Equality of Educational Opportunity

The University of North Carolina at Greensboro is committed to equality of educational opportunity and does not discriminate against applicants, students, or employees based on race, color, creed, gender, age, national origin, disability, military veteran status, political affiliation, or sexual orientation¹. Moreover, the University of North Carolina at Greensboro is open to people of all races and actively seeks to promote racial integration by recruiting and enrolling a larger number of black students.

This commitment is in keeping with Title IX of the Educational Amendments of 1972 and Section 504, Rehabilitation Act of 1973. The Affirmative Action Officer, PO Box 26170, UNCG, Greensboro, NC 27402-6170, (336-334-5009), is responsible for coordinating compliance and investigating complaints.

¹*The UNC Greensboro discriminatory conduct policy includes protection for transgendered individuals, and actual or perceived gender identity or expression, within its prohibited discriminatory conduct.*

Equity in Athletics Statement

Pursuant to the federal Equity in Athletics Disclosure Act, information about equity in UNCG's intercollegiate athletics programs may be obtained from the UNCG Athletic Department, 337 HHP Building, UNCG, Greensboro, NC 27402.

Policy Concerning Abuse of Alcohol and/or Illegal Drugs

In accordance with the Federal Drug-Free Schools and Communities Act Amendments of 1989, which require that all students receive annual notice of the laws and/or policies regarding alcohol and drug abuse, the following information is provided:

Illegal or abusive use of drugs or alcohol by any member of the university community can adversely affect the educational environment and will not be accepted. Abuse of these substances can result in numerous physical and psychological health problems. Substance abuse is a factor in organ damage, increased risk of personal injury, impaired judgment, a factor in sexually transmitted diseases, and more.

Policies on alcohol and drugs can be found in the Policies for Students Manual distributed to all

students upon their entrance into the university community. They also can be accessed via the Web at <http://deanofstudents.uncg.edu/policy>.

Services for students experiencing problems with alcohol and other drugs are available through Student Health Services. They include the Medical Clinic (336-334-5340) and Counseling Center (336-334-5874). The School of Education houses the Nicholas A. Vacc Counseling and Consulting Clinic (336-334-5112) which offers a Substance Information Program (SIP) for education and assessment. Educational programs are also provided through the Department of Recreation and Wellness, <http://recwell.uncg.edu/wellness/> (336-334-5924).

Policy on Discriminatory Conduct

The University of North Carolina at Greensboro is committed to the principle that educational and employment decisions should be based on an individual's abilities and qualifications and should not be based on personal characteristics or beliefs that have no relevance to academic ability or to job performance. Accordingly, UNCG supports policies, curricula, and co-curricular activities that encourage understanding of and appreciation for all members of its community. UNCG will not tolerate any harassment of or discrimination against persons. UNCG is committed to equal opportunity in education and employment for all persons and will not tolerate any discrimination against or harassment of persons on the basis of race, color, religion, sex, sexual orientation, gender identity, national origin, political affiliation, genetic information, veteran status, disabling condition, or age. View the entire policy at http://policy.uncg.edu/university-policies/discriminatory_conduct.

Students who believe they have been treated unfairly should contact the Associate Vice Chancellor for Student Affairs at 336-334-5513. Any employee who believes he or she has been treated unfairly based on any of the above characteristics should contact his or her immediate supervisor, or the next level supervisor if the immediate supervisor is the subject of the allegation.

Right-To-Know Statement

Pursuant to the federal Student Right-to-Know Act, UNCG graduation rates may be obtained from the Office of Institutional Research, PO Box 26170, Greensboro, NC 27402-6170, 336-256-0397.

Introduction to UNCG

Chancellor's Welcome

I am delighted to welcome you to the University of North Carolina at Greensboro. A rich academic experience awaits you, punctuated by internship and community service opportunities, study abroad programs, club sports and many, many other activities. Take time to explore your interests, match them with our opportunities, immerse yourself, and be inspired along the way.

At UNCG, student success is our highest priority. Here you will find a dedicated and supportive university community ready to help as you explore intellectual challenges and discover the passions that will propel you toward a meaningful life. Our picturesque campus and the vibrant Greensboro community provide an ideal environment for intellectual and social discovery.

This *Undergraduate Bulletin* will be an invaluable resource as you embark upon your college career. It describes the nature of our academic programs and student support services as well as the policies that govern them. Please take the time to become familiar with this important guide.

I am pleased that you have chosen our university. It's the first choice among many that will shape and distinguish your UNCG experience. I wish you the best.

Sincerely,

A handwritten signature in black ink, reading "Franklin D. Gilliam Jr." in a cursive script.

Franklin D. Gilliam Jr., Ph.D.
Chancellor

In 2014–15, UNCG awarded 2,832 bachelor's, 761 master's, 60 specialist, and 129 doctoral degrees. Doctoral degrees were awarded in Consumer, Apparel, and Retail Studies; Chemistry; Communication Science and Disorders; Counseling; Economics; Education; English; Geography; History; Human Development and Family Studies; Information Systems and Operations Management; Kinesiology; Music; Nursing; Nutrition; Psychology; Public Health.

Faculty

In 2015–16, there were 1005.40 budgeted FTE faculty positions and the student/faculty ratio was 20:1. Fifty-five percent of the full-time faculty was tenured and eighty-one percent held a doctorate or terminal degree in their field. Average 2015-16 AAUP Salaries were \$104,413 for full professors, \$75,733 for associate professors, and \$68,092 for assistant professors.

Enrollment

Fall 2015 resident headcount enrollment was 19,393 (17,365.25 FTE), including 15,951 (14,668 FTE) undergraduates and 3,442 (2,697.29 FTE) graduate students. Ninety-three percent (14,788) of resident undergraduate and eighty-one percent (2,778) of resident graduate students were enrolled on a full-time basis. Sixty-seven percent of resident undergraduate students were female. Thirty-two percent of resident undergraduate students and nineteen percent of resident graduate students were African-American. Thirty-four percent of resident undergraduate students lived in residence halls. Fall 2015 extension headcount was 2,249 (an additional 600 resident

students took extension courses), making the total university student headcount 19,393.

Admissions and Retention

2,994 first-time degree-seeking freshman students and 1,921 first-time degree seeking transfer students enrolled in Fall 2015. Fifty-nine percent of first time, first-year freshman applicants were accepted and forty-five percent of those accepted students enrolled. The average SAT score for enrolled first time freshmen was 1040 (Critical Reading plus Math). The middle fifty percent ranges for SAT scores were 470-560 for Critical Reading, 470-550 for Math, and 440-540 for Writing. The average ACT Composite score for enrolled first time freshmen was 23.0. The middle 50 percent ACT Composite score range was 20-25. Seventy-seven percent of Fall 2013 Freshmen returned in Fall 2015, and fifty-two percent of freshmen who entered in Fall 2009 graduated within six years.

Costs

Annual 2014–15 full-time undergraduate tuition and fees were \$6454 (in-state) and \$21,316 (out-of-state). Room and Board was \$8,090.

Budget

IPEDS revenues and other additions for 2014–15 totaled \$411,451,454 with state appropriations comprising 35.8% (\$147,367,243). Total expenses and deductions amounted to \$374,115,929, of which 37.8% (\$141,396,439) was for instruction, 4.3% (\$16,069,120) was for research and 2.6% (\$9,878,282) was for public service.

Institutional Affiliations

UNCG is a member of the Association of Public and Land-Grant Universities (APLU), the American Association of Colleges and Universities (AACU), and the National Association of Diversity Officers in Higher Education. In athletics, UNCG began NCAA Division IA competition in 1991, and is a member of the Southern Conference.

Academic Programs

The university is organized into two colleges (Arts and Sciences; Visual and Performing Arts) and five professional schools—the Joseph M. Bryan School of Business and Economics; School of Education; School of Health and Human Sciences; Joint School of Nanoscience and Nanoengineering; School of Nursing. Undergraduates have a choice of over 100 areas of study from which to select a major or concentration within a major leading to one of six undergraduate degrees: Bachelor of Arts (B.A.), Bachelor of Fine Arts (B.F.A.), Bachelor of Music (B.M.), Bachelor of Science (B.S.), Bachelor of Science in Nursing (B.S.N.), and Bachelor of Social Work (B.S.W.).

The UNCG Board of Trustees, acting within the framework outlined for UNCG by the University of North Carolina Board of Governors, determines general directions for UNCG's academic programs. Direct

Introduction

responsibility for administering academic programs rests within the various academic units.

The chancellor has the responsibility for the administration of all campus programs, academic and non-academic. The provost coordinates and oversees the graduate and undergraduate academic programs on the UNCG campus.

The university faculty through the Faculty Senate, the Undergraduate Curriculum Committee, and the General Education Council determines the general framework for UNCG undergraduate degree requirements and approves the programs proposed by academic units.

Approximately 2,090 courses offered in more than 4,200 sections are available each semester. In addition, UNCG participates in several inter-institutional agreements, including the Greater Greensboro Consortium (with Bennett College, Elon University, Greensboro College, Guilford Technical Community College, High Point University, and North Carolina Agricultural and Technical State University), the North Carolina Inter-Institutional Agreement (with Duke University, North Carolina Central University, North Carolina State University, the University of North Carolina at Chapel Hill, and the University of North Carolina at Charlotte), and the UNC Inter-Institutional Agreement (with all of the UNC system schools) designed for online courses.

Degree-seeking students may cross-register through the Greater Greensboro Consortium and the North Carolina Inter-Institutional Agreement at no extra cost. Students who register through the UNC Inter-Institutional Agreement will pay the appropriate tuition and fees to the visited campus.

The university also offers four doctoral degrees in 30 areas of study, master's degrees in a wide variety of concentrations, and several post-baccalaureate and post-master's certificates. The *Graduate School Bulletin* describes these programs in complete detail.

Most undergraduate degree programs require 122 semester hours with a minimum of 27 semester hours of work in the major. See the University Requirements and Academic Units sections for complete descriptions of academic programs and university degree requirements.

Many special academic programs are also available for undergraduates. Among these, Teacher Education has a long tradition. Multiple UNCG schools and several departments within the College of Arts and Sciences offer programs leading to teacher licensure in North Carolina and qualification for licensure in most other states. Students may select licensure programs in several subject areas. See School of Education Licensure Programs for complete details.

The Honors Programs, administered by the Lloyd International Honors College, provide opportunities for broad interdisciplinary study, for advanced work in the

major, and independent projects leading to special recognition at graduation.

Special interdepartmental academic programs offer majors and minors in African American Studies, Archaeology, Environmental and Sustainability Studies, Humanities, Integrated Science, International and Global Studies, Social Science, and Women's and Gender Studies.

UNCG's preprofessional programs offer all courses required for admission to medical or dental schools, to pharmacy, veterinary, or physical and occupational therapy schools, or as needed for entrance into law school. A two-year pre-engineering curriculum prepares students to transfer to schools with engineering programs.

Independent study, tutorials, and internships are available in most schools and departments.

Several learning communities and living-learning communities provide unique settings for innovative study and unity of academic and social experiences for students.

Students interested in study abroad for academic credit may select from several opportunities available through summer study, semester abroad, or the junior year abroad program. See Study Abroad for complete descriptions.

The University Community

The following is repinted from <http://www.uncg.edu/inside-uncg/inside-glance.htm>.

The University of North Carolina at Greensboro is a challenging, supportive and engaged community where learning is carried forward to *Do something bigger altogether*. Founded in 1891, UNCG is the largest and most diverse university in the Triad, serving nearly 19,000 students. Standing apart from other universities, the UNCG community is joined together by a shared value: We define excellence not only by the people we attract, but by the meaningful contributions they make.

UNCG's picturesque campus includes more than 30 academic buildings and 30 residence buildings on more than 200 acres. Opportunities for students include approximately 200 student organizations, 17 intercollegiate athletic teams, intramurals, club sports, recreation center, campus golf course, student newspaper, student literary magazine, student radio station, music and choral groups, drama and dance performance groups, concert and lecture series, film series, internships, Outdoor Adventures program, fraternities and sororities, and community service.

The following is repinted from <http://admissions.uncg.edu/discover-greensboro.php>.

UNCG is located in Greensboro, North Carolina's third-largest city. It's about halfway between Atlanta and Washington, D.C. The Blue Ridge Mountains are just a

two-hour drive to the west; the Atlantic Ocean is 3.5 hours to the east.

Greensboro's weather is moderate, with mild winters and spectacular springs and falls. Average snowfall is less than four inches. Summer highs are typically in the 80s and 90s.

The population of Greensboro is 277,000. The Piedmont Triad area (including Greensboro, Winston-Salem, and High Point) is home to 1.6 million people. There are 10 other four-year colleges and universities in the Piedmont Triad.

There is so much to discover in Greensboro—museums, Broadway and local theatre, movies, galleries, coffee bars, concerts in the park, opera, ballet, and the symphony. Students also enjoy the nightlife in downtown Greensboro, where there are dozens of restaurants and nightclubs.

There's no shortage of malls and shopping centers in Greensboro. Retailers such as Belk, Macy's, Barnes & Noble, The Apple Store, Gap, and REI are located at Friendly Shopping Center, just two miles from campus. And restaurants abound in Greensboro, from the major chains to small family-owned eateries.

The city's outstanding parks and recreation system puts the "green" in Greensboro with more than 170 parks, gardens, and facilities. So there are plenty of options—tennis, golf, swimming, biking, volleyball, or simply enjoying the miles of greenways. Greensboro is also home to the largest water park in the Carolinas, Wet 'n Wild Emerald Pointe. For those who prefer winter sports, the Greensboro Ice House is open year-round for skating and hockey.

Greensboro Coliseum, just a mile from campus, is the home court for UNCG's men's basketball team and hosts a variety of sporting events and concerts throughout the year. Baseball fans enjoy watching Greensboro Grasshoppers play in their downtown stadium, and soccer fans cheer for the Carolina Dynamo.

Accreditation

The University of North Carolina at Greensboro is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award bachelor's, master's, specialist's, and doctoral degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, or call 404-679-4500 for questions about the accreditation of the University of North Carolina at Greensboro.

The Commission is to be contacted only if there is evidence that appears to support an institution's significant non-compliance with a requirement or standard. All other inquiries, such as admission requirements, financial aid, educational programs, etc., should be made directly to the

University of North Carolina at Greensboro, 336-334-5000.

The UNCG Vision and Mission Statement

The following is repinted from <http://www.uncg.edu/inside-uncg/mission>.

*Approved by Chancellor Linda P. Brady, October 4, 2012.
Approved by the UNC Board of Governors, October 11, 2012.*

The University of North Carolina at Greensboro will redefine the public research university for the twenty-first century as an inclusive, collaborative, and responsive institution making a difference in the lives of students and the communities it serves.

UNCG is:

- a learner-centered, accessible, and inclusive community fostering intellectual inquiry to prepare students for meaningful lives and engaged citizenship;
- an institution offering classes on campus, off campus, and online for degree-seeking students and life-long learners;
- a research university where collaborative scholarship and creative activity enhance quality of life across the life span;
- a source of innovation and leadership meeting social, economic, and environmental challenges in the Piedmont Triad, North Carolina, and beyond; and
- a global university integrating intercultural and international experiences and perspectives into learning, discovery, and service.

UNCG's Vision for Teaching and Learning

UNCG embraces student learning as its highest priority and provides exemplary learning environments. The university establishes a diverse community of learning in which individual differences are valued and interactions are encouraged in an atmosphere of mutual respect.

The faculty are committed to introducing students to the most important knowledge and research in their disciplines, fostering intellectual depth and breadth, and opening students to new possibilities for understanding themselves and the world. The faculty employ the growing body of knowledge about learning and work continually to evaluate and improve their teaching methods and materials. UNCG views learning as a shared responsibility, and accordingly,

Introduction

- maintains clear, high, and consistent learning goals,
- provides a variety of opportunities which foster intellectual growth,
- empowers individuals to take responsibility for their own learning,
- recognizes and supports diverse learning styles and levels of development,
- incorporates appropriate informational and instructional technologies,
- encourages the integration of knowledge across disciplines, and
- utilizes assessment, evaluation, and feedback to improve teaching and learning.

UNCG expects all students to communicate clearly and to make effective use of technology appropriate to their studies. Students are encouraged to be actively engaged in their education. UNCG graduates should be ready to continue as lifelong learners and to face the challenges that will confront them as responsible citizens of the state, the nation and the world.

Affirmative Action Program

Equality of Opportunity in the University

The following is repinted from
<http://www.northcarolina.edu/apps/policy/index.php?pg=v&id=4408&added=1>.

Admission to, employment by, and promotion in the University of North Carolina and all of its constituent institutions shall be on the basis of merit, and there shall be no unlawful discrimination against any person on the basis of race, color, religion, sex, sexual orientation, gender identity, national origin, age, disability, genetic information, or veteran status. (Chapter 1, Section 103)

UNCG's Statement of Commitment to Equal Opportunity

The following is repinted from
<http://web.uncg.edu/hrs/PolicyManuals/StaffManual/Section1/AAPlan/EOStatement>.

In addition to adherence to the UNCG Policy on Discriminatory Conduct, the university aims to achieve within all areas of employment a diverse faculty and staff capable of providing for excellence in the education of its students and for the enrichment of the total university community. In seeking to fill openings, every effort will be made to recruit in such a way that women and minorities will have an equal opportunity to be considered for and appointed to all vacant positions. All appointments, promotions, and all other personnel

actions, such as compensation, benefits, transfers, training and educational programs, tuition assistance, travel assistance, research grants, support for graduate assistants, social and recreational programs, will be administered without regard to race, color, religion, sex (including pregnancy), gender identity, national origin, political affiliation, sexual orientation, genetic information and age, including sexual harassment, in such manner as is consistent with achieving a staff of diverse and competent persons. Unlawful discrimination, harassment, and retaliation are strictly prohibited.

Overall responsibility for the development and implementation of the University's Affirmative Action Program resides with the chancellor. The Affirmative Action Officer has been given the responsibility to monitor the effectiveness of the University's Affirmation Action Program and to assist in affirmative action policy and planning. This does not diminish in any way the responsibilities of deans, department heads, managers, and supervisors to assist in administering the affirmative action policy and planning through promulgation of information.

The University of North Carolina at Greensboro reaffirms its commitment to equality of opportunity in its relationships with all members of the university community.

Admission to the University

UNCG seeks men and women with ability, character, motivation, and the intellectual potential to meet UNCG standards of performance. UNCG's admission decision is based on an evaluation of the applicant's secondary school record and/or college record, including the overall grade point average, an optional essay for freshman applicants, and SAT or ACT scores. These factors are used to determine the applicant's probability of success at UNCG.

This policy applies to the admission of freshmen and transfer students. The University of North Carolina at Greensboro is committed to equality of educational opportunity and does not discriminate against applicants, students, or employees based on race, color, national origin, religion, sex, age, or disability. This commitment is in keeping with Title IX of the Educational Amendments of 1972 and Section 504, Rehabilitation Act of 1973, the ADA of 1990, and other applicable federal and state laws. The Affirmative Action Officer [UNCG, PO Box 26170, Greensboro, NC 27402-6170; (336-334-5009)] is responsible for coordinating compliance and investigating complaints.

For traditional freshman and transfer applicants, interviews are not used as criteria for admission. Individual appointments for information purposes may be arranged by contacting the Office of Undergraduate Admissions, 336-334-5243, in advance of the date a campus visit is planned.

Adult students who do not meet regular admission requirements may be considered for admission through the Office of Undergraduate Admissions.

Overenrollment or state budgetary constraints may require the restriction of admission during a given year or the adjustment of minimum requirements or application deadlines. Visit the Web site at <http://admissions.uncg.edu> or call the Undergraduate Admissions Office, Armfield-Preyer Admissions & Visitor Center, 336-334-5243, for complete admissions information.

Admission Decision

After all required information is received by the Office of Undergraduate Admissions, applicants are notified by letter of their acceptance, rejection, or other action taken on their applications. International applicants are notified of decisions by the International Programs Center.

Accept Offer of Admission

Students admitted before April 1 for the fall semester must accept the offer of admission by May 1 by confirming

online in their SpartanLink portal. Students admitted after April 1 for the fall semester and all students admitted for the spring semester must accept the offer of admission online within four (4) weeks from the date on their letter of admission. If a student does not confirm intent to enroll, the student's application is subject to cancellation.

Adult Students

UNCG encourages qualified adult students to complete their undergraduate degrees.

Persons who are age 21 or older and have completed high school (or earned an adult high school diploma or GED) may be considered for admission. Persons under 21 years of age must have fulfilled the Secondary School Units Required to be eligible for consideration. Some adult students may be admitted for full-time course work, some may have their hours limited to promote academic success, and some may be advised first to complete preparatory course work elsewhere.

Priority consideration applications (including all required credentials) are due by March 1 for the fall semester or October 1 for the spring semester. The final application deadlines are July 15 (space permitting) for the fall semester or November 15 (space permitting) for the spring semester.

1. Complete the UNCG application form online in the SpartanLink portal (<https://spartanlink.uncg.edu>) and submit with the application fee no later than July 15 for fall or November 15 for spring.
2. Submit official transcripts for the secondary school attended (and GED scores or adult high school diploma, if applicable) and from any post-secondary institution(s) attended, even those granting summer, extension, developmental, and technical credit.

Applicants will be notified of a decision as soon as possible. Admitted students should confirm their intention to enroll by confirming online in the SpartanLink portal within four weeks from the date of acceptance, if possible. Confirmation of late acceptance must be made by the registration deadline. Before enrolling, students must complete all steps to enrollment (found in the UNCG Enrollment Checklist in the SpartanLink portal).

Auditors

Auditing a course is the privilege of being present in the classroom when space is available. No credit is involved, no examinations are required, and no grades are reported.

Attendance, preparation, and participation in classroom discussion and activities are at the discretion of the department and the instructor. Registration for audited courses begins the first day of classes for a given semester and ends on the last day of late registration.

Auditors Requiring a Record of Enrollment

Current UNCG Students

A currently enrolled UNCG student may audit a course upon the written approval of the instructor and must register officially for the course. A full-time UNCG undergraduate student (registered for 12 or more hours) may audit one course per semester without an additional fee. A part-time UNCG undergraduate student (registered for fewer than 12 hours) may audit no more than two courses per semester and is charged a \$15.00 fee for each audited course.

Persons Not Enrolled at UNCG

Persons not currently enrolled at UNCG who require a record of enrollment in a course as an auditor must follow regular admission procedures through the University Registrar's Office or the Graduate School. A fee equal to in-state or out-of-state tuition rates is charged for each course audited.

Registration for audited courses begins the first day of classes for any given semester and ends on the last day of late registration. Fees are payable in full at the time of enrollment.

Continual Learning Visiting Auditors (Persons Not Requiring a Record of Enrollment)

A person not currently enrolled at UNCG who desires to audit a course and who does not require a record of enrollment should secure a Visiting Auditor form from the Division of Continual Learning, Becher-Weaver Building, 915 Northridge Street, 336-315-7044 or 1-866-334-CALL. Only Visiting Auditors should apply through the Division of Continual Learning; all others must follow regular admission and registration procedures (see previous information).

A Visiting Auditor may audit courses for a fee of \$125.

Only courses approved by academic departments are open to auditors. To audit a 600- or 700-level course, a visiting auditor must hold a bachelor's degree. Visiting auditors are permitted in lecture courses when space is available with the written approval of the department head or the instructor teaching the course. Persons may register as visiting auditors beginning the first day of classes for any given semester.

Division of Continual Learning

The Division of Continual Learning offers credit and non-credit programs that extend its academic resources to meet professional and personal learning needs of individuals.

These programs may be offered on campus, off campus, or online, and include regular university credit courses, short courses, and events. Persons need not be admitted to UNCG in order to register for some of these courses but must meet course prerequisites. Students wishing to include this work in their degree programs should consult their advisors.

Registration for these courses is handled by the Division of Continual Learning, Becher-Weaver Building, 915 Northridge Street. For information access the DCL Web page or call 336-315-7044 (toll free 1-866-334-CALL).

Former UNCG Students

The following individuals must reapply for admission to UNCG by the posted deadline for the semester or summer term for which they wish to return:

- a former student who has been suspended or dismissed* for academic or disciplinary reasons,
- a former student who has not been enrolled for two consecutive terms (excluding summer), and
- a graduate of UNCG.

Readmission of former students is not automatic and students must meet prevailing admissions standards to be eligible to return to UNCG. This policy only applies to undergraduate degree seeking students.

***Former UNCG students who left on academic dismissal** must also petition the university to return by submitting an Academic Dismissal Appeal. Contact the Students First Office, 061 McIver Bldg., 336-334-5730, for more information on the appeal process. Formerly dismissed students who successfully petition to return must agree to participate in a program sponsored by the Students First Office during their first semester upon return. Failure to meet the conditions of this program will result in immediate dismissal from the term. Formerly dismissed students who are readmitted will be notified about the details of this program when their appeal is approved. Former students may not return during a summer term.

The Office of Undergraduate Admissions reserves the right to request additional information regarding an applicant's activities and responses to questions required by the UNC system. If additional information cannot be collected prior to the above deadlines, the application may be denied and the student will need to reapply for future terms. **For this reason, we encourage applicants to submit all required materials well in advance of the posted deadline.**

Freshmen

A freshman is defined as a first-time undergraduate who is a degree-seeking student with no prior post-secondary experience (after high school). Summer is not considered a degree-seeking term.

Application Procedures for Freshmen

1. Complete the UNCG application online (<https://spartanlink.uncg.edu>), including essay. A \$55 application fee must accompany the application. This fee covers the cost of processing the application and is subject to change; it is not refundable and is not applicable toward tuition or other costs. The application deadline for priority consideration for freshman admission is December 1, and March 1 is the official deadline. Applications received after March 1 will be considered on a space-available basis.
2. Submit an official transcript of secondary school work. Applicants must request that their school counselors forward their transcripts, including courses in progress, weighted cumulative grade point average on a 4.0 scale, and rank in class, directly to the Office of Undergraduate Admissions. Students currently enrolled in secondary school should request that the courses in progress and cumulative grade point average be listed on the transcripts.
3. Take the SAT administered by The College Board or the ACT Assessment. If possible, this test should be taken in the spring of the junior year and in the fall of the senior year of secondary school. **It is recommended that test scores be sent directly from The College Board or from the ACT Assessment Program to the Office of Undergraduate Admissions.** For information about the SAT, visit the ETS Website at www.ets.org. You may also write or call The College Board SAT Program, Princeton, NJ 08541, 866-756-7346. UNCG's College Board code number is 5913. For information about the ACT, you may visit the ACT Web site at www.act.org. You may also write or call ACT, PO Box 168, Iowa City, IA 52243, 319-337-1000. UNCG's ACT code number is 3166.
4. The Office of Undergraduate Admissions reserves the right to request additional information regarding an applicant's activities and responses to questions required by the UNC system. If additional information cannot be collected prior to the above deadlines, the application may be denied and the student will need to reapply for future terms. **For this reason, we encourage applicants to submit all required materials well in advance of the posted deadline.**

Some majors and programs have additional admission requirements noted in the program information in this *Bulletin*.

Early Graduates

Students who plan to complete high school in fewer than four years with the intention of enrolling at UNCG are considered on a case by case basis. To determine if you are eligible to enroll as an early high school graduate, please contact the Office of Undergraduate Admissions at 336-334-5243. In addition, early high school graduates must meet the following criteria to be considered for admission:

- Submit the UNCG application forms and application fee prior to the deadline.
- Submit a final high school transcript with an official graduation date that is prior to the intended enrollment date at UNCG.
- Satisfy the minimum course requirements prior to graduation.
- Submit official SAT or ACT scores.

Please note that students who enroll as early graduates are not eligible to be considered for UNCG scholarships.

Secondary School Preparation

Candidates for admission to the freshman class must submit a secondary school diploma (or its equivalent) and at least 15 acceptable units of credit from an accredited secondary school. (A unit is defined as credit given for a course which meets for one period daily during the entire school year or its equivalent.) **Students must present the required Secondary School Units.**

It is recommended that prospective students take one foreign language unit and one mathematics unit in the 12th grade.

Graduate Students

Students interested in working toward a graduate degree or students who hold a bachelor's degree and wish to continue their general education should consult the *Graduate Bulletin* or contact the Graduate School Office, 241 Mossman Building, 336-334-5596, for admission information. The *Graduate Bulletin* is available on the Graduate School Web site at <http://grs.uncg.edu>.

Immunization Clearance

Students who have been admitted to UNCG are required by North Carolina State law to submit an immunization form with appropriate verification of immunizations. This form is supplied by the admitting office and must be satisfactorily completed and returned to Gove Student Health Center.

Failure to comply with this requirement within thirty calendar days from the first day of registration may

result in the student's being administratively withdrawn from the university.

For detailed information see
<http://www.uncg.edu/shs/clinic/immunization>.

Students subjected to an administrative withdrawal for failure to comply with medical clearance requirements are entitled to a refund, subject to the guidelines of the Refund Policy.

Inter-Institutional Registration

Students taking courses through an inter-institutional agreement must meet the standards for participation in the program as set by their home institution and must follow the rules and policies of both campuses.

Greater Greensboro Consortium and/or North Carolina Inter-Institutional Agreement

A student attending a college or university through the Greater Greensboro Consortium (Bennett College, Elon University, Greensboro College, Guilford College, High Point University, Guilford Technical Community College, and North Carolina Agricultural and Technical State University) or through the North Carolina Inter-Institutional Agreement (with Duke University, North Carolina Central University, North Carolina State University, the University of North Carolina at Chapel Hill, and the University of North Carolina at Charlotte) is not classified as a visiting student at UNCG and does not go through the admissions process for the fall or spring semesters. Students wishing to register for regular—or main campus—courses at UNCG through the Greater Greensboro Consortium or the North Carolina Inter-Institutional Agreement should contact the registrar of their home institutions. For Summer Session, the Greater Greensboro Consortium is in effect only with North Carolina Agricultural and Technical State University.

UNCG students wishing to take courses at one of the consortium institutions should request a consortium form from the University Registrar's Office, 180 Mossman Building, 336-315-7044.

Students attending other schools participating in the Greater Greensboro Consortium or the North Carolina Inter-Institutional Agreement who are interested in taking courses in the UNCG Summer Session should request a Summer Session Bulletin from the Division of Continual Learning (336-334-5414) and submit the application form found in that publication.

Students who wish to register for courses at UNCG and who are not enrolled at another UNC system school must answer campus safety questions, per UNC Policy 700.5.1[R]. Students may be required to submit to a criminal background check, based on their answers to the campus safety questions.

UNC Online Inter-Institutional Agreement

A student interested in taking an online course through one of the UNC system schools may consult The University of North Carolina Online Web site, <http://online.northcarolina.edu/subjectlistc.php>, for a list of available courses. Registration requests also may be made through this Web site.

International Credentials

For the purpose of admission, UNCG defines "international applicant" as a foreign national who holds, or who intends to hold, a temporary, non-immigrant visa/status in the U.S.A, this includes applicants under a temporary protected status (TPS) International students apply through the International Programs Center.

For additional information please contact the Director of International Admissions at 336-334-5404.

Applicants who are U.S. citizens, U.S. nationals, U.S. permanent residents, pending permanent residents, political asylees or refugees, undocumented students, and applicants under Defer Action status are considered "domestic" applicants and should apply through the Office of Undergraduate Admissions. For additional information please contact the Office of Undergraduate Admissions at 336-334-5243.

International athletic applicants must be approved for admission by both the International Programs Center and the Office of Undergraduate Admissions.

INTERNATIONAL STUDENT ADMISSIONS

International students may apply to UNCG for the fall (August) or spring (January) semester. The fall semester deadline for applicants is July 1. The deadline for the spring semester is December 1. Applicants may apply online or download a printable version of the International Admission Application Form from www.uncg.edu/ipg/undergradapplicationprocedures.html or send an email request to ipc_adm@uncg.edu.

Admission is based on courses taken, grades achieved in secondary and post-secondary institutions, and English proficiency test results for non-native English speakers. Freshman international athletes also must submit SAT results.

First-Time Freshman International Admissions Criteria

International applicants to UNCG are required to submit the following:

- **Complete International Admission Application.** Undergraduate International Admission Application Form (online or paper version) is at www.uncg.edu/ipg/undergradapplicationprocedures.

- Results of the Test of English as a Foreign Language (TOEFL) or other acceptable test (see below for list of tests). Scores must be sent directly to UNCG from testing agency. Required for applicants whose native language is not English.
- Original or certified copies of all OFFICIAL secondary records, including certificates, degrees, or diplomas in original language of issue. Do not fax academic records. Applicants who have studied in the U.S. are required to have the institution(s) in the U.S. send the transcript(s) directly to UNCG.
- Official English translations of all academic records including certificates, degrees, or diplomas. Send OFFICIAL transcript(s) directly to UNCG.

English Language Proficiency

Applicants whose first language is not English are required to prove English proficiency by one of the following means and/or in conjunction with U.S.-based secondary education system, if fewer than three years have been spent in the U.S. system:

- TOEFL—Test of English as a Foreign Language with a minimum Paper-Based score of 550 or a minimum Internet Based score of 79*.
- IELTS—International English Language Test System with a score of 6.5 or higher.
- MELAB (Michigan English Language Battery) test result of 76 or higher.
- SAT—Scholastic Aptitude Test with a Critical Reading (verbal) score of 400 or higher.
- Successful completion of a college transferable English course (minimum requirement: grade of B or better). Must be taken at a regionally-accredited U.S. college.
- Successful completion of the INTERLINK Language Program at UNCG.

**This score can be scaled based on standard errors of measurement as defined by the testing service.*

UNCG Intensive English Language and Conditional Admissions

An intensive English program is offered through the INTERLINK Language Center. IPC works closely with INTERLINK to offer conditional admission to academically eligible students who first will attend INTERLINK. Students who successfully complete all INTERLINK levels, or achieve an acceptable English

language proficiency test score, are eligible to apply for full admission to the university.

Transfer Student International Admissions Criteria

Transfer applicants must request official transcripts from high school and each post-secondary institution attended. International and U.S. transcripts and the official translations must be sent to the Office of International Programs.

You are required to submit all transfer records whether or not you wish to receive credit. Concealing attendance at an educational institution is considered an offense by the University and can be grounds for academic dismissal.

International transfer applicants to UNCG are required to submit the following:

- **Complete International Admission Application.** Undergraduate International Admission Application Form (online or paper version) is at www.uncg.edu/ipg/undergradapplicationprocedures.html or e-mail ipc_adm@uncg.edu. Please read instructions carefully and complete all sections.
- A \$55.00 (U.S. currency) non-refundable processing fee payable to UNCG must accompany your application.
- Results of the Test of English as a Foreign Language (TOEFL) or other acceptable test (see below for list of tests). Scores must be sent directly to UNCG from testing agency. Required for applicants whose native language is not English.
- Certified copies of all OFFICIAL secondary and post-secondary records including certificates, degrees, or diplomas in original language of issue. Do not fax academic records. Applicants who have studied in the U.S. are required to have the institution(s) in the U.S. send the transcript(s) directly to UNCG.
- Official English translations of all academic records including certificates, degrees, or diplomas. Do not fax translations. Send OFFICIAL transcript(s) directly to UNCG.

English Language Proficiency

Applicants whose first language is not English are required to prove English proficiency by one of the following means and/or in conjunction with U.S.-based secondary education system, if fewer than three years have been spent in the U.S. system:

- TOEFL—Test of English as a Foreign Language with a minimum Paper-Based score of 550 or a minimum Internet Based score of 79*.
- IELTS—International English Language Test System with a score of 6.5 or higher.

Admissions

- MELAB (Michigan English Language Battery) test result of 76 or higher.
- SAT—Scholastic Aptitude Test with a verbal score of 400 or higher.
- Successful completion of a college transferable English course (minimum requirement: grade of B or better). Must be taken at a regionally-accredited U.S. college.
- Successful completion of the INTERLINK Language Program at UNCG.

**This score can be scaled based on standard errors of measurement as defined by the testing service.*

Please have all scores sent to UNCG directly from testing agency.

UNCG Intensive English Language and Conditional Admissions:

An intensive English program is offered through the INTERLINK Language Center. IPC works closely with INTERLINK to offer conditional admission to academically eligible students who first will attend INTERLINK. Students who successfully complete all INTERLINK levels, or achieve an acceptable English language proficiency test score, are eligible to apply for full admission to the university.

Second-degree International Admissions Criteria

Applicants must submit official transcripts from all colleges/universities attended in the native language with official English translations. Review of the college/university transcripts will determine second-degree eligibility. Other requirements and procedures are the same as for international transfer students.

NOTE: Students who have taken advanced examinations in high school, such as British A-levels, the German Abitur, or the French Baccalaureate, etc., may be eligible to receive university course credits. Please contact IPC for details. Students who have taken the International Baccalaureate Higher Level Examinations also may be awarded university course credits. IB test scores must be sent to UNCG to assign the appropriate number of credit hours.

DOMESTIC APPLICANTS WITH INTERNATIONAL CREDENTIALS

Applicants who are U.S. citizens, U.S. nationals, U.S. permanent residents, pending permanent residents, political asylees, undocumented students, or refugees are considered as “domestic” applicants and should apply through the **Office of Undergraduate Admissions**. Applicants under a temporary protected status (TPS) must apply through International Programs. For additional information please

contact the Office of Undergraduate Admissions at 336-334-5243.

International athletic applicants must be approved for admission by both the International Programs Center and the Office of Undergraduate Admissions.

Application Procedures for Domestic Freshmen with any International Credentials

1. Complete the UNCG application forms. A \$55 application fee must accompany the application. This fee covers the cost of processing the application and is subject to change; it is not refundable and is not applicable toward tuition or other costs. The application deadline is March 1. Applications received after that date will be considered on a space available basis.
2. Submit certified copies of all official secondary records including certificates, degrees, or diplomas in original language of issue and a certified English translation. Official records must be sent directly to the Office of Undergraduate Admissions. Applicants who have studied in the U.S. must request that their school counselors forward their transcripts directly to the Office of Undergraduate Admissions.
3. Students with any international college or university credentials must submit detailed or course-by-course transcript evaluations from a company recognized by NACES or from AACRAO by the March 1 deadline in order for an admission decision to be made. Please visit www.naces.org or www.aacrao.org to obtain a list of qualified evaluation services.

- MELAB (Michigan English Language Battery) test result of 80 or higher.
- SAT—Scholastic Aptitude Test with a verbal score of 400 or higher.
- Successful completion of a college transferable English course (minimum requirement: grade of C or better).
- Successful completion of the INTERLINK Language Program at UNCG.

Please have all scores sent to UNCG directly from the testing agency.

Application Procedures for Domestic Transfer Students with any International Credentials

1. Complete the UNCG application forms. A \$55 application fee must accompany the application. This fee covers the cost of processing the application and is subject to change; it is not refundable and is not applicable toward tuition or other costs. For transfer students, the priority deadline for submitting the application and all credentials is March 1 for fall and October 1 for the spring semester. Final deadlines for transfer applicants are July 15 for fall and November 15 for spring (space permitting).
2. Submit certified copies of all official secondary records including certificates, degrees, or diplomas in original language of issue and a certified English translation. Official records must be sent directly to the Office of Undergraduate Admissions. Applicants who have studied in the U.S. must request that their high school counselors forward their transcripts directly to the Office of Undergraduate Admissions.
3. Submit certified copies of all post-secondary records including certificates, degrees or diplomas in original language of issue. Official records must be sent directly to the Office of Undergraduate Admissions.

Applicants who have studied in the U.S. are required to submit official transcripts from each postsecondary institution previously attended (including summer school and extension). Official transcripts must be sent directly to the Office of Undergraduate Admissions.

4. All postsecondary academic records obtained outside of the U.S. must be evaluated by a company recognized by NACES or from AACRAO prior to the application deadline in order for an admission decision to be made. Please visit www.naces.org or www.aacrao.org to obtain a list of qualified evaluation services. All secondary records must have a certified English translation.

Course descriptions and/or course syllabi must be submitted to the Transfer Articulation Division of the University Registrar's Office. Course descriptions and/or course syllabi must be in English and translated by an accredited translation service or by appropriate UNCG faculty.

English Language Proficiency

Applicants whose first language is not English are required to prove English proficiency by one of the following means:

- TOEFL—Test of English as a Foreign Language with a minimum Paper-Based score of 550 or a minimum Internet Based score of 79.
- IELTS—International English Language Test System with a score of 6.5 or higher.

- MELAB (Michigan English Language Battery) test result of 80 or higher.
- SAT—Scholastic Aptitude Test with a verbal score of 400 or higher.
- Successful completion of a college transferable English course (minimum requirement: grade of C or better).
- Successful completion of the INTERLINK Language Program at UNCG.

Please have all scores sent to UNCG directly from the testing agency.

Non-Degree Seeking Students

Non-degree seeking registration for unrestricted courses is available at the beginning of each semester for undergraduate-level adults who wish to take a course(s) for personal enrichment or professional development through the Division of Continual Learning. The non-degree seeking registration process is not intended for UNCG students who are already admitted to degree programs or who are returning to UNCG.

Students who have earned a baccalaureate degree must register through the Visions program. Please refer to the *Graduate School Bulletin* for information on the Visions program for visiting and non-degree seeking students.

Non-degree seeking students are not eligible for any kind of university financial aid. Like all UNCG students, non-degree seeking students are subject to Immunization Clearance requirements and will be held to the same Academic Standing Policy.

Information about non-degree seeking registration may be obtained from the Division of Continual Learning (336-315-7044) or the Graduate School (336-334-5596) for Visions.

Registering for courses as a non-degree seeking student does not constitute admission to UNCG or any of its programs. Students seeking admission to a degree program should file a formal application through the Office of Undergraduate Admissions or the Graduate School.

Part-Time Degree Students

Students who plan to enroll on a part-time basis and who wish to work toward a degree are considered “part-time degree students” and should follow the standard admissions procedures. Part-time students are those who enroll in fewer than 12 semester hours. Tuition and fees are determined by the number of semester hours taken and by in-state or out-of-state residency.

Reserve Officers' Training Corps (ROTC)

The United States Air Force and Army Reserve Officers' Training Corps programs are available to UNCG students at North Carolina Agricultural and Technical State University (in Greensboro). As a member of the Greater Greensboro Consortium, UNCG offers students these opportunities for leadership training and a commission in the Army or Air Force through cross-registration.

The university will grant credit for ROTC courses taken at N.C. A&T. UNCG students will be awarded elective credit and quality points for ROTC courses completed at A&T through the Consortium.

Second Baccalaureate Degree Students

An applicant who holds a baccalaureate degree from a regionally accredited institution and who wishes to take undergraduate work toward a second baccalaureate degree in a different field should follow the instructions below:

1. Complete the application form online (<https://spartanlink.uncg.edu>) and submit with the application fee. Priority consideration applications (including all required credentials) are due by March 1 for the fall semester or October 1 for the spring semester. The final application deadlines are July 15 (space permitting) for the fall semester or November 15 (space permitting) for the spring semester.
2. Submit official transcripts from each postsecondary institution previously attended (including summer school and extension) by the above deadlines.
3. An application fee, currently \$55, not refundable and not applicable toward tuition and other costs.
4. The Office of Undergraduate Admissions reserves the right to request additional information regarding an applicant's activities and responses to questions required by the UNC system. If additional information cannot be collected prior to the above deadlines, the application may be denied and the student will need to reapply for future terms. **For this reason, we encourage applicants to submit all required materials well in advance of the posted deadline.**

An applicant holding a baccalaureate degree and taking work for credit for other purposes must apply through the Graduate School.

Exception I: second-degree applicants to Preprofessional Programs, including the Pre-Medical Program, should apply through the Office of Undergraduate Admissions.

Exception II: All students seeking Standard Professional I Licensure in the same major as their degree should contact the School of Education Office of Student Services at 336-334-3410.

Secondary School Units Required

(minimum course requirements)

English(emphasizing grammar, composition, and literature)	4
Foreign Language(2 units of one foreign language)	2
Mathematics(Algebra I, Algebra II, Geometry, one advanced course beyond Algebra II*)	4
Science (including at least 1 unit in life or biological science , at least 1 unit in physical science , at least one laboratory course)	3
Social Science(1 unit in US history; 1 unit in history, economics, sociology, or civics)	2
Total Required Units	15

**Please contact the Office of Undergraduate Admissions for an approved list of courses that satisfy the fourth mathematics requirement.*

Summer Session

Currently enrolled UNCG students who are continuing their studies at UNCG should register for summer courses in November, at the same time they register for spring classes.

New or visiting students planning to attend Summer Session at UNCG must complete the Summer Student Information Form. Summer Session courses and the information form may be obtained in mid-October by accessing the Summer Session Web page, or by contacting the Division of Continual Learning (336-315-7044).

Permission to register for Summer Session does not constitute admission to the university nor any of its programs for fall or spring semesters.

Transfer Credit

Transfer Articulation Services

Located in the Office of Undergraduate Admissions, this unit enters transfer credit course work into the student's official record. Also, in association with university faculty, this unit is responsible for determining how postsecondary-level courses and credits transfer to UNCG, applying admission-level transfer credit regulations, and enforcing the provisions of the North Carolina Comprehensive Articulation Agreement. Students with questions about transfer credit are encouraged to contact Transfer Articulation Services at transfercredit@uncg.edu.

Transfer equivalencies for courses that have been accepted for credit from other institutions, in-state and out-of-state, can be found on UNCG's Transfer Evaluation System located at the following website:
<https://transfer.uncg.edu/TES>

The Transfer Articulation staff encourages all students who have accepted admission to the university to check the status of their transfer credit by reviewing their degree audit report regularly. Beyond admission to UNCG, Transfer Articulation staff will also evaluate and approve certain courses from other institutions to transfer to UNCG for currently enrolled students. Students who are considering enrolling at another institution during the summer or for a distance learning opportunity are encouraged to contact the staff to seek a preliminary evaluation.

TRANSFER CREDIT POLICIES AND LIMITS

Regional Accreditation

UNC Greensboro is accredited by the Southern Association of Colleges and Schools Commission on Colleges. The primary service area for the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) includes Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas, and Virginia. SACSCOC does accept applications from international institutions that can meet its accreditation standards. The accreditation standards of this Commission require member institutions to analyze credit accepted for transfer in terms of level, content, quality, comparability, and degree program relevance; therefore, course credit for undergraduate degree-seeking students that originates from other SACSCOC member institutions can be readily evaluated by Transfer Articulation Services.

These requirements are consistent with other regional accrediting agencies that service other geographic areas. UNC Greensboro recognizes the accreditation standards of all regional agencies; course credit originating from any regionally accredited institution for undergraduate degree-

seeking students can be readily evaluated by Transfer Articulation Services.

Non-Regionally-Accredited Institutions

Applicants from post-secondary institutions that are not accredited by regional agencies must meet the requirements in effect for admission to the freshman class, including satisfactory secondary school records and SAT scores, as well as meet the transfer requirements of a 2.0 GPA on a 4.0 scale.

Validating Examinations

Some departments at UNCG require an examination to validate transfer credit. These examinations are administered by the department or school involved.

Professional School Admissions

Admission to the university does not constitute selection into any of the professional schools.

Minimum Transferable Grade

Transfer credit to be awarded is determined by the quality and quantity of the student's previous college work. Course work completed with a grade of C-, D+, D, or D- will not transfer. Transfer courses are evaluated on a course-by-course basis.

Transfer Credit Limit

The sum total of transfer credit from two-year college(s), that may be applied toward an undergraduate degree may not exceed 64 semester hours.

Repeated Courses

The university's Repeated Course Policy applies to transfer credit. In the case of duplicate transfer credit, only the first instance in which credit can be awarded will remain on the UNCG academic record.

PROGRAMS AND ARTICULATION AGREEMENTS

Comprehensive Articulation Agreement

The North Carolina General Assembly, the Board of Governors of the University of North Carolina, and the State Board of Community Colleges are committed to the simplification of transfer of credits for students and thus facilitating their educational progress as they pursue associate or baccalaureate degrees within and among public post-secondary institutions in North Carolina. The Comprehensive Articulation Agreement (CAA) is a statewide agreement governing the transfer of credits between NC community colleges and public universities in North Carolina, and has as its objective the smooth transfer of students, providing certain assurances to the transferring student by identifying community college courses that are appropriate for transfer as electives, and specifying courses

Admissions

that will satisfy pre-major and general education requirements.

The CAA establishes the procedures governing the transfer of credits for students who transfer from a North Carolina Community College to a constituent institution of the University of North Carolina. To be eligible for the transfer of credits under the CAA, the student must graduate from the community college with an Associate in Arts (AA) or Associate in Science (AS) degree and have an overall Grade Point Average (GPA) of at least 2.0 on a 4.0 scale and a grade of "C" or better in all CAA courses. Students who do not complete the degree are eligible to transfer credits on a course-by-course basis. Students officially enrolled in an AA or AS program at a North Carolina community college prior to Fall Semester 2014 are subject to the conditions and protections contained in the CAA in place at the time of their initial enrollment as long as they have remained continuously enrolled.

Community college graduates of the Associate in Arts or Associate in Science degree programs who have earned 60 semester hours in approved transfer courses with a grade of "C" or better will receive at least 60 semester hours of academic credit upon admission to UNC Greensboro. A student who completes the Associate in Arts or Associate in Science degree prior to transfer to UNC Greensboro will have fulfilled the university's lower-division general education requirements, but not intermediate-level general education requirements like the College of Arts and Sciences' foreign language requirement. Also, due to degree requirements in some majors, additional lower-division courses at UNC Greensboro may be required beyond the general education courses and pre-major courses taken at the community college.

Reverse Transfer Program

This program awards an associate degree to students who previously attended a NC community college and earned at least 16 community college course credits. Student will earn their associate degree while completing courses for a baccalaureate degree at the four year institution. There is no cost to participate in the Reverse Transfer program. Students should contact their community college for fees related to printed diplomas and participating in graduation ceremonies.

Students who transfer to a North Carolina university from one of the 58 North Carolina community colleges are given the opportunity to combine the credits earned at the university with credit already earned at the community college to determine if the associate degree requirements have been met.

Students with fewer than 16 credits may receive notification about the program after logging into UNCGenie. UNC-GA and community colleges will determine student eligibility for the program. Students are responsible for opting in and the community college

evaluates transcripts and awards associates degrees. The awarding of the associates degree will vary according to how many credits the student has earned.

Please see the official Frequently Asked Questions (FAQs) for eligibility and answers to all questions:
www.northcarolina.edu/reversetransfer.

Students who participate in North Carolina's Reverse Transfer Program and earn an Associate of Arts or Associate of Science will satisfy the university's lower-level General Education Core (GEC) requirements per the Comprehensive Articulation Agreement. Requirements that are not met within this program are:

- intermediate-level General Education Core courses
- Writing/Speaking Intensive within the major

UNCG academic advisors can guide your completion of university degree requirements, not the degree requirements for other colleges. Participating students assume responsibility to understand and meet final associate degree requirements.

2Plus Programs

The 2Plus program is for those North Carolina community college graduates who hold a specific Associate in Applied Science (A.A.S.) or Associate Degree in Nursing (A.D.N.) degree and desire to transfer into UNCG with advanced standing, pursuing a specific UNCG major. Articulation notices are sent to North Carolina community colleges listing the 2Plus admission requirements. Specific details of each notice may be obtained from the UNCG Office of Undergraduate Admissions or the community college involved.

2Plus Articulation students are transfer students with several unique requirements and procedures. Details governing their enrollment are provided for in the articulation notices. The decision for admission is based on successful completion of the A.A.S./A.D.N. Degree and other specific factors outlined in the 2Plus articulation notice. Students admitted under the 2Plus agreement must notify Office of Undergraduate Admissions to change their major. A change in major may result in a change in the student's admissibility.

No combination of 2Plus and community college transfer credit may exceed 64 semester hours.

More details about 2Plus admission requirements are available at the 2Plus website:
<http://admissions.uncg.edu/students-2plus.php>.

RN to BSN Articulation Agreement

This uniform, statewide academic progression agreement promotes education advancement opportunities for registered nurses moving between North Carolina community colleges and UNC Greensboro in order to complete BSN degrees. Specific details of the notice may

be obtained from the UNC Greensboro Office of Undergraduate Admissions or the School of Nursing which include general education and nursing prerequisite courses. Students who follow the progression degree plan will meet entrance requirements to UNC Greensboro's RN to BSN programs.

Eligibility for the Uniform Articulation Agreement

A potential student must:

- enter a NC Community College Nursing program on or after Fall Semester, 2015.

- earn an Associate Degree in Nursing at a NC Community College with a GPA of at least 2.0.
- earn a grade of C or better in all courses included in the first three blocks of the progression plan.
- be licensed as an RN prior to applying to the RN to BSN program.

For more details of the agreement's progression plan, please reference the UNCG School of Nursing website: http://nursing.uncg.edu/undergraduate/uniform_articulation_agreement.php

NC School of Science & Math Articulation Agreement

In addition to examination programs, UNC Greensboro has an established articulation agreement with North Carolina School of Science and Mathematics (NCSSM) since 2010. NCSSM is the only secondary school in the UNC System. Students will be granted credit based on the course equivalencies and related requirements listed below. Students will be granted credit only, grades earned at NCSSM are not factored into a UNCG's student grade point average.

It is required that students earn a grade of B or higher in all the NCSSM courses listed below, grades of B- or lower are not acceptable. Moreover, most NCSSM courses listed are part of a sequential program. A grade of a B or higher must be earned in all courses within the sequence to receive transfer credit.

SECONDARY SCHOOL COURSE CREDIT AND ADVANCED PLACEMENT

Transfer credit or exemption from specific degree requirements may be earned by meeting university established minimum scores in recognized examination programs such as AP, IB, or SAT Subject Exams. Students should contact their secondary school counselors regarding dates and local test centers.

Cambridge International Examinations

Cambridge International A and AS Level course credit (and/or higher placement) may be awarded after evaluations of documentation. Please contact the International Programs Center or Transfer Articulation Services for further information.

College Board Advanced Placement (AP) Program

Secondary school students enrolled in AP courses may receive college credit by taking AP examinations upon completion of the courses. Official score reports should be submitted with the application. AP exam scores reported on other transcripts will not be evaluated for transfer credit. Please visit the College Board's AP Score Reporting Services website to order scores to be sent to UNC Greensboro: <https://apscore.collegeboard.org/scores/score-reporting>.

Please refer to the following website for a complete list of transfer credit awarded at UNC Greensboro for Advanced Placement exams: <https://transfer.uncg.edu/TES/AP>

College Board SAT: Subject Tests

Those who have strong academic preparation are encouraged to take one or more of the exams listed below. Examination dates are available in secondary school counseling centers or by writing to College Board SAT Program, Princeton, NJ 08541, phone number 609-771-7600. You may also visit the ETS website at <http://www.ets.org>.

College Board SAT: Writing Exam

Exemption from ENG 101 will be based on a score of 650 or above on the SAT Writing Exam. Questions about these exemptions appearing on a student's degree evaluation should be directed to the Students First Office.

International Baccalaureate (IB) Program

Secondary school students enrolled in International Baccalaureate courses may receive college credit by taking IB examinations. Official score reports should be submitted with the application. IB exam scores reported on other transcripts will not be evaluated for transfer credit. Students should request that their test scores be sent to UNCG. Please visit the International Baccalaureate website for steps to order scores be sent to UNC Greensboro: www.ibo.org/programmes/diploma-programme/assessment-and-exams/requesting-transcripts.

Please refer to the following website for a complete list of transfer credit awarded at UNC Greensboro for IB exams: <https://transfer.uncg.edu/TES/IB>.

CREDIT FOR MILITARY TRAINING AND PRIOR LEARNING ASSESSMENT

Military Course Credit

Elective credit for military training may be awarded where UNC Greensboro has comparable courses and upon receipt of an official transcript from the Community College of the Air Force or a Joint Services Transcript.

DSST Exams

The DSST Credit-by-Exam program offers students the opportunity to use their knowledge acquired outside of the classroom (perhaps from reading, on-the-job training, or independent study) to accomplish their educational goals. While the exams are funded for active-duty military, DSST exams are not just for those in the military. Adult learners, homeschooled students, and military veterans are also eligible to earn college credits through DSST. Students can visit their website to review offered exams, test preparation, and locate a test center: www.getcollegecredit.com.

Please refer to the following website for a complete list of transfer credit awarded at UNC Greensboro for DSST exams: <https://transfer.uncg.edu/TES/DSST>.

College Level Examination Program (Subject Examinations Only)

The College Board offers these examinations at permanent test centers throughout the United States. Test center information can be obtained from secondary school counselors or by writing to C.L.E.P., Box 6600, Princeton, NJ 08541. The test is designed for persons who have done college-level work outside college and can successfully

demonstrate what they know. Students can visit their website to review offered exams, test preparation, and locate a test center: <https://clep.collegeboard.org>.

Please refer to the following website for a complete list of transfer credit awarded at UNC Greensboro for CLEP subject exams: <https://transfer.uncg.edu/TES/CLEP>.

Transfer Students

A transfer student is defined as an undergraduate who has attended another postsecondary institution after graduating from high school. Well-qualified students with 24 transferable semester hours or more of college credit from a regionally accredited institution are encouraged to transfer to UNCG to continue their studies.

Requirements and Procedures

For consideration as a transfer, students must have at least a minimum 2.0 GPA on a 4.0 scale on all previous work attempted and on all transferable course work from a regionally accredited college or university. Grade point averages are recalculated by UNCG to determine admissibility. Transfer students must be in good standing and eligible to return to their last attended undergraduate, graduate, or professional institution.

For transfer students, the priority deadline for submitting the application is March 1 for fall and October 1 for the spring semester. Final deadlines for transfer applicants are July 15 for fall and November 15 for spring (space permitting).

Transfer students are required to submit the following, by the above deadlines:

1. UNCG application forms showing true and complete information.
2. Official transcript from the secondary school attended. Transfer students who are under the age of 21 or have less than 24 transferable credits must present 15 acceptable units of credit from an accredited secondary school as well as an ACT or SAT score sent directly from the testing agency. (See specific course units listed in information about freshmen.)
3. Official transcripts from each postsecondary institution previously attended (including summer school and extension).
4. A list of courses in progress including course number, course name, and semester/quarter hours of credit.
5. An application fee, currently \$55, not refundable and not applicable toward tuition and other costs.

After receipt of the above credentials, the UNCG undergraduate admissions staff reviews the application to determine admissibility. The Office of Undergraduate Admissions reserves the right to request additional

Admissions

information regarding an applicant's activities and responses to questions required by the UNC system. If additional information cannot be collected prior to the above deadlines, the application may be denied and the student will need to reapply for future terms. **For this reason, we encourage applicants to submit all required materials well in advance of the posted deadline.**

- Request that an official high school transcript and SAT or ACT scores be sent to the UNCG Office of Undergraduate Admissions.

Veterans

Veterans Affairs benefit enrollment certification is handled by the University Registrar's Office, 180 Mossman Building, 336-334-5946, uncgsva@gmail.com.

UNCG is on the list of approved institutions that can provide training under the Department of Veterans Affairs Educational Training Program. A veteran wishing to receive educational benefits should apply first to Veterans Affairs for a Certificate of Eligibility. The student then applies for admission to UNCG through normal admissions procedures. The issuing of a Certificate of Eligibility by the VA does not automatically assure a student of admission to UNCG.

When enrolling at UNCG, the veteran should present a Certificate of Eligibility to the University Registrar's Office requesting that certification of enrollment be sent to the VA. This Certification of Enrollment is necessary before educational benefits can be received. Certification of Enrollment must be requested for each academic year and again for Summer Session.

Visiting Students

College Level

College-level visitors may apply through the Division of Continual Learning.

High School Level

High school seniors with superior academic credentials may want to supplement their high school curriculum with courses at UNCG. To determine if you are eligible to enroll as a visiting student, contact the Office of Undergraduate Admissions at 336-334-5243. Admission as a visiting student does not imply regular admission to UNCG.

In addition, visiting high school applicants must:

- Submit the UNCG application forms and the application fee.
- Have a letter of permission from parent(s) and from the high school principal sent directly to the UNCG Office of Undergraduate Admissions. The letter must include permission to take a specific UNCG course.

Housing

For housing information, visit <http://hrl.uncg.edu>.

Meal Plans

For meal plan information, visit <http://www.dineoncampus.com/uncg>.

Miscellaneous Fees and Expenses

Athletic, Activity, and Facilities Fees

Payment of these fees gives students access to athletic events, campus organizations, Elliott University Center (student union), and many other student programs.

Auditing Fees

Full-time UNCG student—one course per term without charge

Part-time UNCG student—\$15.00 per course (limit of two audited courses per term)

Continual Learning visiting auditor requiring no record of enrollment—may audit courses for a fee of \$125.

Visiting auditor requiring record of enrollment—standard tuition

See the Auditors topic in the Admission to the University section for details.

Books and Course Supplies

Costs generally run \$250–\$500 per semester for textbooks and related supplies for full-time students. These are to be paid for as purchased, either from the UNCG Bookstore or elsewhere. A few courses may require significantly higher expenditures for supplies or special fees and are so noted in the online course schedule footnotes.

Furnishings (Traditional Residence Hall)

All residence hall rooms are furnished with beds, dressers, and desks. All have community bathrooms by floor or wing. Students furnish their own pillows, pillow cases, sheets, blankets, bedspreads, towels, and room accessories such as study lamps, draperies, rugs, recycling bins, and wastebaskets.

Graduation Application Fee

The graduation fee, currently \$65 for the baccalaureate degree, covers the cost of the diploma and other expenses associated with the commencement ceremony and is charged to all degree candidates. It is payable in the Cashiers and Student Accounts Office 30 days prior to graduation. The fee is non-refundable. Degree candidates purchase regalia from the University Bookstore.

Identification Cards (UNCG SpartanCard)

A permanent UNCG SpartanCard will be issued to each student upon completion of registration for their first semester at UNCG. A replacement fee is charged for lost, stolen, or damaged IDs.

Internet/Cable Connections

All residence hall rooms are provided with Internet access through Time Warner Cable. Students must provide their own computer equipment.

Laundry

SpartanCard-ready washing machines and dryers are located in each residence hall. Students may apply money to their UNCG SpartanCard for laundry and vending expenses.

Parking Permits

Parking permits are required for all student-operated motor vehicles that park on the UNCG campus. See <http://parking.uncg.edu> for details on parking regulations.

Transcript Fee

A fee (currently \$8 per copy at the time this Bulletin was published) is charged for release of an official UNCG academic transcript. Additionally, the vendor that fulfills transcript orders charges a \$2.75 processing fee.

Uniforms, Special Equipment, and Liability Insurance

Students are expected to use outfits appropriate to the physical education activities taken. Gym clothing, leotards, and other appropriate outfits are available from the University Book Store. Nursing majors are required to purchase uniforms and liability insurance. See School of Nursing for complete details. Some majors in Kinesiology are also required to purchase liability insurance. See Department of Kinesiology for details. Many laboratory courses require safety goggles and special protective clothing. Smocks or coveralls are often required in art classes. Unless the student has advance information, it is preferable to purchase these items after arrival.

50% TUITION SURCHARGE FOR UNDERGRADUATES

Revised by the UNC Board of Governors, August 17, 2010.

The General Assembly has instituted a tuition surcharge (Section 89 (b), Senate Bill 27, 1993 Session), which became effective fall semester 1994 and applies to all new undergraduates seeking a baccalaureate degree. Specifically, it states,

The Board of Governors of The University of North Carolina shall ensure that procedures are established that are necessary to impose a twenty-five percent (25%) tuition surcharge prior to Fall 2010, and fifty percent (50%) effective Fall 2010 on students who take more than 140 degree credit hours to complete a baccalaureate degree in a four-year program or more than one hundred ten percent (110%) of the credit hours necessary to complete a baccalaureate degree in any program officially designated by the Board of Governors as a five-year program. The calculation of the credit hours taken at the constituent institution or accepted for transfer shall include courses failed by the student or that are not completed unless officially dropped by the student pursuant to the academic policy of the appropriate institution. The calculation of these credit hours taken at a constituent institution or accepted for transfer shall exclude hours earned through the College Board's Advanced Placement or CLEP examinations, through institutional advanced placement or course validation, or through summer term or extension programs.

UNCG Guidelines

Students Subject to the Surcharge

The tuition surcharge will be applied to new undergraduate students enrolled for the first time in Fall 1994 and thereafter in a degree program at UNCG as follows:

1. For students earning a first baccalaureate degree in a program that requires no more than 128 credit (semester) hours, the surcharge shall be applied to all hours in excess of 140.
2. For students earning a first baccalaureate degree in a UNC Board of Governors Board-approved program that requires more than 128 credit hours, the surcharge shall be applied to all hours that exceed 110 percent of the credit hours required for the degree. Such programs include those that have been officially designated by the Board of Governors as five-year programs as well as those involving double majors, or combined bachelor's/master's degrees.
3. For students earning a baccalaureate degree other than their first, the surcharge shall be applied to all hours that exceed 110 percent of the minimum additional credit hours needed to earn the additional baccalaureate degree. The minimum additional credit hours will be determined by the degree evaluation performed by the Office of the University Registrar during the first semester a student is enrolled in the second or other baccalaureate degree.

Students seeking a second baccalaureate degree are required to take 31 credit hours of residency at UNCG.

The surcharge will be imposed in the fall or spring semester and in all subsequent semesters where a student's cumulative credit hour total exceeds the threshold. The surcharge does not apply to required fees.

Hours Included in Tuition Surcharge Hours

The undergraduate credit (semester) hours to be counted in the calculation of the tuition surcharge include:

- All semester (fall and spring semester) academic credit hours attempted (includes repeated course work and failed course work)
- All transfer credit hours from UNC System schools and North Carolina Community Colleges that are accepted by UNCG
- All transfer credit hours not from a UNC System school or a North Carolina Community College completed after August 15, 2013
- WX, WT, and WF grades are not exempt from the tuition surcharge.

Hours Excluded from Tuition Surcharge Hours

- College Board's Advanced Placement (AP) credit
- College Level Examination Program (CLEP) or similar programs' credits
- Credit earned through any UNCG advanced placement, course validation or similar procedure
- Credit earned in summer sessions
- Transfer credit from institutions other than the UNC System schools and North Carolina Community Colleges completed prior to August 15, 2013
- Credit earned while enrolled as a high school student
- Credit associated with courses officially dropped by the student consistent with UNCG policy

If a student receives a North Carolina Student Incentive Grant or the North Carolina Education Lottery Scholarship and is billed Tuition Surcharge, the student may become ineligible for funds.

Students will be informed of the Tuition Surcharge Hours earned each semester and cumulatively in their tuition billing.

Students may contact the University Registrar's Office to obtain current information on their credit/semester hours.

Students may request a waiver for military service obligation, serious medical debilitation, disability, or other extraordinary hardship, as defined under BOG 1000.1.5 [R]. The Request for Tuition Surcharge Waiver may be obtained from the University Registrar's Office and must be submitted within 30 days of issuance of the written notice of tuition surcharge.

Academic Regulations and Policies

Academic Integrity Policy

First responsibility for academic integrity lies with individual students and faculty members of the UNCG community. A violation of academic integrity is an act harmful to all other students, faculty and, ultimately, the entire community. Specific information on the Academic Integrity Policy and obligations of faculty and students may be found online at <http://academicintegrity.uncg.edu>. Names of College and School members of the Academic Integrity Advisory Group may be found online at this site as well as under the link “Academic Integrity at UNCG/Resources for Faculty.” The Administrative Coordinator for Academic Integrity can be reached at 336-334-5514.

Academic Requirements and Limits for Undergraduates

BACCALAUREATE DEGREE REQUIREMENTS AND LIMITS

- 122 Minimum number of hours required for an undergraduate degree
- 36 Minimum number of hours required toward the degree at or above the 300 course level
- 31 Minimum required hours in residence at UNCG
- 31 Minimum required hours in residence at UNCG beyond the first degree for a second undergraduate degree
- 2.0 Minimum cumulative GPA required for graduation

CREDIT HOUR REGULATIONS AND LIMITS

- 12 Minimum number of credit or semester hours in which undergraduates must enroll per semester to qualify for full-time status
- 18 Maximum number of hours per semester in which an undergraduate may enroll without special permission
- 64 Maximum number of hours allowed for 2-year

transfer credit

- 12 Maximum number of hours allowed for physical education credit

DEANS' LIST QUALIFICATIONS

- 6 Minimum number of hours a student must have completed at UNCG to be eligible for Deans' List
- 6 Minimum number of hours in which a student must be enrolled for a given semester
- 3.50 Minimum required GPA for the semester
- B- Minimum grade earned for the semester (no grade may be lower than B-)

CHANCELLOR'S LIST QUALIFICATIONS

- 30 Minimum number of hours a student must have completed at UNCG to be eligible for Chancellor's List
- 12 Minimum number of hours in which a student must be enrolled for a given semester at UNCG
- 3.65 Minimum required cumulative GPA

Transfer students must be enrolled for at least one semester at UNCG to be eligible for the Chancellor's List.

GRADUATION WITH HONORS REQUIREMENTS

- 45 Minimum number of hours a student must complete in residence at UNCG by end of senior year to be eligible for graduation with honors
- 3.90 Minimum required GPA for Summa cum laude
- 3.70 Minimum required GPA for Magna cum laude
- 3.50 Minimum required GPA for Cum laude

SECOND DEGREE HONORS REQUIRED HOURS

- 45 Minimum number of hours a second degree candidate must complete toward the second degree in residence at UNCG, with the required GPA, to be eligible for graduation with honors

SIMULTANEOUS BACCALAUREATE DEGREES RESIDENCY HOURS

- 31 Minimum number of hours in residence a student must complete beyond requirements for the first degree in order to receive a second, simultaneous baccalaureate degree

Academic Standing at UNCG

The following requirements and procedures for maintaining academic good standing became effective in Fall 2014 for undergraduate students and was modified by Faculty Senate in April 2014.

Undergraduate students are expected to be aware at all times of their academic standing and are responsible for knowing whether or not they are on Academic Good Standing, Hours Warning, Academic Probation, Academic Suspension, or Academic Dismissal. Students may check their academic standing via UNCGenie.

UNCG reserves the right to deny enrollment to any student, even though the student has met the minimum grade point average required, if it is apparent from the student's academic record of required courses that the student will not be able to meet graduation requirements.

The Academic Good Standing Policy applies to enrollment during any term, including summer term. Students may be placed on Hours Warning, Academic Probation, Academic Suspension, Academic Dismissal, or restored to Academic Good Standing based on their academic performance during Summer Session. Academic performance for both summer terms is evaluated at the end of Summer Session II.

Academic Good Standing Policy

(For degree-seeking students entering the university Fall 2014 and after. Students who entered the university as degree-seeking undergraduates prior to Fall 2014 are grandfathered into the policy last published in the 2013–14 Undergraduate Bulletin.)

To maintain Academic Good Standing at UNCG, undergraduate students will be required to satisfy all of the following requirements:

- Maintain a minimum 2.0 cumulative GPA
- Earn 67% of their semester hours each term

Failure to satisfy all of the requirements above will result in Hours Warning or Academic Probation.

Hours Warning

Hours Warning will occur when an undergraduate student in their first semester at UNCG

successfully maintains a minimum 2.0 cumulative GPA but only earns 50%–66.99% of their semester hours, which are locked at the end of the drop/add period.

Students who fall on Hours Warning will be required to satisfy all of the following requirements during the next term of enrollment:

- Maintain a minimum 2.0 cumulative GPA
- Earn 67% of their semester hours each term
- Enroll in and successfully complete the requirements of the Academic Resources & Knowledge (ARK) Program

Failure to satisfy all of the Hours Warning requirements above will result in Academic Probation at the end of the warning term.

Academic Probation

Academic Probation will occur when an undergraduate student in Academic Good Standing or Hours Warning fails to satisfy all of the following requirements:

- Maintain a minimum 2.0 cumulative GPA
- Earn 67% of their semester hours each term
- Undergraduate students who fall on Academic Probation will be required to satisfy all of the following requirements during the next term of enrollment:
 - Limit enrollment to a maximum of 13 semester hours every fall and spring term and eight (8) semester hours in the summer term until Academic Good Standing is restored
 - Earn a minimum 2.30 term GPA every term until a 2.0 cumulative GPA is restored
 - Earn 67% of their semester hours each term
 - Enroll in and successfully complete the requirements of the ARS 100 course

Failure to satisfy all of the Academic Probation requirements above will result in Academic Suspension at the end of the probationary term. In cases where circumstances beyond the student's control have interfered with the student's academic performance, students placed on Academic Suspension may request immediate reinstatement by submitting an Academic Suspension Appeal. Contact the Students First Office, 061 McIver Building, 336-334-5730, for more information on the appeal process.

Academic Suspension

Academic Suspension will occur when an undergraduate student on Academic Probation fails to satisfy all of the following requirements:

- Maintain either a minimum 2.30 term GPA or a minimum 2.0 cumulative GPA
- Earn 67% of their semester hours each term

All students who fall on Academic Suspension are ineligible to enroll at UNCG for one fall or spring term.

NOTE: Summer Session is not considered a term away for the purposes of Academic Suspension. After a one-term suspension, students may apply for readmission to the university via the Office of Undergraduate Admissions.

If readmitted, upon return from Academic Suspension, an undergraduate student will be considered on Academic Probation and is required to satisfy all of the following requirements during their next term of enrollment:

- Limit enrollment to a maximum of 13 semester hours every fall and spring term and eight (8) semester hours in the summer term until Academic Good Standing is restored
- Earn a minimum 2.30 term GPA every term until a 2.0 cumulative GPA is restored
- Earn 67% of their semester hours each term
- Enroll in and successfully complete the requirements of the ARS 120 course

Failure to satisfy all of the Academic Suspension requirements above will result in Academic Dismissal at the end of the term. In cases where circumstances beyond the student's control have interfered with the student's academic performance, students placed on Academic Dismissal may request immediate reinstatement by submitting an Academic Dismissal Appeal. Contact the Students First Office, 061 McIver Building, 336-334-5730, for more information on the appeal process.

Academic Dismissal

Academic Dismissal will occur when an undergraduate student on Academic Probation after returning from Academic Suspension fails to satisfy all of the following requirements:

- Maintain either a minimum 2.30 term GPA or a minimum 2.0 cumulative GPA
- Earn 67% of their semester hours each term

All students who fall on Academic Dismissal are ineligible to enroll at UNCG for one academic year.

NOTE: Summer session is not considered a term away for the purposes of Academic Dismissal. After a one-year dismissal, students may request permission to return to the university by submitting an Academic Dismissal Appeal and must apply for readmission to the university via the Office of Undergraduate Admissions. Contact the Students First Office, 061 McIver Building, 336-334-5730, for more information on the appeal and readmission process.

Upon return from Academic Dismissal, an undergraduate student will be considered on Academic Probation and is required to satisfy all of the following requirements during their next term of enrollment:

- Limit enrollment to a maximum of 13 semester hours every fall and spring term and eight (8) semester hours in the summer term until Academic Good Standing is restored
- Earn a minimum 2.30 term GPA every term until a 2.0 cumulative GPA is restored
- Earn 67% of their semester hours each term
- Enroll in and successfully complete the requirements for the Academic Coaching in Transitions (ACT) Program

Failure to satisfy all of the Academic Dismissal requirements above will result in Academic Dismissal at the end of the term. In cases where circumstances beyond the student's control have interfered with the student's academic performance, students placed on Academic Dismissal may request immediate reinstatement by submitting an Academic Dismissal Appeal. Contact the Students First Office, 061 McIver Building, 336-334-5730, for more information on the appeal process.

Academic Appeals

In cases where circumstances beyond the student's control have interfered with the student's academic performance, students placed on Academic Suspension or Academic Dismissal may request immediate reinstatement by submitting an Academic Suspension Appeal or Academic Dismissal Appeal. Appeals must be submitted by the published deadlines, which are located in the academic calendar and the *Undergraduate Bulletin*. Events and/or circumstances that merit an appeal include officially documented unanticipated personal life events; officially documented unanticipated serious medical difficulty, and/or officially documented serious psychological difficulty. Students are strongly encouraged to contact the Students First Office for assistance before officially submitting an appeal.

An Academic Suspension Appeal or Academic Dismissal Appeal will be reviewed by the Academic Appeals

Committee. Once an appeal has been submitted, students will be notified of the results of their appeal in writing. All academic appeal decisions are final.

As mandated by the university, a student whose Academic Suspension Appeal or Academic Dismissal Appeal is approved must agree to participate in the designated Academic Recovery Program, coordinated within the Students First Office, during the next term of enrollment. Failure to participate in this program or meet any condition of this program will result in immediate Academic Dismissal at the end of the term.

Auditing Courses

Full-time UNCG students may audit courses upon the written approval of the instructor. Auditors must register officially for the class. Attendance, preparation, and participation in the classroom discussion and laboratory exercises shall be at the discretion of the instructor. An auditor is not required to take examinations and tests and receives no credit for the course.

Registration may not be changed from audit to credit or from credit to audit status after the end of late registration.

See the Auditors topic in the Admission to the University section for auditing options other than full-time UNCG students.

Average Time to Graduation

Many factors affect both the length of time and the number of credit hours an individual student will require to complete the baccalaureate degree. Full-time undergraduate students are expected to complete at least 12 credit hours per semester. Failure to complete an average of 15 hours per semester may lengthen the student's time to graduation. Some majors do require formal admission beyond that required for admission to the university in general.

Students should meet with their academic advisors regularly to plan their academic schedules. To graduate, students must complete specific university requirements as well as requirements within the major. Students who change majors may find that additional requirements must be fulfilled. Changing majors excessively, or after the third or fourth semester of study, may also lengthen the time to graduation.

Criteria for admission to a specific major (outlined in the *Undergraduate Bulletin*) and continuation in that major may include a university grade point average exceeding that required for continuation within the university as a whole. Students considering such majors should become familiar with the guidelines, and work with an academic

advisor, as soon as possible to ensure that they meet the criteria.

Class Attendance

Regular class attendance is a responsibility and a privilege of university education. It is fundamental to the orderly acquisition of knowledge. Students should recognize the advantages of regular class attendance, accept it as a personal responsibility, and apprise themselves of the consequences of poor attendance. Instructors should stress the importance of these responsibilities to students, set appropriate class attendance policies for their classes, and inform students of their requirements in syllabi and orally at the beginning of each term.

Student's Responsibility

1. Knowledge of each instructor's attendance policy and monitoring his or her class absences throughout the term.
2. Familiarity with all materials covered in each course during absences and make-up of any work required by the instructor.
3. Inform each instructor as far in advance as possible when conflicts or absences can be anticipated (e.g., athletic team events, work, medical procedures, religious observances, etc.) by e-mail, phone, or by contacting the main office of the department that offers the course.
4. Provide appropriate documentation so that each instructor can make an informed decision as to whether or not the absence is excusable.
5. Initiation of requests to make-up work missed because of class absences. The decision to assist the student with make-up work, including tests, rests with the instructor.
6. Follow-up on all notices from the Registrar regarding course enrollment in order to correct registration.

Instructor's Responsibility

1. Setting of reasonable regulations for class attendance as appropriate for class content, organization, methodology, and size.
2. Description of attendance policies in course syllabi and announcement in class, particularly at the beginning of each term.
3. Maintenance of class attendance records of enrolled students as appropriate for the attendance policy.
4. Exaction of penalties for unsatisfactory class attendance. Possible penalties are lowering the course grade, including a grade of F, and, in extreme circumstances, dropping the student from the course.

Dean of Students Office Responsibility

1. Notify each instructor on the student's behalf when personal reasons (e.g., family emergency, illness, bereavement, birth of a child, military duty, etc.) prevent the student from properly notifying each instructor because of circumstances beyond the student's control. The student or the student's representative should contact the Dean of Students Office (336-334-5514) if the student is unable to make direct contact by e-mail or phone with each instructor or is unable to leave word with each instructor's department.
2. Review documentation by a licensed health professional and confirm its receipt with each instructor if the student experiences a medical or psychological event that significantly impairs their ability to function successfully or safely as a student.

The student should be aware that assistance of the Dean of Students Office does not change in any way the outcome of the instructor's decision regarding the student's academic work, grades and performance in any given course.

Religious Observance

Approved by the Office of the Provost, August 2010

1. The university allows for a limited number of excused absences each academic year for religious observances required by the faith of the student.
2. Students must notify instructors of absences in advance of the date of the religious observance. Instructors have the authority to specify, via written notice to students, the amount of lead time required and may require that the nature of the religious observance be specified and the student's participation be confirmed in writing by an official of the religious organization.
3. When appropriate notice is provided by a student, the student must be granted at least two excused absences per academic year under this policy and must be allowed to make up or waive work and tests missed due to these particular absences. With regard to any test or other assignment that a student would miss due to notice of a required religious observance, faculty members may require the student to complete the test or assignment in advance of the originally scheduled date of the test or assignment. Beyond the minimum terms and limits of this policy, instructors maintain authority to establish and enforce the attendance policy for the courses they are teaching.
4. The requirement for students to make such requests for excused absences applies only to days when the university is holding class.

Appeals

If a student thinks there is a discrepancy between the instructor's exaction of a penalty for unsatisfactory class attendance and the stated policy or that there is an extenuating circumstance that may affect the instructor's decision, then he or she should first make a request to the instructor. If desired, the student may further appeal to the Department Head, the Dean of the School or College, and the Provost, in that order.

Classification of Students

The following classifications became effective for fall 1996 and thereafter for newly admitted undergraduates (transfer students and freshmen).

Undergraduate students are classified as freshmen, sophomores, juniors, and seniors. These classifications are determined by the number of semester hours completed (including hours transferred from another institution). The classifications are as follows:

Freshman	0–29.9 semester hours completed
Sophomore	30–59.9 semester hours completed
Junior	60–89.9 semester hours completed
Senior	90 or more semester hours completed

Course Selection

ADDING COURSES

Students may add courses to their schedules during the Drop/Add period. Between the end of the Drop/Add period and the 10th day of classes, a student desiring to add a course may do so only with the written approval of the instructor.

Late Adds

After the 10th day of classes, adding with instructor permission will be accepted by the University Registrar's Office only under extraordinary circumstances.

COURSE WITHDRAWAL POLICY

The following requirements and procedures for maintaining Academic Good Standing became effective in Fall 1996 for newly admitted degree-seeking undergraduates (freshmen and transfer students), modified by Faculty Senate in April 1998 and modified again in November 2013 in compliance with UNC Policy 400.1.1[R].

Withdrawing from Current Term Courses

16-semester-hour limit for course withdrawals

Beginning Fall 2014, all undergraduate students will be limited to withdrawing from a maximum of 16 semester credit hours during their undergraduate career. This limitation does not include course withdrawals completed within the course adjustment period (as identified on the Academic Calendar) that do not count as attempted hours and are not limited to 16 semester credit hours. Students who have not exceeded their 16-semester-hour limit may withdraw from a course or courses after the course adjustment period and within the first eight weeks of the term without incurring a WF grade (Withdrawn Failing). Withdrawal from courses within the 16-semester-hour limit will be indicated on a transcript with a grade of WX.

Course withdrawals after eight weeks or in excess of 16 semester credit hours will incur a WF grade (Withdrawn Failing).

Courses of less than one semester's duration, including Summer School courses, shall have shorter withdrawal deadlines (proportional to the course adjustment and eight-week deadline for the regular semester). All withdrawal deadlines are published on the University Registrar's Office Web site.

All WX courses count as attempted hours and in tuition surcharge calculations, and are subject to academic standing, financial aid, and Satisfactory Academic Progress rules and calculations.

Withdrawing from a course with extenuating circumstances

Undergraduate students with appropriate cause, as determined by officially documented military deployment, medical, psychological, or unanticipated personal life events, or administrative reasons, may petition for an exemption from the 16-semester-hour limit and the eight-week deadline by initiating a Course Withdrawal Request through the Students First Office. The Course Withdrawal Request Committee, under the purview of the Students First Office, shall be responsible for authorizing Course Withdrawal Requests in consultation with the instructor of every course, and with other departments or agencies as needed. If a Course Withdrawal Request is authorized, all requested courses will be indicated on a transcript with a grade of WE (Withdrawn with Exception).

If a student withdraws from all courses, the student is considered officially withdrawn from the university. See section on Withdrawal from the University.

All WE courses count as attempted hours and are subject to financial aid and Satisfactory Academic Progress rules and calculations; they do not count in academic standing

calculations, GPA calculation, or tuition surcharge calculations.

Withdrawing from courses retroactively

Undergraduate students shall be given one year following the term in which a course or courses were taken to submit a Course Withdrawal Request with the Students First Office. Students who seek to withdraw from a course or courses retroactively must meet the conditions under Withdrawing from Current Term Courses and the Course Withdrawal Request Committee, under the purview of the Students First Office, must authorize the request. Students are strongly encouraged to contact the Students First Office for assistance before officially submitting a Course Withdrawal Request. If a Course Withdrawal Request is authorized, all requested courses will be indicated on a transcript with a grade of W (Withdrawn) for classes taken prior to Fall 2014, and a grade of WE (Withdrawn Exception) for courses taken in Fall 2014 and thereafter. Students who have graduated may not withdraw from courses retroactively.

Neither the course withdrawal (WX) nor the course withdrawal with an exception (WE) can be replaced under the university's Grade Replacement Policy or forgiven as part of the Academic Renewal Policy.

COURSE LEVELS

Course level numbers are structured as follows:

100– 199	intended primarily for freshmen
200– 299	intended primarily for sophomores
300– 399	intended primarily for juniors
400– 499	intended primarily for seniors
500– 599	intended for advanced undergraduates and graduate students; these courses are not open to freshmen and sophomores
600– 749	registration restricted to students who are classified as graduate students
750– 799	registration restricted to students admitted to doctoral programs

The *Undergraduate Bulletin* lists complete course descriptions for courses numbered 100 through 599. Please see the *Graduate School Bulletin* for information on 600- and 700-level graduate courses.

COURSE LOADS

Twelve semester hours is considered full-time status for undergraduates. An undergraduate student must be enrolled for a minimum of 12 hours to qualify for full-time certification to any organization.

Full-time undergraduates normally take five courses per semester. Since a majority of courses carry three hours of credit with some carrying four hours of credit, a normal course load is 15 or 16 hours per semester. To complete most undergraduate degrees in four years, students should plan to carry 15 or 16 hours per semester.

Undergraduates may not take more than 18 hours per semester except with the approval of the Dean of Undergraduate Studies, 132 McIver. Students who have cumulative grade point averages of 3.0 may be authorized, in special circumstances and at the discretion of the Dean of Undergraduate Studies, to carry a maximum of 21 hours of course work.

SUGGESTED ACADEMIC WORKLOAD GUIDELINES

Students should be aware that academic excellence and scholastic achievement usually require a significant investment of time in study, research, and out-of-class projects. To provide guidance to students in planning their academic and work schedules, the following recommendations are offered:

1. In general, students should plan to devote between 2–3 hours outside of class for each hour in class. Thus, students with a 15-hour course load should schedule between 30–45 hours weekly for completing outside-of-class reading, study, and homework assignments.
2. Students who are employed more than 5–10 hours each week should consider reducing their course loads (semester hours), depending upon their study habits, learning abilities, and course work requirements.

Course Credit Regulations and Limits

CORRESPONDENCE CREDIT

Up to 64 semester hours in correspondence and extension credit may be applied to the completion of work for an undergraduate degree with the further stipulation that not more than one-fourth of the requirements for the degree may be completed in correspondence credit. Academic departments may establish such course and credit limitations in acceptance of correspondence credit as may be required by specific degree programs.

Although UNCG correspondence credit is treated as transfer credit at the time of admission, it will be thereafter considered “Residence” credit for degree certification purposes.

Correspondence credit earned from institutions other than UNCG is always treated as transfer credit. It will have no impact on the UNCG grade point average. Only credit hours will be applied toward UNCG degree requirements.

EXTENSION CREDIT

UNCG extension credit, earned either on or off campus, will be considered transfer credit for admission purposes. Up to 64 semester hours in extension and/or correspondence credits may be applied to completion of work for an undergraduate degree. Academic departments may establish such course and credit limitations in acceptance of extension credit as may be required by specific degree programs.

Although UNCG extension credit is treated as transfer credit at the time of admission, it will be thereafter considered “Residence” credit for degree certification purposes.

NON-CREDIT COURSES

Non-credit courses do not count toward graduation nor are they calculated in the student’s GPA. There are currently no non-credit courses available.

PHYSICAL EDUCATION CREDIT LIMIT POLICY

Any university student may take up to 12 hours of elective credit in physical education activity courses to apply toward graduation.

REPEATED COURSES

If a course or its equivalent is taken more than once for credit and is not repeatable for credit, credit will be applied toward degree requirements only once.

SUMMER SESSION CREDIT

Students may enroll for no more than seven hours during each of the two summer sessions, unless permitted to take an increased load by the Students First Office.

TRANSFER CREDIT

UNCG accepts the accreditation of the Southern Association of Colleges and Schools Commission on Colleges. Colleges and universities outside of North Carolina must have accreditation from the appropriate accrediting agency for the transfer credit to be evaluated for acceptance.

Transfer credit to be awarded is determined by the quality as well as the quantity of the student's previous college work. Course work completed with a grade of C-, D+, D, or D- will not transfer. Transfer courses are evaluated on a course-by-course basis.

The sum total of transfer credit from two-year college(s) that may be applied toward an undergraduate degree may not exceed 64 semester hours.

The university's Repeated Course Policy applies to transfer credit. In the case of duplicate transfer credit, only the first instance in which credit can be awarded will remain on the UNCG academic record.

The university's Grade Replacement Policy stipulates that attempts to earn a better grade in a UNCG course must be done either at the university or through Inter-Institutional Registration. Transferred courses cannot apply toward a formal grade replacement request.

Current UNCG policy stipulates that courses completed in technical, vocational, or professional programs at community colleges or courses from technical colleges or proprietary institutions cannot be accepted in transfer, unless they are part of a 2Plus articulation agreement. These agreements give students with articulated Associate in Applied Science degrees access to only complementary degrees at UNCG.

Grading

ACADEMIC RENEWAL

The following policy was approved by the UNCG Faculty Senate on October 2, 2002; amended October 23, 2006; amended March 4, 2015.

Academic Renewal allows formerly enrolled students who have been readmitted the possibility of having grades earned during their previous attendance period to be forgiven (excluded from GPA calculations). Students initiate the request for Academic Renewal by filing a form with the University Registrar's Office.

Formerly enrolled students who left UNCG with a cumulative GPA below 2.00 may pre-qualify for academic renewal when:

- they have not been enrolled in any institution of higher education for a minimum of one year (one fall and one spring semester);

or, as an alternative:

- they have completed 24 hours of transferrable college credit with a 2.50 GPA since their last enrollment at UNCG.

Upon being readmitted and/or reactivated under the provisions of this policy, pre-qualified students may apply for Academic Renewal after earning at least a 2.30 GPA on their first 12 hours following re-enrollment. If a student earns fewer than 12 hours in their first term after re-enrollment, all hours and grades earned in consecutive terms (concluding with the term in which the 12 hours total is reached) will be considered for this requirement. If a student earns more than 12 hours in the first term after re-enrollment, all hours and grades earned in that term will be considered for the GPA requirement. Thereafter, the student must meet the standard for continuation in the university Academic Good Standing policy.

All Academic Renewal requests should be submitted to the Students First Office and will be reviewed for approval by the Academic Renewal Review Committee.

Upon meeting the Academic Renewal requirements, previously completed courses in which grades of a D+ or below were earned will be forgiven. The recomputed GPA will be calculated from the courses in which grades of C- or higher were earned. All courses taken will appear on the academic record and count toward attempted hours. Grades will be forgiven only once during a student's career and cannot be reversed.

Students cannot combine the Academic Renewal Policy and the Grade Replacement Policy.

CHANCELLOR'S LIST

Undergraduate students are eligible for the Chancellor's List who meet the following criteria:

- achievement of 30 or more semester hours at UNCG
- a cumulative grade point average of 3.65 or higher
- current enrollment at UNCG in 12 or more hours
- be in Academic Good Standing

In the case of transfer students, at least one semester of enrollment at UNCG is required.

Recognition is accorded the recipients of this honor. The Chancellor's List is published on the University Registrar's Web site after all grades have been processed for the respective fall or spring term. The achievement also appears on the academic transcript.

DEANS' LIST

Undergraduate students are eligible for the Deans' List who meet the following criteria:

- carry six or more semester hours of course work graded on an A, B, C, D, or F basis
- earn a grade point average of 3.50 or better and have no grade below B- for the semester

Academic Regulations

- be in Academic Good Standing

The list is compiled at the end of each semester or when a grade change is processed after a semester for all students whose grade point average falls within the range at the time the report is prepared.

Recognition is accorded the recipients of this honor. The Deans' List is published on the University Registrar's Web site after all grades have been processed for the respective fall or spring term. The achievement also appears on the academic transcript.

FINAL COURSE EXAMINATIONS

Final examinations may be required at the discretion of faculty and must be scheduled in course syllabi with information available to students on the first day of class.

Change of Examination Schedule

A student desiring to change the meeting time of a final exam should make the request directly to the class instructor. It is the instructor's prerogative to grant such requests. In instances where students have three exams within a 24-hour period, they may apply to the University Registrar's Office, 180 Mossman Building, for permission to change their exam schedules. The usual process is to change the middle examination in a sequence of three. All requests for changes in examinations must be filed with the University Registrar's Office before Reading Day.

GRADE APPEAL POLICY

If a student wishes to appeal an assigned grade, the student should first discuss the concerns with the instructor. If desired, the student may further appeal to the department head, the dean of the school or college, and the provost, in that order.

If a student accepts responsibility for an academic integrity violation (Section III.B of the violation report form), but does not accept the sanctions proposed by the faculty member, the student must appeal to the faculty member's department head, the dean of the school or college, and the provost, in that order.

The following amendment to the appeal policy was approved by the UNCG Faculty Senate on November 17, 2007.

Grade Appeals will be considered only in the most exceptional circumstances, and are approved only in cases where the evidence strongly supports the student's claim. Appeals must be filed no later than the first six months after the grade has posted.

Examples that do merit a grade appeal include:

- The instructor has miscalculated a final grade;

- The instructor has violated the grading policies outlined in the syllabus without reasonable cause;
- The instructor has not provided a reasonable explanation of how the student's work was evaluated.

Examples that do not merit a grade appeal include:

- The instructor's grading policies differ from other instructors in the department, college or school, or university.
- The instructor's Attendance Policy differs from other instructors in the department, college or school, or university.
- The instructor's Late Work Policy differs from other instructors in the department, college or school, or university.
- The grade distribution in the class in question is lower than in other sections of the same course.
- The student's grade in the course is significantly lower than grades the student earned in similar courses.
- The grade in question will trigger probation, suspension, or loss of financial aid.

Please note that simple disagreement about what constitutes fair grading is not grounds for an appeal. Department or school handbooks and/or the instructor's syllabus define standards for grading in that course. When a student elects to remain in a class after reading these materials, the student is understood to have accepted the grading terms for the course. The instructor is not obligated to deviate from grading standards outlined in the department or school handbooks and/or the syllabus.

GRADE POINTS/GRADE POINT AVERAGES (GPA)

UNCG uses a semester hour credit and grade point system for evaluating undergraduates. Semester hour credits represent the number of course hours completed. Grade points are determined by the number of semester hour credits attempted and the grades earned.

The grade point average is determined by dividing the accumulated number of grade points earned by the accumulated number of semester hours undertaken. Hours attempted but not passed must be included in this calculation. However, a second F or WF in the same course is not used in computing the grade point average. Courses graded on the P/NP or S/U basis and courses transferred from another institution (except those courses taken through the Consortium and Inter-institutional Registration) may not be used in determining the UNCG grade point average.

Beginning with courses taken in Fall 1996, plus/minus grades are incorporated into the GPA for all

undergraduates. Effective fall 2006, the A+ is added to the scale, carrying 4.3 quality points. The maximum grade point average for an undergraduate, however, will be capped at 4.0.

Grade	Grade Points Awarded Per Hour of Credit
A+	4.3
A	4.0
A-	3.7
B+	3.3
B	3.0
B-	2.7
C+	2.3
C	2.0
C-	1.7
D+	1.3
D	1.0
D-	0.7
F/WF	0.0

GRADE REPLACEMENT POLICY

Except for courses with specific provision in the course description for repeated credit, a UNCG undergraduate student may repeat a UNCG course in an attempt to earn a better grade. Students may request that an original grade in a course be removed from the Grade Point Average (GPA) and replaced by the grade earned in the repeated course. Students must initiate the request by filing a form with the University Registrar's Office to replace a grade.

- Grades can be replaced for courses taken fall 2005 and thereafter.
- Only courses numbered 300-level and below may be repeated.
- During their undergraduate careers, students may request to replace the grades for a total of three courses, regardless of credit- or semester-hour value. For example, a student may replace a single course three times, or a combination thereof, not to exceed the limits of the policy.
- Grades earned as a result of Academic Integrity violations recorded by the Office of Student Affairs may not be replaced by another grade.
- Grades earned in repeated courses will not be used to replace grades earned as part of a degree once it has been conferred.

- All grade replacements are final.
- The academic record will reflect all attempts and grades.
- The attempted hours from all courses will be counted for academic standing, tuition surcharge, and financial aid eligibility (as applicable).
- Students cannot combine the Grade Replacement and the Academic Renewal policies.

In the case of all other repeated courses, attempted hours and grade points from all attempts will be counted fully in the GPA; however, semester credit hours earned for the course will count only once in the total hours for the degree. Departmental policies may supersede this policy.

GRADE REPORTS

Final course grades are made available to students at the end of each semester on *UNCGenie*, UNCG's student information system. Students can view and print copies of their grades from *UNCGenie*.

GRADES

A grade in a course is based on the quality of the student's classroom and written work throughout the semester. Most course grades are not solely based on the final examination alone.

If a course or its equivalent is taken more than once for credit and is not repeatable for credit, credit will be applied toward degree requirements only once.

GRADING SYSTEM FOR UNDERGRADUATES

- A** Excellent—indicates achievement of distinction and excellence in several if not all of the following aspects: 1) completeness and accuracy of knowledge; 2) intelligent use of knowledge; 3) independence of work; 4) originality.
- B** Good—indicates general achievement superior to the acceptable standard defined as C. It involves excellence in some aspects of the work, as indicated in the definition of A.
- C** Average—indicates the acceptable standard for graduation from UNCG. It involves such quality and quantity of work as may fairly be expected of a student of normal ability who gives to the course a reasonable amount of time, effort, and attention.
- D** Lowest Passing Grade—indicates work that falls below the acceptable standards defined as C but which is of sufficient quality and quantity to be counted in the hours of graduation if balanced by superior work in other courses.

Academic Regulations

F	Failure—indicates failure that may not be made up except by repeating the course.
I	Incomplete—indicates that the completion of some part of the work for the course has been deferred because of prolonged illness of the student or because of some serious circumstances beyond the student's control. Concomitantly with the recording of an Incomplete grade, the instructor files with the head of the school or department concerned the student's average grade and the specific work that must be accomplished before the Incomplete can be removed. Incomplete grades may be recommended by the university physician, the Counseling and Testing Center, and by the Dean of Undergraduate Studies. See also the topic Incomplete Grades in this section.
IP	In Progress—indicates that the course work was planned to continue beyond a single semester.
NR	Not Reported—indicates a final grade was not submitted prior to the official end of the semester according to the university's academic calendar.
P/NP	Passing/Not Passing—used for designated courses only; courses graded P/NP are so indicated in the course description.
SP	Special Exam
W	Withdrawal—indicates a course from which the student withdrew during the first eight (8) weeks of classes; no academic penalty is attached to a grade of W; see also Course Withdrawal.
WF	Withdrawal with Failure—indicates a course from which the student withdrew after the first eight (8) weeks of classes; a WF is computed in the student's GPA; see also Course Withdrawal.
WN	Withdrawal Not Passing—used in courses designated P/NP.
NC	No Credit—indicates an audited course.

INCOMPLETE GRADES

An Incomplete grade may be removed by completion of the deferred work. The time line for which all deferred work must be submitted by a student is determined at the discretion of the instructor and should be clearly outlined via a written document summarizing the course work to be completed and any deadlines for submission. A student should not reregister for the course in order to remove the Incomplete. An Incomplete received during a semester or in summer session must be removed within six months from the last day of examinations in the term in which the

course was taken. Current deadlines for removals of incompletes are published below.

An incomplete not removed within this time limit is automatically converted to an F by the university registrar. A graduating senior who incurs an incomplete and who has completed all requirements and enough semester hour credits and grade points to graduate may do so even though the Incomplete grade is outstanding. If the Incomplete is not removed within the required six months, it will be converted to F at the end of that period of time. When an Incomplete is removed, it may be replaced by A, B, C, D, F, or, in certain designated courses, P, NP, S, or U.

Incomplete Removal Deadlines

Incomplete grades must be removed by the deadlines stated below or they will be automatically converted to F on the student's academic record.

Note: These deadlines indicate the final date that an instructor may submit a grade change to remove the incomplete grade. The parameters for removing an incomplete grade, including any deadlines for which work must be submitted by a student, are at the discretion of the instructor.

