to Teacher Education with a major in the Department of Teacher Education and Higher Education, community college students are encouraged to complete the following three UNCG courses (with a grade of a C or better) to meet associate degree required hour requirements:

- MAT 115 College Algebra
- TED 222 Mathematics for Teaching
- TED 250 Teaching as a Profession