Fall 2015

Incomplete grades earned during Fall 2015 must be removed by **June 9, 2016**.

Spring 2016

Incomplete grades earned during Spring 2016 must be removed by **November 4, 2016**.

Summer 2016

Incomplete grades earned during Summer 2016 must be removed by **January 22, 2017**.

Fall 2016

Incomplete grades earned during Fall 2016 must be removed by **June 14, 2017**.

Spring 2017

Incomplete grades earned during Spring 2017 must be removed by **November 10, 2017**.

Summer 2017

Incomplete grades earned during Summer 2017 must be removed by **January 28, 2018**.

RETROACTIVE GRADE CHANGE

A retroactive grade change is a change in an officially recorded grade. A grade becomes officially recorded when the Registrar so stipulates. Except to correct clerical errors or to resolve an incomplete grade (see Incomplete Grades), a retroactive grade change is an extraordinary action and is

granted only in the most compelling circumstances. No change may occur unless the instructor who gave the grade initiates the formal process of a retroactive grade change. The change must also be approved by the instructor's department head and by the instructor's dean.

Students who seek a retroactive grade change to a W are referred to the section on Withdrawing from Courses Retroactively in the Course Withdrawal Policy.

Retroactive grade changes are not made for students who have graduated.

SEMESTER HOUR CREDITS

Credits for all courses are reported in semester hours. A semester hour credit equals one 50-minute class period per week or its equivalent throughout one semester. The number of semester hour credits given for each course is listed as part of the course description.

Majors—Declaring or Changing

Notification of the University Registrar's Office or the college, school, or departmental office is required when a student declares or changes major.

Declaring a Major

Many students declare a major when accepted into the university or during orientation programs, before initially registering for courses. Those who enter the university with an "undecided" major should declare a major prior to the completion of 45 semester hours. To earn a degree in a timely manner, several academic departments recommend that students declare a major even earlier in the academic career. Students should contact the department of the intended major for further information.

Changing a Major

Students planning to change their majors should do so well in advance of the next registration period in order to be assigned to a new advisor and to receive adequate advising in the department or advising center of the new major.

Other Regulations

REQUIREMENTS FOR A SECOND BACCALAUREATE DEGREE

A student with a bachelor's degree may receive a second baccalaureate degree if it is a different degree or a different major. In such a case, all the requirements for the second

degree and major as stated in the catalog which the student is entitled to follow must be met. In any case, a minimum of 31 hours in residence beyond requirements for the first degree must be completed.

Meeting requirements for a second major does not qualify a student to receive a second degree. See Second Majors under the College of Arts and Sciences in the Academic Units and Areas of Study section.

SIMULTANEOUS DEGREES

A student may receive two degrees at the same time if the requirements for both degrees are met. A minimum of 31 hours in residence beyond the requirements for the first degree must be completed (e.g., if the first degree requires 122 semester hours, a total of 153 hours must be completed).

HONORS FOR SECOND DEGREE RECIPIENTS AND TRANSFER STUDENTS

To maintain equity with students who have attended all four years at UNCG and who may have a semester GPA that would qualify them for honors, the following policy is in place: Any second degree candidate or degree candidate who transferred to UNCG from another institution is eligible for graduation with honors who, at the end of the final year, has completed toward the degree (in the case of second degree students, toward the second degree) at least 45 hours of work in residence at UNCG and has earned the requisite grade point average.

DUAL REGISTRATION AS UNDERGRADUATE AND GRADUATE

Undergraduate students at UNCG who plan to undertake graduate study at UNCG, and who lack no more than 12 semester hours of work to fulfill all requirements for the bachelor's degree, may enroll in the Graduate School. Total graduate credit obtained in this dual status may not exceed 12 semester hours. Students must apply for admission to a graduate program before requests for dual registration can be approved, but do not have to be formally admitted until the end of the semester in which credit is earned. For dual registration status, the approval of the Dean of the Graduate School and the student's major advisor are required.

Students should be advised that approval for dual registration neither guarantees nor constitutes acceptance into any graduate program.

Placement Examinations

Placement tests are administered each summer during orientation (SOAR) and each semester during the advising and registration period by the departments concerned.

The results of placement tests in French, Latin, and Spanish are binding for student placement in courses. Students may enroll in mathematics courses at the level at which they place or in lower level courses. Students will neither receive credit nor will they be exempt from university distribution requirements based on their performance on the tests.

AMERICAN SIGN LANGUAGE PLACEMENT EXAMINATIONS

All students who have had prior experience with American Sign Language in high school or elsewhere, or who are deaf or hard of hearing and consider themselves native signers, or who are transfer students must take the placement exam to enroll in SES 102 American Sign Language II through SES 306 American Sign Language VI. The American Sign Language placement exam is offered at the beginning of each semester. The test takes approximately one hour to an hour and a half and is a written and performance exam. A study guide and additional information is provided on the Professions in Deafness Program Web site: www.uncg.edu/ses/ses_deaf.

FRENCH, LATIN, AND SPANISH PLACEMENT TESTS

Students who started French, Latin, or Spanish in secondary school and who are beginning their study of that language at UNCG must take a placement test. All transfer students returning to the study of French, Latin, or Spanish begun in high school but not previously pursued at the college level must also take the placement test. Students who are transferring credits in these languages from another college need not take the test in order to continue the same language at UNCG. See Languages, Literatures, and Cultures in the Departments section for more information about the French and Spanish placement tests.

MATHEMATICS PLACEMENT TEST

The Math Placement Tests will determine your eligibility to enroll in MAT 120, MAT 190, or MAT 191. Certain entry level courses have no prerequisites; students who wish to enroll in MAT 112, MAT 115, MAT 150, or STA 108 may do so without a placement test.

All students with a sufficiently strong mathematics background are encouraged to take the placement test prior to registering for a math course. More information, including the request form, can be found at www.uncg.edu/mat/undergraduate/mathplacetest.html.

PLACEMENT WITHOUT CREDIT

Students with exceptional ability are encouraged to take examinations for placement without credit in order to take advantage of opportunities for advanced courses and for individual research or other creative endeavors.

Examinations for placement without credit will be administered by the departments or schools concerned. It is recommended that departments or schools make available to interested students reading lists and other source material that might assist the students in preparing for the examination.

Passing an examination of this type will not alter the number of hours required in that area or subject. Successful completion of an examination for placement at the 100 level in the student's major field shall have the effect of increasing the number of hours accepted toward graduation above the 100 level by the number of hours so waived.

In all cases in which requirements of prerequisites are waived, by placement examination or other means, this fact should be reported in writing by the appropriate department head to the University Registrar's Office and should be entered on the student's record.

SPECIAL EXAMINATION FOR CREDIT

In exceptional circumstances, students may attempt to establish academic credit through a Special Examination upon the recommendation of the department or school and under the supervision of the University Registrar.

Only those courses that are designated by the department or school may be credited by special examination. The department or school shall administer a written examination, except in cases where mastery of techniques may be demonstrated in other formats. Applications for the exam shall be made to the University Registrar with the written permission of the head of the department or school, at least 30 days before the examination. A nonrefundable fee will be charged, and is payable in the Cashiers and Student Accounts Office.

Examinations must be taken before the last semester or 12-week summer session preceding the completion of the student's degree requirements. Students may not be tested in material for which they received high school credit, and transfer students may not extend the number of hours allowed in transfer by this method. Credit will not be given for a prerequisite to a course for which the student has already received credit. No examination may be given in a course for which the student has registered for audit.

No more than 12 semester hours may be earned toward graduation by this procedure. The School of Nursing has a special exemption to present 30 semester hours by the

Special Examination Program. Credits earned in this manner may not be used to fulfill residency requirements.

A student must consult in advance with the faculty advisor and with the head of the department or school concerned and file evidence of having prepared for the exam. Assistance should be given to the student in developing reading lists and other source material.

Results of all examinations shall be reported to the Registrar before the first day of the next registration period. Credit, but no grade points, will be granted when the level of performance is C or better.

Registering for Courses

Dates for advising and registration periods for each semester are published in the university's academic calendar and on the University Registrar's Office Web site. It is the student's responsibility to be aware of all registration and advising periods. Registration for courses at UNCG is an automated process conducted through UNCGenie, UNCG's student information system, which provides students with Web registration access.

REGISTRATION PROCESS

New Freshman students register for courses during the summer orientation programs (SOAR) or after the completion of their orientation programs at the beginning of a semester.

Transfer, Former, or unclassified students receive registration instructions by e-mail before the beginning of each semester's registration period.

Inter-Institutional Registration

UNCG students desiring to take courses at one of the Greater Greensboro Consortium schools or one of the North Carolina inter-institutional schools should obtain a consortium form from the University Registrar's Office, 180 Mossman Building, 336-334-5646.

UNCG students desiring to take an online course through one of the UNC system schools should make this request through the University of North Carolina Online Web site, <http://online.northcarolina.edu/index.php>.

Continuing students, those currently enrolled in UNCG who are returning for another semester of work, receive instructions by e-mail for registering during the early registration periods in November (for spring semester) and in April (for summer/fall semester). Continuing students eligible to pre-register for the next semester who do not do so will be required to pay a late registration fee.

ADVISING CODES

All undergraduates are required to meet each semester with their faculty advisors for assistance with course selection and to obtain semester advising codes. New advising codes are issued for the next semester during the advising period. Undergraduates must use advising codes to access the UNCGenie registration system.

Steps to Graduation

By the beginning of the semester or summer session in which graduation is expected, undergraduates must officially apply for graduation to the University Registrar. Fulfillment of all requirements for the degree applied for, as well as official application for the degree, are the student's responsibilities.

ACADEMIC REQUIREMENTS

Candidates for a baccalaureate degree must satisfy all of the specific requirements of UNCG and of the School/College and department in which they major. They must present for graduation the specific number of semester hours required for the degree with a minimum cumulative overall grade point average of at least 2.0 on all hours undertaken.

At least 36 of the total semester hours for the degree must be at the 300 level or above.

GRADUATION REQUIREMENTS

Students must complete the specific number of semester hours required for the degree with a minimum cumulative overall grade point average of at least 2.0 on all hours undertaken; at least 36 of the total semester hours for the degree must be at the 300 level or above; all students must complete at least 31 semester hours in residence at UNCG for the degree.

RESIDENCE REQUIREMENTS

All students must complete at least 31 semester hours in residence at UNCG for the degree, 12 of which must be in the major field and 9 of which must be in the minor if a minor is sought. After enrollment, Extension credit and Correspondence courses offered by UNCG are considered residence credit; however, credit earned by special examination is not considered residence credit.

TIME REQUIREMENTS

General Education Requirements

The following policies regard time allowed for completion of GEC and GEC + CAR requirements. The Office of the University Registrar can provide additional details.

GEC or GEC + CAR Requirements

Students must meet the General Education or General Education and College Additional Requirements for graduation as stated in this *Undergraduate Bulletin* in effect at the time of original enrollment at UNCG. If the student fails to graduate within seven years, however, the university¹ has the option of enforcing

1. the original requirements, or
2. the GEC or GEC + CAR requirements in effect at the time the seven year period expired, or
3. the GEC or GEC + CAR requirements in effect at the time of re-enrollment if the student withdrew.

¹*Typically, the UNCG Office of the University Registrar will make the choice among these options in consultation with the department in which the student chooses to major.*

Major Requirements

Students must meet the departmental major requirements in effect when the student declares or, if required by the department, is formally admitted to a school/college major. If the student fails to graduate within seven years, however, the university* has the option of enforcing

1. the original requirements,
2. the major requirements in effect at the time the seven year period expired, or
3. the major requirements in effect at the time of re-enrollment if the student withdrew.

**Typically, the department in which the student chooses to major will make the choice among these options in consultation with the UNCG Office of the Dean of Undergraduate Studies.*

APPLICATION FOR GRADUATION

All undergraduate students are required to file an application for graduation with the University Registrar's Office at the beginning of the semester in which they plan to graduate. The online degree application is available via UNCGenie.

This application is required for processing the final degree audit and for printing diplomas. See the topic Miscellaneous Fees and Expenses in the Expenses, Payments, and Refunds section. The fee is nonrefundable. The deadline dates for filing are also published each year in the Academic Calendar and on the University Registrar's Office Web site.

Students who do not graduate in the semester for which they file a graduation application must refile for the next term in which they expect to complete their degrees.

Applications are accepted for a short period of time beyond the published deadlines in order to allow for extenuating

circumstances; however, once the application for a term is disabled and deemed closed, students must apply to graduate for the next available term. These deadlines are not negotiable as notification of the candidates for graduation are submitted to the Board of Trustees for official action shortly after the deadline dates for filing each term.

GRADUATION WITH LATIN HONORS

Graduation with Latin honors is based on all courses (including the last semester's work) for which grades and grade points are given. Any senior is eligible for honors who, at the end of the senior year, has completed at least 45 hours of work in residence at UNCG. This does not include hours for which credit and grade points have been received by special examinations. Honors information printed in the commencement program is based on course work completed through the previous semester, as is the list provided for the purchase of honor cords.

Latin honors are awarded to graduating seniors as follows:

Summa cum laude (with highest honor)

achievement of a minimum grade point average of 3.90

Magna cum laude (with great honor)

achievement of a minimum grade point average of 3.70

Cum laude (with honor)

achievement of a minimum grade point average of 3.50

Honors for Second Degree Recipients and Transfer Students

To maintain equity with students who have attended all four years at UNCG and who may have a semester GPA that would qualify them for honors, the following policy is in place: Any second degree candidate or degree candidate who transferred to UNCG from another institution is eligible for graduation with honors who, at the end of the final year, has completed toward the degree (in the case of second degree students, toward the second degree) at least 45 hours of work in residence at UNCG and has earned the requisite grade point average.

COMMENCEMENT CEREMONIES

Commencement ceremonies are held in May and December of each year; there is no formal ceremony in August. The names of August degree recipients are printed in the December commencement program and listed on the University Registrar's Office Web site.

Visit <http://commencementcentral.uncg.edu> for information about the commencement ceremonies.

COMMENCEMENT PARTICIPATION POLICY

Approved by the Chancellor, February 19, 2003

Students completing all degree requirements by the end of the spring semester are encouraged to participate in May Commencement. Students completing degree requirements by the end of the fall semester are encouraged to participate in the December Commencement. There is no ceremony in August for summer graduates.

Students completing degree requirements by the end of the Summer Session may participate in either the May (preceding the completion of the summer term) or the December (following the completion of the summer term) commencement ceremony by applying to graduate for the summer term, paying the graduation fee, and completing the RSVP form found at <http://commencementcentral.uncg.edu>. Note that the names of August graduates appear only in the December commencement program.

Please note: Degree candidates will neither earn degrees nor be graduated from the university until they have completed all degree requirements. Participation in a commencement ceremony does not presume graduation from the university.

Students who do not apply for graduation before the published deadline for any semester must apply for graduation during the next semester. Students who have applied for graduation but fail to meet the requirements must reapply for graduation by the published deadline for the semester in which they will fulfill the requirements.

Degrees are conferred only after all requirements are completed and the Board of Trustees has taken official action.

Visit <http://commencementcentral.uncg.edu> for information about the commencement ceremonies.

Supporting Offices

Several UNCG offices support the implementation of academic processes, policies, regulations, and related activities.

NEW STUDENT TRANSITIONS AND FIRST YEAR EXPERIENCE

245 Elliott University Center
336-334-5231
www.uncg.edu/ori

New undergraduates and their families are welcomed by a number of programs designed to assist with their transition into the UNC Greensboro community, such as Spartan Orientation, Advising, and Registration (SOAR) Rawkin' Welcome Week, Spartan Spears, and the Foundations for

Learning (FFL 100) course. SOAR, required for all new undergraduate students, allows students and families to spend time with current students and staff learning about campus resources, programs, services, and policies, as well as experiencing the unique spirit and tradition of UNCG. Students also meet with an academic advisor and register for courses.

New students are also expected to participate in Rawkin' Welcome Week and the Chancellor's New Student Convocation, which begins the weekend before the first day of classes, and attend curricular and co-curricular programs centered around the Keker First Year Common Read, *Looking for Palestine* by Najla Said. Families are encouraged to stay connected to their students and UNCG through SOAR, Family Weekend, and social media.

STUDENT SUCCESS CENTER

110 McIver
336-334-7533
<http://success.uncg.edu>

The Student Success Center currently houses three different but related academic support service units complementing the efforts of the teaching faculty through personalized and structured approaches to learning which include tutoring, academic counseling, preparation for graduate school entrance exams, computer instruction, skills development, and workshops.

Tutoring and Academic Skills Programs (TASP), 104 McIver, provides programs and services to help undergraduate students improve their academic performance and achieve their educational goals.

Special Support Services (SSS) is a comprehensive educational support program sponsored by the U.S. Department of Education and UNCG, providing free services to first-generation undergraduate students in a supportive and caring atmosphere that enables them to achieve high levels of academic success at UNCG.

The Supplemental Instruction Program (SIP) is an academic support area that targets historically difficult courses. SIP is a non-remedial approach to learning enrichment that increases student performance and retention. Students enrolled in SIP-identified courses attend regularly scheduled, out-of-class review/discussion sessions. The sessions are focused on reviewing lecture notes, discussing course readings, and preparing for examinations. For more information about SIP, call 336-334-3562 or visit <http://success.uncg.edu/sip>.

STUDENTS FIRST OFFICE

061 McIver
336-334-5730
<http://studentsfirst.uncg.edu>

The Students First Office (SFO) fosters a learner-centered experience for undergraduate success by serving as one of the first lines of response in helping UNCG students address any number of academic, social, or financial setbacks. SFO serves as the central advising center for all Exploratory (undecided) Majors at UNCG and is also the academic one-stop-shop for assisting all undergraduate students with academic advising, academic appeals, university policies and procedures, and graduation planning.

SFO advisors are available to assist students with any of the following:

- advising and registration procedures
- academic standing policies
- academic renewal
- Starfish flags and kudos
- GPA calculation estimation
- course overload requests
- graduation plans
- exploring academic majors and minors
- academic and financial aid appeals
- academic and campus resources

During the academic year, the Students First Office offers walk-in assistance weekdays from 1:00-3:00 p.m. and is open for extended evening hours on Tuesdays until 7:00 p.m.

UNIVERSITY REGISTRAR'S OFFICE (URO)

180 Mossman
336-334-5946
www.uncg.edu/reg

The University Registrar's Office is responsible for the registration of all students, undergraduate and graduate, in academic credit courses offered by the university. Registration is Web-based on the university's automated student information system, UNCGenie. All aspects of this process, including the preparation of schedule materials, demographic updates, registration scheduling and processing, are handled by this office. In connection with registration, the University Registrar's Office is also responsible for grade processing at the close of each semester, and maintains the official academic records for all current and former students.

Other services provided by this office include the following:

Certifications and/or Verifications

The University Registrar's Office certifies student enrollment via the National Student Clearinghouse to various agencies and institutions upon request. Academic honors are also certified by this office.

Change of Address or Name

All university-related mailings access the demographic files maintained by the University Registrar's Office. A student can update his/her demographic information on the Web by accessing UNCGenie. Presentation of a photo ID and legal document in the University Registrar's Office is required to process a name change in person.

Commencement

The University Registrar's Office coordinates the university commencement ceremony.

Degree Evaluation

The University Registrar's Office maintains the systems that produce automated degree evaluations. In addition to meeting with an academic advisor, these systems should be used as a tool to indicate student progress toward graduation requirements. UNCG has two systems for producing online degree evaluations (CAPP and Degree Works). Students and advisors are responsible for knowing which system to use. Both systems are accessed via UNCGenie.

Graduation

Undergraduate students must apply to the University Registrar's Office by the semester deadlines published in the university academic calendar in order to be certified for graduation.

Inter-Institutional Registration

UNCG students desiring to take courses at one of the Greater Greensboro Consortium schools or one of the North Carolina inter-institutional schools should obtain a consortium form from the University Registrar's Office.

UNCG students desiring to take an online course through one of the UNC system schools should make this request through the University of North Carolina Online Web site,
<http://online.northcarolina.edu/index.php>.

Major Changes and Advisor Assignments

The office coordinates major changes, faculty advisor assignments, tuition surcharge, and GEC course substitutions for UNCG courses.

Residency Appeals, Undergraduate

If a student chooses to petition a reclassification of his or her residence status, application must be made to the University Registrar's Office. Students who wish to file a petition for reclassification should first familiarize themselves with the statutory provisions and then submit a completed Residency Reclassification Application (along with any required additional documentation) to the University Registrar's Office.

Transcript of Academic Record

The University Registrar's Office will provide an official UNCG transcript to any student upon submission of an online request. Transcript pick-up, mailing, and fax services are available. There is a fee for the issuance of a transcript. Call 336-334-5945 or visit the University Registrar's Office Web site for complete instructions about obtaining UNCG transcripts.

University Directory Information

See the topic University Directory Information in the Academic Regulations and Policies section.

VA Benefits and Certification

Veterans Affairs benefits enrollment certification is handled by the University Registrar's Office.

University Directory Information

The University Registrar's Office maintains student demographic data and provides it for the online University Directory.

Release of Student Directory Information

Unless a student requests in writing to the contrary, federal law permits the university to release Directory Information to the public without the student's consent.

Directory Information is information in a student's education record that would not generally be considered harmful or an invasion of privacy if disclosed. At UNC Greensboro, Directory Information consists of:

- Student's first and last name
- Major field of study

- Dates of attendance
- Enrollment status
- Anticipated graduation date
- Degrees awarded
- Awards (including scholarships)

Additionally, UNC Greensboro designates some information as **Limited-Use Directory Information**. The use and disclosure of this information is restricted to: (1) university officials who have access, consistent with FERPA, to such information and only in conjunction with a legitimate educational interest and (2) external parties contractually affiliated with the university, provided such affiliation requires the sharing of Limited-Use Directory Information. Limited-Use Directory Information consists of:

- Local and permanent address
- Student e-mail addresses
- County, state, or US territory from which the student originally enrolled
- Telephone numbers
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- The most recent previous educational agency attended by the student

Suppression of Student Directory Information

Under the 1974 Family Educational Rights and Privacy Act (FERPA), the student has the right to request in writing that the disclosure of this information be withheld from persons outside the university. Please note that this information can only be suppressed from the public, not from university officials. The suppression request includes both Directory Information and Limited-Use Directory Information as defined by UNC Greensboro policy.

A student must file a form requesting suppression of information with the University Registrar's Office. A request to suppress information must be filed while the student is still enrolled at the university.

Once a student's information is suppressed, it will not be printed in the Commencement Program upon the student's graduation, without the student's written consent. The suppression of information remains in effect until revoked in writing by the student, even after the student is no longer enrolled at the university. Former students may request in writing that earlier suppression requests be revoked.

Parents' Information

Information concerning parents of students (names, addresses, phone numbers, etc.) is not made available as it is not considered directory information.

Release of Grades and GPA Information

Grades and grade point averages are never released to agencies or persons outside the university without the written consent of the student, unless otherwise provided for by law. Grades and GPA information are not given out over the telephone.

Withdrawal from the University

Undergraduate students who find that they must withdraw from the university can do so by withdrawing from all courses through UNCGenie. Undergraduates who withdraw from all courses are considered to be withdrawn from the university and must seek reactivation or readmission through Undergraduate Admissions to return to school in subsequent terms.

Students withdrawing from the university within the first eight weeks of the term will be indicated on the transcript with a grade of WT (Withdrawn - Total). All WT courses count as attempted hours and are subject to financial aid and Satisfactory Academic Progress rules and calculations; they do not count in academic standing calculations, GPA calculation, or tuition surcharge calculations.

If a student withdraws from the university after the eight-week deadline, WF grades will be recorded. WF grades are calculated in the student's GPA as F (failing) grades.

MILITARY CALL-UP POLICY

Leaving Prior to the Completion of a Term

A student voluntarily or involuntarily called for active military duty in the Armed Services Reserve or the National Guard is eligible to elect one of the following options for leaving prior to the completion of a term:

A. Complete Withdrawal Option (without academic penalty)

- Tuition and general fees are fully refundable.
- Health fees are generally fully refundable, except for students who have used UNCG health services. These students would be billed at the service rate to a maximum charge equivalent to the health fee. Students who have enrolled in the Student Health Insurance program should contact the Agent for information on a pro-rated refund of premium.
- Room and board is refunded based on the number of weeks the room is occupied and the meals consumed.

- The student is still responsible for all miscellaneous charges such as library fines, parking tickets, health service charges, etc.

In order to be eligible for a refund under these guidelines, the student must contact the University Registrar's Office and provide the following:

- a copy of his or her call-up papers; these serve as documentation for the refund of tuition and fees
- a mailing address to which the student would like the refund to be sent

The University Registrar's Office will notify appropriate offices of the student's withdrawal including Undergraduate Studies, the Graduate School, Financial Aid Office, Housing and Residence Life, and the Cashiers and Student Accounts Office.

In order for a student living in UNCG housing to receive a refund from the Department of Housing and Residence Life, room keys must be returned to the appropriate office.

If a student is receiving financial aid when called to active duty, financial aid must be repaid according to federal and state guidelines before a refund will be issued by the UNCG.

B. Early Exam Option

A student who is required to report for military duty not earlier than four calendar weeks prior to the date a semester ends as stated in the official catalog of the UNCG (or after completion of at least 75% of the enrollment period in a non-standard semester) may, when authorized by the instructor, take the final exam early and be given full credit for all courses that have an average grade of C or better. Students are not eligible for refunds for which they receive credit.

C. Incomplete Grade Option

A student who is required to report for military duty prior to the completion of a term may take a grade of incomplete in a course and complete it upon release from active duty. Course completion may be accomplished by independent study or by retaking the course without payment of tuition and fees. Under federal financial aid policies, a course that is retaken in this manner may not be counted toward a student's enrollment load. An eligible student who receives an incomplete for any course is not entitled to a refund of tuition or fees paid.

Returning to UNCG Within the Same Term

A student called for active duty and subsequently released within the time frame to re-enroll during the semester of

withdrawal may pursue re-enrollment within the same term. UNCG will make every effort to accommodate the request. Individual contacts with faculty involved will determine appropriateness of returning to a course.

Returning to UNCG at the Start of a New Term

A student voluntarily or involuntarily called for active military duty in the Armed Services, Armed Services Reserves, or the National Guard who wants to return to UNCG must submit an application for readmission to UNCG Undergraduate Admissions.

The returning student is eligible to have the application fee waived if:

1. The student selects the option to pay by check during the application process.
2. The student notifies the UNCG VA Certifying Official of the intent to return and provides a copy of orders, confirming dates of call to active duty.

The re-enrolled student is technically ineligible to participate in early registration for the term of re-enrollment; however, UNCG will arrange a priority window to assist the student in returning with appropriate classes that are applicable toward the field of study.

University Requirements

Undergraduate Degrees and Degree Requirements

UNDERGRADUATE DEGREES

UNCG offers six baccalaureate degrees:

B.A.	Bachelor of Arts
B.F.A.	Bachelor of Fine Arts
B.M.	Bachelor of Music
B.S.	Bachelor of Science
B.S.N.	Bachelor of Science in Nursing
B.S.W.	Bachelor of Social Work

REQUIREMENTS FOR A BACHELOR'S DEGREE

A bachelor's degree from UNCG is awarded to a student who has met the following requirements:

1. Successful completion of a minimum of 122 semester hours, distributed as follows:
 - a. General education core (GEC): 36–37 s.h. (minimum)
 - b. General education marker courses (may also satisfy General Education core and/or major requirements)
 - c. Additional College/School requirements
 - d. Major subject and related areas: as required by program
 - e. Electives: as required by program

Total minimum s.h.: 122

2. A grade point average on the semester hours attempted of not less than 2.0
3. At least 36 s.h. of courses at the 300 course level or above
4. At least 31 s.h. in residence at UNCG, 12 of which must be in the major field and nine (9) of which must be in the minor if a minor is sought

The College of Arts and Sciences and each of the five professional schools—Joseph M. Bryan School of Business and Economics; Education; Health and Human

Sciences; Music, Theatre, and Dance; and Nursing—have structured their individual degree programs to comply with this all-university degree framework.

Students who are undecided about their major are advised through the College of Arts and Sciences Advising Center (CASA). CASA advisors help these students determine the major program (in the College or one of the professional schools) that is best suited for them while they complete courses in the General Education Core.

AVERAGE TIME TO GRADUATION

Many factors affect both the length of time and the number of semester hours an individual student will require to complete the baccalaureate degree. At UNCG the median number of months to graduation for full time students is 46. The median number of credit hours completed is 125.

Full time undergraduate students are expected to complete at least 12 hours per semester. Failure to complete an average of 15 hours per semester may lengthen the student's time to graduation. Some majors do require formal admission beyond that required for admission to the University in general.

Students should meet with their academic advisors regularly to plan their academic schedules. To graduate, students must complete specific University requirements as well as requirements within the major. Students who change majors may find that additional requirements must be fulfilled. Changing majors excessively, or after the third or fourth semester of study, may also lengthen the time to graduation. Also see Tuition Surcharge.

Criteria for admission to a specific major (outlined in this *Bulletin*) and continuation in that major may include a University grade point average exceeding that required for continuation within the University as a whole. Students considering such majors should become familiar with the guidelines, and work with an academic advisor as soon as possible to ensure that they meet the criteria.

CHANGES IN DEGREE REQUIREMENTS AND OTHER REGULATIONS

The University reserves the right to make changes as required in course offerings, curricula, academic policies, and other rules and regulations affecting students, to be effective whenever determined by the University. These changes will govern current and formerly enrolled students. Enrollment of all students is subject to these conditions.

General Education Program

The UNCG General Education Program, approved by the UNCG Faculty Senate in March 2000, is effective for new undergraduates entering UNCG in Fall 2001 and thereafter. The Speaking Intensive (SI) General Education Marker requirement became effective Fall 2002.

Philosophy of UNCG's General Education Program

The faculty and staff of The University of North Carolina at Greensboro are dedicated to student learning and believe that the best evidence of this commitment is the caliber of UNCG graduates. A UNCG graduate should combine specialized education in a major with the skills, knowledge, and understanding necessary to be a lifelong learner, an ethical and independent decision maker, a critical and creative thinker, a clear and effective communicator, and a responsible citizen.

The character and abilities of an educated person are the product not solely of a specific battery of courses but of an entire process of education. The mandate to foster the knowledge, character, and sensibility of a university-educated person belongs to the entire university, not to a single department or unit. To the extent possible, learning in the General Education Core should provide foundations and alternative perspectives for the more specialized knowledge gained in the major, while learning in the major should build upon and extend the work that is done in general education courses.

UNCG General Education Mission and Goals

The faculty and staff of The University of North Carolina at Greensboro embrace student learning as its highest priority. Our General Education Program provides students with the foundational knowledge, skills, and values necessary to be critical and creative thinkers, ethical decision-makers, effective communicators, and collaborative and engaged global citizens. The breadth of General Education empowers our students to thrive as lifelong learners who lead personally fulfilling lives. The mandate to foster an educated person belongs to the entire university, not to a single department, unit, or cocurricular program. Thus, the General Education Program provides foundations and alternative perspectives for the more specialized knowledge gained in the major. Likewise, the major builds upon and integrates knowledge, skills, and attitudes learned in General Education courses and the cocurriculum.

Learning Goals

LG1. Foundational Skills: *Think critically, communicate effectively, and develop appropriate fundamental skills in quantitative and information literacies*. [GRD, WI, SI, GLT, GFA, GPR, GHP, GMT, GNS, GSB, GL, GN]

LG2. The Physical and Natural World: *Understand fundamental principles of mathematics and science, and recognize their relevance in the world*. [GMT, GNS]

LG3. Knowledge of Human Histories, Cultures, and the Self: *Describe, interpret, and evaluate the ideas, events, and expressive traditions that have shaped collective and individual human experience through inquiry and analysis in the diverse disciplines of the humanities, religions, languages, histories, and the arts*. [GLT, GFA, GPR, GHP, GSB, GL, GN]

LG4. Knowledge of Social and Human Behavior: *Describe and explain findings derived from the application of fundamental principles of empirical scientific inquiry to illuminate and analyze social and human conditions*. [GPR, GSB, GL, GN]

LG5. Personal, Civic, and Professional Development: *Develop a capacity for active citizenship, ethics, social responsibility, personal growth, and skills for lifelong learning in a global society. In so doing, students will engage in free and open inquiry that fosters mutual respect across multiple cultures and perspectives*. [GFA, GPR, GNS, GSB, GL, GN]

To ensure that students attain these Student Learning Goals by graduation, UNCG requires that they complete the General Education Core (GEC) requirements listed in this Bulletin. Other requirements and opportunities in the major program, the minor program (if any), and the total undergraduate experience build on the foundation of the GEC and contribute to the attainment of these goals. Students are thus given the opportunity to work toward each goal not just in one course, but in a series of courses and learning experiences encountered from the freshman through the senior year. Alternative ways to demonstrate competencies will be available to students with documented disabilities.

Approved by Faculty Senate on April 1, 2009; Approved by the General Faculty on April 29, 2009.

Amended by the Faculty Senate on April 7, 2010.

GENERAL EDUCATION REQUIREMENT ABBREVIATIONS

Courses approved as meeting requirements in the general education core or marker areas are indicated by one of the following abbreviations following the course title and credit:

GE Core Category Abbreviations

GFA	Fine Arts
GHP	Historical Perspectives on Western Culture
GLT	Literature
GMT	Mathematics

University Requirements

GNS	Natural Sciences
GPR	Philosophical/Religious/Ethical Perspectives
GRD	Reasoning and Discourse
GSB	Social and Behavioral Sciences

GEC Marker Abbreviations

GL	Global Perspectives
GN	Global Non-Western Perspectives
SI	Speaking Intensive
WI	Writing Intensive

GENERAL EDUCATION CORE CATEGORY/MARKER DESCRIPTIONS

The following are brief descriptions of the General Education Core categories and markers, their methods, and learning goals.

Humanities and Fine Arts (GLT, GFA, GPR)

Literature (GLT)

Students read and write about selected works of prose and/or poetry from diverse cultural traditions, analyzing the context, aims, and methods of literary expression.

Fine Arts (GFA)

By focusing on painting, sculpture, architecture, drama, dance, cinema, or music, students gain understanding of the aims and methods of artistic expression and the role of cultural traditions and artistic value in human society.

Philosophical/Religious/Ethical Perspectives (GPR)

For two or more significant philosophical, ethical, and/or religious traditions, students examine and compare assumptions, modes of thought, and attendant practices, and analyze their effects on behavior.

Historical Perspectives (GHP)

Students use an historical approach to a specific region and period to explore the context of events (social structure, economics, political systems, culture, or beliefs), evaluate evidence and divergent interpretations, and communicate historical ideas in writing.

Natural Sciences (GNS)

By focusing on the concepts of one physical or biological science, students gain understanding of scientific inquiry as they analyze empirical information, distinguish between

primary research and secondary reports, and communicate effectively about scientific issues.

Mathematics (GMT)

Students gain the skills to perform computations on data, to use mathematical principles to solve problems, and to reason with and manipulate concepts within a mathematical system.

Reasoning and Discourse (GRD)

Students gain skills in intellectual discourse, including constructing cogent arguments, locating, synthesizing and analyzing documents, and writing and speaking clearly, coherently, and effectively.

Social and Behavioral Science (GSB)

By focusing on a particular discipline which studies the behavior of individuals, groups, or organizations, students learn to use its methodology and theoretical framework to interpret, analyze, and evaluate the broader social contexts of individual events or situations.

Global (GL)

In a course in any subject, students focus on the interconnections among regions of the world, interpret and evaluate information on diverse ecologies, human societies, artistic achievements, or political systems, and gain sensitivity to cultural differences on a global scale.

Global Non-Western (GN)

In a course in any subject, students focus on the interconnections among regions of the world other than North America, Great Britain, and continental Europe, interpret and evaluate information on diverse ecologies, human societies, artistic achievements, or political systems, and gain sensitivity to cultural differences on a global scale.

Speaking Intensive (SI)

In a course in any subject, students receive instruction in an appropriate mode of oral communication (interpersonal or small group communication, or presentational speaking), and enhanced opportunities to practice improvement of oral communication skills.

Writing Intensive (WI)

In a course in any subject, students demonstrate their understanding of its concepts and materials through writing, using constructive criticism from readers to revise drafts and produce one or more clear, coherent, and effective written assignments appropriate to the field.

GENERAL EDUCATION CORE REQUIREMENTS

I. GEC Category Requirements (36–37 total semester hours required)

Select courses as indicated from the following categories:

Humanities and Fine Arts (12 s.h.)

One course from Literature list—GLT (3 s.h.)

One course from Fine Arts list—GFA (3 s.h.)

One course from Philosophical/Religious/ Ethical Perspectives list—GPR (3 s.h.)

One additional course from any of the above (3 s.h.)

Historical Perspectives—GHP

One course from Historical Perspectives list (3 s.h.)

Natural Sciences—GNS (6–7 s.h.)

Two courses from Natural Science list as follows:

- One must be a laboratory course.
- Each must have a different departmental course prefix (e.g., AST, ATY, BIO, CHE, etc.).

Mathematics—GMT

One course from Mathematics list (3 s.h.)

Reasoning and Discourse—GRD (6 s.h.)

- ENG 101 or FMS 115 or RCO 101 (3 s.h.)
- One additional course from Reasoning and Discourse list (3 s.h.)

Social and Behavioral Science—GSB

Two courses from Social and Behavioral Science list (6 s.h.)

II. GE Marker Requirements

Fulfill the following requirements:

One writing intensive course (indicated in the online *Schedule of Courses* by marker WI) in any discipline

[In addition to this GE Writing Intensive requirement, students must also complete a second Writing Intensive course within the major. The College of Arts and Sciences requires additional Writing Intensive courses]

One speaking intensive course (indicated in the online *Schedule of Courses* by marker SI) in any discipline

[In addition to this GE Speaking Intensive requirement, students must also complete a second Speaking Intensive course within the major.]

Four Global Perspectives courses (indicated in semester *Schedule of Courses* by markers GL or GN)

- At least one of the Global Perspectives courses must carry the GN (non-Western course) marker
- GL/GN courses may include a maximum of two courses in a foreign language (6 s.h.)
- One GL/GN course requirement is waived for each semester completed in a credit-bearing Study Abroad experience, up to a maximum of two course waivers. A summer program abroad counts as a semester.
- A foreign language course completed to meet an admission deficiency does not meet a GL or GN requirement.

Courses used to meet the core category requirements (#1 above) also fulfill the marker requirements if the course carries the indicated marker in the online *Schedule of Courses*. Other marker courses are also available, including courses in the major. It is therefore possible to meet all GE Marker requirements while completing the courses under #1 above and/or courses required for the major.

Waivers of Marker Courses for Incoming Students Transferring 60 or More Hours

Students who initially enroll with 60 or more transfer hours are required to take just one SI course and one WI course, both in the major, and two Global Perspectives courses, one of which must carry the GN marker.

III. Work toward Student Learning Goals outside the GEC

The General Education Core provides a foundation for progress toward the UNCG Student Learning Goals. These goals are then reinforced in the major and minor programs that students complete before graduation. In addition to the

University Requirements

GEC and marker requirements described above, all bachelor's degree programs require:

- **At least one additional writing intensive course (WI) in the major**
- **At least one additional speaking intensive course (SI) in the major**
- **Proficiency level in technology as required for the major**
- **Proficiency level in information skills/research as required for the major**

GENERAL EDUCATION CORE COURSES

The courses listed in the following table have been approved by the General Education Council, which is responsible for their oversight. Courses listed below may also carry SI or WI markers for a given semester. See the Course Schedule in *UNCGenie* for complete General Education core and marker listings.

For additional information, refer to:

- General Education Program topic in the University Requirements section of this Bulletin
- College of Arts and Sciences Additional Requirements (CAR) topic in the College of Arts and Sciences portion of the Academic Units and Areas of Study section of this Bulletin.

GENERAL EDUCATION CREDIT THROUGH STUDY ABROAD

Students may receive General Education Core category and Marker Credit and College Additional Credit (CAR) for courses taken in three overseas programs offered by the University's International Programs Center. For information about these courses, contact the International Programs Center, 127 McIver Street, UNCG, 336/334-5404.

Fall Semester in Estonia

Political System and Administration (GSB)
Estonian History (GHP)
Estonian Literature in Translation (GLT-GN)
Estonian Culture (GFA)
Ecology and Nature in Estonia (GNS)
Economy (GSB)

Fall Semester in Finland

Cultures and Societies of Scandinavia (GSB)
Indigenous Cultures of the Polar Region (GN)

Arts of Scandinavia (GFA)

Finnish and Scandinavian Literature in Translation (GLT-GN)

Nordic Nature and Environment (GNS)

Spring Semester in Poland

Arts in Contemporary Poland (GFA)

Culture and Society in Contemporary Poland (GSB)

Evolution of Political Systems in Eastern Europe (GSB)

History of Poland (GHP)

Transition of Central European Countries to Market Economies (GSB)

Polish Literature in Translation (GLT-GN)

WRITING INTENSIVE (WI) AND SPEAKING INTENSIVE (SI) COURSES

GEC requires one WI and one SI marker course from any discipline; a second WI course and a second SI course are to be taken in the major. Please note that the College of Arts and Sciences requires additional WI courses.

Throughout the year, Writing Intensive (WI) and Speaking Intensive (SI) courses are approved for offering by the Writing Intensive and Speaking Intensive Committees. Since most WI and SI courses are approved to carry the WI or SI marker only for specific instructors or only for a given term, lists of WI and SI courses are not published in the *Undergraduate Bulletin*.

Enrollment in certain Writing Intensive and Speaking Intensive courses is restricted to majors in that program. Students should always be aware of course prerequisites and other course restrictions as stated in this Bulletin before attempting to register for a course.

Basic Technology Competencies

UNCG recognizes that the ability to utilize appropriate technologies is an essential proficiency for a university graduate in the twenty-first century. The university has established a list of Basic Technology Competencies in the categories of computer operation; setup; maintenance and troubleshooting; word processing; spreadsheet/graphing; library research; networking; telecommunication; use of Internet/Web; media communications; and multimedia integration. The list of these competencies is available as an on-line resource, and provides several means available to UNCG students for acquiring each competency, with options that include campus workshops, computer lab staff

support, and Web sites. Go to UNCG Basic Technology Competencies to view and access these resources.

UNCG students are expected to use a variety of these basic technology competencies and additional competencies relevant to their fields of study. Incoming students should review the basic competencies and work to correct any deficiencies.

Information and Research Skills Competencies

In addition to basic technology skills, information literacy, which is the acquisition of information skills and research competencies, is an important Learning Goal of the General Education Program. Familiarity with information resources is essential in acquiring such skills, and these skills should be integrated into the academic curriculum. To assist students in gaining these skills, UNCG's university Libraries offers two levels of information literacy instruction to undergraduates:

1. First-Year Undergraduates—students achieve orientation to research skills by completing the Library's Web tutorial and/or attending an instructional session, led by a librarian, that is integrated into one of their courses.
2. Upper Division Undergraduates—students who have not achieved the objectives of library instruction for first-year students may use the Library's Web tutorials designed for this purpose. In addition, more advanced skills may be gained through sessions that relate directly to course assignments and are arranged by teaching faculty for specific classes. Librarians tailor instruction to specific disciplines and assignments and also meet with students to offer individual assistance.

See http://library.uncg.edu/info/help/classes_and_tours.aspx and <http://library.uncg.edu/research/tutorials/> for additional information.

Definitions of Academic Program Terminology

GUIDE TO COURSE DESCRIPTIONS

Course descriptions are comprised of the following information:

- course number—each course description is represented by a three-letter prefix (indicating the department or program within which the course is taken) and a three-digit course number.
- course title

- course credit (in parentheses)—after each course title are two (or three) numbers separated by colons which indicate semester hours credit, lecture, and laboratory hours.
- description of course content
- prerequisites and/or corequisites
- courses with which the course may be cross-listed (i.e., Same as . . .)
- frequency of offering
- General Education credit (Distribution)
- special information (Notes), which may include:
 - special restrictions or other requirements
 - repeat-for-credit notation, if course can be repeated
 - grading mode, if other than letter grade
 - previous course occurrences, if renumbered or prefix changed (i.e., Formerly . . .)
 - equivalent course credit

See topics listed below for explanations of the above items.

Course Numbers and Levels

Course level numbers are structured as follows:

- 100–199—intended primarily for freshmen
- 200–299—intended primarily for sophomores
- 300–399—intended primarily for juniors
- 400–499—intended primarily for seniors
- 500–599—intended for advanced undergraduates and graduate students; these courses are not open to freshmen and sophomores
- 600–749—registration restricted to students who are classified as graduate students
- 750–799—registration restricted to students admitted to doctoral programs

Undergraduates are reminded that a minimum of 36 semester hours must be completed at the 300 level or above to meet graduation requirements.

Course descriptions for graduate-level courses (600 and 700 level) are printed in the Graduate School Bulletin.

Course Credit Hours

Course credit, or semester, hours are indicated in parentheses immediately following the course title. The first figure indicates the number of semester hour credits awarded for the course. The second and third figures indicate the number of lecture/seminar and laboratory/studio/practice hours normally scheduled each week during the semester in the course.

For example, (3:2:3) indicates the course carries three semester hour credits, meets for two lecture/seminar hours and three laboratory/studio hours each week.

When only two figures appear in the parentheses, there are no laboratory or studio hour requirements. For example, (3:3) indicates that the course carries three semester hour credits and meets for three lecture/seminar hours per week.

Graduate courses and certain other courses may have only one figure enclosed in parentheses, which indicates only the number of semester hours credit given.

Normally, a class period is 50 minutes in length for each semester hour given.

Two course numbers separated by a comma indicate a sequence of two courses with closely related content.

Course Type Abbreviations with Instructional Delivery Method

ACT—Physical Activity

A course requiring students to participate in physical training, physical conditioning, or other physical exercise activities, sports, or games.

CLN—Clinical

A course requiring medical or healthcare focused experiential work where students test, observe, experiment, or practice a field or discipline in a hands on or simulated environment.

COL—Colloquia

A course requiring students to participate in an unstructured or informal meeting for the exchange of views on a specific topic with an expert or qualified representative of the field or discipline.

DSC—Recitation

A course requiring the extended expression of thought supported by generally-accepted principals or theorems of a field or discipline led by a teaching assistant or instructor under the guidance of a permanent faculty member, which often supplements or expands upon the content of a related or corequisite course.

DTS—Dissertation or Thesis

Dissertation or thesis.

ENS—Recital, Performance, or Ensemble

A course requiring recital, performance, or ensemble focused experiential work, where students practice in group settings or rehearse and ultimately perform works of music, dance, or theatre for a jury or audience.

IND—Individual Study

A course requiring students to participate in individualized, independent, directed, or guided studies under the supervision of an expert or qualified representative of the field or discipline that cannot be otherwise classified as INI, PRC, or ENS.

INI—Internship, Field Experience, or Cooperative Education

University Requirements

A course requiring students to participate in a partnership, professional employment, work experience, or cooperative education with an entity external to the institution, generally under the supervision of an employee of the given external entity. *Does not include organized course meetings.*

INT—Internship, Field Experience, or Cooperative Education

A course requiring students to participate in a partnership, professional employment, work experience, or cooperative education with an entity external to the institution, generally under the supervision of an employee of the given external entity. *Includes organized course meetings with instructor.*

LAB—Lab

A course requiring scientific or research focused experiential work where students test, observe, experiment, or practice field or discipline in a hands-on environment.

LEC—Lecture

A course requiring the extended expression of thought supported by generally accepted principals or theorems of a field or discipline led by an expert or qualified representative of the field or discipline.

LEL—Lecture and Lab

A course that requires the combined attributes of a Lecture course and a Lab course.

PRC—Practicum

A course requiring students to participate in an approved project or proposal that practically applies previously studied theory of the field or discipline under the supervision of an expert or qualified representative of the field or discipline. *Includes organized course meetings with instructor.*

PRF—Recital, Performance, or Ensemble

A course requiring recital, performance, or ensemble focused experiential work, where students practice or rehearse during individual lessons in works of music, dance, or theatre.

PRI—Practicum

A course requiring students to participate in an approved project or proposal that practically applies previously studied theory of the field or discipline under the supervision of an expert or qualified representative of the field or discipline. *Does not include organized course meetings.*

SAB—Study Abroad

A course (primarily face to face) that is taught by a school, not in the United States, that a UNCG student is taking as part of an international learning experience approved by

the International Programs Office and where UNCG awards academic credit.

SEM—Seminar

A course requiring students to participate in structured conversation or debate focused on assigned readings, current or historical events, or shared experiences led by an expert or qualified representative of the field or discipline.

STT—Student Teaching

A course requiring students to instruct or teach at an entity external to the institution, generally as part of the culminating curriculum of a teacher education or certification program.

STU—Studio

A course requiring visual or aesthetic focused experiential work where students test, observe, experiment, or practice a field or discipline in a hands-on environment.

WEB—Web Course, Fully Online

A course delivered in a fully online setting. While Web-based, may in other aspects resemble Lecture, Lab, Seminar, Clinical, or other organized course instructional formats.

WLC—Lecture with Web Components

A hybrid course with both online and face-to-face components requiring regular organized course meetings. No more than 50% classroom space will be assigned to Web hybrid courses.

WLL—Lecture and Lab with Web Components

A hybrid course with both online and face-to-face components requiring regular organized classroom and lab based meetings. No more than 50% classroom space will be assigned to Web hybrid courses.

Course Description

The description of a course is necessarily brief and is intended to give students a concise overview of course content. A course syllabus, which contains complete details about a course's content and requirements, may be obtained from the department or instructor.

Course Prerequisites and/or Corequisites

A prerequisite is a course that must be completed before another course may be taken. A corequisite is a course that must be taken concurrently with another course. Prerequisites and corequisites are indicated with the heading Prerequisite or Corequisite followed by the requirements that must be met before that course may be taken. A student may not enroll in a course without having completed the proper prerequisites unless these prerequisites have been waived by the head of the department in which the course is offered.

Cross-Listed Courses

Each semester a number of courses are cross-listed with courses taught in a different department. These courses meet in the same room at the same time but have different course prefixes and may have different numbers. Cross-listed courses are listed under the Cross Listed Courses heading (“Same as . . .”). Students should be aware of cross-listings before registering in order to avoid taking a course for which they will not receive additional credit.

Frequency of Course Offering

Many courses indicate the semester(s) in which they are usually offered. This information is listed under the Offered heading:

- (Fall & Spring)—course usually offered both fall and spring semesters.
- (Fall & Spring & Summer)—course usually offered fall and spring semesters and summer session.
- (Fall or Spring)—course usually offered either fall or spring semesters.
- (Fall or Spring or Summer)—course may be offered fall semester, or spring semester, or summer session.
- (Fall or Spring or Winter)—course may be offered fall semester, or spring semester, or winter session.
- (Fall)—course usually offered fall only.
- (Spring)—course usually offered spring only.
- (Summer)—course usually offered summer only.
- (Alt)—course usually offered only in alternate semesters or years.
- (Even, Odd)—course usually offered in even or odd semesters or years.
- (Occ)—course offered occasionally.

Students should also be aware that regularly scheduled undergraduate classes for which fewer than ten students enroll (or graduate classes for which fewer than five students enroll) will be offered only with special approval of the Provost. If enrollment does not justify continuation of a class, the class may not be offered that semester.

General Education Requirement Abbreviations

See the General Education Program topic in the University Requirements section.

Other Course Restrictions

Some courses carry additional restrictions (Freshmen only; Majors only; etc.). Such restrictions are also listed in the prerequisite notation.

Repeat-for-Credit Notation

Some courses may be repeated for credit under special circumstances. Such information is listed in the Notes.

Grading Method

Courses are graded by letter grade (A–F) unless otherwise noted in the course description. If a course is graded other than by letter grade, this information is stated after the prerequisite listing. Also see the topic on Grading in the Academic Regulations and Policies Section.

Pass/Not Pass Courses

Undergraduate/advanced undergraduate courses that are graded P/NP (Pass/Not Pass) or S/U (Satisfactory/Unsatisfactory) and are so noted in their descriptions.

Equivalent Course Credit

A number of undergraduate courses have course content that is considered equivalent to other similar courses. The course entry in this bulletin will contain a notation under the Notes heading—such as “Students may not earn credit for both . . .” Students should be aware of such equivalencies before registering in order to avoid taking a course for which they will not receive additional credit.

UNDERGRADUATE AREAS OF STUDY

Undergraduate areas of study include all majors, concentrations, teacher licensure programs, minors, and second majors that are available to UNCG students. Each area of study carries a unique code, which is used to identify the program. Students seeking a baccalaureate degree must select a primary major, and may, after consultation with an advisor, also select a minor or a second major. See Undergraduate AOS (Area of Study) Codes in the Academic References section.

Also refer to the Academic Units section for a complete list of available areas of study by school and/or department.

MAJOR DESCRIPTION AND PROGRAM REQUIREMENTS

A major is a formalized curricular program leading to a degree. A concentration is a formalized curricular sequence established to achieve a specific goal within a major. Each academic unit or department establishes the course requirements for each major program, concentrations within a major, and related area requirements. All program requirements follow the general structure described below.

Major Description

The following information is always included at the beginning of the major listing:

1. Name of major
2. Degree awarded
3. Total hours required for the degree
4. Area of Study Codes (AOS)
5. Concentrations available (if more than one area of study is available)

Program Admission Requirements

Special program admission and/or continuation requirements, if any, are listed immediately following the description of the major and degree. A number of programs have requirements that must be met before the student can be formally admitted to the major and permitted to take upper-level courses. Such requirements usually involve completion of foundation courses, achievement of a certain GPA, and completion of a specified number of semester hours. Certain programs require portfolio review or audition for admission.

Program Course Requirements

General Education Requirements

All students completing undergraduate degrees at UNCG are required to complete General Education Core and Marker Requirements. All undergraduate programs follow General Education requirements. Most programs in the College of Arts & Sciences have College Additional Requirements (CAR) in addition to the General Education requirements. General Education core and marker requirements, including specific courses specified by the program, are listed prior to the major requirements.

Major Requirements

Major requirements include all courses that must be taken within the major department for completion of the degree. All undergraduate majors require a minimum of 27 hours in the major program of study.

Majors that provide students with more than one concentration or area of study within the major will usually separate the Major Requirements into Core Requirements and Additional Concentration Requirements. Core courses are those courses required of all students in the major, regardless of concentration. Concentration requirements are additional courses required only for a specific concentration.

A program of study taken by a student as a second major, in addition to the student's primary major, must meet all requirements as stated for that major. For example, a student pursuing English as the primary major who wishes to obtain a second major in French, must meet all the

requirements for the English major as well as those for the French major.

Related Area Requirements

A number of majors require courses from other departments or programs for completion of the degree. Such courses are listed as "Related Area" requirements following the major requirements.

Teacher Licensure Requirements

Programs that lead to teacher licensure also list teacher licensure requirements.

Second Academic Concentration Requirements for Teacher Licensure Programs

Several teacher licensure programs require students to complete a second academic concentration in addition to the primary major program. Students in teacher education programs should check with their advisors or with the School of Education Licensure Programs for available second academic concentrations.

Electives

Most programs do not specify which electives a student must take although some may make suggestions. Electives are those courses taken to complete the hours required for the degree after fulfilling General Education requirements and major, related and/or other program requirements.

MINORS

A minor is a formalized curricular sequence taken by a student outside his or her major area of study. Programs that can be taken as minors are described following descriptions of the major and second major. A minimum of 15 hours in a department is required to complete an area of study as a minor. Several areas of study can be taken only as minors. See individual programs for details.

SPECIAL CURRICULUM OPTION (PLAN II)

For students whose needs are not met by the formal majors and degrees offered at UNCG, a special curriculum option—called Plan II—allows students to design their own course of study in consultation with appropriate faculty.

Students desiring to pursue Plan II should be advised that there is no guarantee that their proposed program will lead to graduation until it has been fully approved. Developing a program is a time consuming process, often taking one year from initial intent to final approval. Students must file a statement of intent to pursue Plan II with the Students First Office prior to registering for their last 45 hours. Required steps have been adopted by the Undergraduate Curriculum Committee for approving Plan II programs.

The following is an abbreviated description of the procedures that must be followed:

1. Consult with the director of the Students First Office regarding general requirements and procedures. All general university requirements and minimum admission requirements for the desired departmental programs must be met by any Plan II program.
2. Select a faculty advisor with expertise in the interdisciplinary major.
3. Select another member of the faculty to serve on an advisory committee.
4. Develop a formal proposal with the committee (the faculty members and director of the Students First Office).
5. Send proposal to Undergraduate Curriculum Committee.

Minor modifications to an approved Plan II program may be made if approved by both the faculty advisor and the director of the Students First Office. Other modifications require the full process outlined.

Student Outcomes Assessments

UNCG requires students to participate in student outcomes assessments from time to time prior to their graduation. Most of these activities consist of in-class assessments. However, students may also be invited to complete tests measuring other learning outcomes such as information literacy or science. These tests may occur outside of the classroom and at different times in a student's career. Scores on these tests are not used to evaluate students on an individual basis, but are used to evaluate learning across the university's programs. Participation is expected.

Academic Units and Areas of Study

The College of Arts and Sciences

105 Foust Building

John Z. Kiss, Professor and Dean of the College

Denise N. Baker, Professor and Associate Dean

Robert C. Hansen, Professor and Associate Dean

Thomas Kwapil, Professor and Associate Dean for Research

Through its programs, courses, and faculty, the College of Arts and Sciences empowers students to succeed by embracing the challenges of a complex, changing world. A liberal education also prepares students for informed and reflective participation in society, for sustained cultural and aesthetic enjoyment, and for a lifetime of learning.

The College of Arts and Sciences is composed of the departments of Anthropology; Biology; Chemistry and Biochemistry; Classical Studies; Communication Studies; Computer Science; English; Geography; History; Interior Architecture; Languages, Literatures, and Cultures; Mathematics and Statistics; Media Studies; Philosophy; Physics and Astronomy; Political Science; Psychology; Religious Studies; and Sociology. The College also includes Freshman Seminars, African American Studies, Archaeology, Environmental and Sustainability Studies, Humanities, Integrated Science, International and Global Studies, Social Sciences, and Women's and Gender Studies.

CASA, the College advising center, provides academic assistance for first-year students.

Major Requirements

Major requirements are described for each program listed. A course cross-listed in the major department must be taken within the major and counts toward the total hours in the major.

Minor Requirements

Most departments and interdepartmental programs of the College offer a minor program which may be taken in conjunction with a major. A minor usually requires 15 to 21 hours in a department. No more than 8 of the department hours may be taken at the 100 level and at least 9 hours must be taken in residence at UNCG.

Second Majors

A student may take a second major in conjunction with the first major. This program requires a minimum of 27 semester hours in each of two approved majors. All requirements of each major must be met; hours from the second major can be applied toward General Education requirements. A student with a first major outside the College who chooses a second major in one of the College departments is required to complete all of the departmental requirements for the second major but need not satisfy the Additional College General Education requirements (CAR). In the case of transfer students, at least 15 hours in each major must be taken at UNCG.

COLLEGE OF ARTS AND SCIENCES ADDITIONAL REQUIREMENTS (CAR)

Freedom and self-motivation in the context of a rational plan of disciplined study are fundamental to a liberal arts education. Students are encouraged to seek relationships among the various subjects studied and to develop a coherent intellectual perspective. To aid in this process, the College requirements build upon the university's General Education requirements.

In addition to the course requirements stated in the university's General Education Core (GEC), students majoring in the College of Arts and Sciences must also complete the following:

Humanities (Literature GLT, Fine Arts GFA, Philosophical/Religious/Ethical Perspectives GPR)

Students in the college must distribute the 12 semester hours required by GEC in the Humanities as follows:

GLT, six (6) hours;

GFA, three (3) hours;

and GPR, three (3) hours.

Historical Perspectives (GEC: GHP; CAR: GPM and GMO)

Students must complete a total of six (6) semester hours in GHP courses, with one course chosen from the premodern (GPM) list and one from the modern (GMO) list.

Natural Sciences (GEC: GNS; CAR: GLS and GPS)

Students must complete a total of 9–10 semester hours in GNS courses, with at least one course chosen from the Life Science (GLS) list, and at least one course chosen from the Physical Science (GPS) list. One of the three must include a laboratory.

Social and Behavioral Sciences (GSB)

Students must complete a total of nine (9) semester hours in GSB courses, with courses taken from at least two different academic departments.

Foreign Language (GFL)

Students are required to demonstrate intermediate-level proficiency in a foreign language. The typical sequence of UNCG courses for foreign language is 101, 102, 203, and

204. The college considers successful completion of the 204 course a demonstration of proficiency. Students may place out of one or more courses through a placement test.

Students whose high school courses were taught in a foreign language may document their proficiency with a high school transcript. Students who are proficient in a language other than those taught at UNCG may submit a letter of certification from a professor at any accredited U.S. college or university documenting proficiency.

Six hours of foreign language course work, with the exception of American Sign Language, may be used toward the General Education marker requirement of 12 hours of Global (GL) or Global Non-Western (GN) courses.

Petitions for exemption from the foreign language requirement will be considered only in the most exceptional circumstances when an otherwise qualified student has submitted evidence that the Modified Foreign Language Program in Spanish cannot provide appropriate accommodations for his or her disability or language-learning difficulty. Students with documented learning disabilities or demonstrable long-standing difficulties learning a foreign language can apply for the Modified Foreign Language Program through which they may demonstrate proficiency. In very rare cases, a substitution for the 203 and/or 204 level of a foreign language may be considered.

The following reasons do not merit an appeal:

- Change of major from a professional school to the College of Arts and Sciences, or change within the College of Arts and Sciences from a B.F.A. to a B.A. degree.
- Concerns about grade point average (GPA)
- Dislike of the requirement
- Failure to plan adequately for the graduation timeline, including interruptions of the foreign language sequence that make future foreign language success more difficult
- Failure to succeed in a single course
- Misunderstanding of the degree requirements
- Differences in General Education requirements between the College of Arts and Sciences and previously attended institutions
- Waivers or substitutions offered by previously attended institutions

Please contact College of Arts and Sciences Advising at 336-334-4361 for further information.

For information concerning the Modified Foreign Language Program, see

www.uncg.edu/lc/languages/spanish/modifiedFL.html.

Students are reminded that they will be eligible for election to the UNCG chapter of Phi Beta Kappa only if they have completed the equivalent of six semester hours of foreign language study, excluding American Sign Language, at the intermediate (203–204) college level.

Writing Intensive Courses (WI)

Students in the College of Arts and Sciences must complete a total of four Writing Intensive (WI) courses:

At least one of the four Writing Intensive courses must be in the student's primary major and at least one must be in the upper division (300 and above). A single course may satisfy both the requirement for a course in the major and the requirement for a course in the upper division, as long as a total of four Writing Intensives are taken.

Transfer students:

- Students with 30–59 transfer hours are required to take three Writing Intensive courses. One of the three must be in the student's primary major and at least one must be in the upper division (300 and above). A single course may satisfy both the requirement for a course in the major and the requirement for a course in the upper division, as long as a total of three Writing Intensives are taken.
- Students with 60–89 transfer hours are required to take two Writing Intensive courses. The two courses may be at any level, but at least one must be in the department or program of the primary major.
- Students with 90 or more transfer hours must take one Writing Intensive course. The course may be at any level from the department or program of the primary major.

NOTE: Writing Intensive courses may also meet General Education Core category, marker, or major requirements.

Students who obtain a score of 4 or higher on the English Advanced Placement Literature and Composition examination are exempted from one of the Writing Intensive courses. Contact the Department of English for further information.

All students in the college must fulfill the foregoing College Additional Requirements (CAR). A course in the major may be used to satisfy college requirements.

Requirements for each of the degrees offered by the College of Arts and Sciences are included in the descriptions of majors, concentrations, and minors under the respective departments.

Mission Statement

In the Bryan School of Business and Economics, we create and disseminate knowledge about the theory and practice of business. In addition to our courses and research, we accomplish this through hands-on projects, global experiences, and outreach to the community. Our work produces principled leaders and exceptional problem solvers who have a global perspective, an innovative mindset, a broad understanding of sustainability, and a commitment to improve the organizations in which they work and the communities in which they live.

Student Learning Goals

Each program within the Bryan school has separate learning goals as listed with the degree program. The essential components of a professional education in business (excluding the B.S. and B.A. in Economics, the B.S. in Consumer, Apparel, and Retail Studies and the B.A. in Sustainable Tourism and Hospitality) include common courses for breadth and opportunities for advanced work for depth in the various business disciplines. These core business programs share the following common learning goals:

1. Students will implement the various steps of the critical thinking process, supported by the appropriate use of analytical and quantitative techniques, to formulate recommendations for subsequent decision making.
2. Students will apply appropriate ethical standards when making recommendations for business decision making.
3. Students will evaluate business decisions in the context of sustainability goals, balancing environmental, social, and economic needs, conditions, and potential decision impacts.
4. Students will formulate appropriate strategies, in the context of global issues and forces, to improve business performance in the world economy.

5. Students will explain the roles of innovation and innovation management in achieving successful business strategies, decisions, and performance.
6. Students will be able to plan, schedule, contribute to, and lead projects.

Departments and Programs

Accounting and Finance

Consumer, Apparel, and Retail Studies

Economics

Information Systems and Supply Chain Management

Marketing, Entrepreneurship, and Hospitality & Tourism Management

Management

The school's **Office of Undergraduate Student Services** provides academic advising which supplements and complements faculty advising. The director, with a professional staff, coordinates orientation and registration for the school, and administers admission and retention of majors in the school.

Accreditation

Professional business and accounting programs offered by the Bryan School of Business and Economics are accredited by AACSB International, The Association to Advance Collegiate Schools of Business.

Scope

Programs within the Bryan School of Business and Economics prepare students for careers in business and other managed organizations, teaching, and government, or for graduate study. These programs combine the essentials of a professional education and the breadth of general education.

The essential components of a professional education in business (excluding the B.S. and B.A. in Economics, the B.S. in Consumer, Apparel, and Retail Studies, and the B.A. in Sustainable Tourism and Hospitality) include common courses for breadth and opportunities for advanced work for depth in the various business disciplines.

Enrollment in Bryan School Courses

Enrollment in Bryan School courses requires a minimum cumulative GPA of 2.0 on UNCG course work, regardless of the student's major or minor. This includes all courses offered under the following prefixes: ACC, BUS, ECO,

Academic Units

ENT, FIN, ISM, MKT, MGT, and SCM. Courses in the Bryan School may have additional prerequisites or enrollment restrictions that are outlined in the university schedule and the description of each course.

Requirements for Majoring or Minor in Bryan School Programs

Students pursuing a major or minor in the Bryan School of Business and Economics must have a cumulative grade point average no less than a 2.0 on UNCG course work. Requests to major or minor in one of the Bryan School's programs can be made in the Office of Undergraduate Student Services, 301 Bryan Building.

Transfers

Since most of the courses in the major are taken during the junior and senior years, transfer students often complete their programs without extending their total stay beyond the usual four years. As a general guide, courses taught mainly to freshmen and sophomores here will usually, but not always, be accepted in transfer from accredited two-year colleges. Courses numbered 300 and above generally will not be accepted in transfer credit from two-year institutions. In order to allow timely completion of the required courses and required prerequisites, transfer students are encouraged to complete MAT 120 or MAT 191 (Calculus) prior to transferring.

Second Baccalaureate Degrees

Students pursuing a second bachelor's degree must meet all requirements within the Bryan School. A minimum of 50% of the Bryan School and departmental requirements must be completed at UNCG. The Bryan School cannot, at this time, accommodate persons who seek only to complete a series of courses in one field (such as Accounting or Information Systems).

Suggested Academic Workload Guidelines

The faculty of the Bryan School of Business and Economics recognizes that many Bryan School students hold jobs to support college expenses. The faculty wishes to emphasize that academic excellence and scholastic achievement usually require a significant investment of time in study, research, and out-of-class projects. To provide guidance to students in planning their academic and work schedules, the faculty of the Bryan School have endorsed the following recommendations:

1. In general, students should plan to devote between 2–3 hours outside of class for each hour in class. Thus, students with a 15-hour course load should schedule

between 30–45 hours weekly for completing outside-of-class reading, study, and homework assignments.

2. Students who are employed more than 5–10 hours each week should consider reducing their course loads (semester hours), depending upon their study habits, learning abilities, and course work requirements.
3. Students should take into consideration that many business courses require group work and plan accordingly.

Scholarships and Fellowships

Procedures and requirements for applying for undergraduate scholarships are described in Financial Aid.

Honors Programs

The Bryan School supports and encourages students to participate in the Honors Programs administered by the Lloyd International Honors College.

Instruction. The School of Education, with licensure programs in other units, is accredited by the National Council for Accreditation of Teacher Education (NCATE).

The School of Education is a professional school that strives to prepare outstanding practitioners, study the profession, create and disseminate new knowledge in professional education, and engage in field services and apply research findings. A general discussion of Teacher Education may be found under School of Education Licensure Programs in this bulletin.

Students seeking further information on graduate-level programs are referred to the *Graduate School Bulletin*.

The School of Education is comprised of six departments:

Departments (Department Code)

Counseling and Educational Development (CED)

Educational Leadership and Cultural Foundations (ELC)

Educational Research Methodology (ERM)

Library and Information Studies (LIS)

Specialized Education Services (SES)

Teacher Education and Higher Education (HED)

The Department of Teacher Education and Higher Education and the Department of Specialized Education Services offer Bachelor of Science programs several of which prepare students for the Standard Professional I License in North Carolina. Undergraduate majors include Elementary Education, Middle Grades Education, Professions in Deafness (Advocacy & Services for the Deaf; Auditory-Oral/Birth–Kindergarten Teacher Licensure; Birth–12 Deaf and Hard of Hearing Teacher Licensure; and Interpreter Preparation), Special Education, and Elementary Education and Special Education General Curriculum Dual Major with Teacher Licensure. All departments in the School of Education offer graduate programs leading to master's, specialist's, and doctoral degrees, as well.

The School of Education also supports programs in teacher education conducted under the auspices of other schools (Music, Theatre and Dance; Health and Human Sciences) and departments within the College of Arts and Sciences by responding to course requirements in the areas of social, philosophical, and psychological foundations; methodology; curriculum; and student teaching. Recent emphases in competency-based curricula and individualized programming contribute to newly designed teacher education programs.

All licensure programs for school personnel are approved by the North Carolina State Department of Public

In the School of Health and Human Sciences, academic programs are offered through the Department of Communication Sciences and Disorders, the Department of Community and Therapeutic Recreation, the Department of Human Development and Family Studies, the Department of Kinesiology, the Department of Nutrition, the Department of Peace and Conflict Studies, the Department of Public Health Education, and the Department of Social Work. There are also graduate programs in Genetic Counseling and Gerontology. Each department and program offers varied courses for all university students and programs of study leading to undergraduate and graduate majors and minors in their respective areas. The school's programs are designed to meet specialized interests of students and also the requirements of state and national accrediting agencies and professional associations.

The Department of Communication Sciences and Disorders provides opportunities for the study of normal speech, language, and hearing and the associated disorders, leading to the bachelor of science degree in Speech Pathology and Audiology. The courses offered in this program are pre-professional and prepare the student for further study at the graduate level. Faculty and students in Communication Sciences and Disorders provide services to clients in the University Speech and Hearing Center, and engage in cooperative work with area schools, hospitals, and other human service agencies. In addition, the faculty and students in Communication Sciences and Disorders are actively involved in research.

In the Department of Community and Therapeutic Recreation a student majoring in Recreation and Parks

Management may choose from two areas of concentration: Therapeutic Recreation or Community Recreation and Event Planning. These concentrations lead to the bachelor of science degree. A Community and Therapeutic Recreation and a minor in Travel, Tourism, and Commercial Recreation, in addition to a master of science (M.S.) degree, are also available. The undergraduate program has been fully accredited by the NRPA/AALR Council on Accreditation since 1981.

The Program in Genetic Counseling offers an interdisciplinary master of science degree. The program is accredited by the American Board of Genetic Counseling (ABGC). Applicants admitted to the program are expected to enroll as full-time students, registering for the required courses for each of the four semesters of the program and the intervening summer sessions.

The Program in Gerontology offers a post-baccalaureate certificate in gerontology, a master of science in gerontology, and a dual master of science in gerontology/master of business administration. Courses fulfilling the certificate program may be used to meet requirements in a degree program in accordance with the policies of the Graduate School.

Programs in the Department of Human Development and Family Studies focus on early care and education, child and adolescent development, and family studies. At the undergraduate level, students prepare for entry level positions in early childhood settings and agencies; Birth through Kindergarten classrooms; community agencies serving children, adolescents and their families; and family-related careers in family, government, and community service agencies. Master's and doctoral programs provide advanced study in these areas.

The Department of Kinesiology offers the major in Kinesiology leading to the bachelor of science degree. Students may select concentrations in Fitness Leadership, Sports Medicine, Physical Education and Health Teacher Education (licensure track), or in Community Youth Sport Development (non-licensure track). Kinesiology prepares students for careers in preventive and rehabilitative exercise and fitness, and may be tailored to meet the needs and interests of students planning graduate study in athletic training, medicine, occupational therapy, or physical therapy. This department also offers graduate studies leading to the master's degree and doctoral degrees.

The Department of Nutrition offers undergraduate studies with majors in Human Nutrition and Dietetics, Nutrition and Wellness, and Nutrition Science and graduate programs for the master's degree, doctoral degree, and a post-baccalaureate dietetic internship certificate. The undergraduate Human Nutrition and Dietetics concentration (also known as the Didactic Program in Dietetics) and the Dietetic Internship program are accredited by the Commission on Accreditation for Dietetics Education of the American Dietetic Association.

The Department of Peace and Conflict Studies offers the Post-Baccalaureate Certificate and Master of Arts. Peace and Conflict Studies is an area of interdisciplinary study focusing on conflict management and resolution. Students receive professional preparation including strategies for building peaceful and just social systems, communities, and societies.

The Department of Public Health Education offers the Public Health major, leading to the bachelor of science degree. Within the Public Health major, students may select a concentration in Community Health Education or Health Studies. The Community Health Education concentration is a professional program preparing graduates to become Health Educators. The requirements of the Community Health Education concentration meet the professional standards of the field of Health Education allowing graduating students to sit for the Certified Health Education Specialist (CHES) national credentialing exam. A Health Studies concentration is available for those looking for a pre-professional or non-professional degree option. A Health Studies minor is also available. The department also offers graduate studies leading to a master of public health (M.P.H.) degree and the doctor of public health (Dr.P.H.) degree in community health education. As a complement to the academic enterprise of the department, faculty, and students within Public Health Education are also actively involved in local and national research and outreach.

The Department of Social Work prepares undergraduate students for entry level generalist social work positions in public and private social service agencies, health care organizations, courts, and school systems. The master of social work degree, offered in collaboration with N.C. A&T State University, is the only joint program of its kind in the nation. The B.S.W. and M.S.W. programs are both accredited by the Council on Social Work Education.

Further details about specific major programs can be found in the alphabetical Department listings. Graduate degree programs and graduate-level courses are more completely described in *the Graduate School Bulletin*.

Lloyd International Honors College (LIHC), a member of the National Collegiate Honors Council, provides motivated, high achieving undergraduate students in all fields of study with an enhanced education that has an international focus. LIHC is an intellectually engaged community devoted to fostering critical and independent thinking, global awareness, and strong preparation for professional, civic, and personal pursuits.

Admission to Lloyd International Honors College

Admission to Lloyd International Honors College is required to take courses offered by the Honors College and to participate in many of Lloyd International Honors College's programs. To apply for admission, students must submit a completed application form online for the International Honors Program or the Disciplinary Honors Program. Minimum requirements to be considered for admission depend on the applicant's status at the time of application. Admission to the college is competitive. Meeting minimum requirements does not guarantee admission.

Incoming First-Year Students

To be eligible to apply for admission to Lloyd International Honors College, the prospective student must meet minimum test score and high school GPA requirements set by the college, which can be found on the college's website.

Transfer Students

An aggregate transferable GPA of 3.30 is required from all former institutions. Transcripts to verify the aggregate GPA should be submitted to Undergraduate Admissions from all prior institutions attended.

Continuing UNCG Students

Continuing UNCG students must have at least a 3.30 GPA.

Lloyd International Honors College Petition Policy

Incoming first-year UNCG students who do not meet one of the specified criteria for admission to Lloyd International Honors College may petition the dean for admission. When the candidate makes a persuasive case that he or she is fully capable of succeeding in International Honors, the dean may admit the student. A student admitted through the petition process will be expected to meet all of the requirements for maintaining good standing in the International Honors Program, and is subject to the same rules as other Honors College students, including the conditions requiring suspension or removal from the college.

Programs

Lloyd International Honors College offers three enhanced academic programs—the International Honors Program and the Disciplinary Honors Program. Students who complete both the International Honors Program and the Disciplinary Honors Program are recognized for their high achievement and awarded Full University Honors.

Students interested in pursuing these programs must consult with an International Honors College academic adviser before enrolling in Honors courses.

International Honors

The International Honors Program is designed to complement and enrich the university's General-Education Program for students in any major. Students who complete the International Honors Program replace regular general-education courses with Honors general-education courses, reach the intermediate level of language competency in a second language, and complete a semester of study abroad, thus providing themselves with a solid liberal education with international and global perspectives, that is a valuable foundation for study in any major and for life after graduation.

Disciplinary Honors

The Disciplinary Honors Program allows students in all majors to do Honors work in their majors or in upper-division interdisciplinary studies. Through Disciplinary Honors, students have the opportunity to study topics in depth and to do research under the supervision of a faculty member, thus giving themselves a competitive advantage when applying to graduate school or beginning a career.

Southwestern Community College Transfers

Students who graduate from the Honors Program at Southwestern Community College (NC) with a college-transferable degree [e.g., Associates in Arts (A.A.) or Associates in Science (A.S.)] may earn the Designation of Honors Graduate from Lloyd International Honors College

Academic Units

at UNCG. The student must transfer in at least 12 hours of Honors course work, be accepted into Lloyd International Honors College through the UNCG admissions process, and complete the following:

- Proficiency in a foreign language (at the 204-level or higher),
- An approved international experience,
- Disciplinary Honors in the major (with grades of B or better in all Honors work), and
- Achievement of a 3.30 GPA or higher at the time of graduation from UNCG

To apply for this program, students planning to transfer from Southwestern Community College must submit a Transfer Application to UNCG through the UNCG Undergraduate Admissions Office and indicate interest in applying to Lloyd International Honors College. Students will then receive an invitation to apply to LIHC through the “Current UNCG Student Application.”

Students entering LIHC under this memorandum of understanding must apply by April 1 in order to be eligible to begin disciplinary honors in the following fall semester, or by November 1 in order to do so in the following spring semester. Students entering under this memorandum must maintain good standing and fulfill other requirements that the college applies to all Honors students.

Durham Technical Community College Transfers

Students who graduate from the Honors Program at Durham Technical Community College (NC) with a college-transferrable degree [e.g., Associates in Arts (A.A.) or Associates in Science (A.S.)] may earn Full University Honors from Lloyd International Honors College at UNCG. The student must transfer in at least 12 hours of Honors course work, be accepted into Lloyd International Honors College through the UNCG admissions process, and complete the following:

- Proficiency in a foreign language (at the 204-level or higher),
- An approved international experience,
- Disciplinary Honors in the Major (with grades of B or better in all Honors work), and
- Achievement of a 3.30 GPA or higher at the time of graduation from UNCG

To apply for this program, students planning to transfer from Durham Technical Community College must submit a Transfer Application to UNCG through the UNCG Undergraduate Admissions Office and indicate interest in applying to Lloyd International Honors College. Students will then receive an invitation to apply to LIHC through the “Current UNCG Student Application.”

Students entering LIHC under this memorandum of understanding must apply by April 1 in order to be eligible to begin disciplinary honors in the following fall semester, or by November 1 in order to do so in the following spring semester. Students entering under this memorandum must maintain good standing and fulfill other requirements that the college applies to all Honors students.

Courses

Honors courses are taught by faculty members who are among the best at UNCG, who are deeply engaged with their disciplines, and who are dedicated to helping students achieve their greatest potential. Honors courses are typically small (20–25 students) and foster discussion, collaboration, and mutual discovery among students and faculty. Typically, Honors courses fulfill a variety of university and departmental requirements.

There are several types of Honors courses:

- Honors Seminars in which students explore interdisciplinary topics in greater breadth and/or depth than in typical courses while fulfilling General Education Core requirements;
- Honors sections of regular UNCG courses that allow students to explore other topics or continue to do Honors work in their major;
- Honors Tutorials and Honors Independent Study through which students either individually or in small groups work with a professor on a topic of mutual interest;
- The Senior Honors Project in which a student, under the guidance of a professor, produces a research project.
- Disciplinary Honors Contract courses that allow students to enhance a regular undergraduate course and receive Honors credit for that course. *Note: Honors Contract courses can be used only to fulfill Disciplinary Honors Program requirements; they cannot be used to fulfill International Honors Program requirements.*

The variety of Honors courses, and particularly the chance to customize one's curriculum through tutorials and independent studies, means that students have considerable control over their own education. Moreover, many of the advanced Honors courses, such as the Senior Honors Project, allow students to do original and sophisticated work, and are an excellent preparation for graduate school, professional training, and other post-graduation endeavors.

Honors Academic Advising

Lloyd International Honors College staff offers top-rate group and individual advising to help students discover the best ways to take advantage of Honors at UNCG, and to make sure that students have the needed support and encouragement along the way to completing their degrees.

A variety of informal information sessions and colloquia are also provided for students interested in talking about particular topics of interest such as study abroad, internships, or graduate school.

Extra-Curricular Activities and Student Involvement

Lloyd International Honors College sponsors a number of extracurricular events. Among these events are orientations for both International Honors and Disciplinary Honors, the annual Honors Symposium, the Artist-in-Residence program, the UNCG Think Tanks, lectures and special performances, field trips, and community service projects. Honors students can participate in the Honors Ambassadors program, the OWLS Peer Mentoring program, the Gray Hall Fellows program, and the Honors Guides program.

Honors Abroad Experiences

In collaboration with UNCG's Office of International Programs, Lloyd International Honors College from time to time offers Honors Abroad Experiences for Honors students interested in an honors-enhanced study abroad experience at select locations. To be considered, students must (1) submit an Honors Abroad application to Lloyd International Honors College and (2) be accepted for study abroad at an appropriate location by the International Programs Center. Accepted students are given an all-expenses paid (except for food) week, or more, at a foreign location with a UNCG faculty member.

Students accepted into an Honors Abroad Experience enroll in HSS 310, a three-credit Honors course, in addition to whatever courses are taken at the host institution. HSS 310 requires that students meet with a UNCG faculty member before traveling abroad to discuss readings about their trip and the character of the country they are about to visit. Students and the UNCG faculty member then spend approximately a week exploring and taking in cultural activities abroad associated with a particular academic topic. During their semester, students travel and engage in a variety of writing assignments that allow them to reflect on their experience. Finally, students gather for a colloquium upon returning to UNCG the following semester.

Honors Awards

Lloyd International Honors College administers awards that recognize high achievement. At the Honors Convocation every spring, the college's Honors Council bestows the Student Excellence Award, the university's highest academic undergraduate honor, on outstanding seniors. The college also hosts an annual banquet to honor those students who have successfully completed one of Lloyd International Honors College's programs.

Honors Housing

North Spencer Honors Residence Hall and Gray Honors Residence Hall are housing options for Honors students only, but it is not required. Incoming Honors freshmen may apply to live in North Spencer Residence Hall upon their acceptance into the International Honors program. Gray Honors Residence Hall serves sophomore through senior Honors students who are interested in Undergraduate Research and/or community engagement. South Spencer Hall is the Honors Collaborative, in which incoming and current Honors students as well as non-Honors students may reside. Current Honors students who desire to live in the Honors Residence Halls must be in good standing (have a 3.30 UNCG GPA at time of application) and are required to remain in good standing and to meet other requirements that can be found on the Honors College website in order to continue living in the hall.

Mission Statement

UNCG School of Nursing is a learner-centered community preparing nurse generalists, advanced practice nurses, educators, and researchers to make a difference in the lives of individuals, families, populations, and communities.

The School of Nursing offers an undergraduate program leading to the Bachelor of Science in Nursing degree. The first two years of study are in general education, basic sciences, humanities, and basic nursing. The majority of work in the junior and senior years is in nursing.

The School of Nursing offers a Master of Science in Nursing degree to prepare persons for a leadership role in nursing education and administration. The School, along with the Bryan School of Business and Economics, offers the M.S.N./M.B.A. The School of Nursing offers the Doctor of Nursing Practice to prepare advanced practice nurses and executive nurse leaders. The School of Nursing offers the Ph.D. in Nursing to prepare nurses as scientists in academia and industry.

Accreditation

The pre-licensure program offered by the School of Nursing is approved by the North Carolina Board of Nursing. The B.S.N. program is accredited by the Accreditation Commission for Education in Nursing (ACEN), 3343 Peachtree Road NE, Suite 850, Atlanta, Georgia 30326. (www.acenursing.org).

The B.S.N. program is also accredited by the Commission on Collegiate Nursing Education (CCNE), One Dupont Circle NW, Suite 530, Washington, DC 20036-1120. (www.aacn.nche.edu/ccne-accreditation).

Philosophy

The philosophy of the faculty at the School of Nursing is a statement of the beliefs and values they hold about the discipline and profession of nursing, as well as nursing education. The conceptual framework and the goals of the

undergraduate and graduate programs are built upon this philosophy. Nursing is both a practice discipline and a profession. Comprising the discipline is a unique body of knowledge that is integral to nursing practice, nursing education, and nursing administration. The body of knowledge is continuously developed and refined as an outcome of scientific, historical, philosophical, and ethical inquiry. Nursing knowledge is generated about health experiences and behaviors of persons across the life span. Testing and validation of interventions used in nursing practice generates evidence to support best practices. The metaparadigm concepts of person, environment, health, and nursing form the foundation upon which inquiry and the profession are based.

Nurses use knowledge developed by the discipline to promote optimal health in people and to achieve professional goals. Nursing is an essential component of the health care delivery system and includes the promotion of wellness, the detection of alterations in health, and the provision of care for those with illness, disease, or dysfunctions. Professional nursing is characterized by inquiry, caring, and practice. Nurses are professionally, ethically, and legally accountable for the care they provide, and their practice includes independent and collaborative functions.

Nursing education is built upon a foundation of a broad general education and professional nursing curriculum that provides opportunities for learners to attain knowledge and competencies required to practice nursing. Mature learners identify their own learning needs and assume responsibility for continued learning. Effective teachers establish an inviting learner-centered environment that promotes collaboration among themselves and their learners for achievement of educational goals. Baccalaureate education prepares nurses to practice as generalists, while specialty education at the master's level prepares advanced practice registered nurses, administrators, and educators. At the doctoral level, nurses are prepared as scientists to practice in academia and industry and as advanced practice registered nurses for delivery of healthcare.

Peter Alexander, Dean

A. Lawrence Jenkins, Interim Associate Dean

In addition to the degrees and courses housed within the Schools of Art, Dance, Music, and Theatre, a number of interdisciplinary courses in the arts are offered. The College of Visual and Performing Arts offers the interdisciplinary B.A. in Arts Administration and the minor in Musical Theatre. Please see the listing of VPA courses, which are open to students in any major.

As the premier, most comprehensive, and largest set of visual and performing arts programs in North Carolina, we transform lives by providing exceptional artistic and scholarly experiences. Our vision is to build on our reputation by becoming one of the top arts institutions in the nation. The UNCG College of Visual and Performing Arts will make the arts essential to all in North Carolina, the Southeast, and the Nation.

The UNCG College of Visual and Performing Arts is guided and informed by our beliefs and commitments to:

Excellence and Innovation

Foster curiosity, creativity, skill development, and dissemination of artistic practice, pedagogy, research, and scholarship at the highest level.

Access and Inclusivity

Serve the population of North Carolina and the nation by modeling an inclusive, collaborative, and student-oriented academic culture.

Equity and Ethics

Commit to equitable academic policies, curricular design, and decision-making with mutual respect, accountability, and cooperation.

Community and Place

Engage with local and global socio-political artistic performance, pedagogy, and scholarship.

The UNCG College of Visual and Performing Arts helps students transform passion into professional purpose. Our unique pathway to career success unlocks creativity and assists students to develop into a visual or performing artist, scholar, or arts educator.

The College of Visual and Performing Arts comprises the Schools of Art, Dance, Music, and Theatre. The Schools offer a variety of degree programs within the bachelor of arts, the bachelor of fine arts, and the bachelor of music degrees. All students wishing to enter one of the professional degree tracks, the B.M. or the B.F.A., must audition or interview for placement. Refer to each School's bulletin for specific information concerning auditions and admissions procedures.

Department of Accounting and Finance

Bryan School of Business & Economics
383 Bryan Building
336-334-5647
www.uncg.edu/bae/acc

Faculty

Daniel Winkler, Professor and Head of Department

Professors Brown, Iyer, Winkler

Associate Professors Harden, Huang, Jones, Lulseged, Upton

Assistant Professors An, Irfan, Meints

Lecturers Cromartie, Hershberger, Milanese

Mission Statement

The mission of the Department of Accounting and Finance of the Joseph M. Bryan School of Business and Economics is (1) to provide high quality programs of education for accounting and finance majors at the undergraduate and graduate levels, (2) to provide high quality courses to support the UNCG and Bryan School educational missions as they relate accounting and finance to global processes, sustainable enterprise, innovation and ethical awareness, (3) to stimulate and support high quality research, scholarship, and publication, (4) to provide service, largely through committee representation to the University, the Bryan School, the Department, the academic accounting and finance communities, and the accounting profession, and (5) to foster faculty interaction with the public in ways which enhance the common good.

The primary goal of the department is to provide programs of quality education in accounting and finance at the undergraduate and graduate levels. The undergraduate program provides an excellent foundation for careers in industry and is sufficiently broad to qualify graduates for a wide range of entry-level, business-related positions; and prepares students for further graduate-level studies in areas such as accounting, finance, law, and business administration.

The Department of Accounting and Finance also offers a Bachelor of Science degree with a major in finance. The undergraduate finance program deals with the theory, organization, and operation of the financial system from both a market and a managerial viewpoint. Students are expected to develop analytical abilities and to present their analyses in both written and oral form.

Academic Departments, Programs, and Courses

Undergraduate majors are offered a broad range of courses from the areas of financial management, financial institutions, and investments.

Graduates may take managerial positions in controllership or treasury work in non-financial businesses as well as a wide array of careers in financial services and banking. In addition, the degree may lead to positions in risk management and real estate departments of public agencies and private corporations as well as insurance and real estate companies.

At the graduate level, the Bryan School offers courses in finance as part of the Master of Business Administration (MBA) program.

Student Learning Goals

Critical thinking, quantitative aptitude, teamwork, and good communication skills are necessary to function effectively in today's highly competitive, global environment. In order to assure that our graduates are prepared to meet the challenges of the future:

- Students will demonstrate problem solving skills and demonstrate technical competence necessary for entry-level accounting careers or entry into graduate programs in accounting.
- Students will demonstrate the ability to communicate effectively and efficiently.
- Students will have an understanding of ethical decision-making and understand the role of professional ethics including the importance of ethical conduct and decisions to the sustainability of the accounting profession.
- Finance students will be able to create forward-looking financial statements.
- Finance students will be able to analyze the current financial condition of the firm.
- Finance students will be able to thoroughly understand the mathematical process and application of capital budgeting.
- Finance Students will thoroughly understand the concepts of the time value of money (TVM), the characteristics of traditional financial securities, and the valuation of these securities.

Mission Statement

The African American and African Diaspora Studies Program advances the university's commitment to diverse perspectives and inclusive learning environments through course offerings, programming, and community involvement. It fosters interdisciplinary study for undergraduate and post-baccalaureate students by examining how people of African descent have shaped our world. As a program located in a city with a history of Black sociopolitical movements, we provide a forum to engage the complexities of Black life across African diasporas.

African American and African Diaspora Studies Major (AADS)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

Available Concentrations and AOS Codes:

African American and African Diaspora Studies, U803
Cultural Arts, U865

The African American and African Diaspora Studies major gives students an integrated and critical understanding of the experiences and contributions of peoples of African descent throughout the world.

African American and African Diaspora Studies students will be able to apply these theories and methods to better understand the social, political, and economic problems facing people of African descent. In addition, students graduating with the major will be well prepared for leadership in the African American community, in particular, and American society in general. The African American and African Diaspora Studies Program is committed to offering an academically challenging curriculum coupled with a solid foundation of liberal arts education.

The Cultural Arts concentration is for majors interested in developing their knowledge of African American performance, art, film, and music. Students who pursue this concentration will enhance their understanding of how culture, history, politics, gender, and art intersect.

Professors Andreatta, Murphy

Assistant Professors Egeland, Nash, Stine

Senior Lecturer Davis

Lecturers Gunn, Leone, Stuart

Anthropology is a broad discipline which includes biological anthropology—the study of humans as biological animals; cultural anthropology—the study of humankind in a cultural perspective; archaeology—the recovery and interpretation of ancient human cultural remains; and linguistics—the study of language in culture and society.

The undergraduate major provides for extensive study in cultural anthropology, archaeology, and biological anthropology. Majors who develop a particular interest in one of the subdisciplines may pursue a concentration in that area, or they may choose to take electives in multiple sub-fields. Majors have opportunities to work closely with members of the faculty on current research projects in the lab and in the field. Internships in various agencies are also available.

Anthropology as a major prepares individuals to pursue many avenues of career development. It is the basis for a career as a professional anthropologist. Anthropology combined with other courses of study as double majors enhances career possibilities and professional development. There are, moreover, increasing opportunities for anthropologists to work in government agencies, non-profits, and business. In such settings, anthropological knowledge of biology, culture, and history may be applied to the solution of human problems.

Anthropology Major (ANTH)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U101

The General Anthropology Major provides training in human biological, social and behavioral science within the

broader framework of a liberal arts education. The program presents a holistic view of the nature of humans in society, past and present, through courses in linguistics, prehistory, biological anthropology, and cultural anthropology. It provides a solid foundation for both a basic liberal arts education as well as for one of the concentrations in anthropology.

Student Learning Goals

Upon completion of the program, Anthropology majors will be able to: demonstrate a broad knowledge of cultural diversity, ethnocentrism, and cultural relativity; analyze the social, political, and religious structure of diverse societies; distinguish Old, New, and Post-Processual Archaeology, including the ability to recover and analyze artifacts from archaeological sites; demonstrate knowledge of the mechanisms of biological evolution and analyze fossil evidence for such; analyze phonemes, parts of speech, and the basic phrase structure of languages.

Cross Listed: Same as SOC 311.

ATY 312 The Anthropology of Children (3:3)

A cross-cultural and evolutionary approach to the study of childhood from conception to adolescence that incorporates the five field perspective of anthropology.

Offered: Alt Years

ATY 315 World Ethnographies (3:3)

Examines the primary genre and practice of cultural anthropology—ethnography—through a range of geographically and thematically diverse texts.

ATY 325 Caribbean Societies and Cultures (3:3)

Types of social systems and cultural patterns in the West Indies arising from relations between Europeans, West Africans, and Asians, with implications for development, social change, and identity.

Distribution: GE Marker: GL

ATY 330 Cultures of North American Indians (3:3)

Traditional ways of life of indigenous people of North America.

Distribution: GE Marker: GN

ATY 331 Race and Human Diversity (3:3)

Examines human biological diversity and the notion of "race" from a biocultural perspective.

ATY 333 Latin American Societies and Cultures (3:3)

Tribal and peasant groups with special emphasis on their place in contemporary Latin America.

Distribution: GE Marker: GN

ATY 334 Latin American Art and Archaeology (3:3)

Explores the art, architecture, religious beliefs, technologies, and political organization of the Pre-Columbian societies of Mesoamerica and South America such as the Maya, Moche, Aztec, and Inka.

Distribution: GE Core: GFA; GE Marker: GN

ATY 335 Cultures of Africa (3:3)

Study of the peoples of Africa emphasizing family, organization, religion, political organization, languages, and urbanism. Includes a study of African novelists.

ATY 340 North American Archaeology (3:3)

A survey of the archaeological evidence of North American Indian culture, from earliest time to first European contact.

Offered: Alt Years

ATY 341 Paleolithic Archaeology (3:3)

A survey of the archaeology of stone-tool-using peoples from the first Paleolithic cultures to the agricultural revolution.

Prerequisite: Junior or senior standing

Offered: Spring

ATY 342 Human Growth and Development (3:3)

Examines human growth and development from an evolutionary perspective including consideration of the adolescent growth spurt, age at menarche and menopause, life history theory, and differences between the sexes.

ATY 357 Monkeys, Apes, and Humans (3:3)

An overview of primatology—the study of prosimians, monkeys, apes, and humans. Involves in-depth study of selected primates as well as discussion of major theoretical issues and ways in which the study of nonhuman primate behavior helps illuminate human evolutionary history.

ATY 359 Forensic Anthropology (3:3)

Methods of recovery and analysis of human remains in medicolegal contexts, including human and nonhuman skeletal material, decomposition, crime scene recovery, and skeletal signs of age, sex, and trauma.

Offered: Spring

ATY 360 Methods in Archaeology (3:3)

Analysis and evaluation of methods, theories, and concepts necessary for recovery and interpretation of cultural information about past societies relevant for anthropological goals. Includes issues of historiography, epistemology, and ethics.

ATY 361 Methods in Biological Anthropology (3:3)

Provides students with an understanding of the basic research techniques utilized by physical anthropologists through hands-on experience and an introduction to the literature in the field.

Prerequisite: ATY 253 and ATY 253L

ATY 362 Methods in Cultural Anthropology (3:3)

This ethnographic methods course is designed to experience firsthand a variety of qualitative and quantitative methods in data collection and analysis traditionally used by cultural anthropologists.

Offered: Alt Spring

Notes: Formerly ATY 476.

ATY 363 History of Anthropological Theory (3:3)

Developments in history of Western thought and study of culture leading to the emergence of anthropology as a scientific field.

Notes: Not open to freshmen. Formerly ATY 411.

ATY 369 Statistics for Anthropology (3:3)

Validity and reliability, variables and constants, independence and dependence, scales, frequency distribution and graphs, variance of central tendency and dispersion, probability, hypothesis testing, difference between means, analysis of variance, comparison of samples, simple regression correlation analysis, and analysis of frequencies.

Prerequisite: Anthropology (ANTH) or Humanities (SPLS) major

ATY 370 Historical Archaeology (3:3)

Basic introduction to historical archaeology method and theory. Historical archaeology is a multidisciplinary subfield of Anthropology covering the historic past through to the present.

ATY 377 Disaster, Self, and Society (3:3)

The anatomy of disasters examined from both anthropological and sociological perspectives. Case studies are presented through several conceptual lenses for clarifying individual, social, cultural, and political responses to catastrophic events.

Prerequisite: 3 s.h. of course work with a prefix of ATY or SOC; or permission of instructor

Notes: Offered as an experimental course Fall 2013.

Cross Listed: Same as SOC 377.

ATY 378 Historical Archaeology Field Techniques (3:0:6)

Archaeological excavation of historic period sites. Techniques of excavation, recording, surveying, and artifact analysis.

ATY 385 Language and Culture (3:3)

A survey of verbal and nonverbal behavior cross-culturally. Emphasis on the use of language in the speech community, gestures, body languages, expressive behavior, verbal art, and language learning.

Distribution: GE Marker: GL

ATY 400 Cults and Conspiracy Theories (3:3)

An anthropological survey of cults, brainwashing, conspiracies, conspiracy theories, and the process of

identity construction, initiation, and cultural practice as socio-cultural phenomena.

Offered: Offered as an experimental course Fall 2015 and Fall 2014.

ATY 434 Archaeology of South America (3:3)

Survey of the archaeology of South America from earliest evidence of human habitation up to the arrival of the Spanish. Emphasis placed on the Andean area of western South America.

Notes: Formerly ATY 510.

ATY 440 Colliding Worlds: Forming America (3:3)

Historical archaeological approach documenting the American experience for immigrant, enslaved, and freed African, Chinese, Irish, and other workers who crossed the seas, contributing to American culture.

ATY 444 Experimental Course: Archaeology of Power and Politics (3:3)

This course examines complex political organizations and power relations since the emergence of inequality. Archaeological and historical examples will be compared to evaluate competing models of political development.

Prerequisite: ATY 258

Offered: Offered Spring 2016

ATY 449 Gender Archaeology (3:3)

Through material culture this course examines gender in prehistoric, classical, and historic societies as an integral aspect of human societies and the social relations in families, communities, and complex polities.

Notes: Open to sophomores, juniors, and seniors only.

ATY 450 Environmental Anthropology (3:3)

This course examines various theoretical approaches to human adaptation and the environment. Various ecological perspectives are used to examine the larger questions of social justice, culture preservation, and resource access.

Offered: Alt Spring

Notes: Not open to freshmen or sophomores.

ATY 453 Human Osteology (3:2:3)

Detailed coverage of anatomical structures on bone and methods involving inventory, description, data collection, and analysis of human remains. Topics include functional and comparative skeletal anatomy, bone microstructure, and physiology.

Prerequisite: ATY 253 or BIO 105 or BIO 111

Notes: Formerly ATY 553.

ATY 455 Human Evolution (3:3)

Biological and cultural evolution of humans from prehistoric forms.

Prerequisite: ATY 253 or BIO 105 or BIO 110

Notes: Open to juniors and seniors only. Formerly ATY 555.

ATY 462 Archaeology of the Southeastern United States (3:3)

Investigation of Indian cultural development in the U. S. from the Mississippi River Basin to the Atlantic Coast, from earliest evidence to the European Contact Period, with special emphasis on the context of the East in the archaeology of North America and North Carolina.

ATY 465 Medical Anthropology (3:3)

Explores multiple causes of disease and cultural variation in health practices. Topics include culture and political ecologies of disease, ethnomedical systems, and healers in cross-cultural perspectives.

Offered: Alt Fall

Notes: Not open to freshmen and sophomores.

ATY 477 Zooarchaeology (3:3)

The identification and analysis of animal bones in archaeological contexts.

Prerequisite: ATY 258

ATY 478 Field Methods in Archaeology (3:3)

Methods, techniques, and theories of archaeological field investigation. Includes site survey, mapping, systematic sampling, and controlled excavation.

Prerequisite: Permission of instructor

ATY 479 Analysis of Archaeological Data (3:3)

Instruction on proper treatment of material recovered through archaeological investigation. Includes classification, statistical manipulation of data, seriation, and analysis of spatial and temporal dimensions. Attention to special analytical techniques (e.g., C14 dating, chemical analysis, faunal analysis) with stress on ecological interpretation.

Prerequisite: Permission of instructor

ATY 480 Ethnographic Field Methods in Cultural Anthropology (4:3:6)

Course applies qualitative research techniques (field notes, participant and casual observations, interviews, data interpretation), and statistical techniques that supplement ethnographic description and analysis at field sites.

Prerequisite: Permission of instructor

Offered: Alt Summer

ATY 481 Study Abroad Experience for Anthropology Majors (3)

This course offers majors the opportunity to broaden their experience by studying anthropology in another country. Cross-cultural exchanges are designed to augment UNCG training.

Prerequisite: Permission of instructor

Offered: Fall & Spring & Summer

ATY 493 Honors Work (3–6)

Prerequisite: Permission of instructor; 3.30 GPA in the major, 12 s.h. in the major

Notes: May be repeated for credit if the topic of study changes.

ATY 497 Special Problems in Anthropology (1–3)

Opportunity for students to have directed instruction on problems of special interest.

Prerequisite: Permission of instructor

ATY 498 Special Problems in Anthropology (1–3)

Opportunity for students to have directed instruction on problems of special interest.

Prerequisite: Permission of instructor

ATY 499 Internship in Anthropology (3:1:6–12)

Faculty supervised practicum experience in an off campus setting. Host organization will provide the student with applied experience directly relevant to a specific subfield of anthropology.

Prerequisite: Permission of instructor

Offered: Fall & Spring & Summer

ATY 501 Selected Topics in Anthropology (3:3)

Opportunity for advanced students to study in depth topic or issue of special interest.

Prerequisite: Permission of instructor

Notes: May be repeated for credit when topic varies.

ATY 502 Selected Topics in Anthropology (3:3)

Opportunity for advanced students to study in depth topic or issue of special interest.

Prerequisite: Permission of instructor

Notes: May be repeated for credit when topic varies.

ATY 520 Economic Anthropology (3:3)

An analysis of the economic organization of tribal and peasant peoples with special attention given to their

participation in a world economy; emphasis is on economic models of social change.

ATY 523 Applying Archaeology in the Real World (3:3)

Overview of theory and skills needed to work as an applied archaeologist in the public sector. Topics include cultural resource management and public outreach projects.

Notes: Open to sophomores, juniors, and seniors only.

ATY 524 Applying Anthropology in the Real World (3:3)

Application of anthropological method and theory in situations of directed sociocultural change.

Prerequisite: not open to freshmen or sophomores

ATY 525 The Social Roots of Health and Disease (3:3)

Examination of the local and global processes that shape the current health environment in developing countries, drawing on work within social science and public health.

Prerequisite: Minimum of junior standing or permission of instructor

ATY 526 Food and Culture in a Global Context (3:3)

Examines the linkages among food producers, marketing strategies, and natural resource use in different cultures, and explores the influence of agriculture on society and the environment.

Prerequisite: Not open to freshmen and sophomores.

Offered: Alt Spring

ATY 547 Myth, Magic, and Religion (3:3)

Examination of sacred and secular beliefs in cross-cultural perspective. Emphasis on symbols, ritual, and their functions.

ATY 557 Primate Behavior (3:3)

An overview of primatology and of methods for studying the behavior of prosimians, monkeys, and apes. Involves experience in data collection, computerized data analysis, and producing a scientific report.

Prerequisite: ATY 357 or ATY 361

Notes: Open to juniors and seniors only.

ATY 559 Disease and Nutrition in Ancient Populations (3:3)

Evaluation of past disease and nutritional status using skeletal remains and other tissues. Topics include differential diagnosis of pathology. Analysis of mummified material, and chemical methods of dietary reconstruction.

Prerequisite: ATY 253 or NTR 213 or BIO 105 or BIO 111

ATY 578 Research Methods in Historical Archaeology (3:3)

Advanced training in research methods in Historic Archaeology, involving on-site training in field, laboratory, and library components of Historic Archaeology.

Prerequisite: Not open to freshmen and sophomores

Cross Listed: Same as HIS 578, IAR 578.

ATY 583 Culture and Society (3:3)

Concepts of culture and society and their employment in understanding human behavior in a cross-cultural context.

Notes: May not be taken for credit by students who have prior credit for ATY 213. Not open for credit to anthropology majors.

ATY 595 Contemporary Issues in Anthropology (3:3)

A capstone seminar focusing on current issues in various sub-fields of anthropology, how they relate to the discipline, and their significance to anthropology's role in the modern world.

ATY 597 Special Problems in Anthropology (3)

Opportunity for advanced students to undertake independent study or research of special interest.

Prerequisite: Permission of instructor

ATY 598 Special Problems in Anthropology (3)

Opportunity for advanced students to undertake independent study or research of special interest.

Prerequisite: Permission of instructor

The Archaeology Program at UNCG introduces students to past civilizations and cultures around the globe and to the analytical methods, techniques, and theories that archaeologists use to facilitate their study. The major is designed to develop anthropological, historical, and geographical perspectives in archaeological research, encompassing prehistoric and early historic cultures. The Program's faculty is actively involved in research and/or fieldwork in the Mediterranean region, the Middle East, North America and South America, and students participate in these or other field work projects in addition to meeting classroom requirements. Graduates of the Program are prepared for advanced training in archaeology and museum studies; cultural resource management; team leading in a variety of settings; and other professions for which critical thinking and good communication skills are necessary.

Special Programs in Liberal Studies Major, Archaeology Concentration (SPLS)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U808

I General Education Core Requirements (GEC)

See complete GEC requirements and approved course listings for all categories.

GLT—Literature (6 s.h.)

Student selects 6 s.h. from GLT list.

Faculty

Lawrence Jenkins, Professor and Director of the School of Art

Professors Ananian, Lee, Maggio

Associate Professors Blair, Campbell-Thomas, Cassidy, Dimock, Holian, Lim, Lixl-Purcell, Meanley, Perrill, Stephan, Walton, Wasserboehr

Assistant Professors Oring, Spillane

Lecturers Ellis, Gantt, C. Thomas

The School of Art offers the following degree programs:

B.F.A.

art major, concentrations in art education, new media and design, painting, photography, printmaking and drawing, and sculpture

B.A.

art major, concentrations in art history and studio art

The mission of the School of Art is founded on three passionately held principles:

- First, that the exploration of ideas through the visual arts is both necessary and culturally valuable;
- Second, that an understanding of visual communication within contemporary society is critical for an informed world view; and
- Third, that an appreciation and knowledge of art history, past and present, is essential to both young scholars and developing artists.

In the School of Art, committed faculty, who actively exhibit and publish nationally and internationally, model the high standards we hold our students to in the visual arts, art history, and art education. Our students individually challenge, explore, and push the boundaries of their given field, whether it be establishing an independent vision or perspective in the studio, exploring new facets of art history, or developing their own voices as art educators. Through this diversity, our program offers students a strong, self-motivated course of study where majors have meaningful contact with faculty across disciplines, methodologies, and practices.

The school's studio and art education facilities are located in the Maud F. Gatewood Studio Arts Building on Highland Avenue. Art historians have offices located in the Weatherspoon Art Museum.

Art Major: New Media & Design; Painting; Photography; Printmaking & Drawing; and Sculpture & Ceramics Concentrations (ART)—B.F.A.

Degree: Bachelor of Fine Arts

Required: 128 semester hours, to include at least 36 hours at or above the 300 course level

Available Concentrations and AOS Codes:

New Media and Design, U112
Painting, U113
Photography, U886
Printmaking and Drawing, U887
Sculpture and Ceramics, U115

The B.F.A. program is designed for students who are serious about pursuing careers as professional artists. The B.F.A. is a pre-professional degree leading to the M.F.A. or directly to a career in the Fine Arts.

B.F.A. Portfolio Review

Admittance to the B.F.A. program in New Media and Design, Painting, Photography, Printmaking and Drawing, or Sculpture and Ceramics is contingent upon successful review of a portfolio by a rotating committee of Art department faculty.

Students enrolled in the B.A. Studio Art degree program may seek entrance into the B.F.A. Studio Art degree program in the third semester of the Studio Foundation Program course sequence. Students who fail the portfolio review during the third semester can reapply in their fourth semester. Transfer students must complete the UNCG Studio Foundation Program and can only enter the program in the fall semester.

Students transferring mid-year are encouraged to complete GEC requirements. Students who apply to the B.F.A. program as second-degree students will be given the opportunity to appeal the initial portfolio review at the start of their application process.

I General Education Core Requirements (GEC)

See complete GEC requirements and approved course listings for all categories.

GLT—Literature (3 s.h.).

Student selects 3 s.h. from GLT list.

GFA—Fine Arts (3.s.h.)

ARH 110 Survey of Western Art: Prehistory–Renaissance

GPR—Philosophical, Religious, Ethical Principles (3 s.h.)

Student selects 3 s.h. from GPR list.

Humanities and Fine Arts (3 s.h.)

Student selects additional 3 s.h. from GLT, GFA, or GPR list.

GHP—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GHP list.

GNS—Natural Sciences (6–7 s.h.)

Student selects 6–7 s.h. from GNS list. One must be a laboratory course. Each must have a different departmental prefix.

GMT—Mathematics (3 s.h.)

Student selects 3 s.h. from GMT list.

GRD—Reasoning and Discourse (6 s.h.)

ENG 101 College Writing I
or
FMS 115 Freshman Seminar in Reasoning and Discourse I
or

GSB—Social and Behavioral Sciences (6 s.h.)

Student selects 6 s.h. from GSB list.

II General Education Marker Requirements

See details and courses. It is possible to meet all GE Marker Requirements while completing the GE Core requirements or courses required by the major/concentration.

Global/Global Non-Western Perspectives (GL/GN)

four (4) courses carrying GL/GN markers, at least one of which must carry the GN marker

Required

ARH 112 Survey of Non-Western Art

One Speaking Intensive (SI) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One Writing Intensive (WI) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

III Major Requirements

Core studio courses for major concentrations may be closed to students who are not enrolled in a degree program full-time.

Core Courses for all Concentrations

Studio Foundation Program Courses

Foundation Semester 1

ART 105 Foundations Seminar
ARH 110 Survey of Western Art: Prehistory–Renaissance
ART 120 Fundamentals of Drawing
ART 140 Foundation Design I
ART 150 Three-Dimensional Foundations I

ART 150 is taken in the fall.

Minimum grade of C- required in ART 105 in order to receive major credit for the course.

Foundation Semester 2

ARH 111 Survey of Western Art: Renaissance–Contemporary
ART 220 Intermediate Drawing
ART 240 Foundations Design 2
ART 253 Three-Dimensional Foundations II

ART 253 is taken in the spring.

Foundation Semester 3

ARH 112 Survey of Non-Western Art

Additional requirements

1. **Three (3) Art History (ARH) courses above 100 level**
2. **All students in their senior year are required to submit ready-to-exhibit work(s) to the Senior Show.**

New Media and Design Concentration

1.

ART 221 Life Drawing I
ART 340 Concepts in Time-based Media
ART 341 Letters, Signs, and Symbols
ART 344 Digital Darkroom

ART 345 Introduction to Web Design

2. New Media & Design courses:

ART courses from those numbered in the 340s, 390s, 440s, 490s, 540s, ART 373: 6 s.h.

3. Advanced New Media & Design courses:

ART courses from those numbered in the 440s or 540s: 9 s.h.

4.

ART 447 New Media and/or Design Capstone

5. Art or related electives: 6 s.h.

(recommended that these courses be at 300 level or above)

Painting Concentration

1.

ART 221 Life Drawing I
ART 232 Painting I
ART 321 Life Drawing II
ART 322 Variable Topics in Drawing
ART 335 Painting II
ART 337 Painting III
ART 420 Advanced Drawing
ART 482 Capstone Painting Studio and Practice Seminar

2. Printmaking: 6 s.h.

3. Art or related electives: 9 s.h.

(recommended that these courses be at 300 level or above)

Photography Concentration

1.

ART 221 Life Drawing I
ART 285 Photography I
ART 385 Photography II
ART 388 Photographic Interaction
ART 387 Alternative Photographic Processes
ART 384 Photojournalism and Documentary Photography
ART 485 Advanced Critique in Photography

2. Choose four from the following:

ARH 350 History of Photography
ARH 353 Late Twentieth-Century Art
ART 344 Digital Darkroom
ART 393 Practicum/Internship in Art Careers
ART 345 Introduction to Web Design
ART 441 Books and Images
ART 442 Image Sequencing/Sequential Images

3. Art or related electives: 9 s.h.

(recommended that these courses be at 300 level or above)

Printmaking and Drawing Concentration

1.

ART 221 Life Drawing I

ART 322 Variable Topics in Drawing
ART 326 Woodcut and Wood Engraving
ART 328 Etching I
ART 329 Lithography I
ART 420 Advanced Drawing

2. Select two from the following:

ART 349 Expanded Print Media
ART 428 Etching II
ART 429 Lithography II
ART 529 The Multi-Media Print

3. Art or related electives: 9 s.h.

(recommended that these courses be at 300 level or above)

Sculpture and Ceramics Concentration

1.

ART 221 Life Drawing I
ART 281 Ceramics I
ART 322 Variable Topics in Drawing
ART 348 Metal Sculpture
ART 353 Metal Casting
ART 355 Sculpture I
ART 356 Sculpture II
ART 381 Ceramics II
ART 481 Ceramics III

2. Art or related electives: 9 s.h.

(recommended but not required: choose from 300 level or above)

IV Electives

Art Major (ART)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

Available Concentrations and AOS Codes:

Art History, U110
Studio Art, U105

The Art History concentration is for those students wishing to pursue careers either in art scholarship or the museum and gallery profession. Those thinking primarily of Art History are encouraged to study the foreign languages needed for scholarship, particularly French and German.

The Studio Art concentration combines a liberal arts education grounded in the humanities with studio practice. A B.A. degree is ideal for students interested in a range of post-graduate fields and art-related professional careers. All studio students entering the art department begin in the B.A. Studio Art concentration.

Prerequisite: ART 120

ART 232 Painting I (3:1:6)

Basic course which uses observation as a vehicle for learning the fundamentals of oil painting.

Prerequisite: ART 120

ART 240 Foundations Design 2 (3:2:3)

Through a series of studio projects, students are introduced to the computer as a design tool and art medium while exploring problems related to color, time, visual systems, and seriality.

Prerequisite: ART 140

Corequisite: For Studio Art majors: ART 220, ART 253, and ARH 111

Offered: Fall & Spring & Summer

ART 241 Design II (3:2:3)

Introduction to the computer as a design tool and art medium. A variety of imaging applications introduced through design studio problems and visual problem solving.

Prerequisite: ART 140

ART 252 Techniques of Sculpture (3:1:6)

Tools, materials, and characteristic processes of major techniques.

Prerequisite: ART 150

ART 253 Three-Dimensional Foundations II (3:1:6)

Working from observation, students will increase their perceptual ability and skills through studio assignments. Emphasis on the comprehension of forms and structures in space.

Prerequisite: ART 150

ART 275 Metal Crafts I (3:1:4)

Techniques required to make jewelry and small art objects from copper, brass, and precious metals. Includes gem and stone setting.

Prerequisite: ART 140 or ART 150

ART 276 Creative Space: The Meeting of Art and Entrepreneurship (3:3)

Students develop self-employment skills with a focus on blending contemporary creative practices and entrepreneurship. Research and basic art skills are combined with entrepreneurship resulting in personal business models.

Prerequisite: ART or ENTR major

Notes: Offered as experimental course spring 2013; becomes a standard course spring 2014.

Cross Listed: Same as ENT 276.

ART 281 Ceramics I (3:1:6)

Basic course with emphasis on hand-built forms.

Offered: Fall & Spring

ART 285 Photography I (3:1:6)

Equipment and basic techniques of photography. Students must purchase film and papers. 35 MM camera required.

Prerequisite: ART 140, or permission of instructor

Offered: Fall & Spring

Prerequisite: ART 120 or ART 140; ART 220 or ART 240

Offered: Occ

Notes: Formerly ART 226.

ART 328 Etching I (3:1:6)

Intaglio techniques as a printmaking medium.

Prerequisite: ART 120 or ART 140; ART 220 or ART 240

Offered: Fall & Spring

Notes: Formerly ART 228.

ART 329 Lithography I (3:1:6)

Planographic techniques as a printmaking medium.

Prerequisite: ART 120 or ART 140; ART 220 or ART 240

Offered: Fall & Spring

Notes: Formerly ART 229.

ART 335 Painting II (3:1:6)

Studio course with substantial work from the model. Emphasis on development of control of the medium for pictorial purposes.

Prerequisite: ART 232

ART 337 Painting III (3:1:6)

Studio course with work from the model and other subject matter; emphasis on control of pictorial elements and individual development.

Prerequisite: ART 335

ART 340 Concepts in Time-based Media (3:2:3)

Intermediate-level study of design fundamentals in time-based applications, with emphasis on cross application work and content.

Prerequisite: ART 140; ART 240 or ART 241

Offered: Fall & Spring

ART 341 Letters, Signs, and Symbols (3:2:4)

Letter forms, signs, and symbols as configurations for design study.

Prerequisite: ART 140 and ART 240 or ART 241

ART 344 Digital Darkroom (3:2:4)

Studio based study of photo-based imagery and digital imaging. In-depth study of Photoshop and complementary photo-based software.

Prerequisite: ART 140; ART 240 or ART 241; or permission of instructor

Offered: Alt

ART 345 Introduction to Web Design (3:2:3)

An introduction to the design on interfaces for the Web using HTML and CSS. The course also addresses the issues of fluid design in interactive media.

Prerequisite: ART 240 or ART 241

Offered: Fall

ART 346 Kinetic Design (3:2:3)

Motion and time sequence in two-dimensional and three-dimensional design.

Prerequisite: 10 s.h. of studio art including ART 140

ART 347 Color Theory (3:1:6)

Major color theories and systems. Projects using properties of color in pigments, transparencies, and projected light.

Prerequisite: ART 140

Offered: Fall & Spring

ART 348 Metal Sculpture (3:1:6)

Studio course in non-cast metal sculpture techniques and concepts. Basic welding and fabrication of metal as a sculpture medium.

Prerequisite: ART 140, ART 240 or ART 241, and ART 341

Offered: Alt Years

ART 442 Image Sequencing/Sequential Images (3:2:3)

Advanced studio-based exploration of digital video, sound, and animation through a range of digital software. Study of nonlinear editing, narrative, and experimental approaches to motion graphics and video.

Prerequisite: ART 140, ART 240 or ART 241, and ART 340

Offered: Alt Years

Notes: For advanced New Media and Design majors.

ART 445 Three-Dimensional Design (3:2:3)

Three-dimensional modeling and animation. Development of three-dimensional systems as objects and environments.

Prerequisite: ART 140, ART 240 or ART 241, ART 340

Notes: Formerly ART 345.

ART 446 Graphic Design (3:2:3)

An advanced investigation into graphic design; typography, branding, and information architecture. Advanced execution of print, Web-based, and motion graphics.

Prerequisite: ART 140, ART 240 or ART 241, and ART 341

Offered: Alt Years

ART 447 New Media and/or Design Capstone (3:1:6)

Through independent and student-directed studio work and discipline-based writing and speaking intensive projects, students will engage in analytical discourse related to professional practice as a new media artist and designer in preparation to exhibit, present, and promote their work.

Prerequisite: ART major, New Media and Design concentration; ART 441 or ART 442 or ART 445 or ART 446 or ART 545

ART 448 Variable Topics in New Media and Design (3:2:3)

An advanced level New Media and Design course with a topical focus. Please check departmental listing for current description.

Prerequisite: Permission of instructor

Notes: May be repeated for credit when topic varies.

ART 459 Sculpture and/or Ceramics Studio Capstone (3:1:6)

Independent studio course with Speaking Intensive component. Students make a body of self-directed work in

STUDENT-DESIGNED INTERDISCIPLINARY PROGRAM (SDIP)

The Student-Designed Interdisciplinary Program (SDIP) is available only to students in the Lloyd International Honors College (LIHC) whose academic goals are not adequately served by a single major, or combination of majors, second majors, and minors, available in the College of Arts and Sciences or in one of the professional schools.

Students selecting the SDIP option must have a 3.30 GPA at the time of application. Students pursuing the SDIP option must satisfy all College Additional Requirements and meet all university academic regulations. An SDIP plan must represent a coherent academic program of study. The option may not be used as a way of circumventing the requirements of an established major, and SDIP plans (see below) that constitute only minor changes to an existing major will not be approved. The procedure for requesting approval of an SDIP is as follows:

1. LIHC students must consult with an honors college advisor before requesting approval of an SDIP. The adviser will interview the student and ask them to begin compiling a preliminary list of course work and fields the student wishes to put together. Once the honors college advisor is satisfied with the student's seriousness in pursuing the SDIP option, the student will schedule a meeting with the associate dean in the college with oversight of the SDIP program.
2. The student will meet with the associate dean to identify an advisor for the SDIP. A faculty member in the college must agree to serve as the student's advisor, to take responsibility for helping the student design an approved plan of study and for monitoring the student's progress. The student and the advisor devise a plan of study for the major. The plan consists of:
 - a. a brief statement describing the aims and intentions of the proposed major, and explaining why no existing major or combination of majors, second majors, or minors can be used to pursue those aims;
 - b. a list of courses (minimum of 27 semester hours) that will constitute the major. The list of courses must include SDI 400: Capstone Experience (1-3). Capstone experiences will be unique to each SDIP and can include internship, service-learning, individual reading and research, etc.;

- c. either a list of courses or a narrative paragraph explaining how the student will satisfy (or has satisfied) the college's liberal education, foreign language, and writing-intensive requirements; and
- d. the student and his/her advisor should make every effort to ensure that courses included in the plan are in fact offered with reasonable frequency; not all courses listed in the bulletin will be available with sufficient frequency to ensure timely graduation.

The plan is initially submitted to the associate dean of the college for review. The associate dean will ensure that the plan meets all the requirements noted above and will send a copy of the plan to the LIHC honors council for their review and approval. Copies of the approved plan will be sent by the associate dean to the student and the major advisor.

Any changes to the plan after it has been submitted must be approved by the associate dean. Generally, modifications will only be approved because some of the approved courses have become unavailable or because a new course appears to be better suited to the plan than one that was originally included.

STUDENT-DESIGNED INTERDISCIPLINARY PROGRAM COURSE (SDI)

SDI 400 Capstone Experience (1-3:0:3-9)

Can include reading and research, performance, internship, study abroad, service learning, etc. Available to qualified students upon recommendation of an instructor.

Prerequisite: Senior in SDIP and permission of instructor

Ashby Residential College Core Values: Liberal education, multiliteracies, innovative learning, and social justice.

Vision Statement

Ashby Residential College is a home on campus where students can relate serious academic studies to communal issues and personal development. Ashby upholds a tradition that fosters friendships, a commitment to life-long learning, and a responsibility to the community.

Mission Statement

Ashby Residential College, founded in 1970, is the oldest residential college in North Carolina. We foster a holistic academic community grounded in liberal education and multiliteracies. Our primary intellectual and social commitments are to global engagement, social justice, and multiliteracies, which includes sustainability, wellness, and global human rights. Our innovative, multidisciplinary curriculum and self-governing activities encourage students to:

- Integrate and apply knowledge to societal challenges with progressively higher levels of explorations and expectations;
- Organize, plan, and implement projects that foster personal development, innovation, leadership, and civic engagement; and
- Develop with faculty, staff, and alumni a strong and diverse community connected by a respect for individuality and a balance between public and private values.

Overview

Ashby Residential College, founded in 1970, is the oldest residential college in North Carolina. We foster a holistic academic community grounded in liberal education and multiliteracies. Our primary intellectual and social commitments are to global engagement, social justice, and multiliteracies, which includes sustainability, wellness, and global human rights. We value faculty-student interactions and emphasize small-seminar classes that meet UNCG general education requirements. In-house programs provide support in terms of advising, library access, research, and developing skills in speaking and writing. Self-governing activities encourage students to integrate

and apply knowledge to societal challenges, implement projects that foster personal development, innovation, leadership, and civic engagement. Mary Foust Hall houses approximately 120 co-ed freshmen and sophomores. All students who have been admitted to UNCG automatically qualify for application to Ashby. Anyone who wishes to receive more information about the program is encouraged to contact the Ashby Office, located in 124 Mary Foust Hall, 336-334-5915, and to visit the Web site: <http://ashby.uncg.edu>.

Ashby Residential College in Mary Foust is an inclusive, two-year program that offers a unique living and learning environment for a co-ed student community of approximately 120 freshmen and sophomores with a limited number of Upper-Class Mentor participants. Ashby is a small college but with immediate and complete access to the diverse facilities, programs, and departments of a larger university. Ashby provides a setting that encourages innovative study, small classes, unity of academic and social experiences, and close student-faculty contacts. A Residential College Coordinator, who serves on the faculty, resides in the hall. Other faculty members have offices in the residence hall. Students and faculty serve on governing committees and participate together in special events within the community.

Every semester, the Ashby curriculum includes approximately eighteen courses taught by faculty from departments across campus. These courses meet UNCG general education requirements as well as requirements for a variety of majors. All students are asked to participate in one of the ARC multidisciplinary core courses, which represent four to five integrated courses from the Ashby curriculum, and to choose another class from the other curricular offerings, which represent a wide range of academic subjects. These seminars, along with varied types of independent study and community service work, make up approximately six hours of a student's semester course load. The remaining semester hours are taken within the greater university. Ashby students are not only full members of UNCG, but are also encouraged to participate in the life of the university.

Special Programs in Liberal Studies Major, Humanities Concentration (SPLS)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level.

AOS Code: U820

Rationale and Program Objectives

The Bachelor of Arts in Liberal Studies, Humanities Concentration, is an online degree completion program for adult students who have earned a minimum of 60 hours of transferable credit at other institutions. The program is designed to provide students with an opportunity to earn their baccalaureate degree in an e-learning environment by gaining a thorough understanding of the humanities, the interconnections among them, and their relevance to individuals and to modern society. The humanities are broadly defined to include those disciplines that study people—their ideas, their history, their literature, their artifacts, and their values. The program will investigate individual people in their solitude, life together in societies, and models of and for reality that constitute cultures. Individual courses will tackle the Big Questions that have been the traditional province of the humanities such as “What makes a life worth living?” The program is designed to enhance the student’s ability to:

- Think critically and analytically.
- Communicate clearly and effectively.
- Understand and explain interconnections among the Humanities disciplines.
- Appreciate the wide range of human experience.
- Achieve increased depth of knowledge in one of the four categories of the Humanities: Literature, Fine Arts, Philosophy/Religion/Ethics, Historical Perspectives.

I General Education Core Requirements (GEC)

See complete GEC requirements and approved course listings for all categories.

GLT—Literature (6 s.h.)

Student selects 6 s.h. from GLT list.

GFA—Fine Arts (3 s.h.)

Student selects 3 s.h. from GFA list.

GPR—Philosophical, Religious, Ethical Principles (3 s.h.)

Student selects 3 s.h. from GPR list.

GHP—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GHP list.

GNS—Natural Sciences (6–7 s.h.)

Student selects 6–7 s.h. from GNS list. One must be a laboratory course. Each must have a different departmental prefix.

GMT—Mathematics (3 s.h.)

Student selects 3 s.h. from GMT list.

GRD—Reasoning and Discourse (6 s.h.)

ENG 101	College Writing I
	or
FMS 115	Freshman Seminar in Reasoning and Discourse I
	or
RCO 101	College Writing I

Student selects additional 3 s.h. from GRD list.

GSB—Social and Behavioral Sciences (6 s.h.)

Student selects 6 s.h. from GSB list.

II General Education Marker Requirements

See details and courses. It is possible to meet all GE Marker Requirements while completing the GE Core requirements or courses required by the major/concentration.

Global/Global Non-Western Perspectives (GL/GN)

four (4) courses carrying GL/GN markers, at least one of which must carry the GN marker

One Speaking Intensive (SI) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One Writing Intensive (WI) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

Special Programs in Liberal Studies Major, Social Sciences Concentration (SPLS)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level.

AOS Code: U862

Rationale and Program Objectives

The Special Programs in Liberal Studies, Social Sciences Concentration, is an online degree completion program for adult students who have earned a minimum of 60 hours of transferable credit at other institutions. The program is designed to provide students with an opportunity to earn their baccalaureate degree in an e-learning environment by gaining a broad-based understanding of the social sciences. The social sciences are the fields of academic scholarship that explore aspects of human behavior and societies. Upon completing the Special Programs in Liberal Studies Social Sciences concentration students will be able to:

- Engage theory and practice in the social sciences to better understand human behavior, activities, organizations, and cultures.
- Critically analyze social science related information in the popular media.
- Explain the interconnections, differences, and interdependence among the social sciences.
- Read, evaluate, and interpret research in the social sciences.
- Communicate clearly and effectively in an appropriate professional style.

I General Education Core Requirements (GEC)

See complete GEC requirements and approved course listings for all categories.

GLT—Literature (6 s.h.)

Student selects 6 s.h. from GLT list.

GFA—Fine Arts (3.s.h.)

Student selects 3 s.h. from GFA list.

GPR—Philosophical, Religious, Ethical Principles (3 s.h.)

Student selects 3 s.h. from GPR list.

GHP—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GHP list.

GNS—Natural Sciences (6–7 s.h.)

Student selects 6–7 s.h. from GNS list. One must be a laboratory course. Each must have a different departmental prefix.

GMT—Mathematics (3 s.h.)

Student selects 3 s.h. from GMT list.

GRD—Reasoning and Discourse (6 s.h.)

ENG 101 College Writing I
or
FMS 115 Freshman Seminar in Reasoning and Discourse I
or
RCO 101 College Writing I

Student selects additional 3 s.h. from GRD list.

GSB—Social and Behavioral Sciences (6 s.h.)

Student selects 6 s.h. from GSB list.

II General Education Marker Requirements

See details and courses. It is possible to meet all GE Marker Requirements while completing the GE Core requirements or courses required by the major/concentration.

Global/Global Non-Western Perspectives (GL/GN)

four (4) courses carrying GL/GN markers, at least one of which must carry the GN marker

One Speaking Intensive (SI) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One Writing Intensive (WI) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

III College of Arts and Sciences Additional Requirements

See CAR requirements in the Academic Units section. See the GEC Course Summary Table for approved CAR courses.

GMO/GPM—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GPM or GMO list.

GLS/GPS—Natural Sciences (3–4 s.h.)

Student selects 3–4 s.h. from GLS or GPS list.

GSB—Social and Behavioral Sciences (3 s.h.)

Student selects 3 s.h. from GSB list.

GFL—Foreign Language (0–12 s.h.)

Intermediate-level proficiency in one language required. Proficiency may be demonstrated by native proficiency in a language other than English, by placement test, or by completion of a foreign language sequence through the 204 level or equivalent.

Students in the BLS Program who have previously completed a foreign language through the 102 level, with a subsequent learning gap of five years or more, may apply to the program for permission to use culture-track courses in English (from a list pre-approved by the College Appeals Committee) as substitutions for the intermediate-level 203 and 204 language classes.

WI—Writing Intensive Courses

a total of four WI courses

IV Major Requirements

Minimum of 30 semester hours above the 100 level including the following:

A. Core Courses and Intermediate Seminar

To be completed as early in the major as is feasible:

SSC 300	Doing Social Sciences
SSC 301	Contemporary Issues in the Social Sciences

To be completed at the approximate midpoint of the major:

SSC 350	Inequality in a Changing World
---------	--------------------------------

B. Distribution Requirement

Select three courses from the list in section C, each from a different department.

C. Area of Emphasis

At least three additional courses in one of the departments listed below. Area of Emphasis cannot be in the same discipline as an additional or previously completed major.

Anthropology:

ATY courses at the 300 level or above

Communication Studies:

CST courses at the 300 level or above

Economics:

ECO courses at the 300 level or above

ECO 201	Principles of Microeconomics
---------	------------------------------

Geography:

GEO courses at the 300 level or above

Excluding the following Earth Science courses:

GEO 311	Weather and Climate
GEO 312	Geomorphology of North America
GEO 314	Physical Geography: Landscape Processes
GEO 330	Elements of Hydrology
GEO 359	Remote Sensing of Environment
GEO 510	Biogeography
GEO 511	Advanced Weather and Climate—Synoptic Climatology
GEO 559	Advanced Remote Sensing—Imaging
GEO 570	Applied Physical Geography

Political Science:

PSC 240	The International System
---------	--------------------------

PSC courses at the 300 level or above

Psychology:

PSY courses at the 300 level or above

PSY 240	Principles of Learning
PSY 280	Cognitive Psychology

Sociology:

SOC courses at the 300 level or above

SOC 201	Social Problems
---------	-----------------

D. Capstone Seminar (3 s.h.)

To be completed in the final semester of the major.

SSC 400	Senior Seminar in the Social Sciences
---------	---------------------------------------

V Electives

Electives sufficient to complete the 122 semester hours required for the degree.

HUMANITIES COURSES (BLS)

BLS 300 Seminar in Humanities (3:3)

Interdisciplinary online seminar designed to introduce students to substantive concerns in the Humanities and methods of investigation they employ. Topics vary by semester.

Prerequisite: Admission to the major

Offered: Fall & Spring & Summer

Notes: May be repeated for credit when topics vary.

BLS 301 Pathways: Reading and Writing in the Humanities (3:3)

Introduction to different modes of enquiry that make up the Humanities: Literature, Fine Arts, Philosophy/Religion/Ethics, and History. Emphasis on the development of academic skills in an online learning environment.

Prerequisite: SPLS major, Humanities (U820) concentration; junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 320 Selected Topics: Literature (3:3)

Online course that examines selected topics in world literature exploring works of prose and/or poetry from diverse cultural traditions and periods. Topics vary by semester.

Prerequisite: Junior standing (60 s.h.) or permission of instructor

Offered: Fall & Spring & Summer

Notes: May be repeated for credit when topics vary.

BLS 321 Reading the Human Experience (3:3)

Exploration of individual experience, interpersonal relationships, and cultural identity through the reading and critical analysis of works of short fiction from the 19th through the 21st centuries.

Prerequisite: SPLS major, Humanities (U820) concentration; junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 322 Revolutionary Lives (3:3)

Examination of 19th–20th century Russian novels of conscience within their historical contexts and as related to the broader struggle between authority and conscience throughout history.

Prerequisite: Junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 323 Contemporary Short Stories (3:3)

Examination of the contemporary short story as a literary art form and as a reflection of the human experience. Includes both critical/analytical and creative writing assignments.

Prerequisite: Junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 325 Mystery, Mayhem, and Murder (3:3)

Examination of mystery and detective fiction from British and American authors throughout the history of the genre. Considers theory about narrative and mystery, and genre fiction as social commentary.

Prerequisite: Junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 326 Telling Stories: The Memoir (3:3)

Examination and analysis of contemporary book-length memoirs, personal memory essays, and self-portrait paintings; includes some creative writing.

Prerequisite: Junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 327 Contemporary Asian Literature (3:3)

Exploration of novels by major authors from South Asia and East Asia in the last half century. Examines cultures and politics, and relationships with the Western world.

Prerequisite: SPLS major, Humanities (U820) concentration; junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 340 Selected Topics: Fine Arts (3:3)

Online course that examines selected topics in the fine arts exploring the aims and methods of artistic expression and the role of cultural traditions and artistic values in human society.

Prerequisite: Junior standing (60 s.h.) or permission of instructor

Offered: Fall & Spring & Summer

Notes: May be repeated for credit when topics vary.

BLS 341 Eye Appeal (3:3)

Examines the use of "spectacle" to create meaning in the performing arts and life, from antiquity to the present. Studies formal elements of spectacle, iconography, and interpretations by scholars.

Prerequisite: Junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 342 Painting on the Page (3:3)

Studies literary texts about works of Western art; explores the relationship between the interpretation of pictures and written texts, and considers questions about art, beauty, truth, and aesthetic experience.

Prerequisite: SPLS major, Humanities (U820) concentration; junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 343 Big Plays, Big Ideas (3:3)

Examines great plays, classic to modern, that grapple with significant issues and ideas, and illuminate the human experience on the page and on the stage.

Prerequisite: Junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 345 Photography: Contexts and Illusions (3:3)

Examines the history, theory, and contexts of photography since its development. Explores uses and abuses of photography in science, art, and media; examines how photography crosses and confuses visual genres.

Prerequisite: Junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 346 The Art of Life (3:3)

Explores the relationship between the creative arts and human values, ideas, and emotions. Theme of "getting lost" in the creative process, which leads to discovery and insight—the accidental masterpiece.

Prerequisite: Junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 347 Shakespeare Off the Page (3:3)

Examines a selection of Shakespeare's major plays not only as universal and timeless works of literature, but as blueprints for live theatre productions and film performances for modern audiences.

Prerequisite: SPLS major, Humanities (U820) concentration; junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 348 Representing Women (3:3)

Focuses on women as producers, consumers, and subjects of visual culture. Examines the Feminist art movement, Feminist critiques of popular culture, and the significance of visual representation to political representation.

Prerequisite: Junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 360 Selected Topics: Philosophy/Religion/Ethics (3:3)

Online course that examines selected topics in philosophy, religion, and ethics; compares assumptions, modes of thought, and attendant practices, and analyzes their effects on behavior and human society.

Prerequisite: Junior standing (60 s.h.) or permission of instructor

Offered: Fall & Spring & Summer

Notes: May be repeated for credit when topics vary.

BLS 361 American Dreams (3:3)

Study of the "American Dream," its origins and historical development through its contemporary relevancy. Themes include freedom, immigration, nationalism, commercialism, class in America, the Dream's corollary: the American Nightmare.

Prerequisite: Junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 362 Vice, Crime, and American Law (3:3)

An examination of the moral concept of "vice" and its application in American criminal law. Topics include gambling, prostitution, pornography, drugs, hate speech, and laws prohibiting gay marriage.

Prerequisite: Junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 363 Ethics and Technology (3:3)

An examination of ethical problems created by technology. Additional emphasis given to the historical, legal, and cultural impacts technology has had on our society.

Prerequisite: Junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 364 Mystics in America (3:3)

Investigation of popular trends in contemporary American spirituality with attention to the historical roots that may or may not lie behind them.

Prerequisite: Junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 365 Divided We Stand (3:3)

Exploration of the relationship between religion and democracy in America. Topics include religion in the nation's founding, America as a secular state, religious pluralism, and religion in public discourse.

Prerequisite: Junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 366 Life, Death, and Meaning (3:3)

An examination of philosophical writings concerning death and the meaning of life. Plays, poems, art, literature, and films that apply or illustrate the philosophical works are also examined.

Prerequisite: Junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 380 Selected Topics: Historical Perspectives (3:3)

Online course that examines selected topics in history and explores the context of events (social structure, economics, political systems, culture, or beliefs) in a specific region and period.

Prerequisite: Junior standing (60 s.h.) or permission of instructor

Offered: Fall & Spring & Summer

Notes: May be repeated for credit when topics vary.

BLS 381 Old Europe/New Europe (3:3)

Interdisciplinary cultural history of Europe from the French Revolution to the present. Introduction to key

historical figures, cultural movements, and artistic developments.

Prerequisite: Junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 382 The Sixties (3:3)

Exploration of the cultural and political changes in American society during the 1960s and early 1970s.

Prerequisite: Junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 383 Religious Resistance to Political Power (3:3)

Explores religious resistance to atheist Soviet doctrine within the Soviet Union itself, in Communist Poland, and in Soviet-occupied Afghanistan. Examines relationships between religion and society in each context.

Prerequisite: Junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 384 Great Trials in American History (3:3)

Prerequisite: Junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 385 American Motherhood (3:3)

Examines representations of motherhood throughout American history in the media and in scholarly and creative literature. Explores the mothering experiences of women of different races, classes, and generations.

Prerequisite: Junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 386 Women, War, and Terror (3:3)

Examines women as victims and critics of war and terror in the 20th century, primarily through autobiographical writings, and explores broader questions of gender, language, power, and resistance.

Prerequisite: Junior or senior standing (minimum 60 s.h.); or permission of the instructor

BLS 400 Senior Seminar in the Humanities (3:3)

Online, capstone experience for majors. Students compile Web portfolio of work from classes in the major. Course serves as a method of assessment for majors.

Prerequisite: Admission to major

Offered: Fall & Spring & Summer

BLS 401 Individual Study (1–3)

Directed program of reading and/or research in the humanities. Available to majors upon recommendation of an instructor and approval of the program directors.

Prerequisite: Admission to major; successful completion of one semester of course work at UNCG; permission of an approved, cooperating instructor

Offered: Fall & Spring & Summer

SOCIAL SCIENCES COURSES (SSC)

SSC 300 Doing Social Sciences (3:3)

Introductory course for the online SPLS Social Sciences major. Topics include epistemology, theory development, research ethics, study design, data collection, and data analysis.

Prerequisite: SPLS Social Sciences major; junior or senior standing; or permission of the instructor

SSC 301 Contemporary Issues in the Social Sciences (3:3)

Introductory course for the online SPLS Social Sciences major. Analysis of a single contemporary issue using each of the academic disciplines in the SPLS Social Science concentration.

Prerequisite: SPLS Social Sciences major; junior or senior standing; or permission of the instructor

SSC 350 Inequality in a Changing World (3:3)

This course introduces major schools of social science theory from several areas of study and applies them to the study and explanation of domestic and global inequality.

Prerequisite: SSC 300; SSC 301; 12 s.h. in residence at UNCG (can include SSC 300 and SSC 301); SPLS major with a concentration in Social Sciences

SSC 400 Senior Seminar in the Social Sciences (3:3)

Capstone seminar for students pursuing the SPLS Social Science concentration.

Prerequisite: SPLS Social Sciences major; senior standing; SSC 300 and SSC 301; and permission of the instructor

SSC 401 Individual Study in the Social Sciences (1–3)

Directed program of reading and/or research in the Social Sciences. The credits can be used to fulfill either "distribution" or "area of emphasis" requirements.

Prerequisite: SSC 300 and SSC 301; permission of instructor and program director

Offered: Fall & Spring & Summer

Academic Departments, Programs, and Courses

Notes: May be repeated once for credit, for up to six (6) semester hours.

Adjunct Clinical Professor Lipford

Adjunct Associate Professor Blake

Adjunct Clinical Associate Professor Hopkins

Adjunct Assistant Professor Homyack

The Department of Biology has a strong commitment to teaching at both the undergraduate and graduate levels. Recipients of undergraduate biology degrees find employment in a wide range of fields and are well-prepared for further study in graduate school and in health-related professions such as medicine, dentistry, and veterinary medicine. Writing- and speaking-intensive courses and laboratory classes help develop communication and research skills.

The department's tradition of excellence in education is complemented by a faculty actively engaged in research in areas ranging from molecular biology and biochemistry to ecology and evolution. Students are encouraged to gain research experience through independent study with a faculty mentor.

Transfer Credit

Credit for courses above the 100 level is transferred as Biology elective credit only. To establish transfer credit for

specific Biology courses above the 100 level, students should contact the Director of Undergraduate Studies or Associate Head. Transfer students are reminded that at least 12 semester hours in the major must be completed at UNCG.

BIOLOGY MAJOR (BIOL)—B.A. OR B.S.

Degree: Bachelor of Arts or Bachelor of Science

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

Available Concentrations and AOS Codes:

Biology—B.A., U117

Comprehensive Science High School Teaching
Licensure—B.A., U119

Biology—B.S., U116

Biotechnology—B.S., U214

Comprehensive Science High School Teaching
Licensure—B.S., U218

Environmental Biology—B.S., U118

Human Biology—B.S., U863

Biology Major: Biology Concentration (BIOL)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U117

The Department offers a full range of courses leading to the B.A. degree. The degree may lead to further study in graduate school, medicine, dentistry, veterinary medicine, medical technology, biotechnology, and environmental biology. See also Preprofessional Programs. Both study and laboratory facilities are available to advanced undergraduates.

I General Education Core Requirements (GEC)

See complete GEC requirements under General Education Program in the University Requirements section. See the GEC Course Summary Table for approved courses.

Student selects 6 s.h. from GSB list.

II General Education Marker Requirements

See complete GEC requirements under General Education Program in the University Requirements section. See the GEC Course Summary Table for approved courses.

Global/Global Non-Western Perspectives (GL/GN)

four (4) courses carrying GL/GN markers, at least one of which must carry the GN marker

One Speaking Intensive (SI) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One Writing Intensive (WI) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

See CAR requirements in the Academic Units section. See the GEC Course Summary Table for approved CAR courses.

GMO/GPM—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GPM or GMO list.

GLS/GPS—Natural Sciences (3–4 s.h.)

Required:

BIO 112 Principles of Biology II

GSB—Social and Behavioral Sciences (3 s.h.)

Student selects 3 s.h. from GSB list.

GFL—Foreign Language (0–12 s.h.)

intermediate-level proficiency in one language, demonstrated by placement test, or completion of course work through course number 204

WI—Writing Intensive Courses

a total of four WI courses

IV Major Requirements

Program Qualifications

BIO 111 Principles of Biology I

BIO 112 Principles of Biology II

Additional Qualifications:

A minimum of 30 semester hours of Biology courses above the 100 level.

A maximum of 4 s.h. at the 200 level may be counted toward the major.

Students must have a grade point average of at least 2.0 in Biology courses completed at UNCG.

Core Courses

In meeting the requirement for hours above the 100 level, all B.A. in Biology majors must complete the following core courses; completion of at least four of these requirements is strongly recommended prior to enrollment in courses numbered 400 and higher.

1. Ecology

BIO 301 Principles of Ecology

2. Cell Biology

BIO 355 Cell Biology

3. Genetics

BIO 392 Genetics

4. Evolution

VI Electives

Electives sufficient to complete the 122 semester hours required for the degree.

Biology Major: Comprehensive Science High School Teaching Licensure (BIOL)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level; note that licensure programs may require hours beyond the minimum listed.

AOS Code: U119

The Comprehensive Science High School Licensure (BIOL) program provides a strong background in biology as well as licensure for high school biology teaching. In addition, successful completion of this program qualifies

candidates to teach other high school science subjects as well.

The Department offers a full range of courses leading to the B.A. degree. The degree may lead to further study in graduate school, medicine, dentistry, veterinary medicine, medical technology, biotechnology, and environmental biology. See also Preprofessional Programs. Both study and laboratory facilities are available to advanced undergraduates.

Students seeking admission to the UNCG Teacher Education Program with a major in Biology must meet the following minimum requirements of the Department of Biology:

1. Completion of a minimum of 9 s.h. in biology courses, with at least six of those hours from courses taken at UNCG
2. A grade point average of at least 2.50 for biology courses completed at UNCG

Students already admitted to the UNCG Teacher Education Program with a major in Biology who are seeking admission to Student Teaching must meet the following requirements of the Department of Biology:

1. Completion of a minimum of 18 s.h. of biology courses, with at least 15 of those hours from courses taken at UNCG
2. A grade point average of at least 2.50 for biology courses completed at UNCG

VI Additional Requirements for Teacher Licensure

The Teaching Licensure program in Biology includes a diverse science curriculum in order to align with licensure requirements of the North Carolina Department of Public Instruction.

a.

1.
GEO 103 Introduction to Earth Science
2. **One or more of the following:**
GEO 111 Physical Geology
GEO 205 Environmental Change: Its Nature and Impact
GEO 311 Weather and Climate
GEO 314 Physical Geography: Landscape Processes

b.

The following courses must be taken in a specified sequence terminating in student teaching in the spring semester of the senior year. See the online Secondary Education Handbook for more information.

1.
TED 535 Literacy in the Content Area
2.
ERM 401 Assessment I: Accountability in Our Nation's Schools
ERM 402 Assessment II: Standardized Tests
ERM 403 Assessment III: Classroom Assessment

3.
TED 401 Child and Adolescent Development and Learning
SES 401 Understanding and Teaching Students with Disabilities in Inclusive Settings
TED 403 Teaching English Learners with Diverse Abilities
4.
TED 445 Human Diversity, Teaching, and Learning
5.
TED 559 Teaching Practices and Curriculum in Science

6. The following for 12 s.h.:

- TED 465 Student Teaching and Seminar: Secondary School

7. Strongly recommended:

- LIS 120/TED 120 Introduction to Instructional Technology for Educational Settings

VII Electives

Electives sufficient to complete the 122 semester hours required for the degree.

Biology Major: Biology Concentration (BIOL)—B.S.

Degree: Bachelor of Science

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: Biology, U116

The Bachelor of Science degree is offered for those students aspiring to a professional career in biology, and for those students with particularly strong interests in the discipline. See also Preprofessional Programs. A student pursuing the Bachelor of Science is expected to develop a stronger background in mathematics and related sciences and to attain a greater understanding of biology than will a student pursuing a Bachelor of Arts degree. Bachelor of Science students will also be strongly encouraged to undertake an individual research project with a faculty member during their junior and/or senior year.

I General Education Core Requirements (GEC)

See complete GEC requirements under General Education Program in the University Requirements section. See the GEC Course Summary Table for approved courses.

GLT—Literature (6 s.h.)

Student selects 6 s.h. from GLT list.

GFA—Fine Arts (3.s.h.)

Student selects 3 s.h. from GFA list.

GPR—Philosophical, Religious, Ethical Principles (3 s.h.)

Student selects 3 s.h. from GPR list.

GHP—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GHP list.

GNS—Natural Sciences (7 s.h.)

BIO 111 Principles of Biology I
CHE 111 General Chemistry I

GMT—Mathematics (3 s.h.)

MAT 191 Calculus I

GRD—Reasoning and Discourse (6 s.h.)

ENG 101 College Writing I
or
FMS 115 Freshman Seminar in Reasoning and Discourse I
or
RCO 101 College Writing I

Student selects additional 3 s.h. from the GRD list.

GSB—Social and Behavioral Sciences (6 s.h.)

Student selects 6 s.h. from GSB list.

II General Education Marker Requirements

See complete GEC requirements under General Education Program in the University Requirements section. See the GEC Course Summary Table for approved courses.

Global/Global Non-Western Perspectives (GL/GN)

four (4) courses carrying GL/GN markers, at least one of which must carry the GN marker

One Speaking Intensive (SI) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One Writing Intensive (WI) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

III College of Arts and Sciences Additional Requirements (CAR)

See CAR requirements in the Academic Units section. See the GEC Course Summary Table for approved CAR courses.

GMO/GPM—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GPM or GMO list.

GLS/GPS—Natural Sciences (3–4 s.h.)

Required:

BIO 112 Principles of Biology II

GSB—Social and Behavioral Sciences (3 s.h.)

Student selects 3 s.h. from GSB list.

GFL—Foreign Language (0–12 s.h.)

intermediate-level proficiency in one language, demonstrated by placement test, or completion of course work through course number 204

WI—Writing Intensive Courses

a total of four WI courses

IV Major Requirements

Program Qualifications

BIO 111 Principles of Biology I
BIO 112 Principles of Biology II

Additional Qualifications:

A minimum of 30 semester hours of Biology courses above the 100 level.

A maximum of 4 s.h. at the 200 level may be counted toward the major.

Students must have a grade point average of at least 2.0 in Biology courses completed at UNCG.

B.S. in Biology Core Courses

In meeting the requirement for hours above the 100 level, all B.A. in Biology majors must complete the following core courses; completion of at least four of these requirements is strongly recommended prior to enrollment in courses numbered 400 and higher.

1. Ecology

BIO 301 Principles of Ecology

2. Cell Biology

BIO 355 Cell Biology

3. Genetics

BIO 392 Genetics

4. Evolution

BIO 330 Evolution

5. Two laboratory courses

VI Electives

Electives sufficient to complete the 122 semester hours required for the degree.

Biology Major: Biotechnology Concentration (BIOL)—B.S.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U214

The concentration in biotechnology is designed for students with a strong interest in molecular biology and genetics. Courses will prepare students in both conceptual aspects of molecular biology and their practical application in biotechnology and genetic engineering.

VI Electives

Electives sufficient to complete the 122 semester hours required for the degree.

Biology Major: Comprehensive Science High School Teaching Licensure (BIOL)—B.S.

Degree: Bachelor of Science

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level; note that licensure programs may require hours beyond the minimum listed.

AOS Code: U218

The Comprehensive Science High School Licensure (BIOL) program provides a strong background in biology as well as licensure for high school biology teaching. In addition, successful completion of this program qualifies candidates to teach other high school science subjects as well.

The Bachelor of Science degree is offered for those students aspiring to a professional career in biology, and for those students with particularly strong interests in the discipline. See also Preprofessional Programs. A student pursuing the Bachelor of Science is expected to develop a stronger background in mathematics and related sciences and to attain a greater understanding of biology than will a student pursuing a Bachelor of Arts degree. Bachelor of Science students will also be strongly encouraged to undertake an individual research project with a faculty member during their junior and/or senior year.

Students seeking admission to the UNCG Teacher Education Program with a major in Biology must meet the following minimum requirements of the Department of Biology:

1. Completion of a minimum of 9 s.h. in biology courses, with at least six of those hours from courses taken at UNCG

2. A grade point average of at least 2.50 for biology courses completed at UNCG

Students already admitted to the UNCG Teacher Education Program with a major in Biology who are seeking admission to Student Teaching must meet the following requirements of the Department of Biology:

1. Completion of a minimum of 18 s.h. of biology courses, with at least 15 of those hours from courses taken at UNCG
2. A grade point average of at least 2.50 for biology courses completed at UNCG

6. The following for 12 s.h.:

TED 465 Student Teaching and Seminar: Secondary School

7. Strongly recommended:

LIS 120/TED 120 Introduction to Instructional Technology for Educational Settings

VII Electives

Electives sufficient to complete the 122 semester hours required for the degree.

Biology Major: Environmental Biology Concentration (BIOL)—B.S.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U118

This concentration is designed for students with a strong interest in environmental biology. The concentration provides students with a breadth and depth of environmental awareness, rigorously prepares them for advanced studies in environmental biology and trains them for environmentally-oriented professions.

See complete GEC requirements under General Education Program in the University Requirements section. See the GEC Course Summary Table for approved courses.

Global/Global Non-Western Perspectives (GL/GN)

four (4) courses carrying GL/GN markers, at least one of which must carry the GN marker

One Speaking Intensive (SI) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One Writing Intensive (WI) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

III College of Arts and Sciences Additional Requirements (CAR)

See CAR requirements in the Academic Units section. See the GEC Course Summary Table for approved CAR courses.

GMO/GPM—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GPM or GMO list.

GLS/GPS—Natural Sciences (3–4 s.h.)

Required:

BIO 112 Principles of Biology II

GSB—Social and Behavioral Sciences (3 s.h.)

Student selects 3 s.h. from GSB list.

GFL—Foreign Language (0–12 s.h.)

intermediate-level proficiency in one language, demonstrated by placement test, or completion of course work through course number 204

WI—Writing Intensive Courses

a total of four WI courses

IV Major Requirements

Program Qualifications

BIO 111 Principles of Biology I

BIO 112 Principles of Biology II

VI Electives

Electives sufficient to complete the 122 semester hours required for the degree.

Biology Major: Human Biology Concentration (BIOL)—B.S.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U863

This concentration is designed for biology majors who want to develop the ability to integrate biological knowledge as it relates to human beings. The study of human biology requires fundamental knowledge of basic life science, since humans and other animals share a large number of structural, chemical, and control mechanisms. Moreover, human behavior occurs within a specific evolutionary and ecological setting, just as it does in other animals. Full appreciation of human biology, including our complex brains, our communication and conceptual abilities, and our social structures, requires an understanding drawn not only from biology but also from basic courses in anthropology and psychology, and from additional academic disciplines in the humanities and sciences.

VI Electives

Electives sufficient to complete the 122 semester hours required for the degree.

Biology as a Second Major

Students who wish to declare a second major in Biology must complete all requirements listed above under the degree selected.

Biology as a Second Academic Concentration

Required: minimum of 18 semester hours

The second academic concentration in Biology is designed specifically for Elementary Education students.

Requirements**1. Introductory Biology**

BIO 111	Principles of Biology I and
BIO 112	Principles of Biology II

2. Any three of the following four core biology courses:**Ecology**

BIO 301	Principles of Ecology
---------	-----------------------

Cell Biology

BIO 355	Cell Biology
---------	--------------

Genetics

BIO 392	Genetics
---------	----------

Evolution

BIO 330	Evolution

3.

Completion of the following may also count toward completion of the 18 s.h. requirement:

BIO 271	Human Anatomy or
BIO 277	Human Physiology

Biology Minor

Required: minimum of 17 semester hours

AOS Code: U117

A minimum of 17 semester hours in biology is required for a minor in biology. A student must have at least a 2.0 GPA in Biology courses completed at UNCG to receive a minor in Biology.

Requirements**1.**

BIO 111	Principles of Biology I
BIO 112	Principles of Biology II

2. Any two of the following four core biology courses:**Ecology**

BIO 301	Principles of Ecology

Biology Standard Professional I License Only

Students who have already completed an undergraduate degree and who are now seeking the Standard Professional I License in Biology must complete the requirements for a B.A. or B.S. in Biology at UNCG with a biology grade point average of 2.50 or better. Course selection must be completed in consultation with the Head of the Department of Biology.

Students who have already taken biology courses as part of their undergraduate program should contact the Head of the Department of Biology to determine if any of those courses can be accepted as meeting some of the requirements for the Standard Professional I License in Biology at UNCG.

Direct questions about these requirements to the Head of the Department of Biology.

Biology Disciplinary Honors

Requirements

Eighteen semester hours to consist of:

- 3 s.h. of HSS 490 Senior Honors Project
- 3–6 s.h. of BIO 493 Honors Work (only 6 hours may be counted toward the 30 s.h. minimum in the Biology major)
- One hour credit in any of the Department's journal clubs
- Two 500-level Biology courses (for 6–8 s.h. credit)
- A third 500-level course in Biology or a Contract course in Biology at the 300 or 400 level.
- Oral presentation of Honors Thesis to a committee of three Biology Faculty or public presentation of research at a local, regional, or national meeting is required.

Qualifications

- A grade of B or higher in all course work used to satisfy the Honors requirements in Biology
- A declared Biology Major
- At least a 3.30 overall GPA at graduation

Recognition

The designation "Completed Disciplinary Honors in Biology" and the title of the Senior Honors Project will be printed on the student's official transcript.

Honors Advisor

See Dr. John Lepri, Honors Liaison, for further information and guidance about Honors in Biology.

BIOLOGY COURSES (BIO)

Prerequisite for 300, 400, and 500 levels: minimum grade of C- or better in BIO 112, unless otherwise specified.

BIO 100 Orientation to the Biology Major (1:1)

Introduction to the Biology major at UNCG. What it means to be a Biology major at UNCG, in our community, and as a career.

Notes: Offered as an experimental course Fall 2015.

BIO 105 Major Concepts of Biology (3:3)

Introduction to major concepts in biology. Topic sections emphasize specific areas including conservation biology, biotechnology, and current issues. Survey sections emphasize basic aspects of biology, including genetics, physiology and ecology.

Offered: Fall & Spring

Distribution: GE Core: GNS, CAR: GLS

Notes: For students not planning to take additional biology courses. Students who have prior credit for BIO 111, BIO 112 may not take BIO 105 for credit.

BIO 105L Major Concepts of Biology Laboratory (1:0:2)

Designed to acquaint non-science majors with the process of scientific inquiry and major ideas in biology, including function of cells, the human body, mechanisms of heredity, ecology, and evolution.

Prerequisite: Pr. or Coreq. concurrent enrollment in BIO 105 or previous credit for BIO 105

Offered: Fall & Spring

Distribution: GE Core: GNS, CAR: GLS

Notes: For students not planning to take additional biology courses. Students who have prior credit for BIO 111, BIO 112 may not take BIO 105L for credit. Online sections must have previously passed or be concurrently enrolled in online lecture.

BIO 110 Introduction to Biology (3:3)

An introduction to the principles of biology, including the molecular and cellular basis of life, genetics, and biotechnology.

Prerequisite: Pre-Nursing or Nursing major or permission of instructor

Offered: Fall & Spring

Notes: Students may not receive credit for both BIO 110 and BIO 111.

BIO 111 Principles of Biology I (4:3:3)

Prerequisite for most other biology courses and includes laboratory. Lecture covers the fundamental principles of biology including the molecular and cellular basis of life, genetics, and biotechnology.

Corequisite: BIO 111L

Offered: Fall & Spring

Distribution: GE Core: GNS, CAR: GLS

Notes: May not be taken more than twice.

BIO 111L Principles of Biology I Lab (0:0:3)

Laboratory supporting BIO 111.

Corequisite: BIO 111

Notes: No grade is awarded with this course number. Grades are awarded with the lecture course.

BIO 112 Principles of Biology II (4:3:3)

Prerequisite for 300-level courses and above. This course includes laboratory. Fundamental principles of biology including botany, zoology, evolution, and ecology.

- *A passing grade in lecture must be achieved for successful completion of this course.*
- *May not be taken more than twice.*

Corequisite: BIO 112L

Offered: Fall & Spring

Distribution: GE Core: GNS, CAR: GLS

Notes: A passing grade in lecture must be achieved for successful completion of this course. May not be taken more than twice.

BIO 112L Principles of Biology II Lab (0:0:3)

Laboratory supporting BIO 112.

Corequisite: BIO 112

Notes: No grade is awarded with this course number. Grades are awarded with the lecture course.

BIO 113 Principles of Biology Laboratory (1:0:3)

Basic laboratory practices and fundamental principles of biology including molecular and cellular basis of life, genetics, and biotechnology.

Prerequisite: BIO 110

Offered: Fall & Spring

BIO 271 Human Anatomy (4:3:3)

Human anatomy with study of skeletons, models, and anatomical preparations. Includes dissection of cat.

Prerequisite: A grade of C- or better in BIO 110 or BIO 111

Notes: May not be taken more than twice.

BIO 277 Human Physiology (4:3:3)

Human physiology with emphasis on homeostatic mechanisms.

Prerequisite: A grade of C- or better in BIO 110 or BIO 111 and high school chemistry with grade of C or better

Notes: May not be taken more than twice.

BIO 280 Fundamentals of Microbiology (4:3:4)

General survey of microscopic life and its impact on medicine, public health, and the environment. Includes laboratory work with bacteria, emphasizing aseptic technique.

Prerequisite: A grade of C- or better in BIO 110 or BIO 111, and successful completion of either BIO 271 or BIO 277

Notes: Students cannot receive credit for both this course and BIO 481. May not be taken more than twice.

BIO 301 Principles of Ecology (3:3)

Introduction to fundamentals of ecology. Principles relating to populations, communities and ecosystems. Particular emphasis placed on the many dimensions of interdependence within ecosystems.

Prerequisite: Minimum grade of C- in both BIO 111 and BIO 112

Offered: Fall & Spring

Notes: May not be taken more than twice.

BIO 302 Introductory Ecology Laboratory (1:0:4)

Laboratory course to accompany BIO 301. Several field trips.

Prerequisite: Pr. or Coreq. BIO 301

Offered: Fall & Spring

Notes: May not be taken more than twice.

BIO 315 Ecology and Evolution Laboratory (2:1:3)

This course is designed to help students understand, via hands-on activities, how species and populations evolve and how species and individuals interact with one another and with their environment.

Academic Departments, Programs, and Courses

Prerequisite: Minimum grade of C- in either BIO 301 or BIO 330

Corequisite: If not completed as a prerequisite, either BIO 301 or BIO 330

BIO 330 Evolution (3:3)

Fundamental principles of evolutionary biology, including processes and patterns of biological evolution and an overview of the historical and contemporary biodiversity resulting from evolution.

Prerequisite: Minimum grade of C- in both BIO 111 and BIO 112

BIO 355 Cell Biology (3:3)

Study of cellular organization and function. Fundamental biochemical properties, including cellular components, enzyme function, energetics, and metabolism studied in relation to cellular structure, membrane function, cell movement, and cytoplasmic compartments.

Prerequisite: Minimum grade of C- in both BIO 111 and BIO 112; CHE 114 (or equivalent)

Offered: Fall & Spring

Notes: May not be taken more than twice.

BIO 356 Cell Biology Laboratory (1:0:3)

Laboratory exercises to complement lecture material of BIO 355.

Prerequisite: BIO 112

Corequisite: Pr. or Coreq. BIO 355

Offered: Fall & Spring

Notes: May not be taken more than twice.

BIO 361 Biology and Conservation of Sea Turtles (3:1:6)

Students spend 2 weeks in July/August in Tortuguero, Costa Rica assisting with tagging and collecting data on nesting turtles. Seminar and N.C. field trip in spring.

Prerequisite: Minimum grade of C- in both BIO 111 and BIO 112; or permission of instructor

Offered: Odd Years

Notes: May not be taken more than twice. Travel fees involved; see instructor for details.

BIO 375 Cell Biology and Genetics Laboratory (2:1:3)

Laboratory and online course that integrates modern genetic, cellular, and molecular techniques and methods to understand the concept of the gene to phenotype in biology and human health.

Prerequisite: Minimum grade of C- in both BIO 111 and BIO 112; or permission of instructor

Corequisite: BIO 355 or BIO 392

BIO 392 Genetics (3:3)

Mendelism and modern trends in genetics.

Prerequisite: Minimum grade of C- in both BIO 111 and BIO 112

Offered: Fall & Spring

Notes: May not be taken more than twice.

BIO 393 Genetics Laboratory (1:0:3)

Laboratory course to complement BIO 392. Exercises employ both classic genetic approaches and modern recombinant DNA technology.

Prerequisite: Pr. or Coreq. BIO 392

Offered: Fall & Spring

Notes: May not be taken more than twice.

BIO 420 Marine Biology (3:3)

An introduction to marine organisms and their habitats; special attention given to adaptations necessary for marine life, physical oceanography, and basic ecological principles; one weekend coastal field trip is required.

Prerequisite: One of BIO 301, BIO 330, BIO 355, or BIO 392

Offered: Spring

BIO 422 Plant Diversity (4:3:3)

Introduction to plant, fungi, and protista kingdoms. Emphasis is on structure, reproduction, and life cycles of the organisms.

- *Passing grade in lecture must be achieved for successful completion of this course.*
- *May not be taken more than twice.*
- *Students cannot receive credit for both BIO 354 and BIO 454.*
- *Formerly BIO 322.*

Prerequisite: BIO 330 or BIO 301 or BIO 392

Offered: Fall

Notes: Passing grade in lecture must be achieved for successful completion of this course. May not be taken more than twice. Students cannot receive credit for both BIO 354 and BIO 454. Formerly BIO 322.

BIO 424 Plant Physiology and Biotechnology (3:2:3)

Physiological processes involved in plant growth spanning effects from the molecular to the environmental level. Laboratories will utilize biotechnological manipulations of the model plant *Arabidopsis*.

Prerequisite: BIO 355

Offered: Spring

BIO 425 Biological Clocks (3:3)

Descriptive survey of behavioral and physiological rhythms in humans and other animals, including circadian, tidal, lunar, seasonal and circannual cycles, with ecological considerations and implications for human health.

Prerequisite: One of BIO 301, BIO 322, BIO 341, BIO 354, BIO 355, BIO 370, BIO 392

Offered: Fall

BIO 430 Biological Evolution (3:3)

Fundamental principles of evolution biology, including mechanisms and consequences of evolutionary change, levels of selection, speciation, population genetics, and major evolutionary patterns at human and geologic time scales.

Prerequisite: BIO 301 and BIO 392, and one of BIO 322, BIO 341, BIO 354, or BIO 370

Offered: Spring

BIO 431 The Biosphere (3:3)

A study of environmental issues in biology, specifically ecosystems, population dynamics, biodiversity and extinction.

Prerequisite: BIO 301

BIO 438 Animal Behavior (3:3)

Application of theory of evolution to the explanation of animal behavior. Surveys a variety of species, addressing several behavioral categories as well as issues in sociobiology and human evolution.

Prerequisite: PSY 121 and PSY 230; or minimum grade of C- in both BIO 111 and BIO 112

Notes: Students cannot receive credit for both this course and BIO 439 or PSY 438 or PSY 438L.

Cross Listed: Same as PSY 438.

BIO 439 Animal Behavior with Laboratory (4:3:3)

Application of theory of evolution to animal behavior. Includes laboratory and field techniques for assessing behavioral adaptations. Surveys several behavioral categories in a variety of species.

Prerequisite: PSY 230 and PSY 311, or BIO 112

Offered: Alt Spring

Notes: Students cannot receive credit for both this course and BIO 438 or PSY 438 or PSY 438L.

Cross Listed: Same as PSY 438L.

BIO 441 Invertebrate Zoology (4:3:3)

Major invertebrate groups with emphasis on their phylogenetic relationships, ecology, physiology, evolution, and structural adaptations of representative types. Weekend coastal field trip may be required.

- *Includes a laboratory component.*
- *May not be taken more than twice.*
- *Students cannot receive credit for both BIO 341 and BIO 441.*
- *Formerly BIO 341.*

Prerequisite: BIO 330

Offered: Occ Spring

Notes: Includes a laboratory component. May not be taken more than twice. Students cannot receive credit for both BIO 341 and BIO 441. Formerly BIO 341.

BIO 453 Vertebrate Morphogenesis (4:3:3)

Vertebrate development focused on cellular and molecular mechanisms of induction, differentiation, and morphogenetic processes that give rise to the adult body plan. Laboratory includes study of vertebrate embryos and adult specimens.

Prerequisite: BIO 355

Offered: Fall

BIO 454 Plant Systematics (4:3:3)

Introduction to classification and evolution of vascular plants. Principles of classification and characteristics of families and genera are emphasized.

- *Passing grade in lecture must be achieved for successful completion of this course.*
- *May not be taken more than twice.*
- *Students cannot receive credit for both BIO 354 and BIO 454.*
- *Formerly BIO 354.*

Prerequisite: BIO 330 or BIO 301 or BIO 392

Offered: Spring

Notes: Passing grade in lecture must be achieved for successful completion of this course. May not be taken more than twice. Students cannot receive credit for both BIO 354 and BIO 454. Formerly BIO 354.

BIO 464 Developmental Biology (4:3:3)

A survey of developmental processes in plants and animals. Topics will include fertilization, achievement of multicellularity, cell determination and differentiation, pattern development, and the genetic regulation of such processes.

Academic Departments, Programs, and Courses

Prerequisite: C (2.0) or better in BIO 355 and BIO 392

Offered: Spring

BIO 470 Vertebrate Zoology (4:3:3)

Evolution of major vertebrate groups with emphasis on morphology, ecology, and behavior. Comparisons of vertebrates in the laboratory through dissections and field work.

- *May not be taken more than twice.*
- *Students cannot receive credit for both BIO 370 and BIO 470.*
- *Formerly BIO 370.*

Prerequisite: BIO 330

Offered: Fall

Notes: May not be taken more than twice. Students cannot receive credit for both BIO 370 and BIO 470. Formerly BIO 370.

BIO 472 Histology (4:3:4)

Microscopic anatomy of vertebrate tissues. Emphasis on correlation of cell and tissue functions with structures visible under the light and electron microscopes.

Prerequisite: BIO 355

Offered: Odd Spring

BIO 477 Animal Physiology (3:3)

Physiology of invertebrates and vertebrates including metabolism, temperature regulation, respiration, blood, circulation, water and ion balance, excretion, and the nervous, sensory, endocrine, and muscular systems.

Prerequisite: BIO 355 and one of BIO 277, BIO 341, or BIO 370

Offered: Even Fall

BIO 479 Neurobiology (3:3)

Survey of major integrative mechanisms used by nervous systems from invertebrates to humans. Synaptic transmission, sensory processing and activity of neural circuitry controlling behavior will be analyzed.

Prerequisite: BIO 355

Offered: Odd Fall

Notes: PHY 212 or PHY 292 recommended.

BIO 479L Neurobiology Laboratory (1:0:2)

Computer-based laboratory exercises to complement BIO 479 lecture material, including intracellular and extracellular recording simulations.

Prerequisite: Pr. or Coreq. BIO 479

Offered: Alt Fall

Notes: PHY 212 or PHY 292 recommended

BIO 481 General Microbiology (4:3:4)

Introductory survey of microbiology, emphasizing the role of microorganisms in everyday life.

Prerequisite: BIO 301, BIO 355, and BIO 392; or permission of instructor

Offered: Fall

BIO 488 Essentials of Toxicology (3:3)

This course is designed to introduce undergraduate students to the fundamentals of toxicology and serve as the key introductory course for students who require a background in toxicology.

Prerequisite: Grade of C or better in BIO 110 (or BIO 111), BIO 301, and BIO 355; or permission of instructor

BIO 493 Honors Work (3–6)

Only three (3) s.h. allowed in combination with BIO 497 or BIO 499.

Prerequisite: Permission of instructor; 3.30 GPA in the major, 12 s.h. in the major

Notes: May be repeated for credit if the topic of study changes. Only three (3) s.h. allowed in combination with BIO 497 or BIO 499.

BIO 494 Introduction to Biotechnology (4:3:4)

Introduction to the principles and techniques of biotechnology. Includes molecular cloning, DNA sequencing, and gene expression. Explores topics such as gene amplification, gene therapy, and DNA fingerprinting.

Prerequisite: BIO 392 and BIO 393

Offered: Spring

BIO 497 Internship in Biology (1–3:0:3–9)

Students work at site outside university for a minimum of 45–135 hours under direction of faculty and on-site supervisor. Times vary. Prior approval required.

Prerequisite: Minimum overall GPA of 2.80; two of BIO 301, BIO 322, BIO 341, BIO 354, BIO 355, BIO 370, BIO 392 with a grade of C or better; and permission of instructor

Notes: May be repeated for up to 6 s.h. credit with departmental permission. Only 3 s.h. credit allowed in combination with BIO 493 or BIO 499.

BIO 498 Biology Seminar (1:1)

Oral reports and discussions of topics from current literature of biology by students, faculty and guest lecturers.

BIO 499 Undergraduate Research (1–3)

Biological research under the direction of a faculty member, culminating in a written report. Research will include laboratory and/or field work and/or directed readings of the literature. Times by arrangement.

Prerequisite: Two from BIO 301, BIO 322, BIO 341, BIO 354, BIO 355, BIO 370, BIO 392 and permission of instructor

Notes: May be repeated for up to 6 s.h. credit with departmental permission. Only 3 s.h. credit allowed in combination with BIO 493 or BIO 497

BIO 501 Advanced Topics in Animal Ecology (3:3)

Directed readings in the literature of physiological ecology, growth and regulation of populations, community structure, energy flow, mineral cycling, and other areas of current research interest.

Prerequisite: Permission of instructor

BIO 502 Advanced Topics in Animal Physiology (3:3)

Study of physiological mechanisms; selected problems from current literature.

Prerequisite: Permission of instructor

BIO 503 Advanced Topics in Biochemistry (3:3)

Directed readings and reports from the biochemical literature. Structure and biosynthesis of macromolecules and the composition and kinetic characteristics of biochemical pathways.

Prerequisite: Permission of instructor

BIO 504 Advanced Topics in Cell Biology (3:3)

Advanced treatment of cell biology covering selected topics such as gene regulation, protein sorting, cell cycle control, apoptosis. The course will consist of lectures and discussion of research articles.

Prerequisite: Permission of instructor

BIO 505 Advanced Topics in Ecological Physiology (3:3)

Study of a major topic in ecological physiology of animals, including mechanisms by which physiological processes change in response to environmental alterations and the ecological significance of those changes.

Prerequisite: Permission of instructor

BIO 506 Advanced Topics in Genetics (3:3)

Basic mechanisms of gene action in microbes, animals, and plants.

Prerequisite: Permission of instructor

BIO 507 Advanced Topics in Neurobiology (3:3)

Directed readings on fundamental physiological principles of nervous system functioning. Topics may include motor pattern generation, sensory transduction, sensori-motor integration, neurohormonal modulation of behavior.

Prerequisite: Permission of instructor

BIO 509 Advanced Topics in Microbiology (3:3)

Critical review of current research covering a wide range of topics including infectious diseases, bacterial physiology, marine microbiology, and immunology. Focus on students' interests or needs.

Prerequisite: Permission of instructor

BIO 510 Advanced Topics in Plant Ecology (3:3)

Studies of special terrestrial communities or plant groups.

Prerequisite: Permission of instructor

BIO 511 Advanced Topics in Plant Physiology (3:3)

The physiology of growth and development in vascular plants treated in terms of phytohormones, nutrition, theories of transport, and environmental factors.

Prerequisite: Permission of instructor

BIO 512 Advanced Topics in Plant Structure and Evolution (3:3)

Study of current topics in plant structure, development, and evolution. A term paper is normally required.

Prerequisite: Permission of instructor

BIO 513 Advanced Topics in Reproductive Biology (3:3)

Directed readings and original research on reproductive biology, with emphasis on structural, regulatory, behavioral, and evolutionary aspects.

Prerequisite: Permission of instructor

BIO 515 Advanced Topics in Vertebrate History (3:3)

Directed/independent study of classification and phylogeny of particular vertebrate groups that results in a term paper.

Prerequisite: Permission of instructor

BIO 519 Introduction to Nanotechnology (3:3)

This course introduces students to the emerging field of nanotechnology and exposes them to current research and

topics that are being influenced by nanomaterials including biology, healthcare, and the environment.

Prerequisite: BIO 392; BIO 355; CHE 342; CHE 351; or permission of instructor

BIO 520 Ecosystem Ecology (3:3)

Introduction to ecosystem function, structure, and dynamics; basic ecosystem theories; discussions of key processes governing energy flow and nutrient cycling; comparison of ecosystems; selected original literature.

Prerequisite: BIO 301

Offered: Alt Spring

BIO 522 Landscape Ecology (3:3)

Introduction to patch-corridor-matrix structure of landscapes and their impact on ecological processes. Discussion of landscape indices, spatial heterogeneity, current issues, and general approaches in landscape ecology.

Prerequisite: BIO 301; STA 271 recommended

Corequisite: BIO 523

Offered: Fall

BIO 523 Landscape Ecology Laboratory (1:0:4)

Field labs to observe different landscape structures and conduct course projects for comprehending principles of landscape ecology. Students will use computer labs for GIS basics, landscape analyses.

Prerequisite: BIO 301

Corequisite: BIO 522

Offered: Fall

BIO 526 Conservation Biology (3:3)

Introduction to habitat and species conservation; topics include genetic diversity, demographic patterns of rare species, habitat fragmentation, design and management of nature reserves, ecological restoration.

Prerequisite: BIO 301 and BIO 392; STA 271 recommended

Offered: Even Fall

BIO 527 Terrestrial Plant Ecology (3:2:3)

Application of principles of ecology to plants and plant communities. Experimental methods stressed in laboratory work. Two required weekend field trips.

Prerequisite: Permission of instructor

Offered: Odd Fall

BIO 528 Microbial Ecology (3:3)

Emphasis on current areas of active research with reference to applied problems.

Prerequisite: BIO 280 or BIO 481, or permission of instructor

Offered: Even Spring

BIO 529 Aquatic Ecology (3:3)

The study of the geology, physics, chemistry, and ecology of lakes, including reservoirs and streams with comparisons to the ocean.

Prerequisite: BIO 301 and CHE 114, or permission of instructor

Offered: Fall

BIO 530 Aquatic Ecology Laboratory (1:0:4)

Practical study of water chemistry methods, lake and stream morphometry, identification of freshwater zooplankton, benthic invertebrates and fish, and field trips to area reservoirs and streams.

Prerequisite: BIO 301

Corequisite: BIO 529

Offered: Fall

BIO 535 Biochemistry: Metabolic Regulation in Health and Disease (3:3)

Chemical properties of major cellular compounds; biosynthesis, degradation, and function of carbohydrates, lipids, proteins, nucleic acids, vitamins, and hormones; energy metabolism; enzymatic catalysis.

Prerequisite: BIO 355 or BIO 392, or permission of instructor

Offered: Spring

BIO 536 Biology of Aging (3:3)

An integrative look at biological theory and mechanisms to explain the diversity of the aging process, including human implications.

Prerequisite: BIO 301, BIO 355, BIO 392, or permission of instructor

Offered: Alt Fall

BIO 538 Human Evolutionary Genetics (3:3)

Study of primary literature testing hypotheses about human ancestry and evolution using molecular genetic methods.

Prerequisite: BIO 330 and BIO 392; or permission of instructor

BIO 540 Genes and Signals (3:3)

Investigates the regulation of gene expression in bacteria, yeast, and higher eukaryotes, and explores how such regulatory systems have evolved.

Prerequisite: BIO 355 and BIO 392

Offered: Alt Spring

BIO 541 Entomology (3:2:3)

A theoretical and practical overview of the insect orders, selected topics of insect behavior, ecology, and evolution, and an introduction to human-insect interactions.

Prerequisite: BIO 301 and BIO 341, or permission of instructor. BIO 392 recommended.

Offered: Alt Fall

BIO 543 Biophysics (3:3)

Introduction to cellular biophysics, with emphasis on the physical properties of membranes, including membrane transport mechanisms and electrical properties of membranes.

Prerequisite: BIO 355, CHE 114, MAT 191, and either PHY 211 with PHY 212 or PHY 291 with PHY 292; or permission of instructor.

Offered: Alt Fall

Cross Listed: Same as PHY 543.

BIO 545 General Biochemistry Laboratory (1:0:3)

Experimental work designed to complement lecture material of BIO 535.

Prerequisite: Pr. or Coreq. BIO 535

Offered: Fall

BIO 549 Current Topics in Biology (1–3)

Advanced topics courses in the biological sciences. Topics vary with instructor.

Prerequisite: Minimum grade of C- in both BIO 111 and BIO 112 and permission of instructor

BIO 552 Metamorphosis (3:3)

Readings, discussions, and oral presentations of current literature on metamorphosis in animals. Mechanisms controlling metamorphosis, evolution of complex life cycles, and adaptations to differing habitats.

Prerequisite: Three (3) courses selected from BIO 301, BIO 322, BIO 341, BIO 354, BIO 355, BIO 370, BIO 392; or permission of instructor

BIO 555 Vertebrate Reproduction (3:3)

An advanced treatment of the diversity of vertebrate reproductive biology, with emphasis on structural, regulatory, behavioral, and evolutionary aspects.

Prerequisite: One of BIO 277, BIO 370, BIO 425, BIO 453, BIO 464, or BIO 477

BIO 560 Symbiosis (3:3)

Symbiotic interactions of living organisms from an evolutionary perspective. Metabolic, genetic, behavioral, and ecological adaptations which allow symbioses to be formed and maintained will be discussed.

Prerequisite: Three (3) courses selected from BIO 301, BIO 322, BIO 341, BIO 354, BIO 355, BIO 370, or BIO 392, or permission of instructor

Offered: Odd Spring

BIO 567 Chemical Senses (3:3)

Exploration and interactive discussion of chemosensory stimuli, chemosensory transduction mechanisms, neural processing of chemosensory information, and organismal consequences of chemoreception.

Prerequisite: BIO 355, and one of the following: BIO 277, BIO 472, BIO 477, BIO 479, PSY 435, PSY 436, or permission of instructor

BIO 573 Drugs and the Brain (3:3)

Pharmacology of major neurotransmitter systems in the brain and nervous system. Actions of clinically relevant drugs on these systems will be analyzed along with major drugs of abuse.

Prerequisite: BIO 355, and one of the following: BIO 277, BIO 477, BIO 479, PSY 230; or permission of instructor.

Offered: Alt Fall

Notes: CHE 351 recommended.

BIO 575 Neuroanatomical Techniques (3:2:4)

Practical experience with a variety of neuroanatomical procedures used to investigate the structural framework of nervous systems in invertebrate and vertebrate preparations. Students will learn to conduct independent projects.

Prerequisite: BIO 111 and BIO 112, and BIO 355 and one of the following: BIO 453, BIO 472, BIO 477, BIO 479, PSY 435, or permission of instructor

Offered: Odd Spring

BIO 578 Hormones in Action (3:3)

Hormonal signaling in humans and other animals is examined using developmental, physiological, behavioral,

Academic Departments, Programs, and Courses

cellular, and molecular perspectives, with special emphasis on the adrenal glands and the gonads.

Prerequisite: BIO 355 and BIO 392

Offered: Fall

BIO 579 Environmental Physiology (3:3)

Lectures, discussions, and student presentations on the physiology of animals as it is influenced by and is adapted to environmental conditions.

Prerequisite: BIO 355 and either BIO 277 or BIO 477

Offered: Odd Fall

BIO 583 Virology (3:3)

Selected topics in virology. Emphasis upon new trends in the study of animal, plant, and bacterial viruses at both molecular and cellular levels.

Prerequisite: BIO 355 and BIO 392; or permission of instructor

Offered: Even Spring

BIO 584 Immunology (3:3)

Principles of immunology and serology covering both humoral and cellular aspects of immunobiology. Selected topics include: T and B cell, immunoglobulins, tolerance, hypersensitivity.

Prerequisite: BIO 481 or permission of instructor

Offered: Odd Spring

BIO 586 Cell Cycle and Cancer (3:3)

Molecular basis of cell division and cancer examined through lectures and discussions of primary literature. Topics include cell cycle control, genomic stability, carcinogenesis, and cancer genetics.

Prerequisite: BIO 355 and BIO 392, or permission of instructor

Offered: Alt Spring

BIO 587 Epigenetics (3:3)

Study of epigenetic mechanisms involved in chromatin structure, DNA and histone modifications, gene expression, dosage compensation, imprinting, heterochromatin structure, stem cell differentiation, development, human disease, and environmental-gene interactions.

Prerequisite: BIO 355 and BIO 392

Offered: Alt Fall

BIO 589 Experimental Course

This number reserved for experimental courses. Refer to the Course Schedule for current offerings.

BIO 590 Introduction to Mathematical Models in Biology (3:3)

Exploration of research and methodology at the interface of mathematics and biology, with an overview of relevant fields and in-depth case studies. Focus will be on mathematical models in biology.

Prerequisite: Minimum grade of C- in BIO 111 and minimum grade of B- in BIO 112 and either MAT 191 or STA 271; or permission of instructor

Notes: Formerly BIO 491.

Cross Listed: Same as MAT 590.

BIO 591 Population Genetics and Molecular Evolution (3:3)

Application of population genetic and molecular evolutionary theory to the study of natural history, natural selection, genome variation and organization, human evolution, conservation biology, and forensics.

Prerequisite: BIO 392 or permission of instructor

Offered: Alt Spring

BIO 593 Genetics of Complex Traits (3:3)

Theory, experimental methods, and analysis related to the genetic basis for variation in complex traits, including quantitative and threshold traits in animals and plants, and complex human diseases.

Prerequisite: BIO 392 or permission of the instructor

Offered: Alt Spring

BIO 595 Advanced Genetics (3:3)

Selected topics in genetics at an advanced level. Emphasis placed on comparative view of molecular mechanisms underlying animal and plant development.

Prerequisite: BIO 392

Offered: Even Spring

BIO 596 Molecular Biological Approaches in Research (1:1)

Use of novel molecular approaches to address current questions in the life sciences will be explored by analyzing recent research reports and learning the principles underlying these approaches.

Prerequisite: BIO 392

Notes: May be repeated for a total of 3 s.h. credit.

BIO 597 Workshops in Biotechnology (1:0:3)

Individual, intensive four-week workshops focused on specific techniques in biotechnology. Provides hands-on experience designing and implementing a focused project utilizing current methods and bioinformatics.

Prerequisite: BIO 494 or permission of instructor

Notes: May be repeated for credit as long as letter suffix of course differs: workshops of a given letter may be taken only once.

Business Minor in the Bryan School of Business and Economics

Required: minimum of 21 semester hours

AOS Code: U398

The Business Minor, consisting of 21 semester hours, is available for majors outside the Bryan School of Business and Economics who are in good standing in the University and are not ACCT, BADM, ENTR, FINC, ISSC, or MKTG majors. The minor complements a variety of professional and arts and sciences fields.

Admission to the Minor

See Bryan School Undergraduate Student Services Office, Room 301, Bryan Building.

Admission to the minor may be denied in cases where additional enrollments would threaten the academic quality of classes or programs.

Requirements

Meet the following in the order listed:

1. Cumulative GPA of 2.0 in all courses taken for the Business minor

2. Complete the following:

ACC 201 Financial Accounting
 or

ACC 202 Managerial Accounting
 or

ACC 218 Financial Statement Preparation and
 Disclosures

ECO 101 Introduction to Economics
 or

ECO 201 Principles of Microeconomics

ISM 110 Business Computing I

**3. 12 additional s.h. from the following course prefixes:
ACC, BUS, ENT, FIN, ISM, MGT, MKT, or SCM**

**4. Nine (9) s.h. of the minor course work must be
successfully completed at UNCG.**

Department of Chemistry and Biochemistry

College of Arts & Sciences

www.uncg.edu/che

Faculty

Patricia Reggio, Professor and Head of Department

Professors Haddy, Nile, Taylor, Walsh

Associate Professors Banks, Cech, Chiu, Oberlies, Raner, Reddick

Assistant Professors Croatt, Duffy, Petersen

Lecturers Burnes, Gerhard, Hindo, Russell

Laboratory Assistants Barber, Katsikas

Visiting Associate Professor Martinie

The Department of Chemistry and Biochemistry offers five undergraduate programs: the Bachelor of Science in Chemistry, the Bachelor of Science in Biochemistry, the Bachelor of Science in Chemistry with a Concentration in Biochemistry, the Bachelor of Science in Chemistry with a Concentration in Research, and the Bachelor of Arts in Chemistry. A licensure program to prepare students to teach high school chemistry is offered. The Master of Science in Chemistry, Master of Science in Biochemistry, and Ph.D. in Medicinal Chemistry are offered at the graduate level (see *the Graduate School Bulletin*). Students who follow the program leading to the Bachelor of Science in Chemistry degree are certified to the American Chemical Society as having met its rigorous requirements for undergraduate professional training in chemistry.

The Department's biochemistry programs (B.S. in Biochemistry and B.S. in Chemistry with Concentration in Biochemistry) provide students with excellent preparation for graduate work in biochemistry and related life sciences, as well as for employment in chemical and biotechnological industries. These programs are also attractive to students planning careers in the health professions.

The department emphasizes the opportunity for students to engage in undergraduate research. Many of our majors do so, principally in their junior and senior years, and this provides excellent training for those who intend to continue their studies at the graduate level.

Biochemistry Major (BCHE)—B.S.

Degree: Bachelor of Science

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U860

The **Biochemistry Major (B.S.)** is designed to prepare students for graduate education in the biochemical sciences, medicine, and other health professions, or for employment in biotechnology, pharmaceutical, and chemical industries. Students who complete the Bachelor of Science in Biochemistry will meet all or most of the academic requirements for admission to medical, dental, veterinary, or pharmacy schools.

The curriculum involves a solid foundation of Chemistry and Biology courses, along with core and advanced elective courses in Biochemistry. Undergraduate research is encouraged, and students may collaborate with participating faculty from a variety of departments (Chemistry, Biology, Nutrition, Physics, and Kinesiology).

This program follows the biochemistry curriculum recommendations of the American Society of Biochemists and Molecular Biologists.

Student selects additional 3 s.h. from GSB list.

II General Education Marker Requirements

See details and courses. It is possible to meet all GE
Marker Requirements while completing the GE Core
requirements or courses required by the
major/concentration.

Global/Global Non-Western Perspectives (GL/GN)

four (4) courses carrying GL/GN markers, at least
one of which must carry the GN marker

One Speaking Intensive (SI) Course

In addition to this SI Marker requirement,
**students must also complete a second SI course
within the major.** All programs have identified at
least one course among their major requirements
that is taught as Speaking Intensive.

One Writing Intensive (WI) Course

In addition to this WI Marker requirement,
**students must also complete a second WI
course within the major.** All programs have
identified at least one course among their major
requirements that is taught as Writing Intensive.

III College of Arts and Sciences Additional Requirements (CAR)

See CAR requirements in the Academic Units section. See
the GEC Course Summary Table for approved CAR
courses.

GSB—Social and Behavioral Sciences (3 s.h.)

Student selects 3 s.h. from GSB list.

GFL—Foreign Language (0–12 s.h.)

intermediate-level proficiency in one language,
demonstrated by placement test, or completion of
course work through course number 204

WI—Writing Intensive Courses

a total of four WI courses

IV Major Requirements

Only major requirement and related area requirement
courses in which grades of C- or better are earned will be
counted toward the major. Students must earn a C- or
better in prerequisite major requirement and related area
requirement courses before advancing to subsequent
courses.

BIO 494 strongly recommended (if not used as Advanced Biochemistry elective)

VI Electives

Electives should be sufficient to complete the 122 semester hours required for the degree. Additional advanced courses in Chemistry and Biology are recommended. CST 105, which fulfills the GRD requirement, is recommended.

Chemistry Major (CHEM)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U121

The Chemistry Major (B.A.) provides sound education in chemistry but is less specialized and more flexible than the B.S. program. It offers solid preparation for those planning to enter medicine or dentistry, secondary school teaching, technical writing, sales, or various other vocations within the chemical industry. In fact, by electing some additional courses in chemistry beyond the minimum required, the student may prepare for graduate work under this program as well as under the B.S. While this program allows a more flexible arrangement of schedules, the student should work closely with a chemistry advisor to be certain that the proper sequence of chemistry and related area courses are taken with regard to the prerequisites.

VI Electives

Electives should be sufficient to complete the 122 semester hours required for the degree. Additional advanced courses in mathematics are advised. CST 105 is recommended as a GRD requirement. Additional chemistry courses above the 100 level may be taken.

Chemistry Major with Comprehensive Science High School Teaching Licensure (CHEM)—B.A.

Degree: Bachelor of Arts in Chemistry, with Standard Professional I Comprehensive Science High School Teaching License

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level; note that licensure programs may require hours beyond the minimum listed.

AOS Code: U125

The Comprehensive Science High School Licensure (CHEM) program provides a strong background in chemistry as well as licensure for high school chemistry teaching. In addition, successful completion of this program qualifies candidates to teach other high school science subjects as well.

VI Additional requirements

Additional requirements for teacher licensure, beyond the Chemistry Major requirements, include completion of the Secondary Licensure Requirements as listed under VII Teacher Licensure Requirements. In addition, students must take 14 credits in biology and earth science including the following:

1.

BIO 111	Principles of Biology I
BIO 112	Principles of Biology II

2.

GEO 103	Introduction to Earth Science

Chemistry Major (CHEM)—B.S.

Degree: Bachelor of Science

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

Available Concentrations & AOS Codes:

Chemistry, U123

Chemistry Research, U168

Biochemistry, U124

The **Chemistry Major (B.S.)** provides very thorough undergraduate training in chemistry and an excellent background for students planning to undertake graduate work or to enter the chemical industry. It differs from the B.A. in requiring additional advanced courses in chemistry and/or related sciences. Students who complete this program will be certified to the American Chemical Society upon graduation as having fulfilled the Society's rigorous requirements for undergraduate professional training. The sequence in which the required courses are taken is important, and the student should work closely with a chemistry advisor in planning a schedule.

The concentration in **Chemistry Research** offers students the option to specialize in research and be exposed to four years of research. The concentration is designed to prepare students for graduate training in chemistry, biochemistry, medicine, and related professions or for employment in chemistry, biochemistry, or related industries. The exposure to research will build strong research, communication, and leadership skills. Such skills are in great demand.

The concentration in **Biochemistry** offers students the option to specialize in biochemistry within the curriculum leading to the B.S. in Chemistry. This concentration is designed to prepare students for graduate training in biochemistry, medicine and related professions, or for employment in biochemistry or biotechnology related industries. The sequence in which the required courses are taken is important, and the student should work closely with a chemistry advisor in planning a schedule.

Student selects additional 3 s.h. from the GRD list.

GSB—Social and Behavioral Sciences (6 s.h.)

Student selects 6 s.h. from GSB list.

II General Education Marker Requirements

See details and courses. It is possible to meet all GE Marker Requirements while completing the GE Core requirements or courses required by the major/concentration.

Global/Global Non-Western Perspectives (GL/GN)

four (4) courses carrying GL/GN markers, at least one of which must carry the GN marker

One Speaking Intensive (SI) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One Writing Intensive (WI) Course

In addition to this WI Marker requirement, students must also complete a second WI course within the major. All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

III College of Arts and Sciences Additional Requirements (CAR)

See CAR requirements in the Academic Units section. See the GEC Course Summary Table for approved CAR courses.

Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from the GHP/GPM or GHP/GMO list.

Natural Sciences (3–4 s.h.)

Student selects 3–4 s.h. from GNS/GLS or GNS/GPS list.

Social and Behavioral Sciences (GSB)

Student selects 3 s.h. from GSB list.

GFL—Foreign Language (0–12 s.h.)

intermediate-level proficiency in one language, demonstrated by placement test, or completion of course work through course number 204

Writing Intensive Courses (WI)

a total of four WI courses

IV Major Requirements

Chemistry Concentration

Only major requirement and related area requirement courses in which grades of C- or better are earned will be counted toward the major. Students must earn a C- or better in prerequisite major requirement and related area requirement courses before advancing to subsequent courses.

Biochemistry Concentration

Electives should be sufficient to complete the 122 semester hours required for the degree. One additional advanced biology course (e.g., BIO 355 or BIO 481) is strongly recommended. CST 105, which fulfills the GRD requirement, is recommended.

Chemistry Major with Comprehensive Science High School Teaching Licensure (CHEM)—B.S.

Degree: B.S. in Chemistry, with Standard Professional I Comprehensive Science High School Teaching License

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level; note that licensure programs may require hours beyond the minimum listed.

AOS Code: U126

The Comprehensive Science High School Licensure (CHEM) program provides a strong background in chemistry as well as licensure for high school chemistry teaching. In addition, successful completion of this program qualifies candidates to teach other high school science subjects as well.

CHE 570: minimum 2 s.h. total for any combination of CHE 570 courses, counts as one course.

Only major requirement and related area requirement courses in which grades of C- or better are earned will be counted toward the major. Students must earn a C- or better in prerequisite major requirement and related area requirement courses before advancing to subsequent courses.

VI Additional requirements

Additional requirements for teacher licensure, beyond the Chemistry Major requirements, include completion of the Secondary Licensure Requirements as listed under VII Teacher Licensure Requirements. In addition, students must take 14 credits in biology and earth science including the following:

1.

BIO 111	Principles of Biology I
BIO 112	Principles of Biology II

2.

GEO 103	Introduction to Earth Science
---------	-------------------------------

and one or more of:

GEO 111	Physical Geology

TED 465: 12 s.h.

LIS 120 is strongly recommended.

The courses should be taken in the following sequence:

Junior Year, Fall:

ERM 401	Assessment I: Accountability in Our Nation's Schools
TED 401	Child and Adolescent Development and Learning

TED 445	Human Diversity, Teaching, and Learning
---------	---

Junior Year, Spring:

ERM 402	Assessment II: Standardized Tests
SES 401	Understanding and Teaching Students with Disabilities in Inclusive Settings
TED 403	Teaching English Learners with Diverse Abilities
LIS 120/TED 120	Introduction to Instructional Technology for Educational Settings

Senior Year, Fall:

Chemistry Minor

Required: minimum of 19 semester hours

AOS Code: U121

Requirements

A student may earn a minor in chemistry by:

Completing a minimum of 19 semester hours in chemistry including:

CHE 114	General Chemistry II
CHE 115	General Chemistry II Laboratory
	8 semester hours at the 300 level

With no more than 8 semester hours from introductory level courses:

CHE 101	Introductory Chemistry
CHE 103	General Descriptive Chemistry I
CHE 104	General Descriptive Chemistry II
CHE 110	Introductory Chemistry Laboratory
CHE 111	General Chemistry I
CHE 112	General Chemistry I Laboratory
CHE 114	General Chemistry II
CHE 115	General Chemistry II Laboratory

CHEMISTRY & BIOCHEMISTRY COURSES (CHE)

CHE 101 Introductory Chemistry (3:3)

Survey of fundamentals of measurement, molecular structure, reactivity, and organic chemistry; applications to textiles, environmental, consumer, biological, and drug chemistry.

Offered: Fall & Spring & Summer

Distribution: GE Core: GNS, CAR: GPS

Notes: For elementary education, business, and liberal arts majors. Students cannot receive credit for both CHE 101 and either CHE 111 or CHE 103. CHE 110 is recommended as corequisite.

CHE 103 General Descriptive Chemistry I (3:3)

Introductory course for students whose programs require only one year of college chemistry. Among the topics introduced are states of matter, atomic and molecular structure, nuclear chemistry, stoichiometry, and solutions.

Corequisite: CHE 110 must be taken concurrently unless student takes CHE 104 or CHE 111 later.

Offered: Fall & Spring & Summer

Distribution: GE Core: GNS, CAR: GPS

Notes: Not open to students who have already taken CHE 111.

CHE 104 General Descriptive Chemistry II (3:3)

Applications of the principles introduced in CHE 103 to representative organic and biological systems. Topics include introductory organic and biochemical concepts.

Prerequisite: CHE 103 or permission of instructor

Corequisite: CHE 110 must be taken concurrently unless taken with CHE 103.

Offered: Fall & Spring & Summer

Distribution: GE Core: GNS, CAR: GPS

CHE 110 Introductory Chemistry Laboratory (1:0:3)

Designed to acquaint non-science majors with basic laboratory practices.

Corequisite: To be taken concurrently with either CHE 103 or CHE 104. Also may accompany CHE 101.

Offered: Fall & Spring & Summer

Distribution: GE Core: GNS, CAR: GPS

CHE 111 General Chemistry I (3:3)

Fundamental principles of chemistry, including stoichiometry, atomic structure, and states of matter.

Prerequisite: One year of high school chemistry or CHE 103; students lacking high school chemistry should take the sequence CHE 103, CHE 111, CHE 114

Corequisite: CHE 112

Offered: Fall & Spring & Summer

Distribution: GE Core: GNS, CAR: GPS

CHE 112 General Chemistry I Laboratory (1:0:3)

Laboratory work to accompany CHE 111.

Corequisite: CHE 111

Offered: Fall & Spring & Summer

Distribution: GE Core: GNS, CAR: GPS

CHE 114 General Chemistry II (3:3)

Continuation of CHE 111 with attention to ionic equilibria, elementary kinetics and thermodynamics, acid-base theory, coordination chemistry, and electrochemistry.

Prerequisite: CHE 103, CHE 104, and CHE 110 with performance in each at the B level or higher, or CHE 111, CHE 112

Corequisite: CHE 115

Offered: Fall & Spring & Summer

Distribution: GE Core: GNS, CAR: GPS

Notes: Designed primarily for science majors and is the prerequisite to upper level courses in chemistry.

CHE 115 General Chemistry II Laboratory (1:0:3)

Laboratory work to accompany CHE 114. Includes semi-micro qualitative analysis and ionic equilibria experiments.

Prerequisite: CHE 112 or equivalent

Corequisite: CHE 114

Offered: Fall & Spring & Summer

Distribution: GE Core: GNS, CAR: GPS

CHE 191 Introduction to Research (1:0:3)

Introduction to the basic concepts of research, involving multistep experiments and discussion of research opportunities.

Corequisite: CHE 114

Offered: Fall & Spring & Summer

CHE 205 Introductory Organic Chemistry (3:3)

A course in organic chemistry designed for students whose programs require only one semester in this area.

Prerequisite: CHE 104, CHE 110; or CHE 114, CHE 115

Corequisite: CHE 206

Offered: Fall

CHE 206 Introductory Organic Chemistry Laboratory (1:0:3)

Laboratory work to accompany CHE 205.

Corequisite: CHE 205

Offered: Fall

CHE 252 Chemistry and the Human Environment (3:3)

Study of chemical problems central to current technological, biomedical, and environmental issues. Topics include energy alternatives, food chemicals, environmental chemistry, molecular basis of drug action, and consumer products.

Prerequisite: CHE 101, CHE 104, or CHE 114 or permission of instructor

Offered: Spring

CHE 291 Sophomore Research (1–3:0:3–9)

Sophomore-level research in chemistry and biochemistry. Participation in a research project directed by a faculty supervisor.

Prerequisite: CHE 114 and CHE 115

Offered: Fall & Summer I

Notes: May be repeated for credit for up to three (3) credits.

CHE 292 Sophomore Research (1–3:0:3–9)

Sophomore-level research in chemistry and biochemistry. Participation in a research project directed by a faculty supervisor.

Prerequisite: CHE 114 and CHE 115

Offered: Spring & Summer II

Notes: May be repeated for credit for up to three (3) credits.

CHE 331 Quantitative Analysis (3:3)

Introduction to the theory and practice of volumetric and gravimetric methods of analysis.

Prerequisite: CHE 114, CHE 115

Corequisite: All students must take CHE 333 concurrently unless they have previous credit for an equivalent course.

Offered: Fall

CHE 333 Quantitative Analysis Laboratory (1:0:4)

Laboratory work to accompany CHE 331.

Corequisite: CHE 331 must be taken concurrently.

Offered: Fall

CHE 342 Inorganic Chemistry (3:3)

Introduction to theoretical principles, structure, and reactivity of main group metals and nonmetals and transition metals including industrial, bioinorganic and organometallic chemistry, and inorganic materials and nanomaterials.

Prerequisite: CHE 114, CHE 115

Offered: Fall

Notes: Formerly CHE 242.

CHE 351 Organic Chemistry I (4:4)

Chemistry of aliphatic and aromatic compounds with attention to reaction mechanisms and synthetic applications, and the application of spectroscopy to structure determination.

Prerequisite: CHE 114, CHE 115

Corequisite: CHEM and BCHE majors: CHE 353

Offered: Fall & Summer

Notes: May not be taken more than twice.

CHE 352 Organic Chemistry II (3:3)

Continuation of CHE 351 with attention to alcohols, ethers, aldehydes and ketones, carboxylic acids and derivatives, amines, lipids, carbohydrates, and organic spectroscopy.

Prerequisite: Grade of C or better in CHE 351

Corequisite: CHEM and BCHE majors must take CHE 355 concurrently. Other students must take CHE 354 concurrently unless they have previous credit for an equivalent course.

Offered: Spring & Summer

Notes: May be repeated only once.

CHE 353 Organic Laboratory Techniques (1:0:4)

Basic techniques for organic chemistry laboratory, with introduction of separation, characterization, and analysis of organic compounds including use of instrumental methods. To accompany CHE 351 for chemistry and biochemistry majors.

Prerequisite: CHEM or BCHE major

Corequisite: CHE 351

Offered: Fall

CHE 354 Organic Chemistry Laboratory (1:0:4)

Laboratory work to accompany CHE 352. Includes basic techniques of organic laboratory practice plus preparations involving representative reactions.

Corequisite: CHE 352 must be taken concurrently.

Offered: Fall & Spring & Summer

CHE 355 Intermediate Organic Chemistry Lab (2:1:4)

Advanced organic laboratory methods; modern reactions in synthesis; purification of compounds and characterization by spectroscopic instrumentation; qualitative organic analysis; chemical and biochemical literature;

computational modeling; chemical database searching; safety resources.

Prerequisite: Chemistry or Biochemistry major; grade of C (2.0) or better in CHE 351 and CHE 353 or CHE 354.

Corequisite: CHE 352

Offered: Spring

CHE 372 Introduction to Laboratory Methods (2:2)

An introduction to the practical skills of laboratory work, to include safe handling and disposal of chemicals, laboratory practice and equipment, data handling, chemical literature, and searching for chemical information.

Prerequisite: CHE 205 or CHE 351

Offered: Spring

CHE 391 Junior Research (1–3:0:3–9)

Junior-level research in chemistry and biochemistry. Participation in a research project directed by a faculty supervisor.

Prerequisite: CHE 352 and CHE 353 (or CHE 354) or CHE 331 and CHE 333 and permission of instructor

Offered: Fall & Summer I

Notes: May be repeated for credit for up to three (3) credits.

CHE 392 Junior Research (1–3:0:3–9)

Junior-level research in chemistry and biochemistry. Participation in a research project directed by a faculty supervisor.

Prerequisite: CHE 352 with CHE 353 (or CHE 354) or CHE 331 with CHE 333; and permission of instructor

Offered: Spring & Summer (session II only)

Notes: May be repeated for credit for up to three (3) credits.

CHE 401 Chemistry Seminar Introduction (0:1)

Preparation for seminar. Attendance at weekly seminars given by visiting speakers, faculty, and students.

Prerequisite: CHE 355 or CHE 372, CHEM or BCHE major, junior standing

Offered: Fall & Spring

Notes: Grade: Pass/Not Pass (P/NP). Should be taken in the term preceding CHE 402.

CHE 402 Chemistry Seminar (1:1)

Oral reports and discussion of topics from the current chemistry literature by students, staff, and guest lecturers. Attendance at weekly seminars is required.

Prerequisite: CHE 401, senior standing

Offered: Fall & Spring

CHE 405 Nutritional Biochemistry (3:3)

The biochemical basis of nutrient structure, function, and metabolism; integration of metabolism at the cellular and biochemical levels; and applications of nutrient metabolism in total body function.

Prerequisite: C (2.0) or better in CHE 103, CHE 104, (CHE 110 lab) or CHE 111 (CHE 112 lab), CHE 114 (CHE 115 lab); CHE 205 (CHE 206 lab) or CHE 351, CHE 352 (CHE 354 lab); BIO 277; NTR 413; Nutrition major or permission of instructor.

Offered: Spring

CHE 406 Introductory Physical Chemistry (4:4)

Study of the concepts basic to chemical kinetics, equilibrium, energetics, spectroscopy, solution phenomena, electrochemistry, and colloidal behavior with applications to biological systems. Theory of methods and instrumentation also examined.

Prerequisite: Two semesters of chemistry beyond general chemistry, MAT 292, one year of physics

Offered: Fall

Notes: Students cannot receive credit for both CHE 406 and CHE 461 toward an undergraduate degree

CHE 407 Introductory Physical Chemistry Laboratory (1:0:4)

Laboratory work related to CHE 406 with emphasis on mathematical treatment of experimental data and communication of results in report form.

Corequisite: CHE 406

Offered: Fall

CHE 420 Chemical Principles of Biochemistry (3:3)

Introduction to major classes of biomolecules and to genetic and metabolic pathways in living systems; emphasis on chemical nature of biological processes and the driving forces that make them work.

Prerequisite: CHE 352; BIO 111 and BIO 112 strongly recommended

Offered: Fall

CHE 442 Advanced Inorganic Chemistry I (3:3)

Modern concepts of chemical bonding and its application to inorganic reactions and periodic relationships.

Prerequisite: CHE 342, CHE 406 or CHE 461

Corequisite: CHE 406 or CHE 461 may be taken concurrently.

Offered: Spring

CHE 461 Physical Chemistry I (4:4)

Chemical thermodynamics and equilibrium processes covered, including phase equilibria, thermodynamics of solutions, kinetics, and electrochemistry.

Prerequisite: MAT 292 and PHY 292

Offered: Fall

Notes: Students cannot receive credit for both CHE 461 and CHE 406 toward an undergraduate degree.

CHE 462 Physical Chemistry II (3:3)

Subject material deals with microscopic world including introductions to quantum mechanics, molecular spectroscopy, and statistical mechanics.

Prerequisite: CHE 461

Offered: Spring

CHE 463 Physical Chemistry I Laboratory (1:0:4)

Laboratory work related to CHE 461 with emphasis on mathematical treatment of experimental data and communication of results in report form.

Prerequisite: CHE 331, CHE 333

Corequisite: CHE 406 or CHE 461

Offered: Fall

CHE 464 Physical Chemistry II Laboratory (1:0:4)

Additional laboratory work primarily in kinetics and the determination of molecular structure. This is a writing emphasis course.

Prerequisite: CHE 461, CHE 463

Corequisite: CHE 462

Offered: Spring

CHE 481 Synthetic Techniques (2:0:8)

Theoretical discussion and laboratory practice in modern methods of synthesis in the areas of organic and inorganic chemistry. Emphasis given to regions of overlap such as organometallic chemistry.

Prerequisite: CHE 342, CHE 352, CHE 355

Offered: Fall

CHE 490 Internship in Chemistry and Biochemistry (3:0:12)

Practical experience in local industrial setting. Includes bi-weekly meeting with Departmental internship coordinator. Students must complete 12 hours a week at an internship site.

Prerequisite: CHE 333 and CHE 355; junior status; overall GPA of 3.0 or better; and permission of instructor

Offered: Fall & Spring & Summer

CHE 491 Senior Research (1–3:0:3–9)

Senior-level research in chemistry and biochemistry. Participation in a research project directed by a faculty supervisor.

Prerequisite: Three (3) years of chemistry or biochemistry and permission of instructor

Offered: Fall & Summer I

Notes: May be repeated for credit for a maximum of three (3) credits.

CHE 492 Senior Research (1–3:0:3–9)

Senior-level research in chemistry and biochemistry. Participation in a research project directed by a faculty supervisor.

Prerequisite: Three (3) years of chemistry or biochemistry and permission of instructor

Offered: Spring & Summer II

Notes: May be repeated for credit for a maximum of three (3) credits.

CHE 493 Honors Work (3–6)

Prerequisite: Permission of instructor; 3.30 GPA in the major, 12 s.h. in the major

Notes: May be repeated for credit if the topic of study changes.

CHE 499 Senior Thesis (1:0:4)

Preparation of a thesis based on a student's undergraduate research.

Prerequisite: Senior standing, completion of five (5) semesters of undergraduate research, or permission of instructor

Corequisite: CHE 492 for 2 or 3 s.h.

Offered: Fall & Spring & Summer

CHE 531 Instrumental Analysis (3:3)

Theory and practice of advanced analytical techniques with emphasis on instrumental methods of analysis.

Prerequisite: CHE 331, CHE 333, CHE 205 or CHE 352 (either may be taken concurrently), PHY 212 or PHY 292

Offered: Spring

CHE 533 Instrumental Analysis Laboratory (1:0:4)

Laboratory work to accompany CHE 531.

Corequisite: CHE 531 must be taken concurrently.

Offered: Spring

CHE 536 Computational Chemistry (3:2:3)

Survey of modern computational chemistry methods, including molecular mechanics, molecular dynamics simulations, conformational searching, and computational quantum mechanics.

Prerequisite: CHE 352, PHY 212 or PHY 292, or permission of instructor

Offered: Spring

CHE 553 Advanced Organic Chemistry I (3:3)

Advanced topics in organic chemistry with special emphasis on reaction mechanisms and stereochemistry.

Prerequisite: CHE 352

Offered: Fall

CHE 555 Organometallic Chemistry (2:2)

Theoretical and synthetic aspects of organometallic chemistry and applications to catalysis and synthetic organic chemistry.

Prerequisite: CHE 352, CHE 442

Offered: Spring

CHE 556 Biochemistry I (3:3)

Introductory biochemistry presented from a chemical perspective. Topics include amino acids, proteins and enzymes, carbohydrates, nucleic acids, lipids, membranes, and carbohydrate catabolism.

Prerequisite: CHE 352, BIO 111, BIO 112

Offered: Fall

CHE 557 Biochemistry II (3:3)

Continuation of CHE 556. Enzyme catalytic mechanisms, additional topics in intermediary metabolism, genetic biochemistry, and selected topics in molecular physiology.

Prerequisite: CHE 352, CHE 556, BIO 111, BIO 112, or permission of instructor

Offered: Spring

CHE 558 Biochemistry Laboratory (1:0:4)

Introduction to biochemical techniques, including isolation, purification and characterization of biological molecules.

Prerequisite: CHE 556 (or equivalent), CHE 353 (or CHE 354), and CHE 333; or permission of instructor

Offered: Spring

CHE 570 Special Topics in Chemistry (1–3)

Study in special areas of chemistry as listed below. Areas identified as follows: 570A, Analytical; 570B, Biochemistry; 570C, Inorganic; 570D, Organic; 570E, Physical; 570F, Chemical Education.

Prerequisite: Permission of instructor

Notes: May be repeated for a maximum of 6 s.h. when topic varies. Hours per week and credit to be arranged.

CHE 570A Special Topics in Chemistry: Analytical (1-3)

See CHE 570.

Prerequisite: Permission of instructor

CHE 570B Special Topics in Chemistry: Biochemistry (1-3)

See CHE 570.

Prerequisite: Permission of instructor

CHE 570C Special Topics in Chemistry: Inorganic (1-3)

See CHE 570.

Prerequisite: Permission of instructor

CHE 570D Special Topics in Chemistry: Organic (1-3)

See CHE 570.

CHE 570E Special Topics in Chemistry: Physical (1-3)

See CHE 570.

CHE 570F Special Topics in Chemistry: Chemical Education (1-3)

See CHE 570.

Prerequisite: Permission of instructor

CHE 589 Experimental Course

This number reserved for experimental courses. Refer to the Course Schedule for current offerings.

Department of Classical Studies

Including Classical Civilization, Greek, and Latin

College of Arts & Sciences

1104 Moore Humanities and Research Administration

336-334-5214

Faculty

Hugh C. Parker, Associate Professor and Head of Department

Professor Shelmerdine

Associate Professors Heyn, Murphy, Wharton, Zarecki

Visiting Lecturers Keyser, Le Blanc

Mission Statement

The mission of the Department of Classical Studies is to serve the educational interests of undergraduate and master's level students, the local and statewide community, and the health of the national discipline, by preserving, transmitting and interpreting the achievements of the Classical World, and by adhering to the best practices of our discipline.

The Department of Classical Studies provides a comprehensive approach to the study of the ancient Greek and Roman world. The Department believes that students should have a solid foundation in the language, history, and culture of Greek and Roman civilization. To this end, the program is designed to ensure that all students gain proficiency in the Greek or Latin language, as well as a broad understanding of Classical literature in its cultural and historical context, the influence of Graeco-Roman civilization on the conceptions and values of Western civilization, and the methods of critical inquiry which are central to the discipline of Classical Studies.

The Department offers a wide variety of courses in English on mythology, archaeology, literature and culture, as well as courses in ancient Greek and Latin at all levels. Courses with a CCI prefix require no knowledge of either language; GRK courses require reading of texts in Greek and LAT courses require reading of texts in Latin.

Students also have an opportunity in the summer to visit Athens, Rome, and other parts of the Classical world, to

participate in archaeological excavation, and to earn semester hours of credit through CCI 393, CCI 394, CCI 401, CCI 450, or CCI 455; GRK 393, GRK 394; LAT 393, LAT 394; or through Study Abroad Programs.

Classical Studies Major (CLAS)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

Available concentrations and AOS Codes:

Classical Language & Literature, U357

Classical Civilization, U354

Classical Archaeology, U352

See Latin Teacher Licensure for Latin High School Teaching

The Department offers a B.A. in Classical Studies, with three distinct concentrations in Classical Language and Literature, Classical Civilization, and Classical Archaeology. All three concentrations offer a broad liberal arts experience that provides an excellent foundation for a variety of careers including law, business, government, journalism, and teaching.

The Classical Language and Literature concentration is designed to ensure a solid preparation in the chosen language and to acquaint students with those works that form the origin of European literature, history, and philosophy. This concentration prepares students for graduate work in the Classical languages and literature and for secondary school language teaching.

The Classical Civilization and Classical Archaeology concentrations provide a solid and wide-ranging background for understanding the origin and development of our Western ideas, values, languages, institutions, attitudes, and art. The Classical Civilization concentration is an excellent major for pre-law students, who should choose courses on Roman Civilization (CCI 202), Roman Law and Society (CCI 350), and Latin to fulfill major requirements. It is also an excellent second major for those interested in any area of primary or secondary school teaching. The Classical Archaeology concentration is intended especially for students wishing to pursue graduate work in Classical Archaeology. Students interested in other areas of archaeology should also consider the Special Programs in Liberal Studies Major: Archaeology Concentration.

Classical Studies Courses Meeting Both GEC and CAR Requirements

In addition, most CCI courses carry GL marker credit.

Fine Arts (GFA)

- CCI 306 Classical Comedy
CCI 312 The Art and Archaeology of Egypt

CCI 312 carries GN marker credit.

Historical Perspectives on Western Culture (GHP/GPM)

- CCI 201 Introduction to Greek Civilization
CCI 202 Introduction to Roman Civilization
CCI 211 Introduction to Greek Archaeology
CCI 212 Introduction to Roman Archaeology
CCI 240 Ancient Warfare

Literature (GLT)

- CCI 205 Mythology
CCI 227 Comparative Studies in World Epics
CCI 228 Comparative Studies in World Drama
CCI 305 Classical Tragedy
CCI 324 The Age of Cicero
CCI 325 The Age of Augustus
CCI 326 The Age of Nero

Philosophical/Religious/Ethical Perspectives (GPR)

- CCI 321 The Archaic Age
CCI 340 Ancient Cosmology
CCI 350 Roman Law and Society

Reasoning and Discourse (GRD)

- CCI 102 The Classical Art of Persuasion

Social and Behavioral Science (GSB)

- CCI 207 Ancient Sports and Society

College Foreign Language Requirements (GFL)

- GRK 203 Intermediate Ancient Greek I
GRK 204 Intermediate Ancient Greek II
LAT 203 Intermediate Latin I
LAT 204 Intermediate Latin II

I General Education Core Requirements (GEC)

See complete GEC requirements under General Education Program in the University Requirements section. See the GEC Course Summary Table for approved courses.

GLT—Literature (6 s.h.)

Student selects 6 s.h. from GLT list.

Required for Classical Studies Teacher Licensure

- CCI 205 Mythology

GFA—Fine Arts (3.s.h.)

Student selects 3 s.h. from GFA list.

GPR—Philosophical, Religious, Ethical Principles (3 s.h.)

Student selects 3 s.h. from GPR list.

GHP—Historical Perspectives on Western Culture (3 s.h.)

Required for Classical Language and Literature

- CCI 201 Introduction to Greek Civilization
or
CCI 202 Introduction to Roman Civilization

Required for Classical Archaeology

- CCI 211 Introduction to Greek Archaeology
or
CCI 212 Introduction to Roman Archaeology

Required for Classical Civilization

- CCI 201 Introduction to Greek Civilization
or
CCI 202 Introduction to Roman Civilization

Required for Classical Studies Teacher Licensure

- CCI 202 Introduction to Roman Civilization

GNS—Natural Sciences (6–7 s.h.)

Student selects 6–7 s.h. from GNS list. One must be a laboratory course. Each must have a different departmental prefix.

GMT—Mathematics (3 s.h.)

Student selects 3 s.h. from GMT list.

GRD—Reasoning and Discourse (6 s.h.)

- ENG 101 College Writing I
or
FMS 115 Freshman Seminar in Reasoning and Discourse I
or
RCO 101 College Writing I

Student selects additional 3 s.h. from GRD list.

GSB—Social and Behavioral Sciences (6 s.h.)

Student selects 6 s.h. from GSB list.

Required for Classical Studies Teacher Licensure

- HEA 201 Personal Health

II General Education Marker Requirements

See complete GEC requirements under General Education Program in the University Requirements section. See the GEC Course Summary Table for approved courses.

GL/GN—Global/Global Non-Western Perspectives

four (4) courses carrying GL/GN markers; at least one course must carry the GN marker

Must Include the Following:

1. Two (2) courses (6 s.h.) in the same foreign language:

- GRK 203 Intermediate Ancient Greek I
GRK 204 Intermediate Ancient Greek II

or

LAT 203	Intermediate Latin I
LAT 204	Intermediate Latin II

2. One CCI course carrying the GL or GN marker

One SI (Speaking Intensive) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One WI (Writing Intensive) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

III College of Arts and Sciences Additional Requirements (CAR)

See CAR requirements in the Academic Units section. See the GEC Course Summary Table for approved CAR courses.

GMO/GPM—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GPM or GMO list.

GLS/GPS—Natural Sciences (3–4 s.h.)

Student selects 3–4 s.h. from GLS or GPS list.

GSB—Social and Behavioral Sciences (3 s.h.)

Student selects 3 s.h. from GSB list.

GFL—Foreign Language (0–12 s.h.)

intermediate-level proficiency in one language, demonstrated by placement test, or completion of course work through course number 204

Required for Classical Language and Literature

GRK 204	Intermediate Ancient Greek II
	or
LAT 204	Intermediate Latin II

Required for Classical Archaeology

GRK 204	Intermediate Ancient Greek II
	or
LAT 204	Intermediate Latin II

Required for Classical Civilization

GRK 204	Intermediate Ancient Greek II
	or
LAT 204	Intermediate Latin II

Required for Classical Studies Teacher Licensure

LAT 204	Intermediate Latin II

WI—Writing Intensive Courses

a total of four WI courses

IV Major Requirements

Minimum 30 semester hours distributed as follows in one of the three possible concentrations. Students must have at least a 2.0 GPA for courses in the major, and nine (9) hours at the 300 level or above, including three (3) hours in an advanced seminar chosen from CCI 405, CCI 407, CCI 475, CCI 490, CCI 502, or CCI 512. No more than 6 s.h. in CCI 401 and/or CCI 450 and/or CCI 455 may be counted toward the major in Classical Studies.

Classical Language and Literature Concentration

1. 6 s.h. in core courses:

CCI 201	Introduction to Greek Civilization
CCI 202	Introduction to Roman Civilization

2. 12 s.h. in one language:

Greek—must include at least 1 course at or above the 300 level

Latin—must include at least 3 courses at or above the 300 level

3. 3 s.h. in material culture chosen from:

CCI 211	Introduction to Greek Archaeology
CCI 212	Introduction to Roman Archaeology
CCI 312	The Art and Archaeology of Egypt
CCI 313	Archaeology of the Aegean
CCI 314	Ancient Cities
CCI 360	Archaeology of the Roman Provinces: Britain and Gaul
CCI 365	Archaeology of the Roman Provinces: Asia Minor and Syria
CCI 475	Archaeology of Death in the Classical World
CCI 512	The Archaeology of Roman Daily Life

4. 6 s.h. in literature in translation chosen from:

CCI 205	Mythology
CCI 227	Comparative Studies in World Epics
CCI 228	Comparative Studies in World Drama
CCI 305	Classical Tragedy
CCI 306	Classical Comedy
CCI 321	The Archaic Age
CCI 324	The Age of Cicero
CCI 325	The Age of Augustus
CCI 326	The Age of Nero
CCI 405	Advanced Studies in Mythology
CCI 407	Roman Myth and Legend
CCI 502	History of Latin Literature

5. 3 s.h. in a related field chosen from:

CCI 206	Classical Origins of the English Language
CCI 207	Ancient Sports and Society
CCI 240	Ancient Warfare
CCI 323	The World of Alexander the Great
CCI 327	The Age of Constantine
CCI 330	Women in Antiquity
CCI 336	Language Change

Academic Departments, Programs, and Courses

CCI 340	Ancient Cosmology
CCI 350	Roman Law and Society
CCI 370	Classical Rhetoric and Culture
CCI 401	Archaeological Practicum
CCI 450	Internship in Classical Studies
CCI 455	UNCG in Rome
CCI 490	Seminar in Classical Studies

or one of the above categories

Classical Civilization Concentration

1. 6 s.h. in core courses:

CCI 201	Introduction to Greek Civilization
CCI 202	Introduction to Roman Civilization

2. 3 s.h. in either Greek or Latin at or above the 204 level

3. 3 s.h. in material culture chosen from:

CCI 211	Introduction to Greek Archaeology
CCI 212	Introduction to Roman Archaeology
CCI 312	The Art and Archaeology of Egypt
CCI 313	Archaeology of the Aegean
CCI 314	Ancient Cities
CCI 360	Archaeology of the Roman Provinces: Britain and Gaul
CCI 365	Archaeology of the Roman Provinces: Asia Minor and Syria
CCI 475	Archaeology of Death in the Classical World
CCI 512	The Archaeology of Roman Daily Life

4. 9 s.h. in literature in translation chosen from:

CCI 205	Mythology
CCI 227	Comparative Studies in World Epics
CCI 228	Comparative Studies in World Drama
CCI 305	Classical Tragedy
CCI 306	Classical Comedy
CCI 321	The Archaic Age
CCI 324	The Age of Cicero
CCI 325	The Age of Augustus
CCI 326	The Age of Nero

Classical Studies as a Second Academic Concentration for Elementary Education Majors

Required: minimum of 18 semester hours

AOS Code: U130

This concentration is designed for students in the Elementary Education and Special Education programs. Much of the subject matter in the concentration (mythology, language and reading study, word origins, history, and culture) is easily adaptable for use with elementary grades students, and the flexibility of the concentration is designed to accommodate the schedules of Elementary Education and Special Education majors.

Classical Studies Minor

Required: minimum of 15 semester hours

AOS Code: U350

The Classical Studies Minor complements majors in a variety of fields including anthropology, art, English, foreign languages, history, philosophy, and religious studies. Requirements are flexible enough to permit students to develop and extend their major plan of study.

The minor consists of 15 semester hours in courses above the 100 level to be worked out with the department advisor as best suited to each student's academic program.

Classical Studies Major with High School Teaching Licensure in Latin (CLAS)—B.A.

AOS Code: U129

The Department of Classical Studies cooperates with the School of Education to prepare students for teaching Latin at the secondary level. The aim of the departmental program is three-fold:

1. To promote proficiency in Latin by providing courses which focus on grammatical analysis and reading of Latin texts with understanding, and which cover a range of genres and authors;
2. To make available a full variety of courses in literature, civilization, and advanced language training to ensure

students a broad base of cultural and linguistic experiences;

3. To promote an understanding of and appreciation for the Classical foundations of the Western tradition.

Requirements

Minimum of 33 semester hours distributed as follows, with a minimum GPA overall, a minimum GPA of 3.0 in Latin (LAT) courses, and 9 hours at the 300 level or above. No more than 6 s.h. in CCI 401 and/or CCI 450 may be counted toward the major in Classical Studies:

1. 6 s.h. in core courses:

CCI 201	Introduction to Greek Civilization
CCI 202	Introduction to Roman Civilization

2. 12 s.h. in Latin language (LAT), must include LAT 531 and two additional courses at the 300 level or above

3. 3 s.h. in material culture chosen from:

CCI 212	Introduction to Roman Archaeology
CCI 312	The Art and Archaeology of Egypt
CCI 314	Ancient Cities
CCI 360	Archaeology of the Roman Provinces: Britain and Gaul
CCI 365	Archaeology of the Roman Provinces: Asia Minor and Syria
CCI 475	Archaeology of Death in the Classical World
CCI 512	The Archaeology of Roman Daily Life

4.

CCI 205	Mythology
---------	-----------

And 3 additional s.h. in Classical literature chosen from:

CCI 227	Comparative Studies in World Epics
CCI 228	Comparative Studies in World Drama
CCI 305	Classical Tragedy
CCI 306	Classical Comedy
CCI 324	The Age of Cicero
CCI 325	The Age of Augustus
CCI 326	The Age of Nero
CCI 405	Advanced Studies in Mythology
CCI 407	Roman Myth and Legend
CCI 502	History of Latin Literature

5. 3 s.h. in a related field chosen from:

CCI 206	Classical Origins of the English Language
CCI 207	Ancient Sports and Society
CCI 240	Ancient Warfare
CCI 323	The World of Alexander the Great
CCI 330	Women in Antiquity
CCI 336	Language Change
CCI 340	Ancient Cosmology
CCI 350	Roman Law and Society
CCI 370	Classical Rhetoric and Culture

CCI 490	Seminar in Classical Studies
---------	------------------------------

or one of the above categories.

6. 2 s.h. in

LAT 198	Latin Sight Reading
---------	---------------------

7. 1 s.h. in

LAT 199	Conversational and Modern Latin
---------	---------------------------------

8.

3 s.h. in an advanced seminar chosen from

CCI 405	Advanced Studies in Mythology
CCI 407	Roman Myth and Legend
CCI 475	Archaeology of Death in the Classical World
CCI 490	Seminar in Classical Studies
CCI 502	History of Latin Literature
CCI 512	The Archaeology of Roman Daily Life

In addition, students must meet additional requirements in Professional Education (see School of Education Licensure Programs) including:

Courses

ERM 401	Assessment I: Accountability in Our Nation's Schools
ERM 402	Assessment II: Standardized Tests
ERM 403	Assessment III: Classroom Assessment

Mission Statement

The Mission of the Department of Communication Sciences and Disorders is to prepare students with a background in speech, language, and hearing sciences, and in speech, language, and hearing disorders in anticipation of their continued studies at the graduate level.

Speech Pathology and Audiology Major (SPAU)—B.S.

Degree: Bachelor of Science

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U143

The Speech Pathology and Audiology major provides a preprofessional program for those preparing for graduate study in speech-language pathology or audiology. The major is designed to satisfy some requirements for the N.C. license in speech-language pathology or audiology, although no license is awarded until completion of the master's degree in speech language pathology and the Au.D. or Ph.D. in audiology. Instruction is designed to meet American Speech-Language-Hearing Association standards. Transfer students may require an additional semester to complete the undergraduate degree program. All undergraduates will register with the major code of

SPAU, but will not be allowed to take CSD courses at the 300 level or above until formally accepted into the major.

Student Learning Goals

Students majoring in Speech Pathology and Audiology will be able to:

- Identify the foundations of normal communication (speech, language, hearing).
- Explain the theories and processes involved in the identification and evaluation of communication disorders.
- Identify disorders of receptive and expressive written and oral language (phonology, morphology, syntax, semantics, and pragmatics).
- Identify disorders of speech production (articulation, voice, and fluency).
- Describe the cognitive and social aspects of communication.
- Relate issues of cultural diversity to communication and its disorders.
- Explain relationships of hearing and hearing disorders to speech and language development and disorders.
- Analyze and measure hearing function.
- Describe habilitation and rehabilitation of individuals with hearing impairment.

Admission Requirements

1. Students must be formally admitted to the Speech Pathology and Audiology Major. Only students with a written acceptance will be permitted to enroll in required courses at the 300 level or above.
2. Applicants for admission to the Speech Pathology and Audiology major may apply only after completion and/or transfer of 55 semester hours and must apply before enrollment in any required courses at or above the 300 level in the major. Applicants must have an overall grade point average of at least 2.50 to apply to the major.
3. The grade point average is a minimum requirement and simple compliance does not automatically imply admission. In all cases, admission is competitive and limited by space available in the program.
4. Students seeking admission to the Speech Pathology and Audiology Major should proceed as follows:
 - a. Secure an official transcript(s) of undergraduate course work completed at colleges and universities other than UNCG, and an unofficial transcript from UNCG;
 - b. Secure an application from the Communication Sciences and Disorders Program Office, 300

Ferguson Building, or online at
<http://www.uncg.edu/csd/ugapp.htm>;

- c. Deliver both the transcripts and the completed application to the Program Office, 300 Ferguson Building, by May 15.
- d. In some cases the Program may require additional information or an interview, so the application process should be initiated immediately after completion of 55 hours.

Criteria for Continuing in the Speech Pathology and Audiology Major

Failure to meet these criteria will result in dismissal from the major and loss of approval to graduate.

1. Students must maintain a 2.50 GPA.
2. Students who earn a grade of D+ or below, as consistent with university policy, in a major course will be placed on academic probation. Students must repeat the course at UNCG within the probationary period. If the student does not earn a grade of C or better the student will be dismissed from the major. No more than one course can be taken at an outside institution. Courses must be taken at a four-year university.
3. Failure to comply with all university regulations, including the Academic Integrity Policy, will result in dismissal from the major.

CSD Residency Requirement

Students seeking an undergraduate degree in Communication Sciences and Disorders may not apply more than three semester hours from another college or university toward upper division (300 level or above) major coursework, unless prior written permission is received from the Department Chair. For the purpose of departmental residency, courses taken at schools in the Greater Greensboro Consortium (Bennett College, Elon University, Greensboro College, GTCC, Guilford College, High Point University, North Carolina A&T State University) will be counted toward the three semester hours of accepted transfer coursework.

Any student transferring to UNCG from another university with an undergraduate CSD program should contact the CSD Department Head or Coordinator of Undergraduate Studies to discuss specific course transfer requests prior to enrollment in the department.

Student selects additional 3 s.h. from GSB list.

II General Education Marker Requirements

See details and courses. It is possible to meet all GE Marker Requirements while completing the GE Core requirements or courses required by the major/concentration.

GL/GN—Global/Global Non-Western Perspectives

four (4) courses carrying GL/GN markers; at least one course must carry the GN marker

Required

6 s.h. of a foreign language through the 102 level

One SI (Speaking Intensive) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major**. All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One WI (Writing Intensive) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

III Major Requirements

Minimum 27 semester hours above the 100 level.

A. Required

CSD 250	Concepts in Communication Sciences
CSD 306	Introduction to Phonetics
CSD 307	Speech and Hearing Science
CSD 308	Language and Speech Development
CSD 309	Anatomy and Physiology of the Speech and Hearing Mechanism
CSD 334	Introduction to Audiology
CSD 336	Articulation and Phonological Disorders Across the Life Span
CSD 337	Language Disorders
CSD 476	Structured Clinic Observations
CSD 556	Aural Rehabilitation
CSD 557	or Pediatric Aural Rehabilitation
CSD 588	Neurology of Speech, Language and Hearing

B. Speech-language pathology

Students preparing for graduate study in speech-language pathology are required to take:

CSD 338	Voice and Fluency Disorders
CSD 550	Diagnostic Procedures: Inquiry, Observation and Measurement

IV. Related Area Requirements

Required

ISM 110	Business Computing I
PSY 121	General Psychology
SES 101/ASL 101	American Sign Language I
STA 108	Elementary Introduction to Probability and Statistics

Student selects additional 3 s.h. from GSB list not selected to fulfill the GEC requirement.

Student selects additional 3 s.h. from GNS list not selected to fulfill the GEC requirement.

6 s.h. of a foreign language through the 102 level*

**Foreign language 102 may be substituted by a second-level sign language course.*

V. Electives

Electives sufficient to complete the 122 semester hours required for the degree.

Communication Sciences and Disorders Disciplinary Honors

Requirements

1. Admission to Lloyd International Honors College

2. Completion of the following:

CSD 490	Senior Honors Project
---------	-----------------------

3. Nine (9) s.h. of 300-level or higher course work in CSD chosen from the following:

Must select one of the following:

CSD 493	Honors Independent Study
CSD 494	Honors Seminar in Communication Disorders

Honors sections of the following:

CSD 308	Language and Speech Development
CSD 336	Articulation and Phonological Disorders Across the Life Span
CSD 550	Diagnostic Procedures: Inquiry, Observation and Measurement
CSD 571	Beginning Clinical Practice in Speech-Language Pathology
CSD 588	Neurology of Speech, Language and Hearing

Honors Contracts of the following:

CSD 337	Language Disorders
CSD 556	Aural Rehabilitation
CSD 557	Pediatric Aural Rehabilitation

Qualifications

- A GPA in the major of 3.50 and a grade of B+ or higher in all CSD course work
- 3.50 or higher overall GPA at graduation

Recognition

The designation "Completed Disciplinary Honors in Communication Sciences and Disorders" and the title of the Senior Honors Project will be printed on the student's official transcript.

COMMUNICATION SCIENCES & DISORDERS COURSES (CSD)

CSD 150 Communication Disabilities in Film (3:2:3)

Popular films and their portrayal of individuals with various speech, language, or hearing problems; how that information promotes images that are positive and negative; and how those images influence public opinion.

CSD 219 Communication Disorders Laboratory (1:0:2)

Supervised therapy for students with speech, voice, language, or hearing problems.

Prerequisite: Permission of instructor

Notes: May be repeated for credit. Grade: Pass/Not Pass (P/NP).

CSD 250 Concepts in Communication Sciences (3:3)

Concepts essential in understanding human communication; factors affecting life-long development and competency of speech, language and hearing.

Notes: For freshmen and sophomores.

CSD 295 Fundamentals of Speech and Language Analysis (3:3)

Structural foundation and analytic tools for studying language disorders.

CSD 306 Introduction to Phonetics (3:3)

Recording of speech using the International Phonetic Alphabet in broad transcription. General American dialects and variations.

Prerequisite: Majors only, or by permission of instructor

Corequisite: Must be taken concurrently with CSD 307, CSD 308, and CSD 309.

Notes: Not open to freshmen or sophomores.

CSD 307 Speech and Hearing Science (3:3)

Acoustic principles of speech and hearing; analysis of the acoustic characteristics of speech and physiological correlates; speech perception.

Prerequisite: Majors only, or by permission of instructor

Corequisite: Must be taken concurrently with CSD 306, CSD 308, and CSD 309.

Notes: Not open to freshmen or sophomores.

CSD 308 Language and Speech Development (3:3)

Theory and evidence of the chronological development of phonology, syntax, semantics, and pragmatics in the child.

Prerequisite: Majors only, or by permission of instructor

Corequisite: Must be taken concurrently with CSD 306, CSD 307, and CSD 309.

Notes: Not open to freshmen or sophomores. Students cannot receive credit for both this course and SES 240.

CSD 309 Anatomy and Physiology of the Speech and Hearing Mechanism (3:3)

Anatomical and physiological bases of human communication.

Prerequisite: Majors only, or by permission of instructor

Corequisite: Must be taken concurrently with CSD 306, CSD 307, and CSD 308.

Notes: Not open to freshmen or sophomores.

CSD 333 Independent Study (1–3)

Directed study and/or research under faculty supervision.

Prerequisite: Permission of the instructor

Notes: May be repeated once for credit for a total of six (6) semester hours. Grade: Pass/Not Pass (P/NP).

CSD 334 Introduction to Audiology (3:3)

Basic anatomy and physiology of the auditory system, fundamental hearing science, and methods and techniques of hearing measurement and interpretation for the assessment, diagnosis, evaluation, and rehabilitation of hearing disorders.

Prerequisite: Pr. or Coreq. CSD 308, and either SES 240 or CSD 307; or permission of instructor

Notes: Speech Pathology/Audiology and Professions in Deafness majors only

CSD 336 Articulation and Phonological Disorders Across the Life Span (3:3)

Assessment and treatment procedures for a variety of articulation and phonological disorders across the life span.

Prerequisite: CSD 306, CSD 307, CSD 308, and CSD 309, or permission of instructor

CSD 337 Language Disorders (3:3)

Nature, theory, measurement, and management of language problems across the life span.

Prerequisite: CSD 306, CSD 307, CSD 308, CSD 309

CSD 338 Voice and Fluency Disorders (3:3)

Basic theories and principles in the onset, development, and maintenance of stuttering and voice disorders in children and adults. Primary factors in prevention, measurement, assessment, and management.

Prerequisite: CSD 306, CSD 307, CSD 308, CSD 309

Offered: Spring

CSD 464 Genetics and Communication Disorders (3:3)

Fundamentals of embryology of the organs of communication, Mendelian and non-Mendelian genetics

Academic Departments, Programs, and Courses

including pedigrees, risk calculation, meiosis/mitosis, chromosomal abnormalities, genetic screening and counseling, environmental genomics, and disorders of communication.

Prerequisite: CSD 306, CSD 307, CSD 308, CSD 309, CSD 334

Offered: Spring

CSD 476 Structured Clinic Observations (1:0:2)

Guided clinical observations and experiences as a therapy assistant in the UNCG Speech and Hearing Center.

Prerequisite: CSD 334, CSD 336, and CSD 337; or permission of instructor

Offered: Fall and Spring

Notes: Grade: Pass/Not Pass (P/NP).

CSD 490 Senior Honors Project (3:3)

Independent original scholarship, completed under the supervision of a faculty member. Culminates in an original oral presentation, written document, or other creative work.

Prerequisite: Senior status and admission to the Lloyd International Honors College and the CSD Honors Program, or permission of the instructor

Offered: All

Notes: Grade: Pass/Not Pass (P/NP). May be repeated once for credit.

CSD 493 Honors Independent Study (3:3)

Directed study and/or research under faculty supervision.

Prerequisite: Senior status and admission to the Lloyd International Honors College and the CSD Honors Program, or permission of the instructor

Offered: All

Notes: Grade: Pass/Not Pass (P/NP). May be repeated once for credit.

CSD 494 Honors Seminar in Communication Disorders (3:3)

Advance study of the nature and application of scholarship pertaining to different communication disorders in a forum that promotes collegiality and discussion.

Prerequisite: Acceptance into CSD Disciplinary Honors Program and permission of instructor

Offered: Fall or Spring

CSD 495 Special Topics Seminar (1:1)

Critical analysis of contemporary topics in Communication Sciences and Disorders.

Prerequisite: CSD 334, CSD 336, and CSD 337, or permission of instructor

Notes: May be repeated for credit twice during the senior year of UNCG undergraduates. Second degree students may enroll twice during the year they are taking undergraduate courses.

CSD 550 Diagnostic Procedures: Inquiry, Observation and Measurement (3:2:3)

Processes and techniques of data acquisition and analysis for the diagnosis, assessment, and evaluation of communication disorders.

Prerequisite: Completion of all CSD 300-level courses required for the major or permission of the instructor

CSD 551 Speech and Language Disorders: Diagnostic Procedures (3:2:2)

Differential diagnosis of speech, language, voice, and rhythm problems.

Prerequisite: Pr. permission of instructor

CSD 552 Communication and Aging (3:3)

Development of communication in old age; factors affecting development and competency; communication evidence and theories of aging; facilitation of life-long functional communication.

Prerequisite: Pr. CSD 308 or permission of instructor

CSD 554 Advanced Speech Science (3:3)

Acoustic theory and methods of analysis; acoustic structure of speech and its physiological correlates; application of acoustic information to clinical management of disorders of communication.

Prerequisite: CSD 306, CSD 307, CSD 308, CSD 309

CSD 556 Aural Rehabilitation (3:3)

Principles of aural rehabilitation with hearing impaired adults and their significant others.

Prerequisite: CSD 334

Offered: Spring

CSD 557 Pediatric Aural Rehabilitation (3:3)

Study of new technologies available for children with hearing impairment and the impact of these technologies on therapy and teaching.

Prerequisite: CSD 334 for undergraduates; permission of instructor for graduate students

Offered: Spring

CSD 571 Beginning Clinical Practice in Speech-Language Pathology (3:2:4)

Beginning clinical practice in diagnosis of and therapy for communication disorders.

Prerequisite: Admission to the appropriate degree program or permission of instructor

Notes: Grade: Satisfactory/Unsatisfactory (S/U).

CSD 575 Instrumentation for Communication Disorders (3:3)

Instrumentation commonly used in communication disorders; operation and measurement techniques for clinical and research applications.

Prerequisite: Permission of instructor

CSD 588 Neurology of Speech, Language and Hearing (3:3)

An overview of neuroanatomy and neurophysiology with a concentration on neurological mechanisms related to speech, language and hearing.

Prerequisite: CSD 309 or permission of instructor

CSD 589 Experimental Course: Introduction to Adult Language Disorders (3:3)

Neurology review (neural basis of language disorders, an overview of cognitive-linguistic disorders, and evidence-based practice), aphasia, traumatic brain injury, and dementia.

Prerequisite: CSD 580; or permission of instructor

Offered: Offered Fall 2016

Department of Communication Studies

*Lecturers Cuny, Dunning, Ellis, Fairfield-Artman,
Manning, McCall, Steger, Sullivan*

Mission Statement

We teach and research communication to connect people, create change, and work toward a just world.

Commitments

- We engage communication knowledge to understand, advance, and challenge human interaction processes locally and globally.
- We promote the centrality of communication to personal, professional, and public lives.
- We seek to invigorate our collective moral imagination to build a world of hope, justice, and peace.
- We engage pressing social and relational issues through written and spoken communication, active research and teaching, and involvement in the world around us.
- We foster learning and application of communication knowledge and skill to transform relationships and communities.
- We affirm, practice, and teach service and community engagement.
- We teach the art of living well together.

Values

We actively value and promote:

- Honesty
- Trust
- Respect
- Fairness

- Responsibility
- Care
- Ethics
- Justice
- Courage
- Equality
- Creativity
- Compassion
- Engagement
- Critical Thinking
- Holistic Thinking
- Incremental Thinking
- Learner-centered practice
- Independence
- Interdependence
- Difference
- Relationships
- Connection
- Self-discipline
- Focus
- Service

Philosophy of Scholarship

We believe that communication is formative and foundational to human identities, relationships, and communities—and that ethical and strategically effective communication can be the means of critiquing, constructing, and transforming identities, relationships, and communities.

We engage in communication scholarship in the form of research, teaching, and service that:

- Integrates dialogue and other approaches to communication as the foundation for scholarly inquiry and application to the world
- Cultivates diversity and respect for differences
- Promotes change that leads to more democratic, just, and peaceful relationships and communities
- Engages creative partnerships of faculty, students, and other stakeholders in addressing contemporary challenges and opportunities for improving communication

Scholarly Focus Areas

These beliefs and values are articulated in the following ongoing scholarly focus areas of the department:

- **Public Voice**
How can communication scholarship help us to understand and improve the quality of public discourse in the world around us?
- **Voices of Change, Diversity and Difference, and Conflict**
How can communication scholarship help people to engage with diversity, differences, and divisions in ways that promote understanding and collaborative/democratic change?
- **Voices of Identity and Relationships**
How can communication scholarship help us understand how people create and sustain desired identities and healthy relationships?
- **Voices of Discovery**
How can communication scholarship help us understand how people learn to co-construct, share, and critique knowledge?

The Department offers the B.A. in Communication Studies as well as an undergraduate minor. The M.A. degree is also offered in the department. For details on the graduate program see the *Graduate School Bulletin*.

The Department of Communication Studies offers required and elective courses that are designed to make productive use of differing learning styles among students: theoretical and applied, textual and experiential, topical and case study, course work and internships/service learning, individual and groups/team based performances. A number of courses involve service learning to link communication, action, and academic study.

The Department of Communication Studies provides opportunities to study relational, group, workplace, and community communication. Communication courses contribute to a liberal education by teaching creative thinking and problem-solving, critical reasoning, and effective oral, written, and mediated communication. The faculty strongly believe in the interdisciplinary nature of communication, and this curriculum encourages elective course work be taken in allied disciplines such as African American Studies, Anthropology, Business, English, Media Studies, Philosophy, Political Science, Psychology, Sociology, and Women's and Gender Studies. Additionally the Department participates in Service-Learning, the Honors Programs administered by the Lloyd International Honors College, Writing Across the Curriculum and Speaking Across the Curriculum programs, and regularly offers freshman seminars. Opportunities also exist for Study Abroad including exchanges in Europe. Communication Studies majors with a 3.0 GPA may apply to go abroad in the spring semester of their junior year to

participate in the Intercultural Studies program at Vaxjo University in Vaxjo, Sweden. The program (taught in English) requires course work in socio-cultural theory, intercultural interactions, cultural analysis, and fieldwork, with optional study in basic Swedish.

The undergraduate program in Communication Studies is designed to serve as a solid foundation for a variety of professional and entrepreneurial careers; it also provides preparatory work for graduate studies in communication, as well as related fields such as law, business, media studies, and education. Faculty and students in the Department of Communication Studies are actively involved in research, service, and consulting with community, state, regional, national, and international organizations and agencies.

Student Learning Goals

As a reflection of the mission statement, the UNCG general education goals, and in consultation with the National Communication Association, the Department of Communication Studies has the following student learning outcomes for the B.A. degree. At the completion of the major, the student should be able to:

- Speak effectively and ethically to a public.
- Utilize communication concepts and competencies to build relationships and/or community.
- Apply a communication perspective to identify and analyze social issues/problems.
- Engage communication scholarship using appropriate theory and research methods.

Criterion for Progression in the Major

Only grades of C- or better, taken in Communication Studies courses, will count toward completion of a major in the Department.

The Department of Community and Therapeutic Recreation is committed to offering an academically challenging program of undergraduate education coupled with a solid foundation of a liberal arts education. The program has been accredited by the NRPA/Council on Accreditation of Parks, Recreation, Tourism and Related Professions (COAPRT) since 1981.

Mission Statement

The Department of Community and Therapeutic Recreation prepares recreation, park, and leisure services professionals to enhance health, wellness, and quality of life among individuals and communities through excellence in teaching, research, and community engagement.

Vision Statement

The Department of Community and Therapeutic Recreation aims to shape individuals and communities to be healthy, active, inclusive, and empowered through recreation and parks.

Values

The Department of Community and Therapeutic Recreation is guided by the execution of its mission and vision by the following fundamental values. We value:

- recreation as a basic human need and right of all people;
- enhanced health, wellness, and quality-of-life for individuals and communities;
- human growth and development through opportunities for self-expression, creativity, and self-determination;

Academic Departments, Programs, and Courses

- protection and equitable access to parks, open space, and other natural resources; and
- inclusive communities.

Interactive seminar that focuses on the development of presentation skills and strategies for the effective use of the senior capstone portfolio as a tool for sustained self-direction.

Prerequisite: Integrative Community Studies student

Notes: May be repeated for a total of 6 s.h.

CTP 459 Senior Practicum (3:3)

Guided practice of activities designed to increase self-direction skills.

Prerequisite: Integrative Community Studies student

CTP 490 Senior Capstone Portfolio (3:3)

Development of senior portfolio that outlines student progress and overall command of the learning outcomes within the program of study.

Prerequisite: Integrative Community Studies student

Notes: May be repeated once for credit.

CTP 492 Internship and Job Development (3:0:9)

Practical experience in desired career field with emphasis on development of skills necessary to identify job-related needs and negotiate with potential employers.

Prerequisite: CTP 257; CTP 267; CTP 393; Integrative Community Studies student

Notes: May be repeated once for credit.

The courses in the Computer Science Department are designed to teach the foundations of computing rather than a particular technology, so that the student is prepared to adapt to changing technology. Students are exposed to various programming languages and computing systems.

The job market in computer science is strong. A student completing a bachelor's degree with a strong academic record can expect job offers as a systems programmer or analyst, applications programmer, systems support staff member, technical staff member, or similar position. The undergraduate curriculum has also been designed to prepare students for graduate studies (master's and doctoral degrees) in computer science. Qualified students who have an interest in research will have opportunities to participate in projects with department faculty during undergraduate or graduate studies.

Computer Science Major (CMPS)—B.S.

Degree: Bachelor of Science

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U180

The B.S. degree in Computer Science program is accredited by the Computing Accreditation Commission of ABET (www.abet.org).

Students must maintain a grade point average of at least 2.0 in the core courses, required electives, and required supporting discipline courses.

Because computer science courses change rapidly, it is recommended that the sequence CSC 130, CSC 230, CSC 330 be completed within four (4) consecutive semesters.

I General Education Core Requirements (GEC)

See complete GEC requirements and approved course listings for all categories.

GLT—Literature (6 s.h.)

Student selects 6 s.h. from GLT list.

GFA—Fine Arts (3.s.h.)

Student selects 3 s.h. from GFA list.

GPR—Philosophical, Religious, Ethical Principles (3 s.h.)

Student selects 3 s.h. from GPR list.

GHP—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GHP list.

GNS—Natural Sciences (7 s.h.)

CHE 111 General Chemistry I
and
CHE 112 General Chemistry I Laboratory

or

PHY 291 General Physics I with Calculus

Student selects additional 3 s.h. from GNS list.
Must have a different course prefix than the required course(s) chosen.

GMT—Mathematics (3 s.h.)

MAT 191 Calculus I

GRD—Reasoning and Discourse (6 s.h.)

ENG 101 College Writing I
or
FMS 115 Freshman Seminar in Reasoning and Discourse I
or
RCO 101 College Writing I

Student selects additional 3 s.h. from GRD list.

GSB—Social and Behavioral Sciences (6 s.h.)

Student selects 6 s.h. from GSB list.

II General Education Marker Requirements

See details and courses. It is possible to meet all GE Marker Requirements while completing the GE Core requirements or courses required by the major/concentration.

Students may select courses for:

Global/Global Non-Western Perspectives (GL/GN)

four (4) courses carrying GL/GN markers, at least one of which must carry the GN marker

One Speaking Intensive (SI) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One Writing Intensive (WI) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

III College of Arts and Sciences Additional Requirements (CAR)

See CAR requirements in the Academic Units section. See the GEC Course Summary Table for approved CAR courses.

Historical Perspectives on Western Culture

GHP/GPM course
or
GMO course

Natural Sciences

one additional GNS/GLS or GPS course

Social and Behavioral Sciences (GSB)

one additional GSB course

Foreign Language (GFL)

intermediate-level proficiency in one language

demonstrated by placement test, or completion of course work through course number 204

Writing Intensive Courses (WI)

a total of four WI courses

IV Major Requirements**1.**

CSC 130	Introduction to Computer Science
CSC 230	Elementary Data Structures and Algorithms
CSC 250	Foundations of Computer Science I
CSC 261	Computer Organization and Assembly Language
CSC 330	Advanced Data Structures
CSC 339	Concepts of Programming Languages
CSC 340	Software Engineering
CSC 350	Foundations of Computer Science II
CSC 471	Principles of Database Systems
CSC 490	Senior Capstone
CSC 553	Theory of Computation
CSC 562	Principles of Operating Systems

2. CSC Electives

Additional 12 s.h., selected from any CSC course at the 300 level or above.

V Supporting Discipline Requirements**1.**

The following courses are required:

MAT 191	Calculus I
MAT 292	Calculus II
PHI 222	Ethics in the Computer Age
STA 271	Fundamental Concepts of Statistics or
STA 290	Introduction to Probability and Statistical Inference

2.

One course selected from the following:

MAT 293	Calculus III
MAT 310	Elementary Linear Algebra
MAT 390	Ordinary Differential Equations
STA 301	Statistical Methods
STA 352	Statistical Inference

VI Science Requirements**1. Choose an option from the following:****Option A**

PHY 291	General Physics I with Calculus
PHY 292	General Physics II with Calculus

Option B

CHE 111	General Chemistry I
CHE 112	General Chemistry I Laboratory
CHE 114	General Chemistry II
CHE 115	General Chemistry II Laboratory

2. 4 additional s.h. of science courses

Select from any course carrying credit toward a biology, chemistry, or physics major.

Recommended

BIO 111	Principles of Biology I
---------	-------------------------

Computer Science Minor

Required: minimum of 15 semester hours [minimum of nine (9) semester hours in residence at UNCG]

AOS Code: U180

The minor in computer science consists of at least 15 semester hours of work, chosen as follows:

Requirements**1.**

CSC 130	Introduction to Computer Science
CSC 230	Elementary Data Structures and

	Algorithms
CSC 250	Foundations of Computer Science I
CSC 330	Advanced Data Structures

2. One of the following:

CSC 261	Computer Organization and Assembly Language
CSC 339	Concepts of Programming Languages
CSC 340	Software Engineering

The Computer Science Minor requires 3 to 4 semesters to complete.

Computer Science Honors

Requirements

A minimum of twelve semester hours to consist of:

6 s.h. of contract Honors courses:

Students select two:

CSC 471	Principles of Database Systems
CSC 521	Computer Graphics
CSC 522	Digital Image Processing
CSC 523	Numerical Analysis and Computing
CSC 524	Numerical Analysis and Computing
CSC 526	Bioinformatics
CSC 529	Artificial Intelligence
CSC 539	Introduction to Compiler Design
CSC 540	Human-Computer Interface Development
CSC 550	Combinatorics on Words
CSC 555	Algorithm Analysis and Design
CSC 561	Principles of Computer Architecture
CSC 567	Principles of Computer Networks
CSC 568	Principles of Wireless Networks
CSC 580	Cryptography and Security in Computing
CSC 583	Firewall Architecture and Computer Security

6 s.h.:

CSC 493	Honors Work in Computer Science
HSS 490	Senior Honors Project

(CSC 493 must be completed before HSS 490)

Qualifications

- At least a 3.30 overall GPA at graduation
- A grade of B or higher in all course work used to satisfy the Honors requirements in Computer Science
- A declared Computer Science major

Recognition

The designation “Completed Disciplinary Honors in Computer Science” and the title of the Senior Honors Project will be printed on the student’s academic transcript.

COMPUTER SCIENCE COURSES (CSC)

CSC 100 The Beauty and Joy of Computing (3:2:3)

A broad-based introduction to key concepts and principles of computer science. Exploration of seven big ideas of computing: creativity, abstraction, data, algorithms, programming, the Internet, and impact of computing.

CSC 101 Introduction to Computer Concepts (3:3)

Introduction to computers and computing. Topics cover impact of computers on society, ethical issues, hardware, and software applications.

CSC 110 Computational Problem Solving (3:3)

Using computing to apply mathematical concepts in developing algorithmic solutions to real-world problems, stressing analysis and logical reasoning. A modern programming language will be introduced for examples and assignments.

Prerequisite: Non-Computer Science majors only or permission of instructor

Distribution: GE Core: GMT

CSC 130 Introduction to Computer Science (3:2:2)

Programming in a high-level language. Emphasis on problem analysis, problem-solving techniques, and software design principles and techniques.

Prerequisite: Acceptable score on the computer science placement test or a grade of at least C (2.0) in MAT 120, MAT 150, MAT 151, MAT 190, or MAT 191

Notes: Computer Science majors should not take MAT 120.

CSC 230 Elementary Data Structures and Algorithms (3:3)

Advanced syntax of high level language taught in CSC 130. Emphasis on modularization and abstraction. Big-O analysis of algorithms. Design and use of abstract data types with various implementations.

Prerequisite: Grade of at least C (2.0) in CSC 130

CSC 237 Programming Language Laboratory (1–3)

Syntax and use of a programming language. Language covered announced at preregistration.

Notes: May be taken twice for credit with permission of the Department Head.

CSC 250 Foundations of Computer Science I (3:3)

An introduction to the fundamental ideas underlying contemporary computer science with a focus on the computation and construction of objects.

Prerequisite: Grade of at least C (2.0) in CSC 130 or permission of instructor

CSC 261 Computer Organization and Assembly Language (3:3)

Introduction to the organization of the computer through the use of Assembly Language programming. Data representation, parts of the computer system, Assembly Language fundamentals, instruction sets, memory, and floating-point operations.

Prerequisite: Grade of at least C (2.0) in CSC 230 and in CSC 250, or permission of instructor

CSC 312 Ethics in Computer Science (1:1)

Historical and social context of computing, ethical responsibilities of the computing professional, intellectual property rights, and risks and liabilities.

Prerequisite: Grade of at least C (2.0) in CSC 230 and in CSC 250, or permission of instructor

Notes: Computer Science majors only.

CSC 330 Advanced Data Structures (3:3)

Static and dynamic data structures emphasizing binary trees and graphs. Advanced programming techniques. Advanced sorting and searching algorithms. Hashing techniques. Performance analysis. Methods of developing large applications programs.

Prerequisite: Grade of at least C (2.0) in CSC 230 and in CSC 250

CSC 339 Concepts of Programming Languages (3:3)

Concepts of block-structured, object-oriented, functional, logic, and concurrent programming languages. Comparative study of syntactic and semantic features of these languages and writing programs using them.

Prerequisite: Grade of at least C (2.0) in CSC 330

CSC 340 Software Engineering (3:3)

Practical and theoretical concepts of software engineering.

Prerequisite: Grade of at least C (2.0) in CSC 330

CSC 350 Foundations of Computer Science II (3:3)

High level concepts in the theoretical foundations of computer science.

Prerequisite: Grade of at least C (2.0) in CSC 250, or permission of instructor

CSC 463 Basic Systems Administration Laboratory (1:0:3)

Installing operating systems, peripherals, hardware, and software. Backups, recompiling the kernel (loading/unloading modules), providing Web services, and user administration.

Corequisite: CSC 562 and CSC 567; or permission of instructor

Notes: Formerly CSC 563.

CSC 464 Intermediate Systems Administration Laboratory (1:0:3)

Topics selected from routing, firewall, Primary Domain Controller, Backup Domain Controller, Domain Controller trust, SAMBA, DNS round robin, and PPP connectivity setup.

Prerequisite: Grade of at least C (2.0) in CSC 463

Notes: Formerly CSC 564.

CSC 465 Advanced Systems Administration Laboratory (1:0:3)

Automated installation, software installation, systems programming, system administration in a large organization. Projects will include departmental or university computer system work.

Prerequisite: Grade of at least C (2.0) in CSC 464

Notes: Formerly CSC 565.

CSC 471 Principles of Database Systems (3:3)

Contemporary database systems. Emphasis on query processing, design, and implementation of applications in relational (SQL) databases. Introduction to other database models such as XML, object-oriented, and deductive.

Prerequisite: Grade of at least C (2.0) in CSC 330, or permission of instructor

CSC 490 Senior Capstone (3:3)

Application of classroom knowledge and skills in computer science to solve real-world problems and to develop research and development skills.

Prerequisite: Permission of instructor; student must be in the final semester of major coursework.

CSC 493 Honors Work in Computer Science (3:3)

Research in a topic of special interest at the Honors level.

Prerequisite: Permission of instructor

Notes: May be repeated for credit when topic changes.

CSC 495 Selected Topics in Computer Science (3:3)

A topic of special interest is studied in depth.

Prerequisite: Junior standing and permission of instructor

Notes: May be repeated for credit for a total of 6 s.h. when topic of study changes.

CSC 510 Big Data and Machine Learning (3:3)

Big data definitions and characteristics, computing environment for big data management and processing, machine learning models and algorithms, and scaling up machine learning (high dimensionality reduction).

Prerequisite: CSC 330; MAT 191; STA 271

Corequisite: CSC 567; MAT 292

CSC 521 Computer Graphics (3:3)

Survey of graphics algorithms, data structures, and techniques.

Prerequisite: Grades of at least C (2.0) in CSC 340, CSC 350, and MAT 292, or permission of instructor

CSC 522 Digital Image Processing (3:3)

Image representation, enhancement, compression, coding, restoration, and wavelet transforms.

Prerequisite: Grades of at least C (2.0) in CSC 330, CSC 350, and MAT 292, or permission of instructor. Successful completion of STA 271 or STA 290 recommended.

CSC 523 Numerical Analysis and Computing (3:3)

Number systems and errors, solutions of non-linear and linear systems, eigenvalue problems, interpolation and approximation, numerical differentiation and integration, solution of differential equations.

Prerequisite: Pr. grades of at least C (2.0) in CSC 130, CSC 350, and MAT 293, or permission of instructor

CSC 524 Numerical Analysis and Computing (3:3)

Continuation of 523 with special topics in numerical analysis, emphasis on applied mathematics.

Prerequisite: Grade of at least C (2.0) in CSC 523

CSC 526 Bioinformatics (3:3)

Introduction to the problems and methods in Bioinformatics. Problem areas include restriction mapping, map assembly, sequencing, DNA arrays, and sequence comparison.

Prerequisite: Permission of instructor

CSC 529 Artificial Intelligence (3:3)

Logical foundations, knowledge representation and reasoning, search, and selected topics such as natural language processing and reasoning under uncertainty.

Prerequisite: Grade of at least C (2.0) in CSC 330 and CSC 350 or permission of instructor

CSC 539 Introduction to Compiler Design (3:3)

Basic techniques of compiler design and implementation: lexical analysis, parsing, code generation. Sizable programming project implementing a compiler for a block-structured language with strong typing.

Prerequisite: Grades of at least C (2.0) in CSC 261 and CSC 330 or permission of instructor

Notes: Successful completion of CSC 553 helpful.

CSC 540 Human-Computer Interface Development (3:3)

Survey of concepts and techniques for human-computer interface development. Topics include user-centered design, user interface programming, and usability evaluation.

Prerequisite: Grades of at least C (2.0) in CSC 340 or permission of instructor

CSC 550 Combinatorics on Words (3:3)

Introduction to the problems and methods in algorithmic combinatorics on words. Problem areas include periodicity, primitivity, and borderedness.

Prerequisite: Permission of instructor

CSC 553 Theory of Computation (3:3)

Finite state automata and regular expressions, context-free grammars, push-down automata and their use in parsing, overview of language translation systems, models for programming language semantics, computability and undecidability.

Prerequisite: Grade of at least C (2.0) in CSC 350, or permission of instructor

CSC 555 Algorithm Analysis and Design (3:3)

Sequential algorithm design and complexity analysis. Dynamic programming. Greedy algorithms. Graph algorithms. Selected advanced topics from NP-completeness; approximation, randomized, parallel, number-theoretic algorithms; Fast Fourier Transform; computational geometry; string matching.

Prerequisite: Grade of at least C (2.0) in CSC 330

CSC 561 Principles of Computer Architecture (3:3)

Hardware and software components of computer systems, their organization and operations. Topics: comparative instruction set architectures, microprogramming, memory management, processor management, I/O, interrupts, and emulation of processors.

Prerequisite: Grades of at least C (2.0) in CSC 261, CSC 330, and CSC 350, or permission of instructor

CSC 562 Principles of Operating Systems (3:3)

Techniques and strategies used in operating system design and implementation: managing processes, input/output, memory, scheduling, file systems, and protection.

Prerequisite: Pr. grades of at least C (2.0) in CSC 261 and CSC 340 or permission of instructor

Notes: Successful completion of CSC 561 helpful.

CSC 567 Principles of Computer Networks (3:3)

Hardware and software components of computer networks, their organization and operations. Topics: open system interconnection; local area networks; TCP/IP internetworking, routing, and packet switching; network programming.

Prerequisite: Grades of at least C (2.0) in CSC 261 and CSC 330, or permission of instructor

CSC 568 Principles of Wireless Networks (3:3)

Digital communications, communication networks, wireless communication technology, wireless networking, wireless LANs, and wireless network programming.

Prerequisite: Grades of at least C (2.0) in CSC 330 and CSC 567, or permission of instructor

CSC 580 Cryptography and Security in Computing (3:3)

Modern development of cryptography and secure encryption protocols. Program security and viruses. Operating system protection. Network and distributed system security. Database security. Administering security.

Prerequisite: Grades of at least C (2.0) in CSC 330 and one of CSC 471, CSC 561, CSC 562, or CSC 567, or permission of instructor

CSC 583 Firewall Architecture and Computer Security (3:3)

Firewall hardware and software technologies. Architectures, protocols and their applications.

Prerequisite: Grades of at least C (2.0) in CSC 567 and CSC 580, or permission of instructor

CSC 589 Experimental Course

This number reserved for experimental courses. Refer to the Course Schedule for current offerings.

CSC 593 Directed Study in Computer Science (1–3)

CSC 594 Directed Study in Computer Science (1–3)

Notes: Grade: Pass/Not Pass (P/NP).

Department of Consumer, Apparel, and Retail Studies

Bryan School of Business and Economics

Professor Jin
Associate Professors Carrico, Watchavesringkan
Assistant Professor Min
Instructor Ramsey
Lecturer Kemerly

The Consumer, Apparel, and Retail Studies Department offers three major concentrations: Apparel Design, Global Apparel and Related Industries, and Retailing and Consumer Studies. These concentrations prepare students for positions with companies that focus on the process of concept to consumer for apparel and consumer-related products. Graduates may take positions in apparel design, apparel product development, fashion trend forecasting and analysis, quality control, sourcing, merchandising, buying, and retail management.

During the first two years of study, students will complete the majority of their general education requirements and begin introductory consumer, apparel, and retailing courses. In order to develop a strong knowledge base and build upon previously learned concepts, many of these courses are sequential and must be completed in the established order.

The apparel design concentration requires students to think creatively and technically. Students must draw freehand and on the computer, make patterns, and construct garments.

A grade of C (2.0) or better must be earned in all courses in the major.

International exposure is built into the curriculum. Study of foreign languages is encouraged and international study experiences are possible. All majors take supporting courses in the Bryan School of Business and Economics. Students in the Retailing and Consumer Studies concentration fulfill the requirements for a business minor within their required courses; the minor, however, must be declared.

Internship experiences are required of all CARS students through a structured two-course sequence that includes a professional development class that prepares them both to find internships and to achieve successful internship

experiences. The CARS Internship Program Coordinator structures and supervises internships to ensure quality experiences. Because of the proximity to North Carolina's strong apparel and retailing industries, the majority of students have internships within the state; however, the long-standing relationships between CARS and the apparel, fashion, and retailing industries link students to opportunities for out-of-state internships in such exciting places as New York City, Atlanta, and the West Coast.

Consumer, Apparel, and Retail Studies (CARS)—B.S.

Degree: Bachelor of Science

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

Available Concentrations and AOS Codes:

Apparel Design, U545

Global Apparel and Related Industries, U864

Retailing and Consumer Studies, U539

Criteria for Progression in the Major

Only grades of C (2.0) or higher in CRS, APD, and RCS courses will count toward completion of the CARS major and concentrations.

I General Education Core Requirements (GEC)

See complete GEC requirements and approved course listings for all categories.

GLT—Literature (3 s.h.)

Student selects 3 s.h. from GLT list.

GFA—Fine Arts (3.s.h.)

Student selects 3 s.h. from GFA list.

GPR—Philosophical, Religious, Ethical Principles (3 s.h.)

Student selects 3 s.h. from GPR list.

Humanities and Fine Arts (3 s.h.)

Student selects additional 3 s.h. from GLT, GFA, or GPR list.

GHP—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GHP list.

GNS—Natural Sciences (7 s.h.)

Student selects 6–7 s.h. from GNS list. One must include a laboratory course. Each must have a different course prefix.

GMT—Mathematics (3 s.h.)

MAT 115 College Algebra

GRD—Reasoning and Discourse (6 s.h.)ENG 101 College Writing I

II General Education Marker Requirements

See details and courses. It is possible to meet all GE Marker Requirements while completing the GE Core requirements or courses required by the major/concentration.

Students may select courses for:

Global/Global Non-Western Perspectives (GL/GN)

Four (4) courses carrying GL/GN markers; at least one of which must carry the GN marker.

One Speaking Intensive (SI) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One Writing Intensive (WI) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

III Major Requirements**A. Required for All Concentrations****1. Core Courses**

V Electives

Apparel Product Design

- 9 s.h. of electives required from APD, CRS, or RCS courses in the CARS major
- One required elective from MKT, MGT, or ECO
- Remaining electives sufficient to complete total semester hours required for degree

Global Apparel and Related Industries

- 6 s.h. of electives required from APD, CRS, or RCS courses in the CARS major
- Remaining electives sufficient to complete total semester hours required for degree
- 6 s.h. of approved electives earned while studying abroad may substitute for the internship listed in Major Requirements. These courses may not be used to satisfy any other degree requirements.

Retailing and Consumer Studies

- 9 s.h. of electives required from APD, CRS, or RCS courses in the CARS major
- One required elective from MKT, MGT, or ECO to complete the requirements for a minor in Business, if the minor is desired
- Remaining electives sufficient to complete total semester hours required for degree

Business Minor

See Business Minor under the listing Business and Economics, School of in the Academic Departments, Programs, and Courses section.

Retailing and Consumer Studies Minor

Required: minimum of 15 semester hours

Majors in programs outside of the Consumer, Apparel, and Retail Studies Department may elect a minor in Consumer, Apparel, and Retail Studies by completing 15 semester hours, one course of which must be at the 500 level.

Requirements

Required courses (9 s.h.) for the minor are:

CRS 231	Introduction to Apparel and Related Industries: From Concept to Consumer
CRS 255	Consumer Behavior in Apparel and Related Industries
CRS 262	Fashion Marketing and Communication

The remaining courses can be selected from the following, provided prerequisites are met:

CRS 312	Technical Apparel Analysis
CRS 321	Social Psychology of Dress
CRS 372	Survey of Historic Costume
CRS 363	Global Sourcing of Apparel and Related Consumer Products
RCS 361	Fundamentals of Retail Buying and Merchandising
RCS 363	Visual Merchandising and Product Presentation
RCS 464	Global Retail Strategy and Management

APPAREL PRODUCT DESIGN COURSES (APD)

APD 200 Fundamentals of Apparel Product Development (3:2:3)

Introduction to fundamentals of apparel product development. Emphasis on identifying, utilizing and developing technical skills in apparel production. Exemption from sewing proficiency exam with a grade of C (2.0) or better.

Prerequisite: CARS major

APD 244 Visual Communication for the Textile Products Industry (3:2:3)

Survey of industry methods for communicating design concepts and presenting finished products. Emphasis is on use of media and development of techniques for rendering fabrics and textile product designs.

Prerequisite: Minimum grade of C (2.0) in CRS 242

Offered: Fall

Notes: Formerly TDM 244.

APD 252 Studio II: Patternmaking and Draping (3:2:3)

Introduction to the apparel design process. Introduction to basic flat pattern, draping, and fitting principles. Theories and methods in designing apparel for various target markets.

Prerequisite: Minimum grade of C (2.0) in APD 200, APD 251, CRS 211, CRS 242, and MAT 115

Offered: Spring

Notes: Formerly APD 250; formerly TDM 250.

APD 251 Studio I: Garment Construction (3:2:3)

An examination and evaluation of ready-to-wear apparel including terminologies, production techniques and price/quality relationships.

Prerequisite: Grade of C or better in APD 200

Offered: Fall

Notes: Formerly TDM 251.

APD 303 Studio III: Draping (3:2:3)

Development of the design process for apparel and related product design. Emphasis on designing for specific target markets. Advanced principles and methods of developing patterns for the body, including advanced flat pattern, draping, and fitting principles. Use of CAD tools for pattern development.

Prerequisite: Overall grade of C (2.0) or better in APD 252

Notes: Formerly APD 342; formerly TDM 342.

APD 310 Portfolio Development for Apparel Design (3:2:3)

Development of a professional design portfolio that will emphasize investigation of specific apparel markets, target customers, seasons and fabrications, and various illustrative techniques.

Prerequisite: Minimum grade of C (2.0) in APD 244 and APD 303

APD 341 Studio III: Advanced Patternmaking and Draping (3:2:3)

Development of apparel designs by flat pattern and draping techniques and original design process.

Prerequisite: Minimum grade of C (2.0) in APD 252

Notes: Formerly TDM 341.

APD 441 Computer Applications for Textile Products (3:2:3)

Utilization of general graphics programs and CAD systems used extensively in the fashion industry to create digital

presentation boards, fashion graphics, woven and print textile designs, and technical specification packages.

Prerequisite: ISM 110, grade of C (2.0) or better in APD 244

Notes: Formerly TDM 441.

APD 443 Studio IV: Creative and Technical Design (3:2:3)

Principles and methods of product design with an emphasis on creative and experimental approaches. Development of visual vocabulary and knowledge of trend prediction to generate design ideas. Use of diverse materials and structures for three-dimensional design.

Prerequisite: Minimum grade of C (2.0) in APD 244 and APD 341

Notes: Formerly TDM 443.

APD 444 Product Design Studio VI: Technical Design (3:2:3)

Analysis and improvement of apparel fit, specification development, and quality. Process of costing, development of technical design, as well as understanding of sizing systems and specific markets in product design.

Prerequisite: Grade of C or better in APD 244 and APD 443

Notes: Formerly TDM 444.

APD 452 Textile Products Production Management (3:3)

Overview of management issues in textile product production including raw material selection and evaluation, computer integration, equipment selection, planning production, costing, and quality control. Several manufacturing systems are analyzed.

Prerequisite: Grade of C (2.0) or better in CRS 231 and CRS 312

Notes: Formerly TDM 452.

APD 445 Experimental Apparel Design (3:2:3)

Experimentation with a variety of materials to create apparel using both traditional and innovative methods. Emphasis on design development and originality. Investigation of various specialty markets for apparel design.

Prerequisite: Grade of C (2.0) or better in APD 443

Notes: Formerly APD 545; formerly TDM 545.

CONSUMER, APPAREL, & RETAIL STUDIES COURSES (CRS)

CRS 211 Textile Science: From Fiber to Finish (3:3)

Principles of textile science with emphasis on fiber chemical composition, physical structure, and properties; analyses of yarn and fabric structures and properties; and fundamentals of coloration and finishing.

Notes: Formerly TDM 211.

Faculty

J. Scott Young, Professor and Chair of the Department

Professors Benshoff, Borders, Cashwell, Myers

Associate Professors Lewis, Mobley, Murray, Wester

Assistant Professors Gonzalez, Hines

Adjunct Professors Foreman, Hamilton, Wiles

The Counselor Education program at UNCG adheres to the scientist problem-solver model of training. Consistent with this approach is the program's goal of graduating students who have knowledge of basic counseling, possess a high level of competency in providing professional services, and have the skills necessary to conduct research. The tenets underlying the program include (a) exposure to a variety of theoretical orientations for counseling, (b) reliance on both the clinical-counseling and vocational-education approaches in designing counseling and programmatic interventions, (c) a commitment to developing the student's skills as a researcher, and (d) an emphasis on developing the normal developmental issues of the individual as opposed to an approach based on pathology.

There are no undergraduate areas of study offered by this department. Please see the *Graduate School Bulletin* for graduate programs.

COUNSELING AND EDUCATIONAL DEVELOPMENT COURSES (CED)

CED 210 Career and/or Life Planning (3:3)

Introduction to career/life planning; knowledge of career development theories and decision-making theories; emphasis on collecting information related to the world of work and relating this information to the individual.

CED 310 Helping Skills (3:3)

Skills useful for facilitating helping relationships. Practical model for counseling and learning about helping by practicing the helping skills.

Prerequisite: Advanced undergraduates in appropriate major.

CED 392 Love, Sex, and Relationships: Skills for Building Satisfying, Healthy Relationships (3:3)

This course promotes students' knowledge and skills that foster satisfying and healthy personal relationships. Students will learn strategies to strengthen all relationships, with a primary focus upon intimate partnerships.

Distribution: GE Core: GSB

CED 393 Adult Violence and Victimization (3:3)

This course examines the dynamics of intimate partner violence, sexual assault, and elder abuse. Students will learn about community-based prevention and intervention approaches to addressing these issues.

Distribution: GE Core: GSB

CED 506 Institutes in Education (1–3)

Practicum or workshop experiences to focus on issues, problems, or approaches in the profession.

Notes: Students may apply no more than 3 s.h. of this course to any degree program. Grade: Satisfactory/Unsatisfactory (S/U).

CED 574 Contemporary Topics in Counseling (3:3)

Designed to study issues, problems, and new approaches in helping relationships. Emphasis placed on current topic(s) of interest.

Prerequisite: Advanced undergraduates in appropriate major

Notes: May be repeated for credit when topics vary.

Mission Statement

Within the context of UNCG's comprehensive liberal arts curriculum, the School of Dance offers bachelors and masters degrees that provide specialized skills for a variety of careers in the evolving field of dance. The school's primary goal is to teach students the imaginative, critical, and technical skills essential to the creative process and to scholarly inquiry. Our comprehensive curricula foster inclusive learning and intellectual curiosity framed by an engagement with cultural diversity, community outreach, and global issues as related to dance. The school prepares undergraduate and graduate students for further study and successful and productive lives as artists, educators, and scholars at the state, regional, national and international levels.

The School of Dance is an accredited institutional member of the National Association of Schools of Dance. The school's program leading to K–12 licensure (Standard Professional I) for public school teaching is accredited by the North Carolina Department of Public Instruction.

Admission to Dance Majors (B.A. and B.F.A.)

Admission for dance major programs in the School of Dance is by audition only. All prospective dance majors must participate in a selective admission process. This includes students currently at UNCG who have not been accepted as majors in the school. Prospective students apply to audition on the College of Visual and Performing Arts website and complete an on-site audition class and writing sample.

Dance Studies Major (DANC)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: Dance Studies, U435

The Dance Studies major (B.A.) is designed to provide students with a general education in dance. Majors in Dance Studies (B.A.) are required to complete the following program.

I General Education Core Requirements (GEC)

See complete GEC requirements and approved course listings for all categories.

Mission Statement

The Department of Economics supports the teaching, research, and service missions of the university and the Bryan School of Business and Economics. The Department's undergraduate courses and programs prepare students for the competitive global marketplace, career and professional development, and graduate education. Its innovative graduate programs, the M.A. in Applied Economics and the Ph.D. in Economics with a focus on applied microeconomics, provide students with a mastery of advanced empirical and analytical methods so they can conduct high-quality research and contribute to the knowledge base in business, government, nonprofit, and research settings. The Department conducts high-quality nationally recognized research that supports its academic programs, promotes economic understanding, and fosters economic development in the Triad and the state.

The Department of Economics provides students with an understanding of economic principles, concepts, and institutions and the ability to analyze economic problems and public policy issues. Economics is a social science concerned with public policy issues such as pollution and the environment, the health system, central bank policy and inflation, unemployment, the productivity of the labor force, economic growth, and international trade and finance.

The Department of Economics offers two undergraduate degrees through the Bryan School of Business and Economics: a Bachelor of Science (B.S.) and a Bachelor of Arts (B.A.). The B.S. degree builds on a comprehensive business foundation by teaching students how to apply

economic reasoning and analysis to a variety of business and economic issues. The B.A. degree builds on a comprehensive liberal arts education in the sciences, humanities, and arts by teaching students how to apply economic reasoning and analysis to a variety of economic policy issues. Students can choose to double major in the liberal arts, the social sciences, or the natural sciences.

A B.A. or B.S. degree in economics provides students with enhanced access to the job market and to graduate and professional education. Additional statistical and quantitative course work allows students to develop research expertise and statistical skills that are important for the job market and graduate programs.

The Department of Economics offers a three-semester Master of Arts degree in Applied Economics that provides students with the theoretical and statistical training to enter the job market as professional economists employable by financial institutions, health organizations, consulting firms, research organizations, and government agencies.

Teacher licensure is also available for economics majors (see School of Education Licensure Programs).

Student Learning Goals

Critical thinking, quantitative analysis, communication skills, and economic reasoning are highly valued in the competitive global economy. In order to prepare our students for their careers and possible future graduate work, our B.A. and B.S. graduates will be able to:

- Demonstrate knowledge of intermediate microeconomic theory
- Demonstrate knowledge of intermediate macroeconomic theory
- Use mathematical and statistical skills to analyze economic problems
- Apply economic theory and analytical skills in economics field courses
- Effectively communicate how to use economic concepts and principles to address economic problems

Economics Major (ECON)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U305

General Program Requirements

1. A cumulative GPA of at least 2.0
2. 122 s.h.

3. At least 15 hours of economics must be earned at UNCG
4. Grades of C (2.0) or better in ECO course work used to meet major requirements

I General Education Core Requirements (GEC)

See complete GEC requirements and approved course listings for all categories.

GLT—Literature (3 s.h.)

Student selects 3 s.h. from GLT list.

MAT 120 and MAT 191 fulfill GMT

Note: No more than 30 s.h. of traditional business courses (ACC, BUS, FIN, ISM, MGT, MKT, and SCM courses taught by Bryan School faculty) will count toward the B.S. degree in Economics.

V Electives

Electives sufficient to complete 122 total semester hours required for degree.

Economics as a Second Major

Completion of a second major in economics is a good choice for students in other social sciences, mathematics, and other professional areas. The double major can usually be fitted into a normal four-year liberal arts course of study. In highly structured professional programs, additional hours beyond the minimum required for graduation are necessary.

Students who double major in economics and another field must complete all major requirements in both areas as well as the general requirements for the degree which they are seeking.

Business Minor

See Business Minor under the listing Business and Economics, School of in the Academic Departments, Programs, and Courses section.

Economics Minor

Required: minimum of 18 semester hours

AOS Code: U305

An economics minor is especially appropriate for students whose majors are geography, history, mathematics, political science, sociology, or for students doing interdisciplinary study in the social sciences.

Requirements**a. Required**

The Department of English offers courses in major authors, in all major literary periods, in literary theory, in linguistics and rhetoric, in journalism, and in writing essays, fiction, and poetry. Senior-graduate courses are available to advanced students, and the graduate program offers the full range of literary and rhetorical studies leading to the M.A. and Ph.D. The creative writing program offers courses both to undergraduates seeking the B.A. degree and to graduate students seeking the M.F.A. degree.

English Major (ENGL)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Codes:

English, U155

English with High School Teaching Licensure, U157

The English Major provides a flexible program. Students who major in English participate in increasingly intensified study of language and literature that includes English, American, and foreign literature in translation. Upon graduation, English majors are well qualified to enter

nearly all fields that do not require previous technical and professional training.

Although the English major is an excellent preparation for a variety of careers, many students will seek licensure to teach, and others will choose to enter graduate school. English has long been recognized as a desirable major for prelaw and premedical studies. It is also beneficial for students who enter such fields as journalism, editing, communications, diplomacy, advertising, and personnel work.

A “Guide for English Majors and Minors” is available upon request from the departmental office. It provides current advice on planning a major or minor. Additional guidance is available from the Director of Undergraduate Studies in English and from faculty advisors.

IV Major Requirements

The department offers two major programs leading to the B.A. degree: “English” and “English—High School Teaching.” Successful completion of the latter program qualifies the graduate to teach in high schools in North Carolina and other states with which North Carolina has reciprocal licensure agreements. A student may declare either major upon matriculation; to change one’s major to English, or to change from one degree program to the

other, one must have permission of the department. (See the Director of Undergraduate Studies in English.)

For both concentrations, a minimum of 36 semester hours of English above the 100 level is required. No requirement for the major may be met by a grade lower than C-.

The courses must be distributed as follows in Section V.

ENG 251	Major American Authors: Colonial to Romantic
ENG 252	Major American Authors: Realist to Modern

2. No more than six s.h. at the 100 level (but see head note, above)

and at least six s.h. at the 300 level or above.

For information on licensure toward a high school English endorsement, fulfilling the English minor requirements, see the Director of English Education.

English Honors

Requirements

Twelve (12) semester hours to consist of:

1. Nine (9) s.h. of Honors course work, at least six (6) of which must be in English. Honors course work may consist of any combination of the following options:
English Honors courses above the 100 level, including
ENG 494: Honors Seminar
ENG 493: Honors Work
Contract Honors courses in English at the 300 level or above
Any 500-level course in English
Any other Honors course outside of the English department (up to 3 s.h.)
2. Three (3) s.h. of HSS 490: Senior Honors Project

Qualifications

- A grade of at least B in all course work used to satisfy the Honors requirement in English
- A declared English Major
- At least a 3.30 overall GPA at graduation

Recognition

Students who complete the program will be recognized at a banquet held at the end of the spring semester. The designation "Completed Disciplinary Honors in English" and the title of the Senior Honors Project will be printed on the student's official transcript.

Honors Advisor

Contact the Department of English for further information and guidance about Honors in English. For further information, see the Honors Programs.

Environmental and Sustainability Studies is an interdisciplinary program that fosters understanding of the relationships between human societies and the natural physical and biological setting in which life on Earth exists. The Environmental and Sustainability Studies Program is designed to provide students with a broad exposure to topics related to the environment and sustainability and to provide knowledge and skills to address major environmental and sustainability issues. Students interested in completing the program should work closely with their advisors to ensure that they meet prerequisites for upper division courses.

Special Programs in Liberal Studies Major: Environmental Studies Concentration (SPLS)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U879

I General Education Core Requirements (GEC)

See complete GEC requirements and approved course listings for all categories.

GLT—Literature (6 s.h.)

Student selects 6 s.h. from GLT list.

Environmental Studies Honors

Honors courses may be offered as special sections of regular courses, Honors Tutorials, or contract courses.

Requirements

Twelve semester hours of Honors work to include the following:

1. Nine (9) s.h. of honors course work. Honors course work consists of (a) courses at any level that are designated as honors courses or (b) 500 level courses.
2. At least six (6) of the nine (9) hours of honors course work must consist of courses that count toward the requirements for the Concentration in Environmental Studies
3. HSS 490 or ENV 493 (Senior Thesis or Project)

Qualifications

1. A minimum grade of B in all course work used to satisfy the honors requirement in the Environmental Studies Concentration
2. Declared major in Special Programs in Liberal Studies: Environmental Studies Concentration (SPLS)—B.A.
3. Minimum overall 3.30 GPA at graduation

Recognition

The designation “Completed Disciplinary Honors in Environmental Studies” and the title of the Senior Honors Project will be printed on the student’s official transcript.

Honors Advisor

See Honors Faculty liaison William Markham for further information and guidance about Honors in Environmental Studies.

ENVIRONMENTAL AND SUSTAINABILITY STUDIES COURSES (ENV)**ENV 100 Introduction to Environmental Studies (3:3)**

Interdisciplinary survey of environmental issues. Emphasis on sciences (biology, chemistry, ecology, geography). Also includes perspectives from social sciences (anthropology, economics, politics, sociology) and humanities (arts, history, literature, philosophy, religion).

Offered: Fall and Spring

ENV 110 Introduction to Sustainability Studies (3:3)

Survey of sustainability from four perspectives; environment, economy, social equity, and aesthetics. Local, global, ethical, and experiential dimensions help prepare students to apply sustainability in a variety of contexts.

ENV 312 Environmental Law and Policy (3:3)

Study of federal and international environmental law and policy: topics include air and water pollution, hazardous and toxic substances, climate change, atmospheric pollutions, and related issues.

Notes: Instructor: Buck

Cross Listed: Same as PSC 312.

ENV 313 Natural Resources Law and Policy (3:3)

Study of state, federal, and international natural resources law and policy: topics include acquisition and management of public lands, wildlife, biodiversity, resource conservation.

Notes: Instructor: Buck

Cross Listed: Same as PSC 313.

ENV 314 Wildlife Law and Policy (3:3)

Evolution of American wildlife law with focus on private property, federal–state relations, and federal protection of species, habitat, and biodiversity.

Notes: Instructor: Buck

Cross Listed: Same as PSC 314.

Notes: May be repeated for credit if the topic of study changes.

ENV 389 Experimental Course: Place & Experience (3:3)

Close consideration of a place emphasizing sustainability and experiential learning. Readings/lectures on ecological, economic, social, and aesthetic aspects; field work and/or travel experiences; and reflective, synthetic, and/or research writing.

Offered: Offered Fall 2016

ENV 399 Environmental Studies Internship (3:1:10)

150 hours of supervised work in a private, nonprofit, or public environmental agency; five two-hour seminars to discuss assigned readings and internship experiences; research paper or written field project required.

Prerequisite: Written permission of instructor

Offered: Fall & Spring

Notes: May be repeated once for credit when the internship site varies.

ENV 400 Capstone Seminar in Environmental Studies (3:3)

Considers various current environmental issues in depth from an interdisciplinary perspective. Students conduct senior level research and prepare and present a research report. Taught in seminar format.

Prerequisite: Pr. ENV 100 and a minimum of 18 hours of course work that meets the "Additional ENV and Related Area Course" requirement for the major; senior Environmental Studies major or minor; or permission of instructor.

ENV 401 Individual Study (1–3)

Reading or research. Available to qualified students upon recommendation of supervising instructor.

Prerequisite: Departmental permission

Offered: Fall & Spring

Notes: May be repeated for credit if the topic of study changes.

ENV 493 Honors Work (3–6)

Prerequisite: Minimum 3.30 GPA in the major; 12 s.h. completed in the major; departmental permission

Freshman Seminars Program

The College of Arts & Sciences
100 Foust Building
336-334-3186
www.uncg.edu/aas/fms.htm

Freshman Seminars are small discussion classes that introduce students to various areas of study in the General Education Program. Each seminar focuses on a topic, issue, or problem selected by the instructor; seminar topics change from one semester to the next and are described in a booklet that is distributed to advisors at the beginning of each semester. Additional information on Freshman Seminars may be obtained from the College of Arts and Sciences, 100 Foust Building (336-334-3186).

FRESHMAN SEMINARS COURSES (FMS)

FMS 100 College Connections (1:1)

Introduction to learning in the College of Arts and Sciences.

FMS 115 Freshman Seminar in Reasoning and Discourse I (3:3)

Instruction and practice in deliberative, informative, and reflective writing based on the study of primary texts. Emphasis on the writing/revising process and on critical reading.

Distribution: GE Core: GRD

Notes: Equivalent credit to ENG 101/RCO 101; students may not receive credit for both FMS 115 and either ENG 101/RCO 101.

FMS 116 Freshman Seminar in Reasoning and Discourse II (3:3)

Writing, reasoning, and rhetoric about the works of Western culture.

Prerequisite: ENG 101, FMS 115 (or FMS 103) or RCO 101

Distribution: GE Core: GRD

Notes: Equivalent credit to ENG 102/RCO 102; students may not receive credit for FMS 116 and either ENG 102/RCO 102.

FMS 120 Freshman Seminar in Literature (3:3)

A study of major selected works in literature.

Distribution: GE Core: GLT

FMS 121 Freshman Seminar in Literature—Global Perspectives (3:3)

Global perspectives on major works in literature.

Distribution: GE Core: GLT, GE Marker: GL

FMS 122 Freshman Seminar in Literature—Global Non-Western Perspectives (3:3)

Global Non-Western perspectives on major works in literature.

Distribution: GE Core: GLT, GE Marker: GN

FMS 130 Freshman Seminar in Fine Arts (3:3)

An introductory study of selected topics in the fine arts (which include painting, sculpture, cinema, dance, music, and theatre).

Distribution: GE Core: GFA

FMS 131 Freshman Seminar in Fine Arts—Global Perspectives (3:3)

Global perspectives on the study of selected topics in the fine arts (which include painting, sculpture, cinema, dance, music, and theatre).

Distribution: GE Core: GFA, GE Marker: GL

FMS 132 Freshman Seminar in Fine Arts—Global Non-Western Perspectives (3:3)

Global Non-Western perspectives on the study of selected topics in the fine arts (which include painting, sculpture, cinema, dance, music, and theatre).

Distribution: GE Core: GFA, GE Marker: GN

FMS 140 Freshman Seminar in Philosophical, Religious, and Ethical Principles (3:3)

Studies of the philosophical, religious, and/or ethical traditions that have shaped societies in the past and present.

Distribution: GE Core: GPR

FMS 141 Freshman Seminar in Philosophical, Religious, and Ethical Principles—Global Perspectives (3:3)

Global perspectives on the studies of the philosophical, religious, and/or ethical traditions that have shaped societies in the past and present.

Distribution: GE Core: GPR, GE Marker: GL

FMS 142 Freshman Seminar in Philosophical, Religious, and Ethical Principles—Global Non-Western Perspectives (3:3)

Global Non-Western perspectives on the studies of the philosophical, religious, and/or ethical traditions that have shaped societies in the past and present.

Distribution: GE Core: GPR, GE Marker: GN

FMS 150 Freshman Seminar in Historical Perspectives: Premodern (3:3)

Introduction to the historical study of culture from ancient times through the Reformation.

Distribution: GE Core: GHP, CAR: GPM

FMS 151 Freshman Seminar in Historical Perspectives: Premodern—Global Perspectives (3:3)

Global perspectives on the historical study of culture from ancient times through the Reformation.

Distribution: GE Core: GHP, GE Marker: GL, CAR: GPM

FMS 152 Freshman Seminar in Historical Perspectives: Premodern—Global Non-Western Perspectives (3:3)

Global Non-Western perspectives on the historical study of culture from ancient times through the Reformation.

Distribution: GE Core: GHP, GE Marker: GN, CAR: GPM

FMS 160 Freshman Seminar in Historical Perspectives: Modern (3:3)

Introduction to the historical study of culture from the 17th century through modern times.

Distribution: GE Core: GHP, CAR: GMO

FMS 161 Freshman Seminar in Historical Perspectives: Modern—Global Perspectives (3:3)

Global perspectives on the historical study of culture from the 17th century through modern times.

Distribution: GE Core: GHP, GE Marker: GL, CAR: GMO

FMS 162 Freshman Seminar in Historical Perspectives: Modern—Global Non-Western Perspectives (3:3)

Global Non-Western perspectives on the historical study of culture from the 17th century through modern times.

Distribution: GE Core: GHP, GE Marker: GN, CAR: GMO

FMS 170 Freshman Seminar in Social and Behavioral Studies (3:3)

Introduction to the scientific study of individuals, societies, and human institutions with an emphasis on the methods and results of investigations in these areas.

Distribution: GE Core: GSB

FMS 171 Freshman Seminar in Social and Behavioral Studies—Global Perspectives (3:3)

Global perspectives on the scientific study of individuals, societies, and human institutions with an emphasis on the methods and results of investigations in these areas.

Distribution: GE Core: GSB, GE Marker: GL

FMS 172 Freshman Seminar in Social and Behavioral Studies—Global Non-Western Perspectives (3:3)

Global Non-Western perspectives on the scientific study of individuals, societies, and human institutions with an emphasis on the methods and results of investigations in these areas.

Distribution: GE Core: GSB, GE Marker: GN

FMS 183 Freshman Seminar in Physical Science (3:3)

Introduction to the study of physical science in the natural world. Illustrates the nature of scientific inquiry and the formulation of hypotheses.

Distribution: GE Core: GNS, CAR: GPS

FMS 183L Freshman Seminar in Physical Science Laboratory (1:0:3)

Laboratory work to accompany FMS 183.

Distribution: GE Core: GNS, CAR: GPS

FMS 184 Freshman Seminar in Life Science (3:3)

Introduction to the study of life science in the natural world. Illustrates the nature of scientific inquiry and the formulation of hypotheses.

Distribution: GE Core: GNS, CAR: GLS

FMS 184L Freshman Seminar in Life Science Laboratory (1:0:3)

Laboratory work to accompany FMS 184.

Distribution: GE Core: GNS, CAR: GLS

FMS 195 Freshman Seminar in Mathematics (3:3)

Introduction to selected areas of study in the mathematical sciences.

Distribution: GE Core: GMT

Mission Statement

The Department of Geography is a student-centered department having a three-fold integrated mission encompassing teaching, scholarship, and service. The Department offers a program presenting an integrative perspective on the relations among social, political, economic, and physical phenomena occurring across space. The Department is committed to teaching the concepts and research methods of the discipline in order to prepare geography majors for professional careers and/or advanced study. Non-geography majors are presented the geographic knowledge needed to understand the nature of the human and environmental patterns found in the world around them. Graduate student education is focused on preparing our students for advanced professional careers and/or further graduate study. The Department is committed to excellence in both theoretical and applied research. Undergraduate and graduate students involvement in research is encouraged to develop student understanding, reasoning, and technical skills. Through scholarship, teaching, and service, the Department of Geography is dedicated to bettering our community, nation, and planet.

The Department of Geography offers a program which has three principal objectives: to promote the understanding of the locational dimensions of human behavior in their environmental context; to offer a curriculum where geographic concepts and methods are applied to understanding economic, environmental, and social problems at the urban and regional scale; and to promote international understanding through area studies. Thus, the purposes of the program are to contribute an important dimension to the university student's liberal education and to provide practical training in important contemporary

areas of concern as well as the background appropriate for certain vocations.

Graduating majors of the department have found careers in business and industry, in urban and regional planning agencies, in departments of federal and state governments, and in teaching. Job titles include city or regional planner, cartographer, demographer, resource analyst, land or economic developer, location analyst, and teacher. Many graduates find that an undergraduate degree in geography is an excellent foundation for advanced graduate work or professional training in planning, business or law.

Special facilities of the department include fully equipped laboratories in computer cartography, geographic information systems, remote sensing, and physical geography, plus a 130-acre field camp for both instruction and research.

GEOGRAPHY CONCENTRATIONS

Urban Planning Concentration

(U165)

The inter-regional shift of people and jobs in the United States and elsewhere over the past decades coupled with the movement away from large central cities has increased the need for formal urban and regional planning. Planners are needed in the private sector as well as in state and local governments to provide the appropriate kinds of economic and community development that will ensure a high quality of life in both developed and developing countries. In a growth region like the Southeast, geographers with a planning background are in increasing demand.

Requirements

In addition to the core courses in geography listed above, students choosing this concentration are required to take:

1.

GEO 105	Introduction to Human Geography
GEO 301	Urban Geography: Global Patterns
GEO 306	World Economic Geography

2. Five courses from the following:

GEO 302	Urban Geography: Land Use
GEO 303	World Population Problems
GEO 304	Introduction to Transportation Analysis
GEO 320/STH 320	Tourism Planning and Development
GEO 322	Research Methods in Geography
GEO 331/STH 331	Sustainable Tourism and Transportation
GEO 344	Geography of the United States and Canada
GEO 357	Principles of Cartography
GEO	Urban Planning

502/ENT 502

GEO 522 Geography of Livable Cities

GEO 533 Regional Economic Development

Earth Science/Environmental Studies Concentration

(U167)

A central theme of geography is human interaction with the earth's physical environment. This concentration permits students to apply the basic scientific principles of physical geography, cartography, and natural resource analysis to the problem of ensuring a high quality of life through maintenance of the natural processes that support human existence. This concentration also provides training to enhance the employment opportunities of students with a strong interest in environmental assessment and resource evaluation.

Requirements

In addition to the core courses in geography listed above, students choosing this concentration must take:

1.

GEO 311	Weather and Climate
GEO 311L	Climatology Laboratory
GEO 314	Physical Geography: Landscape Processes
GEO 314L	Physical Geography Laboratory

2. Minimum of five courses selected from the following:

GEO 205	Environmental Change: Its Nature and Impact
GEO 305	Environmental Hazards Assessment
GEO 312	Geomorphology of North America
GEO 330	Elements of Hydrology
GEO 357	Principles of Cartography
GEO 358	Geographic Information Systems
GEO 359	Remote Sensing of Environment
GEO 510	Biogeography
GEO 511	Advanced Weather and Climate—Synoptic Climatology
GEO 557	Advanced Cartography
GEO 559	Advanced Remote Sensing—Imaging
GEO 570	Applied Physical Geography

Geographic Information Science Concentration

(U164)

Students with this concentration will develop skills in using maps, geospatial computer programs, and remotely sensed images to answer geographic questions relevant to land use planning, urban development, geomorphic or biogeographic processes, or environmental impact assessment. A capstone course (GEO 421), which includes

a faculty-directed major project, is completed in the final semester.

Requirements

In addition to completing the core courses for geography majors, students in this concentration are required to complete:

1.

GEO 121	Introduction to Geographic Information Science
GEO 357	Principles of Cartography
GEO 358	Geographic Information Systems
GEO 359	Remote Sensing of Environment

2. A minimum of one of the following:

GEO 557	Advanced Cartography
GEO 559	Advanced Remote Sensing—Imaging

3.

GEO 421	Geographic Information Science
---------	--------------------------------

After completion of 1 and 2.

Geography Major (GEOG)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Codes:

Geography (general), U163
 Geographic Information Science, U164
 Urban Planning, U165
 Earth Science/Environmental Studies, U167
 Geography with Social Studies High School Teaching Licensure, U169

The Geography Major requires four courses from a selection of fifteen and requires a minimum of 27 semester hours in geography above the 100 level. Students may elect a general geography major or they may complete additional courses for a concentration in Urban Planning, Earth Science/Environmental Studies, or Geographic Information Science. Students may also complete a major in Geography with Social Studies High School Teaching Licensure.

Urban Planning Concentration

The inter-regional shift of people and jobs in the United States and elsewhere over the past decades coupled with the movement away from large central cities has increased the need for formal urban and regional planning. Planners are needed in the private sector as well as in state and local

governments to provide the appropriate kinds of economic and community development that will ensure a high quality of life in both developed and developing countries. In a growth region like the Southeast, geographers with a planning background are in increasing demand.

Earth Science/Environmental Studies Concentration

A central theme of geography is human interaction with the earth's physical environment. This concentration permits students to apply the basic scientific principles of physical geography, cartography, and natural resource analysis to the problem of ensuring a high quality of life through maintenance of the natural processes that support human existence. This concentration also provides training to enhance the employment opportunities of students with a strong interest in environmental assessment and resource evaluation.

Geographic Information Science Concentration

Students with this concentration will develop skills in using maps, geospatial computer programs, and remotely sensed images to answer geographic questions relevant to land use planning, urban development, geomorphic or biogeographic processes, or environmental impact assessment. A capstone course (GEO 421), which includes a faculty-directed major project, is completed in the final semester.

Student Learning Goals

Students completing this major are expected to demonstrate a basic competence in earth science, human geography, and regional geography. In addition, they are expected to be able to successfully investigate geographic problems using the current research techniques and methodologies of the discipline and to clearly and effectively express their findings in both written and oral form.

I General Education Core Requirements (GEC)

See complete GEC requirements and approved course listings for all categories.

GLT—Literature (6 s.h.)

Student selects 6 s.h. from GLT list.

GFA—Fine Arts (3 s.h.)

Student selects 3 s.h. from GFA list.

GPR—Philosophical, Religious, Ethical Principles (3 s.h.)

Student selects 3 s.h. from GPR list.

GHP—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GHP list.

GNS—Natural Sciences (6–7 s.h.)

Student selects option A or B below.

A.

GEO 103 Introduction to Earth Science

Student selects additional 3 s.h. from GNS list. Must include a laboratory course. Must have a different course prefix.

B.

GEO 106 Geosystems Science

GEO 106L Geosystems Science Laboratory

Student selects additional 3 s.h. from GNS list with a course prefix other than GEO.

GMT—Mathematics (3 s.h.)

Student selects 3 s.h. from GMT list.

GRD—Reasoning and Discourse (6 s.h.)

ENG 101 College Writing I

or

FMS 115 Freshman Seminar in Reasoning and Discourse I

or

RCO 101 College Writing I

Student selects additional 3 s.h. from GRD list.

GSB—Social and Behavioral Sciences (6 s.h.)

Student selects 6 s.h. from GSB list.

II General Education Marker Requirements

See details and courses. It is possible to meet all GE Marker Requirements while completing the GE Core requirements or courses required by the major/concentration.

Students may select courses for:

Global/Global Non-Western Perspectives (GL/GN)

four (4) courses carrying GL/GN markers, at least one of which must carry the GN marker

One Speaking Intensive (SI) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One Writing Intensive (WI) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

III College of Arts and Sciences Additional Requirements (CAR)

See CAR requirements in the Academic Units section. See the GEC Course Summary Table for approved CAR courses.

GMO/GPM—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GPM or GMO list.

GLS/GPS—Natural Sciences (3–4 s.h.)

Student selects 3–4 s.h. from GLS or GPS list.

GSB—Social and Behavioral Sciences (3 s.h.)

Student selects 3 s.h. from GSB list.

GFL—Foreign Language (0–12 s.h.)

intermediate-level proficiency in one language, demonstrated by placement test, or completion of course work through course number 204

WI—Writing Intensive Courses

a total of four WI courses

IV Major Requirements

A minimum of 27 semester hours in geography above the 100 level. Only grades of C- or higher will count toward completion of the major and concentrations.

Core Courses for Geography Major and Concentrations**1. One geographic techniques course from:**

GEO 121	Introduction to Geographic Information Science
GEO 322	Research Methods in Geography
GEO 357	Principles of Cartography
GEO 358	Geographic Information Systems
GEO 359	Remote Sensing of Environment

2. One earth science course:

GEO 103	Introduction to Earth Science or
GEO 106	Geosystems Science and
GEO 106L	Geosystems Science Laboratory

3. One human geography course from:

GEO 105	Introduction to Human Geography
GEO 301	Urban Geography: Global Patterns
GEO 302	Urban Geography: Land Use
GEO 303	World Population Problems

GEO 304	Introduction to Transportation Analysis
GEO 306	World Economic Geography
GEO 315	The Geography of World Affairs

4. One regional geography course from:

GEO 102	The Historical Geography of the Western World
GEO 104	World Regional Geography
GEO 313	Natural Resource Regions of North America
GEO 333	Geography of Europe
GEO 340	Geography of East Asia
GEO 344	Geography of the United States and Canada
GEO 491	Current Topics in Regional Geography
GEO 560	Seminar in Regional Geography

See Concentration descriptions for additional requirements.

V Related Area Requirements for General Geography Major

No specific additional courses beyond the core are required. Suggested courses in other departments and schools are recommended by the department, depending on the interest of the student.

VI Electives

Electives sufficient to complete the 122 semester hours required for degree.

Geography as a Second Major

Required: minimum of 27 semester hours

A student may obtain a second major in geography along with any other major. The student should take 27 semester hours, including four core courses listed above for the Geography Major. Students considering this option should consult a faculty member in the department.

Geography as a Second Academic Concentration for Elementary Education Majors

Required: minimum of 18 semester hours

Requirements**1. Required core courses:****a. One from (3 s.h.):**

GEO 121	Introduction to Geographic Information Science
GEO 322	Research Methods in Geography
GEO 357	Principles of Cartography
GEO 358	Geographic Information Systems
GEO 359	Remote Sensing of Environment

b. One from (3 s.h.):

GEO 103	Introduction to Earth Science or
GEO 106	Geosystems Science and
GEO 106L	Geosystems Science Laboratory

c. One from (3 s.h.):

GEO 105	Introduction to Human Geography
GEO 301	Urban Geography: Global Patterns
GEO 302	Urban Geography: Land Use
GEO 303	World Population Problems
GEO 306	World Economic Geography
GEO 315	The Geography of World Affairs

d. One from (3 s.h.):

GEO 102	The Historical Geography of the Western World
GEO 104	World Regional Geography
GEO 313	Natural Resource Regions of North America
GEO 344	Geography of the United States and Canada

2. Any two additional GEO courses at the 300 level or higher (6 s.h.)

Geography Minor

Required: minimum of 18 semester hours

AOS Code: U163

Requirements

Any six courses (18 semester hours) constitute a minor, but the following suggested course sequences will be of interest to certain students pursuing specific majors and with certain career objectives such as planning, environmental conservation, or business:

1. General Geography Minor

- One physical course
- One human course
- One regional course
- One techniques course
- any other two geography courses

2. Minor emphasizing Urban Planning

any six (6) courses from:

GEO 105	Introduction to Human Geography
GEO 301	Urban Geography: Global Patterns
GEO 302	Urban Geography: Land Use
GEO 303	World Population Problems
GEO 304	Introduction to Transportation Analysis
GEO 306	World Economic Geography
GEO 344	Geography of the United States and

GEO	Canada
502/ENT 502	Urban Planning
GEO 522	Geography of Livable Cities
GEO 533	Regional Economic Development

3. Minor emphasizing Environmental Studies

any six (6) courses from:

GEO 103	Introduction to Earth Science or
GEO 106	Geosystems Science and
GEO 106L	Geosystems Science Laboratory and
GEO 105	Introduction to Human Geography
GEO 121	Introduction to Geographic Information Science
GEO 205	Environmental Change: Its Nature and Impact
GEO 303	World Population Problems
GEO 305	Environmental Hazards Assessment
GEO 311	Weather and Climate
GEO 312	Geomorphology of North America
GEO 314	Physical Geography: Landscape Processes
GEO 330	Elements of Hydrology
GEO 357	Principles of Cartography
GEO 359	Remote Sensing of Environment
GEO 510	Biogeography
GEO 511	Advanced Weather and Climate— Synoptic Climatology
GEO 557	Advanced Cartography
GEO 570	Applied Physical Geography

4. Minor emphasizing Geographic Information Science and Techniques

for the student desiring to acquire geographic research, writing, and cartographic techniques, any six (6) courses from:

GEO 105	Introduction to Human Geography
GEO 121	Introduction to Geographic Information Science
GEO 322	Research Methods in Geography
GEO 357	Principles of Cartography
GEO 358	Geographic Information Systems
GEO 359	Remote Sensing of Environment
GEO 522	Geography of Livable Cities
GEO 533	Regional Economic Development
GEO 557	Advanced Cartography
GEO 559	Advanced Remote Sensing—Imaging

5. Geography Minor for majors in the School of Business and Economics

for the major who wishes to acquire knowledge of industrial location, international trade, demographic

change and environmental impact—any six (6) courses from:

GEO 102	The Historical Geography of the Western World
GEO 103	Introduction to Earth Science
GEO 106	Geosystems Science
GEO 106L	Geosystems Science Laboratory
GEO 104	World Regional Geography
GEO 105	Introduction to Human Geography
GEO 121	Introduction to Geographic Information Science
GEO 301	Urban Geography: Global Patterns
GEO 302	Urban Geography: Land Use
GEO 303	World Population Problems
GEO 306	World Economic Geography
GEO 344	Geography of the United States and Canada
GEO 491	Current Topics in Regional Geography
GEO 522	Geography of Livable Cities
GEO 533	Regional Economic Development

Geography Major with Social Studies High School Teaching Licensure

Students seeking teacher licensure should see School of Education Licensure Programs. Licensure in social studies is available for geography majors. Additional hours may be required for completion of the degree.

Secondary School Planning

Majors planning to teach geography/social studies

Should plan their programs to include one of the following:

GEO 102	The Historical Geography of the Western World
GEO 104	World Regional Geography
GEO 344	Geography of the United States and Canada

and one of the following:

GEO 105	Introduction to Human Geography
GEO 306	World Economic Geography
GEO 315	The Geography of World Affairs

GEOGRAPHY COURSES (GEO)

Freshmen and sophomores may not register for 500-level courses.

GEO 102 The Historical Geography of the Western World (3:3)

A study of the geographical factors which combine to form the major cultural regions of North America, Europe, and Australia-New Zealand.

GEO 103 Introduction to Earth Science (3:3)

Survey of basic concepts and processes integrating the nature of the earth's three primary physical systems: the solid earth and continents; the ocean basins and the oceans; and the atmosphere's weather.

Distribution: GE Core: GNS, CAR: GPS

Notes: Students cannot receive credit for both GEO 103 and GEO 106/GEO 106L.

GEO 104 World Regional Geography (3:3)

Geographical criteria that define the major cultural and functional world regions. Emphasis on regional methods of geographical study, with applications to current world events and situations.

Distribution: GE Core: GSB, GE Marker: GL

GEO 105 Introduction to Human Geography (3:3)

Introduction to geographical characteristics of population, political systems, settlement patterns, and cultural mosaics.

Distribution: GE Core: GSB, GE Marker: GN

GEO 106 Geosystems Science (3:3)

The earth's atmosphere, hydrological, and tectonic systems. Includes applications to natural resources management and environmental planning.

Corequisite: GEO 106L

Offered: Fall & Spring

Distribution: GE Core: GNS, CAR: GPS

Notes: Students cannot receive credit for both GEO 103 and GEO 106/GEO 106L.

GEO 106L Geosystems Science Laboratory (1:0:2)

Laboratory exercises to accompany GEO 106, which must be taken concurrently. Topics include atmospheric data analysis, topographic map interpretation, and hydrological measurements.

Corequisite: GEO 106

Offered: Fall & Spring

Distribution: GE Core: GNS, CAR: GPS

Notes: Students cannot receive credit for both GEO 103 and GEO 106/GEO 106L.

GEO 110 Introduction to Geography (3:3)

Changing interaction of man and his environment and the resultant human and economic patterns in various parts of the world.

GEO 111 Physical Geology (3:3)

Survey of tectonic and erosional processes, mountain building, rivers, glaciers, deserts, and coastal landform development.

Corequisite: GEO 111L

Distribution: GE Core: GNS, CAR: GPS

GEO 111L Physical Geology Laboratory (1:0:3)

Laboratory demonstrations and map interpretation exercises to accompany GEO 111, which must be taken concurrently.

Corequisite: GEO 111

Distribution: GE Core: GNS, CAR: GPS

GEO 121 Introduction to Geographic Information Science (3:3)

Introduction to the fundamental concepts of geographical information science (geographic data acquisition, representation, analysis, and interpretation). Technologies reviewed include topographic mapping, global positioning systems, aerial photography, and satellite remote sensing.

Offered: Fall & Spring

Distribution: GE Core: GNS, CAR: GPS

GEO 205 Environmental Change: Its Nature and Impact (3:3)

Environmental changes related to human use of land, water, soils, minerals, and natural amenities. Planning for sustained use or preservation of land-based natural resources.

GEO 301 Urban Geography: Global Patterns (3:3)

Urbanization processes and the development of mega-cities and urban hierarchies emphasizing the differences between cities from across the world.

Distribution: GE Core: GSB, GE Marker: GL

GEO 302 Urban Geography: Land Use (3:3)

Internal structure of cities, including the role of transportation systems, socio-economic development, and the physical environment. Emphasis on differences within cities.

GEO 303 World Population Problems (3:3)

Major world population problems, trends, and significant policy and action alternatives for the future. Impact of various geographical factors on problems and trends.

GEO 304 Introduction to Transportation Analysis (3:3)

Transportation systems as they affect human behavior and urban patterns, primarily within a North American context.

GEO 305 Environmental Hazards Assessment (3:3)

Nature and geographical distribution of short-lived environmental hazards including earthquakes, hurricanes, floods, volcanic eruptions, and landslides. Factors contributing to increased hazard potential. Alternative human responses to short-lived hazards.

Prerequisite: GEO 103 or equivalent

GEO 306 World Economic Geography (3:3)

Characteristics and location of the world's resources, theory of industrial location, world patterns of industry.

Distribution: GE Core: GSB, GE Marker: GL

Notes: Formerly GEO 202.

GEO 311 Weather and Climate (3:3)

Introduction to the nature, origin, processes, and dynamics of the atmosphere. Consideration also of human modification of the atmosphere and of climatic change.

Prerequisite: GEO 103 or equivalent

Corequisite: GEO 311L

Distribution: GE Core: GNS, CAR: GPS

GEO 311L Climatology Laboratory (1:0:3)

Laboratory work to accompany GEO 311.

Corequisite: GEO 311

Distribution: GE Core: GNS, CAR: GPS

GEO 312 Geomorphology of North America (3:3)

A survey of the various landscape regions of the North America. Emphasis on the relationships between the geologic, erosional, and climatic processes occurring in each region.

GEO 313 Natural Resource Regions of North America (3:1:6)

Regional natural resource use and associated human interaction with the natural environment. Instruction takes place during an extended field trip across portions of North America.

Prerequisite: GEO 103 or GEO 314 and permission of instructor

GEO 314 Physical Geography: Landscape Processes (3:3)

Examination of the processes responsible for the development of the earth's varied terrain characteristics. Analysis of environmental problems involving human impact on landscape and river systems.

Prerequisite: GEO 103 or equivalent

Corequisite: GEO 314L

Distribution: GE Core: GNS, CAR: GPS

GEO 314L Physical Geography Laboratory (1:0:3)

Laboratory demonstrations and map interpretation exercises to accompany GEO 314, which must be taken concurrently.

Corequisite: GEO 314

Distribution: GE Core: GNS, CAR: GPS

GEO 315 The Geography of World Affairs (3:3)

Contemporary problems and issues of and between nations of the world as they have evolved in their geographical settings.

Distribution: GE Core: GSB; GE Marker: GN

Notes: Formerly GEO 114.

GEO 320 Tourism Planning and Development (3:3)

Geographic distribution of tourist development. Emphasis on the spatial dimension of origin-destination flows, economic geography of the travel industry, socio-economic and environmental impacts. Emphasis on tourism planning issues.

Cross Listed: Same as STH 320.

GEO 322 Research Methods in Geography (3:3)

Use of the scientific method, data collection, spatial analysis, and technical writing. Development of fundamental research and quantitative skills in geography.

GEO 330 Elements of Hydrology (3:3)

Introduction to the origin, properties, occurrence, circulation of the waters of the earth, including the application of hydrologic techniques for the evaluation of regional water budgets and problems relating to the conservation of water resources.

Prerequisite: GEO 103 or GEO 311 or GEO 314, or permission of instructor

GEO 331 Sustainable Tourism and Transportation (3:3)

Explores transportation networks utilized by the global tourism sector; their social, economic, and environmental dimensions, associated trends, associated negative impacts and resource usage and opportunities for planning sustainable transportation networks.

Cross Listed: Same as STH 331.

GEO 333 Geography of Europe (3:3)

Examination of human and physical characteristics of the European region. Topics include settlement patterns, landscape evolution, patterns and spatial variation of economic activity, urbanization, and political divisions.

Distribution: GE Marker: GL

GEO 338 Regions of Latin America (3:3)

Geographic distinctiveness of Latin American regions, with an emphasis upon the physical foundation, bases of past development, and recent transformation. Major consideration given to Mexico/Central America, Peru/Bolivia, and Brazil.

GEO 340 Geography of East Asia (3:3)

Examines dynamic economic, sociocultural, and political changes in East Asia by using geographical criteria to study physical and human resources influencing rapid modernization within an ancient framework.

Offered: Spring

Distribution: GE Marker: GN

GEO 344 Geography of the United States and Canada (3:3)

Study of the human and physical characteristics of the United States and Canada, with emphasis on the former.

Distribution: GE Core: GSB

GEO 357 Principles of Cartography (3:2:3)

The science of cartography with an emphasis on the use of maps as descriptive and analytical tools. Laboratory work introduces computer mapping, compilation, design, and symbolization.

Prerequisite: GEO 121

Notes: Formerly GEO 321.

GEO 358 Geographic Information Systems (3:2:3)

Provides basic concepts and methods for capturing, storing, querying, analyzing, and displaying geospatial data using Geographic Information Systems (GIS).

Prerequisite: GEO 121 or permission of instructor

Offered: Fall

GEO 359 Remote Sensing of Environment (3:2:3)

Acquisition, analysis, and interpretation of digital and photographic imagery. Emphasis on use of satellite and aircraft imagery for classification and monitoring of the earth's physical and cultural landscape.

Prerequisite: GEO 121

Notes: Formerly GEO 323.

GEO 421 Geographic Information Science (3:2:3)

Principles and use of geographic information; emphases are on data acquisition and techniques of spatial analysis and display. Requirements include a substantial applied research project.

Prerequisite: GEO 121, GEO 357, GEO 359

Offered: Spring

Notes: Formerly GEO 423.

GEO 490 Special Problems in Geography (3)

Opportunity for advanced students to undertake independent study of field research of special interest.

Prerequisite: Permission of faculty member with whom student wishes to work and at least 3 s.h. of previous work in geography

GEO 491 Current Topics in Regional Geography (3:3)

Seminar dealing with major national and international topics in their current geographical context.

Offered: Occ

Notes: May be repeated for credit when topic varies.

GEO 493 Honors Work (3–6)

Prerequisite: Permission of instructor; 3.30 GPA in the major, 12 s.h. in the major

Notes: May be repeated for credit if the topic of study changes.

GEO 495 Internship in Geography (3:0:9)

Practical experience in a professional setting related to the student's main topic of interest. Includes a research paper linking the topic to the experience.

Prerequisite: Written permission required before registering for the internship

Offered: Fall & Spring & Summer

GEO 502 Urban Planning (3:3)

Fundamental concepts and techniques of urban planning as it relates to enhancing overall quality of life with a primary focus on land use patterns, the environment, business, and entrepreneurship.

Cross Listed: Same as ENT 502.

GEO 504 Political Geography (3:3)

A systematic overview of relationships among space, place, and politics at multiple geographic scales. Topics include boundaries, geopolitics, nationalism, resource distribution, means of controlling space, and the spatiality of globalization.

Prerequisite: Junior level or permission of instructor

GEO 510 Biogeography (3:3)

Study of the geographic distribution of organisms and the factors/processes accountable. Emphasis on the increasingly important role humans play in influencing biogeographic processes.

Prerequisite: GEO 311 or GEO 314 or BIO 301 or admission to graduate program in geography or permission of instructor

GEO 511 Advanced Weather and Climate—Synoptic Climatology (3:3)

Exploration of atmospheric dynamics and general circulation patterns throughout the world. Emphasis on cyclogenesis, surface-upper atmosphere links, tropospheric waves, vorticity, and forecasting.

Prerequisite: GEO 311 or admission to graduate program in geography or permission of instructor

GEO 522 Geography of Livable Cities (3:3)

Advanced study on the processes of urban population and economic growth from the perspective of urban livability. Emphasis on accessing and interpreting data from public or private sources.

GEO 530 Researching Opportunities in Entrepreneurship and Economic Development (3:3)

Students will learn how to conduct research necessary to make informed decisions for an entrepreneurial venture and measure and assess economic development opportunities. No business research experience necessary.

Prerequisite: Junior, senior, or graduate standing

Cross Listed: Same as ENT 530, LIS 530, MKT 530.

GEO 533 Regional Economic Development (3:3)

Theories of location of economic activity; techniques to assess impact of types of economic activity; policy and institutional issues related to local, state, and global economic development.

GEO 557 Advanced Cartography (3:3)

Advanced instruction in cartographic production techniques and introduction to cartographic research. Students will learn to evaluate academic literature and to implement research ideas using state-of-the-art technology.

Prerequisite: GEO 357 or permission of instructor

Notes: Formerly GEO 521.

GEO 558 Advanced Geographic Information Systems (3:3)

Advanced concepts and methods in Geographic Information Systems (GIS). Emphasis is placed on the analysis and modeling of geospatial data using raster and vector data models.

Prerequisite: GEO 358; or permission of instructor

GEO 559 Advanced Remote Sensing—Imaging (3:3)

Remote sensing of the environment using scientific visualization and digital image processing techniques.

Prerequisite: GEO 359 or permission of instructor

Offered: Fall

Notes: Formerly GEO 520.

GEO 560 Seminar in Regional Geography (3:3)

Case studies of regionalism and the regional method in geography.

Offered: Occ

Notes: May be repeated once for credit when topic changes.

GEO 570 Applied Physical Geography (3:1:6)

Applications in physical geography. Topics include field experience in hydrology, dendrochronology, geomorphology, climatology, and mapping.

Notes: May be repeated once when topic changes.

Faculty

Rebecca G. Adams, Gerontology Program Director and Professor

A 15-hour undergraduate minor in Gerontology is offered through the School of Health and Human Sciences separate from the Gerontology Program. See Gerontology Minor under the listing Health and Human Sciences, School of in the Academic Departments, Programs, and Courses section.

Please see the *Graduate School Bulletin* for gerontology graduate programs (MS in Gerontology, MS in Gerontology/MBA, and a 16-hour Post-Baccalaureate Certificate in Gerontology).

Undergraduate students at UNCG who plan to undertake graduate study at UNCG, and who need no more than 12 semester hours of work to fulfill all requirements for the bachelor's degree, may enroll in the Graduate School. See the Dual Registration topic in the *Graduate School Bulletin*.

Gerontology Minor

See Gerontology Minor under the listing Health and Human Sciences, School of in the Academic Departments, Programs, and Courses section.

GERONTOLOGY COURSES (GRO)

GRO 201 Envisioning Your Old Age (3:3)

Students think critically about aging in the current US context and develop proposals for change to ensure their ideal old age will be possible. Required for minor in Gerontology.

GRO 501 Seminar: Critical Issues of Aging (3:3)

Intensive review and analysis of the literature and research on issues and unresolved problems of aging.

Offered: Fall

GRO 511 Silver Industries (3:3)

Overview of the longevity economy and its influences on entrepreneurial opportunities. Case illustrations highlighted. Using the entrepreneurial business model, students explore opportunities, risks, and rewards in the silver industries market.

Cross Listed: Same as ENT 511.

Grogan Residential College is a two year, residential and academic program that serves undergraduate students interested in majors in UNCG's professional schools (the Bryan School of Business and Economics; School of Education; School of Health and Human Sciences; School of Music, Theatre and Dance, and School of Nursing) as well as those interested in pre-professional programs: Pre Veterinary Medicine, Pre Medicine, Pre Pharmacy, and Pre Dentistry. Grogan College also serves as a "teaching innovations lab" where UNCG faculty develop new and more effective approaches to teaching and learning. Through its unique residential environment, dedicated faculty, innovative CORE courses and related experiential learning opportunities, Grogan College helps students to develop the skills, competencies and sense of purpose needed for sustained professional success.

Mission Statement

Grogan Residential College seeks to produce the contributing professionals and active citizens of UNCG and beyond.

Members of Grogan College:

- take Grogan Core courses that build professional skills and a sense of ethical purpose
- live in a common residence hall with other students who share similar academic and professional interests
- connect with faculty through courses, workshops, field experiences and other programs
- engage with upper-class Peer Mentors
- develop a portfolio and capstone of their work that effectively communicates the value of their learning and skills

GROGAN COLLEGE COURSES (GRC)

GRC 101 The Grogan College Experience (1:0:3)

Introductory examination of critical issues in educational theory and practice related to the learning community concept. The course also exposes students to essential competencies for academic and personal success.

Prerequisite: Enrollment in a Grogan College Learning Community

Offered: Fall

Notes: Formerly UNS 105.

GRC 102 Topics in Connected Thinking: An Introduction to Interdisciplinary and Cross-Professional Problem Solving (1:0:3)

Topical exploration of interdisciplinary and cross-professional thinking through real world applications and community engagement.

Prerequisite: GRC 101 or ISL 101, enrollment in Grogan College

Offered: Spring

Gerontology Minor

Required: minimum of 15 semester hours

AOS Code: U240

The 15-semester hour Gerontology minor is designed for undergraduates with any major who are interested in a career in aging or personally interested in the topic. This minor should be of special interest to undergraduates planning to pursue careers in the allied health fields, with businesses or non-profits providing services or products to older adults and their families, or after attending graduate school as researchers in their respective fields.

Students will learn to locate information relevant to the aging experience and communicate it effectively to others, describe the variety of aging experiences, analyze current opportunities and constraints on how people age, and interpret data and apply theories of aging to gain perspective on their own futures as older adults and to identify areas for change.

Working with the Gerontology Program Advisor and their major advisors, students will have an opportunity to complete a program of study customized to help them meet their own personal or career goals. The minor consists of five 3 s.h. courses, one of which is required and all of which must be outside the student's major.

Requirements

1. Required

GRO 201 Envisioning Your Old Age

2. 12 s.h. selected from the following:

Note: Some of these courses require pre-requisites or permission of the instructor, but it is possible to complete the minor without taking any of those courses.

BIO 425	Biological Clocks
BIO 536	Biology of Aging
CSD 552	Communication and Aging
GRO 501	Seminar: Critical Issues of Aging
GRO 511/ENT 511	Silver Industries
HDF 211	Human Development Across the Life Span
HDF 304	Adult Development

HDF 428	Families in Middle and Later Years
KIN 579	Exercise and Older Adults
NTR 313	Nutrition Throughout the Life Cycle
NUR 581	End-of-Life Care
PSY 375	Psychology of Aging
SWK 570	Social Services for the Aging

or other courses with a focus on aging under advisement from the Gerontology Program advisor.

SCHOOL OF HEALTH & HUMAN SCIENCES COURSES (HHS)

HHS 110 Bridging Differences through Community Relationships: Health and Human Sciences (1:1)

Expanding experience of race, gender, ethnicity, social class, and/or other identities through developing relationships in community settings related to health and human sciences.

Notes: Open to all undergraduates. Grade: Pass/Not Pass (P/NP). Formerly HHP 110.

HHS 125 Design Your Life I: What Could I Do With My Life? (1:1)

Develop essential knowledge and skills to enhance personal and academic success, with emphasis on self-awareness, self-management, interdependence, and self-responsibility.

Offered: Fall & Spring

Notes: May be repeated once for a total of 2 s.h. Formerly HHP 125.

HHS 126 Experimental Course: Personal and Academic Success in HHS: Purpose and Vision in Action (1:1)

Students engage in deep purpose and/or vision exploration, create "projects" based on purpose, vision, meaningful work, and goals and/or dreams, develop life plan for future, and participate in community-type service project.

Prerequisite: HHS 125

Offered: Offered Spring 2015; offered Spring 2014

HHS 130 Experimental Course: Meditation for Life (1:1)

Teaches skills to incorporate various meditations (breathing, walking, emotions, lovingkindness) as a part of daily life.

Offered: Offered Spring 2015; offered Spring 2014

HHS 135 Design Your Life II: Create Meaningful Experiences through Coaching (1:1)

Students identify meaningful learning opportunities based on purpose, mission, dreams, and vision; create specific projects to move toward a desired state; and then engage in coaching techniques to accomplish projects.

Notes: May be repeated once for credit.

HHS 250 Purpose-Driven Entrepreneurship (3:3)

Students will engage in exercises to understand their purpose, develop a plan to create self-employed, meaningful work, and learn strategies to stay connected to the self and the world.

Notes: May be repeated once for credit. Business project must be different than project completed the first time taking the course.

Cross Listed: Same as ENT 250.

HHS 589A Experimental Course: Community Based Participatory Research in Physical Activity and Health Settings in Ireland (3:3)

This course will provide an understanding of theories, principles, and strategies of community-based participatory research (CBPR) specifically within physical activity and health settings in global contexts.

Offered: Fall 2016

HHS 589C Experimental Course: Refugee Experiences, Protection, and Well-Being in Global Contexts (3:3)

For this course, international travel led by qualified faculty is organized to different world regions for interdisciplinary and inter-professional study of refugee experiences, protection, challenges, and well-being.

Prerequisite: Junior or graduate standing

Offered: Offered Fall 2016

The Department of History offers a program which has four principal objectives: 1) to provide a general knowledge of the history of the United States, Europe, and the wider world (as we have defined our fields of concentration); 2) to teach students to think and read critically and thereby to develop the ability to analyze historical documents and to appreciate the nature of historical interpretations; 3) to improve students' ability to communicate both orally and in writing; and, 4) to foster the ability to conduct historical research. The Department offers a broad spectrum of courses in U.S., European, and wider world history; in the ancient, medieval, and modern periods; in social, cultural, political, economic, intellectual, military, and diplomatic history; the history of science; and in a variety of special topics including gender, sexuality, witchcraft, and terrorism.

The History Major prepares students for career opportunities in a wide range of employment, where liberally educated minds can be turned to fruitful account. It offers an excellent general background for later, more specialized studies in fields such as law and journalism. A number of history majors go on to work in public service at the local, state, and federal levels or find employment in those areas of the private sector where a premium is put on a sound general education. Finally, many history majors employ their skills more directly: in the teaching profession (from the primary through graduate school levels), in museums and archives, or in the expanding field of historical preservation work.

The department offers programs leading to the Bachelor of Arts degree in history, the Master of Arts in history, and the Doctor of Philosophy in history.

Although the department does not formally restrict admission to its courses with regard to level, it recommends its 300-level courses to sophomores and above and its 400- and 500-level courses to juniors and seniors.

History Major (HIST)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U175

I General Education Core Requirements (GEC)

See complete GEC requirements under General Education Program in the University Requirements section. See the GEC Course Summary Table for approved courses.

GLT—Literature (6 s.h.)

Student selects 6 s.h. from GLT list.

GFA—Fine Arts (3.s.h.)

Student selects 3 s.h. from GFA list.

GPR—Philosophical, Religious, Ethical Principles (3 s.h.)

Student selects 3 s.h. from GPR list.

GHP—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GHP list.

GNS—Natural Sciences (6–7 s.h.)

Student selects 6–7 s.h. from GNS list. One must include a laboratory course. Each must have a different course prefix.

GMT—Mathematics (3 s.h.)

Student selects 3 s.h. from GMT list.

GRD—Reasoning and Discourse (6 s.h.)

ENG 101	College Writing I
	or
FMS 115	Freshman Seminar in Reasoning and Discourse I
	or
RCO 101	College Writing I

Student selects additional 3 s.h. from GRD list.

GSB—Social and Behavioral Sciences (6 s.h.)

Student selects 6 s.h. from GSB list.

II General Education Marker Requirements

See complete GEC requirements under General Education Program in the University Requirements section. See the GEC Course Summary Table for approved courses.

GL/GN—Global/Global Non-Western Perspectives

four (4) courses carrying GL/GN markers; at least one course must carry the GN marker

One SI (Speaking Intensive) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One WI (Writing Intensive) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

III College of Arts and Sciences Additional Requirements (CAR)

See CAR requirements in the Academic Units section. See the GEC Course Summary Table for approved CAR courses.

GMO/GPM—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GPM or GMO list.

GLS/GPS—Natural Sciences (3–4 s.h.)

Student selects 3–4 s.h. from GLS or GPS list.

GSB—Social and Behavioral Sciences (3 s.h.)

Student selects 3 s.h. from GSB list.

GFL—Foreign Language (0–12 s.h.)

intermediate-level proficiency in one language, demonstrated by placement test, or completion of course work through course number 204

WI—Writing Intensive Courses

a total of four WI courses

IV Major Requirements

Minimum 30 semester hours above the 100 level.

History majors must maintain a cumulative grade point average of at least 2.0 in history courses to qualify for a degree in History.

The department divides its undergraduate offerings into three fields (see courses listed below): Western Europe, United States, and the Wider World. The minimum of 30 hours must include:

1. 9 s.h. at the 200 level distributed as follows:

3 s.h. in Western Europe

3 s.h. in United States

3 s.h. in Wider World

2. 9 s.h. at the 300 level

3.

HIS 391 Historical Skills and Methods

HIS 391 serves as a prerequisite for HIS 511A, HIS 511B, or HIS 511C.

4. 9 s.h. at the advanced (400 and 500) level, which must include:

HIS 511A Seminar in Historical Research and Writing

or

HIS 511B Seminar in Historical Research and Writing

or

HIS 511C Seminar in Historical Research and Writing

To ensure that each major has breadth in his or her program, of the 30 semester-hour minimum, a student must take at least 6 hours from each of the three fields:

(Western Europe, United States, Wider World). In addition, at least 3 s.h. of the 6 s.h. from each of the three fields must be at the intermediate (300) or advanced (400 and 500) level.

V Related Area Requirements

Because history is closely related to many other disciplines, we strongly recommend that history majors consult their advisors about using their liberal education requirements and electives to build a coherent series of related courses. Students interested in the various national histories may wish to pursue language and literature courses in the same area; students interested in social and institutional history may wish to pursue courses in the social sciences such as anthropology, sociology, political science, and economics; students interested in cultural and intellectual history will profit by work in philosophy, religious studies, and art and music history.

VI Electives

Electives sufficient to complete the 122 semester hours required for degree.

History Major with Social Studies High School Teaching Licensure (HIST)—B.A.

IV Major Requirements

Minimum 30 semester hours above the 100 level.

History majors must maintain a cumulative grade point average of at least 2.0 in history courses to qualify for a degree in History.

The department divides its undergraduate offerings into three fields (see courses listed below): Western Europe, United States, and the Wider World. The minimum of 30 hours must include:

1. 9 s.h. at the 200 level distributed as follows:

3 s.h. in Western Europe

3 s.h. in United States

3 s.h. in Wider World

2. 9 s.h. at the 300 level

3.

HIS 430 Historical Methods for Social Studies Teachers

HIS 430 serves as a prerequisite for HIS 511A, HIS 511B, or HIS 511C for history majors completing the concentration in social studies high school teaching licensure. Students who later drop the social studies

licensure concentration must take an additional advanced-level course (400 or 500) to ensure depth of content knowledge in the major.

4. 9 s.h. at the advanced (400 and 500) level, which must include:

HIS 511A	Seminar in Historical Research and Writing
	or
HIS 511B	Seminar in Historical Research and Writing
	or
HIS 511C	Seminar in Historical Research and Writing

To ensure that each major has breadth in his or her program, of the 30 semester-hour minimum, a student must take at least 6 hours from each of the three fields:

(Western Europe, United States, Wider World). In addition, at least 3 s.h. of the 6 s.h. from each of the three fields must be at the intermediate (300) or advanced (400 and 500) level.

Lloyd International Honors College administers UNCG's Honors Programs: the International Honors Program and the Disciplinary Honors Program. For general information about Lloyd International Honors College, including information about admission, courses, extra- and co-curricular activities, advising, housing, etc., see the

description of the Lloyd International Honors College in the Academic Units and Areas of Study section of this Bulletin.

Disciplinary Honors Program

The Disciplinary Honors Program allows students in all majors to do Honors work in their majors or in upper-division interdisciplinary studies. Through Disciplinary Honors, students have the opportunity to study topics in depth and to do advanced research under the supervision of a faculty member, thus giving themselves a competitive advantage when applying for graduate school or beginning a career. In order to participate in and take Disciplinary Honors courses, students must have a 3.30 grade point average at the time of registration and meet all other course prerequisites.

Recognition

Students who complete the requirements for the Disciplinary Honors Program receive a *Certificate of Disciplinary Honors in [major/Interdisciplinary Studies]*; have that accomplishment, along with the title of their Senior Honors Project, noted on their official transcript; and are recognized at a banquet held at the end of the academic year.

Requirements

The requirements for the Disciplinary Honors Program vary by major (students should check the individual departments in this *Bulletin* for details on specific course requirements) but includes at a minimum:

- 1. a UNCG GPA of 3.30 or higher at graduation,**
- 2. at least 12 s.h. of Honors course work with grades of A or B as follows:**

	6-9 s.h. Honors course work in the major
HSS 490	Senior Honors Project
	0-3 s.h. of other Honors course work

In some departments, graduate-level course work qualifies as Honors for undergraduates.

For those students who wish to pursue Disciplinary Honors in Interdisciplinary Studies, the requirements are:

- 1. UNCG GPA of 3.30 or higher at graduation,**
- 2. 12 s.h. of Honors course work with grades of A or B as follows:**

	nine (9) s.h. of Honors course work
HSS 490	Senior Honors Project

Honors course work: including at least six (6) s.h. at the 300 level or higher

Requirements for Specific Majors

The requirements for the Disciplinary Honors Program vary by major. Each academic department at UNCG has a faculty Honors Liaison who is knowledgeable about both his or her programs and International Honors. You are encouraged to get to know the Liaison in your department, especially by the time you are a junior and fully in your major.

Specific information about pursuing disciplinary honors within any of the departments or programs listed below is provided with the information for that entity in this bulletin.

Full University Honors

Students who complete all the requirements for both the International Honors Program and the Disciplinary Honors Program are recognized for completing Full University Honors. Courses used to fulfill the requirements of one of those programs cannot be used to fulfill the requirements of the other.

Students who earn Full University Honors receive a *Certificate of Full University Honors in [major/Interdisciplinary Studies]*, have that accomplishment, along with the title of their Senior Honors Project, noted on their official transcript, and are recognized at a banquet held at the end of each academic year.

International Honors Program

The International Honors Program is designed to complement and enrich the undergraduate study of motivated and high achieving students in all majors. In order to participate in Honors and enroll in courses, students must be admitted into, and maintain good standing in, the International Honors Program. Students who complete the International Honors Program take Honors courses in a wide range of subjects, reach a basic level of language competency in a second language, study abroad for at least one semester, or complete an equivalent international experience. Courses taken in fulfillment of the requirements for the International Honors Program typically also fulfill the university's General Education Core requirements.

Requirements

To successfully complete the International Honors Program, a student must be a member of Lloyd International Honors College at the time of graduation, have a UNCG GPA of 3.30 or higher at graduation, have achieved a GPA of 3.0 or higher on all honors work attempted in the first two semesters of membership in the honors college, and have completed the following course work with grades of B (3.0) or higher:

1. a first-year Honors seminar (3 s.h.) in the first semester after having been admitted to Lloyd International Honors College;

2. In the first semester after having been admitted to Lloyd International Honors College:

HSS 198 Honors Colloquium

3. Nine (9) s.h. of additional Honors course work.

In addition, a student must:

1. master a language other than their native language through the equivalent of the 204 level of language courses taught at UNCG.

Ancient languages and sign languages are permitted. This requirement can be fulfilled by any combination of course work, placement tests, and appropriate evidence of mastery through other documentation.

2. complete an approved international experience, usually in the form of studying abroad for a semester or a full academic year.

To document completion of the international experience, students must register for the following course (graded on a pass/not pass basis; 0 s.h.) in the semester following their international experience:

HSS 299 Honors International Experience

Recognition

Students who complete the requirements for the International Honors Program receive a *Certificate of International Honors*, have that accomplishment noted on their official transcript, and are recognized at a banquet held at the end of the academic year.

**HONORS PROGRAMS COURSES (HSS)—

HONORS PROGRAMS COURSES (HSS)— HONORS ELECTIVES

HSS 220 Student Seminar (2:2)

Students (usually eight to ten) agree on a general topic for a semester's study. Each participant defines a special interest to be explored individually as a contributing member of the group. A faculty member directs the group's discussions.

Prerequisite: Admission to Lloyd International Honors College or permission of the dean

Offered: Fall & Spring

HSS 299 Honors International Experience (0)

Students report on their Honors International Experience to students in HSS 198 through a combination of oral reports and written materials.

Prerequisite: Admission to Lloyd International Honors College and previously undertaken approved Honors International Experience

Offered: Fall & Spring

Notes: Grade: Pass/Not Pass (P/NP).

HSS 300 Interdisciplinary Honors Seminar (3:3)

Interdisciplinary seminar focusing on a particular theme or topic and taught by two faculty members from different disciplines or schools. Topic varies each semester.

Prerequisite: Admission to Lloyd International Honors College or permission of the dean

Offered: Fall & Spring

Notes: May be repeated for credit as topic changes.

HSS 310 Honors Abroad (3)

Exploration of the culture of another country, done on site in the country and under the guidance of a UNCG faculty member (usually through UNCG's Student Exchange Program).

Prerequisite: Admission to Lloyd International Honors College or permission of the dean

Offered: Fall & Spring & Summer

Notes: Special requirements: travel to the host country. May be repeated for credit when topic varies.

HSS 400 Senior Honors Seminar (3)

Provides qualified students with the opportunity to study special topics in an advanced seminar setting with the rigorous and intense discipline implied at the senior level.

Prerequisite: Admission to Lloyd International Honors College or permission of the dean

Offered: Fall & Spring

HSS 401 Senior Honors Seminar (3)

Provides qualified students with the opportunity to study special topics in an advanced seminar setting with the rigorous and intense discipline implied at the senior level.

Prerequisite: Admission to Lloyd International Honors College or permission of the dean

Offered: Fall & Spring

HONORS PROGRAMS COURSES (HSS)— HONORS DIRECTED STUDY

HSS 320 Honors Tutorial (1–3)

Students (usually 4 or 5) meet with a faculty member to explore an agreed upon set of topics. The faculty member will guide the discussion.

Prerequisite: Admission to Lloyd International Honors College or permission of the dean

Offered: Fall or Spring

Notes: May be repeated once for credit if the topic of study changes.

HSS 330 Honors Independent Study (1–3)

Student consults with a supervising faculty member to develop a program of concentrated study and investigation within a particular discipline.

Prerequisite: Admission to Lloyd International Honors College

Offered: Fall & Spring

Notes: May be repeated once for credit if the topic of study changes.

HSS 490 Senior Honors Project (3)

Independent original scholarship, completed under the supervision of a faculty member. Work culminates in an original essay, annotated creative work or performance, scientific report, or other special project.

Prerequisite: Senior status and admission to Lloyd International Honors College

Offered: Fall & Spring

HSS 499 Washington Internship (6–9:0:32)

Field learning experience in governmental or private organizations in Washington, DC. Students will generate products such as briefings, research memoranda, and policy analyses.

Corequisite: HSS 330 independent study or equivalent 3 s.h. independent study in any department

Offered: Fall & Spring & Summer

HONORS PROGRAMS COURSES (HSS)— DEPARTMENTAL HONORS SECTIONS

Many departments offer Honors sections of regularly-scheduled courses (listed under H Honors in the Course Category section of the Online Course Search). In addition, most departments offer advanced independent study Honors work in their major through XXX 493:

HSS 493 Honors Work (3–6)

(See individual Departmental listings; note that the course number for Theatre Honors Work is THR 483, and History Honors courses are divided by area, see HIS 491, HIS 492, or HIS 493.) Disciplinary Honors work providing students with advanced study of the primary subject matter in their area of specialization. May be used to complete the Senior Honors Project in place of HSS 490.

Prerequisite: 3.30 GPA in the major, 12 s.h. in the major.

Notes: May be repeated for credit if the topic of study changes.

The Department of Human Development and Family Studies offers an undergraduate program leading to the Bachelor of Science degree in Human Development and Family Studies. The programs include the study of the development of individuals and families throughout the life span, seeking to improve their well-being through the creation, use, and dissemination of knowledge. Programs of study in the department are multidisciplinary, requiring a synthesis of knowledge from the social and behavioral sciences and from the field of education. The goal of the Department of Human Development and Family Studies is to provide the best opportunity in North Carolina for undergraduates to prepare for careers in child, adolescent, adult, and family care services; in the care and education of children with/without disabilities from birth to kindergarten; teaching at the preschool level; and in cooperative extension and state agencies.

The Human Development and Family Studies major offers students the choice of three concentrations. The Early Care and Education concentration prepares students for careers in child care centers and agencies, private kindergartens, and hospital child care. Teacher licensure in Birth through Kindergarten education prepares students to teach in North Carolina public preschools and kindergartens. The Birth-Kindergarten and Early Care and Education concentrations are also available as online programs for students transferring in with an A.A.S. degree in early childhood from a N.C. Community College. The Child, Youth, and Family Development concentration prepares students for careers in family, governmental, and community service

agencies that serve children, adolescents, adults, the elderly, and their families.

The internship program within the department provides students with opportunities for professional experiences in the career field of their choice. The department also administers the Child Care Education Program at three sites with an enrollment of 80 children in all-day care. All serve as laboratories for the study of children and their families.

HDF 450 Professional Experience in Early Childhood (3:1:9 or 6:2:18)

Supervised professional experience for students working with children in early childhood settings.

Prerequisite: A C or better in HDF 420, HDF 440; HDF 315/SES 315, HDF 341/SES 341, HDF 425/SES 425, HDF 435/SES 435; TED 516; 2.50 GPA; formal admission to HDFS major and permission of instructor required.

Notes: May be repeated for up to 6 s.h.

HDF 455 Current Developmental Theory and Research (3:3)

Seminar designed to examine current issues in development. Emphasis placed on current research literature, theories, and applications across the lifespan. Writing and editing are emphasized.

Prerequisite: HDF 415 or permission of instructor; formal admission to HDFS major

HDF 460 Supervised Student Teaching (3:1:16 or 6:2:32 or 12:2:32)

Supervised student teaching in an infant and/or toddler, preschool, or kindergarten setting under direction of a cooperating teacher with university supervision.

Prerequisite: Completion of KIN 342; grade of C or better in HDF 315 (or SES 315), HDF 341 (or SES 341), HDF 420, HDF 425 (or SES 425), HDF 435 (or SES 435), HDF 436 (or SES 436), HDF 440, and TED 516; 2.70 GPA; HDFS major; permission of instructor; admitted to the Teacher Education Program

HDF 464 Advanced Family and Developmental Studies Seminar (3)

In-depth study of selected topics in Human Development and Family Studies. Particular section content is determined by the instructor.

Prerequisite: HDF 415 or permission of instructor; formal admission to HDFS major

Notes: May be repeated once for a total of six (6) s.h.

HDF 465 Work and Family Linkages (3:3)

Theory and research on role of work in family relationships and adult development including examination of links between parents' work and family relationships; implications of workplace policy for family members' development.

Prerequisite: HDF 415; formal admission to Human Development major or permission of instructor required.

HDF 468 Diversity in Inclusive Early Care and Education (3:3)

In-depth analysis of the issues, challenges, and recommended practices related to effectively serving diverse populations of young children and their families in inclusive early care and education settings.

Prerequisite: HDF 450 or HDF 460; 2.50 GPA; formal admission to HDFS major or permission of instructor

Cross Listed: Same as SES 468.

HDF 470 Leadership in Early Education (3:2:3)

Identifying characteristics of leaders and effective leadership styles and how these can be applied in early care and education. Prepares students to advocate best practice in a community-based environment.

Prerequisite: HDF 450 or HDF 460 and 2.50 GPA, or permission of instructor

HDF 477 Professional Development in HDFS (3:3)

Development of professional skills and exploration of careers related to individuals and families.

Prerequisite: Formal admission to Human Development major or permission of instructor required.

HDF 482 Administration of Dependent Care Programs (3:3)

Major areas of planning and administering dependent care programs, including programming, scheduling, reporting, financing, housing, equipping, staffing, and working with families.

Prerequisite: Formal admission to Human Development major or permission of instructor required.

HDF 493 Honors Work (3–6)

Prerequisite: Permission of instructor; 3.30 GPA in the major, 12 s.h. in the major

Notes: May be repeated for credit if the topic of study changes.

HDF 499 Supervised Professional Experience (3:1:8 or 6:1:16)

Supervised professional experience in selected commercial or industrial organizations, public or private agencies.

Prerequisite: HDF 477; 2.50 GPA; formal admission to HDF's major; permission of instructor

Notes: May be repeated for up to six (6) s.h.

HDF 502 Gender in Families (3:3)

Influence of social, philosophical, political, and technological change on gender relationships in families in the past, present and future.

Prerequisite: HDF 211 and HDF 212; or permission of instructor

HDF 527 Problems in Human Development and Family Studies (2–6)

In-depth study of new areas in child and family studies such as: children and technology; multi-cultural families; developmental consequences of child maltreatment.

Prerequisite: HDF 211 and HDF 212

Associate Professors Iyer, Nemati, Salam, Singh, Taube, Zhao

Assistant Professors Ratcliffe, Xue

Mission Statement

Our mission is to integrate quality instruction in information systems and supply chain management with relevant research and professional services. This integration will help students develop an appropriate background and critical skills needed to function effectively in a global, technology-driven environment. We strive to fulfill this mission as an integral part of the Bryan School of Business and Economics and in support of its mission and purposes. Our chief goal is to provide top-tier information systems and supply chain management programs in North Carolina as assessed by employers of our graduates.

Programs offered by the department include study of information technology and supply chain analysis applied to business operations and management decision making. Career opportunities are excellent for quality graduates of either of the concentrations. All students in departmental programs gain extensive experience using networked computer systems and contemporary applications software.

The department assists professional student development, and assists students with career planning. Students with appropriate academic records are encouraged to seek an internship as juniors or seniors.

Student Learning Goals

The primary Learning Goal for both the Information Systems and Supply Chain Management concentrations is to prepare students to utilize various information technologies and tools and deliver enhanced business productivity.

The following Learning Objectives have been endorsed by the faculty to guide the development, evaluation, and continuous improvement of the ISSC undergraduate degree program. The first two objectives are common to both concentrations, and these are followed by two more objectives for the IS concentration and two more for the SCM concentration.

- Students will be skilled in the application of appropriate end-user computing tools to enhance productivity.
- Students can model business data requirements and utilize relational database technology.

Students concentrating in **Information Systems** will be able to:

- Employ a systems approach and a system development method to understand business problems.
- Design and develop business software applications.

Students concentrating in **Supply Chain Management** will be able to:

- Apply process analysis to document supply chain management components and propose improvements.
- Apply appropriate methods and techniques to analyze and solve supply chain management problems.

Admission and Repeat Policies

Admission to the ISSC Department requires a minimum cumulative GPA of 2.0.

Requirements in future years may be higher depending upon departmental capacity and student demand. If enrollments threaten program quality, students' registration in upper level courses will be based upon their cumulative GPAs. Information about current ISM admission requirements and policies is available in Rooms 479 and 301 in the Bryan Building.

Information Systems and Supply Chain Management Major (ISSC)—B.S.

Degree: Bachelor of Science

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

Available Concentrations & AOS Codes:

Information Systems, U313

Supply Chain Management, U339

Bryan School Requirements

Students are normally expected to complete these courses during freshman and sophomore years:

ACC 201 Financial Accounting

ACC 218	or Financial Statement Preparation and Disclosures
ACC 202	Managerial Accounting
BUS 105	Introduction to Business Skills Development
CST 105	Introduction to Communication Studies
ECO 201	Principles of Microeconomics
ECO 202	Principles of Macroeconomics
ECO 250	Economic and Business Statistics I
ISM 110	Business Computing I
ISM 280	Information Systems in Organizations

MAT 120	Calculus with Business Applications
MAT 191	or Calculus I

Global Sustainability Elective

ECO 100	Economics of a Global Sustainable Society
ENT 130/BUS 130	or Entrepreneurship in a Sustainable Global Environment
ENV 110	or Introduction to Sustainability Studies
LLC 120	or Global Crossings: Topics in Images, Media, and Texts
LLC 130	or Global Green: Cultures of Production and/or Consumption
STH 200	or Introduction to Sustainable Development or other approved Global Sustainability Elective

General Program Requirements

1. Successful completion of all major and related area requirements listed below

2. Grade of C or higher in:

ISM 110	Business Computing I
---------	----------------------

3. A cumulative GPA of at least 2.0

4. For IS concentration: grades of C or better in:

ISM 218	Database Systems
ISM 240	Business Programming I
ISM 280	Information Systems in Organizations
ISM 301	Systems and Process Analysis

5. 122 s.h.

6. At least 50 percent of the business semester hours required for the degree must be earned at UNCG

I General Education Core Requirements (GEC)

See complete GEC requirements and approved course listings for all categories.

GLT—Literature (3 s.h.)

Student selects 3 s.h. from GLT list.

GFA—Fine Arts (3.s.h.)

Student selects 3 s.h. from GFA list.

GPR—Philosophical, Religious, Ethical Principles (3 s.h.)

ENT 362/PHI 362	Ethical Issues in Entrepreneurship
-----------------	------------------------------------

PHI 361	or Ethical Issues in Business
---------	----------------------------------

Humanities and Fine Arts (3 s.h.)

Student selects additional 3 s.h. from GLT, GFA, or GPR list.

GHP—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GHP list.

GNS—Natural Sciences (6–7 s.h.)

Student selects 6–7 s.h. from GNS list. One must include a laboratory course. Each must have a different course prefix.

GMT—Mathematics (3 s.h.)

MAT 120	Calculus with Business Applications
MAT 191	or Calculus I

GRD—Reasoning and Discourse (6 s.h.)

ENG 101	College Writing I
FMS 115	or Freshman Seminar in Reasoning and Discourse I
RCO 101	or College Writing I

CST 105	Introduction to Communication Studies
---------	---------------------------------------

GSB—Social and Behavioral Sciences (6 s.h.)

ECO 201	Principles of Microeconomics
ECO 202	Principles of Macroeconomics

II General Education Marker Requirements

See details and courses. It is possible to meet all GE Marker Requirements while completing the GE Core

Academic Departments, Programs, and Courses

requirements or courses required by the major/concentration.

Students may select courses for:

Global/Global Non-Western Perspectives (GL/GN)

four (4) courses carrying GL/GN markers, at least one of which must carry the GN marker

One Speaking Intensive (SI) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One Writing Intensive (WI) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

III Major Requirements

For Information Systems and Supply Chain Management Concentrations

1. Discipline Specific Courses Required for Both Concentrations

ISM 110	Business Computing I
ISM 280	Information Systems in Organizations
SCM 302	Operations Management

2. Discipline Specific Courses Required Based on Choice of Concentration:

Information Systems Concentration

a. Required

ISM 116	Web Design and Development
ISM 218	Database Systems
ISM 240	Business Programming I
ISM 301	Systems and Process Analysis
ISM 324	Secure Networked Systems
ISM 452	Design of Management Information Systems

b. One elective chosen from:

ISM 425	Business Analytics
ISM 498	Independent Study
ISM 499	Problems in Information Systems and Supply Chain Management

Supply Chain Management Concentration

a. Required

SCM 304	Managing and Organizing Projects
SCM 206	Logistics and Transportation Management
SCM 402	Logistics and Supply Chain Management
SCM 432	Supply Chain Management Project

b. Six (6) s.h. of electives chosen from:

CRS 363	Global Sourcing of Apparel and Related
---------	--

ISM 210	Consumer Products
ISM 218	Business Computing II
SCM 498	Database Systems
SCM 499	Independent Study
SCM 499	Problems in Supply Chain Management
STH 313	Revenue Management
or other approved electives	

IV Related Area Requirements

Common Business Core

ECO 300	The International Economy
FIN 315	Business Finance I
MGT 301	Introduction to International Business
MGT 312	Human Behavior in Business Organizations
MGT 330	The Legal Environment of Business
MGT 491	Business Policy and Strategy
MKT 309	Business Communications
MKT 320	Principles of Marketing

PHI 361	Ethical Issues in Business
	or
PHI 362/ENT 362	Ethical Issues in Entrepreneurship

SCM 302	Operations Management
---------	-----------------------

V Electives

Electives sufficient to complete 122 total semester hours required for the degree.

Business Minor

See Business Minor under the listing Business and Economics, School of in the Academic Departments, Programs, and Courses section.

Information Technology Minor

Required: minimum of 15 semester hours

AOS Code: U318

The Information Technology minor is available to any UNCG student (other than ISSC majors) who is in good standing in the University. The minor complements a variety of professional and arts and sciences fields. It focuses on various IT tools and applications and the use of these technologies to improve decision-making in a variety of professional environments.

Requirements

1. Admission to the minor

See Undergraduate Student Services, 301 Bryan.

2. Minimum GPA

To receive credit for the minor, the student must achieve a minimum GPA of 2.0 in all courses taken for the Information Technology minor.

3. Fifteen semester hours

A total of 15 s.h., nine of which must be successfully completed at UNCG.

Required

ISM 116	Web Design and Development
ISM 210	Business Computing II

The following or an equivalent:

ISM 110	Business Computing I
---------	----------------------

Two chosen from:

ISM 218	Database Systems
ISM 280	Information Systems in Organizations
ISM 324	Secure Networked Systems
SCM 304	Managing and Organizing Projects

Information Systems and Supply Chain Management Honors

Consult the departmental office. See also Honors Programs.

INFORMATION SYSTEMS & OPERATIONS MANAGEMENT COURSES (ISM)

ISM 110 Business Computing I (3:3)

Develops skills using microcomputer applications including electronic mail, word processing, graphics, spreadsheets, and network functions.

Notes: Open to freshmen and other students seeking an introduction to computer usage.

ISM 116 Web Design and Development (3:3)

Students learn skills needed to design effective Web pages by studying the best practices in Web site design.

Prerequisite: C or better in ISM 110 or equivalent

Notes: Formerly ISM 206.

ISM 210 Business Computing II (3:3)

Advanced techniques in the use of microcomputer applications, including desktop publishing, spreadsheets, database systems, and linkages between applications. Study of how end user applications are managed and contribute to business.

Prerequisite: Grade of C or better in ISM 110 or equivalent and one of the following: MAT 112, MAT 115, MAT 150, STA 108, or permission of instructor

ISM 218 Database Systems (3:3)

Study of database management systems including their design, implementation, query and use. Includes an extensive case study requiring the development of a multiple table database system for organizational needs.

Prerequisite: Grade of C or better in ISM 110

Notes: Formerly ISM 318.

ISM 240 Business Programming I (3:3)

Introduction to the planning and creation of computer programs for solving business-related problems. Emphasis on problem analysis and structured programming techniques. Students utilize a procedural programming language.

Prerequisite: Grade of C or better in ISM 110 or equivalent; ISSC major

ISM 280 Information Systems in Organizations (3:3)

Fundamentals of information systems needed to achieve organizational, operational, informational, technological, managerial, and innovative functions are discussed. Evolving role of information systems in achieving and maintaining competitive advantage is evaluated.

Prerequisite: ISM 110 or equivalent

ISM 290 Entrepreneurship and the Internet (3:3)

This introductory course provides students with the theoretical and practical foundation needed to become an entrepreneur able to conceive and develop business plans to create a new venture on the Internet.

Cross Listed: Same as ENT 290.

ISM 291 Entrepreneurship and Technology in Health Care (3:3)

Introduces how technology helps create new business ventures in the health care industry. Health care delivery processes and mechanisms relevant to turning ideas into profitable opportunities will be addressed.

Prerequisite: Junior standing

Cross Listed: Same as ENT 291.

ISM 292 IT Entrepreneurship (3:3)

Fundamentals of advanced technologies are presented and entrepreneurial skills needed to manage the challenges inherent in attempting to take advantage of innovations driven from those technologies are discussed.

Cross Listed: Same as ENT 292.

ISM 301 Systems and Process Analysis (3:3)

Focuses on systems and process concepts such as automation boundaries, feasibility assessments, performance measures, information modeling, process

reengineering, quality, and value added. Course emphasizes analysis methodologies.

Prerequisite: C or better in ISM 280; ISSC major

ISM 310 Business Programming II (3:3)

Study of advanced procedural software structures such as multidimensional arrays and tables, indexed file processing, and interactive processing. Introduction to object oriented software structure such as class definitions, object instances, and class methods.

Prerequisite: C or better in ISM 240

ISM 321 Telecommunications Management (3:3)

Telecommunications technology and the use of that technology in business. Coverage of voice, data, and video communications and LANs and WANs. Emphasis on the delivery and management of telecommunications services.

Prerequisite: C or better in ISM 280; ISSC major

ISM 324 Secure Networked Systems (3:3)

Networking and telecommunication concepts are described. Technical and organizational activities for securing distributed systems are presented. System security and information assurance methodologies, procedures and best practices are studied.

Prerequisite: Restricted to IS majors and minors only.

ISM 325 Topics in Applications Development (1–3)

Study of specific application development environments and development tools to support business application development.

Prerequisite: ISSC major; different topics have different prerequisites; C or better in ISM 218 and ISM 310 for ISM 325V; C or better in ISM 310 for ISM 325Z

Notes: May be repeated for credit when topic varies.

ISM 325A Topics in Applications Development: Team/TQM (1-3)

See ISM 325.

ISM 325B Topics in Applications Development: Client/Server Concepts (1:1)

See ISM 325.

ISM 325C Topics in Applications Development: Client/Server Applications (1:1)

See ISM 325.

ISM 325D Topics in Applications Development: Inventory Management (1:1)

See ISM 325.

ISM 325E Topics in Applications Development: Applications in XML (3:3)

See ISM 325.

ISM 325F Topics in Applications Development: Visual Basic Applications (1:1)

See ISM 325.

ISM 325G Topics in Applications Development: "Just in Time" Seminar (1:1)

See ISM 325.

ISM 325J Topics in Applications Development: Xbase Programming (1:1)

See ISM 325.

ISM 325K Topics in Applications Development: Visual Fox Pro (1:1)

See ISM 325.

ISM 325M Topics in Applications Development: Application Development in Access (3:3)

See ISM 325.

ISM 325N Topics in Applications Development: Business on the Internet (1:1)

See ISM 325.

ISM 325P Topics in Applications Development: Service Operations Management (1:1)

See ISM 325.

ISM 325Q Topics in Applications Development: LANS and the Internet (1:1)

See ISM 325.

ISM 325R Topics in Applications Development: Application Development in Oracle (1:1)

See ISM 325.

ISM 325S Topics in Applications Development: Basics of Supply Chain Management (1:1)

See ISM 325.

ISM 325T Topics in Applications Development: Development with Visual Basic (3:3)

See ISM 325.

ISM 325U Topics in Applications Development: C++ Application (3:3)

See ISM 325.

ISM 325V Topics in Applications Development: Application of Electronic Commerce (3:3)

See ISM 325.

**ISM 325Z Topics in Applications Development:
Application Development in JAVA (3:3)**

See ISM 325.

ISM 411 Undergraduate Internship in ISSC (1–3:0:5–15)

This course provides students with the opportunity to apply classroom knowledge and skills to a business situation and develop new work management skills and understandings.

Prerequisite: Admission to the ISSC major and approval of instructor

Notes: Grade: Pass/Not Pass (P/NP). May be repeated for credit for a maximum of 3 s.h.

ISM 412 Open Source Software and Applications (3:3)

Study of the Linux operating system, the open source software concept and widely used open source software applications; experience with the installation, administration, and use of open source software.

Prerequisite: ISM 240; ISSC major

ISM 425 Business Analytics (3:3)

Study of the techniques and methods of business analytics, including gathering, processing and analyzing large volumes of data to generate insights that inform business decisions.

Prerequisite: ISM 218; ISSC major or Information Technology minor

ISM 452 Design of Management Information Systems (3:3)

Development of cost effective computer-based systems to produce information needed for managerial decision making as specified in the information analysis phase.

Prerequisite: C or better in ISM 218, ISM 240, ISM 301; ISSC major

ISM 493 Honors Work (3–6)

Prerequisite: Permission of instructor; 3.30 GPA in the major, 12 s.h. in the major

Notes: May be repeated for credit if the topic of study changes.

ISM 498 Independent Study (1–3)

Individual study of issues or problems in information systems and/or supply chain management. Student must arrange time and course requirements with instructor prior to registration.

Prerequisite: Permission of instructor, senior standing and approval of written plan of study prior to registration

ISM 499 Problems in Information Systems and Supply Chain Management (3:3)

Independent study and research with class discussion covering a topic or group of related topics of current interest in information systems and/or supply chain management.

Prerequisite: Permission of instructor

Notes: May be repeated for credit with approval of Department Head.

ISM 512 Open Source Software and Applications (3:3)

Study of open source systems (OSS), the concept and state of the art OSS applications; experience with the installation, administration, development, and deployment of OSS in organizations.

Prerequisite: ISM 240 or equivalent

ISM 515 Object-Oriented Programming (3:3)

Provides a foundation in Object-Oriented (OO) concepts and programming for students who wish to learn how to develop applications in a contemporary OO programming language.

Prerequisite: ISM 240 or equivalent

ISM 589 Experimental Course

This number reserved for experimental courses. Refer to the Course Schedule for current offerings.

SUPPLY CHAIN MANAGEMENT COURSES (SCM)

SCM 206 Logistics and Transportation Management (3:3)

Microanalysis of logistics and transportation services including customer service, distribution operations, and purchasing. Topics include customer service operations, order processing, facility design and operations, carrier selection, transportation costing and negotiation.

Prerequisite: ISM 110; ACCT, BADM, CARS, ENTR, FINC, INTB, ISSC, MKTG, or STHP major; or permission of the instructor

Notes: Formerly SCM 306.

SCM 302 Operations Management (3:3)

Survey of the operations functions of organizations with emphasis on design and control decisions. Qualitative and quantitative problem-solving methods used to enhance managerial competence in the operations functions.

Prerequisite: Junior standing; ISM 110; ACCT, BADM, CARS, ENTR, FINC, INTB, ISSC, MKTG, or STHP major

Notes: Formerly ISM 360

SCM 304 Managing and Organizing Projects (3:3)

An introduction to modern methods for defining, planning, managing, and controlling large projects. Computer software and network modeling are used to support the efficient scheduling of interdependent activities.

Offered: Spring

SCM 402 Logistics and Supply Chain Management (3:3)

Roles of distribution and materials management in operations. Topics include inventory and distribution management, purchasing, logistics and supply chain management. Appropriate software used to facilitate decision-making.

Prerequisite: ECO 250; ACCT, BADM, CARS, ENTR, FINC, INTB, ISSC, MKTG, or STHP major; or permission of the instructor

Offered: Fall

Notes: Formerly ISM 402

SCM 432 Supply Chain Management Project (3:3)

Semester-long project involving Supply Chain Management topics. Activities will include project planning, assessment and implementation planning, application of SCM knowledge and critical thinking to real world problems.

Prerequisite: Either SCM 206 or SCM 302 or SCM 402; ISSC major

Offered: Spring

Notes: Formerly ISM 432.

SCM 498 Independent Study (1–3)

Individual study of issues and problems in supply chain management. May include certification components and instruction. Students must arrange time and course requirements with instructor prior to registration.

Prerequisite: Permission of instructor, senior standing, and approval of written plan of study prior to registration

Notes: May be repeated for a total of 6 semester hours with approval of department head.

SCM 499 Problems in Supply Chain Management (3:3)

Group study and research with class discussion covering current supply chain management topics. Student teams interact with local firms via company projects.

Prerequisite: Permission of instructor

Notes: May be repeated for a total of 6 semester hours with approval of department head.

The new baccalaureate program in Integrated Science provides an opportunity for students to develop a knowledge base in the sciences, explore one science area in depth, and study the interconnectedness of the sciences in real world situations. The program will be the foundation for a comprehensive science teacher licensure program, and provides a valuable undergraduate program for students interested in a technical foundation to accompany a liberal education. It will serve students interested in technical writing, science policy, patent law, and even professional school—a student who selects the biology or chemistry focus would complete almost all of the core courses recommended for pre-professional preparation. The program includes foundation courses in biology, chemistry, earth science, and physics. Students take at least three upper level courses in one science area, and several courses that investigate the nature of scientific discovery, development of scientific knowledge, and the applications of science.

Student Learning Objectives

1. Provide strong foundational knowledge in the traditional disciplines of biology, chemistry, earth science and physics.
2. Provide opportunities for students to explore science as it integrates across the traditional disciplines.
3. Evaluate real world problems that require interdisciplinary knowledge of the sciences.
4. Provide a program for students preparing for licensure in comprehensive science at the secondary level.

Special Programs in Liberal Studies Major, Integrated Science Concentration (SPLS)— B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

I General Education Core Requirements (GEC)

See complete GEC requirements and approved course listings for all categories.

GLT—Literature (3 s.h.)

Student selects 3 s.h. from GLT list.

GFA—Fine Arts (3.s.h.)

Student selects 3 s.h. from GFA list.

GPR—Philosophical, Religious, Ethical Principles (3 s.h.)

Student selects 3 s.h. from GPR list.

GHP—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GHP list.

GNS—Natural Sciences (8 s.h.)

CHE 111	General Chemistry I
CHE 112	General Chemistry I Laboratory
PHY 211	General Physics I

GMT—Mathematics (3 s.h.)

MAT 191	Calculus I
---------	------------

Student selects 3 s.h. from GMT list.

GRD—Reasoning and Discourse (6 s.h.)

ENG 101	College Writing I
	or
FMS 115	Freshman Seminar in Reasoning and Discourse I
	or
RCO 101	College Writing I

Student selects additional 3 s.h. from GRD list.

GSB—Social and Behavioral Sciences (6 s.h.)

Student selects 6 s.h. from GSB list.

II General Education Marker Requirements

See details and courses. It is possible to meet all GE Marker Requirements while completing the GE Core requirements or courses required by the major/concentration.

Students may select courses for:

Global/Global Non-Western Perspectives (GL/GN)

four (4) courses carrying GL/GN markers, at least one of which must carry the GN marker

One Speaking Intensive (SI) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major**. All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One Writing Intensive (WI) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major**. All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

III College of Arts and Sciences Additional Requirements (CAR)

See CAR requirements in the Academic Units section. See the GEC Course Summary Table for approved CAR courses.

Historical Perspectives on Western Culture

one additional GHP course

[Including GEC, students must complete 6 semester hours of GHP courses with one premodern (GPM) course and one modern (GMO) course]

Humanities and Fine Art

one additional Literature (GLT) course

Natural Sciences

required:

BIO 111 Principles of Biology I

Social and Behavioral Sciences (GSB)

one additional GSB course

Foreign Language (GFL)

intermediate-level proficiency in one language

demonstrated by placement test, or completion of course work through course number 204

Writing Intensive Courses (WI)

a total of four WI courses

IV Major Requirements (minimum 57 semester hours)

Completion of the specified courses in each of the following areas:

A. Introductions:

ISC 111 Introductory Integrated Science
ISC 211 Milestones in Science

B. Foundation Courses:

BIO 111 Principles of Biology I
BIO 112 Principles of Biology II

CHE 111 General Chemistry I
CHE 112 General Chemistry I Laboratory
CHE 114 General Chemistry II
CHE 115 General Chemistry II Laboratory
GEO 106 Geosystems Science
GEO 106L Geosystems Science Laboratory
GEO 311 Weather and Climate
GEO 311L Climatology Laboratory
PHY 211 General Physics I
PHY 212 General Physics II

Students who plan to take the Physics Advanced Courses must take:

PHY 291 General Physics I with Calculus
PHY 292 General Physics II with Calculus

instead of:

PHY 211 General Physics I
PHY 212 General Physics II

C. Advanced Courses:

10-13 credits in one discipline, chosen from the following:

Biology:

BIO 301 Principles of Ecology
BIO 302 Introductory Ecology Laboratory
BIO 355 Cell Biology
BIO 356 Cell Biology Laboratory

Courses

MAT 191 Calculus I
STA 271 Fundamental Concepts of Statistics

Only courses in the major and related area requirements completed with a grade of C (2.0) or greater will count toward the degree. A GPA of 2.50 or greater in the science courses in the major is required for the degree.

VI Electives

Electives should be sufficient to complete the 122 semester hours required for the degree.

Special Programs in Liberal Studies Major,
Integrated Science with Secondary
Comprehensive Science Teaching Licensure
Concentration (SPLS)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U837

The Comprehensive Science High School Licensure program provides a strong background in the sciences as well as licensure for teaching in the traditional science areas of biology, chemistry, earth science, and physics in high schools. This program is very attractive to school administrators and recognizes that many high school science teachers are assigned to teach more than one subject.

I General Education Core Requirements (GEC)

See complete GEC requirements and approved course listings for all categories.

GLT—Literature (3 s.h.)

Student selects 3 s.h. from GLT list.

Student selects 6 s.h. from GSB list.

II General Education Marker Requirements

See details and courses. It is possible to meet all GE Marker Requirements while completing the GE Core requirements or courses required by the major/concentration.

Students may select courses for:

Global/Global Non-Western Perspectives (GL/GN)

four (4) courses carrying GL/GN markers, at least one of which must carry the GN marker

One Speaking Intensive (SI) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One Writing Intensive (WI) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

Interior Architecture Major (IARC)—B.F.A.

Degree: Bachelor of Fine Arts

Required: 127 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U540

The Interior Architecture program is structured around a continuing sequence of studio courses that help the student develop a deepening mastery of the processes of designing architectural interiors.

The first year presents small-scale problems that take the student through the total design process, from problem identification to graphic communication of the solution. Methods of making and craft are emphasized.

Second-year design studios focus on the development of scale and proportioning systems within the context of interior spaces. Communication skills are stressed.

Third- and fourth-year studio courses deal with typical interior environments, with emphasis on institutional and commercial interiors, but also including residential design, historic restoration, adaptive reuse, and interior product design. Attention is also directed toward the environmental needs of special populations.

The major requirement in IARc Experience courses (9 s.h.) offers students opportunities for educational experiences beyond the classroom in the form of study abroad, field study, practicum, design thesis, concentrated electives, or a second internship.

The Interior Architecture Internship provides opportunities for experiential learning in design practice through private design firms, government agencies, or health care facilities.

Accreditation

The Interior Architecture program is accredited by the Council for Interior Design Accreditation (CIDA).

Departmental Admission

Enrollment in the Interior Architecture program is limited. Students are admitted on evidence of scholastic and design potential, motivation, and self-direction. A personal interview or group orientation during a scheduled Open House is required. Students may not enroll in interior architecture courses without formal admission to the Interior Architecture program or written permission of the instructor.

Transfer students applying for advanced studio placement must present a portfolio and transcript evidence of relevant achievement through prior course work or experiences.

Interior Architecture Learning Community

The integrated curriculum and work environment of IARc is recognized by UNCG as a university learning community, affording IARc students opportunities to enhance their experiences through prioritized class registration, access to the *New York Times* learning partnership, and subsidized field trips during their first year.

Curriculum Policies

The policies of the Undergraduate Program were developed with the best interests of the students in mind. Minimum requirements for overall and studio performance ensure that students understand the rigors of design, and by doing well in an academic setting, will be prepared to enter a competitive work force. Students who fall below these standards in the protected environment of an academic setting where faculty members are invested in each student's success are not likely to do well in competitive professional practice.

- Students are expected to maintain a minimum 2.0 GPA overall, a minimum 2.0 GPA in the IARC major, and a minimum 2.0 in their studio courses.
- Students with less than a 2.0 GPA overall, in the IARC major, or in any studio course, will be informed in writing by the Department Chair that a probationary period has begun. Students must raise their GPA and/or studio grades to the required 2.0 during the successive semester. Those who do not will be suspended from active status as an Interior Architecture major for a period of one year.
- Students earning a D+, D, D-, or F in a studio (IAR 101, IAR 102, IAR 201, IAR 202, IAR 301, IAR 302, IAR 411, IAR 412) will be required to repeat the course.
- Students on probation twice within a four semester studio sequence will be suspended from active status as

an Interior Architecture major for a period of one year. Students in this situation who are enrolled in 4th- and 5th-year courses will meet with the Department Chair to discuss their future in the department.

- Students who have been suspended for a year may then petition the department in writing to enroll in Interior Architecture courses. The Department Chair will determine the conditions of re-enrollment such as completing particular course requirements, and inform the student in writing of the departmental decision.
- To appeal a decision regarding probation or suspension, students may submit a letter to the Department Chair explaining the current situation and the reason for the appeal. After consultation with the IARc Undergraduate Curriculum Committee, the Department Chair will write to the student regarding his/her future in the department.
- Students in Interior Architecture are required to complete all course requirements before advancing to a successive studio course, unless granted an exception in writing by the Department Chair. Students who receive an Incomplete, for example, in a studio course must complete that course no later than the Friday of the first week of classes of the successive studio. The Department of Interior Architecture recognizes that university policy allows a 6 month period to finish an Incomplete course; however, due to the sequential nature of studio courses, students must satisfy the course requirements of each studio before advancing to the next level. Students who do not complete the course requirements from a previous studio within the first week of classes will be dropped from the studio course in which they are enrolled.
- Students are expected to complete their work in accordance with the Academic Integrity Policy at UNCG. The latest version is on the Dean of Students Web site.
- Because many learning experiences occur beyond the classroom, the Department of Interior Architecture has an active Speaker Series and often has guests in the department. These events and end of the semester critiques are part of the educational experience, and students are expected to attend. If an absence is necessary, students must inform the faculty member teaching their studio course of the planned absence prior to the event.

II General Education Marker Requirements

See details and courses. It is possible to meet all GE Marker Requirements while completing the GE Core requirements or courses required by the major/concentration.

Students may select courses for:

Global/Global Non-Western Perspectives (GL/GN)

four (4) courses carrying GL/GN markers, at least one of which must carry the GN marker

One Speaking Intensive (SI) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive. IAR 201 satisfies this requirement for IARC majors.

One Writing Intensive (WI) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their

major requirements that is taught as Writing Intensive. IAR 202 satisfies this requirement for IARC majors.

International Study Opportunities

The international context is a vital element of the educational experience for Interior Architecture students. Qualified third- and fourth-year students are encouraged to take advantage of study abroad opportunities in a variety of locations around the world including Australia, Europe, Asia, Central and South America, and Africa. International travel grants are available for participating students through the International Programs Center. Most programs are exchange-based, meaning tuition and fees for study abroad are the same of those at UNCG. Studying abroad, whether one or two semesters, does not extend the student's graduation date.

Interior Architecture Minor

Required: minimum of 18 semester hours

AOS Code: U547

A minor in Interior Architecture is available for majors outside the Department of Interior Architecture. The minor requires a total of 18 semester hours selected from the list below. Applicants are required to meet with an advisor within the department to identify appropriate courses to take. The plan of study for the minor can be designed to enable a concentration in sustainability, design thinking, design theory, entrepreneurship, and historic perspectives.

Students interested in an IARc minor must consult with an IARc advisor before declaring the minor. A cumulative GPA of C (2.0) or better must be achieved in the courses taken toward a minor.

Requirements

Minimum 18 s.h. chosen from the following:

IAR 101	Environmental Design I
IAR 102	Environmental Design II
IAR 110	Design Visualization I
IAR 112	Design Visualization II
IAR 205	The House and Its Furnishings

Interior Architecture Honors

Requirements

For Honors requirements, consult the departmental office and visit the Lloyd International Honors College Web site.

INTERIOR ARCHITECTURE COURSES (IAR)

Courses formerly carried the prefix HID.

IAR 101 Environmental Design I (4:0:8)

Studio investigations of space design at small scale while exploring properties of basic materials. Development of conceptual thinking.

Prerequisite: Admission to the Interior Architecture Program or permission of the instructor

Corequisite: IAR 110

IAR 102 Environmental Design II (4:0:8)

Studio investigations of space design at small scale while exploring properties of basic materials. Development of conceptual thinking.

Prerequisite: IAR 101

Corequisite: IAR 112

IAR 110 Design Visualization I (3:0:6)

Study and application of basic drawing processes for the purpose of enhancing perceptual awareness and developing visual communication and analysis skills.

Prerequisite: IARC major

Corequisite: IAR 101

Offered: Fall

IAR 112 Design Visualization II (3:0:6)

Continued directed drawing experiences intended to extend basic visual communication skills into compositional principles, color theory and application, technical drawing systems and techniques, and industry standards.

Prerequisite: IAR 110

Corequisite: IAR 102

Offered: Spring

IAR 124 Introduction to Sustainable Design (3:3)

This course will provide an overview of sustainable design and the various systems that contribute to it, including the building arts, business, logistics, manufacturing, and energy production.

IAR 126 Experimental Course: The Relationship of Human Beings and the Natural World (3:3)

Exploration from a design perspective of human and environmental relationships that enables us to employ principles and practices that support positive affiliations between human beings and the natural world.

Offered: Offered Spring 2014

IAR 201 Basic Environmental Design III (6:3:6)

Studio investigations of spaces as articulated by the interaction of individual and place. Emphasis placed on cognitive understanding of design process, light and color, construction systems, and ongoing study of materials.

Prerequisite: IAR 102

Corequisite: IAR 211

Notes: Taught as SI (Speaking Intensive).

IAR 202 Basic Environmental Design IV (6:3:6)

Studio investigations of spaces as articulated by the interaction of individual and place. Emphasis placed on cognitive understanding of design process, light and color, construction systems, and ongoing study of materials.

Prerequisite: IAR 201

Corequisite: IAR 212

Notes: Taught as WI (Writing Intensive).

IAR 205 The House and Its Furnishings (3:3)

Evaluation of housing alternatives; planning furnishings according to space use, aesthetics, economy, and individuality.

Notes: Open to non-majors.

IAR 211 Visual Communication I (2:0:4)

Two- and three-dimensional visual studies related to conceptual and definitive aspects of design process. Exercises aimed at developing a mastery of both technical and non-technical methods of visual communication.

Prerequisite: IAR 112

Corequisite: IAR 201

IAR 212 Visual Communication II (2:0:4)

Two- and three-dimensional visual studies related to conceptual and definitive aspects of design process. Exercises aimed at developing a mastery of both technical and non-technical methods of visual communication.

Prerequisite: IAR 211

Corequisite: IAR 202

IAR 221 History and Theory of Design I (3:3)

Survey of design forms evolved in response to humankind's needs for community, architecture, furnishings, and artifacts, with development from prehistoric to modern eras in cultural, political, and technological contexts.

Distribution: GE Core: GFA, GE Marker: GL

IAR 222 History and Theory of Design II (3:3)

Survey of design forms evolved in response to humankind's needs for community, architecture, furnishings, and artifacts, with development from prehistoric to modern eras in cultural, political, and technological contexts.

Distribution: GE Core: GFA; GE Marker: GL

IAR 301 Interior Architecture I (6:3:6)

Studio investigations of increasingly complex spaces as articulated by the interaction of individual and place. Special emphasis on light, color, materials and structure as aspects of spatial design.

Prerequisite: IAR 202, IAR 212

IAR 302 Interior Architecture II (6:3:6)

Design investigations of spaces of increasing scale and complexity articulated by the interaction of individual and place. Special emphasis on social/behavioral aspects of interior architecture and responsibilities of designer to society.

Prerequisite: IAR 301

IAR 311 Computer-Aided Design for Interior Architecture (3:3)

Introduction to computer-aided design technology, historical context, and professional use in interior architecture and design. Use of CAD equipment and production of design drawings.

Prerequisite: IAR 212 or permission of instructor

IAR 321 Design Thinking and/or Entrepreneurial Thinking (3:3)

Theories and applications of design thinking and entrepreneurial thinking will be explored. Students

interested in innovation and creativity with application ranging from regional to global in practice will benefit.

Offered: Spring

Distribution: GE Marker: GL

Cross Listed: Same as ENT 321.

IAR 331 Social and Behavioral Aspects of Interior Architecture (3:3)

Introduction to literature and methods of environmental design research as it applies to interior environments.

Prerequisite: IAR 202 or permission of instructor

IAR 332 Interior Architecture Materials (3:3)

Study of materials used in interior architecture applications.

Prerequisite: IAR 201 or permission of instructor

IAR 333 Interior Architecture Construction and Building Systems (3:1:4)

Study of interior architecture construction methods, structural systems, and building mechanical systems.

Prerequisite: IAR 202 or permission of instructor

IAR 334 Light and Sound (3:3)

Study of light and sound as potential creative mediums to meet functional, sensory, and behavioral needs. Emphasis placed on experimentation with light and sound in relation to other design elements.

Prerequisite: IARC major; IAR 301 or equivalent; or permission of instructor

Offered: Fall or Spring or Summer

IAR 355 Housing and Community (3:3)

Introduction to housing as an environment for living. Sociological, psychological, economic, and technological aspects of shelter explored from both historical and contemporary perspectives.

IAR 411 Interior Architecture III (6:3:6)

Studio investigations of multi-function environments incorporating understanding of light, color, materials, structure, and technology. Emphasis on individual competence with respect to design process.

Prerequisite: IAR 302

IAR 412 Interior Architecture IV (6:3:6)

Studio explorations encompassing the full range of interior architecture scale and complexity. Emphasis on individual competence with respect to design process.

Prerequisite: IAR 411

IAR 432 Special Problems in Interior Architecture (1-4)

Independent study of topics of special interest.

Prerequisite: Permission of instructor with whom student wishes to work

Notes: May be repeated for credit up to maximum of 8 hours.

IAR 451 Professional Practice in Interior Architecture (3:3)

Investigation of business, legal, ethical aspects of professional practice in interior architecture by students, staff, and guest speakers.

Prerequisite: IAR 202

IAR 452 Internship in Interior Architecture (4:4)

Design-relevant internship experiences in off-campus organizations and professional settings. Approved learning plan required prior to beginning experience.

Prerequisite: Third-year standing and permission of instructor

Offered: Fall & Spring & Summer

Notes: Grade: Pass/Not Pass (P/NP). May be taken twice for total of 8 s.h. credit.

IAR 493 Honors Work (3-6)

Prerequisite: Permission of instructor; 3.30 GPA in the major, 12 s.h. in the major

Notes: May be repeated for credit if the topic of study changes.

IAR 499 International Field Studies in Interior Architecture (4-6)

Investigation of international design contexts to be formulated in collaboration with faculty and undertaken through study abroad programs.

Distribution: GE Marker: GL

IAR 501 Advanced Interior Architecture I (6:0:12)

Advanced design problems having complex functional, social, and economic implications, with emphasis on problem identification, formulation, and design development. IAR 501 taught as Writing Intensive (WI).

Prerequisite: IAR 412 for undergraduates

IAR 502 Advanced Interior Architecture II (6:0:12)

Advanced design problems having complex functional, social, and economic implications, with emphasis on problem identification, formulation, and design development. IAR 502 taught as Writing Intensive (WI).

IAR 527 Problems in Interior Architecture (2–6)

Individual study.

Prerequisite: Permission of instructor

IAR 530 Introduction to Public Interest Design (3:3)

An introduction to the social, economic, and environmental theories and practices that define Public Interest Design, using a literature review and case studies in interior design, architecture, city planning, product design, and other related disciplines.

- *Registration Restriction: Junior standing or above (or permission of instructor)*

IAR 531 Design Seminar (2:2)

Investigation of current research and subjects of topical interest in environmental design.

Prerequisite: Permission of instructor

Notes: May be repeated for a total of 4 hours credit.

IAR 532 Interior Architecture Laboratory (1–3:0:3–9)

Laboratory study with faculty to complete final phases of projects begun in previous semesters including the fabrication or prototyping of studio projects, preparation for design competition, or extended work with community partners.

Prerequisite: IAR 101

IAR 535 Architectural Lighting Design (2:2)

Study of architectural lighting design: uses and control of light, lighting fixtures, and lighting installation for desired effect.

IAR 536 History of Decorative Arts (3:3)

Study of stylistic and cultural developments in the decorative arts with special concentration on America.

Cross Listed: Same as HIS 536.

Mission Statement

The International and Global Studies Program educates and empowers students to be engaged global citizens. Our interdisciplinary, liberal arts approach emphasizes intercultural competency, strong foreign language proficiency, and a critical understanding of the complexity and interconnectedness of world regions and populations. Study Abroad and other cross-cultural experiences are also integral components of the Program. We therefore prepare our students for a variety of public- and private-sector careers where these qualities and experiences are valued, as well as for graduate and professional studies in fields with an international or global focus.

Special Programs in Liberal Studies Major Concentrations in the International and Global Studies Program

Concentration areas afford intellectual and curricular definition to each student's course of study. Majors, second

majors, and minors should select the concentration area that best complements their interests.

Functional Studies

- **International and Global Affairs and Development** (major concentration):
A study of the political, sociological, economic, environmental, and health-related issues and the interdependence among peoples, governments, and nations of the world.
- **International and Global Arts and Belief Systems** (major concentration):
A study of the arts, literatures, philosophies, and belief systems unique to and interconnecting other nations and peoples of the world.
- **International and Global Human Rights** (major concentration):
A study of the foundations of freedom, justice, and peace as they relate to the protection of the dignity and rights of human beings around the world.

Regional Studies

- **Asian Studies** (major concentration or minor)
- **Latin American and Caribbean Studies** (major concentration or minor)
- **Russian Studies** (major concentration or minor)
- **African Studies** (minor)
- **European Studies** (minor)

Requirements

The course of study in all major concentration areas includes:

1. Foreign Language: Six (6) s.h. of a modern foreign language at the 300 level or above. Languages offered at the upper levels at UNCG include Chinese, French, German, Japanese, Russian, Spanish (Italian is taught through the intermediate level only). Other languages meeting this requirement must be approved by the Director. Note: Students pursuing Regional Studies concentrations must take a language appropriate for their region: Chinese or Japanese for Asian Studies; Spanish, French, or Portuguese for Latin American & Caribbean Studies; Russian for Russian Studies.
2. Core Courses:
 - a. Introduction Core Course: Three (3) s.h. to be chosen from IGS 200 or IGS 210 or IGS 213
 - b. Capstone Seminar: Three (3) s.h. of IGS 400

3. Additional Courses (18 s.h.): Courses selected according to the student's concentration and special interests in consultation with the Director of the Program. See "Special Programs in Liberal Studies Major, International and Global Studies Concentration (SPLS)-B.A." for further information.
4. International/Global Experience (IGE): By the end of their final semester of study, all IGS majors must have completed an approved "international" or "global" experience. This requirement will be met by completing a qualified study-abroad experience that satisfies the following requirements:

A Qualified Study-Abroad Experience. Study abroad affords the greatest opportunity for total immersion in another socio-political, economic, and cultural context, thus enhancing knowledge, skills, and dispositions central to the major. In addition, course work completed during study abroad typically has application toward the major's curricular requirements (especially IGS's foreign language and/or Additional Course requirements). The following characteristics shall distinguish such an experience as "qualified":

- Any semester- or year-long study abroad experience with exchange partners arranged through UNCG's International Programs Center (IPC).
- A short-term or summer study-abroad program approved by IPC or the IGS Director and equivalent to at least 6 semester hours of academic credit.

Note: whenever possible, students should select a study abroad site that affords an immersion experience for the foreign language they are studying to meet the IGS FL requirement.

Confirmation of completion of this requirement will be documented on the **IGS Degree Audit** following review of the student's UNCG transcript or UNCG degree evaluation. This audit will be submitted to the Registrar's Office at the end of the major's program of study.

Study Abroad Alternative: In circumstances where study abroad is unfeasible (e.g., in cases of serious financial or personal hardship) or redundant (e.g., in cases of international students), a major must submit a "Study Abroad Alternative" request to the IGS director, who will assess the validity of the case. Should the study abroad obligation be waived, the IGE requirement should be met by completing the UNCG **Global Leadership Program (GLP)** by the student's final semester of study. The GLP offers students who are interested in international and global societies and issues an opportunity to hone the range of skills necessary to develop as global leaders. Through a combination of experiences involving work with immigrants and refugees in the local community and/or

foreign students on campus, GLP participants will prepare themselves to become engaged world citizens with an appreciation of the importance of intercultural understanding.

Additional alternatives may be available. Contact the IGS director for details.

C. Additional courses (9 s.h.), with at least 6 s.h. at the 300 level or above

Selected from the same categories listed under IV Major Requirements (C.), with no more than six (6) s.h. from any one category and all courses appropriate to the student's concentration area.

INTERNATIONAL AND GLOBAL STUDIES COURSES (IGS)

IGS 200 Introduction to International and Global Studies (3:3)

An interdisciplinary course introducing students to terms, concepts and approaches employed in discussing, analyzing, and responding to today's international and global issues, with an emphasis on the non-Western world.

Distribution: GE Marker: GN

Notes: Required for IGS majors and minors.

IGS 210 Introduction to Asian Studies (3:3)

An interdisciplinary course introducing students to the study of Asia as a region, along with the methods of investigation and transferable skills of a focused regional approach.

Offered: Alt Fall

IGS 213 Introduction to Russian Studies (3:3)

An interdisciplinary course introducing students to substantive concerns of Russian Studies along with the methods of investigation and transferable skills employed in it.

Distribution: GE Marker: GN

IGS 223 Foundational Topics in International and Global Studies (3:3)

An intermediate-level course concentrating on foundational topics of international or global concern. Course content may grow out of issues explored in IGS 200 or IGS 210 or IGS 213.

Offered: Fall & Spring & Summer

Notes: May be repeated for credit when topic changes.

IGS 295 Study Abroad for Global Engagement: Pre-Departure (1:1)

First of three courses taken in conjunction with a UNCG Study Abroad Exchange. Focus on pre-departure basics, field study techniques, and goal setting for global engagement through cultural competency.

- *Registration Restriction: Acceptance to a UNCG Study Abroad Exchange Program*

Notes: May be repeated up to three times (for three different exchange experiences) for credit when topic varies for a total of 3 s.h.; however, may apply only once toward Special Programs in Liberal Studies: IGS major concentration requirements. Grade: Pass/Not Pass (P/NP).

IGS 296 Study Abroad for Global Engagement: Field Experience (1:0:3)

Second of three courses taken in conjunction with a UNCG Study Abroad Exchange. Online individual study focusing on the field experience and appropriate engagement in international, intercultural, and/or multicultural contexts.

- *Registration Restriction: Acceptance to a UNCG Study Abroad Exchange Program*

Prerequisite: IGS 295

Notes: May be repeated up to three times (for three different exchange experiences) for credit when topic varies for a total of 3 s.h.; however, may apply only once toward Special Programs in Liberal Studies: IGS major concentration requirements. Grade: Pass/Not Pass (P/NP).

Cross Listed: Same as SES 296, TED 296.

IGS 297 Study Abroad for Global Engagement: Re-Entry Reflections and Applications (1:1)

Third of three courses taken in conjunction with a UNCG Study Abroad Exchange. Focus on the re-entry and re-accluturation processes and the integration of intercultural development into future contexts.

- *Registration Restriction: Acceptance to a UNCG Study Abroad Exchange Program*

Prerequisite: IGS 296

Notes: May be repeated up to three times (for three different exchange experiences) for credit when topic varies for a total of 3 s.h.; however, may apply only once toward Special Programs in Liberal Studies: IGS major concentration requirements. Grade: Pass/Not Pass (P/NP).

Cross Listed: Same as SES 297, TED 297.

IGS 333 Selected Topics: International and Global Studies (3:3)

An advanced-level course concentrating on topics of international or global concern. Course content may grow out of issues explored in IGS 200 or IGS 210 or IGS 213.

Notes: May be repeated for credit as topic changes.

IGS 400 Capstone Seminar in International and Global Studies (3:3)

End-of-major interdisciplinary seminar involving advanced examinations of contemporary international and global issues, the production of a substantial research project related to the student's concentrations, and intercultural competence training.

Prerequisite: IGS 200 or IGS 210 or IGS 213 or an approved "Intro Core" equivalent

Notes: Required for majors who have completed at least 15 s.h. of IGS-qualified additional courses. Exceptions must be approved by the Director of IGS.

IGS 493 Honors Work (3:3)

Prerequisite: Permission of instructor; permission of IGS director; minimum 3.30 GPA and 12 s.h. in the major

Notes: May be repeated for credit for a maximum of 6 s.h. if the topic of study changes

IGS 495 Individual Study (1–3)

Directed program of individual study or research. Available to qualified students in collaboration with a qualified instructor and/or the IGS director.

Prerequisite: IGS 200 or IGS 210 or IGS 213; and permission of IGS director

Notes: May be repeated for a maximum of six (6) semester hours.

International Programs Center

207 Foust Building
336-334-5404
www.uncg.edu/ipg

Hours: Monday–Friday, 8:00 a.m.–5:00 p.m.

As the university's central point of contact for all of its international activities, IPC does many things that help increase the diversity of UNCG's faculty and students.

Study Abroad

A UNCG student in good standing may spend a summer, semester, or academic year abroad in several ways.

Academic Year and Semester Abroad Programs

UNCG Exchange Programs

Through various exchange agreements, a UNCG student may swap places with a student in another country. Under these arrangements, students study abroad for approximately the cost of being in residence at UNCG. Students can choose from over ninety exchange partner programs in more than forty-five countries. Examples of our partner program locations include Australia, Botswana, Canada, Chile, China, Estonia, Finland, France, Germany, Italy, Japan, Korea, Mexico, New Zealand, Peru, Poland, South Africa, Spain, Sweden, Turkey, and the United Kingdom. As a member of ISEP (a Virginia-based exchange organization), UNCG is also able to place students in any one of 300 member institutions in 42 countries overseas. The cost of such study is about the same as being in residence at UNCG.

The University of North Carolina Exchange Programs (UNC-EP)

Through this UNC system-wide program (headquartered at UNCG), UNCG is able to place students in any of eight countries overseas. These programs are available through UNC-EP negotiated exchange agreements. The cost of such study is about the same as being in residence at UNCG.

Semester Abroad Programs

UNCG offers other study abroad semester programs to several countries including India and Russia. Although not student exchange programs, these study abroad options are nonetheless less costly than study abroad opportunities offered through most other providers.

Non-UNCG Programs

A UNCG student may spend a summer, semester, or year abroad under the auspices of a group or institution approved by the UNCG Study Abroad Committee. While generally more costly than ISEP or the UNCG programs, this option may be of interest to students seeking particular experiences not otherwise available.

Short-Term Faculty-Led Summer Abroad Programs

UNCG professors regularly lead student groups overseas. Over the past few years, groups have gone to such countries as Costa Rica, France, Greece, Spain, United Kingdom, and Zambia. These programs generally involve five or six weeks of supervised travel and study in the summer or for shorter periods throughout the year. Several exchange partner universities also offer summer study and internships abroad as well.

International Student and Scholar Services

UNCG is home to 600 international students and scholars who represent 90 countries around the world. Specific services and advocacy are provided by the International Student and Scholar Services (ISSS) for degree-seeking international students and visiting scholars, including faculty, researchers, and observers. IPC provides services from the time of initial contact through the student or scholar's entire experience at the university.

Committees

All study abroad and international students and scholars activities are carefully supervised by the UNCG Study Abroad Committee and the International Students and Scholars Services Committee.

INTERNATIONAL PROGRAMS COURSES (IPC)

www.uncg.edu/kin

Faculty

Sandra Shultz, Professor and Chair of Department

*Professors Chen, Ennis, Etnier, Gill, Goldfarb, Martinek,
Starnes, Williams*

*Associate Professors Davis, Jamieson, Karper, Newcomer,
Ross, Schmitz, Wideman*

Assistant Professors Raisbeck, Rhea

AP Professor Kocher-Brown

AP Associate Professors Poole, Richards, Terranova

AP Assistant Professor Duffy

Mission Statement

The mission of the Department of Kinesiology is to prepare professionals at both the undergraduate and graduate levels through excellence in teaching, research, and service so that they may encourage enhanced performance and quality of life of all citizens of the Piedmont Triad and beyond through active lifestyles and lifetime physical activity.

Transfer Students

Students who enter the UNCG Kinesiology major as transfers in the junior year should expect to take at least an extra semester of work unless they enter with a strong background in science (BIO 111, BIO 271, BIO 277) and physical education activities. For those students seeking Teacher Licensure who are also required to complete a second academic concentration, the time commitment may be further extended.

KINESIOLOGY MAJOR (KINE)—B.S.

Degree: Bachelor of Science

Required: 122–128 semester hours, to include at least 36 hours at or above the 300 course level

Available Concentrations and AOS Codes:

Kinesiology, U460

Physical Education and Health Teacher Education
with K–12 Licensure, U409

Requirements

All concentrations in the Kinesiology Major require courses in the following areas:

1. General Education Core Requirements
2. General Education Marker Requirements
3. Major Core Requirements
4. Related Area Requirements
5. Concentration Requirements
6. Electives
7. Additional Requirements

Each concentration has additional requirements for graduation. The specific course requirements and additional requirements are listed in each concentration section.

Kinesiology Major: Physical Education and Health Teacher Education Concentration (KINE)—B.S.

Degree: Bachelor of Science

Required: 128 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U409

The **Physical Education and Health Teacher Education** concentration leads to dual licensure for teaching in North Carolina and most other states. The dual licensure program prepares a student to teach physical education and health in grades K–12. Throughout the program there are opportunities for observation, participation, assisting and “mini-teaching,” and coaching experiences with public school students, including those with special needs.

A second academic concentration in Healthful Living is required for completion of this concentration.

Student Learning Goals

Students completing this program will understand physical education and health content, disciplinary concepts, dispositions and tools of inquiry related to how individuals learn and develop movement skills and lead healthy lifestyles. They will demonstrate effective verbal, nonverbal, and media communication techniques. They will be able to plan and implement a variety of developmentally appropriate instructional strategies, and use both formal and informal assessment strategies. A focus will be on becoming a reflective practitioner who

collaborates with others and seeks opportunities to grow professionally.

 - Liability Insurance (fee) will be required prior to any practical experience with children on campus or in a school setting.
 - Students are required to pay a student teaching special fee prior to their student teaching experience.
 - First Aid and CPR (fee) certification is required and must remain current for the entire student teaching experience (Student Teaching and Seminars in Physical Education).
 - To qualify for graduation in this concentration and licensure, all majors must achieve a grade of C (2.0) or better in each required course with a KIN prefix and BIO 271 and BIO 277.

- To qualify for graduation in this concentration and licensure, all majors must complete a Taskstream Portfolio (fee).
- To qualify for graduation in this concentration and licensure, all majors must attempt the Praxis II: Health and Physical Education: Content Knowledge test. For additional information about the Praxis II, please see the North Carolina Department of Public Instruction Web site at <http://www.ncpublicschools.org/licensure>.
- Licensure application must be submitted through the UNCG Teacher Education program at the completion of the PEHTE program (fee).
- To graduate, all majors must obtain at least 36 s.h. in courses at the 300 level or above.
- Students in this concentration who do not graduate within seven years or who leave school and later reenter are held to the current program requirements at the time of crossing from the seventh to the eighth year, or are held to the current program requirements during the year of reentry.
- Appeals of any of these requirements must be filed with the appropriate departmental committee within one academic year.

Kinesiology Major: Kinesiology Concentration (KINE)—B.S.

Degree: Bachelor of Science

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Codes: U460

The Kinesiology major prepares students for careers in sports medicine, preventive and rehabilitative exercise and fitness. Graduates from this concentration are able to pursue careers in fitness, personal training, cardiac rehabilitation, exercise physiology and related fields. Additionally, completing this major is a first step toward providing students with the necessary academic and clinical experience for future study in allied health fields. Examples include, but are not limited to, athletic training, physical therapy, occupational therapy, physician's assistant, podiatry, dentistry, and medicine.

Student Learning Goals

1. Students completing this program will demonstrate a basic knowledge of anatomy.
2. Students completing this program will demonstrate a basic knowledge of biomechanics.
3. Students completing this program will demonstrate a basic knowledge of exercise physiology.

Academic Departments, Programs, and Courses

4. Students completing this program will demonstrate a basic knowledge of sociohistorical foundations of Kinesiology.
5. Students completing this program will demonstrate a basic knowledge of human development over the lifespan
6. Students completing this program will apply the basic scientific theories and principles that serve as a foundation for the allied health and medical professions.
7. Students completing this program will demonstrate a basic knowledge of the structure and function of the human body and the stresses associated with movement, exercise and the demands of various physical activities.
8. Students completing this program will demonstrate a basic knowledge of the prevention, care, and treatment of injuries and illnesses that commonly occur in physical activity.

I General Education Core Requirements (GEC)

See complete GEC requirements and approved course listings for all categories.

GLT—Literature (3 s.h.)

Student selects 3 s.h. from GLT list.

GFA—Fine Arts (3.s.h.)

Student selects 3 s.h. from GFA list.

GPR—Philosophical, Religious, Ethical Principles (3 s.h.)

Student selects 3 s.h. from GPR list.

Humanities and Fine Arts (3 s.h.)

Student selects additional 3 s.h. from GLT, GFA, or GPR list.

GHP—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GHP list.

GNS—Natural Sciences (7 s.h.)

PSY 121 General Psychology

II General Education Marker Requirements

See complete GEC requirements under General Education Program in the University Requirements section. See the GEC Course Summary Table for approved courses.

GL/GN—Global/Global Non-Western Perspectives

four (4) courses carrying GL/GN markers; at least one course must carry the GN marker

One SI (Speaking Intensive) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One WI (Writing Intensive) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

III Major Requirements

All KIN courses must be completed with a grade of C (2.0) or higher. No required KIN course may be taken more than twice. Students who receive a grade below C twice in the same required KIN course will be dropped from the major.

1.

KIN 220 Lifetime Wellness
KIN 250 Introduction to Kinesiology
KIN 265 Strength Training and/or Conditioning
KIN 330 Critical Analyses for a Physically Active Society
KIN 353 Injuries and Illnesses in Physical Activity
KIN 370 Assessment and Evaluation in Kinesiology
KIN 375 Physiology of Sport and Physical Activity
KIN 376 Biomechanics of Sport and Physical Activity
KIN 379 Exercise Instruction
KIN 386 Motor Development and Learning
KIN 388 Psychology of Physical Activity

2. Activity Courses

Four activity courses must be completed with a minimum grade of C (2.0).

One of the following must be included:

KIN 150	Swimming for Non-Swimmers
KIN 151	Beginning Swimming
KIN 203	Fitness Swim
KIN 252	Low Intermediate Swimming
KIN 254	High Intermediate Swimming
KIN 256	Advanced Swimming
KIN 263	Basic SCUBA
KIN 264	Advanced SCUBA

IV Related Area Requirements

1. Biology

BIO 111	Principles of Biology I
---------	-------------------------

2. Anatomy and Physiology

A minimum of 3 s.h. of anatomy and 3 s.h. of physiology is required. Anatomy/physiology combined courses must be at least 6 s.h. to count as both anatomy and physiology. Students may take multiple levels of combined anatomy and physiology courses (A&P I and A&P II) in order to achieve the minimum 6 s.h.

KIN 291	Clinical Human Anatomy or
BIO 271	Human Anatomy
KIN 292	Clinical Human Physiology or
BIO 277	Human Physiology

3. Chemistry

One set chosen from the following:

a.	
CHE 103	General Descriptive Chemistry I
CHE 110	Introductory Chemistry Laboratory
b.	
CHE 104	General Descriptive Chemistry II
CHE 110	Introductory Chemistry Laboratory
c.	
CHE 111	General Chemistry I
CHE 112	General Chemistry I Laboratory
d.	
CHE 114	General Chemistry II
CHE 115	General Chemistry II Laboratory

4. Nutrition

One course with the NTR prefix chosen from course numbers 213 to 599.

5. Communication Studies

One course with the CST prefix chosen from course numbers 105 to 599.

6. Psychology

PSY 121	General Psychology
---------	--------------------

V Electives

Students will need to take elective hours prior to graduation. The number of electives needed varies based on course selection and any transfer credits. At least 122 hours are required to graduate. Students must complete at least 15 s.h. of electives with at least 6 s.h. coming from KIN courses.

VI Additional Requirements

1. Minimum GPA

A minimum 2.50 GPA and a grade of at least C (2.0) in each required KIN course.

KIN 466	Practicum in Fitness Leadership
KIN 468	Exercise Testing and Prescription I
KIN 469	Exercise Testing and Prescription II
KIN 471	Internship Preparation in Fitness Leadership
KIN 570	Development and Implementation of Fitness Programs

2. Admission

All students will be initially classified as Pre-Kinesiology. To apply for admission into the Kinesiology major students must have a minimum GPA of 2.50 in the major and satisfactorily complete the following courses.

Transfer and second-degree students must complete these requirements and successfully complete 12 s.h. at UNCG before making application. Application does not guarantee admission.

BIO 111	Principles of Biology I
KIN 250	Introduction to Kinesiology
KIN 291	Clinical Human Anatomy

Note: Registration Restriction

Students will not be allowed to enroll in the following courses without entrance into the KINE major:

KIN 353	Injuries and Illnesses in Physical Activity
KIN 375	Physiology of Sport and Physical Activity
KIN 376	Biomechanics of Sport and Physical Activity
KIN 386	Motor Development and Learning

and any course at the 400 level or above.

3. Minimum Grade

To qualify for graduation in this concentration, all majors must achieve a minimum grade of C (2.0) in each required course with a KIN prefix and maintain a minimum GPA of 2.50 in the major.

4. Minimum Semester Hours

To graduate, all majors must obtain at least 36 s.h. in courses at the 300 level or above.

5. Re-entry

Students in this concentration who do not graduate within seven years or who leave school and later re-enter are held for the current program requirements at the time of crossing from the seventh to the eighth year, or are held to the current program requirements during the year of re-entry.

6. Appeals

Appeals of any of these requirements must be filed with the appropriate departmental committee within one academic year.

Internship Requirements

The Fitness Leadership Internship (KIN 595) has specific requirements. Students should begin investigating these requirements at the beginning of the junior year by obtaining written, detailed instructions from the Kinesiology Department, 237 HHP Building.

Fitness Leadership Internship:

At the time of application for placement in KIN 595, students must present evidence of the following:

1. Health and immunization clearances:
 - a. A tuberculin Mantoux skin test (or chest X-ray if skin test is positive) valid through the internship
 - b. A tetanus toxoid immunization
 - c. Evidence of Rubella, Mumps, and Measles immunization as required by University
 - d. Chicken Pox titer or Chicken Pox vaccination
 - e. Completion of Hepatitis B immunization series (The inoculation series should begin at least one year before the semester of internship placement.)

If immunization requirements change on short notice, students will be notified.
2. Students must purchase professional liability insurance to begin KIN 595. Students should obtain a written, detailed explanation of this requirement in the Kinesiology departmental office.
3. The student must have a cumulative GPA of at least 2.50 to enroll in KIN 595.
4. An application process must be completed prior to registration in KIN 595.
5. KIN 469 must be taken prior to enrollment in KIN 595. KIN 570 may be taken concurrently with enrollment in KIN 595.

Community Youth Sport Development Minor

Required: minimum of 21 semester hours

AOS Code: U443

The CYSD (Community Youth Sport Development) minor is designed for undergraduates with an interest in fostering relationships with youth through sport and physical activity as a means to teach social and personal responsibility.

The CYSD minor may be chosen by any degree-seeking UNCG student. The required 21 semester hours fortifies major course of studies related to youth programming by providing applied learning experiences related to teaching, mentoring, youth program design, implementation and evaluation, and cultural awareness.

Requirements

Minimum requirements for an acceptable program plan include:

Recreation and Parks Management Majors (RPMT)

KIN 356	Leadership and Collaboration
KIN 381	Physical Education for Individuals with Special Needs
KIN 456	Teaching Practicum II: Children's Physical Activity
KIN 457	Teaching Practicum: Adolescents' Physical Activity
KIN 519	Mentoring in Community Youth Development Programs
KIN 520	Physical Activity Programs for Underserved Youth
KIN 521	Evaluation of Physical Activity Programs in Youth Development

All Other Majors

CTR 314	Recreation Services with Underrepresented Groups
CTR 416	Management in Recreation and Parks
KIN 456	Teaching Practicum II: Children's Physical Activity
KIN 457	Teaching Practicum: Adolescents' Physical Activity
KIN 519	Mentoring in Community Youth Development Programs
KIN 520	Physical Activity Programs for Underserved Youth
KIN 521	Evaluation of Physical Activity Programs in Youth Development

Sport Coaching Minor

Required: minimum of 19 semester hours

AOS Code: U410

Requirements

The Sport Coaching Minor may be chosen by any degree-seeking UNCG student. Students must apply and be admitted to the program.

Courses

KIN 213	Sports Performance & Analysis I
KIN 220	Lifetime Wellness
KIN 286/ENT 286	Foundations of Sport Coaching
KIN 287	Coaching in Community-Based Sport Programs
KIN 353	Injuries and Illnesses in Physical Activity
KIN 388	Psychology of Physical Activity or
KIN 230	Psychological Skills for Optimal Performance

Practicum

The following is the last course to be taken in the minor and may be taken only after all other courses are completed:

KIN 477	Coaching Practicum in a Selected Sport
---------	--

Kinesiology Disciplinary Honors

Requirements (12 semester hours)

Twelve semester hours to consist of:

1. Nine (9) s.h. of KIN Honors courses, advanced courses, and/or contract courses including at least six (6) s.h. of upper-division work (300 level or above), and
2. Three (3) s.h. in the form of HSS 490 Senior Honors Project.

Qualifications

1. A declared Kinesiology Major
2. A grade of at least B in all course work used to satisfy the Honors requirement in Kinesiology
3. At least a 3.30 overall GPA at graduation

Recognition

The designation “Completed Disciplinary Honors in Kinesiology” and the title of the Senior Honors Project will be printed on the student’s official transcript.

KINESIOLOGY COURSES (KIN)

KIN 101 Beginning Volleyball (1:0:3)

Development of fundamental skills, strategic elements, and knowledge of volleyball with opportunity for team play.

Notes: Formerly ESS 101.

KIN 102 Team Handball (1:0:3)

Olympic sport activity which uses basketball playing skills in a soccer format.

Notes: Formerly ESS 102.

KIN 103 Softball (1:0:3)

Introduction to basic techniques, knowledge, and strategies of slow pitch softball.

Notes: Formerly ESS 103.

KIN 104 Beginning Basketball (1:0:3)

Development of fundamental skills, strategical elements, and knowledge of basketball.

Notes: Formerly ESS 104.

KIN 106 Beginning Soccer (1:0:3)

Development of fundamental skill, strategies, and knowledge of soccer.

Notes: Formerly ESS 106.

KIN 107 Field Hockey (1:0:3)

Course offers opportunity to develop the necessary skills and knowledge to participate in the team game of field hockey. Topics include skills, field layout, rules, tactics, goalkeeping, and officiating.

Offered: Fall

Notes: Formerly ESS 107.

KIN 119 Physical Activity for Individuals with Special Needs (1:0:3)

Designed to provide one-to-one or small group instruction in physical activity for those students who, because of their disabling conditions, are unable to participate in scheduled physical education activity courses as usually structured.

Prerequisite: Permission of a faculty supervisor and medical approval

Notes: May be repeated for credit. Formerly ESS 119.

KIN 120 Conditioning (1:0:3)

Principles of conditioning. Physical fitness assessment and development of a personal fitness program. Emphasis on maintenance or improvement of cardio-respiratory fitness.

Notes: May be repeated for credit once. Students may not take both KIN 299 and KIN 120. Formerly ESS 120.

KIN 122 Bicycling (1:0:3)

Introduction to basic cycling techniques, safety, bicycle maintenance, planning and participating in various trips. Must have own bike.

Notes: Formerly ESS 122.

KIN 123 Beginning Snow Skiing (1:0:3)

Introduction to basic techniques, safety, and equipment of snow skiing. Fee: approximately \$200, includes equipment rental, slope and lift fee, accident insurance, at French-Swiss Ski School, Blowing Rock, North Carolina.

Notes: Fee: approximately \$200. Formerly ESS 123.

KIN 124 Backpacking (1:0:3)

Introduction to backpacking including 20 hours of class sessions plus 1 overnight weekend trip to relatively secluded area.

Notes: Fee: approximately \$20 for food and travel. Formerly ESS 124.

KIN 125 Hiking/Camping (1:0:3)

Basic hiking/camping skills, compass, and topographical map use. Includes 20 hours of class sessions plus 1 overnight weekend camping trip.

Notes: Fee: approximately \$20 for food, travel, and campground fees. Formerly ESS 125.

KIN 126 Modern Rhythmical Gymnastics (1:0:3)

Manipulation of hand apparatus (balls, hoops, ropes) to musical accompaniment.

Notes: Formerly ESS 126.

KIN 127 Beginning Golf (1:0:3)

Development of fundamental skills, strategic elements, and knowledge of golf. Opportunity to practice at both on and off campus facilities.

Notes: Fee: approximately \$30. Formerly ESS 127.

KIN 128 Beginning Bowling (1:0:3)

Development of fundamental skills, strategic elements, and knowledge of bowling with opportunity for match play.

Notes: Fee: approximately \$30 for use of off-campus facility. Formerly ESS 128.

KIN 130 Weight Training (1:0:3)

Weight training with emphasis on principles, techniques, and development of individualized programs.

Notes: May be repeated once for credit. Formerly ESS 130.

KIN 131 Jogging (1:0:3)

Designed for the developing jogger, including information on basic skills and knowledge, graduated jogging programs, and self-testing procedures.

Notes: May be repeated once for credit. Formerly ESS 131.

KIN 132 Ice Skating (1:0:3)

Fundamental skills of ice skating forward and backward with opportunity to learn spins, jumps, and free skating skills.

Notes: Fee: approximately \$40, includes skate rental and rink fee. Formerly ESS 132.

KIN 142 Social Dance (1:0:3)

Development of basic dance fundamentals, emphasizing the fox-trot, swing or jitterbug, cha-cha, waltz, tango, polka, rumba, samba, and current popular dances.

Notes: Formerly ESS 142.

KIN 147 Square Dance (1:0:3)

Exploration of steps, patterns, formations, and cultural/historical background of American square dance.

Notes: Formerly ESS 147.

KIN 150 Swimming for Non-Swimmers (1:0:3)

Designed for students with a fear of the water who cannot swim.

Notes: Formerly ESS 150.

KIN 151 Beginning Swimming (1:0:3)

Development of fundamental swimming and safety skills; designed for students with little or no knowledge of strokes and limited deep water experience.

Notes: Formerly ESS 151.

KIN 155 Instructional Methods I (3:3)

Fundamentals of instruction in physical activity settings with special emphasis on basic planning, organizational skills, management, task presentation, and content development.

Prerequisite: First-year Physical Education and Health Teacher Education Concentration KINE majors

Notes: Professional liability insurance required.

KIN 170 Beginning Fencing (1:0:3)

Development of fundamental skills, tactics, and knowledge of foil fencing with opportunity for competitive bouting.

Notes: Formerly ESS 170.

KIN 171 Beginning Badminton (1:0:3)

Development of fundamental skills, strategic elements, and knowledge of badminton with opportunity for match play.

Notes: Formerly ESS 171.

KIN 172 Beginning Self-Defense (1:0:3)

Development of fundamental skills, strategic elements, and knowledge of non-weapon defense, including techniques from karate and judo.

Notes: Formerly ESS 172.

KIN 173 Beginning Racquetball (1:0:3)

Development of fundamental skills, strategic elements, and knowledge of racquetball with opportunity for match play.

Notes: Formerly ESS 173.

KIN 174 Wrestling (1:0:3)

Combative sport offering participant a physically demanding experience and opportunity to develop wrestling skill and fitness.

Notes: Formerly ESS 174.

KIN 175 Beginning Tennis (1:0:3)

Development of fundamental skills, strategic elements, and knowledge of tennis with opportunity for match play in singles and doubles.

Notes: Formerly ESS 175.

KIN 201 Intermediate Volleyball (1:0:3)

Extension and refinement of beginning level skills, strategies, and knowledge of volleyball. Emphasis on tactical elements of team play.

Notes: Formerly ESS 201.

KIN 202 Water Aerobics (1:0:3)

Various methods of water exercise for conditioning are presented with focus on proper alignment and technique, principles of conditioning, and assessment. Emphasis on improvement and maintenance of personal fitness.

Notes: Formerly ESS 202.

KIN 203 Fitness Swim (1:0:3)

Emphasis on stroke efficiency and lap swimming for conditioning. Principles of conditioning, assessment and periodization are applied to swimming. Emphasis on improvement and maintenance of personal fitness.

Notes: Formerly ESS 203.

KIN 204 Intermediate Basketball (1:0:3)

Extension and refinement of beginning level skills, strategies and knowledge of basketball. Emphasis on tactical elements of team play.

Notes: Formerly ESS 204.

KIN 205 Rhythmic Aerobics (1:0:3)

Conditioning course in which participants exercise to musical accompaniment for purpose of developing cardiovascular efficiency, strength, and flexibility.

Notes: May be repeated once for credit. Formerly ESS 205.

KIN 206 Intermediate Soccer (1:0:3)

Extension and refinement of beginning level skills, strategies and knowledge of soccer. Emphasis on tactical elements of team play.

Notes: Formerly ESS 206.

KIN 209 Advanced Rhythmic Aerobics (1:0:3)

Conditioning course designed for students who have foundational knowledge and experience in rhythmic aerobics. Beginning level experience extended through use of complex choreography patterns and advanced training methods.

Offered: Fall & Spring

Notes: Formerly ESS 209.

KIN 210 Rhythmic Aerobics Instructor (2:2:1)

Examination and application of principles from exercise science, music structure and group management for teaching rhythmic aerobics. Assists in preparation for ACSM Exercise Leader, AFAA and ACE Aerobics Instructor certifications.

Prerequisite: KIN 209 or permission of instructor

Offered: Fall & Spring

Notes: Formerly ESS 210.

KIN 213 Sports Performance & Analysis I (1:0:3)

Skill development and analysis of soccer and basketball skills. Learning and application of physical education content in a developmental model.

Offered: Spring

Notes: Formerly ESS 213.

KIN 214 Sports Performance (1:0:3)

Skill development and analysis of racquet skills. Learning and application of physical education content in a developmental model.

Offered: Fall

Notes: Formerly ESS 214.

KIN 217 Introduction to the Teaching of Physical Education (2:3)

Nature of teaching physical education; emphasis on its relationship to total educational experience. First-hand experience working with learners of diverse backgrounds and ability, grades K through 12, in varied settings.

Offered: Fall

Notes: Formerly ESS 217.

KIN 218 Educational Games (1:0:3)

Skill development and analysis of physical activity through a games approach. Represents an introduction to effective teaching practices that allow students to become more skilled movers.

Prerequisite: Pre-KINE major

Offered: Fall

*Notes: Professional liability insurance required.
Formerly KIN 315; formerly ESS 315.*

KIN 219 Personal Skills Performance (1:0:3)

Skill development and analysis of physical activity and sport skills. Learning and application of physical education content in a developmental model.

Prerequisite: Pre-KINE major

Offered: Spring

*Notes: Formerly KIN 208; formerly ESS 208.
Professional liability insurance required.*

KIN 220 Lifetime Wellness (3:3)

Evidence-based approach to understanding and applying scientific principles of wellness, fitness, and lifestyle management. Includes a personal wellness and/or fitness assessment and developing a plan for immediate and long-term improvement and maintenance.

Distribution: GE Core: GNS

Notes: Formerly ESS 220.

KIN 223 Intermediate Snow Skiing (1:0:3)

Intermediate techniques of skiing including parallel turns, mogul skiing, wedging, and introduction to free-style skiing.

Notes: Fee: approximately \$200, includes equipment rental, fees, and accident insurance for 5 days at French-Swiss Ski School, Blowing Rock, North Carolina. Formerly ESS 223.

KIN 227 Intermediate Golf (1:0:3)

Extension and refinement of beginning level skills, strategies and knowledge of golf. Opportunity to practice at both on and off campus facilities.

Notes: Fee: approximately \$30. Formerly ESS 227.

KIN 228 Intermediate Bowling (1:0:3)

Extension and refinement of beginning level skills, strategies and knowledge of bowling with opportunity for match play.

Notes: Fee: approximately \$30 for use of off campus facility. Formerly ESS 228.

KIN 230 Psychological Skills for Optimal Performance (3:2:2)

Overview of sport psychology principles applied to sport and exercise activities. Includes experience in psychological skills training.

Notes: Formerly ESS 230.

KIN 231 Games for Understanding (3:3)

Problem-based approach to games teaching with emphasis on producing effective game play performance through the successful interplay of tactical decision-making with associated skill development.

Prerequisite: KIN 219

KIN 235 Instructional Methods II (3:3)

Advanced instructional methodology in physical activity settings with special emphasis on progressive planning, organizational skills, management, task presentation, and physical education content development. Professional liability insurance required.

Prerequisite: KIN 155; 2.50 GPA

Offered: Spring

Notes: Formerly KIN 355; formerly ESS 355.

KIN 240 Introduction to World Folk Dance (1:0:3)

Basic experiences in folk dance designed to acquaint the beginning student with the steps, patterns, formations, national characteristics, and cultural settings of dances from all parts of the world.

Notes: Formerly ESS 240.

KIN 242 Clogging (1:0:3)

Basic steps of clogging, historical and cultural concepts pertaining to clogging, and use of these steps in precision routines, freestyle clogging, and Appalachian Big Circle Mountain Dancing.

Notes: Formerly ESS 242.

KIN 243 Intermediate Folk Dance (1:0:3)

Refinement of beginning folk dance skills and stylistic factors; advanced dance steps, patterns, and formations.

Prerequisite: KIN 240 or permission of instructor

Notes: Formerly ESS 243.

KIN 250 Introduction to Kinesiology (3:3)

Survey of the discipline of kinesiology. Analysis of the nature and importance of physical activity, knowledge base of the discipline, and careers in physical activity professions.

Notes: Formerly ESS 250.

KIN 252 Low Intermediate Swimming (1:0:3)

Extension of basic swimming and safety skills; must be comfortable in deep water.

Notes: Formerly ESS 252.

KIN 254 High Intermediate Swimming (1:0:3)

Refinement of swimming and safety skills; development of swimming endurance.

Notes: Formerly ESS 254.

KIN 255 Water Safety Education (1:0:3)

Designed for students who do not wish to become lifeguards but who have responsibility for others in aquatic situations. Topics include personal and group water safety, and prevention and response to water accidents.

Notes: Formerly ESS 255.

KIN 256 Advanced Swimming (1:0:3)

Continued refinement of swimming strokes and stroke variation; focus on distance swimming and competitive skills.

Notes: Formerly ESS 256.

KIN 257 Synchronized Swimming (1:0:3)

Development of fundamental skills in synchronized swimming, and individual and group routines. Must be comfortable in deep water.

Notes: Formerly ESS 257.

KIN 258 Lifeguard Training (3:2:2)

Skills, knowledge and techniques for lifeguarding with possibility of certification in CPR for the Professional Rescuer, First Aid and Pool Lifeguarding.

Prerequisite: CPR/First Aid certification; successful performance on swimming entrance tests

Offered: Fall & Spring

Notes: Lab fee for supplies required. Formerly ESS 258.

KIN 260 Water Polo (1:0:3)

Development of fundamental skills, strategic elements and knowledge of water polo. Must be comfortable in deep water and have a minimum of intermediate swimming skills.

Notes: Formerly ESS 260.

KIN 261 Springboard Diving (1:0:3)

Development of fundamental skills, understanding of mechanical principles, and overall knowledge for judging and coaching for 1 meter springboard diving.

Notes: Formerly ESS 261.

KIN 262 Safety Training for Swim Coaches (1:0:3)

Development of knowledge about safety issues in competitive swimming, including aquatic facility hazards, training techniques, and medical conditions. Must have background in competitive swimming or coaching.

Notes: Formerly ESS 262.

KIN 263 Basic SCUBA (1:0:3)

Development of fundamental skills, knowledge, and techniques of skin and SCUBA diving. Opportunity provided for open water training and final certification.

Notes: Additional fees for equipment rental and certification; must provide own mask, fins, snorkel, and booties. Formerly ESS 263.

KIN 264 Advanced SCUBA (2:1:2)

Extension of skills and knowledge beyond level of basic SCUBA diver, including familiarity with operation and maintenance of SCUBA equipment. Opportunities provided for speciality certifications.

Prerequisite: KIN 263 or equivalent and permission of instructor

Notes: Additional fees for equipment rental, quarry use and certification; must provide own mask, fins, snorkel, and booties. Formerly ESS 264.

KIN 265 Strength Training and/or Conditioning (3:2:3)

Lecture and/or lab course emphasizing the basic science underlying strength training and conditioning. Specific topics include program design, exercise techniques, strength, aerobic, speed and flexibility development, physical testing, and training adaptations.

KIN 268 Canoeing (1:0:3)

Development of fundamental canoeing skills; day and overnight camping/canoeing trips possible. Must have ability to swim in deep water for 15 minutes without aid.

Academic Departments, Programs, and Courses

*Notes: Additional fees for equipment and field trips.
Formerly ESS 268.*

KIN 270 Intermediate Fencing (1:0:3)

Refinement of beginning skills, high- and low-line attacks and defenses; advanced footwork; and electrical foil fencing.

Notes: Formerly ESS 270.

KIN 271 Intermediate Badminton (1:0:3)

Extension and refinement of beginning level skills, strategies, and knowledge of badminton. Emphasis on tactical elements of match play.

Notes: Formerly ESS 271.

KIN 272 Tae Kwon Do (1:0:3)

Acquisition and development of the basic techniques and knowledge of Tae Kwon Do. Presented in the culturally correct form.

Notes: Formerly ESS 272.

KIN 273 Intermediate Racquetball (1:0:3)

Extension and refinement of beginning level skills, strategies, and knowledge of racquetball. Emphasis on tactical elements of match play.

Notes: Formerly ESS 273.

KIN 275 Intermediate Tennis (1:0:3)

Extension and refinement of beginning level skills, strategies, and knowledge of tennis. Emphasis on tactical elements of match play in singles and doubles.

Notes: Formerly ESS 275.

KIN 276 Advanced Tennis (1:0:3)

Extension and refinement of intermediate level skills, strategic elements and knowledge of tennis. Emphasis on optimizing performance through mental preparation and structured practice.

Notes: Formerly ESS 276.

KIN 277 Advanced Golf (1:0:3)

Prerequisite: A grade of C- or better in BIO 110 or BIO 111

KIN 292 Clinical Human Physiology (4:3:3)

Introduction to basic concepts of human physiology at the cell, organ and systems levels with a focus on clinical applications related to physiological systems relevant to the allied health sciences.

Prerequisite: Minimum grade of C- in BIO 110 or BIO 111

KIN 299 Physical Conditioning for Children (1:0:3)

Principles and components of health-related and performance-related conditioning. Emphasis on the design, implementation, and evaluation of conditioning programs for children.

Prerequisite: KINE major

Notes: Formerly ESS 299.

KIN 301 Advanced Sport Technique (1:0:3)

Advanced tutorial in individual sports. Meets concurrently with intermediate-level class. May not be taken in lieu of existing advanced course.

Prerequisite: Permission of Activity Instructor Program Coordinator

*Notes: May be taken once for each sport studied.
Formerly ESS 301.*

KIN 302 Movement Pedagogy for Elementary School Teaching (2:2)

Introduction, for elementary school teaching majors, to physical activity and movement with a concentration on classroom curriculum integration.

Prerequisite: Junior or senior standing; ELED major

Notes: Formerly ESS 341; formerly KIN 341.

KIN 307 Observation and Analysis of Fundamental Movement (3:3)

Selected physical activities with special emphasis on movement observation and analysis. Fieldwork with children emphasized.

Prerequisite: KINE major; 2.50 GPA; admission to Teacher Education Program

Corequisite: KIN 386

Offered: Fall

Notes: Formerly ESS 207. Professional liability insurance required.

KIN 316 Children's Educational Gymnastics (1:0:3)

Performance and analysis of gymnastic skills appropriate for children.

Prerequisite: KINE major; open to ELED major with permission of instructor.

Offered: Fall

Notes: Formerly ESS 316.

KIN 330 Critical Analyses for a Physically Active Society (3:3)

Analyses and critical perspectives on cultural events, resources, and moments affecting modern physical activity engagement in the U.S. and globally.

Prerequisite: Junior standing

Distribution: GE Core: GSB

Notes: Formerly ESS 330.

KIN 342 Teaching Motor Skills to Preschool Children (3:2:3)

Strategies and techniques to enhance motor skill development of children ages 2–5 in the home, on the playground, and in the classroom. Field work with children emphasized.

Prerequisite: Junior or senior standing, or permission of instructor

Notes: Formerly ESS 342.

KIN 350 History of American Sport (3:3)

Notes: Formerly ESS 354. Professional liability insurance required.

KIN 356 Leadership and Collaboration (3:3)

Examination of administrative considerations in conducting physical activity and athletic programs with emphasis on leadership, collaboration, and group dynamics.

Prerequisite: KINE major; 2.50 GPA

Notes: Professional liability insurance required.

KIN 357 Professional Development Seminar for Physical Education Teachers (1:1)

Professional development issues and concerns often experienced by pre-service and in-service teachers of Physical Education and Health.

KIN 359 Water Safety Instructor (3:2:2)

Development of knowledge and skill to teach others in the American Red Cross programs of swimming and elementary rescue. Certification as a WSI is possible.

Notes: Formerly ESS 359.

KIN 360 SCUBA Rescue (2:1:2)

Develop fundamental skills and knowledge needed to evaluate and take action in SCUBA rescue situations. Certification in CPR, First Aid, and administration of O₂ possible.

Prerequisite: Pr. or Coreq. KIN 264 or equivalent with permission of instructor

Notes: Students must provide own mask, fins, snorkel, and booties. Additional fees for equipment rental, quarry use, and certifications. Formerly ESS 360.

KIN 365 SCUBA Divemaster (2:1:2)

Entry level course to become a diving professional. Development of comprehensive knowledge of diving theory as well as the abilities to organize, conduct, and supervise recreational diving activities.

Prerequisite: Permission of instructor

Notes: Students must provide own mask, fins, snorkel, and booties. Additional fees for equipment rental, quarry use, and certifications. Formerly ESS 365.

KIN 370 Assessment and Evaluation in Kinesiology (3:3)

Overview of assessment, evaluation, and research methods in kinesiology; emphasis on applications to professional practice.

- *Registration Restriction: Sophomore standing*

Notes: Formerly KIN 370; formerly ESS 280.

KIN 375 Physiology of Sport and Physical Activity (4:3:3)

Provides students with understanding of factors affecting the physiological function of the body related to exercise and physical performance. Laboratory provides experiences in evaluating these physiological factors.

Prerequisite: KIN 291 (or BIO 271) and KIN 292 (or BIO 277); or permission of the instructor

Offered: Fall or Spring or Summer

Notes: Formerly ESS 375.

KIN 376 Biomechanics of Sport and Physical Activity (3:2:3)

Anatomical and mechanical bases of physical activity with emphasis on the analysis of sport and exercise skills.

Prerequisite: KIN 291 (or BIO 271); or permission of instructor

Notes: Formerly ESS 376.

KIN 379 Exercise Instruction (3:3)

Designing and implementing exercise instruction techniques for individuals and groups.

Prerequisite: Sequence of KIN 120, KIN 130, KIN 220 (or sequence of KIN 265, KIN 220); or permission of instructor

Offered: Fall & Spring

Notes: Formerly ESS 379.

KIN 381 Physical Education for Individuals with Special Needs (3:2:3)

Survey of all aspects of developmental, adapted, and corrective physical education for populations of children and adults with disabilities. Weekly field experiences required. Professional liability insurance required.

Notes: Formerly ESS 381.

KIN 385 Motor Learning and Control (3:3)

Analysis of mechanisms and environmental variables influencing the acquisition and control of skilled motor behavior at all ages. Introductory research techniques and experiences collecting data on human motor performance.

Prerequisite: PSY 121

Notes: Formerly ESS 385.

KIN 386 Motor Development and Learning (4:3:2)

Life span analysis of motor skill development and learning.

Offered: Fall & Spring

Notes: Formerly ESS 386.

KIN 388 Psychology of Physical Activity (4:4)

Examination of the psychological theories and research related to physical activity with emphasis on application in sport and exercise settings.

Prerequisite: PSY 121

Offered: Fall & Spring

Notes: Formerly ESS 388.

KIN 389 Exercise Adherence (3:3)

An examination of the determinants, theories, and research related to exercise adherence; emphasis on application in health-related physical activity and exercise settings.

Prerequisite: KIN 388

Offered: Fall

Notes: Formerly ESS 389.

KIN 390 Prevention and Emergency Care of Injuries I (2:2)

Introduction to the field of sports medicine emphasizing principles of prevention of orthopedic injuries and management of life-threatening and catastrophic injuries.

Corequisite: KIN 391

Notes: Lab fee for supplies required. Formerly ESS 390.

KIN 391 Prevention and Emergency Care of Injuries II (1:0:5)

Laboratory sessions and supervised field experience. Introduction to the field of sports medicine emphasizing principles of prevention of orthopedic injuries and management of life-threatening and catastrophic injuries.

Corequisite: KIN 390 or permission of instructor

Notes: Lab fee for supplies required. Formerly ESS 391.

KIN 396 Dissecting Martial Arts in Contemporary China (3:2:3)

Critical analysis of Chinese martial arts and its function in and conflict with contemporary China; cultural awareness of martial arts' influence in health, education, performing arts, and business decision-making in China.

Offered: Summer

KIN 410 Process of Skill Acquisition (1:0:3)

Focus on integration of theoretical knowledge across core courses with applied experience in skill acquisition.

Prerequisite: KINE major, KIN 385, and KIN 388

Corequisite: KIN 375 and KIN 376 are approved corequisites.

Notes: Formerly ESS 410.

KIN 425 Assistant Instructor of SCUBA (3:1:4)

Refine skills and theoretical knowledge to instructor level; develop instructional skills, understand administration and certification procedures.

Prerequisite: Permission of instructor

Notes: Students must provide own mask, fins, snorkel, and booties. Additional fees for equipment rental, quarry use, and certifications. Formerly ESS 425.

KIN 441 Foundational Skills in Sports Medicine (3:0:12)

Lecture and laboratory sessions. Development of foundational skills and techniques for medical health professionals. Emphasis on functional palpation, sport specific movement analysis, and understanding of orthopedic pathologies.

Prerequisite: KIN 291 (or BIO 271)

Notes: Formerly ESS 441.

KIN 453 Measurement and Assessment of Learning in Physical Education (3:3)

Measurement principles and methods for learning assessment in physical education, physical activity programs; sound techniques for assessing psychomotor skills, knowledge, and fitness development, credible evaluative decision-making. Professional liability insurance required.

Prerequisite: KIN 235; admission to the Teacher Education Program; 2.5 GPA

Corequisite: KIN 354

KIN 454 Curriculum and Teaching: Secondary School Physical Education (3:1:6)

Planning and organizing for teaching and observation of movement in secondary school physical education. Emphasis on the analysis of the teaching process, curriculum development, and selection of appropriate content. Professional liability insurance required.

Prerequisite: KIN 235, KIN 354, and KIN 375; KINE major; admission to the Teacher Education Program; 2.50 GPA

Corequisite: KIN 455, KIN 460

Offered: Fall

Notes: Formerly ESS 454.

KIN 455 Teaching Children and Adolescents for Healthful Living (3:2:3)

Content and teaching strategies for developing healthful, active lifestyles in children and adolescents with special emphasis on designing and implementing instructional programs in educational settings. Professional liability insurance required.

Prerequisite: KIN 235, KIN 354, and KIN 375; KINE major; admission to the Teacher Education Program; 2.50 GPA

Corequisite: KIN 454, KIN 460

Offered: Fall

Notes: Formerly ESS 455.

KIN 456 Teaching Practicum II: Children's Physical Activity (2:1:2)

Practicum experiences in teaching physical activity to children with special emphasis on lesson planning, management, assessment, task presentation, and content development.

Prerequisite: Admission to Community Youth Sport Development concentration

Corequisite: Concurrent enrollment in KIN 235

Offered: Spring

KIN 457 Teaching Practicum: Adolescents' Physical Activity (2:1:2)

Practicum experiences in teaching physical activity to adolescents with special emphasis on lesson planning, management, assessment, task presentation, and content development. Professional liability insurance required.

Prerequisite: KIN 355; KINE major with Community Youth Sport Development concentration

Offered: Fall

Notes: Formerly ESS 457.

KIN 458 Aquatic Facilities Management (3:3)

Develop fundamental knowledge and skills required to manage an aquatic facility, including risk management, operating procedures, maintenance, and record keeping. Certification as National Swimming Pool Foundation Certified Pool Operator possible.

Notes: Formerly ESS 458.

KIN 459 Aquatics Instruction for Individuals with Special Needs (3:2:2)

Develop knowledge and skills to teach aquatic skills to persons with special needs; activities include practice teaching, discussion of disabling conditions, and inclusion. Certification as a Teacher of Adapted Aquatics possible.

Notes: Liability insurance required (available in class). Formerly ESS 459.

KIN 460 Teaching Physical Education and Health Internship (3:1:6)

Supervised field experience in Physical Education and Health Teacher Education in an approved local school setting. Includes campus meetings. Professional liability insurance required.

Prerequisite: KIN 231, KIN 235, KIN 250, KIN 307, KIN 354, KIN 356, KIN 375, KIN 381, KIN 386, and

KIN 453; admission to the Teacher Education Program; 2.5 GPA.

Corequisite: KIN 454, KIN 455

Notes: Formerly ESS 456.

KIN 461 Student Teaching and Seminar in Physical Education (6)

Block courses in professional semester for teacher education majors. Techniques of teaching physical education under supervision. Full-time teaching in schools. Weekly seminars. Professional liability insurance required.

Prerequisite: Program requirements leading to student teaching; methods courses (KIN 235, KIN 354, KIN 453, KIN 454, KIN 455, and KIN 460) must be taken at UNCG; admission by application only; 2.50 GPA; all other course work must be complete to enroll.

Offered: Spring

Notes: Grade: Pass/Not Pass (P/NP). ARC FA and CPR must be current. Admission to Teacher Education Program is required. Formerly ESS 461.

KIN 462 Student Teaching and Seminar in Physical Education (6)

Block courses in professional semester for teacher education majors. Techniques of teaching physical education under supervision. Full-time teaching in schools. Weekly seminars. Professional liability insurance required.

Prerequisite: Program requirements leading to student teaching; methods courses (KIN 235, KIN 354, KIN 453, KIN 454, KIN 455, and KIN 460) must be taken at UNCG; admission by application only; 2.50 GPA; all other course work must be complete to enroll.

Offered: Spring

Notes: Grade: Pass/Not Pass (P/NP). ARC FA and CPR must be current. Admission to Teacher Education Program is required. Formerly ESS 462.

Administration of physical education and sport programs with special emphasis on long-range planning, organizing programs, public relations, financial management, legal issues, and risk management.

Prerequisite: Senior standing and admission to the Teacher Education Program; or permission of instructor

Notes: Formerly ESS 464.

KIN 466 Practicum in Fitness Leadership (1:1:2)

Practical, hands-on experience in a supervised exercise setting.

Corequisite: KIN 468 or KIN 469

Notes: May be repeated once for credit.

KIN 467 Techniques in Exercise and Fitness Testing (3:3)

Laboratory and field techniques in exercise and fitness testing.

Prerequisite: Grade of C or better in KIN 375; grades of C or better in all required KIN courses; 2.50 GPA; KINE major with Fitness Leadership concentration or permission of instructor

Corequisite: KIN 468

Offered: Fall & Spring

Notes: Formerly ESS 467.

KIN 468 Exercise Testing and Prescription I (4:3:3)

Scientific principles of safe and effective exercise testing and prescription for persons absent of chronic disease as outlined by the American College of Sports Medicine. Labs provide practical experience.

Prerequisite: Minimum grades of C (2.0) in KIN 375, KIN 376, and KIN 379; 2.50 GPA overall; KINE major with Fitness Leadership concentration or permission of instructor

Corequisite: KIN 466

Offered: Spring

Notes: Formerly ESS 468.

KIN 469 Exercise Testing and Prescription II (3:3)

Scientific principles of safe and effective exercise testing and prescription for persons with chronic disease and other medical conditions. Includes basics of electrocardiography.

Prerequisite: Minimum grades of C (2.0) or higher in KIN 468; 2.50 GPA overall; KINE major with Fitness Leadership concentration; or permission of instructor

Corequisite: KIN 466

Offered: Fall

Notes: Formerly ESS 469.

KIN 471 Internship Preparation in Fitness Leadership (1:1)

Professional preparation, planning, and placement for supervised internship experience (KIN 595).

Prerequisite: Minimum grade of C (2.0) in KIN 468; 2.50 overall GPA; KINE major with Fitness Leadership concentration or permission of instructor

Offered: Fall or Spring

Notes: Formerly ESS 471.

KIN 475 Independent Study (1–3)

Intensive work in area of special interest in Kinesiology. Available to qualified students on recommendation of academic advisor, instructor, and undergraduate program coordinator.

Prerequisite: Demonstrated competency for independent work and permission of academic adviser, instructor, and undergraduate program coordinator.

Notes: May be repeated for a total of up to 6 s.h. Formerly ESS 475.

KIN 476 Problems Seminar (2:2)

Current problems in field of physical education. Opportunity for student to specialize in a problem of his choice. Emphasis of the problem shall be approved by instructor.

Notes: Formerly ESS 476.

KIN 477 Coaching Practicum in a Selected Sport (3:6)

Opportunity for prospective coach to assume various responsibilities in coaching a selected sport under the guidance of a qualified coach.

Prerequisite: Current First Aid/Sports Safety Certification; upper division students seeking minor in sport coaching, or permission of instructor

Notes: Formerly ESS 477.

KIN 493 Honors Work (3)

Prerequisite: Permission of instructor; 3.30 GPA in the major, 12 s.h. in the major

Notes: May be repeated for credit if the topic of study changes. Formerly ESS 493.

KIN 494 Internship in Aquatic Leadership (6:1:20 or)

A supervised field experience in aquatic leadership in qualified agencies. Requirements include specific assignments, supervision, seminars on campus, and evaluation of student's performance.

Prerequisite: Permission of instructor required, in addition to the following: cumulative GPA of 2.50 or better; completion of all KIN core courses; grades of C (2.0) or better in all required KIN courses

Notes: Grade: letter grade. An application process must be completed prior to registration. May be repeated for credit if taken for 3 s.h.; maximum credits may not exceed 6 s.h. Formerly ESS 494.

KIN 495 Senior Project (3:3)

Independent scholarly work in an area of exercise and sport science completed under the supervision of a faculty member, culminating in a scientific report or other appropriate scholarly presentation.

Academic Departments, Programs, and Courses

Prerequisite: KIN 475; 3.0 GPA; and permission of department

Offered: Fall & Spring & Summer

Notes: Formerly ESS 495.

KIN 519 Mentoring in Community Youth Development Programs (2:1:2)

Service learning experience mentoring an elementary or middle school youth in a community youth sport program. On campus seminars required.

Offered: Fall & Spring

Notes: May be repeated for credit. Formerly ESS 519.

KIN 520 Physical Activity Programs for Underserved Youth (3:3)

Overview of community-based programs designed to meet the needs of underserved youth; roles of universities and community agencies in such programs; development of leadership skills.

Offered: Spring

Notes: Formerly ESS 520.

KIN 521 Evaluation of Physical Activity Programs in Youth Development (3:3)

Examination of traditional and nontraditional strategies for effective youth program evaluation; attention to analysis and interpretation of data used in conducting such evaluations.

Prerequisite: KIN 520

Offered: Spring

Notes: Formerly ESS 521.

KIN 530 Play, Games, and Sport (3:3)

Examination of major conceptualizations of play, games, and sport; comparisons and contrasts among the concepts.

Notes: Formerly ESS 530.

KIN 531 Issues in Competitive Sports for Children and Youth (3:3)

In-depth examination of significant issues related to competitive sports in the lives of today's children and youth. Special attention given to studying the roles and responsibilities of the adults involved.

Prerequisite: Permission of instructor

Notes: Formerly ESS 531.

KIN 532 Women in Sport and Physical Activity (3:3)

Examination of women's experiences in sport and physical activity. Consideration of historical, biological, psychological, and socio-cultural perspectives.

Prerequisite: Pr. junior standing or higher in Kinesiology or Women's and Gender Studies, or permission of instructor

Notes: Formerly ESS 532.

KIN 536 Anatomical Basis of Athletic Injury (2:1:3)

Focus on the link between anatomical structure, function, and athletic injury evaluation. The functional consequence of injury and rehabilitation on anatomical structures will also be addressed.

Prerequisite: Undergraduate anatomy and physiology

Offered: Summer

Notes: Formerly ESS 536.

KIN 545 Psychology of Coaching (3:3)

Overview of sport psychology principles applied to the teaching and coaching of sport activities.

Prerequisite: PSY 121 or permission of instructor

Notes: Formerly ESS 545.

KIN 550 Sports Clinic (1)

Designed to improve teaching and coaching techniques in various sports utilizing current game strategies.

Notes: Formerly ESS 550.

KIN 559 Water Exercise for Therapy and Rehabilitation (3:2:2)

Design and implementation of therapeutic aquatic exercise programs for persons with injuries or disabilities. Understanding of anatomical structure and movement provide the basis for aquatic protocols.

Prerequisite: KIN 375 or KIN 376 (may be taken concurrently)

Offered: Spring

Notes: Formerly ESS 559.

KIN 560 Aquatic Therapeutic Modalities (3:2:2)

Mobility assessment and identification of contraindications for movement therapies used in therapeutic aquatics; development of techniques and protocols to increase mobility/decrease pain in persons with disability/injury.

Offered: Fall

Notes: KIN 459 or KIN 550 recommended. Formerly ESS 560.

KIN 563 Development of Physical Education in the Western World (3:3)

Historical overview of development of physical education in Western Civilization from classical times to the present age.

KIN 565 History of the Olympic Games (3:3)

Development of the Olympic Games movement in both the ancient world and modern era. Consideration of cultural, philosophical, political, economic, and performance perspectives.

Offered: Spring

Notes: Formerly ESS 565.

KIN 567 Measurement and Evaluation in Physical Education (3:3)

Survey of tests and application of measurement in physical education. Elementary testing procedures.

Notes: Formerly ESS 567.

KIN 568 Health/Fitness: Assessment and Prescription (3:3)

Scientific principles of exercise emphasizing design of safe, appropriate, individualized exercise programs for all ages; foundation for future ACSM certification as a health/fitness instructor. Emphasizes health-related physical fitness.

Prerequisite: KIN 375 and KIN 376, or permission of instructor; CPR must be current throughout the course.

Notes: Formerly ESS 568.

KIN 569 Exercise Instruction (3:3)

An instructional development course. Application of principles of content selection, effective presentation, and evaluation to practice in exercise settings for participants at various developmental levels.

Prerequisite: KIN 375 and KIN 568; or permission of instructor

Notes: Formerly ESS 569.

KIN 570 Development and Implementation of Fitness Programs (3:3)

Preparation in planning, designing, developing, organizing, programming, implementing, directing, and evaluating fitness programs.

Prerequisite: Minimum grade of C (2.0) in KIN 468; 2.50 overall GPA; KINE major with Fitness Leadership concentration (or permission of instructor)

Corequisite: KIN 469

Offered: Fall

Notes: Formerly ESS 570.

KIN 571 Physical Education for Individuals with Special Needs (Advanced) (3:3)

Advanced study of physical education for persons with mental and physical disabilities. Clinical experience is provided.

Prerequisite: KIN 381 or permission of instructor

Notes: Formerly ESS 571.

KIN 576 Nutrition and Physical Fitness (3:3)

Metabolism during exercise, ergogenic aids, nutrients' effects on performance, and body composition alterations during training. Gender and age-specific needs and responses to exercise and dietary intake.

Prerequisite: Grade of C (2.0) or better in BIO 277 and NTR 213 and NTR 413 (or equivalents). KIN 375 recommended.

Notes: Formerly ESS 576.

Cross Listed: Same as NTR 576.

KIN 578 Needs Assessment of Persons with Disabling Conditions (3:3)

Determination of gross motor and perceptual/gross motor performance needs of persons with disabilities. Analysis of published and teacher-made instruments. Construction of new tests for physical education for persons with special needs in physical activities.

Prerequisite: Permission of instructor

Notes: Formerly ESS 578.

KIN 579 Exercise and Older Adults (3:3)

Basic principles underlying exercise/aging. The delivery of exercise information and the conduct of exercise programs for older adults.

Prerequisite: Junior admission only by permission of instructor

Notes: Formerly ESS 579.

KIN 589 Experimental Course: Therapy for Athletic Injuries (3:3)

This course teaches the prevention and basic care of athletic injuries for students aspiring to become allied health or kinesiology professionals.

Offered: Offered Summer 2013

Notes: Formerly ESS 589.

KIN 595 Kinesiology Internship (3:1:10 or 6:1:20)

A supervised field experience in qualified agencies. Application process is required for permission to register. Course involves specific assignments, supervision,

Academic Departments, Programs, and Courses

seminars on campus, and evaluation of student's performance.

- *Registration Restriction: completion of all KINE major core courses and additional concentration courses; 2.50 overall GPA; KINE major (or permission of instructor)*

Adjunct Instructor Wooten

The mission of the Department is to impart an understanding of world languages, literatures, and cultures within the context of a liberal and humanistic education. We afford students experiences that highlight oral and written literacy, literary analysis, critical skills, and cultural and aesthetic appreciation through instruction in literature, culture, and linguistics in various languages, including American Sign Language, Chinese, French, German, Japanese, Russian, and Spanish.

The Department offers the following programs:

- Languages, Literatures, and Cultures major with the following concentrations:
 - Applied Languages: French K–12 Teaching Licensure
 - Applied Languages: Spanish K–12 Teaching Licensure
 - French and Francophone Studies
 - German Studies
 - Global Languages and Communities
- Spanish Major
- Minors: Chinese, French, German, Russian, and Spanish

- The Department also offers a sequence of courses in Italian, Japanese, and Portuguese.

The Department contributes to various concentrations in the International and Global Studies program and the major in International Business Studies. We take very seriously our role in preparing students to apply their liberal arts education to future careers in areas such as education, business, health professions, and public service. We also offer Master of Arts and Master of Education degrees with concentrations in French and Spanish and a Post-Baccalaureate Certificate in Advanced Spanish Language and Hispanic Cultural Studies to provide further scholarly and professional training.

Through its courses, degree programs, and cocurricular activities, the Department contributes to the university's goal of promoting diversity and internationalizing the curriculum. We foster students' abilities to communicate within a global context and to reflect on their own heritage by supporting exchange and study abroad programs. The Department is also committed to promoting an atmosphere in which creativity and scholarly accomplishment may flourish for both students and faculty. Through our engaged teaching, innovative research and creative activity, and dedicated service, the faculty works to improve pedagogy, scholarship, and the community.

The Department promotes cocurricular activities through language clubs, honorary societies, film series, and other opportunities. Paid or unpaid internships requiring foreign language skills are increasingly available. Students may elect to live in the Global Village or UNCG's International House and are encouraged to participate in study abroad opportunities through UNCG's International Programs Center or through Summer Study Abroad sponsored by the Department.

German Studies and Russian Studies Consortia offer a broad array of German and Russian courses in language, literature, and culture taught by specialists in the UNC system through the N.C. Information Superhighway.

Students with special learning needs may qualify for the Modified Foreign Language Program in Spanish. Registration in the program requires written permission from the Department. **Native or near-native speakers must consult with an appropriate departmental advisor before signing up for courses in the Department of Languages, Literatures, and Cultures.** Students with one or more years of Chinese or Japanese must contact the course instructor or a departmental advisor before registering for courses.

Intermediate proficiency (equivalent to 204 or 241 level) is expected for major-level work in French, German, or Spanish. Students cannot receive credit for lower-level courses after taking and receiving credit for higher level ones.

Language Placement Test in French, German, Russian, or Spanish

Students with one or more years of high school French, German, Russian, or Spanish who wish to continue the study of that same language at UNCG *must* take the Language Placement Test.

Incoming transfer students returning to the study of French, German, Russian, or Spanish begun in high school but not previously pursued at the college level, *must* also take the test. **Transfer students with college-level foreign languages credit are encouraged to take the placement test to determine their best starting point.**

The Language Placement Test is administered at SOAR orientation sessions during the summer and before the beginning of each semester. The test may also be taken during the year on an individual basis, by appointment, in the Department's office. Students should call the Department at 336-334-5655 to schedule their appointment.

Language Placement Test scores are valid for one year after the test is taken. The test can be taken only once a year. Once a student has begun the lower-level sequence (101–204/241), she or he cannot retake the placement test in order to place out of any of the remaining courses in the sequence.

A student who scores at the interview-stage level and is planning to continue in the language at the 300 level should consult the Director of Undergraduate Study for the appropriate language or another designated faculty member before registering for any other course in the language. The advisor will interview the student in order to determine his or her placement at the 300 level or recommend courses at the intermediate level to reinforce the student's background in language.

If a student who scores at the interview-stage level does not plan to continue study in the language, the Department of Languages, Literatures, and Cultures will confirm the student's Language Placement Test scores with the University Registrar's Office, and the student will be considered as having met the foreign language requirement at UNCG.

Students in need of additional advising or with concerns regarding the placement results are asked to make an appointment with a designated faculty member.

About the Languages, Literatures, and Cultures (LLCU) Major

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

Available Concentrations and AOS Codes:

Applied Languages: K–12 Teaching Licensure in French, U381

Applied Languages: K–12 Teaching Licensure in Spanish, U384

French and Francophone Studies, U383

German Studies, U382

Global Languages and Communities, U380

The B.A. in Languages, Literatures, and Cultures provides opportunities for language-based global engagement. Students gain linguistic and intercultural competencies applicable to many fields.

All students in the major take a course in the common core* and complete a high-impact Intercultural Experience requirement that can be met by study abroad, an LLC service-learning course**, residence in the Global Village learning community, certificate of completion of the Global Leadership Program, Disciplinary Honors, or approval by the Program Director.

Qualifying Courses

*Common Core

LLC 120	Global Crossings: Topics in Images, Media, and Texts
LLC 130	Global Green: Cultures of Production and/or Consumption
LLC 222	Foundational Topics in Languages, Literatures, and Cultures
LLC 250	Global Cultures Through Film: Angles of Vision

or other course approved by the Program Director

**LLC service-learning courses:

LLC 389	LLC Service Learning
LLC 399	Cultural Immersion through Community-Based Service Learning
LLC 599	Community-Based Service Learning

Student Learning Outcomes

Upon completion of the B.A. in Languages, Literatures, and Cultures, students will:

1. Communicate an understanding of languages, literatures, and cultures within a global context;
2. Speak, read, write, and comprehend the language(s) studied with sufficient ease to allow them to communicate effectively across cultures;
3. Demonstrate the ability to communicate in a culturally-informed manner in international, intercultural and/or multicultural contexts in order to connect meaningfully with individuals and communities across the campus, the state, the nation, and the world;

4. Understand the importance of transcultural encounters and employ intercultural competencies essential for success in our increasingly diverse global societies.

Languages, Literatures, and Cultures Major: French and Francophone Studies Concentration (LLCU)—B.A.

Residency Hours

Students should note the following regulations regarding residency hours: each student must complete a minimum of 122 semester hours required for graduation, including 31 hours in residency at UNCG, with 12 hours in the major and 9 hours in the minor.

Admission to the Concentration

A student who seeks admission to the French with K–12 Teaching Licensure concentration is expected to achieve:

1. A minimum grade point average (GPA) of 2.75 overall and in the major
2. Completion of all courses needed to fulfill the General Education Requirements; and
3. Satisfactory scores on the Praxis I (ACT or SAT—See Praxis I Substitution Table for ACT, SAT, and Praxis I).

Students interested in the K–12 Teaching Licensure major must consult the Director of Undergraduate Studies in Languages, Literatures, and Cultures for early discussion of all requirements as well as our K–12 advisor. Additionally, students must request **Admission to the Teacher Education Program** from the School of Education Office of Student Services. Candidates should apply for admission to the School of Education Office of Student Services at the end of their sophomore year and be admitted no later than the first semester of their junior year. Please review requirements on their Web page. Consult the Teacher Education Handbook for details.

Admission to Student Teaching

During the junior year, students already admitted to the Teacher Education Program must apply for admission to Student Teaching. Admission includes:

1. Completion of requirements specific to the major
2. Eligibility to enter student teaching requires maintaining an overall GPA of 3.0 or better after being admitted to the major, and achieving a grade of C or better in each professional course. After admission to the major, if a student fails to maintain an overall GPA of 3.0, the student has one semester to improve his or her grade point average. If a student receives a C- or lower in a professional course, the student is eligible to retake the course at its next offering.

Application forms are available online from the Office of Student Services in the School of Education. Forms must be submitted by February 15 for student teaching in the spring of the following year. Student teaching assignments are usually made in schools within commuting distance of UNCG. Teacher education students are individually responsible for expenses incurred during student teaching, including transportation. **NOTE: Student teaching is offered only in the spring semester.**

Application for Teacher Licensure

An application for licensure should be filed with the School of Education Office of Student Services within two weeks of graduation. Students should be aware that the licensure process will take six weeks or longer after graduation to be completed. UNCG recommends for a teacher's licensure those students who have completed the appropriate teacher education curriculum, attained acceptable competencies, and whose work has been approved by the appropriate department.

Praxis II (subject-area exams) are no longer required by the state for students completing a degree program for their first license except in Elementary and Special Education. (Lateral entry teachers are required to take the Praxis II.) To be licensed in North Carolina, students must meet the specific state requirements for licensure, including demonstration of technology competencies.

VI Electives

Electives sufficient to complete the 122 semester hours required for degree.

Languages, Literatures, and Cultures Major:
Applied Languages: Spanish K–12 Teaching
Licensure Concentration (LLCU)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 27 hours at or above the 300 course level

AOS Code: U384

Service-Learning Requirement

Students must complete a high-impact Intercultural Experience requirement that can be met by study abroad, an LLC service-learning course*, residence in the Global Village learning community, certificate of completion of the Global Leadership Program, Disciplinary Honors, or approval by the Program Director.

*LLC service-learning courses:

LLC 389	LLC Service Learning
LLC 399	Cultural Immersion through Community-Based Service Learning
LLC 599	Community-Based Service Learning

Residency Hours

Students should note the following regulations regarding residency hours: each student must complete a minimum of 122 semester hours required for graduation, including 31 hours in residency at UNCG, with 12 hours in the major (including at least one 400 or 500 level course) and 9 hours in the minor.

Admission to the Concentration

A student who seeks admission to the Spanish with K–12 Teaching Licensure concentration is expected to achieve:

1. A minimum grade point average (GPA) of 2.75 overall and in the major
2. Completion of all courses needed to fulfill the General Education Requirements; and
3. Satisfactory scores on the Praxis I (ACT or SAT—See Praxis I Substitution Table for ACT, SAT, and Praxis I).

Students interested in the K–12 Teaching Licensure major must consult the Director of Undergraduate Studies in Languages, Literatures, and Cultures for early discussion of all requirements as well as our K–12 advisor.

Additionally, students must request **Admission to the Teacher Education Program** from the School of Education Office of Student Services. Candidates should apply for admission to the School of Education Office of Student Services at the end of their sophomore year and be admitted no later than the first semester of their junior year. Please review requirements on their Web page. Consult the Teacher Education Handbook for details.

Admission to Student Teaching

During the junior year, students already admitted to the Teacher Education Program must apply for admission to Student Teaching. Admission includes:

1. Completion of requirements specific to the major
2. Eligibility to enter student teaching requires maintaining an overall GPA of 3.0 or better after being admitted to the major, and achieving a grade of C or better in each professional course. After admission to

the major, if a student fails to maintain an overall GPA of 3.0, the student has one semester to improve his or her grade point average. If a student receives a C- or lower in a professional course, the student is eligible to retake the course at its next offering.

Application forms are available online from the Office of Student Services in the School of Education. Forms must be submitted by February 15 for student teaching in the spring of the following year. Student teaching assignments are usually made in schools within commuting distance of UNCG. Teacher education students are individually responsible for expenses incurred during student teaching, including transportation. **NOTE: Student teaching is offered only in the spring semester.**

Application for Teacher Licensure

An application for licensure should be filed with the School of Education Office of Student Services within two weeks of graduation. Students should be aware that the licensure process will take six weeks or longer after graduation to be completed. UNCG recommends for a teacher's licensure those students who have completed the appropriate teacher education curriculum, attained acceptable competencies, and whose work has been approved by the appropriate department.

Praxis II (subject-area exams) are no longer required by the state for students completing a degree program for their first license except in Elementary and Special Education. (Lateral entry teachers are required to take the Praxis II.) To be licensed in North Carolina, students must meet the specific state requirements for licensure, including demonstration of technology competencies.

Mission Statement

The mission of the Department of Management is to support the mission of the Bryan School, primarily through the imparting of knowledge through instructional programs and secondarily through the creation of knowledge through basic and applied research. A third priority is to provide service through involvement in university, professional and community activities.

The Department of Management offers two majors that lead to the Bachelor of Science degree: Business Administration and International Business Studies. The Business Administration major is comprised of two concentrations: Business Studies and Human Resources.

Business Administration Major

The objective of the Business Administration major is to provide liberally educated students with a broad exposure to the functional areas of business and a more comprehensive understanding of one of the managerial specialties through a choice of a concentration:

Business Studies is most appropriate for those who want a broad business exposure without the need to concentrate specifically in only one functional area. (A student can complete the Business Studies concentration by careful planning of the Career Profile.)

Human Resources focuses on skills and knowledge needed by the professional human resources manager: job analysis, recruiting, screening, selection, training and development, performance appraisal, job evaluation, and salary administration.

International Business Studies Major

The International Business Studies major is distinctive in the Bryan School by requiring experiences and competence in areas such as language and study abroad that are not required in other business programs. The need to understand other cultures, societies, and economies is met by requiring/recommending more in liberal education and related areas than is required in General Education requirements for other business programs.

Disciplinary Honors in Business Administration

The Department of Business Administration supports and encourages students to participate in an appropriate Honors Program administered by the Lloyd International Honors College. The Lloyd College espouses that the students who complete the Disciplinary Honors program gain advanced understanding and skills in their major. Further, it is believed that participation in the Honors programs provides students with a competitive edge in applying to a graduate schools and those seeking employment will find that prospective employers view participation in Honors as a good proxy for workers who are capable, well-trained, eager to learn, and intellectually curious.

Ms. Eloise McCain Hassell is the Honors Adviser for the Department. If, after reading this section, you still have questions, please see Ms. Hassell, Room 373, Bryan.

Requirements

The Honors student must take a total of 12 semester hours in some combination of the following:

1. Nine hours of Business Administration contract courses

2.	
HSS 310	Honors Abroad

3. "Disciplinary Honors Section" of ENT

including:	
ENT 240/BUS 240	Introduction to the Entrepreneurial Experience

4. Departmental Honors Work in one of the independent study courses:

BUS 493	Honors Work
ENT 493	Honors Work in Entrepreneurship
MGT 493	Honors Work
MKT 493	Honors Work

Instructions for establishing a contract honors course can be found this Web site:

<http://honorscollege.uncg.edu/current/course-types.htm>.

Three semester hours in completing a Senior Honors Project.

A departmental Honors Work course is preferred or HSS 490. The Senior Honors Project can be viewed as similar to a master's-level research paper done in the student's major/concentration. All Projects must be supervised by a faculty member of the Department and whose discipline is appropriate to the topic. Thus, the student must obtain the agreement of a departmental faculty member who has an interest in the research area of the proposed project. The step-by step-requirements can be found at this Web site: <http://www.uncg.edu/hss/academics/hcourses/seniorproject.html>.

Qualifications

- A declared major in the Department of Business Administration.
- A minimum grade of B in all course work applicable to Disciplinary Honors in Business Administration.
- A minimum 3.30 overall GPA at graduation.

Recognition

Students who complete the requirements for Disciplinary Honors in Business Administration receive a Certificate of Disciplinary Honors and have that honor, along with the title of their Senior Honors Project, noted on their official transcripts. In addition, students who complete an Honors Program are recognized at a banquet held at the end of the semester.

Honors Advisor

See Eloise McCain Hassell for further information and guidance about the program in Disciplinary Honors in Business Administration.

Disciplinary Honors in Management

Refer to Honors Programs for overall program information.

Requirements

- 1. Minimum overall 3.30 GPA at graduation**

Vision Statement

To be a leader in marketing, entrepreneurship, hospitality, tourism, and business communication education that is recognized for our innovative and dynamic curriculum and multidisciplinary faculty and scholarship.

Mission Statement

To create and disseminate knowledge through research, experiential education, and service, by: equipping students with relevant knowledge and skills to participate, communicate, and compete successfully in 21st century global society and economy; preparing students to use innovation to achieve the triple bottom line of economic viability (profit), social responsibility (people), and environmental protection (planet); preparing students to contribute positively to the betterment of society and the environment; helping to develop sustainable and innovative businesses; producing and disseminating high-quality scholarship that responds to timely and relevant social, cultural, economic, and environmental domains; and utilizing skills and expertise of faculty and students in collaboration with community partners for the benefit of UNCG, the Bryan School of Business and Economics (BSBE), entrepreneurs, marketing professionals, the tourism and hospitality sectors, and the economic, social, and environmental wellbeing of the local and global community.

Entrepreneurship Major

Entrepreneurship is defined as the process of creating new enterprises that are sustainable and build value, whether they be for-profit or not-for-profit, economic, social, artistic, cultural, educational, or intellectual.

Marketing Major

The Marketing major is concerned with the development and pricing of products, selection of distribution channels, and promotion of products to consumers and businesses. This major leads to careers in sales, sales management, advertising, and retailing as well as marketing management.

Sustainable Tourism and Hospitality Major

The Sustainable Tourism and Hospitality major prepares students for a variety of management positions in the hotel, restaurant, and travel and tourism fields. Students complete a set of courses that gives them a broad foundation in all areas of hospitality and tourism management. All students complete a business minor.

Key account selling addresses the issues and problems salespeople must overcome when making a major sale (in terms of revenue or customer importance) in very competitive settings.

Prerequisite: MKT 324

MKT 421 Promotion Management (3:3)

Promotion process and decision criteria for making promotion management decisions. Emphasis on behavioral and communicative aspects of advertising, personal sales, and other promotional tools from a management decision-making viewpoint.

Prerequisite: Grade of C or better in MKT 320; major in ACCT, BADM, CARS, ENTR, FINC, INTB, ISSC, MKTG, or STHP

MKT 422 Fundamentals of Marketing Research (3:3)

Marketing information systems, sampling theory, experimental design, psychological scaling techniques, longitudinal analysis. Particular attention to assumption structure underlying each technique. Case studies and problem approach. Student develops programs of action on basis of marketing research results.

Prerequisite: ECO 250, grade of C or better in MKT 320; major in ACCT, BADM, CARS, ENTR, FINC, INTB, ISOM, MKTG, or STHP

MKT 424 Consumer Behavior (3:3)

Psychological and socioeconomic factors affecting consumer motivation, behavior, and buying decisions. Emphasis on current research on, and theory about, behavior of consumers as individuals and as members of socioeconomic groups.

Prerequisite: Grade of C or better in MKT 320; junior standing; major in ACCT, BADM, CARS, ENTR, FINC, INTB, ISSC, MKTG, or STHP

MKT 426 International Marketing (3:3)

Issues in international marketing are addressed from both theoretical and experiential learning perspectives. A comprehensive team-based project involves the intensive use of the Internet in accessing electronic databases.

Prerequisite: Grade of C or better in MKT 320; major in ACCT, BADM, CARS, ENTR, FINC, INTB, ISSC, MKTG, or STHP

MKT 427 Personal Selling Internship (3:0:9)

Minimum of 100 hours planned work experience in an organization with a personal sales force. Instructor will provide placement or must approve placement in advance.

Notes: Grade: Pass/Not Pass (P/NP).

Cross Listed: Same as ENT 427.

MKT 429 Advanced Marketing Management (3:3)

Advanced analysis and decision-making techniques in marketing. Emphasis on strategic view. Major group project involves working with organizations to develop and present an actual marketing plan.

Prerequisite: MKT 422; major in ACCT, BADM, CARS, ENTR, FINC, INTB, ISSC, MKTG, or STHP

Notes: Formerly MKT 321.

MKT 450 Marketing Internship (3:0:9)

Planned work experience in a marketing firm or the marketing department of a business/organization. Instructor must approve internship in advance.

Prerequisite: MKT 320 and MKT 422; 2.75 or higher GPA; permission of instructor

Notes: Grade: Pass/Not Pass (P/NP).

MKT 493 Honors Work (3–6)

Prerequisite: Permission of instructor; 3.30 GPA in the major, 12 s.h. in the major

Notes: May be repeated for credit if the topic of study changes.

MKT 530 Researching Opportunities in Entrepreneurship and Economic Development (3:3)

Students will learn how to conduct research necessary to make informed decisions for an entrepreneurial venture and measure and assess economic development opportunities. No business research experience necessary.

Prerequisite: Junior, senior, or graduate standing

Cross Listed: Same as ENT 530, GEO 530, LIS 530.

SUSTAINABLE TOURISM AND HOSPITALITY COURSES (STH)

STH 102 Introduction to Tourism and Hospitality (3:3)

Overview of the products and services provided by the tourism and hospitality industries. Introduction to the roles of industry managers at all organizational levels.

Offered: Fall & Spring

Notes: Formerly HTM 151; formerly HMT 211.

STH 200 Introduction to Sustainable Development (3:3)

Explores the social, environmental, and economic dimensions of sustainable development; introduces sustainable development concepts and challenges; prepares students for the application of these concepts in functional business topics.

Notes: Formerly STH 101.

STH 201 Corporate Social Responsibility and Change Management (3:3)

Students explore how stakeholders define, measure, and assign value to corporate efforts in social responsibility.

Skill development in managing change and innovation, stakeholder partnerships, social media, and volunteerism.

STH 231 Tourism, Cultures, and Places (3:3)

A study of tourism as a vehicle for increasing understanding of cultural differences and spatial interaction within and between different ethnic, linguistic, and religious groups across the world.

STH 232 Tourism Impacts and Alternatives (3:3)

Explores positive and negative economic, environmental, and sociocultural impacts of tourism at personal, local, regional, and international levels. Students learn how to manage impacts through alternative tourism strategies.

STH 251 Multicultural Issues in Hospitality and Tourism (3:3)

Multicultural and global issues in hospitality and tourism. Historical, socioeconomic, cultural, and linguistic variables impacting tourism and hospitality marketing, operations, and human resources. Study of selected Western and non-Western cultures.

Offered: Fall or Spring or Summer

Distribution: GE Marker: GL

Notes: Formerly HTM 251.

STH 310 Hotel Operations (3:3)

Exploration of hotel management from a sustainability perspective. Topics include revenue-management, forecasting, budgeting, measuring operational and employee performance, ethics, and property management technology.

Prerequisite: ACC 201

Offered: Fall

Notes: Formerly STH 211; formerly HTM 351; formerly HMT 341.

STH 311 Sustainable Food and Beverage (3:3)

Explores the evolution of food and beverage as a commodity; ethical issues of industrializing and globalizing foodservice systems; strategies for successfully incorporating sustainability and ecogastronomy into commercial food and beverage operations.

STH 312 Greening Hotel Facilities (3:3)

Focuses on the how and why of matching facility design to operational goals. Students learn to communicate functional goals from an operator's viewpoint to design and engineering professionals.

Offered: Spring

STH 313 Revenue Management (3:3)

Applies economic principles of demand and supply to sustainable hotel and resort revenue management; addressing sources of revenue, inventory control, pricing decisions, customer relationships, and strategic partnerships.

Prerequisite: ECO 201, MAT 115 (or higher)

STH 320 Tourism Planning and Development (3:3)

Geographic distribution of tourist development with an emphasis on the spatial dimension of origin-destination flows, industrial structure, demand, and supply. Tourism planning and agents of tourism development are stressed.

Notes: Formerly HTM 320.

Cross Listed: Same as GEO 320.

STH 331 Sustainable Tourism and Transportation (3:3)

Explores transportation networks utilized by the global tourism sector; their social, economic, and environmental dimensions, associated trends, associated negative impacts and resource usage, and opportunities for planning sustainable transportation networks.

Cross Listed: Same as GEO 331.

STH 332 Sustainable Destination Planning and Management (3:3)

Introduction to the management of sustainable tourism destinations. Students will be exposed to the entire destination management process including basic concepts, planning, development, management, and marketing of sustainable tourism.

Offered: Spring

STH 333 Research Methods and Decision Analysis in Tourism and Hospitality (3:3)

Explores research methods using primary and secondary data relevant to tourism and hospitality decisions. Course also looks at evaluation and application of research findings based on criteria of validity, reliability, and probability.

Prerequisite: ECO 250

STH 345 Cross-Cultural Study Tour in Sustainable Tourism and Hospitality (6:1:20)

Cross-cultural study tour examining leadership styles, business strategies, cultural and hospitality traditions internationally; emphasis on global perspectives in sustainability and business decisions.

Prerequisite: Minimum 2.0 UNCG GPA

Offered: Summer

Academic Departments, Programs, and Courses

*Notes: May be repeated once for a total of 12 s.h.
Formerly STH 245; formerly HTM 245.*

STH 354 Restaurant Entrepreneurship (3:3)

Students will explore the role of entrepreneurship in the hospitality and tourism industry, determine risks and rewards of self-employment, and develop business concepts based on the hospitality/tourism skill set.

Prerequisite: Junior or senior standing

Notes: Formerly HTM 354.

Cross Listed: Same as ENT 354.

STH 401 Hotel and Travel Services Marketing (3:3)

Explores marketing of tourism and hospitality services with an emphasis on matching tourism and hospitality products to visitor demand, while achieving organizational sustainability objectives.

STH 402 Responsible Human Resource Management in Tourism and Hospitality (3:3)

Introduces students to responsible, legal, and ethical management of human resources in the tourism and hospitality sectors.

Prerequisite: STH 201; STHP major

STH 417 Internship in Hospitality and Tourism Management (12:0:36)

This internship enables STHP students to gain valuable work experience within the hospitality industry. 480 supervised clock hours required for completion of this 12-credit course.

Prerequisite: STHP major

Offered: Summer

*Notes: Formerly HTM 417; formerly HMT 451;
formerly HTM 455.*

STH 433 Business Tourism (3:3)

This course explores business tourism with a particular focus on travel involving Meetings, Incentives, Conventions/Conferences, and Exhibits (MICE). It prepares students to plan and execute MICE tourism.

STH 445 Community-Based Sustainable Tourism Planning (6:3:9)

Theory and practical applications of tourism planning, which includes market analysis, infrastructure proposal and development, and implementation strategies. International travel required.

Prerequisite: Minimum 2.0 GPA

Offered: Summer

Notes: May be repeated once for credit. Formerly HTM 445.

STH 451 Service Management (3:3)

Integration of service systems management, human behavior, and marketing in the creation, delivery, and assurance of service quality and customer satisfaction.

Offered: Fall or Spring or Summer

Notes: Formerly STH 450; formerly STH 400; formerly HTM 450; formerly HMT 412.

Cross Listed: Same as CTR 451, ENT 451.

STH 459 Independent Study in Sustainable Tourism and Hospitality (1–3)

Independent research experience conducted by individual students under the supervision of a selected program faculty member.

Prerequisite: STHP major and department approval

Offered: Fall & Spring

Notes: May be repeated once for a total of six (6) semester hours. Formerly HTM 459; formerly HMT 462.

STH 473 Wine Appreciation for the Hospitality Professional (3:3)

Introduction to the critical pairing of wine and food in hospitality venues. Topics include history, geography, economics, health, and legal issues associated with wine.

Notes: Must be 21 years old or older. Formerly HTM 473.

STH 491 Tourism and Hospitality Strategic Management (3:3)

A capstone case course where students utilize the integration of knowledge and skills, acquired throughout their course work, through the strategic management process to address issues facing tourism and hospitality organizations.

Prerequisite: STHP major; senior standing

Faculty

Ratnasingham Shivaji, Professor and Head of Department

Professors Chhetri, Fabiano, Gupta, Richter, Rychtář, Vaughan

Associate Professors Bell, Erovenko, Fernós, Gao, Pauli, Saidak, Seaman, Smyth, Tangedal, Yasaki, Zhang

Assistant Professors Lewis, Rowell, Ryang

Academic Professional Howell

Lecturers Lewis, Shim, Weigel

The Department of Mathematics and Statistics offers undergraduate programs leading to the B.A. and B.S. degrees in Mathematics, as well as a minor in Mathematics and a minor in Statistics. The goal of all of the department's programs is to produce students who are both technically competent and sufficiently well grounded in theory that they can contribute to fundamental research in their chosen specialty.

To give a professional direction to the student's liberal arts education, the mathematics major may choose a concentration in mathematics, statistics, or high school licensure. There are many opportunities for math majors in industry, actuarial sciences, government, business, and secondary school teaching. The mathematics programs also provide excellent preparation for graduate studies in many areas, including computer science, economics, engineering, law, mathematics, operations research, and statistics.

MATHEMATICS MAJOR (MATH)—B.A. OR B.S.

Degree: Bachelor of Arts or Bachelor of Science

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

Available Concentrations and AOS Codes:

Mathematics—B.A., U179

High School Teaching Licensure—B.A., U183

Mathematics—B.S., U181

Statistics—B.S., U184

Mathematics Major: Mathematics Concentration (MATH)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U179

Graduate Study Preparation

Students planning to pursue graduate study should contact their advisor as soon as possible to prepare a plan of study.

I General Education Core Requirements (GEC)

See complete GEC requirements and approved course listings for all categories.

GLT—Literature (3 s.h.)

Student selects 3 s.h. from GLT list.

GFA—Fine Arts (3.s.h.)

Student selects 3 s.h. from GFA list.

GPR—Philosophical, Religious, Ethical Principles (3 s.h.)

Student selects 3 s.h. from GPR list.

Humanities and Fine Arts (3 s.h.)

Student selects additional 3 s.h. from GLT, GFA, or GPR list.

GHP—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GHP list.

GNS—Natural Sciences (6–7 s.h.)

Student selects 6–7 s.h. from GNS list. One must include a laboratory course. Each must have a different course prefix.

GMT—Mathematics (3 s.h.)

MAT 191 Calculus I

GRD—Reasoning and Discourse (6 s.h.)

ENG 101 College Writing I

or

FMS 115 Freshman Seminar in Reasoning and Discourse I

or

Academic Departments, Programs, and Courses

RCO 101 College Writing I

Student selects additional 3 s.h. from GRD list.

GSB—Social and Behavioral Sciences (6 s.h.)

Student selects 6 s.h. from GSB list.

II General Education Marker Requirements

See details and courses. It is possible to meet all GE Marker Requirements while completing the GE Core requirements or courses required by the major/concentration.

Global/Global Non-Western Perspectives (GL/GN)

four (4) courses carrying GL/GN markers, at least one of which must carry the GN marker

One Speaking Intensive (SI) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One Writing Intensive (WI) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

III College of Arts and Sciences Additional Requirements (CAR)

See CAR requirements in the Academic Units section. See the GEC Course Summary Table for approved CAR courses.

GMO/GPM—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GPM or GMO list.

GLS/GPS—Natural Sciences (3–4 s.h.)

Student selects 3–4 s.h. from GLS or GPS list.

GSB—Social and Behavioral Sciences (3 s.h.)

Student selects 3 s.h. from GSB list.

GFL—Foreign Language (0–12 s.h.)

intermediate-level proficiency in one language, demonstrated by placement test, or completion of course work through course number 204

WI—Writing Intensive Courses

a total of four WI courses

IV Major Requirements

Minimum grade of C (2.0) required for all CSC, MAT, and STA courses to count toward the major.

1. Core Courses

MAT 191	Calculus I
MAT 253	Discrete Mathematical Structures
MAT 292	Calculus II
MAT 293	Calculus III
MAT 310	Elementary Linear Algebra
MAT 311	Introduction to Abstract Algebra
MAT 390	Ordinary Differential Equations
MAT 394	Calculus IV
MAT 395	Introduction to Mathematical Analysis
STA 290	Introduction to Probability and Statistical Inference

2. One 500-level MAT course*

*Excluding the following:

MAT 503	Problem Solving in Mathematics
MAT 504	Foundations of Geometry for Teachers
MAT 505	Foundations of Mathematics for Teachers
MAT 513	Historical Development of Mathematics

V Electives

Electives sufficient to complete the 122 semester hours required for degree.

Mathematics Major: High School Teaching Licensure Concentration (MATH)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U183

Admission to the Concentration

A student who seeks admission to the Mathematics major with High Teaching Licensure concentration is expected to achieve:

1. A minimum grade point average (GPA) of 3.0 overall and 2.50 in the major
2. Completion of all courses needed to fulfill the General Education Requirements; and
3. Satisfactory scores on the Praxis I (ACT or SAT—See Praxis I Substitution Table for ACT, SAT, and Praxis I).

Students interested in the High School Teaching Licensure concentration must consult the coordinator of the Secondary Licensure in Mathematics Program upon admittance to UNCG for early discussion of all requirements. Additionally, students must request Admission to the Teacher Education Program from the School of Education Office of Student Services. Candidates should apply for admission to the School of Education Office of Student Services at the end of their sophomore year and be admitted no later than the first

semester of their junior year. Please review requirements on their Web page. Consult the Teacher Education Handbook for details. A criminal background check is a required part of the admission process.

Admission to Student Teaching

During the junior year, students already admitted to the Teacher Education Program must apply for admission to student teaching. Admission includes:

1. Completion of requirements specific to the major with the possible exception of the 500-level MAT course.
2. Eligibility to enter student teaching requires maintaining an overall GPA of 3.0 or better and a major GPA of 2.50 or better after being admitted to the concentration, and achieving a grade of C or better in each major course and in each professional course. After admission to the concentration, if a student fails to maintain an overall GPA of 3.0, the student has one semester to improve his or her grade point average. If a student receives a C- or lower in a professional course, the student is eligible to retake the course at its next offering. After admission to the concentration, if a student fails to maintain a major GPA of 2.50, the student has one semester to improve his or her grade point average. If a student receives a C- or lower in a major course, the student is eligible to retake the course at its next offering.

Application to student teaching forms are available online at <http://oss.uncg.edu/formsapplications>. Forms must be submitted by February 15 for student teaching in the spring of the following year. Student teaching assignments are usually made in schools within commuting distance of UNCG. Teacher Education students are individually responsible for expenses incurred during student teaching, including transportation. **Note: Student Teaching is offered only in the spring semester.**

Application for Teacher Licensure

An application for licensure should be filed with the School of Education Office of Student Services within two weeks of graduation. Students should be aware that the licensure process will take six weeks or longer after graduation to be completed. UNCG recommends for a teacher's licensure those students who have completed the appropriate teacher education program, attained acceptable competencies, and whose work has been approved by the appropriate department.

Passing scores on the Praxis II (subject-area exams) are no longer required by the state to be recommended for licensure in secondary mathematics; however, successful completion of the Praxis II is required within three years of licensure. The Department of Mathematics and Statistics recommends that a student intending to be licensed take the Praxis II before graduation upon completion of their major courses. (Lateral-entry teachers are required to take

the Praxis II.) To be licensed in North Carolina, students must meet the specific state requirements for licensure in effect at the time of their application for licensure, including demonstration of technology competencies.

II General Education Marker Requirements

See details and courses. It is possible to meet all GE Marker Requirements while completing the GE Core requirements or courses required by the major/concentration.

Global/Global Non-Western Perspectives (GL/GN)

four (4) courses carrying GL/GN markers, at least one of which must carry the GN marker

One Speaking Intensive (SI) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One Writing Intensive (WI) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

III College of Arts and Sciences Additional Requirements (CAR)

See CAR requirements in the Academic Units section. See the GEC Course Summary Table for approved CAR courses.

GMO/GPM—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GPM or GMO list.

GLS/GPS—Natural Sciences (3–4 s.h.)

Student selects 3–4 s.h. from GLS or GPS list.

GSB—Social and Behavioral Sciences (3 s.h.)

Student selects 3 s.h. from GSB list.

GFL—Foreign Language (0–12 s.h.)

intermediate-level proficiency in one language, demonstrated by placement test, or completion of course work through course number 204

WI—Writing Intensive Courses

a total of four WI courses

IV Major Requirements

Minimum grade of C (2.0) required for all CSC, MAT, and STA courses to count toward the major.

1. Core Courses

CSC 130	Introduction to Computer Science or
CSC 230	Elementary Data Structures and Algorithms

MAT 191	Calculus I
MAT 292	Calculus II
MAT 293	Calculus III
MAT 310	Elementary Linear Algebra
MAT 394	Calculus IV
MAT 490	Senior Seminar in Mathematics

2. Statistics Courses

STA 290	Introduction to Probability and Statistical Inference
STA 301	Statistical Methods
STA 352	Statistical Inference

3. Three additional STA courses at the 300 level or above.

One of which must be at the 500 level.

4.

Two additional courses chosen from the following:

CSC 523	Numerical Analysis and Computing
CSC 524	Numerical Analysis and Computing
CSC 526	Bioinformatics
MAT 253	Discrete Mathematical Structures
MAT 311	Introduction to Abstract Algebra
MAT 353	Introduction to Discrete Mathematics
MAT 390	Ordinary Differential Equations
MAT 395	Introduction to Mathematical Analysis
MAT 531	Combinatorial Analysis
MAT 541	Stochastic Processes
MAT 542	Stochastic Processes

any STA course 300 level or above*

*Excluding

STA 571	Statistical Methods for Research I
---------	------------------------------------

5. Recommended

ISM 218	Database Systems
ENG 327/ENT 327	Writing for Professionals and Entrepreneurs

and course work in an area of application beyond the GEC requirements (e.g., Biology, Psychology, etc.)

V Electives

Electives sufficient to complete the 122 semester hours required for degree.

Mathematics as a Second Academic Concentration

Required: minimum of 18 semester hours

The second academic concentration in Mathematics is designed specifically for Elementary Education Majors and Special Education Majors.

Requirements

1. Core Courses:

MAT 191	Calculus I
MAT 292	Calculus II
STA 271	Fundamental Concepts of Statistics

and one MAT course from:

MAT 220	Plane and Solid Analytic Geometry
MAT 253	Discrete Mathematical Structures
MAT 293	Calculus III
MAT 310	Elementary Linear Algebra

2. Six (6) additional s.h. of electives from:

MAT 220	Plane and Solid Analytic Geometry
MAT 253	Discrete Mathematical Structures
MAT 293	Calculus III
MAT 310	Elementary Linear Algebra
MAT 311	Introduction to Abstract Algebra
MAT 353	Introduction to Discrete Mathematics
MAT 390	Ordinary Differential Equations
MAT 394	Calculus IV
MAT 503	Problem Solving in Mathematics
MAT 504	Foundations of Geometry for Teachers
MAT 513	Historical Development of Mathematics
MAT 514	Theory of Numbers
MAT 519	Intuitive Concepts in Topology
MAT 531	Combinatorial Analysis

Mathematics as a Second Major

Requirements for a Second Major in Mathematics are the same as for the Mathematics Major (B.A. or B.S. degree).

Mathematics Minor

Required: minimum of 15 semester hours

AOS Code: U179

Requirements

The minor in mathematics consists of at least 15 semester hours of work as specified below. Only CSC, MAT, or STA courses in which grades of C or better (not C-) are earned will be counted toward the minor.

1.

MAT 191	Calculus I
MAT 292	Calculus II

2.

MAT 310	Elementary Linear Algebra or
MAT 353	Introduction to Discrete Mathematics

3.

Additional 6 s.h. at the 200 level or above, consisting of any MAT or STA courses that count toward the MATH major.

Statistics Minor

Required: minimum of 15 semester hours

AOS Code: U192

Requirements

The minor in statistics consists of at least 15 semester hours of work as specified below. Only courses in which grades of C or better (not C-) are earned will be counted toward the minor.

1.

STA 290	Introduction to Probability and Statistical Inference
STA 301	Statistical Methods

2.

Three additional STA courses at the 300 level or above.

The following course may not be used to fulfill this requirement:

STA 571	Statistical Methods for Research I
---------	------------------------------------

Mathematics Honors

Requirements

Twelve semester hours to consist of:

Two contract Honors courses from:

MAT 310	Elementary Linear Algebra
MAT 311	Introduction to Abstract Algebra
MAT 390	Ordinary Differential Equations
MAT 395	Introduction to Mathematical Analysis

for 6 s.h.

Also required:

MAT 493	Honors Work
HSS 490	Senior Honors Project

for 6 s.h.

Note: MAT 493 must be completed before HSS 490.

Qualifications

- 3.30 or greater cumulative GPA at graduation
- A grade of B or higher in all course work used to satisfy the Honors requirement in Mathematics
- A declared Mathematics major

Recognition

The designation "Completed Disciplinary Honors in Mathematics" and the title of the Senior Honors Project will be printed on the student's academic transcript.

Honors Advisor

See Dr. Richard Fabiano, Honors Liaison, for further information and guidance about Honors in Mathematics.

MATHEMATICS COURSES (MAT)

MAT 100 Intermediate Algebra (3:3)

Real numbers and their properties, linear equations, systems of equations, polynomials and functions, fractional expressions, exponents and roots, quadratic equations, graphing, inequalities.

Offered: Summer

Notes: Credit does not apply toward graduation nor count in the student's GPA.

MAT 112 Contemporary Topics in Mathematics (3:3)

Practical mathematical topics including set theory, properties and operations of number systems, algebra, geometry and consumer mathematics. Additional topics may be selected from logic, systems of numeration, and mathematical systems.

Offered: Fall & Spring

Distribution: GE Core: GMT

Notes: Students may not receive credit for both MAT 112 and RCO 112.

MAT 115 College Algebra (3:3)

Algebraic expressions, exponents, radicals, factoring, solving equations and inequalities, graphing, polynomial and rational functions.

Offered: Fall & Spring

Distribution: GE Core: GMT

Notes: Credit can be earned for only one of MAT 115 or MAT 150.

MAT 120 Calculus with Business Applications (3:3)

Introductory survey of differential calculus with emphasis on techniques and applications related to business and the social sciences.

- *This course does not serve as a prerequisite for MAT 292 (Calculus II).*
- *This is a terminal course and not adequate preparation for MAT 292.*

Prerequisite: An acceptable score on the mathematics placement test; or a minimum grade of C (2.0) in at least one of: MAT 115, MAT 150, MAT 151, and/or MAT 190

Offered: Fall & Spring

Distribution: GE Core: GMT

Notes: This course does not serve as a prerequisite for MAT 292 (Calculus II). This is a terminal course and not adequate preparation for MAT 292.

MAT 150 Precalculus I (3:3)

Review of elementary algebra, equations, inequalities, relations, functions, transformations, graphing, complex numbers, polynomial and rational functions.

Offered: Fall & Spring

Distribution: GE Core: GMT

Notes: Credit can be earned for only one of MAT 115 or MAT 150. Formerly MAT 119.

MAT 151 Precalculus II (3:3)

Properties, graphs, and applications of exponential, logarithmic, trigonometric functions.

Prerequisite: An acceptable score on the mathematics placement test; or a grade of C or better in MAT 115 or MAT 150

Offered: Fall & Spring

Distribution: GE Core: GMT

MAT 190 Precalculus (3:3:1)

This course covers essential prerequisites for calculus. Topics include functions and graphs, equations and inequalities, polynomial and rational functions, trigonometry, functions of trigonometric, exponential, and logarithmic type.

Prerequisite: Acceptable score on the placement test

Distribution: GE Core: GMT

MAT 191 Calculus I (3:3)

Limits and introductory differential calculus of the algebraic and transcendental functions of one variable.

Prerequisite: An acceptable score on the mathematics placement test; or a grade of C or better in MAT 151 (or MAT 190)

Offered: Fall & Spring

Distribution: GE Core: GMT

MAT 220 Plane and Solid Analytic Geometry (3:3)

Study of conic sections (including rotation of axes), graphing with polar coordinates, quadric surfaces, and vectors.

Prerequisite: Grade of C or better in MAT 151 (or equivalent)

Offered: Spring

Notes: Hours do not count toward degree requirements for MATH major.

MAT 253 Discrete Mathematical Structures (3:3)

A rigorous introduction to discrete mathematical structures, proof techniques, and programming. Topics include sets, functions, sequences, relations, induction, propositional and predicate logic, modular arithmetic, and mathematical programming.

Prerequisite: Minimum grade of C in MAT 151 or MAT 190 or MAT 191

Offered: Fall & Spring

Notes: Only one of MAT 253 or MAT 295 can count toward degree requirements for MATH major.

MAT 292 Calculus II (3:3)

Introductory integral calculus of the algebraic and transcendental functions of one variable, techniques of integration.

Prerequisite: Grade of C or better in MAT 191

Offered: Fall & Spring

MAT 293 Calculus III (3:3)

Infinite sequences and series, conic sections, polar coordinates, vectors in dimensions two and three, vector-valued functions.

Prerequisite: Grade of C or better in MAT 292

Offered: Fall & Spring

MAT 295 Proofs and Mathematical Structures (3:3)

An introduction to basic mathematical concepts needed for most upper level mathematics courses. The language and logic of proofs, basic set theory, relations, functions, numbers, counting, cardinalities, introduction to algebra.

Prerequisite: Grade of C or better in MAT 292

Notes: At most one of MAT 253 or MAT 295 can count toward degree requirements for MATH major.

MAT 303 Topics in Mathematics (3:3)

Primarily for students seeking grades 6–9 certification. Extensive study of rational, irrational, and real numbers; selected topics from number theory; clock and modular arithmetic. Concrete models used to illustrate many of the mathematical concepts studied.

Notes: Hours do not count toward degree requirements for MATH major.

MAT 304 Introduction to the Foundations of Geometry (3:3)

Introductory course primarily for students seeking grade 6–9 certification. Designed to develop an understanding of the fundamental ideas of geometry. Includes both an intuitive and deductive study of points, lines, planes,

curves, surfaces, congruences, parallelism, similarity and linear, angular, area, and volume measures.

Notes: Hours do not count toward degree requirements for Mathematics majors.

MAT 310 Elementary Linear Algebra (3:3)

Linear systems, matrices, determinants, eigenvalues and eigenvectors, finite-dimensional vector spaces, linear transformations.

Prerequisite: Grade of C or better in MAT 292

Offered: Fall & Spring

MAT 311 Introduction to Abstract Algebra (3:3)

Sets and mappings, equivalence relations, mathematical induction, introduction to theory of groups, rings, and fields.

Prerequisite: Grade of C or better in MAT 253 and MAT 310

Offered: Fall & Spring

MAT 320 Introduction to Topology (3:3)

Metric spaces, continuity, equivalence of various types of definitions of continuity, convergence, compactness, connectedness, topological spaces.

Prerequisite: Grade of C or better in MAT 293

Offered: Fall

MAT 322 Linear Programming (3:3)

Covers simplex computational procedure, minimum feasible solutions, artificial-basis technique, slack variables, perturbation techniques, cycling, parametric objective and dual problems, sensitivity analysis, and decomposition algorithms.

Prerequisite: Grade of C or better in MAT 310

MAT 330 Axiomatic Foundations of Geometry (3:3)

Axiomatic systems, logic and proof, incidence geometries, absolute geometries, Euclidean geometry, and an introduction to non-Euclidean geometries and transformational geometry.

Prerequisite: Grade of C or better in MAT 292

Notes: Required for students seeking secondary licensure in mathematics.

MAT 345 Vector and Tensor Analysis (3:3)

Vectors, scalar fields, vector fields. Dot and cross product. Vector differentiation and integration. Gradient, divergence and curl. Green's theorem, divergence theorem, Stokes' theorem. Curvilinear coordinates. Tensor Analysis: Physical laws. Coordinate transformations. Contravariant and covariant vectors. Contravariant, covariant, and mixed

tensors. Tensor fields. Symmetric and skew-symmetric tensors. Conjugate or reciprocal tensors. Associated tensors. Transformation laws of Christoffel's symbols. Tensor form of gradient, divergence, and curl.

Prerequisite: Grade of C or better in MAT 293 and MAT 390

MAT 349 Experimental Course: Preparation for Industrial Careers in Mathematical Sciences (3:3)

This course prepares mathematical sciences students for industrial careers by engaging them in research problems that come directly from industry.

Prerequisite: Permission of instructor

Offered: Spring 2016

MAT 353 Introduction to Discrete Mathematics (3:3)

Elementary graph theory, combinatorics, partially ordered sets.

Prerequisite: Grade of C or better in MAT 253

Offered: Fall & Spring

MAT 390 Ordinary Differential Equations (3:3)

First order differential equations and linear equations of finite order, Laplace transforms, undetermined coefficients, variation of parameters, applications, numerical methods.

Prerequisite: Grade of C or better in MAT 292

Offered: Spring

MAT 394 Calculus IV (3:3)

Multivariable functions, partial differentiation, multiple integrals, vector calculus.

Prerequisite: Grade of C or better in MAT 293

Offered: Fall & Spring

MAT 395 Introduction to Mathematical Analysis (3:3)

Properties of real numbers, sequences, limits of sequences and functions, continuity, differentiation, Riemann integral.

Prerequisite: Grade of C or better in MAT 253, MAT 293, and MAT 310

Offered: Fall & Spring

MAT 405 Mathematics for Teaching and Teaching Mathematics I (3:3)

Capstone survey of real and complex numbers; polynomial, rational, exponential, logarithmic, and trigonometric functions; calculus concepts. Special teaching problems and procedures for secondary topics in relation to their mathematical foundations.

Prerequisite: Grade of C (2.0) or better in MAT 310

MAT 406 Mathematics for Teaching and Teaching Mathematics II (4:3:3)

Capstone survey of geometry, probability, data analysis, and discrete mathematics. Special teaching problems and procedures for secondary topics related to their mathematical foundations, including 50-hour internship in secondary math classroom.

Prerequisite: Minimum grade of C (2.0) in MAT 405 and also in either MAT 311 or MAT 395; admission to the Teacher Education Program

MAT 465 Student Teaching and Seminar—Secondary Mathematics (12:2:30)

Supervised student teaching in senior high school under direction of university supervisor. Observation, participation, and appropriate classroom teaching experience on full-time teaching assignment for full semester with weekly seminar.

Prerequisite: TED 557; Admission to the Teacher Education Program

MAT 490 Senior Seminar in Mathematics (1:1)

Oral presentations on topics in mathematics, including current mathematics literature.

Prerequisite: Senior standing and mathematics major, or permission of instructor

Offered: Fall & Spring

MAT 493 Honors Work (3–6)

Prerequisite: Permission of instructor; 3.30 GPA in the major, 12 s.h. in the major

Notes: May be repeated for credit if the topic of study changes.

MAT 503 Problem Solving in Mathematics (3:3)

Investigates the nature of problem solving, covers procedures involved in problem solving, develops individual problem solving skills, and collects a set of appropriate problems. Required for middle grades mathematics concentration.

Prerequisite: Grade of C or better in MAT 191 and MAT 303; or permission of instructor

Notes: Hours do not count toward degree requirements for MATH major nor for the M.A. degree in Mathematics.

MAT 504 Foundations of Geometry for Teachers (3:3)

Primarily for students seeking teacher certification. Includes logic and axiom systems, history, plane and solid Euclidean geometry, proof strategies, introduction to non-Euclidean geometries, and transformational geometry.

Prerequisite: Grade of C or better in MAT 292; or permission of instructor

Offered: Fall

Notes: Hours do not count toward degree requirements for MATH major nor for the M.A. degree in Mathematics.

MAT 505 Foundations of Mathematics for Teachers (3:3)

Primarily for students seeking teacher certification. Includes properties and algebra of real numbers; analytic geometry; polynomial, rational, exponential, logarithmic, and trigonometric functions; complex numbers; concept of limits of functions.

Prerequisite: Grade of C or better in MAT 292 (or MAT 303); or permission of instructor

Offered: Spring

Notes: Hours do not count toward degree requirements for MATH major nor for the M.A. degree in Mathematics.

MAT 513 Historical Development of Mathematics (3:3)

Study of the historical development of mathematics, not a history of persons involved in development.

Prerequisite: Grade of C or better in MAT 292

Offered: Fall

Notes: Hours do not count toward degree requirements for MATH major nor for the M.A. degree in Mathematics.

MAT 514 Theory of Numbers (3:3)

An introductory course to both multiplicative and additive number theory. Divisibility, prime numbers, congruencies, linear and nonlinear Diophantine equations (including Pell's equation), quadratic residues, number-theoretic functions, and other topics.

Prerequisite: Grade of C or better in either MAT 311 or MAT 395

MAT 515 Mathematical Logic (3:3)

Formal languages, recursion, compactness, and effectiveness. First-order languages, truth, and models. Soundness and completeness theorems. Models of theories.

Prerequisite: Grade of C or better in MAT 311 (or MAT 353)

MAT 516 Intermediate Abstract Algebra (3:3)

Rings, integral domains, fields, division algorithm, factorization theorems, zeros of polynomials, greatest common divisor, formal derivatives, prime polynomials, Euclidean domains, the fundamental theorem of algebra.

Prerequisite: Grade of C or better in MAT 311

MAT 517 Theory of Groups (3:3)

Elementary properties of groups and homomorphisms, quotients and products of groups, the Sylow theorems, structure theory for finitely generated abelian groups.

Prerequisite: Grade of C or better in MAT 311

MAT 518 Set Theory and Transfinite Arithmetic (3:3)

The axioms of set theory, operations on sets, relations and function, ordinal and cardinal numbers.

Prerequisite: Grade of C or better in MAT 311 (or MAT 395)

MAT 519 Intuitive Concepts in Topology (3:3)

Basic concepts, vector fields, the Jordan curve theorem, surfaces, homology of complexes, continuity.

Prerequisite: Grade of C or better in MAT 311 (or MAT 395)

MAT 520 Non-Euclidean Geometry (3:3)

Fifth postulate, hyperbolic geometries, elliptic geometries, consistency of non-Euclidean geometries, models for geometries, elements of inversion.

Prerequisite: Grade of C or better in MAT 311 (or MAT 395)

MAT 521 Projective Geometry (3:3)

Transformation groups and projective, affine and metric geometries of the line, plane, and space. Homogeneous coordinates, principles of duality, involutions, cross-ratio, collineations, fixed points, conics, models, and Euclidean specializations.

Prerequisite: Permission of instructor

MAT 522 Introductory Functional Analysis (3:3)

Basic concepts in Banach spaces, Hilbert spaces, linear operators, and their applications.

Prerequisite: Grade of C or better in MAT 395

MAT 525 Intermediate Mathematical Analysis (3:3)

Integration, infinite series, sequences and series of functions.

Prerequisite: Grade of C or better in MAT 395

MAT 531 Combinatorial Analysis (3:3)

The pigeon-hole principle, permutations, combinations, generating functions, principle of inclusion and exclusion, distributions, partitions, recurrence relations.

Prerequisite: Grade of C or better in MAT 253 (or MAT 295 or MAT 311 or MAT 395); or permission of instructor

MAT 532 Introductory Graph Theory (3:3)

Basic concepts, graph coloring, trees, planar graphs, networks.

Prerequisite: Grade of C or better in MAT 310 and any one of the courses MAT 253, MAT 295, MAT 311, MAT 395, MAT 531

MAT 540 Introductory Complex Analysis (3:3)

The complex number system, holomorphic functions, power series, complex integration, representation theorems, the calculus of residues.

Prerequisite: Grade of C or better in MAT 394

MAT 541 Stochastic Processes (3:3)

Markov processes, Markov reward processes, queuing, decision making, graphs, and networks. Applications to performance, reliability, and availability modeling.

Prerequisite: Grade of C or better in MAT 394 and either MAT 353 or STA 351; or equivalents

MAT 542 Stochastic Processes (3:3)

Markov processes, Markov reward processes, queuing, decision making, graphs, and networks. Applications to performance, reliability, and availability modeling.

Prerequisite: Grade of C or better in MAT 394 and either MAT 353 or STA 351; or equivalents

MAT 545 Differential Equations and Orthogonal Systems (3:3)

An introduction to Fourier series and orthogonal sets of functions, with applications to boundary value problems.

Prerequisite: Grade of C or better in MAT 293 and MAT 390; or permission of instructor

MAT 546 Partial Differential Equations with Applications (3:3)

Fourier integrals, Bessel functions, Legendre polynomials and their applications. Existence and uniqueness of solutions to boundary value problems.

Prerequisite: Grade of C or better in MAT 545

MAT 549 Topics in Applied Mathematics (3:3)

Selected topics of current interest in applied mathematics.

Prerequisite: Grade of C or better in MAT 293 and MAT 390; or permission of instructor

Notes: May be repeated for credit with approval of the Department Head.

MAT 556 Topics in Discrete Mathematics (3:3)

Selected topics of current interest in discrete mathematics.

Prerequisite: Grade of C or better in MAT 353

MAT 586 Financial Mathematics for Actuaries (3:3)

Measurement of interest, present and accumulated value, amortization, sinking funds, bonds, duration, immunization, and an introductory analysis of financial derivatives. Intended to help prepare for the FM/2 actuarial exam.

Prerequisite: Minimum grade of C (2.0) in MAT 394 or permission of instructor

MAT 589 Experimental Course

This number reserved for experimental courses. Refer to the Course Schedule for current offerings.

MAT 590 Introduction to Mathematical Models in Biology (3:3)

Exploration of research and methodology at the interface of mathematics and biology, with an overview of relevant fields and in-depth case studies. Focus will be on mathematical models in biology.

Prerequisite: B- or higher in BIO 112 and either MAT 191 or STA 271; or instructor's permission

Notes: Formerly MAT 491.

Cross Listed: Same as BIO 590.

MAT 591 Advanced Abstract Algebra (3:3)

Groups: homomorphisms, quotient groups, Sylow theorems, finitely generated abelian groups. Rings: homomorphisms, ideals, quotient rings, integral domains, Euclidean domains, factorization. Fields: algebraic extensions of fields, Galois theory.

Prerequisite: Grade of C or better in MAT 516

MAT 592 Advanced Abstract Algebra (3:3)

Groups: homomorphisms, quotient groups, Sylow theorems, finitely generated abelian groups. Rings: homomorphisms, ideals, quotient rings, integral domains, Euclidean domains, factorization. Fields: algebraic extensions of fields, Galois theory.

Prerequisite: Grade of C or better in MAT 516

MAT 593 Directed Study in Mathematics (1–3)

Offered: Fall & Spring

MAT 594 Directed Study in Mathematics (1–3)

Offered: Fall & Spring

MAT 595 Mathematical Analysis (3:3)

Real number axioms, metric spaces, sequences, series, continuity, differentiation, the Riemann-Stieltjes integral.

Prerequisite: MAT 395; or permission of instructor

MAT 596 Mathematical Analysis (3:3)

Real number axioms, metric spaces, sequences, series, continuity, differentiation, the Riemann-Stieltjes integral.

Prerequisite: MAT 395; or permission of instructor

STATISTICS COURSES (STA)

STA 108 Elementary Introduction to Probability and Statistics (3:3)

Survey of statistics intended for undergraduates in any discipline. Graphical displays, numerical measures, relationships between variables, elements of good data collection. Basic probability, introduction to inferential techniques including confidence intervals and significance testing. Emphasis on statistical literacy.

Offered: Fall & Spring

Distribution: GE Core: GMT

Notes: May not be taken for credit by students who have received credit for ECO 250 or ECO 350 or who are concurrently enrolled in ECO 250. Students may not earn credit for both RCO 114 and STA 108.

STA 271 Fundamental Concepts of Statistics (3:3)

Survey of basic descriptive and inferential statistics. Graphs and descriptive measures, simple linear regression and correlation, data collection, basic probability and probability models, interval estimation and significance testing, analysis of variance, use of statistical software. An appropriate preparation for more advanced statistics courses in any discipline.

Prerequisite: Minimum grade of C in MAT 115 or MAT 150 or MAT 151 or MAT 190 or MAT 191 or STA 108; or permission of department

Offered: Fall & Spring

STA 290 Introduction to Probability and Statistical Inference (3:3)

Introduction to probability models and statistical inference. Descriptive statistics, basic probability laws, discrete and continuous probability models, sampling distributions, central limit theorem, estimation, hypothesis testing, simple regression, and correlation.

Prerequisite: Minimum grade of C (2.0) or concurrent registration in MAT 292; or permission of instructor

Offered: Fall or Spring

STA 301 Statistical Methods (3:3)

Two-group comparisons, simple and multiple regression, one and two factor ANOVA, categorical data analysis, nonparametric methods.

Prerequisite: Minimum grade of C (2.0) in either STA 271 or STA 290; or permission of instructor

Offered: Spring

Notes: Formerly STA 291.

STA 351 Probability (3:3)

Basic probability theory; combinatorial probability, conditional probability and independent events; univariate and multivariate probability distribution functions and their properties.

Prerequisite: Grade of at least C in MAT 292

Offered: Fall

STA 352 Statistical Inference (3:3)

Descriptive and inferential statistics. Emphasis on sampling distributions; theory of estimation and tests of hypotheses, linear hypothesis theory, regression, correlation and analysis of variance.

Prerequisite: Grade of at least C in STA 290 or permission of instructor

Offered: Spring

STA 375 Statistical Data Mining (3:3)

Introduction to statistical methods for data mining; classification and prediction methods using regression and discrimination techniques; clustering methods using distance, linkage, hierarchical methods. Using statistical software to perform data mining.

Prerequisite: Grade of at least C in STA 291

STA 382 Introduction to Sampling Methods (3:3)

Designing survey instruments; estimation of population mean, total, and proportion using simple random, stratified, systematic, and cluster sampling; other sampling techniques such as pps sampling and randomized response methods.

Prerequisite: Minimum grade of C (2.0) in STA 291; or permission of instructor

Offered: Alt

STA 383 Introduction to Nonparametric Methods (3:3)

One and two sample permutation and rank tests, k -sample tests, tests of association, contingency table analysis, nonparametric bootstrapping.

Prerequisite: STA 291 or permission of instructor

Offered: Alt Years

STA 481 Introduction to Design of Experiments (3:3)

Planning and analysis of experimental and observational studies. Completely randomized, blocked, split-plot, and

repeated measures designs. Factorial arrangements and interaction. Power and sample size calculation.

Prerequisite: Minimum grade of C (2.0) in STA 291; or permission of instructor

Offered: Alt Years

STA 482 Introduction to Time Series Models (3:3)

Estimation/removal of trend and seasonality, introduction to stationary stochastic processes, fitting ARMA/ARIMA models, forecasting techniques, miscellaneous topics, and introduction to a time series modeling software package.

Prerequisite: STA 352 or permission of instructor

Offered: Alt Years

STA 551 Introduction to Probability (3:3)

Events and probabilities (sample spaces), dependent and independent events, random variables and probability distribution, expectation, moment generating functions, multivariate normal distribution, sampling distributions.

Prerequisite: Grade of at least C in STA 290 and MAT 293 or permission of instructor

Offered: Fall

STA 552 Introduction to Mathematical Statistics (3:3)

Point estimation, hypothesis testing, confidence intervals, correlation and regression, small sample distributions.

Prerequisite: Grade of at least C in STA 551 or permission of instructor

Offered: Spring

STA 562 Statistical Computing (3:3)

Statistical methods requiring significant computing or specialized software. Simulation, randomization, bootstrap, Monte Carlo techniques; numerical optimization. Extensive computer programming involved. This course does not cover the use of statistical software packages.

Prerequisite: Minimum grade of C (2.0) in either STA 291 or STA 580; knowledge of a scientific programming language

Offered: Alt Fall

STA 565 Analysis of Survival Data (3:3)

Methods for comparing time-to-event data, including parametric and nonparametric procedures for censored or truncated data, regression model diagnostics, group comparisons, and the use of relevant statistical computing packages.

Prerequisite: STA 291 or STA 352 or permission of instructor

Offered: Alt

STA 571 Statistical Methods for Research I (3:3)

Introduction to statistical concepts. Basic probability, random variables, the binomial, normal and Student's t distributions, hypothesis tests, confidence intervals, chi-square tests, introduction to regression, and analysis of variance.

Offered: Fall

Notes: Hours do not count toward degree requirements for a mathematics major.

STA 572 Statistical Methods for Research II (3:3)

Statistical methodology in research and use of statistical software. Regression, confidence intervals, hypothesis testing, design and analysis of experiments, one- and two-factor analysis of variance, multiple comparisons, hypothesis tests.

Prerequisite: STA 571; or permission of instructor

Offered: Spring

STA 573 Theory of Linear Regression (3:3)

Linear regression, least squares, inference, hypothesis testing, matrix approach to multiple regression. Estimation, Gauss-Markov Theorem, confidence bounds, model testing, analysis of residuals, polynomial regression, indicator variables.

Prerequisite: Grade of at least C in STA 352 and MAT 310, or STA 662, or permission of instructor

Offered: Fall

STA 574 Theory of the Analysis of Variance (3:3)

Multivariate normal distribution, one-way analysis of variance, balanced and unbalanced two-way analysis of variance, empty cells, multiple comparisons, special designs, selected topics from random effects models.

Prerequisite: Grade of at least C in STA 573 or permission of instructor

Offered: Spring

STA 575 Nonparametric Statistics (3:3)

Introduction to nonparametric statistical methods for the analysis of qualitative and rank data. Binomial test, sign test, tests based on ranks, nonparametric analysis of variance, nonparametric correlation and measures of association.

Prerequisite: Grade of at least C in STA 352 or STA 572 or STA 662, or permission of instructor

Offered: Fall

STA 580 Biostatistical Methods (3:3)

Statistical methods for biological research including: descriptive statistics; probability distributions; parametric

Faculty

Kimberlianne Podlas, Associate Professor and Head of Department

Professors Barr, Cook, Edwards, Frierson

Associate Professors Adams, Ingram

Lecturers Donaldson, Terres, Wells

The Department of Media Studies offers a Bachelor of Arts in Media Studies. The Media Studies major is an integrated program of study that focuses on the creative production and critical consumption of a range of moving-image media. Majors have opportunities to study and produce narrative and documentary film, interdisciplinary media productions, fictional and nonfictional television, and video journalism. Students can craft their own program of study, drawing from courses on various aspects of film, video, and digital media production: media and screenwriting; media theory, history, and criticism; and news reporting and analysis. Students seeking vocational specializations should pursue relevant post-baccalaureate studies. The Department's rich and varied curriculum is matched by an extensive cocurricular program that includes opportunities to participate in on-campus media productions, the student-run campus radio station WUAG, and other client-based and internship programs.

The Department also offers two minors: a nonproduction Media Studies minor and a Radio minor, each requiring 18 semester hours of courses.

The Department is housed in the Brown Building and in the Carmichael Radio and Television Center. The Department's faculty is comprised of talented media creators and scholars with excellent reputations as teachers. Students are encouraged to collaborate with faculty as a means of enriching their course of study.

Media Studies Major (MDST)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U134

Criteria for Continuing in the Media Studies Major

Continuation in the Media Studies major is contingent upon the following requirements:

1. Only grades of C or better (C- is not accepted) taken in MST courses will count toward completion of a major or minor.
2. Adherence to all building and equipment policies and procedures, including the department shooting protocols.
3. Professional conduct and treatment of program equipment, including prompt payment of any charges assessed for equipment damage.
4. Compliance with all university regulations including the Academic Honor Policy. Plagiarism, submitting the same work to more than one class, falsified attendance records, etc., are grounds for dismissal from the major.

UNCG has long been recognized as one of the top music institutions in the United States and has been fully accredited by the National Association of Schools of Music since 1938. The School of Music offers the only comprehensive degrees in music education and music performance in the State of North Carolina, from the undergraduate level through doctoral study. The School of Music offers Bachelor of Arts degree in Music, and Bachelor of Music degrees in Performance and Music Education. Our outstanding facilities, world-class faculty,

and numerous ensemble experiences provide an environment for artistic and academic success.

The BA in music provides high-quality musical training with the versatility and breadth of a liberal arts education, it prepares students for a variety of careers and opportunities. With its emphasis on writing, speaking, and critical thinking skills, the BA degree is ideal for students wishing to pursue a double major in another academic field, pre-professional programs in law or medicine, study abroad, UNCG in 3, arts administration, or graduate programs in music theory, musicology, or ethnomusicology.

Undergraduate students in Music Performance pursue rigorous professional training in music along with a broad liberal arts education. Our students graduate as informed, responsible citizens with the tools to succeed and communicate effectively as musicians of the 21st century.

Undergraduate students in Music Education pursue rigorous professional training in music teacher education along with a broad liberal arts education that prepares them for positions as choral directors (principal performance area usually voice, piano, or organ), teachers of general music, or for positions as instrumental directors (principal performance area in orchestral or band instruments) in public schools. Our students graduate earning a Standard Professional 1 (SP1) North Carolina Educator's License and are prepared as informed, responsible citizens with the tools to succeed and communicate effectively as musicians and educators of the twenty-first century. Music education students acquire valuable early field teaching experience in a wide variety of P-12 school settings beginning the Freshman year and continuing throughout the degree program.

Located in artistically-thriving Greensboro, Winston-Salem, and High Point, the Triad area provides a wealth of cultural and academic opportunities for our students. Students regularly attend and perform in concerts by the Greensboro Symphony Orchestra, the Greensboro Opera Company, the Winston-Salem Symphony and the Eastern Music Festival along with a myriad of musical theatre, jazz, and chamber music ensembles. They may also attend lectures, conferences, and symposia at UNCG and other universities in the Triad or Triangle areas.

We welcome students who will strive for excellence and will contribute to the inclusiveness and diversity of our mission.

Performance Studies

Throughout the four years of undergraduate enrollment, music students will have the opportunity to study in one or more performance studies areas: keyboard, voice, strings, winds, percussion, jazz, or composition. This study will include private instruction in the major or principal performance area and some group instruction.

Ensemble Requirements

Bachelor of Arts students and Music Education students enrolled for two or more semester hours of music performance studies must audition for and perform in an ensemble each semester. Performance majors will participate in one or more ensembles each semester according to concentration requirements. Students will have the opportunity to express their ensemble placement preferences, but they will be assigned according to audition results and ensemble priorities. Ensemble assignments and placement will be determined by the Director of Bands, Director of Orchestras, Director of Choral Activities, and the Director of the Mile Davis Jazz Program, in consultation with the performance teachers and appropriate area conductor. Each year advanced voice students may apply for roles in the performance of opera and musical theatre, which the departments of music present in cooperation with the Department of Theatre.

Student Information Manual

Additional policies and regulations are found online in the Music Student Information Manual. This manual is made available to all music students after entrance requirements are met. Adherence to the contents of this publication is the responsibility of the student.

Music Education Major, K–12 Licensure (MEDU)—B.M.

Degree: Bachelor of Music

Required: 125 semester hours, to include at least 36 hours at or above the 300 course level; 3.0 GPA; MUE 090 (7 semesters)

Available Concentrations & AOS Codes:

Choral/General Music Education, U626

Instrumental/General Music Education, U629

Student Learning Goals

The Bachelor of Music degree is the initial professional degree in music. Its primary emphasis is on development of the skills, concepts, and sensitivities essential to the professional life of the musician. In any of many possible roles, the professional musician must exhibit not only technical competence, but also a broad knowledge of music and music literature, the ability to integrate musical knowledge and skill, sensitivity in musical style, and an insight into the role of music in intellectual and cultural life.

V Electives

Electives sufficient to complete the 125 semester hours required for the degree.

Music Major: General Music Concentration (MUSI)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U602

Student Learning Goals

The Bachelor of Arts degree with a major in music indicates the study of music in a liberal arts degree framework. It emphasizes a broad coverage of music rather than heavy concentration on any single segment. Studies develop musicianship, capabilities in the use of principles and procedures that lead to an intellectual grasp of the art, and the ability to perform. It serves individuals who seek a broad program of general education rather than intense specialization.

Mission Statement

UNCG School of Nursing is a learner-centered community preparing nurse generalists, advanced practice nurses, educators, and researchers to make a difference in the lives of individuals, families, populations, and communities.

The School of Nursing offers an undergraduate program leading to the Bachelor of Science in Nursing degree. The first two years of study are in general education, basic sciences, and humanities. The majority of work in the junior and senior years is in nursing.

The School of Nursing offers a Master of Science in Nursing degree to prepare persons for a leadership role in nursing education and administration. The School, along with the Bryan School of Business and Economics, offers the M.S.N./M.B.A. The School of Nursing offers the Ph.D. in Nursing to prepare nurses as scientists in academia and industry and the D.N.P to prepare advanced practice nurses and executive nurse leaders.

Accreditation

The pre-licensure Bachelor of Science in Nursing program offered by the School of Nursing is approved by the North Carolina Board of Nursing. The B.S.N. program is accredited by the Accreditation Commission for Education in Nursing (ACEN), 3343 Peachtree Road NE, Suite 850, Atlanta, Georgia 30326, or on the Web at www.acenursing.org.

The B.S.N. program is accredited by the Commission on Collegiate Nursing Education (CCNE), One Dupont Circle, NW, Suite 530, Washington, DC 20036-1120, or on the Web at <http://aacn.nche.edu/ccne-accreditation>.

Philosophy

The philosophy of the faculty at the School of Nursing is a statement of the beliefs and values they hold about the discipline and profession of nursing as well as nursing education. The conceptual framework and the goals of the undergraduate and graduate programs are built upon this philosophy.

Nursing is both a practice discipline and a profession. Comprising the discipline is a unique body of knowledge that is integral to nursing practice, nursing education, and nursing administration. The body of knowledge is continuously developed and refined as an outcome of scientific, historical, philosophical, and ethical inquiry. Nursing knowledge is generated about health experiences and behaviors of persons across the life span. Testing and validation of interventions used in nursing practice generates evidence to support best practices. The metaparadigm concepts of person, environment, health, and nursing form the foundation upon which inquiry and the profession are based.

Nurses use knowledge developed by the discipline to promote optimal health in people and to achieve professional goals. Nursing is an essential component of the health care delivery system and includes the promotion of wellness, the detection of alterations in health, and the provision of care for those with illness, disease, or dysfunctions. Professional nursing is characterized by inquiry, caring, and practice. Nurses are professionally, ethically, and legally accountable for the care they provide, and their practice includes independent and collaborative functions.

Nursing education is built upon a foundation of a broad general education and professional nursing curriculum that provides opportunities for learners to attain knowledge and competencies required to practice nursing. Mature learners identify their own learning needs and assume responsibility for continued learning. Effective teachers establish an inviting learner-centered environment that promotes collaboration among themselves and their learners for achievement of educational goals. Baccalaureate education prepares nurses to practice as generalists, while specialty education at the master's level prepares advanced practice registered nurses, administrators, and educators. At the doctoral level, nurses are prepared as scientists to practice in academia and industry and as advanced practice registered nurses for delivery of healthcare.

Admission & Progression

Admission for Pre-licensure Students

Students must be formally admitted to the School of Nursing which is an upper division major. Only students who have formal, written acceptance into the School will be permitted to register in nursing courses and complete work for the major. Admission should normally be sought during the sophomore year. The application deadline is February 1 of each year. Applications are obtained from the Advising Center in the School of Nursing. Transcripts from all post-secondary schools attended must be submitted with the application.

Technical Standards for Academic Progression, and Graduation in the B.S.N. Pre-licensure Nursing Program

Consistent with its mission and philosophy, the School of Nursing at The University of North Carolina at Greensboro is committed to providing educational opportunities to students. The School of Nursing programs prepare students to think critically and practice nursing competently and compassionately in rapidly changing practice environments. All efforts are designed to build nursing knowledge, enhance nursing practice and patient safety, foster professional integrity, and ultimately improve the health outcomes of individuals, families, groups, and communities across the continuum of care.

In addition, certain functional abilities are essential for the delivery of safe, effective nursing care. The technical standards listed below must be met by all students in order to remain in the program. In the event that a student is unable to meet these technical standards, with or without reasonable accommodations, the student will not be allowed to remain enrolled in or to graduate from the program.

Communication Skills

- Sufficient skills to communicate effectively and sensitively with patients, family members and other members of the health care team
- Sufficient skills to convey or exchange information at a level allowing development of a health history, identifying problems, explaining alternative solutions; teaching, directing, and counseling during treatment and post-treatment
- Sufficient skills to communicate in ways that are safe and not unduly alarming to patients, family members, and other members of the health care team

Cognitive, Conceptual, and Quantitative Skills

- Sufficient skills to read and understand written documents in English
- Sufficient skills in problem solving including measurements, calculation, reasoning, analysis, and synthesis
- Sufficient skills to comprehend three-dimensional and spatial relationships

Motor Skills

- Sufficient skills to execute movements required to provide general care and treatment to patients in all health care settings
- Sufficient skills include gross and fine motor skills, physical endurance, physical strength and mobility to carry out nursing procedures, perform basic laboratory tests, and provide routine and emergency care and treatment to patients
- Sufficient stamina to complete a typical nurse's clinical assignment, including working a 12-hour shift.

Behavioral Skills

- Sufficient skills to relate to patients, family members, other members of the health care team and colleagues with honesty and integrity, and with nondiscrimination

- Sufficient skills for the development of a mature, sensitive and effective therapeutic relationship with clients
- Sufficient skills to adapt to changing environments, to display flexibility and to learn to function in the face of uncertainties inherent in the clinical problems of many patients
- Sufficient skills reflecting an ethical behavior, including adherence to the professional nursing code of ethics and student academic integrity policy

Sensory/Observation Skills

- Sufficient skills to observe and learn from demonstrations in the clinical skill laboratory course, from demonstrations in the patient care areas, and observations of the patient and the patient's environment
- Sufficient skills to perform health assessments and interventions; observe diagnostic specimens; and obtain information from digital, analog, and waveform representations of physiologic phenomena to determine a client's condition

Process for Requesting Reasonable Accommodation

Optional Disclosure Prior to Admission. Candidates for admission to the School of Nursing are not required, prior to admission, to disclose that they will require reasonable accommodations in order to meet the Technical Standards. Candidates may, however, voluntarily disclose prior to admission the fact that they will require reasonable accommodations to meet the Technical Standards. If the student elects voluntarily disclosure before admission, this information will not be considered by the university on the question of whether the student should be admitted. Instead, assuming the student is admitted, the information will be used after admission to determine whether the student will be provided any requested accommodations pursuant to the process described below.

Disclosure After Admission. If the student timely requests a reasonable accommodation, an interactive process involving the student, Associate Dean for Academic Programs in the School of Nursing, relevant faculty members and the Office of Accessibility Resources and Services will be commenced to determine what, if any, accommodations will be provided to the student.

In all cases where a student has timely requested an accommodation, the student must cooperate with the Associate Dean for Academic Programs in the School of Nursing and Office of Accessibility Resources and Services in an interactive process to determine whether the student is qualified for accommodations and what, if any,

accommodations will be provided pursuant to applicable laws. The Office of Accessibility Resources and Services will assist the student in coordinating documentation and evaluation of the student, which may include asking the student to provide requested documentation of a qualified disability.

No accommodation will be offered that would jeopardize the safety of patients or clients or the university student. No accommodation will be offered that would fundamentally alter or substantially compromise these technical standards or any other academic standards deemed essential to graduation by the university, including all course work, fieldwork, clinical practica, and internships.

Minimum Criteria to Declare or Remain a Pre-Nursing Major Prior to Admission to the Clinical Courses, Pre-licensure Program

1. Students must have either: 1) an SAT Critical Reading score of at least 500 and an SAT Mathematics score of at least 500 or 2) an ACT Composite score of at least 21 to declare pre-Nursing (PNUR) as their major as incoming freshmen. Incoming freshmen who are initially ineligible to declare pre-Nursing as their major may change their major to pre-Nursing after successful completion of fifteen (15) semester hours of course work at UNCG with a GPA of at least 3.0.
2. Pre-nursing majors must earn and maintain a 3.0 or higher GPA in order to remain a declared pre-nursing major. Students with a GPA below 3.0 must change to a major other than Nursing.
3. Students wishing to change their major to pre-nursing from another major must have a 3.0 or higher cumulative UNCG GPA to do so.
4. Incoming transfer and second-degree students must have a transfer GPA of 3.0 or greater to declare pre-nursing as their major upon admission to the university.

Minimum Criteria for Admission:

1. Overall grade point average of 3.0 or higher

2. A grade of C (2.0) or better in each of the following courses:

BIO 271	Human Anatomy or
KIN 291	Clinical Human Anatomy
BIO 277	Human Physiology or
KIN 292	Clinical Human Physiology
BIO 280	Fundamentals of Microbiology
HDF 211	Human Development Across the Life Span

Academic Departments, Programs, and Courses

PSY 121	General Psychology
CHE 104	General Descriptive Chemistry II
ATY 100	Contemporary Non-Western Cultures or
RCO 215	Residential College Seminar in Social and Behavioral Studies or
SOC 101	Introduction to Sociology or
SOC 202	Social Problems in Global Context
NTR 213	Introductory Nutrition
STA 108	Elementary Introduction to Probability and Statistics
PHI 121	Contemporary Moral Problems or
PHI 220	Medical Ethics or
RCO 203	Residential College Seminar in Philosophical/Religious/Ethical Principles

3. No more than two of the above prerequisite courses may be repeated to earn the minimum required grade or better.

Prerequisite courses may be repeated only one time.

Students may not enroll in required nursing courses without being admitted to the School. Application for admission is possible while students are still completing the prerequisite courses, but unconditional admission cannot be granted until admission criteria have been successfully completed.

Admission to the university does not guarantee acceptance into the nursing major. Various health care agencies in Piedmont North Carolina cooperate with the School of Nursing in providing clinical learning experiences for students. The size of each incoming junior class is determined by the availability of these clinical resources. Therefore, it is impossible to assure space for every student who meets the criteria.

Priority Admissions

Priority in admission (subject to space availability) will be granted to students who meet the following criteria:

- Enter UNCG as new, first-time freshmen
- Earn a cumulative GPA of 3.50 by the end of the third semester
- Complete all but one of the following required science courses:

CHE 104	General Descriptive Chemistry II
BIO 271	Human Anatomy or

KIN 291	Clinical Human Anatomy
BIO 277	Human Physiology or
KIN 292	Clinical Human Physiology
BIO 280	Fundamentals of Microbiology
and at least one of the following pre-requisite courses:	
NTR 213	Introductory Nutrition
STA 108	Elementary Introduction to Probability and Statistics
PHI 121	Contemporary Moral Problems or
PHI 220	Medical Ethics or
RCO 203	Residential College Seminar in Philosophical/Religious/Ethical Principles

by the end of the third semester, with a 3.0 (B) or better in each course completed. Courses must be completed at UNCG.

d. Complete three (3) semesters at UNCG (minimum of 45 semester hours)

e. Meet all other admission requirements for the upper division nursing major.

Non-Priority Admissions

Students who do not meet the criteria for Priority Admissions above, but who meet the Minimum Criteria for Admission, may still apply for admission.

The process for admission will consider the following:

- Cumulative GPA for all college-level courses completed
- Grades earned in the required science, social science, and English courses
- Grade improvement over time
- Score on the TEAS-V (Test of Essential Academic Skills)
- Probability of completing all required courses in the next four semesters
- Availability of space.

Registered Nurses

RNs interested in completing the B.S.N. degree need to meet the university's requirements for admission. A registered nurse who brings advanced placement may build a minor in order to complete the 122 semester hours required for graduation. Registered nurse students must make a C (2.0) or better in NUR 370 and NUR 371 to be admitted into the 400-level nursing courses. Thirty (30) hours of credit will be awarded to RN-BSN students for

completion of associate or diploma nursing courses upon satisfactory completion of NUR 370 and NUR 371. Registered nurse students must provide evidence of current, active, unrestricted RN licensure prior to admission to the required 300-level courses, and must have a current, active, unrestricted North Carolina RN license prior to enrollment in the required 400-level courses. Registered nurse students who hold unrestricted RN licenses in states covered by the multi-state Nurse Licensure Compact do not need to be licensed separately in North Carolina, unless they become residents of North Carolina. See the NC Board of Nursing Website at <http://www.ncbon.org>. The length of time required to complete the program varies with each individual.

Criteria for Progression in the Major

1. Students must earn a grade of C (2.0) or better in all required 200- to 400-level nursing courses in order to progress and graduate. An overall grade point average of 2.0 or better is required to graduate.
2. Failure to earn a grade of C (2.0) or better will result in immediate dismissal from the School of Nursing.
3. Students in the upper division clinical nursing courses who interrupt their studies for personal or academic reasons for longer than one year must reapply for admission to the upper division. (This item does not apply to RN to B.S.N. students).
4. The required 200- to 400-level courses in the pre-licensure program are designed to be completed in two academic years. Students who voluntarily withdraw from one or more of these required courses are considered to have withdrawn from the program and must apply for readmission prior to enrolling in the next semester.

Grading in Practicum and Laboratory

A grade of unsatisfactory in lab or clinical practicum in nursing courses will result in a course grade of F.

Appeal Procedure Related to Progression Policies

If a student wishes to appeal a policy in the School of Nursing, the student should complete a "Student Appeal Request." The Student Appeals Committee hears student appeals. Students may obtain the request form and discuss the appeals process with the Chair of the Committee or the Associate Dean for Academic Programs. The Student Appeal Request form may be printed from the School of Nursing Web site, <http://nursing.uncg.edu>.

General Information

1. Substitutions for prerequisite courses may be made with prior approval from the Office of the Associate Dean, School of Nursing.
2. Qualified students are encouraged to take Honors courses in the arts and sciences.
3. All students are encouraged to take either Advanced Placement Exams, Biology Department exemption exam, or CLEP exam for BIO 111 which is prerequisite for BIO 271, BIO 277, BIO 280, KIN 291, and KIN 292.
4. The pre-licensure B.S.N. program is designed to be completed in nine (9) semesters [four (4) academic years plus one summer] of full-time study. Some students may wish to spread the requirements over 10 semesters, or to attend additional summer school. Depending on the number of transfer hours a student brings to UNCG, registered nurses may be able to complete the program in three (3) semesters of full-time study, but part-time study is also available.
5. A detailed School of Nursing Student Handbook that contains additional information is available on the Web at www.uncg.edu/nur.
6. Graduates of the pre-licensure program are eligible to apply for licensure as a registered nurse. Applicants for initial licensure in North Carolina must have a criminal background check. See the Web page for the N.C. Board of Nursing for questions.

Clinical Information

1. Nursing majors are required to purchase uniforms—estimated cost is \$180. Uniforms are required for clinical activities in the 200- to 400-level nursing courses. Students usually purchase uniforms in the second semester of the sophomore year.
2. Students will be charged for costs associated with course activities, including the cost of liability (malpractice) insurance (required for students in any clinical course), end of program diagnostic or assessment tests, and junior level lab kits.
3. Students enrolled in 200- to 400-level courses with a clinical component are responsible for their own transportation to and from the agencies used for clinical activities/practicum experiences. Car owners are reminded that current liability insurance is required by North Carolina law.
4. Students admitted to the major must provide evidence of the following by July 1 (forms will be sent to students earlier in the summer):

Academic Departments, Programs, and Courses

- a. Negative two-step Mantoux skin testing for tuberculosis, followed by annual Mantoux skin testing; or annual Quantiferon blood testing for tuberculosis. If test is positive, a chest X-ray is required annually.
 - b. A tetanus toxoid immunization—every ten years with at least one Tetanus, Diphtheria and Pertussis (Tdap) immunization since age 12 years.
 - c. Rubella and Measles evidence as required by the university
 - d. Evidence of a positive titer for Mumps or evidence of two doses of Mumps vaccine (evidence of 2 MMR is acceptable)
 - e. Evidence of chicken pox immunization or positive titer
 - f. Evidence of Hepatitis B immunization. Students who begin their series of immunizations after January 1, 2007 must also have evidence of a post-vaccination positive titer, or evidence of revaccination, unless they are still in the initial course of immunization. For students in the pre-licensure program, the initial series must be started prior to the first year of clinical, and a positive titer or evidence of beginning the second series of immunization is required prior to the start of the second year of clinical.
 - g. Evidence of immunization against influenza (seasonal flu shot) in the last 12 months or declination form on file in the School of Nursing—annual requirement
 - h. Evidence of certification by the American Heart Association in Health Care Provider cardiopulmonary resuscitation (CPR). Students must remain continuously certified in American Heart Association Health Care Provider CPR.
 - i. Satisfactory evaluation signed by the student's physician, nurse practitioner, or physician's assistant indicating the applicant's physical and emotional health to provide nursing care.
- Rarely, immunization requirements must be changed on short notice. Students will be informed of changes as soon as they occur.
5. Registered nurse students are responsible for items listed under "General Information", with the following modifications:
 - a. Registered nurses are not required to purchase uniforms, but must wear identifying name tags and lab coats or uniforms appropriate to the clinical setting. Specific requirements will be discussed in each clinical course.
 - b. Immunization requirements listed must be on file in the School of Nursing prior to beginning a clinical course. Forms are sent to students who preregistered for clinical courses. Students who do not preregister and have not received the immunization forms should stop by the Advising Center of the School of Nursing to obtain the forms.
 - c. The letter of physical and emotional health to provide nursing care is not required for Registered Nurse students.
 6. Students are responsible for all costs associated with their own health care. On-campus students taking six (6) or more credit hours are required to have health insurance. Other students are encouraged to have health insurance, and to be familiar with its provisions.
 7. Beginning January 1, 2005, all nursing students must have an approved criminal background check prior to beginning clinical activity. For RN to B.S.N. students, results must be submitted prior to beginning NUR 474 or any other course with a clinical component (by August 1 for fall semester or December 1 for spring semester). For students in the pre-licensure program, results must be submitted by July 1, prior to enrolling in the required 300-level nursing courses. The university has contracted with Certiphi.com to perform this service. The cost is to be paid by the student. The results will be kept in the student's School of Nursing file and will be destroyed upon graduation, withdrawal, or termination from the program. The Assistant Dean for Academic Affairs will receive the results of the criminal background check of each undergraduate student. The School will not use this information in any way except to verify to clinical agencies that students have been subjected to the background check and to release a copy of the information to the agency, if requested. Students must sign two release forms (copies available in the Student Affairs Office), which will authorize the release of the information to the clinical agency, if requested. Directions on obtaining the background check are available in the Student Affairs Office. This criminal background check does not replace the one that will be done by the N.C. Board of Nursing prior to initial licensure as a registered nurse (see item #6).
 8. Beginning July 1, 2009, all students must have a negative urine drug screen by a National Institute of Drug Abuse (NIDA)-approved lab prior to clinical activity. The screen must test for the following drugs: AMP (amphetamine), BAR (barbiturates), BZO (benzodiazepines), COC (cocaine), THC (marijuana), MTD (methadone), mAMP (methamphetamine), MDMA (ecstasy), OPI (opiate), PCP (Phencyclidine), PPX (propoxyphene), ALC (alcohol), and OXY (oxycodone). In some cases, such as when results are inconclusive, it will be necessary to repeat the test. Note: Many labs in North Carolina **are not** NIDA-

approved. The agency has contracted with Corporate Screening to do the drug screens, although tests from other NIDA-approved labs are acceptable if they screen for all the required drugs. Directions on obtaining the drug screens from Corporate Screening are available in the Student Affairs Office.

9. If none of the clinical agencies under contract with the School of Nursing are willing to allow a student to participate in clinical activities at that agency because of information gathered from urine drug screen testing, background check, or other pre-clinical screening required by clinical agencies, the student will be required to withdraw from the nursing program.

Policies for Nurses

Unsafe Practice Policy

The nursing faculty of the School of Nursing have an academic, legal, and ethical responsibility to prepare graduates who are competent as well as to protect the public and health care community from unsafe nursing practice. It is within this context that students can be disciplined or dismissed from the School of Nursing for practice or behavior which threatens or has the potential to threaten the safety of a client, a family member or substitute familial person, another student, a faculty member, or other health care provider.

I. Student Awareness

All students are expected to be familiar with the principles of safe practice and are expected to perform in accordance with these requirements. Within courses, counseling and advising processes, and other instructional forums, students will be provided with the opportunity to discuss the policy and its implications.

II. Definition

An unsafe practice is defined as:

1. An act or behavior of the type which violates the North Carolina Nursing Practice Act, Article 9 of Chapter 90 of the North Carolina General Statutes (NCGS §90-171.37; §90-171.44)
2. An act or behavior of the type which violates the Code of Ethics for Nurses of the American Nurses' Association
3. An act or behavior which threatens or has the potential to threaten the physical, emotional, mental or environmental safety of the client, a family member or substitute familial person, another student, a faculty member or other health care provider
4. An act of behavior (commission or omission) which constitutes nursing practice for which a student is not authorized or educated at the time of the incident.

III. Investigation and Evaluation of an Unsafe Practice

When an incident occurs which a faculty member believes may constitute an unsafe practice, he/she shall immediately notify the student and instruct the student to leave the clinical setting. The faculty member will notify the Course Chair and/or Program Director within the School of Nursing.

The Course Chair and/or Program Director will investigate the incident within three working days to determine whether there are grounds for believing that an unsafe practice has occurred. If the incident is minor, the faculty member, in consultation with the Course Chair or Program Director may require remedial work or instruction for the student.

If the incident is major, the Course Chair or Program Director, in consultation with the involved faculty member, will review the student's clinical performance evaluations, academic record, and potential for successful completion of the major in nursing. Based upon this careful and deliberate review, a decision to reprimand the student, require withdrawal from the clinical course, or to dismiss the student from the School will be made.

The Dean will be informed of the decision and will send written notification of the decision to the student via certified mail.

Should the student wish to appeal the decision, the student will submit a written request to the School of Nursing Appeals Committee. The Program Director will provide the accumulated correspondence or documentation related to the issue to the committee. A request for an appeal should occur within seven (7) working days of receipt of written notification of the decision from the Dean.

IV. Hearing Process

The Chair of the School of Nursing Appeals Committee will thereafter notify the student, the faculty member, Course Chair, and Program Director as to the time and place for a hearing.

The Committee will hold a closed hearing within ten (10) working days of receipt of the request for an appeal, at which time the faculty member, Course Chair, and Program Director may be present and provide documentation and other oral or written evidence regarding the incident. The student may be present and will be given an opportunity to provide documentation and other oral or written evidence regarding the incident. The student will be allowed an advocate/support person at the hearing; however, the support person cannot be an attorney, and will not be permitted to speak.

Following the factual presentation, the Committee will convene in executive session to review the actions

taken against the student for unsafe practice and to make a recommendation regarding the resolution of the incident. The Committee will base its recommendation on the evidence presented at the hearing. The Committee shall make its recommendation in writing to the Dean and forward pertinent documentation.

The Committee may recommend the following remedies: support for the action taken, remedial work or instruction, a reprimand, withdrawal from the course, or dismissal from the School of Nursing.

V. Post-Hearing Process

The Dean may accept or reject the Committee's recommendation. The Dean's decision will be made after review of the minutes of the hearing and report of the Committee. The Dean will notify the student and the faculty member(s) as to the decision made.

Dismissal from the School of Nursing does not constitute dismissal from the university.

A student who has been dismissed may reapply for admission to the School of Nursing. The application will be reviewed by the School of Nursing Appeals Committee.

Graduate students in the School of Nursing should refer to the *Graduate School Bulletin* for the "Policy on Unsafe Practice" for graduate students.

Students can be dismissed from the School of Nursing for physical and/or emotional problems that do not respond to appropriate treatment and/or counseling within a reasonable period of time.

I. Investigation and Evaluation

When faculty members identify a student that presents physical and/or emotional problems that do not respond to appropriate treatment and/or counseling, they immediately suspend the student from the course. Faculty notify the Course Chair and/or Program Director within the School of Nursing. Upon determination by the faculty, Course Chair, and Program Director, that the physical and/or emotional problems warrant dismissal from the School of Nursing, the Dean will be notified. The Dean, in consultation with the faculty, and upon review of the documentation, will make a decision regarding dismissal of the student from the School of Nursing. The Dean will send written notification of the decision to the student. Should the student wish to appeal the decision the student will submit a written request to the School of Nursing Appeals Committee. The Dean will provide the accumulated correspondence or documentation related to the issue to the committee.

A request for an appeal should occur within seven working days of written notification of the decision from the Dean.

II. Hearing Process

The Chair of the School of Nursing Appeals Committee will thereafter notify the student, the faculty member, the Course Chair, and Program Director as to the time and place for a hearing to determine whether the physical and/or emotional problems warrant dismissal.

The committee will hold a closed hearing within ten working days at which time the faculty member, Course Chair, and Program Director will be present and will provide documentation and other oral or written evidence regarding the incident. The student will be present and will be given opportunity to provide documentation and other oral or written evidence regarding the problem.

The student will be allowed an advocate/support person at the hearing; however, the support person cannot be an attorney, and will not be permitted to speak.

Following the factual presentation, the Committee will convene in executive session to determine whether the problem warrants dismissal from the School. The Committee shall make its recommendation in writing to the Dean and forward pertinent documentation. The Committee may recommend dismissal from the School of Nursing major, or reinstatement in the program.

III. Post-Hearing Process

The Dean may accept, reject, or modify the Committee's recommendation. The Dean's decision will be made after review of the minutes of the hearing and report of the Committee. The Dean will notify the student and the faculty member(s) as to the determination.

Dismissal from the School of Nursing does not constitute dismissal from the university.

A student who has been dismissed may reapply for admission to the School of Nursing under the provisions published in the Undergraduate Bulletin. Graduate students in the School of Nursing should refer to the current edition of the *Graduate School Bulletin* for the "Policy on Dismissal of Students Who Present Physical and/or Emotional Problems that do not respond to Treatment" for graduate students.

Dismissal of Students Who Present Physical or Emotional Problems That Do Not Respond to Treatment Policy

Students can be dismissed from the School of Nursing for Physical and/or emotional problems that do not respond to

appropriate treatment and/or counseling within a reasonable period of time.

I. Investigation and Evaluation

When faculty members identify a student that presents physical and/or emotional problems that do not respond to appropriate treatment and/or counseling, they immediately suspend the student from the course. Faculty notify the Course Chair and/or Program Director within the School of Nursing. Upon determination by the faculty, Course Chair, and Program Director, that the physical and/or emotional problems warrant dismissal from the School of Nursing, the Dean will be notified. The Dean, in consultation with the faculty, and upon review of the documentation, will make a decision regarding dismissal of the student from the School of Nursing. The Dean will send written notification of the decision to the student. Should the student wish to appeal the decision the student will submit a written request to the School of Nursing Appeals Committee. The Dean will provide the accumulated correspondence or documentation related to the issue to the committee.

A request for an appeal should occur within seven working days of written notification of the decision from the Dean.

II. Hearing Process

The Chair of the School of Nursing Appeals Committee will thereafter notify the student, the faculty member, the Course Chair, and Program Director as to the time and place for a hearing to determine whether the physical and/or emotional problems warrant dismissal.

The committee will hold a closed hearing within ten working days at which time the faculty member, Course Chair, and Program Director will be present and will provide documentation and other oral or written evidence regarding the incident. The student will be present and will be given opportunity to provide documentation and other oral or written evidence regarding the problem.

The student will be allowed an advocate/support person at the hearing; however, the support person cannot be an attorney, and will not be permitted to speak.

Following the factual presentation, the Committee will convene in executive session to determine whether the problem warrants dismissal from the School. The Committee shall make its recommendation in writing to the Dean and forward pertinent documentation. The Committee may recommend dismissal from the School of Nursing major, or reinstatement in the program.

III. Post-Hearing Process

The Dean may accept, reject, or modify the Committee's recommendation. The Dean's decision

will be made after review of the minutes of the hearing and report of the Committee. The Dean will notify the student and the faculty member(s) as to the determination.

Dismissal from the School of Nursing does not constitute dismissal from the university.

A student who has been dismissed may reapply for admission to the School of Nursing under the provisions published in the Undergraduate Bulletin. Graduate students in the School of Nursing should refer to the current edition of the *Graduate School Bulletin* for the "Policy on Dismissal of Students Who Present Physical and/or Emotional Problems that do not respond to Treatment" for graduate students.

Veteran's Access Program in Nursing

The UNCG VAP will have three tracks:

- one for the non-RN veteran student who wishes to accelerate the program,
- one for the non-RN veteran student who wishes to receive military experience credit for some courses but not accelerate their nursing program,
- and one for the RN veteran student in the RN to B.S.N. concentration.

All VAP students will need 122 s.h. to graduate. This may be comprised of transfer credit, credit earned at UNCG, or credit by competency testing and/or exam; however, 31 s.h. of course work must be taken at UNCG.

UNCG grants 6 s.h. for military experience and basic training.

VAP students' Joint Services transcript will be assessed individually to determine specific General Education course requirements, using American Council for Education (ACE) principles. This process will be used to determine learning gaps for each VAP student. A learning gap analysis will determine the specific courses for which the veteran may be eligible to receive credit through transfer credit evaluation, competency skills testing, and standardized examination.

Overall VAP requirements for the Nursing major are detailed with the information for the general Nursing major.

NURSING MAJOR (NURS)—B.S.N.

Degree: Bachelor of Science in Nursing (B.S.N.)

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Codes:

Nursing, U701

Nursing/RN to B.S.N., U702

Nursing/RN 2Plus Program, U710

Nursing/RN ROTC 2Plus Program, U770

Student Learning Goals

The baccalaureate program of the School of Nursing prepares graduates to:

1. Practice professional nursing based on inquiry, caring, and standards of practice.
2. Function independently and collaboratively within the health care system to deliver evidence-based nursing care to individuals, families, groups, and communities.

Nursing Major: Nursing Concentration for Undergraduates (NURS)—B.S.N.

Degree: Bachelor of Science in Nursing (B.S.N.)

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U701

I General Education Core Requirements (GEC)

See complete GEC requirements and approved course listings for all categories.

GLT—Literature (3 s.h.)

Student selects 3 s.h. from GLT list.

II General Education Marker Requirements

See details and courses. It is possible to meet all GE Marker Requirements while completing the GE Core requirements or courses required by the major/concentration.

GL/GN—Global/Global Non-Western Perspectives

four (4) courses carrying GL/GN markers, at least one of which must carry the GN marker

One SI (Speaking Intensive) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

Required

NUR 440	Nursing Practicum II
---------	----------------------

One WI (Writing Intensive) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

Required

NUR 425	Nursing Practicum I
---------	---------------------

III Major and Related Area Requirements

1.

NUR 210	Concepts in Nursing
---------	---------------------

NUR 220	Nursing Assessment of Well Individuals
NUR 310	Nursing Care of Individuals with Psychosocial Problems
NUR 320	Nursing Care of Adults: Common Physiological Problems
NUR 340	Nursing Care of the Developing Family
NUR 350	Nursing Research and Evidence-Based Practice
NUR 360	Nursing Care of the Emerging Family
NUR 380	Nursing Skills
NUR 410	Nursing Care of the Community of Older Adults
NUR 415	Nursing Leadership and Management
NUR 420	Community Health Nursing
NUR 425	Nursing Practicum I
NUR 430	Care of Individuals with Complex Illness
NUR 435	National Council Licensure Examination Review for Registered Nurses
NUR 440	Nursing Practicum II

NUR 210, NUR 220: Students must have a 3.0 GPA or higher to enroll in NUR 210 and 220. Through August 2004, NUR 210 met the requirement of one Writing Intensive course in the major.

Completion of both courses in a two-course sequence of Anatomy & Physiology I and II can be used to substitute for Human Anatomy (or Clinical Human Anatomy) and Human Physiology (or Clinical Human Physiology) courses. Completion of one of the two courses can be used to substitute for the Human Anatomy (or Clinical Human Anatomy) requirement.

Completion of a higher level chemistry course, can be used to substitute for General Descriptive Chemistry I and Introductory Chemistry Laboratory. Completion of 2 higher-level chemistry courses and their labs can be used to substitute for General Descriptive Chemistry I, General Descriptive Chemistry II, and Introductory Chemistry Laboratory.

Completion of Psychology 241, Developmental Psychology, from the N.C. Community College System, can be used to satisfy the Human Development Across the Life Span requirement.

Requirements listed above must be completed prior to enrolling in 300-level or 400-level nursing courses. Because of the time commitments involved with the 300- and 400-level nursing courses, and the difficulties in scheduling non-nursing courses concurrently with nursing courses, students should try to have most GEC course requirements completed prior to entering the upper division major.

IV Electives

Electives sufficient to complete 122 total semester hours required for degree.

B.S.N. under the Veteran's Access Program (VAP)

Requirements

Students pursuing the Nursing major: Nursing concentration for undergraduates (U701)—B.S.N. under the Veteran's Access Program (VAP)

1. Prerequisite courses

The same Minimum Criteria for Admission as undergraduates apply.

Prerequisite courses, prior to entering the upper division major, include:

STA 108	Elementary Introduction to Probability and Statistics
	Anatomy
	Physiology
	Microbiology

2. Upper-division admission

VAP students will be directly admitted to the upper division of the Nursing major after acceptance into the university and successful completion of pre-requisite course credit.

3. Completion of other university requirements for the degree.

Accelerated students must complete General Education requirements before beginning the Nursing courses. The plan of study for VAP students wishing to accelerate would require credit (by transfer credit and/or competency testing using national exams) for the following before starting the three-semester program:

Courses

NUR 210	Concepts in Nursing
NUR 220	Nursing Assessment of Well Individuals

4. Satisfactory completion of the required 200- to 400-level courses

VAP students may be granted credit by successful completion of national examination for 300-level and selected 400-level Nursing courses, based upon individualized assessment.

NUR 210	Concepts in Nursing
NUR 220	Nursing Assessment of Well Individuals
NUR 310	Nursing Care of Individuals with Psychosocial Problems
NUR 320	Nursing Care of Adults: Common Physiological Problems
NUR 340	Nursing Care of the Developing Family
NUR 350	Nursing Research and Evidence-Based Practice

NUR 440	Nursing Practicum II

B.S.N. as a Second Degree

Requirements

Students pursuing the Nursing major: Nursing concentration for undergraduates (U701)—B.S.N. as a second degree

1. Prerequisite courses

The same Minimum Criteria for Admission as undergraduates apply.

Prerequisite courses, prior to entering the upper division major, include:

STA 108	Elementary Introduction to Probability and Statistics
	Anatomy
	Physiology
	Microbiology

2. Second-degree students must also apply for admission to the upper-division major.

3. Completion of other university requirements for the degree.

4. Satisfactory completion of the required 200- to 400-level courses

Nursing Major: RN to B.S.N. Concentration (NURS)—B.S.N.

Requirements

Students pursuing the Nursing major: RN to B.S.N. concentration (U702)—B.S.N.

1. Satisfactory completion of:

NUR 370 Concepts of Professional Nursing
NUR 371 Nursing Health Assessment

2. May earn credit (30 s.h.) for completion of diploma or associate degree nursing courses.

3. Satisfactory completion of:

NUR 470 Community Health Nursing Concepts and Care
NUR 471 Nursing Care of the Older Adult
NUR 472 Nursing Leadership and Management
NUR 473 Nursing Research

and one NUR elective

Example nursing electives include:

NUR 330 Global Perspectives on the Health of Women
NUR 345 Basic Health Management of Children
NUR 405 Pharmacology in Nursing

and any 500-level NUR course

4. Completion of the GEC requirements

See complete GEC requirements and approved course listings for all categories.

5. Students must also meet the Residency Requirement of 31 s.h. of course work earned at UNCG.

Credit for the Special Examinations does not apply toward the Residency Requirement.

6. Completion of sufficient electives to earn a minimum of 122 s.h.

7. Completion of other university requirements for the degree.

8. Current License

RN students must hold a current, active unrestricted RN license in North Carolina or in a state covered by the multi-state Nurse Licensure Compact. For questions see the NC Board of Nursing Web site at www.ncbon.com.

Nursing Major: RN to B.S.N. Concentration for 2Plus Students (NURS)—B.S.N.

Degree: Bachelor of Science in Nursing (B.S.N.)

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Codes:

RN 2Plus Program, U710

RN ROTC 2Plus Program, U770

Students who graduate from associate degree nursing programs that are part of the N.C. Uniform Articulation Agreement are not required to meet the UNCG General Education Requirements (GEC) in the categories of Social and Behavioral Sciences (GSB), Natural Sciences (GNS), or Reasoning and Discourse (GRD). This program of study is congruent with the N.C. Uniform Articulation Agreement.

Students who graduate from diploma nursing programs or associate degree nursing programs that are not part of the Articulation Agreement will be expected to meet requirements for all GEC categories (see complete GEC requirements and approved course listings). Graduates of foreign nursing programs will be advised on an individual basis.

Electives sufficient to complete 122 total semester hours required for degree.

RN to B.S.N. under the Veteran's Access Program (VAP)

Requirements

Students pursuing the Nursing major: RN to B.S.N. concentration (U702)—B.S.N. under the Veteran's Access Program

1. Satisfactory completion of:

NUR 370 Concepts of Professional Nursing
NUR 371 Nursing Health Assessment

2. May earn credit (30 s.h.) for completion of diploma or associate degree nursing courses.

3. Satisfactory completion of the following:

Credit may be granted for some of these courses pending transcript review.

NUR 470 Community Health Nursing Concepts and Care
NUR 471 Nursing Care of the Older Adult
NUR 472 Nursing Leadership and Management
NUR 473 Nursing Research

and one NUR elective

Example nursing electives include:

NUR 345 Basic Health Management of Children
NUR 390 Culture and Health Care

and any 500-level NUR course

4. Completion of the GEC requirements

See complete GEC requirements and approved course listings for all categories.

5. Students must also meet the Residency Requirement of 31 s.h. of course work earned at UNCG.

Credit for the Special Examinations does not apply toward the Residency Requirement.

6. Completion of sufficient electives to earn a minimum of 122 s.h.

7. Completion of other university requirements for the degree.

8. Current License

RN students must hold a current, active unrestricted RN license in North Carolina or in a state covered by the multi-state Nurse Licensure Compact. For questions see the NC Board of Nursing Web site at www.ncbon.com.

Nursing Honors

For information on Latin Honors (e.g., cum laude), see the topic Graduation with Latin Honors under Steps to Graduation in the Academic Regulations and Policies section of this *Bulletin*. Lloyd International Honors College offers Nursing students three possible Honors programs: General-Education Honors (freshmen and sophomores), Disciplinary Honors in Nursing (juniors and seniors), and Full University Honors in Nursing. For information about these options, see the topic Honors Programs in the Departments, Programs, and Courses section of this *Bulletin*.

Requirements

UNCG GPA of 3.30 or higher at graduation

At least 12 s.h. of Honors course work with grades of at least B (3.0) as follows:

6–9 hours of Honors course work in the major

contract courses in Nursing
NUR 493 Honors Work
or
any 500-level NUR courses
and/or

1–3 s.h. of other Honors course work, and

3 s.h. in the form of:

HSS 490 Senior Honors Project

Contract courses in Nursing include the following:

Pre-licensure program:

NUR 310 Nursing Care of Individuals with Psychosocial Problems
NUR 320 Nursing Care of Adults: Common

	Physiological Problems
NUR 330	Global Perspectives on the Health of Women
NUR 340	Nursing Care of the Developing Family
NUR 345	Basic Health Management of Children
NUR 350	Nursing Research and Evidence-Based Practice
NUR 360	Nursing Care of the Emerging Family
NUR 390	Culture and Health Care
NUR 405	Pharmacology in Nursing
NUR 410	Nursing Care of the Community of Older Adults
NUR 415	Nursing Leadership and Management
NUR 420	Community Health Nursing
NUR 430	Care of Individuals with Complex Illness
NUR 496	Nutrition as a Nursing Intervention

RN to B.S.N. program:

NUR 330	Global Perspectives on the Health of Women
NUR 345	Basic Health Management of Children

Nutrition Major (NUTR)—B.S.

Degree: Bachelor of Science

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

Available Concentrations and AOS Codes:

Human Nutrition and Dietetics, U552 (and Didactic Program in Dietetics)

Nutrition Science, U550

Nutrition and Wellness, U533

The Department of Nutrition offers course instruction, research experience, and fieldwork opportunities. The curriculum is designed to train students in the following three areas of focus:

1. **Human Nutrition and Dietetics** —develops and educates students to work as agricultural extension agents; dietitians in hospitals, long-term care facilities and public health programs; nutrition education specialists; sports nutrition; consultants and entrepreneurs. The Human Nutrition and Dietetics concentration is the Didactic Program in Dietetics and meets the academic requirements of the Academy of Nutrition and Dietetics (AND). Students completing this concentration meet academic requirements to be eligible to apply to a dietetic internship or preprofessional practice program. The Didactic Program of Dietetics is currently granted approval status by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of

Nutrition and Dietetics (AND), 120 S. Riverside Plaza, Suite 2000, Chicago, IL 60606, 312/899-0040.

2. **Nutrition Science** —prepares students for entry into medical, dental, chiropractic or graduate school; trains students for research and development in the biomedical, biotechnical, and pharmaceutical industries.
3. **Nutrition and Wellness** —provides instruction and experience in the basic nutritional sciences, community nutrition, public health education, and kinesiology, enabling graduates to work in a variety of settings such as voluntary and community health organizations, health care, government, education, and the fitness industry. This concentration also prepares students for graduate training in nutrition, public health education, and kinesiology.

Criteria for Progression in the Major

New first year and transfer students are required to have a minimum 2.50 cumulative GPA to be admitted to the B.S. in Nutrition. Additionally, all continuing students must maintain a cumulative GPA of at least 2.50 throughout the completion of the Nutrition major. Students that change their Nutrition major or concentration during the academic year will be held to the minimum 2.50 GPA requirement. If the GPA drops below 2.50, students will be contacted in writing by the Undergraduate Program Director indicating that they have dropped below the threshold and will have one semester to increase the cumulative GPA to at least 2.50. If this does not happen, the student will be dropped from the Nutrition major the following semester. Notifications to students will be made at the beginning of each fall and spring semester.

A student must earn a grade of C (a C- is not acceptable) or better in all required NTR and related area courses to graduate in each of the three concentrations offered by the department. Furthermore, students must earn a C or better in prerequisite courses for NTR 531, NTR 560, and NTR 573 to enroll in these courses (see course listings). A student may not receive credit for any NTR course by special examination.

No NTR course or related area course for which a grade of C (a C- is not acceptable) or better is required for the major may be taken more than twice. Students who receive a grade below C, which includes a C-, twice in the same NTR course or related area course for which a grade of C or better is required for the major will be dropped from the major.

Suggested Academic Workload Guidelines

The faculty of the Department of Nutrition recognizes that many of its students must hold jobs to support college expenses. The faculty wishes to emphasize that academic excellence and scholastic achievement usually require a significant investment of time in study and out-of-class

projects. To provide guidance to students in planning their academic and work schedules, the faculty have endorsed the following recommendations:

1. In general, students should plan to devote between 2–3 hours outside of class for each hour spent in class. Thus, students with a 15-hour course load should schedule between 30–45 hours weekly for completing outside-of-class reading, study, and homework assignments.
2. Students who are employed more than 5–10 hours each week should consider reducing their course loads (semester hours), depending upon their study habits, learning abilities, and course work requirements.

II General Education Marker Requirements

See details and courses. It is possible to meet all GE Marker Requirements while completing the GE Core requirements or courses required by the major/concentration.

Students may select courses for:

Global/Global Non-Western Perspectives (GL/GN)

four (4) courses carrying GL/GN markers, at least one of which must carry the GN marker

One Speaking Intensive (SI) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One Writing Intensive (WI) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

III Major and Related Area Requirements

Students must earn grades of C (2.0) or better in **all** major and related area required courses.

Nutrition Disciplinary Honors

Requirements

Twelve semester hours to consist of:

Fall semester of senior year:

3 s.h. of:

NTR 493 Honors Work

Spring semester of senior year:

3 s.h. of:

NTR 493 Honors Work

6 s.h. of any 500-level honors contracted NTR course

Qualifications

- A grade of A or B in all course work used to satisfy the Honors requirements in Nutrition
- A declared Nutrition Major
- At least a 3.50 overall GPA at graduation

Recognition

The designation "Completed Disciplinary Honors in Nutrition" and the title of the Senior Honors Project will be printed on the student's official transcript.

Honors Advisor

See Lauren Haldeman for further information and guidance about Honors in Nutrition.

NUTRITION COURSES (NTR)

NTR 103 Introduction to Food Science (3:3)

Basic scientific principles of food preparation with emphasis on standards of selection, purchasing, preparation, storage, and preservation.

Offered: Fall & Spring

NTR 203 Basic Quantitative Principles in Food and Nutrition (1:0:3)

Basic quantitative principles of food production, food service operation, menu planning, food portioning, and menu costing developed through activities that stress adapting standard recipes, measurement conversions, developing basic culinary costing techniques, and use of nutrition-related calculations.

Prerequisite: Grade of C (2.0) or better in MAT 115; NUTR major or minor

Corequisite: Pr. or Coreq. NTR 103

Offered: Fall & Spring

NTR 213 Introductory Nutrition (3:3)

Basic principles of human nutrition with emphasis on the nutrients and factors which affect their utilization in the human body.

Offered: Fall & Spring

Distribution: GE Core: GNS, CAR: GLS

NTR 282 Introduction to Dietetics (1:1)

An overview of dietetics profession that will cover scope of practice, code of ethics, resources for evidence based practice, professional organizations, career options, professional development, and professional trends.

Prerequisite: NUTR major; sophomore, junior, or senior standing

NTR 302 Nutrition Education and Application Processes (3:3)

Study of communication of nutrition science through nutrition education, professional literature, and public media. Evaluation and use of professional and scientific literature in nutrition and food systems.

Prerequisite: Grade of C (2.0) or better in NTR 213, ENG 101, and ISM 110, or permission of instructor

Offered: Fall & Spring

NTR 309 Quantity Food Procurement and Production (3:2:3)

Procurement and production of quantity foods with an emphasis on menu planning, pre-preparation, service, sanitation, delivery systems, selection, use, and care of quantity-food equipment.

Prerequisite: Grade of C (2.0) or better in NTR 203

Offered: Fall & Spring

NTR 313 Nutrition Throughout the Life Cycle (3:3)

Principles of nutrition applied to meet the nutrient needs at different stages of the life cycle. Forces governing food availability, acceptability, nutritive quality and safety are stressed in the preparation of nutritional plans for individuals and groups.

Prerequisite: Grade of C (2.0) or better in NTR 213 or permission of instructor

Offered: Spring

NTR 401 Special Problems in Nutrition (1–4)

Individual study. Conference hours to be arranged.

NTR 403 Food Science and Technology (2:2)

Lecture covering experimental study of factors regulating the preparation of standard food products and review of current developments in food technology.

Prerequisite: Grade of C (2.0) or better in NTR 103, NTR 203, NTR 213, NTR 302; CHE 110 and CHE 101 or CHE 103 or CHE 111

Corequisite: NTR 403L

Offered: Fall & Spring

NTR 403L Food Science and Technology Laboratory (1:0:3)

Laboratory covering experimental study of factors regulating the preparation of standard food products and review of current developments in food technology.

Prerequisite: Pr. grade of C (2.0) or better in NTR 103, NTR 203, NTR 213, and NTR 302; CHE 110 and CHE 101, or CHE 103, or CHE 111

Corequisite: Coreq. NTR 403

Offered: Fall & Spring

Notes: All types of foods will be prepared and taste tested for sensory evaluation throughout the course and student grades will be based on participation in this course requirement.

NTR 413 Intermediate Nutrition (3:3)

Digestion, absorption, transport, metabolism, and function of macro- and micronutrients and phytochemicals, with emphasis on their roles in health promotion and disease prevention.

Prerequisite: Grade of C (2.0) or better in NTR 213, BIO 111, BIO 277, CHE 103, CHE 104

Offered: Fall

NTR 421 International Nutrition and Cultural Foods (3:2:2)

This course examines issues related to food insecurity and malnutrition in developing countries. Diet and food choices are explored in the context of culture, religion, and geographical conditions.

Prerequisite: NUTR major or minor; grade of C (2.0) or better in NTR 213 and NTR 313

Offered: Spring

NTR 423 Community Nutrition (3:2:3)

Current community nutrition trends with emphasis on community services, government projects, and grant proposal writing. Students will engage in community service work to gain experience with important community issues.

Prerequisite: NUTR major or minor; grade of C (2.0) or better in NTR 213, NTR 302, and NTR 313; or permission of instructor

Offered: Spring

NTR 426 Management Practices for Dietetics (3:2:3)

Management practices and administration within foodservice and clinical dietetics settings. Operational assessment, evaluation, and cost control related to foodservice systems in commercial and noncommercial settings.

Prerequisite: Grade of C (2.0) or better in NTR 309

Offered: Spring

NTR 427 Undergraduate Research (2–6)

Individual study.

Prerequisite: GPA of 3.0 in nutrition, biology, and chemistry courses, or permission of the instructor

Notes: May be repeated for credit if topic changes.

NTR 469 Internship in Nutrition Management (9:0:25)

Internship experience in selected foodservice operations to enhance the educational experience. 400 hours on site plus written and oral final presentation required.

Prerequisite: NTR 303 (last offered spring '09; removed from curriculum effective fall '09), NTR 309, or equivalent, and permission of instructor

NTR 482 Professionalism in Dietetics (1:0:2)

Capstone course in dietetics covering professional practice guidelines, public policy, healthcare systems and/or policies, reimbursement, and a review of the five subject areas of the Academy of Nutrition and Dietetics and registration exam.

Prerequisite: Minimum grade of C in BIO 277, NTR 313, NTR 413, NTR 531, NTR 550, and NTR 560

Corequisite: NTR 573

NTR 493 Honors Work (3–6)

Prerequisite: Permission of instructor; 3.30 GPA in the major, 12 s.h. in the major

Notes: May be repeated for credit if the topic of study changes.

NTR 500 Supervised Professional Experience (1–4:0:3–12)

Supervised professional experience in selected commercial or industrial organizations, public or private agencies in accordance with the major course of study of the student.

NTR 531 Nutrition and Human Metabolism (4:4)

Structure, function, and metabolism of nutrients and related compounds; integration of nutrient metabolism at the cellular level with total body function; practical application of basic principles of nutrient metabolism.

Prerequisite: Minimum grade of C in BIO 277, NTR 413, and CHE 103 (or CHE 111); CHE 104 (or CHE 114); CHE 110 (or CHE 112); CHE 205 (or CHE 351 and CHE 352); CHE 206 (or CHE 354); or their equivalents as determined by the instructor

Offered: Spring

NTR 534 Nutrition and Human Metabolism Laboratory (2:1:3)

Analytical procedures, their rationale and interpretations, applicable to the study of human metabolism.

Prerequisite: General chemistry and organic chemistry with labs; NTR 531 (may be taken concurrently)

NTR 543 Maternal and Infant Nutrition (3:3)

Nutritional needs of pregnant and lactating women, and infants; methods of evaluating nutritional status of these groups; effects of nutrition on pregnancy outcome and infant development.

Prerequisite: Grade of C (2.0) or better in NTR 213 (or equivalent) and BIO 277 (or equivalent)

NTR 550 Nutrition Assessment (3:2:3)

Assessment of nutritional status of healthy and ill persons before initiation of medical nutrition therapy.

Prerequisite: Grade of C (2.0) or better in BIO 277; completion of NTR 213, NTR 313, and NTR 413

Offered: Fall

NTR 553 Child and Adolescent Nutrition (3:3)

Nutritional needs of children and adolescents; methods of evaluating nutritional status of these groups; effects of nutrition on development.

Prerequisite: Grade of C (2.0) or better in NTR 213 or equivalent, and BIO 277 or equivalent

NTR 560 Advanced Nutrition (4:4)

Biochemical and physiological aspects of nutrient metabolism and utilization. Nutrient requirements for maintenance, growth, pregnancy, lactation, work, and aging.

Prerequisite: Grade of C or better in NTR 313, NTR 413, NTR 531, and BIO 277, or equivalents as determined by the instructor

Offered: Fall

NTR 573 Medical Nutrition Therapy (4:3:2)

Clinical aspects of nutrition. Development and use of therapeutic diets to combat nutritional diseases and physiological disorders.

Prerequisite: Grade of C or better in NTR 313, NTR 413, NTR 531, NTR 550, NTR 560, and BIO 277

Academic Departments, Programs, and Courses

Offered: Spring

NTR 576 Nutrition and Physical Fitness (3:3)

Metabolism during exercise, ergogenic aids, nutrients' effects on performance, and body composition alterations during training. Gender and age-specific needs and responses to exercise and dietary intake.

Prerequisite: Grade of C (2.0) or better in BIO 277, NTR 213, and NTR 413 or equivalent required. KIN 375 recommended.

Offered: Fall

Cross Listed: Same as KIN 576.

NTR 589 Experimental Course

This number reserved for experimental courses. Refer to the Course Schedule for current offerings.

Department of Peace and Conflict Studies

Faculty

Tom Matyók, Associate Professor and Department Chair

Cathryne L. Schmitz, Professor and Director of Undergraduate Studies

Associate Professor Janke

Assistant Professors Askerov, Rinker

The Department of Peace and Conflict Studies takes a dynamic and interdisciplinary approach to the study of peace and the practice of conflict management, resolution, and transformation. Undergraduates in this field of study will gain an understanding of peace science and peace scholarship while actively engaged in their communities proactively transforming conflict.

Most courses are open to major and non-majors. There will be a few openings for online attendance; please note, all courses are **synchronous** as to allow face-to-face interaction between residential and distance learners.

Peace and Conflict Studies Major (PCST or OPCS)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, and at least 36 hours at or above the 300 course level

Available Concentrations and AOS Codes:

Peace and Conflict Studies, U560 (PCST)

Peace and Conflict Studies Online, U562 (OPCS)

I General Education Core Requirements (GEC)

See complete GEC requirements and approved course listings for all categories.

GLT—Literature (3 s.h.)

Student selects 3 s.h. from GLT list.

GFA—Fine Arts (3.s.h.)

Student selects 3 s.h. from GFA list.

GPR—Philosophical, Religious, Ethical Principles (3 s.h.)

Student selects 3 s.h. from GPR list.

Humanities and Fine Arts (3 s.h.)

Student selects additional 3 s.h. from GLT, GFA, or GPR list.

GHP—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GHP list.

GNS—Natural Sciences (6–7 s.h.)

Student selects 6–7 s.h. from GNS list. One must include a laboratory course. Each must have a different course prefix.

GMT—Mathematics (3 s.h.)

Student selects 3 s.h. from GMT list.

GRD—Reasoning and Discourse (6 s.h.)

Student selects 6 s.h. from GRD list.

GSB—Social and Behavioral Sciences (6 s.h.)

Student selects 6 s.h. from GSB list.

II General Education Marker Requirements

See details and courses. It is possible to meet all GE Marker Requirements while completing the GE Core requirements or courses required by the major/concentration.

GL/GN—Global/Global Non-Western Perspectives
four (4) courses carrying GL/GN markers; at least one course must carry the GN marker

One SI (Speaking Intensive) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One WI (Writing Intensive) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

III Major Requirements

Courses

PCS 305	Foundations of Peace and Conflict Studies
PCS 308	Working through Interpersonal Conflicts
PCS 309	Conflict and Culture
PCS 312	Conflict Systems and Analysis
PCS 315	Conflict Transformation
PCS 318	Managing Conflict in Professional Contexts

PCS 405	Localizing Peace
PCS 311	Conflict Research
PCS 415	Global Peacebuilding
PCS 416	Practicum I
PCS 417	Practicum II
PCS 420	Senior Seminar

IV Electives

Electives sufficient to complete 122 total semester hours required for the degree.

Peace and Conflict Studies Minor

Required: minimum of 15 semester hours

AOS Code: U569

Students, in consultation with a Peace and Conflict Studies advisor, plan a minor that fits their professional and educational goals from the course options below.

Requirements

Minimum 15 s.h. chosen from the following:

PCS 205	Violence in the Modern World
PCS 212	Introduction to Peace and Conflict Studies
PCS 305	Foundations of Peace and Conflict Studies
PCS 308	Working through Interpersonal Conflicts
PCS 309	Conflict and Culture
PCS 312	Conflict Systems and Analysis
PCS 315	Conflict Transformation
PCS 318	Managing Conflict in Professional Contexts
PCS 405	Localizing Peace
PCS 311	Conflict Research
PCS 415	Global Peacebuilding

500-level CPS electives

PEACE AND CONFLICT STUDIES COURSES (PCS)

PCS 205 Violence in the Modern World (3:3)

Designed to provide a cross-disciplinary examination of violence and peace. Students will be engaged in an exploration of world issues and their impact at the local level.

Offered: Fall

Distribution: GE Marker: GL

Notes: Formerly CPS 205.

PCS 212 Introduction to Peace and Conflict Studies (3:3)

Explore sources of conflict, war, social oppression, and violence and the challenges of promoting peace and justice. Examine the strategies for introducing equitable and nonviolent methods for conflict transformation.

Offered: Spring

Distribution: GE Core: GSB

Notes: Formerly CPS 212.

PCS 305 Foundations of Peace and Conflict Studies (3:3)

This course surveys the basic practical and theoretical foundations of peace and conflict transformation. The basic theories of conflict transformation provide a framework for understanding the dynamics of practice.

Offered: Fall

Notes: Formerly CPS 305.

PCS 308 Working through Interpersonal Conflicts (3:3)

Explores the causes of interpersonal and intergroup tensions and the techniques (micro-level processes) to address them effectively whether in the workplace, community, or at home.

Offered: Fall

Notes: Formerly CPS 308.

PCS 309 Conflict and Culture (3:3)

Critical multiculturalism provides the framework for exploring multiple dimensions of diversity and its impact on creating and transforming conflicts. The impact of cultural interactions is a core focus.

Offered: Fall

Distribution: GE Marker: GN

Notes: Formerly CPS 309.

PCS 311 Conflict Research (3:3)

This course is an introduction to qualitative, quantitative and mixed method research from social, organizational and conflict perspectives. Emphasis is placed on research design, question formulation, sampling, recruiting, data analysis and practical research activity.

Offered: Fall

Notes: Formerly PCS 409; formerly CPS 409.

PCS 312 Conflict Systems and Analysis (3:3)

This course examines the practical and theoretical approaches to evaluating and remediating organizational

conflict. Organizational analysis techniques and internal dispute resolution system are explored.

Offered: Spring

Notes: Formerly CPS 312.

PCS 315 Conflict Transformation (3:3)

Examine the theory, practice, and narrative of conflict transformation. Transformative models, locally and globally, are explored; and, the process of ending destructive action and promoting constructive change are engaged.

Offered: Spring

Notes: Formerly CPS 315.

PCS 318 Managing Conflict in Professional Contexts (3:3)

Through the study and application of multiple theories, principles, and skills, students will learn about methods and processes for managing conflict in professional contexts.

Notes: Formerly CPS 318.

PCS 405 Localizing Peace (3:3)

This course will investigate local peace-building and sustainable development within diverse political, cultural and economic contexts. It explores models for collective action toward non-violent conflict and positive peace.

Offered: Fall

Notes: Formerly CPS 405.

PCS 415 Global Peacebuilding (3:3)

This course explores the complexity of engaging local and global peace and conflict practice (macro-level process) that enhances the building and nurturing of civic society in the 21st century.

Offered: Spring

Notes: Formerly CPS 415.

PCS 416 Practicum I (4:4)

Through a directed learning experienced in a practicum setting, students engage with communities through entry level practices and engaged inquiry experiences reflecting on the field of Peace and Conflict Studies.

- *Registration Restriction: PCST major; junior or senior standing*

Prerequisite: PCS 305, PCS 308, PCS 309, PCS 312, PCS 315, PCS 318

Corequisite: PCS 405, PCS 409

Offered: Fall

Notes: Formerly CPS 416.

PCS 417 Practicum II (3:2:3)

Emphasis is placed upon extended application and evaluation in the practice or research environment. Continues critical review and analysis of setting for engagement.

Prerequisite: PCS 416; PCST major; senior standing

Offered: Spring

Notes: Formerly CPS 417.

PCS 420 Senior Seminar (3:3)

Final capstone course in which students integrate theory, models of practice and research/evaluation through a community based project documented with an electronic portfolio for presentation.

Prerequisite: PCS 305, PCS 308, PCS 309, PCS 312, PCS 315, PCS 318, PCS 409, and PCS 416; PCST major; senior standing

Corequisite: PCS 417

Offered: Spring

Notes: Formerly CPS 420.

PCS 450 Independent Study in Peace and Conflict Studies (1-3)

Independent study opportunity for students to engage in an in-depth exploration of a topic of special interest within the context of Peace and Conflict Studies.

Prerequisite: Permission of instructor

Notes: May be repeated once for credit when topic varies.

PCS 505 Environmental Justice: Interdisciplinary Response for Sustainability (3:3)

Interdisciplinary exploration of models that address social, economic, environmental justice concerns and their impact on community, economic, and environmental sustainability.

Cross Listed: SWK 505

PCS 517 Peacebuilding Challenges in a Complex World (3:3)

Introduction to the interdisciplinary theory, research, and intervention strategies used in peacebuilding operations.

PCS 533 Restorative Justice: Theory and Models (3:3)

Examines the principles and practices of restorative justice, evaluating the potentials and limitations of restorative methods and interventions in the US and internationally.

Cross Listed: Same as SWK 533.

PCS 540 Social Entrepreneurship: Justice and a Green Environment (3:3)

Interdisciplinary engagement of social entrepreneurship as model for change on an issue of environmental sustainability. Exploration of models that respond to social, economic, environmental, and justice issues.

Prerequisite: Upper-division undergraduate or graduate student status

Notes: Formerly CPS 540.

Cross Listed: Same as BUS 540, CST 540, ENT 540, SWK 540, WGS 540.

PCS 556 Sports, Conflict, and Peacebuilding (3:3)

The role that sports play in reflecting political, religious, ethnoracial, and social class conflicts is explored. The possibilities for using sports to teach skills for peaceful transformation are examined.

PCS 579 Gender and Peacebuilding (3:3)

Examines the role of gender, sex, diversity, and power relations in the creation and resolution of conflict and building of peace.

Cross Listed: Same as SWK 579.

PCS 589 Experimental Course: Dynamism of War and Terrorism: The ISIS and War in Ukraine (3:3)

Concepts such as war, terrorism, state actors, non-state actors, power, international law, international order, and policy making (among others) are comparatively studied through these two cases.

Offered: Offered Fall 2015

PCS 589B Experimental Course: War, Morality, and Justice (3:3)

War and morality are concerns within the theoretical framework of peace and conflict studies providing the base for practice as viewed within an historical and cultural context.

Offered: Offered Fall 2015; offered Spring 2012

Professors Hoffman, Leplin, McConnell, Zimmerman

Associate Professors Gert, Jones

Assistant Professor van der Vossen

Senior Lecturers Gallimore, Maki

Lecturers Matteson, Metivier

The Department of Philosophy offers courses on the fundamental problems and methods of philosophy, the classics of philosophical literature, and the major figures in the history of philosophy.

Philosophy courses fall into natural groups. See Philosophy Course Groups as listed in the Philosophy Major.

Groups A and B are useful preparation for careers in law and government, and the department offers a major in philosophy with a Prelaw concentration. Group B provides knowledge and skills vital to careers in science and medicine. Group C relates philosophy to other humanistic disciplines and is vital to a liberal education. Group D is necessary for advanced work in philosophy.

All courses under 300 and many higher level courses are open to students without previous training in philosophy. Prerequisites for courses may be waived at the discretion of the instructor. Students are encouraged to begin work in Philosophy by taking PHI 111, PHI 115, PHI 119, PHI 251, PHI 252, or PHI 310.

The department sponsors The Great Conversation, a series of talks by UNCG Philosophy faculty and other distinguished scholars. Lectures by philosophers from other institutions are also offered. There is an informal philosophy club that is open to all undergraduates, regardless of major. The department also holds a biannual symposium on a topic of current research in philosophy (when the budget allows).

We are now able to offer financial assistance to Philosophy majors planning to study abroad through our Wyatt Lee Martin Memorial Fund. Please contact the Department for information about this opportunity.

There is a chapter of the national philosophy honor society, Phi Sigma Tau, at UNCG. Qualified students are invited to join this chapter.

Each March the department considers submissions from undergraduates for The Roger Schwirck Award for Excellence in Philosophy.

Philosophy Major (PHIL)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

Available Concentrations and AOS Codes:

Philosophy, U189

Philosophy Online, U245

Philosophy Prelaw, U190

The Philosophy major is recommended for students wishing a basic education in the liberal arts, students preparing for a career in law or government, and students contemplating graduate study in philosophy or a related discipline. Students who would like to major in philosophy but whose interests or career goals require substantial work in another field are encouraged to consider the option of a second major.

The Prelaw concentration provides a strong preparation for law school through courses in logic, epistemology, ethics, political philosophy, and the philosophy of law. These courses cover a broad range of skills and knowledge that are of fundamental importance in the field of law.

Philosophy Course Groups

A. Ethics and Theory

PHI 119	Introduction to Ethics
PHI 121	Contemporary Moral Problems
PHI 220	Medical Ethics
PHI 321	Ethical Theory
PHI 322	Philosophy of the Arts
PHI 331	Social and Political Philosophy
PHI 335	Philosophy of Law
PHI 361	Ethical Issues in Business
PHI 545	Social Philosophy

B. Logic Epistemology and Philosophy of Science

PHI 115	Practical Reasoning
PHI 310	Introduction to Formal Logic
PHI 311	Intermediate Formal Logic
PHI 319	Knowledge, Truth, and Belief
PHI 325	Introduction to the Philosophy of Science
PHI 523	Philosophy of Social and Behavioral Science
PHI 525	Philosophy of Physical Science
PHI 527	Philosophy of Biological Science
PHI 555	Epistemology

PHI 575 Advanced Logic

C. History of Philosophy

PHI 251 History of Ancient Philosophy
 PHI 252 History of Modern Philosophy
 PHI 351 Major Philosophers
 PHI 353 Major Philosophies

D. Metaphysics

PHI 359 Philosophy of Religion
 PHI 357 Metaphysics
 PHI 559 Philosophy of Mind
 PHI 565 Philosophy of Language

I General Education Core Requirements (GEC)

See complete GEC requirements under General Education Program in the University Requirements section. See the GEC Course Summary Table for approved courses.

GLT—Literature (6 s.h.)

Student selects 6 s.h. from GLT list.

GFA—Fine Arts (3 s.h.)

Student selects 3 s.h. from GFA list.

GPR—Philosophical, Religious, Ethical Principles (3 s.h.)

Student selects 3 s.h. from GPR list.

GHP—Historical Perspectives on Western Culture (3 s.h.)

PHI 251 History of Ancient Philosophy

GNS—Natural Sciences (6–7 s.h.)

Student selects 6–7 s.h. from GNS list. One must include a laboratory course. Each must have a different course prefix.

GMT—Mathematics (3 s.h.)

Student selects 3 s.h. from GMT list.

GRD—Reasoning and Discourse (6 s.h.)

ENG 101 College Writing I
 or
 FMS 115 Freshman Seminar in Reasoning and Discourse I
 or
 RCO 101 College Writing I

PHI 310 Introduction to Formal Logic

GSB—Social and Behavioral Sciences (6 s.h.)

Student selects 6 s.h. from GSB list.

II General Education Marker Requirements

See complete GEC requirements under General Education Program in the University Requirements section. See the GEC Course Summary Table for approved courses.

GL/GN—Global/Global Non-Western Perspectives

four (4) courses carrying GL/GN markers; at least one course must carry the GN marker

One SI (Speaking Intensive) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One WI (Writing Intensive) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

III College of Arts and Sciences Additional Requirements (CAR)

See CAR requirements in the Academic Units section. See the GEC Course Summary Table for approved CAR courses.

GMO/GPM—Historical Perspectives on Western Culture (3 s.h.)

PHI 252 History of Modern Philosophy

GLS/GPS—Natural Sciences (3–4 s.h.)

Student selects 3–4 s.h. from GLS or GPS list.

GSB—Social and Behavioral Sciences (3 s.h.)

Student selects 3 s.h. from GSB list.

GFL—Foreign Language (0–12 s.h.)

intermediate-level proficiency in one language, demonstrated by placement test, or completion of course work through course number 204

WI—Writing Intensive Courses

a total of four WI courses

IV Major Requirements

Minimum of 27 semester hours in philosophy courses, including at least 24 hours above the 100 level and at least 18 hours above the 200 level.

1.
PHI 310 Introduction to Formal Logic
2.
PHI 251 History of Ancient Philosophy
 PHI 252 History of Modern Philosophy
3.
PHI 494 Senior Capstone Course

Prelaw Concentration

In addition to the major requirements, the Prelaw concentration requires the following:

a.

PHI 115 Practical Reasoning

b. either:

PHI 319 Knowledge, Truth, and Belief
or
PHI 325 Introduction to the Philosophy of Science
or
PHI 555 Epistemology
and

c. either:

PHI 119 Introduction to Ethics
or
PHI 121 Contemporary Moral Problems
or
PHI 220 Medical Ethics
or
PHI 321 Ethical Theory

d. either:

PHI 331 Social and Political Philosophy
or
PHI 545 Social Philosophy

e.

PHI 335 Philosophy of Law

Note that if a student uses a 100-level course to satisfy (c) of the Prelaw Concentration requirements, the minimum number of hours in Philosophy needed to complete the Prelaw Concentration increases from 27 to 30 hours.

V Related Area Requirements

Related courses to be determined by department advisor where necessary.

VI Electives

Electives sufficient to complete the 122 semester hours required for degree.

Philosophy as a Second Major

The requirements for a second major in philosophy are the same as the requirements for a first major.

Philosophy as a Second Academic Concentration for Elementary Education Majors

Required: minimum of 18 semester hours

Requirements**1. Core courses:**

PHI 251 History of Ancient Philosophy
PHI 252 History of Modern Philosophy
PHI 310 Introduction to Formal Logic

2. Nine (9) s.h. from PHI courses above the 200 level**Philosophy Minor**

Required: minimum of 18 semester hours

AOS Code: U189

Requirements

The Philosophy Minor requires a minimum of 18 semester hours

including:

PHI 251 History of Ancient Philosophy
PHI 252 History of Modern Philosophy

Philosophical Ethics Minor

Required: minimum of 18 semester hours

AOS Code: U194

Requirements

The Minor in Philosophical Ethics requires a minimum of 18 semester hours in philosophy including PHI 321 and three (3) additional courses from those listed below, with at least one of the three coming from each of the two categories:

1. Applied Ethics:

PHI 121 Contemporary Moral Problems
PHI 220 Medical Ethics
PHI 361 Ethical Issues in Business
PHI 363 Environmental Ethics
PHI 520 Advanced Topics in Biomedical Ethics

2. Ethical Theory:

PHI 119 Introduction to Ethics
PHI 331 Social and Political Philosophy
PHI 335 Philosophy of Law
PHI 336 Philosophy of Crime and Punishment
PHI 338 Ethics and International Affairs
PHI 545 Social Philosophy

The following courses may also count toward the completion of three classes in Applied Ethics and Ethical Theory:

with the permission of both the instructor and the head of the philosophy department.

(but may not be substituted for PHI 321):

PHI 301 Topics in Philosophy
PHI 351 Major Philosophers

PHI 353	Major Philosophies
PHI 402	Independent Study
PHI 494	Senior Capstone Course

Students should be aware that permission will be granted only when the course focuses primarily on ethics.

PHILOSOPHY COURSES (PHI)

PHI 111 Introduction to Philosophy (3:3)

Discussion of views and methods of major philosophers. Topics drawn from metaphysics and epistemology, such as the foundations and scope of human knowledge, personal identity, freedom and determinism, and the mind-body problem.

Distribution: GE Core: GPR

PHI 115 Practical Reasoning (3:3)

Introduction to basic principles of reasoning and argumentation. Topics taken from syllogistic reasoning, probability, informal fallacies, the structural analysis of statements, and scientific methods.

Distribution: GE Core: GRD

PHI 119 Introduction to Ethics (3:3)

Fundamental questions of ethics, such as the nature of the distinction between good and evil, moral right and wrong, the foundation of moral judgments, relativism, absolutism, and subjectivism. Readings from major figures in the history of ethics.

Distribution: GE Core: GPR

PHI 121 Contemporary Moral Problems (3:3)

Philosophical readings and discussion of such current topics as abortion, euthanasia, capital punishment, censorship, sexual morality, affirmative action and preferential hiring, environmental ethics, population control, and the morality of war.

Distribution: GE Core: GPR

PHI 220 Medical Ethics (3:3)

Moral problems in medicine including the patient's right to know, the confidentiality of doctor-patient communications, informed consent and experimentation with human subjects, abortion, euthanasia, socialized medicine, conflicts between medicine and religion, and genetic engineering.

Distribution: GE Core: GPR

PHI 222 Ethics in the Computer Age (3:3)

The course will survey select moral problems arising from computer technology in contemporary life, focusing on analysis of specific problems, stakeholders, and

consequences, and the historical impact of computer technology.

Offered: Fall or Spring or Summer

Distribution: GE Core: GPR

PHI 251 History of Ancient Philosophy (3:3)

Survey of Western philosophical thought in the ancient period from the pre-Socratics, Plato, Aristotle, the Sceptics, Stoics, Epicureans. Particular choices of texts and philosophical ideas may vary.

Offered: Fall

Distribution: GE Core: GHP, GE Marker: GL, CAR: GPM

PHI 252 History of Modern Philosophy (3:3)

Survey of Western philosophical thought in the seventeenth and eighteenth centuries, its historical background and its influences on subsequent intellectual developments. Reading from major figures of the period, such as Descartes, Locke, Berkeley, Leibniz, Spinoza, Hume, and Kant.

Offered: Spring

Distribution: GE Core: GHP, GE Marker: GL, CAR: GMO

PHI 267 Existentialism (3:3)

Introduction to the fundamental ideas of existentialism. Readings from Kierkegaard, Heidegger, Sartre.

PHI 301 Topics in Philosophy (3:3)

Variable content.

Notes: May be repeated for credit when topic varies.

PHI 310 Introduction to Formal Logic (3:3)

Validity, consistency, implication, and the formal analysis of language. Propositional logic and quantification theory.

Distribution: GE Core: GRD

PHI 311 Intermediate Formal Logic (3:3)

Quantification theory with completeness results, identity, functions, decidability, and axiomatic methods.

Prerequisite: PHI 310 or permission of instructor

PHI 319 Knowledge, Truth, and Belief (3:3)

Discussion of concepts central to an understanding of the nature of human knowledge, such as truth, evidence, certainty, intuition, perception, the reasonableness of belief, and the reliability theory of justification.

Prerequisite: PHI 310

PHI 321 Ethical Theory (3:3)

Analysis of the meaning of moral concepts such as good, right, ought, duty, and of the nature of ethical argument. Attention to current theories in normative ethics.

Prerequisite: One course in Philosophy

PHI 322 Philosophy of the Arts (3:3)

Philosophical problems concerning description, interpretation, and evaluation of the visual, performing, and literary arts, discussed generally and in relation to specific works of art. Readings in philosophy and art theory.

PHI 325 Introduction to the Philosophy of Science (3:3)

Concepts important to an understanding of the nature and goals of research in the natural sciences, such as observation, experiment, theory, law, and explanation. Philosophical problems about objectivity and conceptual change in science based on examples from the history of science. Nature of scientific knowledge.

Notes: One course in natural science recommended

PHI 330 Philosophy in Literature (3:3)

Basic philosophical issues in literature such as personal identity, the problem of evil, free will, ethical ideals, the nature of reality, truth in literature, and reference to fictional objects. Major works of fiction studied for their philosophical content.

PHI 331 Social and Political Philosophy (3:3)

Major writings on social freedom or liberty, coercion, human rights, justice, and the basis of political authority.

Distribution: GE Core: GPR

PHI 335 Philosophy of Law (3:3)

Theories of the origin and justification of legal systems, our obligation to obey the law, justice, punishment, and related issues. Readings from classical and contemporary sources.

PHI 336 Philosophy of Crime and Punishment (3:3)

Critical discussion of philosophical questions raised by criminal law, including the moral justification of punishment, the theoretical underpinnings of various criminal defenses, and the conceptual distinctions among types of crimes.

Offered: Spring

Distribution: GE Core: GPR

PHI 338 Ethics and International Affairs (3:3)

Critical discussion of topics such as human rights, the morality of war and terrorism, international distributive justice, poverty and international aid, self-determination

and secession, immigration policy, and global environmental issues.

Offered: Fall or Spring

Distribution: GE Core: GPR; GE Marker: GL

PHI 348 Existentialism, Phenomenology, and Structuralism (3:3)

Recent philosophical movements in France and Germany. Application of structuralist models to the human sciences. Post-structuralist developments such as Deconstruction and Hermeneutics. Selections from such writers as Husserl, Levi-Strauss, Foucault, Lacan, Althusser, Derrida, Gadamer, and Ricoeur.

PHI 351 Major Philosophers (3:3)

Systematic examination of the works of a major philosopher.

Notes: May be repeated for credit when topic varies.

PHI 353 Major Philosophies (3:3)

Systematic examination of a major historical movement in philosophy, such as rationalism, empiricism, positivism, materialism, and idealism.

Notes: May be repeated for credit when topic varies.

PHI 357 Metaphysics (3:3)

Selected metaphysical issues such as personal identity and the immortality of the soul, freedom and determinism, the nature of space, time and substance, the problem of universals, forms of realism, and theory of reference.

Prerequisite: PHI 111 or PHI 251 or PHI 252

PHI 359 Philosophy of Religion (3:3)

Arguments concerning God's existence, the problem of evil, God's foreknowledge and human freedom, the analysis of divine attributes, immortality, and the soul.

Distribution: GE Core: GPR

PHI 361 Ethical Issues in Business (3:3)

Ethical theory and its application to business: economic justice, corporate responsibility, self-regulation and government regulation, conflict of interest, investment policy, advertising, and environmental responsibility.

- *Students may not receive credit for both PHI 361 and PHI 362.*

Distribution: GE Core: GPR, GE Marker: GN

Notes: Students may not receive credit for both PHI 361 and PHI 362.

PHI 362 Ethical Issues in Entrepreneurship (3:3)

Application of ethical theory to global entrepreneurship; including entrepreneur's role in ethical actions, economic

justice, responsibility, self and government regulation, conflict of interest, investment policy, advertising, and environmental responsibility.

- *Students may not receive credit for both PHI 361 and PHI 362.*

Distribution: GE Core: GPR, GE Marker: GN

Notes: Students may not receive credit for both PHI 361 and PHI 362.

Cross Listed: Same as ENT 362.

PHI 363 Environmental Ethics (3:3)

The ethics of our relationship to the environment. Traditions in environmentalism; treatment of animals, nature, plants, and species; application of environmental ethical theory to real-world environmental problems.

Offered: Fall or Spring

PHI 401 Reading Course for Seniors (1–3)

Supervised reading and research for philosophy majors.

Prerequisite: Permission of instructor

Notes: May be repeated for credit.

PHI 402 Independent Study (1–3)

Prerequisite: Satisfaction of requirements for the major in philosophy and permission of instructor

Notes: May be repeated for credit.

PHI 493 Honors Work (3–6)

Prerequisite: Permission of instructor; 3.30 GPA in the major, 12 s.h. in the major

Notes: May be repeated for credit if the topic of study changes.

PHI 494 Senior Capstone Course (3:3)

Variable content. Senior-level philosophical work on some thematic topic. Elements and methods of philosophical argument, research and debate. Technology competencies and information skills/ research competencies in the major.

Prerequisite: PHI 251, PHI 252, PHI 310; Philosophy major; senior standing

Offered: Spring

PHI 520 Advanced Topics in Biomedical Ethics (3:3)

Detailed examination of a particular issue in biomedical ethics, such as research ethics, assisted suicide and euthanasia, and the acquisition and allocation of organs for transplantation.

Prerequisite: PHI 220

PHI 523 Philosophy of Social and Behavioral Science (3:3)

Issues in philosophy of social and behavioral science from Hume to the present: explanation, theory construction, methodology of the social sciences, the status of the sociology of knowledge.

Prerequisite: Permission of instructor

PHI 525 Philosophy of Physical Science (3:3)

Study of a major current issue in the philosophy of science such as scientific progress and change, scientific methods, experiment and theory, scientific explanation, rationality, scientific realism, relations between philosophy of science and history of science. Examples drawn from modern history of the physical sciences.

Prerequisite: PHI 325

PHI 527 Philosophy of Biological Science (3:3)

Examination of concepts of law, theory, explanation, evidence, classification, and reduction using examples drawn from biology. Investigation of problems related to alternative conceptual systems and conceptual change in biology, the nature of the biological subject matter, and the place of biology among the natural sciences.

Prerequisite: PHI 325

Notes: One course in biology recommended.

PHI 545 Social Philosophy (3:3)

Topics from social, political, and legal philosophy, such as property, justice, punishment, liberalism, conservatism, and a study of such major figures as Hobbes, Rousseau, Locke, Mill, and Rawls.

Prerequisite: PHI 321 or PHI 331 or PHI 335

PHI 555 Epistemology (3:3)

Skepticism, the analysis of knowledge, confirmation and induction, apriori knowledge, naturalized epistemology.

Prerequisite: PHI 319 or permission of instructor

PHI 559 Philosophy of Mind (3:3)

The mind-body problem, identity theories, functionalism, reductive and eliminative materialism, behavioral and causal theories of mind.

Prerequisite: PHI 111 or PHI 251 or PHI 252

PHI 565 Philosophy of Language (3:3)

Theories of truth, meaning, and reference. Origin and nature of human language and its relations to animal and machine language.

Prerequisite: PHI 111 or PHI 251 or PHI 252

PHI 575 Advanced Logic (3:3)

Axiomatic first order quantification theory with completeness theorems. Numbers and sets. Paradoxes and type theory. Introduction to modal logic.

Prerequisite: PHI 311 or permission of instructor

PHI 589 Experimental Course

This number reserved for experimental courses. Refer to the Course Schedule for current offerings.

PHI 590 Aesthetics (3:3)

Readings in the major philosophies of art, analysis of evaluative judgment and argument, the nature of aesthetic concepts, artistic truth, the art object, and the aesthetic experience.

Prerequisite: PHI 322 or permission of instructor

Physics and astronomy have long been recognized as constituting the basis for study, research, and understanding in the natural sciences. The undergraduate major program seeks to provide the student with a broad and general background in all areas of physics. With this background, the student should be able to adapt readily to the specialized requirements of a job in industry, as a teacher, or to the specialized graduate study in physics or a number of related fields. Opportunities are provided through electives to sample the concerns of many of these related fields.

The effort required for a non-scientist to understand our technological society is formidable, but essential if an educated man or woman is to intelligently understand and affect our natural surroundings. Recognizing this, the Department of Physics and Astronomy offers for the non-major, with no prerequisites, courses with an overview of physics as well as special interest courses dealing with topics of immediate concern (AST 203, AST 209, AST 235, PHY 205, PHY 333).

Its faculty members are involved with students in research in computer simulation and computational physics, biophysics, observational astrophysics and digital image analysis, and science education research. The department uses and administers the Three College Observatory, located in a nearby dark-sky location. This observatory contains the state's largest (32 inch) reflecting telescope, along with a low light-level image acquisition system.

Physics Major (PHYS)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U191

The Physics Major is a firm basis for a career in medicine, law, business, sales, engineering, teaching, computing, biophysics, environmental science, or physics.

Students who elect physics as a major must complete PHY 291, PHY 292 or PHY 211, PHY 212, and MAT 293 no later than the end of their sophomore year. Any student who desires to major in physics should contact the head of the department as soon as possible so a proper schedule can be planned.

I General Education Core Requirements (GEC)

See complete GEC requirements and approved course listings for all categories.

GLT—Literature (6 s.h.)

Student selects 6 s.h. from GLT list.

GFA—Fine Arts (3 s.h.)

Student selects 3 s.h. from GFA list.

GPR—Philosophical, Religious, Ethical Principles (3 s.h.)

Student selects 3 s.h. from GPR list.

GHP—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GHP list.

GNS—Natural Sciences (7 s.h.)

CHE 111 General Chemistry I

PHY 211 General Physics I
or

PHY 291 General Physics I with Calculus

GMT—Mathematics (3 s.h.)

MAT 191 Calculus I

Student selects 3 s.h. from GMT list.

GRD—Reasoning and Discourse (6 s.h.)

ENG 101 College Writing I
or

FMS 115 Freshman Seminar in Reasoning and Discourse I
or

RCO 101 College Writing I

Student selects additional 3 s.h. from GRD list.

GSB—Social and Behavioral Sciences (6 s.h.)

Student selects 6 s.h. from GSB list.

II General Education Marker Requirements

See details and courses. It is possible to meet all GE Marker Requirements while completing the GE Core requirements or courses required by the major/concentration.

Students may select courses for:

Global/Global Non-Western Perspectives (GL/GN)

four (4) courses carrying GL/GN markers, at least one of which must carry the GN marker

One Speaking Intensive (SI) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One Writing Intensive (WI) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

III College of Arts and Sciences Additional Requirements (CAR)

See CAR requirements in the Academic Units section. See the GEC Course Summary Table for approved CAR courses.

Historical Perspectives on Western Culture

one GPM Premodern course
or
one GMO Modern course

depending on category used to satisfy GHP requirement

Natural Sciences

any GLS course

Social and Behavioral Sciences (GSB)

any additional GSB course with a different departmental prefix

Foreign Language (GFL)

intermediate-level proficiency in one language

demonstrated by placement test, or completion of course work through course number 204.

Writing Intensive Courses (WI)

a total of four WI courses

IV Major Requirements

(minimum of 27 semester hours in physics courses above the 100 level)

Students must have at least a 2.0 grade point average for the required physics and mathematics courses.

Core Courses**1.**

PHY 321	Introduction to Modern Physics
PHY 323	Mechanics
PHY 325	Electricity and Magnetism I
PHY 401	Physics Senior Seminar

Physics Major (PHYS)—B.S.

Degree: Bachelor of Science

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U193

The Physics Major is a firm basis for a career in medicine, law, business, sales, engineering, teaching, computing, biophysics, environmental science, or physics.

Students who elect physics as a major must complete PHY 291, PHY 292 or PHY 211, PHY 212, and MAT 293 no later than the end of their sophomore year. Any student who desires to major in physics should contact the head of the department as soon as possible so a proper schedule can be planned.

I General Education Core Requirements (GEC)

See complete GEC requirements and approved course listings for all categories.

GLT—Literature (6 s.h.)

Student selects 6 s.h. from GLT list.

GFA—Fine Arts (3.s.h.)

Student selects 3 s.h. from GFA list.

GPR—Philosophical, Religious, Ethical Principles (3 s.h.)

Student selects 3 s.h. from GPR list.

GHP—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GHP list.

GNS (Natural Sciences) 7 s.h.

CHE 111 General Chemistry I

PHY 211 General Physics I
or

PHY 291 General Physics I with Calculus

GMT—Mathematics (3 s.h.)

MAT 191 Calculus I

GRD—Reasoning and Discourse (6 s.h.)

ENG 101 College Writing I

or

FMS 115 Freshman Seminar in Reasoning and Discourse I

or

RCO 101 College Writing I

Student selects additional 3 s.h. from GRD list.

GSB—Social and Behavioral Sciences (6 s.h.)

Student selects 6 s.h. from GSB list.

II General Education Marker Requirements

See details and courses. It is possible to meet all GE Marker Requirements while completing the GE Core requirements or courses required by the major/concentration.

Students may select courses for:

Global/Global Non-Western Perspectives (GL/GN)

four (4) courses carrying GL/GN markers, at least one of which must carry the GN marker

One Speaking Intensive (SI) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One Writing Intensive (WI) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

III College of Arts and Sciences Additional Requirements (CAR)

See CAR requirements in the Academic Units section. See the GEC Course Summary Table for approved CAR courses.

Historical Perspectives on Western Culture 3 s.h.

one GPM Premodern course

or

GMO Modern course

depending on category used to satisfy GHP requirement

Natural Sciences 3-4 s.h.

any GLS course

Social and Behavioral Sciences (GSB) 3 s.h.

any additional GSB course with a different departmental prefix

Foreign Language (GFL) 0-12 s.h.

intermediate-level proficiency in one language

demonstrated by placement test, or completion of course work through course number 204

Writing Intensive Courses (WI)

a total of four WI courses

IV Major Requirements

(minimum of 37 semester hours in physics courses above the 100 level)

Core Courses

1.

PHY 321 Introduction to Modern Physics

PHY 323 Mechanics

PHY 325 Electricity and Magnetism I

PHY 401 Physics Senior Seminar

Choose one of the following two sequences:

PHY 291 General Physics I with Calculus

PHY 292 General Physics II with Calculus

Or

PHY 211 General Physics I

PHY 212 General Physics II

2. At least two from:

Physics Major with Comprehensive Science High School Teaching Licensure (PHYS)—B.S.

Degree: Bachelor of Science

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level; note that licensure programs may require hours beyond the minimum listed

AOS Code: U196

The Comprehensive Science High School Licensure (PHYS) program provides a strong background in physics as well as licensure for high school physics teaching. In addition, successful completion of this program qualifies candidates to teach other high school science subjects as well.

Physics as a Second Major

Students planning to take Physics as a second major must complete all required courses for the Bachelor of Arts or Bachelor of Science degree.

Physics and Astronomy as a Second Academic Concentration for Elementary Education and Special Education Majors

Required: minimum of 18 semester hours

Requirements

Core courses

PHY 205 Conceptual Physics
 AST 209 Astronomy: The Solar System
 AST 235 Astronomy: Stars and Galaxies

Also required

PHY 211 General Physics I
 or
 PHY 211A General Physics I and
 PHY 212 General Physics II
 or
 PHY 212A General Physics II

Physics Minor

Required: minimum of 15 semester hours

AOS Code: U191

A minimum of 15 semester hours in physics courses is required for the minor in Physics, to be planned in consultation with a physics faculty member.

Requirements

The usual physics minor program will consist of:

Choose one of the two following sequences:

PHY 291 General Physics I with Calculus
 PHY 292 General Physics II with Calculus
 or
 PHY 211 General Physics I
 PHY 212 General Physics II

and at least 7 hours of additional courses

excluding:

AST 203 Conceptual Astronomy
 AST 209 Astronomy: The Solar System
 AST 235 Astronomy: Stars and Galaxies
 PHY 205 Conceptual Physics
 PHY 333 Selected Topics

Other quite different programs may be fitted to the individual student's interests and objectives.

ASTRONOMY COURSES (AST)

AST 203 Conceptual Astronomy (3:3)

Introductory study of astronomy including planets, the Sun, stars, galaxies, and cosmology.

Offered: Fall & Spring

Distribution: CAR: GPS

Notes: No student may receive credit for both this course and either AST 209 or AST 235.

AST 209 Astronomy: The Solar System (3:3)

Introductory study of the solar system. Sun and planets studied with special attention to results of recent planetary exploration. Telescopic and naked-eye observations of the constellations and planets. AST 209 intended to complement AST 235, although each course is independent of the other. No science or math background beyond the level of high school algebra required.

Offered: Fall & Spring

Distribution: GE Core: GNS, CAR: GPS

Notes: No student may receive credit for both this course and AST 203.

AST 235 Astronomy: Stars and Galaxies (3:3)

Introduction to stars, galaxies, and cosmology. Emphasis on conceptual approach to such topics as the evolution of stars, the formation of galaxies, interstellar communication, and the Big Bang. Sky observations utilizing the UNCG telescopes included. AST 235 intended to complement AST 209, although each course is independent of the other. No science or math background beyond the level of high school algebra required.

Offered: Fall & Spring

Distribution: GE Core: GNS, CAR: GPS

Notes: No student may receive credit for both this course and AST 203.

PHYSICS COURSES (PHY)

PHY 101 Methods, Skills, and Strategies for Physics (3:3)

Knowledge, skills, and strategies for surviving and excelling at physics. Includes essential analytical skills, key physics ideas, problem-solving techniques, critical-thinking practice, and academic success tips.

Offered: Fall

PHY 101L Methods, Skills, and Strategies for Physics Lab (1:0:3)

Modeling many of the concepts and techniques from the lecture portion of the course using basic computer applications, such as Excel.

Offered: Fall

PHY 205 Conceptual Physics (3:3)

Introduction to basic laws of physics made by extensive use of demonstrations. Concepts emphasized and mathematical manipulations held to a minimum.

Offered: Fall & Spring

Distribution: GE Core: GNS, CAR: GPS

Notes: No student may receive credit for this course if credit has previously been earned for PHY 211, PHY 212, PHY 291, or PHY 292. Registration in laboratory (PHY 205L) optional.

PHY 205L Conceptual Physics Laboratory (1:0:3)

The discovery approach will be used to conduct experiments in mechanics, fluids, heat, electricity and magnetism, optics and modern physics.

Corequisite: PHY 205

Offered: Fall & Spring

Distribution: GE Core: GNS, CAR: GPS

PHY 211 General Physics I (4:3:3)

Introduction of laws and properties of matter, sound, heat, optics, electricity, and magnetism. Algebra and trigonometry used in development of this material.

Prerequisite: A grade of C or better in MAT 151 or MAT 190, or permission of instructor

Offered: Spring & Summer

Distribution: GE Core: GNS, CAR: GPS

Notes: Laboratory is included in PHY 211 and PHY 212. No student may receive credit for PHY 211 or PHY 212 if credit has previously been earned for PHY 211A or PHY 212A or PHY 291 or PHY 292.

PHY 211A General Physics I (4:3:3)

A NSF funded version of PHY 211/212 featuring a laboratory-centered environment. See course description for PHY 211/212. Check with department for details.

Prerequisite: MAT 150 or permission of instructor

Offered: Fall

Distribution: GE Core: GNS, CAR: GPS

Notes: Laboratory is included in PHY 211A and PHY 212A. No student may receive credit for PHY 211A or PHY 212A if credit has previously been earned for PHY 211 and PHY 212 or PHY 291 and PHY 292.

PHY 212 General Physics II (4:3:3)

Introduction of laws and properties of matter, sound, heat, optics, electricity, and magnetism. Algebra and trigonometry used in development of this material.

Prerequisite: A grade of C or better in PHY 211 or permission of instructor

Offered: Fall & Summer

Distribution: GE Core: GNS, CAR: GPS

Notes: Laboratory is included in PHY 211 and PHY 212. No student may receive credit for PHY 211 or PHY 212.

212 if credit has previously been earned for PHY 211A or PHY 212A or PHY 291 or PHY 292.

PHY 212A General Physics II (4:3:3)

A NSF funded version of PHY 211/212 featuring a laboratory-centered environment. See course description for PHY 211/212. Check with department for details.

Prerequisite: PHY 211A

Offered: Spring

Distribution: GE Core: GNS, CAR: GPS

Notes: Note: Laboratory is included in PHY 211A and PHY 212A. No student may receive credit for PHY 211A or PHY 212A if credit has previously been earned for PHY 211/PHY 212 or PHY 291/PHY 292.

PHY 291 General Physics I with Calculus (4:3:3)

Introduction to law and properties of mechanics, sound, heat, optics, electricity, magnetism, and modern physics using calculus.

- PHY 291 and PHY 292 together constitute a one-year university physics course.
- Course taught in a blended lecture and lab format.

Prerequisite: Grade of C or better in PHY 101 and MAT 151; or grade of C or better in PHY 101 and MAT 190; or grade of C or better in MAT 191; or permission of instructor

Corequisite: MAT 191 or MAT 292

Offered: Spring

Distribution: GE Core: GNS, CAR: GPS

Notes: Laboratory is included in PHY 291 and PHY 292. Course taught in a blended lecture and lab format. PHY 291 and PHY 292 together constitute a one-year university physics course. No student may receive credit for this course if credit has previously been earned for PHY 211A or PHY 212A or PHY 211 or PHY 212.

PHY 292 General Physics II with Calculus (4:3:3)

Introduction to law and properties of mechanics, sound, heat, optics, electricity, magnetism, and modern physics using calculus.

- PHY 291 and PHY 292 together constitute a one-year university physics course.
- Course taught in a blended lecture and lab format.

Prerequisite: Grade of C or better in MAT 292 and PHY 291

Offered: Fall

Distribution: CAR: GPS

Notes: Laboratory is included in PHY 291 and PHY 292. Course taught in a blended lecture and lab format. PHY 291 and PHY 292 together constitute a one-year university physics course. No student may receive credit for this course if credit has previously been earned for PHY 211A or PHY 212A or PHY 211 or PHY 212.

PHY 294 Introduction to Computational Physics Laboratory (1:0:3)

Introduction to computational techniques used in physics and engineering. Use of software to solve problems in physics and astronomy, including simulation of interesting physical situations.

Prerequisite: Grade of C or better in PHY 292; or grade of C or better in PHY 291 and concurrent registration in PHY 292

Corequisite: PHY 292 (if not satisfied as a prerequisite)

PHY 321 Introduction to Modern Physics (3:3)

Fundamental concepts of atomic, molecular, nuclear, and solid state physics from quantum-mechanical and special relativity points of view. Topics include special relativity, wave-particle dualism, Schrödinger equation, hydrogen atom, atomic spectra, nuclear structure, radioactivity, nuclear reactions, and molecular and solid state physics.

Prerequisite: Grade of C or better in PHY 292 [or PHY 211 (or PHY 212 with permission of instructor)]; grade of C or better in MAT 390 (or MAT 394) with concurrent registration in MAT 394 (or MAT 390)

Corequisite: MAT 390 or MAT 394 (if not satisfied as prerequisites)

Offered: Spring

PHY 321L Modern Physics Laboratory (1:0:3)

Performance of atomic, nuclear, and solid state physics experiments and analysis of data in a quantitative and scientific manner. Simple computer programs used to study the concepts of error and least-square-fit techniques.

Prerequisite: Completion of or current registration in PHY 321

Corequisite: PHY 321 (if not satisfied as a prerequisite)

Offered: Spring

PHY 323 Mechanics (3:3)

Mathematical treatment of classical kinematics and dynamics of a particle in a uniform field, in oscillatory motion and simple motions of systems of particles. Analytical and numerical techniques of problem solution stressed.

Prerequisite: Grade of C or better in PHY 292; grade of C or better or concurrent registration in MAT 390 (or MAT 394)

Corequisite: MAT 390 or MAT 394 (if not satisfied as a prerequisite)

Offered: Fall

PHY 323L Classical Physics Laboratory (1:0:3)

Performance of experiments emphasizing concepts of classical physics. Topics include force, energy, resonance, and relaxation.

Prerequisite: Completion of or concurrent registration in PHY 323

Corequisite: PHY 323 (if not satisfied as a prerequisite)

Offered: Fall

PHY 325 Electricity and Magnetism I (3:3)

A study, developing and using techniques of vector algebra and calculus, of topics in the theory of static electric and magnetic fields including the divergence and Stokes' theorems and the law of Gauss, Biot-Savart, and Ampere. Application to the properties of conductors, dielectric, and magnetic materials.

Prerequisite: Grade of C or better in MAT 390, MAT 394, and PHY 292

Offered: Fall

PHY 325L Electricity and Magnetism Laboratory (1:0:3)

Performance of electricity and magnetism and electronic experiments with analysis of these basic phenomena as applied to research laboratory.

Prerequisite: Completion of or concurrent registration in PHY 325

Corequisite: PHY 325 (if not satisfied as a prerequisite)

Offered: Fall

PHY 327 Thermal Physics (3:3)

Properties of matter developed by combining thermodynamic reasoning with molecular theory.

Prerequisite: Grade of C or better in MAT 390, MAT 394, and PHY 292

Offered: Alt Fall

PHY 330 Astrophysics (3:3)

Stellar evolution through study of white dwarves and black holes; galaxy structure and cosmology. Observational project will use Three College Observatory. Intended as follow-up to introductory astronomy and physics.

Prerequisite: Grade of C or better in PHY 292

Offered: Alt Spring

Notes: Formerly PHY 530.

PHY 331 Experimental Physics (1:0:3)

Advanced courses in laboratory techniques as involved in special laboratory problems.

Prerequisite: Completion with a grade of C or better or concurrent registration in two advanced courses in physics

Corequisite: Two advanced courses in physics (if not satisfied as a prerequisite)

PHY 332 Experimental Physics (1:0:3)

Advanced courses in laboratory techniques as involved in special laboratory problems.

Prerequisite: Completion with a grade of C or better or concurrent registration in two advanced courses in physics

Corequisite: Two advanced courses in physics (if not satisfied as a prerequisite)

PHY 333 Selected Topics (1–3)

Primarily intended for those who are not physical science majors. Topics vary with instructor and with semester. Contemporary topics may include subjects such as analysis of physical resources, their inherent energy limitations and new sources of energy (such as solar, geothermal, etc.); development and adaptation of nuclear energy to electric power plants and armaments systems and the ensuing environmental and political problems. No previous science course required. Interested students should inquire at Physics and Astronomy Department office for further details. Selected topics for science majors may also be given upon request.

Prerequisite: Permission of instructor

PHY 345 20th-Century Physics: A Liberal Art (3:3)

20th-century developments in description of physical universe, including small (quantum mechanics), fast (Einstein's relativity), energetic (nuclear). Emphasize understanding, societal impact, minimal mathematics.

Prerequisite: Junior, senior standing, or permission of instructor

PHY 395 Computational Physics Laboratory II (1:0:3)

Advanced computational techniques for the physics laboratory. Solutions of differential and integral equations, data fitting, Monte Carlo techniques applied to physical situations. Nonlinear biophysical problems.

Prerequisite: Grade of C or better in MAT 390, PHY 292, and PHY 294

PHY 400 Seminar (1–3)

Selected topics of current interest in physics are studied.

Notes: Formerly PHY 500.

PHY 401 Physics Senior Seminar (1:1)

Topics from current physics literature, and presentations by students, faculty and guest lecturers. Oral reports on research topics. Attendance at weekly seminars required.

Prerequisite: PHYS major; senior standing

Offered: Spring

Notes: Grade: Pass/Not Pass (P/NP). Required of all Physics majors.

PHY 412 Electronics for Scientists (3:2:3)

Electronic circuits useful for measurement, signal processing, and control. This course is especially designed to meet needs of experimental scientist.

Prerequisite: Grade of C or better in PHY 292, or permission of instructor

Offered: Alt Spring

Notes: Formerly PHY 512.

PHY 413 Microcomputer Interfacing for Scientists (3:2:3)

Methods and techniques of electronic connection between computer and other devices and programming methods to facilitate use of the computer as a laboratory instrument are introduced. Assembly language used primarily.

Prerequisite: Grade of C or better in PHY 292, or permission of instructor

Offered: Alt Spring

Notes: Formerly PHY 513.

PHY 419 Advanced Laboratory (1–3:0:3–9)

Principles of design and execution of laboratory experiments are introduced, with emphasis on developing the capability to do independent experimentation.

Prerequisite: Grade of C or better in one intermediate physics lab—PHY 321L, PHY 323L, or PHY 325L

Notes: Formerly PHY 519.

PHY 420 Selected Topics in Physics (3:3)

A topic of special interest is studied in depth.

Prerequisite: Permission of instructor

Notes: May be repeated for a total of 6 hours credit. Formerly PHY 520.

PHY 421 Modern Physics with Quantum Mechanics (3:3)

Modern theories of matter are studied by applying quantum mechanics to atomic, molecular, nuclear, and solid state systems.

Prerequisite: Grade of C or better in PHY 321 and PHY 325

Offered: Alt Spring

Notes: Formerly PHY 521.

PHY 423 Analytical Mechanics (3:3)

Classical laws of particle motion are extended to the treatment of general motion of a rigid body, noninertial reference frames, generalized coordinates, normal coordinates, and to topics and techniques based on calculus of variations.

Prerequisite: Grade of C or better in PHY 323 and MAT 390

Notes: Formerly PHY 523.

PHY 425 Optics (3:3)

Analytical treatment of geometrical optics (thin and thick lenses, image formation, theory of optical instruments) and physical optics (electromagnetic waves, interference, polarization, diffraction, optical properties of materials).

Prerequisite: Grade of C or better in PHY 325, or permission of instructor

Offered: Spring

PHY 425L Optics Laboratory (1:0:3)

Performance of geometrical and physical optics experiments with both microwaves and visible light.

Prerequisite: PHY 321L or PHY 325L or permission of instructor

Offered: Spring

PHY 426 Electricity and Magnetism II (3:3)

Continuation of PHY 325. The properties of time-varying electric and magnetic fields, including Faraday's law, and the development of Maxwell's equations are studied. Results are applied to alternating current circuit theory, electromagnetic waves, and radiation.

Prerequisite: Grade of C or better in PHY 325

Offered: Spring

Notes: Formerly PHY 525.

PHY 493 Honors Work (3–6)

Prerequisite: Permission of instructor; 3.30 GPA in the major, 12 s.h. in the major

Notes: May be repeated for credit if the topic of study changes.

PHY 495 Research Experience in Physics (3)

A significant research project directed by faculty member. Student must submit written proposal, develop approved written plan, and deliver formal report of results.

Prerequisite: Grade of C or better in two courses from the major sequence beyond the PHY 291 with PHY 292; permission of instructor; approval of department head

Offered: Fall & Spring & Summer

Notes: May be repeated for up to six (6) s.h. with permission of department.

PHY 496 Individual Study (1–3)

The student and at least one member of the graduate faculty will develop a plan to study a topic of particular interest to the student.

Prerequisite: Permission of instructor

Notes: Formerly PHY 595.

PHY 501 Conceptual Physics for Teachers (3:3)

The basic laws of physics are introduced by extensive use of demonstrations. Concepts are emphasized and mathematical manipulation is minimal. Teaching materials and strategies are developed.

PHY 502 Conceptual Physics for Teachers (3:3)

The basic laws of physics are introduced by extensive use of demonstrations. Concepts are emphasized and mathematical manipulation is minimal. Teaching materials and strategies are developed.

PHY 543 Biophysics (3:3)

Introduction to cellular biophysics, with emphasis on the physical properties of membranes, including membrane transport mechanisms and electrical properties of membranes.

Political science is the study of the government, politics and policies of the United States and other nations; of levels of government, such as city and state, within those nations; and of relationships among nations. It studies the political behavior, attitudes, and ideas of groups and individuals.

All 100- and 200-level courses are introductions to the study of political science. Beginning students are urged to take any 100- or 200-level course in which they may be interested.

Students seeking electives in political science may select from almost the entire range of offerings. Non-majors are urged to select their electives widely to satisfy individual intellectual interests and are not restricted to 100- and 200-level courses.

Internships and field experiences are available to both majors and non-majors in national government, nonprofit agencies, public administration, and electoral politics.

Political Science Major (PSCI)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Codes:

Political Science, U197

Prelaw, U198

Political Science, with Social Studies High School Teaching Licensure, U199

The Political Science Major is suitable for students with career interests in law, politics, or governmental service (at local, state, or federal levels), as well as for students who have more general intellectual interests in government, politics, and international relations as part of their effort to obtain a liberal education or to prepare for careers in business or nonprofit work.

Students should take a broad variety of courses in the major to become familiar with the diversity of topics and methods used by contemporary political scientists throughout the world. Majors should consult early with their faculty advisors to plan programs most suitable to their individual interests and needs.

The Prelaw concentration is designed for political science majors with a strong interest in law. The concentration provides majors with a breadth and depth of knowledge of legal issues and legal research, rigorously prepares them for advanced studies in law, and trains them for the legal professions using a broad variety of skills relating to legal institutions and particular subject areas related to law.

Preprofessional Programs

UNCG's eight Preprofessional Programs offer all courses required for admission to medical or dental schools, to pharmacy, veterinary, occupational or physical therapy schools, or as needed for entrance into law school. A two-year pre-engineering curriculum prepares students to transfer to schools with engineering programs.

The Preprofessional Programs are not majors in which degrees can be earned, but programs of study chosen as **second majors** at UNCG. Students following one of these programs must select another academic area of study as their **first major**. Students interested in pursuing one of the Preprofessional curricula are urged to seek advising early in their academic careers.

Students should declare the appropriate Preprofessional **second major**, upon which they will be assigned to a member of this committee for assistance in planning their program of study as their **secondary advisor**. They will also be automatically enrolled in the Preprofessional Programs group in Canvas, which will provide resources and communication about upcoming events, opportunities, and deadlines.

The admission requirements vary slightly among the various schools and programs. For specific information students should review the Web sites of the medical, dental, and veterinary medical schools that they are interested in applying to. Other sources of information are current volumes of Medical School Admission Requirements and Admission Requirements of American Dental Schools.

The Preprofessional Programs constitute a core of courses that must be completed before admission to the professional schools. They can be successfully incorporated into almost any major. It has been shown in the case of medical schools that the choice of major does not significantly affect the student's probability of admission. Students should give consideration to any major that they find interesting and in which they feel they can do well. Nearly all students accepted to medical, dental, and veterinary schools have completed a bachelor's degree.

The achievement of outstanding academic credentials should not be accomplished at the cost of totally sacrificing extracurricular activities. Most professional programs prefer students who have participated in nonacademic activities and actively pursued a range of interests.

In addition to the core of preparatory courses, virtually all professional schools require some form of standardized test prior to consideration of a student's admission application. These tests are usually taken in the spring before application is made. Medical schools require the Medical College Admission Test (MCAT), dental schools the Dental Admission Test (DAT), and veterinary schools the Graduate Record Examination (GRE) Aptitude Test.

Applications to professional schools are made a year before expected matriculation, usually **between June 15 and November 15**. This means that the course work included on the standardized entrance test must be completed by the end of the **junior year** of college in order to move straight from college to professional schools without a "gap" year. Early application is strongly recommended, as interviews and acceptances go first to the earliest applicants.

The American Medical College Application Service (AMCAS) is the agent for most medical schools, and the American Association of Dental Schools Application Service (AADSAS) is the agent for many dental schools. The Veterinary Medical College Application Service

(VMCAS) is the agent for most veterinary medical schools. Application information is available from the committee. Veterinary, medical, and dental schools not subscribing to one of the application services must be contacted individually.

Students interested in other post college health careers such as **Physician Assistant, Optometry, Podiatric Medicine, Chiropractic Medicine, Genetic Counseling**, etc. should declare a Preprofessional second major, to be assigned a member of the Health Careers Advisory Committee for assistance in planning their programs of study.

Pre Medicine Requirements

Allopathic and osteopathic medical schools generally require the categories below.

General Biology with Laboratory

BIO 111	Principles of Biology I
BIO 112	Principles of Biology II

General Chemistry with Laboratory

CHE 111	General Chemistry I
CHE 112	General Chemistry I Laboratory
CHE 114	General Chemistry II
CHE 115	General Chemistry II Laboratory

Organic Chemistry with Laboratory

CHE 351	Organic Chemistry I
CHE 352	Organic Chemistry II
CHE 354	Organic Chemistry Laboratory

Biochemistry

CHE 420	Chemical Principles of Biochemistry
---------	-------------------------------------

or

CHE 556	Biochemistry I
	and
CHE 557	Biochemistry II

Physics with Laboratory

PHY 211	General Physics I
	and
PHY 212	General Physics II

or

PHY 291	General Physics I with Calculus
	and
PHY 292	General Physics II with Calculus

Mathematics

A few schools require mathematics through calculus, while standardized tests often require statistics.

MAT 191	Calculus I
STA 108	Elementary Introduction to Probability

and Statistics

or

STA 271	Fundamental Concepts of Statistics
---------	------------------------------------

College Writing

ENG 101	College Writing I
ENG 102	College Writing II

Behavioral Sciences

PSY 121	General Psychology
SOC 101	Introduction to Sociology

Other courses that are often recommended include:

Human Physiology with Laboratory

BIO 277	Human Physiology
---------	------------------

Cell Biology and Genetics

BIO 355	Cell Biology
BIO 392	Genetics

Functional Microscopic Anatomy with Laboratory

BIO 472	Histology
---------	-----------

Pre Dentistry Requirements

Dental school preparatory course requirements are usually much like those for medical school; however, they may also require anatomy in addition to the classes listed above.

Anatomy with Laboratory

BIO 271	Human Anatomy
---------	---------------

Pre Veterinary Medicine Requirements

Veterinary school course requirements are considerably more extensive than those for medical or dental schools. In addition to specifying all of the above courses in mathematics, chemistry, and biology, these programs typically require or recommend more courses in **animal science, general microbiology, animal nutrition, and possibly some business courses**. Several hundred hours of work experience with animals or in a veterinarian's practice is required. Students interested in veterinary school should make contact with the school and with the advisory committee at an early stage of their undergraduate careers.

Pre Engineering (PREN)

Advisors

Promod Pratap, Associate Professor, Department of Physics and Astronomy

The following two-year pre-engineering curriculum offers preparation for students who plan to transfer to engineering programs in other institutions. This program has been approved by the Subcommittee on Engineering Transfer for transfer to the engineering programs at North Carolina A&T State University, North Carolina State University, and The University of North Carolina at Charlotte.

Academic Departments, Programs, and Courses

Students interested in engineering should contact the advisors above as soon as possible.

See the designated General Education requirements and approved course listings. Recommended are a beginning course in literature, history (200 level), history or philosophy of science, and communications (CST 105). Some engineering programs require proficiency in a foreign language through the level of the first year (101–102). Students should make appropriate selections after consultation with an advisor. More information may be found on the Web at <http://physics.uncg.edu/academics/engineering.html>.

Note that the one-hour Kinesiology activity courses may be taken in any semester; most engineering schools require at least two P.E. credits.

Pre Law (PREL)

Advisory Committee

Eloise M. Hassell, Lecturer, Department of Management

Christopher Hodgkins, Professor, Department of English

Thomas Jackson, Associate Professor, Department of History

Susan Johnson, Associate Professor, Department of Political Science

Bas Van der Vossen, Assistant Professor, Department of Philosophy

Sandra Westervelt, Associate Professor, Department of Sociology

Admittance to law school is based primarily on a student's grade point average, score on the law school admission test (LSAT), and other materials furnished in an application for admission.

Like most universities, UNCG does not have a pre-law major. Students who plan to attend law school may select their major from any academically rigorous field. However, since law schools seek to admit students who can think, speak, and write at the highest levels of competency, students (regardless of major) should take courses that develop skills in critical, creative, and reflective thinking as well as clear and cogent writing and speaking. To obtain these skills, it is especially useful to take courses in the areas of Philosophical, Religious, and Ethical Principles (GPR) and Reasoning and Discourse (GRD). Courses in these areas are offered by many departments, including Anthropology, Communication Studies, English, History, Philosophy, Political Science, Religious Studies, and Sociology. In addition, Freshman Seminars, Honors, and Residential College courses are helpful. Students should also be sure to develop computer skills.

Students interested in pre-law should consult one of the pre-law advisors from the above list in addition to their major advisors.

Pre Occupational Therapy (PROT)

Advisors

Stuart J. Schleien, Professor and Director of Graduate Study, Department of Community and Therapeutic Recreation

Leandra A. Bedini, Professor, Department of Community and Therapeutic Recreation

Judy S. Kinney, Assistant Professor, Department of Community and Therapeutic Recreation

Kimberly D. Miller, AP Assistant Professor, Department of Community and Therapeutic Recreation

Four occupational therapy (OT) programs are currently available in North Carolina: The University of North Carolina at Chapel Hill, East Carolina University, Lenoir-Rhyne College, and Winston-Salem State University offer a Master of Science (M.S.) in Occupational Therapy. Accreditation changes in occupational therapy now require that all students completing a degree in occupational therapy after January 1, 2007 must obtain the master's degree.

Students seeking admission into a Master of Science program in Occupational Therapy may declare a major in Recreation and Parks Management (RPM), with an emphasis in Therapeutic Recreation, but will be expected to complete a core of additional courses.

Requirements for entry into an M.S. program in O.T. generally include the following courses:

Introductory Biology (4 hours)

BIO 111 Principles of Biology I

Human Anatomy with lab (4 hours)

BIO 271 Human Anatomy

Human Physiology with lab (4 hours)

BIO 277 Human Physiology

Abnormal Psychology (3 hours)

PSY 341 Abnormal Psychology

Introduction to Statistics (3 hours)

STA 108 Elementary Introduction to Probability and Statistics

Human Growth and Development (3 hours)

HDF 211 Human Development Across the Life Span
or

PSY 250 Developmental Psychology

Kinesiology or course related to Human Movement and Analysis (3 hours)

Sociology, Anthropology, or Cultural Diversity (3 hours)

Medical Terminology (1–2 hours)

Reasoning course such as:

philosophy, logic, ethics, methods, or research inquiry in a social science

Additional recommendations may include (depending on the master's program of interest to student) a course in either an academic or community-based setting that requires the skills of the body and mind, such as art, music,

Academic Departments, Programs, and Courses

dance, recreation, sports classes, theater, etc. First aid and CPR certification may also be required.

Students should contact an advisor for assistance in planning their program of study.

Pre Pharmacy (PREP)

Advisors

R. Bruce Banks, Associate Professor, Department of Chemistry and Biochemistry

Robin G. Maxwell, Senior Lecturer, Department of Biology

Students seeking a professional degree in pharmacy may follow a prepharmacy curriculum at UNCG for two years before transferring to a school of pharmacy. An additional three to four years will then be required to complete the Doctor of Pharmacy degree. There are 73 accredited schools of pharmacy in the United States. The two in North Carolina are located at The University of North Carolina at Chapel Hill and at Campbell University.

Prepharmacy requirements generally include the following:

1.

BIO 111 Principles of Biology I
BIO 271 Human Anatomy
BIO 280 Fundamentals of Microbiology

All three courses include an accompanying lab course.

2.

CHE 111 General Chemistry I
CHE 112 General Chemistry I Laboratory
CHE 114 General Chemistry II
CHE 115 General Chemistry II Laboratory
CHE 351 Organic Chemistry I
CHE 352 Organic Chemistry II
CHE 354 Organic Chemistry Laboratory

3.

ENG 101 College Writing I
ENG 102 College Writing II

4.

MAT 191 Calculus I

5.

PHY 211 General Physics I
PHY 212 General Physics II
or
PHY 291 General Physics I with Calculus
PHY 292 General Physics II with Calculus

6.

STA 108 Elementary Introduction to Probability and Statistics

Academic Departments, Programs, and Courses

Other specified courses to include foreign language or other approved liberal arts courses and physical education courses for a total of 64 semester hours of prepharmacy work.

Students will also be required to take the Pharmacy College Admission Test in the second year.

Completion of the prepharmacy work at UNCG does not guarantee admission to pharmacy school. Students should consult a prepharmacy advisor before registering for courses. Those planning to apply to out-of-state pharmacy schools should bring along information from those schools.

Pre Physical Therapy (PHYT)

Advisors

Robin G. Maxwell, Senior Lecturer, Department of Biology

Randy J. Schmitz, Associate Professor, Department of Kinesiology

Six doctoral programs in physical therapy (DPT) are currently available in North Carolina. They are at Duke University, Elon University, UNC-Chapel Hill, East Carolina University, Western Carolina University, and Winston-Salem State University.

Students seeking a DPT degree may major in any academic area but will be expected to complete a core of science courses. The minimum grade point average for admission is 3.0 on a 4.0 scale. Volunteer experience in physical therapy is required for admission.

Requirements for the MPT and DPT generally include these courses:

Statistics

STA 108 Elementary Introduction to Probability and Statistics

Introductory Biology

BIO 111 Principles of Biology I
BIO 112 Principles of Biology II

Anatomy

BIO 271 Human Anatomy

Physiology

BIO 277 Human Physiology

Physics

PHY 211 General Physics I
PHY 212 General Physics II
or
PHY 291 General Physics I with Calculus
PHY 292 General Physics II with Calculus

General Chemistry

CHE 111 General Chemistry I
CHE 112 General Chemistry I Laboratory

CHE 114 General Chemistry II
CHE 115 General Chemistry II Laboratory

General Psychology

PSY 121 General Psychology

Human Growth and Development

HDF 211 Human Development Across the Life Span
or
PSY 250 Developmental Psychology

CPR Certification

Additional recommendations include computer literacy and course work in biomechanics, and genetics. Students should contact the programs directly to ensure that they meet current requirements for each school. A complete listing of accredited physical therapy programs is available from the American Physical Therapy Association, 1111 North Fairfax Street, Alexandria, VA 22314, 703-684-APTA.

Students should contact an advisor for assistance in planning their program of study.

Faculty

Stuart Marcovitch, Professor and Head of Department

*Professors Guttentag, Johnston, Kane, Keane, Michel,
Nelson-Gray, Shelton, Silvia, Touron*

*Associate Professors Boseovski, Delaney, Eddington,
Levine, Mendez Smith, Stein*

*Assistant Professors Baker, Pathman, Vrshek-Schallhorn,
Wahlheim, Wisco, Zell*

Lecturers Estle, Gallagher, Ladrow

The Department of Psychology approaches its subject matter as a scientific discipline with emphasis placed on understanding behavior and cognition through experimentation and observation.

We offer broad training in psychology that can prepare students for the working world and graduate training in most major branches of psychology. We offer specialized training in the major areas of psychology, including clinical psychology, cognitive psychology, social psychology, personality psychology, developmental psychology, biological psychology, and quantitative and research skills.

The objectives of the curriculum are:

1. To provide an understanding of the use of scientific methodology in psychological research at both intermediate and advanced levels. This understanding will include a familiarity with the design of observational, survey, and experimental studies; principles of inference from scientific data; the logic of statistical testing; and the use of scientific literature.
2. To provide basic knowledge in primary areas of the discipline through an array of required intermediate-level core courses;
3. To develop depth of understanding in areas of the discipline specific to students' individual interests;
4. To ensure that students can write clearly and effectively in an appropriate professional style.

In addition to the B.A. and B.S. programs for undergraduates, the department has a Ph.D. program and a terminal M.A. program for graduate students.

Students who wish to seek teacher licensure should see School of Education Licensure Programs as well as below. Such persons should contact the departmental Director of Undergraduate Studies as early as possible.

Psychology Major (PSYC)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Codes:

Psychology, U215

Psychology, with Social Studies High School
Teaching Licensure, U217

The Psychology Major provides a background for entry into a variety of professions other than psychology where understanding the principles of behavior and cognition is important. It also provides the necessary background for individuals planning to do graduate work in either basic or applied psychology.

The curriculum provides students with a structured, sequenced exposure to six core areas in psychology. These are: behavior analysis; biopsychology; clinical psychology; cognitive psychology; development psychology; and, social psychology. Majors must sample from at least four domains at the intermediate (200) level, but can choose a narrower or broader sampling of upper level courses. The curriculum also affords hands-on experience with scientific psychology via laboratory courses and field experiences.

I General Education Core Requirements (GEC)

See complete GEC requirements under General Education Program in the University Requirements section. See the GEC Course Summary Table for approved courses.

GLT—Literature (6 s.h.)

Student selects 6 s.h. from GLT list.

GFA—Fine Arts (3 s.h.)

Student selects 3 s.h. from GFA list.

GPR—Philosophical, Religious, Ethical Principles (3 s.h.)

Student selects 3 s.h. from GPR list.

GHP—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GHP list.

GNS—Natural Sciences (6–7 s.h.)

Student selects 6–7 s.h. from GNS list. One must include a laboratory course. Each must have a different course prefix.

GMT—Mathematics (3 s.h.)

MAT 115	College Algebra
	or
MAT 150	Precalculus I
	or
STA 108	Elementary Introduction to Probability and Statistics

Students who receive advanced placement credit in mathematics will be approved on a case-by-case basis.

GRD—Reasoning and Discourse (6 s.h.)

ENG 101	College Writing I
	or
FMS 115	Freshman Seminar in Reasoning and Discourse I
	or
RCO 101	College Writing I

Student selects additional 3 s.h. from GRD list.

GSB—Social and Behavioral Sciences (6 s.h.)

PSY 121	General Psychology
	Student selects additional 3 s.h. from GSB list with a course prefix other than PSY.
	GSB requirement may not be fulfilled solely with courses in Psychology.

II General Education Marker Requirements

See details and courses. It is possible to meet all GE Marker Requirements while completing the GE Core requirements or courses required by the major/concentration.

GL/GN—Global/Global Non-Western Perspectives

four (4) courses carrying GL/GN markers, at least one course must carry the GN marker

One SI (Speaking Intensive) Course

In addition to this SI Marker requirement, **students must also complete a second SI course within the major.** All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One WI (Writing Intensive) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

III College of Arts and Sciences Additional Requirements (CAR)

See CAR requirements in the Academic Units section. See the GEC Course Summary Table for approved CAR courses.

GMO/GPM—Historical Perspectives on Western Culture (3 s.h.)

Student selects 3 s.h. from GPM or GMO list, depending on category used to satisfy GHP requirement.

GLS/GPS—Natural Sciences (3–4 s.h.)

Student selects 3–4 s.h. from GLS or GPS list.

GSB—Social and Behavioral Sciences (3 s.h.)

Student selects 3 s.h. from GSB list with a course prefix other than PSY.

GFL—Foreign Language (0–12 s.h.)

intermediate-level proficiency in one language, demonstrated by placement test, or completion of course work through course number 204

WI—Writing Intensive Courses

a total of four WI courses

IV Major Requirements

Minimum 36 semester hours in psychology to include the following courses. Students must earn a grade of at least C- in all psychology courses required for the major.

1.

PSY 121	General Psychology
PSY 122	Careers in Psychology

2. Intermediate level core courses

Select four from the seven.

PSY 230	Biological Psychology
PSY 240	Principles of Learning
PSY 250	Developmental Psychology
PSY 260	Psychological Perspectives on Social Psychology
PSY 265	Theories of Personality
PSY 275	Introduction to Clinical Psychology
PSY 280	Cognitive Psychology

3.

PSY 310	Research and Statistical Methods in Psychology I
PSY 311	Research and Statistical Methods in Psychology II

4. A minimum of four additional PSY courses at the 300 level or above

Must include at least two courses at the 400 level or above.

Students may not complete GSB requirements solely with courses in Psychology.

The following may not be used to fulfill this requirement:

PSY	Industrial and Organizational Psychology
-----	--

314/MGT 314
PSY 433 Research Experience in Psychology

V Related Area Requirements

No specific courses required.

VI Electives

Electives sufficient to complete the 122 semester hours required for degree.

Psychology Major (PSYC)—B.S.

Degree: Bachelor of Science

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: Psychology, U230

The Psychology Major for the Bachelor of Science degree serves students who want additional training in science, math, statistics, and research methods relative to the Bachelor of Arts degree.

I General Education Core Requirements (GEC)

See complete GEC requirements under General Education Program in the University Requirements section. See the GEC Course Summary Table for approved courses.

GLT—Literature (6 s.h.)

PSY 311	Research and Statistical Methods in Psychology II

4. A minimum of four additional PSY courses at the 300 level or above

Must include at least two courses at the 400 level or above.

Students may not complete GSB requirements solely with courses in Psychology.

The following may not be used to fulfill this requirement:

PSY 314/MGT 314	Industrial and Organizational Psychology
PSY 433	Research Experience in Psychology

5. Three additional PSY courses at the 400 level or above

Required

PSY 410	Intermediate Psychological Statistics
---------	---------------------------------------

If taken, may count for a maximum of 3 s.h.

PSY 433	Research Experience in Psychology
---------	-----------------------------------

V Related Area Requirements

Two courses in math or science with a minimum grade of C- at the 200 level or above.

May not use the courses taken to fulfill GEC and/or CAR requirements to meet this requirement.

Choose courses from the following course prefixes: AST, BIO, CHE, CSC, ECO, ERM, GEO, KIN, MAT, NTR, PHY, PSC, SOC, STA.

VI Electives

Electives sufficient to complete the 122 semester hours required for degree.

Psychology Major with Social Studies High School Teaching Licensure

Students majoring in psychology may elect to pursue teacher licensure in Social Studies. Completion of teacher licensure will enable one who wishes to teach Social Studies curricula in the secondary schools to gain the background for teaching psychology courses as well. See the requirements for completion of Teacher Licensure in Social Studies under School of Education Licensure Programs. The university, college, and departmental major requirements are the same as for any other psychology major. Additional semester hours may be required for completion of the degree.

Those intending to gain teacher licensure are encouraged to choose electives in Sociology, Philosophy, Religious Studies, or Anthropology that address human behavior and experiences from complementary or, perhaps, alternative perspectives.

Second Academic Concentration in Psychology for Elementary Education and Physical Education Teacher Education Majors

Required: minimum of 18 semester hours

This second academic concentration in Psychology is designed specifically for Elementary Education and Physical Education Teacher Education students. It requires completion of a minimum of 18 s.h. to include:

- Three PSY courses at the 200 level
- A minimum of three (3) PSY courses at the 300 level or above, including at least one course at the 400 level or above
- PSY 433 may not be used to satisfy requirements for the concentration in Psychology.

Psychology as a Second Major

Required: minimum of 36 semester hours

Requirements for the Psychology Second Major are the same as for a Psychology Major.

Psychology Minor

Required: 18 semester hours

AOS Code: U215

The psychology minor complements study in a wide range of fields including anthropology, biology, business and marketing, community and therapeutic recreation, human development, sociology, social work, exercise and sport science, education and counseling, and nursing.

Requirements

A grade of C- or better in all psychology courses required for the minor.

1.
PSY 121 General Psychology
2. **A minimum of two (2) psychology courses at the 200 level**
3. **One psychology course at the 400 level or above**
The following may not be used to fulfill this requirement:
PSY 433 Research Experience in Psychology
4. **Any two (2) additional psychology courses**
The following may not be used to fulfill this requirement:
PSY Industrial and Organizational Psychology
314/MGT 314
PSY 433 Research Experience in Psychology

Psychology Honors

Requirements

At least 12 s.h. in psychology courses including:

1. **Two of the following:**
PSY 401 Academic Writing in Psychology
PSY 410 Intermediate Psychological Statistics
PSY 495 Senior Honors Seminar
PSY 515 History and Systems of Psychology
PSY 519 Special Topics in Psychology
- The following courses may be taken more than once for credit to satisfy this requirement.**
PSY 495 Senior Honors Seminar
PSY 519 Special Topics in Psychology

2. Items a and b below, in sequence

a. Must be taken first in the sequence
PSY 493 Honors Independent Study

b. Must be taken second in the sequence
HSS 490 Senior Honors Project

Qualifications

- 3.30 or greater cumulative GPA at graduation
- 3.30 or greater GPA in Psychology
- A declared Psychology Major

Recognition

The designation “Completed Disciplinary Honors in Psychology” and the title of the Senior Honors Project will be printed on the student’s official transcript.

Honors Advisor

See department’s honors liaison for further information and guidance about Honors in Psychology.

PSYCHOLOGY COURSES (PSY)

PSY 121 General Psychology (3:3)

Survey of psychology. Includes psychology as science, nervous system, growth and development, sensory and perceptual processes, motivation, emotion, learning, social behavior, personality (normal and pathological), statistics, testing, intelligence, aptitudes, and achievement.

Distribution: GE Core: GSB

PSY 122 Careers in Psychology (1:1)

Provides a road map for how students can prepare for a career in psychology with a bachelor's degree, including how to prepare for graduate education, if desired.

Prerequisite: C- or better in PSY 121

Offered: Fall & Spring

Notes: Grade: Pass/Not Pass (P/NP).

PSY 230 Biological Psychology (3:3)

An introduction to the contributions of molecular, genetic, cellular, developmental, physiological, and evolutionary biology to the scientific understanding of psychological processes.

Prerequisite: Grade of at least a C- in PSY 121 or BIO 111 or BIO 105

Distribution: GE Core: GNS, CAR: GLS

PSY 240 Principles of Learning (3:3)

Survey of scientific theories and research on learning and motivation according to classic theorists and contemporary behavioral psychologists. Topics include reinforcement,

punishment, stimulus control, and examples from the real world.

Prerequisite: Grade of at least a C- in PSY 121

PSY 250 Developmental Psychology (3:3)

Survey of scientific theories and research findings in human psychological development, including its biological, behavioral, cognitive, social, and emotional aspects.

Prerequisite: Grade of at least a C- in PSY 121

Distribution: GE Core: GSB

Notes: May not receive credit for PSY 250 and HDF 302.

PSY 260 Psychological Perspectives on Social Psychology (3:3)

Survey of scientific theories and research on the nature, causes, and consequences of individual behavior in social context. Topics include relationships, groups, attitudes, persuasion, aggression, altruism, and prejudice.

Prerequisite: Grade of at least a C- in PSY 121

Distribution: GE Core: GSB

PSY 265 Theories of Personality (3:3)

Major theories of personality including psychodynamic, humanistic, behavioral, cognitive, biological, and trait perspectives. Additional focus on methods of research and assessment that provide the theoretical foundation for studying individual differences.

Prerequisite: Grade of at least a C- in PSY 121

PSY 275 Introduction to Clinical Psychology (3:3)

Survey of main issues within clinical psychology. Includes nature and ethics of profession, research methodologies, clinical assessment, models of therapy including empirically validated treatments, and systems of care principles.

Prerequisite: Grade of at least a C- in PSY 121

PSY 280 Cognitive Psychology (3:3)

Survey of scientific theories and research in cognitive psychology. Topics include human learning, attention, memory, and problem solving.

Prerequisite: Grade of at least a C- in PSY 121

PSY 310 Research and Statistical Methods in Psychology I (4:3:3)

Introduction to psychological research methodologies and to analysis and interpretation of data. Includes the role of theories, statistical fundamentals, data collection, scientific writing, and ethical issues. Special focus on correlational methods.

Prerequisite: Grades of at least C- in PSY 121, and in STA 108 or MAT 115 or MAT 150

PSY 311 Research and Statistical Methods in Psychology II (4:3:3)

Introduction to psychological research methodologies and to analysis and interpretation of data. Continuation of statistical fundamentals, basics of measurement and data collection, and scientific writing. Special focus on experimental methods.

Prerequisite: Grades of at least C- in PSY 310 and ENG 101, and a P in PSY 122

PSY 314 Industrial and Organizational Psychology (3:3)

Introduction to industrial and organizational psychology with special emphasis on employee motivation, selection, training, and organizational determinants of employee behavior.

Prerequisite: Grade of at least a C- in PSY 121. *Pr. for Business majors:* admission to the Bryan School of Business and Economics; grade of C or better in MGT 312

Cross Listed: Same as MGT 314.

PSY 318 Belief in "Weird" Things (3:3)

Psychological research on belief in extraordinary, "weird" phenomena, including, but not limited to, the paranormal, superstition, divination, projective tests of personality, alternative healing practices, and unconscious mind control and repression.

Prerequisite: Grade of at least a C- in PSY 121

Distribution: GE Core: GRD

PSY 341 Abnormal Psychology (3:3)

A description of the various psychological disorders is presented along with the research methods used to study them. Each disorder is approached from a number of perspectives: biological, psychosocial (psychodynamic, interpersonal, behavioral, cognitive, and humanistic) and sociocultural.

Prerequisite: Grade of at least a C- in PSY 121

Distribution: GE Core: GSB

PSY 346 The Psychology of Gender (3:3)

Evaluation of effects of biological sex and gender role socialization on personality and behavior through examination of empirical research.

Prerequisite: Minimum grade of C- (1.7) in PSY 121

PSY 357 Psychology and Medicine (3:3)

Examination of how the theories and methods of psychology inform the diagnoses and treatments of both physical and mental illnesses.

Prerequisite: Minimum grade of C- in PSY 121

PSY 365 Psychology of Art, Creativity, and Genius (3:3)

Scientific research on psychological aspects of art, the creative process, and the nature of genius and expertise, with examples from fine art, music, literature, architecture, and industrial design.

PSY 370 Ethnicity, Development, and Psychopathology (3:3)

Survey of research exploring the interplay between ethnicity and child development, including the intersection of ethnicity with socioeconomic status, immigration, and mental health.

Prerequisite: Grade of C- or better in PSY 121

PSY 375 Psychology of Aging (3:3)

Overview of psychological issues in aging. Students evaluate research findings in the psychology of aging and apply this knowledge to understanding personal development and the development of others.

Prerequisite: PSY 121 or permission of instructor

PSY 380 Psychology and the Law (3:3)

Psychological research on issues associated with legal proceedings, including but not limited to, jury selection and behavior, eyewitness memory and testimony, and standards of proof will be discussed.

Prerequisite: Grade of at least a C- in PSY 121; freshmen must have permission of instructor

Distribution: GE Core: GPR

PSY 385 IQ and Intelligence (3:3)

Psychological research on intelligence and intelligence testing, addressing questions about single versus multiple intelligences, genetic versus environmental influences, sex and race biases, development and aging, social and emotional intelligence, and learning disabilities.

Prerequisite: Grade of at least a C- in PSY 121

PSY 401 Academic Writing in Psychology (3:3)

Advanced training in academic writing in psychology and related fields, with an emphasis on the goals of scholarly writing, scientific usage and style, and strategies for composing and revising.

Prerequisite: Minimum grade of B (3.0) in both PSY 310 and PSY 311

PSY 410 Intermediate Psychological Statistics (3:3)

Second course in psychological statistics recommended for students planning to attend graduate school. Includes basic probability, ANOVA, correlation and regression.

Prerequisite: PSYC major; minimum grade of B in PSY 310 and PSY 311

Offered: Fall or Spring

PSY 433 Research Experience in Psychology (1–3)

Opportunity for students to participate in various phases of research projects being conducted by faculty members in the Department of Psychology.

Prerequisite: Nine (9) s.h. in Psychology, and permission of instructor

Notes: May be repeated for credit.

PSY 435 Brain and Psychological Processes (3:3)

Study of brain mechanisms for feeding, aggression, sexuality, cognition, consciousness, sleep, learning, memory, thinking, and communication. Examination of brain defects in abnormal behavior and responses to drugs and psychotherapy.

Prerequisite: Grade of at least C- in PSY 230

Notes: Students cannot receive credit for both this course and PSY 435L.

PSY 435L Brain and Psychological Processes with Laboratory (4:3:3)

Brain mechanisms for feeding, aggression, sexuality, cognition, consciousness, sleep, learning, memory, thinking, and communication. Examination of brain changes with psychopathology and drug treatment. Includes laboratory methods for investigating brain processes.

Prerequisite: Grade of at least C- in PSY 230, PSY 310 (or STA 271), and PSY 311

Notes: Students cannot receive credit for both this course and PSY 435.

PSY 436 Sensory and Perceptual Processes (3:3)

Survey of sensory modalities including pain, balance, touch, olfaction, gustation, audition, and vision and how they receive, process, and modify environmental stimuli leading to perception of the world.

Prerequisite: Grade of at least C- in PSY 230

Notes: Students cannot receive credit for both this course and PSY 436L.

PSY 436L Sensory and Perceptual Processes with Laboratory (4:3:3)

Sensory modalities including pain, balance, touch, olfaction, gustation, audition, and vision as they receive, process, and modify environmental stimuli. Includes laboratory work assessing human visual, auditory, somatosensory, gustatory, olfactory, and vestibular perception.

Prerequisite: Grade of at least C- in PSY 230, PSY 310 (or STA 271), and PSY 311

Notes: Students cannot receive credit for both this course and PSY 436.

PSY 438 Animal Behavior (3:3)

Application of theory of evolution to the explanation of animal behavior. Surveys a variety of species, addressing several behavioral categories as well as issues in sociobiology and human evolution.

Prerequisite: Grade of at least C- in PSY 230

Notes: Students cannot receive credit for both this course and PSY 438L or BIO 438 or BIO 439.

Cross Listed: Same as BIO 438.

PSY 438L Animal Behavior with Laboratory (4:3:3)

Application of theory of evolution to animal behavior. Includes laboratory and field techniques for assessing behavioral adaptations. Surveys several behavioral categories in a variety of species.

Prerequisite: Pr. grade of at least C- in PSY 230, PSY 310 (or STA 271), and PSY 311; or BIO 111 and BIO 112

Notes: Students cannot receive credit for both this course and PSY 438 or BIO 438 or BIO 439.

Cross Listed: Same as BIO 439.

PSY 442 Behavioral Approaches to Complex Human Behavior (3:3)

Examination of contemporary behavior-analytic research and theory pertaining to the social origin of conceptualizing, language, self-awareness, self-control, problem solving, and remembering.

Prerequisite: Grade of at least C- in PSY 240

Notes: Students cannot receive credit for both this course and PSY 442L.

PSY 442L Behavioral Approaches to Complex Human Behavior with Laboratory (4:3:3)

Contemporary behavior-analytic research and theories of the social origin of conceptualizing, language, self-awareness, self-control, problem solving, and remembering. Includes laboratory methods for

investigating elementary and complex behavioral phenomena.

Prerequisite: Grade of at least C- in PSY 240, PSY 310 (or STA 271), and PSY 311

Notes: Students cannot receive credit for both this course and PSY 442.

PSY 444 Changing Behavior in Real World Settings (3:3)

Principles and applications of behavior analysis in human service, educational, home, and medical settings. Recommended for psychology majors, and graduate and undergraduate students in related human service fields.

Prerequisite: Grade of at least C- in PSY 240

PSY 455 Social and Personality Development (3:3)

Examination of current theories and empirical research concerned with social, emotional, and personality development.

Prerequisite: Grade of at least C- in PSY 250 or HDF 302

Notes: Students cannot receive credit for both this course and PSY 455L.

PSY 455L Social and Personality Development with Laboratory (4:3:3)

Examination of current theories and empirical research concerned with social, emotional, and personality development. Includes laboratory work focusing on social and personality development across the life span.

Prerequisite: Pr. grade of at least C- in PSY 250 (or HDF 302), PSY 310 (or STA 271), and PSY 311

Notes: Students cannot receive credit for both this course and PSY 455.

PSY 456 Cognitive Development (3:3)

Examination of current theories and empirical research concerned with perceptual and cognitive development.

Prerequisite: Grade of at least C- in PSY 250 or HDF 302

Notes: Students cannot receive credit for both this course and PSY 456L.

PSY 456L Cognitive Development with Laboratory (4:3:3)

Examination of current theories and empirical research concerned with perceptual and cognitive development including laboratory work, focusing on research methods of cognitive development.

Prerequisite: Grade of at least C- in PSY 250 or HDF 302, and PSY 310 (or STA 271), and PSY 311

Notes: Students cannot receive credit for both this course and PSY 456.

PSY 457 Developmental Psychobiology (3:3)

Examination of current research integrating nature and nurture on topics such as brain development, instinct, or the development of mental disorders that relate to early experience, psychological function, and biological processes.

Prerequisite: Grade of at least C- in PSY 230, PSY 250 or HDF 302

PSY 460 Interpersonal Behavior and Group Processes (3:3)

In-depth analysis of interpersonal behavior and group processes. Topics include aggression, prosocial behavior, attraction, prejudice and discrimination, social comparison, close relationships, and groups.

Prerequisite: Grade of at least C- in PSY 260

Notes: Students cannot receive credit for both this course and PSY 460L.

PSY 460L Interpersonal Behavioral and Group Processes with Laboratory (4:3:3)

Analysis of interpersonal behavior and group processes including laboratory work focusing on research methods of social psychology. Topics include aggression, prosocial behavior, attraction, prejudice, discrimination, social comparison, and groups.

Prerequisite: Pr. grade of at least C- in PSY 260, PSY 310 (or STA 271), and PSY 311

Notes: Students cannot receive credit for both this course and PSY 460.

PSY 461 Attitudes and Social Influence (3:3)

In-depth analysis of attitudes and social influence. Topics include attitude structure, formation and change, propaganda and persuasion; attitude-behavior consistency; conformity; compliance; and obedience.

Prerequisite: Grade of at least C- in PSY 260

Notes: Students cannot receive credit for both this course and PSY 461L.

PSY 461L Attitudes and Social Influence with Laboratory (4:3:3)

Analysis of attitudes and social influence, with laboratory work on attitudes and social influence. Topics include attitude structure, formation and changes, propaganda and persuasion; consistency, conformity, compliance, and obedience.

Prerequisite: Grade of at least C- in PSY 260, PSY 310 (or STA 271), and PSY 311

Notes: Students cannot receive credit for both this course and PSY 461.

PSY 462 Social Cognition: Perceiving and Thinking in a Social Context (3:3)

In-depth analysis of how we think about ourselves and others. Topics include impression formation, attribution, affect and cognition, social judgement, stereotyping and the self in social context.

Prerequisite: Grade of at least C- in PSY 260

Notes: Students cannot receive credit for both this course and PSY 462L.

PSY 462L Social Cognition with Laboratory (4:3:3)

Analysis of how we think about ourselves and others, including laboratory work in social cognition. Topics include impression formation, attribution, affect and cognition, social judgement, stereotyping, and the self.

Prerequisite: Grade of at least C- in PSY 260, PSY 310 (or STA 271), and PSY 311

Notes: Students cannot receive credit for both this course and PSY 462.

PSY 463 Psychological Perspectives on Personal Relationships (3:3)

In-depth examination of current theories and empirical research focusing on psychological perspectives of personal relationships. Includes topics related to relationship forms and processes such as intimacy and power.

Prerequisite: Grade of at least C- in PSY 260

Notes: Students cannot receive credit for both this course and PSY 463L.

PSY 463L Psychological Perspectives on Personal Relationships with Laboratory (4:3:3)

Current theories and research on psychological perspectives of personal relationships including laboratory work in the scientific study of personal relationships. Topics include processes such as intimacy and power.

Prerequisite: Grade of at least C- in PSY 260, PSY 310 (or STA 271), and PSY 311

Notes: Students cannot receive credit for both this course and PSY 463.

PSY 470 Psychological Disorders of Children (3:3)

Etiology, assessment, and treatment of various psychological disorders of children, e.g., conduct disorder, attention deficit/hyperactivity disorder, depression, anxiety.

Prerequisite: Grade of at least C- in PSY 275

Notes: Students cannot receive credit for both this course and PSY 502. Students cannot receive credit for both this course and PSY 470L.

PSY 470L Psychological Disorders of Childhood with Laboratory (4:3:3)

Etiology, assessment, and treatment of various psychological disorders of children, e.g., conduct disorder, attention deficit/hyperactivity disorder, depression, and anxiety. Includes laboratory work with assessment and other methods in clinical child psychology.

Prerequisite: Grade of at least C- in PSY 275, PSY 310 (or STA 271), and PSY 311

Notes: Students cannot receive credit for both this course and PSY 470.

PSY 472 Field Experience in Applied Settings (3)

Community field experience designed to illustrate practical applications of psychological principles and research. Class meetings and written work required in addition to field placement.

Prerequisite: Grade of C- or better in PSY 341 or PSY 470; junior standing; and permission of instructor

Notes: Malpractice insurance fee required for certain placements. Be advised that internship sites will require a criminal background check and/or drug test, and reserve the right to reject applicants on the basis of the results.

PSY 481 Cognition and Consciousness (3:3)

In-depth discussion of psychological processes of attention and memory and their relationship to consciousness. Analyses of theories, experimental techniques, and results.

Prerequisite: Grade of at least C- in PSY 280

Notes: Students cannot receive credit for both this course and PSY 481L.

PSY 481L Cognition and Consciousness with Laboratory (4:3:3)

In-depth discussion of psychological processes of attention and memory and their relationship to consciousness. Analyses of theories, experimental techniques, and results including laboratory work on research methods of cognitive psychology.

Prerequisite: Grade of at least C- in PSY 280, PSY 310 (or STA 271), and PSY 311

Notes: Students cannot receive credit for both this course and PSY 481.

PSY 482 Human Memory (3:3)

Memory is involved in many everyday activities and is essential for personal identity. This course is about theories

and applications of research on human memory and learning.

Prerequisite: PSY 121 and PSY 280

PSY 483 The Psychology of Thinking (3:3)

Research and theory on human problem-solving and reasoning. Topics include classification, categorization, decision-making, rational thought, and a discussion of awareness in thinking.

Prerequisite: Grade of at least C- in PSY 280

Notes: Students cannot receive credit for both this course and PSY 483L.

PSY 483L Psychology of Thinking with Laboratory (4:3:3)

Research and theory on human problem-solving and reasoning including laboratory work conducting and participating in experiments about thinking. Topics include classification, categorization, decision-making, rational thought, and awareness in thinking.

Prerequisite: Grade of at least C- in PSY 280, PSY 310 (or STA 271), and PSY 311

Notes: Students cannot receive credit for both this course and PSY 483.

PSY 490 Directed Readings in Psychology (1–3)

Reading and library research on a specialized topic in the primary scientific literature in psychology under the supervision of a faculty member.

Prerequisite: 18 s.h. in psychology, and permission of instructor

Notes: May be repeated for credit.

PSY 493 Honors Independent Study (3)

Opportunity for qualified students to complete directed study and/or research under faculty supervision. Work will lead to a written proposal for and enrollment in Senior Honors Project (see HSS 490).

Prerequisite: Admission to Lloyd International Honors College; 3.50 GPA in the major and 12 s.h. in the major; completion of PSY 311

PSY 495 Senior Honors Seminar (3:3)

Provides students with advanced study and critical analysis of contemporary problems in psychology.

Prerequisite: PSY 311, honors section, and completion of 200-level core requirements for psychology major, senior standing, and GPA 3.30; or permission of the instructor

Notes: May be used to meet major requirements. May be repeated for credit when topics vary.

PSY 515 History and Systems of Psychology (3:3)

Discussion of prescientific thinking on psychological problems, origin of systems of psychology, and ways systems are reflected in contemporary psychology.

Prerequisite: Graduate standing in UNCG Psychology programs, or permission of instructor

PSY 519 Special Topics in Psychology (3:3)

Intensive examination of current theories and research in a specific area of biopsychology, learning, development, cognition, social psychology or clinical psychology. Check with department for offerings.

Prerequisite: Graduate standing in UNCG Psychology programs, or permission of instructor

Notes: May be repeated for credit when topics vary.

PSY 589 Experimental Course

This number reserved for experimental courses. Refer to the Course Schedule for current offerings.

Mission Statement

The mission of the Department of Public Health Education is to promote health by supporting the learning, decision-making and capacity of individuals, groups, and communities. In collaboration with Piedmont Triad community organizations, the department prepares professional health educators and advances public health practice and knowledge.

PUBLIC HEALTH MAJOR (PHTH)—B.S.

Degree: Bachelor of Science

Required: 122–124 semester hours, to include at least 36 hours at or above the 300 course level

Available Concentrations and AOS Codes:

Community Health Education, U407

Health Studies Online, U415

The Department of Public Health Education offers the Bachelor of Science (B.S.) degree in Public Health major with a concentration in Community Health Education or Health Studies (an online degree program). Both concentrations provide a foundation in the core areas of public health including: social and behavioral sciences, epidemiology, public health statistics, and health policy and administration. Only students in the Community Health Education concentration are eligible candidates for national credentialing as a Certified Health Education Specialist (CHES.). The Health Studies Online concentration is an online option available for second-

degree seeking students looking for a non-professional degree to complement their current professional or career experiences.

Criteria for Admission to the Public Health Major

Students must be formally admitted to the Public Health major through an application process and select a concentration of Community Health Education or Health Studies Online. Students are considered Pre-Public Health (PPHT) until the student is formally accepted into the Public Health (PHTH) major.

Only students who have formal, written acceptance into the PHTH major will be permitted to register in upper level public health education (HEA) courses, typically completed in the junior and senior years. Admission cannot be sought into the major until completion or transfer of 45 credit hours. The application deadline is April 1 of each year. Applications are obtained from the Department of Public Health Education. Transcripts from all post-secondary schools attended must be submitted with the application. Admission to the university does not guarantee acceptance into the PHTH major. Conditional admission may be granted if students are still completing the prerequisite courses, but full admission to the major cannot be granted until all admission criteria for Community Health Education or Health Studies Online concentration have been successfully completed.

Public Health Major: Community Health Education Concentration (PHTH)—B.S.

Degree: Bachelor of Science

Required: 124 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U407

Increasing national interest in health and health promotion attracts students to the undergraduate degree program in Community Health Education. The concentration provides field experiences in public and private agencies as part of the professional preparation program. Students are prepared to design and implement health promotion programs in the community. Graduates have careers in national, state, and local health agencies, health and human services organizations, and business and industry; and many continue on into graduate study.

Minimum Criteria for Admission to the Concentration

Pre-public health students must meet the following criteria to be accepted into the major and declare the Community Health Education concentration. Students should meet

these minimum requirements before submitting an application to the concentration.

1. Overall grade point average of 2.50 or higher.
2. A grade of C (2.0) or better in each of the following prerequisite health related courses or their equivalent: BIO 111 and 111L, CST 105 or CST 341, ENG 101, MAT 115 or STA 108 or higher level mathematics course, NTR 213, PSY 121 or SOC 101. Prerequisite courses may be repeated only one time to earn the minimum required grade or better.
3. A grade of C (2.0) or higher in any completed HEA courses (including transferred HEA courses). It is recommended, but not required, that students complete HEA 201 and/or a HEA elective prior to submitting the application.

Minimum Criteria for Progression in the Concentration

1. Students must continue to maintain the cumulative GPA requirement of 2.50 to progress and graduate. Students who drop below a 2.50 overall GPA will be dropped from the program.
2. No HEA course or health related area course for which a grade of C or better is required for the major may be taken more than twice (a C- is not acceptable). Students who receive a grade below C twice in the same HEA course or health related area course required for the major will be dropped from the major.

Graduation Requirements for the Concentration

1. A grade of C (2.0) or better in all required HEA courses and health related courses.
2. Overall GPA of 2.50
3. Registration for and completion (e.g., sitting for) of the CHES exam offered by the National Commission for Health Education Credentialing (NCHEC).
4. Completion of all other requirements as described for degree and major (students may still be required to complete free elective credit hours to meet university degree requirements).

I General Education Core Requirements (GEC)

Student selects additional 3 s.h. from GSB list.

II General Education Marker Requirements

See complete GEC requirements under General Education Program in the University Requirements section. See the GEC Course Summary Table for approved courses. It is possible to meet all GE Marker Requirements while completing the GE Core requirements or courses required by the major/concentration.

GL/GN—Global/Global Non-Western Perspectives

four (4) courses carrying GL/GN markers, at least one of which must carry the GN marker

One SI (Speaking Intensive) Course

In addition to this SI Marker requirement, students must also complete a second SI course

within the major. All programs have identified at least one course among their major requirements that is taught as Speaking Intensive.

One WI (Writing Intensive) Course

In addition to this WI Marker requirement, **students must also complete a second WI course within the major.** All programs have identified at least one course among their major requirements that is taught as Writing Intensive.

III Major Requirements

1.

HEA 308	Introduction to Public Health
HEA 314	Public Health Diseases
HEA 315	Epidemiology
HEA 316	Environmental Health
HEA 325	Public Health Data Analysis
HEA 339	Introduction to Public Health Education Practice

V Electives

Electives sufficient to complete total semester hours required for degree.

Public Health Major: Health Studies Online Concentration (PHTH)—B.S.

Degree: Bachelor of Science

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U415

The program leading to the Bachelor of Science in Public Health, Health Studies Online concentration, is designed to prepare individuals for positions in health-related fields and provide a base for graduate study. The Health Studies Online concentration will allow time and location bound students to complete an undergraduate degree without relocating to the UNCG campus. Our graduates, like other graduates in general education programs, are competitive in the job market for careers in administration, education, health sciences, human relations, and public service, and in other governmental, community-based and/or nonprofit settings.

Students requesting admission to the Health Studies Online concentration may apply to the major only after earning a prior degree (A.A., A.S., B.A., B.S., or equivalent; an A.A.S. is not an equivalent option) from an accredited college or university and completion of courses that satisfy General Education Core and General Education Marker requirements.

Minimum Criteria for Admission to the Concentration

Pre-public health students must meet the following criteria to be accepted into the major and declare the Health Studies Online concentration. Students should meet these minimum requirements before submitting an application to the concentration.

1. Students requesting admission to the Health Studies Online concentration may apply to the major only after earning a prior degree (A.A., A.S., B.A., B.S., or equivalent; A.A.S. does not count as an equivalent) from an accredited college or university and completion of courses that satisfy General Education Core and General Education Marker requirements.
2. Overall grade point average of 2.50 or higher.
3. A grade of C (2.0) or better in each of the following courses or their equivalent: BIO 111 and BIO 111L (or BIO 271 or BIO 277), CST 105 or CST 341, ENG 101, MAT 115 or STA 108 or higher level mathematics course, PSY 121 or SOC 101, and ISM 110. Prerequisite courses may be repeated only one time to earn the minimum required grade or better.
4. A grade of C (2.0) or higher in any completed HEA courses (including transferred HEA courses).

Minimum Criteria for Progression in the Concentration

1. Students must continue to maintain the cumulative GPA requirement of 2.50 to progress and graduate. Students who drop below a 2.50 overall GPA will be dropped from the program.
2. No HEA course or health related area course for which a grade of C or better is required for the major may be taken more than twice (a C- is not acceptable). Students who receive a grade below C twice in the same HEA course or health related area course required for the major will be dropped from the program.

Graduation Requirements for the Concentration

Faculty

Gregory P. Grieve, Professor and Head of Department

Professors Bregman, Krueger, Rogers

Associate Professors Haskell, Ramsey

Assistant Professor Gabbay

Lecturers McDuffie, McKinnon, Rohit

Visiting Assistant Professor Carter

Affiliated Faculty Sopper

The Department of Religious Studies investigates a variety of religious traditions, movements, and expressions that play important roles either historically or in contemporary cultures.

The Department teaches courses on such traditions as Buddhism, Christianity, Confucianism, Hinduism, Islam, Judaism, Shinto, and Taoism. Historical studies include courses about religions in African, Asian, Middle East, European, and American (especially United States) history. Cultural and theoretical studies include courses on religious philosophies, ethics, and theologies; political, social, and psychological accounts of religious life; the role religion plays in politics, economics, social movements, arts, sciences, and diverse forms of personal conduct.

Religious Studies Major (RELS)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U219

The Religious Studies Major participates in a diversified program in the humanities, studying religious history, imaginative literature, systems of thought, and criticisms of culture, politics, and society. Because religious studies majors engage in multidisciplinary studies in the liberal arts, they are well-qualified to enter any field that profits from disciplines of exposition, analysis, appreciation, criticism, and historical reflection. Upon graduation,

Religious Studies majors have gone into teaching, medicine, nursing, law, business, ministry, journalism, and communications.

Members of the Religious Studies Department are available to advise students about career opportunities and to refer them to further information that may be of help.

School of Education Licensure Programs

Office of Student Services
142 School of Education Building

www.uncg.edu/soe

Teacher licensure in North Carolina and qualification for licensure in most of the other states may be earned at four UNCG professional schools and various departments within the College of Arts and Sciences. Students may select licensure programs in a variety of subject areas.

The School of Education offers programs in Elementary Education, Middle Grades Education, Professions in Deafness, and Special Education; and jointly directs, with departments in the College of Arts and Sciences, programs for teacher licensure in core academic subjects at the secondary level.

The School of Health and Human Sciences, the School of Music, Theatre, and Dance, and the College of Arts and Sciences, in collaboration with the School of Education, offer teacher education curricula.

Graduates of approved teacher education curricula are eligible for initial licensure on the basis of UNCG's recommendation to the State Department of Public Instruction. As requirements may vary among departments, students should check with their major advisor for specific information regarding their program.

Important information for all education students at UNCG can be found in the Teacher Education Handbook.

Admission to Teacher Education

All students who wish to be recommended for teacher licensure in any of the subject areas must be admitted to a specific Teacher Education Program. Students should apply for admission to Teacher Education at the end of their sophomore year and be admitted no later than the first semester of their junior year.

The following requirements must be met:

1. Grade point average of at least 2.50 (some departments require a GPA higher than a 2.50 to be admitted to teacher education). To determine if students meet this standard, the grade point average (GPA) is calculated using all relevant undergraduate course work.
2. Recommendation of the school or department where major is to be taken
3. Achievement of minimum score requirements as set by the North Carolina Department of Public Instruction on

the Professional Assessment for Beginning Teachers (Praxis I, ACT, or SAT)

4. Completion of at least 12 s.h. at UNCG. The 12 s.h. shall be waived for any transfer student who meets ALL of the aforementioned requirements for admission to Teacher Education. The grade point average for transfer students will be the transferable GPA as computed by the Office of Undergraduate Admissions.
5. Background check requested through UNCG's affiliated company as described in the Teacher Education Handbook.

For additional requirements specific to a program, students should check with their major school or department. Students should contact the Office of Student Services (located in the School of Education Building, 334-3410) for:

1. Clarification of admission requirements.
2. Appeal of the application of a rule or regulation.

More information on this topic can be found in the Teacher Education Handbook.

Admission to Student Teaching

During the junior year, students already admitted to the Teacher Education Program must apply for admission to Student Teaching.

Student Teaching admission includes:

1. Grade point average of at least 2.50 (some departments require a GPA higher than a 2.50 for student teaching).
2. Approval of the school or department in which the student is majoring.
3. Completion of additional requirements specific to the major department or school teacher education program.

Application forms are available online from the School of Education Licensure Programs Web site. Forms must be submitted by November 1 for student teaching **in the fall of the following year**, and by February 15 for student teaching **in the spring of the following year**.

Student teaching assignments are usually made in schools within commuting distance of UNCG. Teacher education students are individually responsible for expenses incurred during student teaching, including transportation.

Student teaching in some subject areas is offered only in either the fall or the spring semester. Any student who plans to student teach should check with his or her major program about when student teaching will be offered in a particular subject area.

More information on this topic can be found in the Teacher Education Handbook.

General and Professional Education Requirements

Requirements for teacher licensure are specified in the respective program descriptions. **Candidates should know program specific requirements.** This information is available on the department Web sites, handbooks of their licensure programs, and/or in the *Undergraduate Bulletin*. Students should also speak with their advisors about admission requirements as all licensure programs rely heavily on early and adequate advising.

Requirements

For Elementary and Middle Grades Licensure

Refer to the **Department of Teacher Education and Higher Education** page of this Bulletin for program requirements.

For K–12 Special Subject-Area Licensure

Refer to the appropriate **K-12 Special Subject-Area Licensure page** of this Bulletin for program requirements.

For Secondary Subject-Area Licensure (Grades 9–12)

The following courses must be taken in a specified sequence, terminating in student teaching in the spring semester of the senior year. See the online Secondary Education Handbook for more information.

1.
TED 535 Literacy in the Content Area
2.
ERM 405 Measurement and Assessment in Teaching
3.

5.
TED 5xx: (in the appropriate subject area)
6.
TED 465 Student Teaching and Seminar: Secondary School
TED 465: (12 s.h.)
LIS 120 is strongly recommended.

Second Academic Concentration Requirement

All students majoring in Elementary and Physical Education are required to complete an approved second academic concentration consisting of a minimum of 18 semester hours in a basic academic discipline or an approved interdisciplinary field of study. Depending on the academic discipline selected, a maximum of six (6) hours may be counted toward General Education requirements and the second concentration. This requirement became effective for all students who entered the university in Fall 2005. Some departments (e.g., French and Spanish) require 24 hours for their second academic concentration. All students majoring in Middle Grades Education must complete 24, 25, or 27 hours in two of five content fields: Language Arts, Mathematics, Science, Social Studies, or TESOL. This requirement also applies to students seeking a second degree in one of the affected majors. Students should check with the major school and/or department about this requirement or additional requirements specific to individual programs.

Teacher Licensure in Comprehensive Secondary Social Studies

Students majoring in anthropology, geography, history, political science, psychology, or sociology can seek teacher licensure in comprehensive secondary social studies. Students seeking social studies licensure must take a total of 18 semester hours in history and economics beyond their major requirements from the departments of anthropology, geography, political science, psychology, and sociology. Because history majors need to achieve breadth in social science content and methods, history majors must complete an additional 15 hours of social science electives. Courses must be selected from the following approved list. This list is also available from the School of Education Office of Student Services (School of Education Building), the student's major advisor, or the social studies advisor in the School of Education. Substitution of any requirements needed for licensure may be made by the social studies advisor in the School of Education.

Courses Satisfying Competencies for the Standard Professional I License in Secondary Social Studies

All secondary social studies licensure students must complete the following 18 semester hours:

- | | |
|---------|--|
| ECO 101 | Introduction to Economics |
| HIS 308 | Navigating World History |

This licensure program relies heavily on early and adequate advising. It is the student's responsibility to meet as soon as possible with both his/her major advisor and the secondary education advisor in the School of Education

Office of Student Services. See other sections in this chapter for additional teacher licensure requirements.

Application for Teacher Licensure

An application for licensure should be filed with the Office of Student Services within two weeks of graduation. Students should be aware that the licensure process will take six weeks or longer after graduation to be completed.

UNCG recommends for a teacher's licensure those students who have completed the appropriate teacher education curriculum, attained acceptable competencies, and whose work has been approved by the appropriate department.

To be licensed in North Carolina, students must meet the specific state requirements for licensure, including an adequate score on relevant Praxis subject-area exams for several licensure programs and demonstration of technology competencies.

Mission of the Department of Social Work

Our mission is to educate students to become competent, engaged social workers who demonstrate the knowledge, ethics, values, and skills of the profession. We accomplish this goal within a transformative learning community that encourages the professional development of students, staff, and faculty. We promote civil rights and pursue social justice for oppressed and marginalized people. We improve the lives of citizens of the Piedmont Triad and beyond through our signature pedagogy, field instruction; through our community-engaged scholarship and research; and through the ongoing leadership of our students, alumni, and faculty.

Department Goals

1. Prepare graduate and undergraduate students to become competent, engaged social workers who demonstrate the knowledge, ethics, values, and skills of the profession.
2. Prepare graduates to work effectively with diverse and marginalized people.
3. Prepare students to facilitate inclusion at all systems levels—individual, family, group, organization, community, and policy.
4. Create a learning community that respects diversity and encourages the exploration of difference.
5. Increase engagement with social service agencies and other community institutions to promote social change.

6. Conduct change-oriented research to promote social and economic justice.

Mission of the Bachelor of Social Work Program

Our mission is to prepare competent, ethical social workers who will become the backbone of the social services delivery system in the Piedmont Triad and beyond. We prepare students to engage with others at the intersection of person and environment, race, gender, and class, in order to promote healthy functioning for individuals, families, groups, and communities. Our goal is the transformation of personal history into professional identity through mentoring, teaching, our signature pedagogy—field education, research, and engaged scholarship. Learning takes place within an intentional, collaborative community that respects and embraces diversity and promotes inclusion.

Social Work Major (SOWK)—B.S.W.

Degree: Bachelor of Social Work

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

Available Concentrations and AOS Codes:

Social Work, U894

School Social Work with Special Subject-Area
Teacher Licensure, U895

The purpose of the Social Work major is to prepare students for entry level generalist practice in social work. This is a professional program of study which is strongly grounded for the first two years in liberal arts; the second two years focus on the professional curriculum. The program prepares students for work with individuals, families, groups, organizations and communities.

Accreditation

The program is accredited by the Council on Social Work Education for an eight-year period ending in June 2021.

Admission to the Social Work Major

The student who wishes to formally declare Social Work as a major should consult with the Undergraduate Program Director. Admission to the major is based upon:

1. Satisfactory completion of SWK 215 with a grade of C or higher
2. A minimum university GPA of 2.50
3. Completion of a minimum of 51 s.h.

4. Completion and submission of the B.S.W. Application Packet by December 1 of the year in which the student is seeking admission

Admission is competitive and limited. Decisions concerning admission are announced by January 1 and are effective with the beginning of the spring semester.

Admission to Field Instruction

1. Prior admission to the Social Work Major
2. Completion of the following courses or their equivalent: BIO 105, ECO 101, HDF 212, PSC 100, PSY 121, STA 108, SOC 101, and completion of the Department's culture and diversity requirement.
3. Completion of 84 s.h. with a 2.50 grade point average
4. Satisfactory completion of all early field experience requirements
5. Satisfactory completion of SWK 215, SWK 310, SWK 311, SWK 315, SWK 325, and SWK 351, with a minimum grade of C. No Social Work course may be taken more than twice.
6. An application process and approval of the Director of Field Instruction

General Information

Admission to the university does not constitute acceptance to the department. Academic credit is not awarded for life or work experience. Community social work agencies cooperate with the Department of Social Work in providing field work experiences for the students. The number of students placed for field instruction is determined by the availability of these resources. At times, there may not be an approved site for student placement and there may be delay in meeting that part of the graduation requirements.

Students enrolled in the practice sequence are individually responsible for their own transportation to and from community agencies. Students are required to provide proof of liability and malpractice insurance. Malpractice insurance information is available in the departmental office.

Students who fail to enter senior year field instruction within two years of completion of all Bachelor of Social Work foundation courses (SWK 215, SWK 310, SWK 311, SWK 315, SWK 325, SWK 351) must reapply for admission to the social work program. The Director of the Bachelor of Social Work program in consultation with the student and faculty will decide what social work courses, if any, must be repeated prior to reapplying for admission to field instruction.

Students who enter field instruction and fail to successfully complete it must reapply for admission to field instruction within two years of completion of all Bachelor of Social

Work foundation courses (SWK 215, SWK 310, SWK 311, SWK 315, SWK 325, SWK 351). If more than two years elapse, the student must reapply for admission to the social work program. Students who have previously entered field instruction and have not successfully completed it may only reapply once for readmission.

I General Education Core Requirements (GEC)

See complete GEC requirements and approved course listings for all categories.

GLT—Literature (3 s.h.)

Student selects 3 s.h. from GLT list.

GFA—Fine Arts (3 s.h.)

Student selects 3 s.h. from GFA list.

GPR—Philosophical, Religious, Ethical Principles (3 s.h.)

Student selects 3 s.h. from GPR list.

Humanities and Fine Arts (3 s.h.)

Student selects additional 3 s.h. from GLT, GFA, or GPR list.

Assistant Professors Dollar, Huebner, Kuperberg

Lecturers Clapp, O'boyle, Patterson

Mission Statement

The Department of Sociology supports the missions of the College of Arts and Sciences and the university in three areas: education, research and service. The Department fosters a community of sociologists, mentors students of sociology at the undergraduate and graduate levels, and provides general education for students throughout the university. Sociological knowledge helps students to understand how social structures and processes shape social life and how sociological analysis and empirical research are used as tools of understanding. The Department also encourages the research and professional development of faculty, contributes knowledge to the community of scholars and to the larger society, and provides service to the discipline, college, university, and extramural communities.

The undergraduate program in sociology is planned primarily as a part of a liberal arts education. The objective is to provide the student with an analytic and systematic approach to the understanding of social relations. The major provides a foundation for a variety of occupations and for advanced study.

Graduate study leading to the Master of Arts degree with a major in sociology also is available. For details, see the *Graduate School Bulletin*.

Sociology Major (SOCI)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

Available Concentrations and AOS Codes:

Sociology, U221

Criminology, U222

Social Problems in a Global Society, U224 (**Not accepting new students.**)

Sociology, with Social Studies High School Teaching
Licensure, U223

Beginning Fall 2015, no new students will be accepted into the Social Problems in a Global Society concentration.

The Sociology major provides students with an understanding of the fundamental processes of social interaction that underlie all social organization and change. Beyond book and library study, students are required to develop skills in computer analysis and in survey and field research. Students may a) major in sociology, b) major in sociology with a concentration in criminology, c) major in sociology with a concentration in social problems in a global society, d) complete the social studies licensure for secondary teachers with a major in sociology, e) major in both sociology and another field, or f) minor in sociology. Requirements for these six options are described separately below.

Student Learning Goals

Sociology majors at UNCG will be expected to:

- Define and apply basic sociological concepts used in micro and macro sociological theory
- Explain the difference between personal opinion and theoretical insight based on research and between structural and individualistic explanations of human action
- Know how to formulate research hypotheses, collect, and do basic analysis of data
- Evaluate the appropriateness of various theories and research methods for answering different types of empirical questions
- Explain the differences among and the uses of different types of sociological research methods
- Be able to recognize and respond appropriately to the ethical issues involved in studying human subjects and organizations

Assistant Professors Gillis, Henner, Jimenez, Kang

Clinical Assistant Professor DeNaples

Lecturers Allen, Torres

Visiting Assistant Professor Cavanaugh

The primary goal of the Department of Specialized Education Services is to prepare professionals for diverse roles in working with individuals with disabilities across the life span in a variety of educational and community environments. Programs in the department emphasize the delivery of services in integrated settings, with a focus on interdisciplinary and interagency collaboration. Upon graduation, students are prepared for professional careers in public and private schools, residential settings, community agencies, clinics, and organizations. Faculty teaching, research, and service activities facilitate these outcomes.

All students in SES programs are required to demonstrate that they have read, understand, and are able to completely meet the technical standards for their programs. Technical standards are outlined in each program's handbook. All students in SES programs must have reliable transportation to and from practicum and/or internship sites.

Elementary Education and Special Education: General Curriculum Dual Major (SPEL)—B.S.

Degree: Bachelor of Science

Required: 127 semester hours

AOS Code: U252

The Departments of Teacher Education & Higher Education and Specialized Education Services offer a dual major in elementary education and special education.

Students completing the dual major will have initial licensure in elementary education K–6 and special education: general curriculum K–12. Students must be admitted to the teacher education program during the fall of their sophomore year and will begin professional course work spring of the sophomore year.

The 127-semester-hour dual major in elementary education and special education follows the admission guidelines to the School of Education teacher programs regarding (a) achievement of minimum passing score requirements set forth by the North Carolina Department of Public Instruction on the Professional Assessment for Beginning Teachers (Praxis I); (b) the recommendation of the departments; and (c) completion of at least 12 semester hours at UNCG [waived for transfer students who meet GPA requirements, have departmental recommendation, and have passed the Professional Assessment for Beginning Teachers (Praxis I)].

Additional departmental requirements include (a) a grade of C or better in either TED 250 or SES 250 and (b) completion of all courses needed to fulfill the UNCG general education requirements (GEC). A minimum 3.0 GPA is required for admission.

Admission to Student Teaching

3.0 or better GPA, recommendation of departments, and C (2.0) or better in professional courses.

PROFESSIONS IN DEAFNESS MAJOR (PRDF)—B.S.

Degree: Bachelor of Science

Required: 124–127 semester hours, to include at least 36 hours at or above the 300 course level

Available Concentrations and AOS Codes:

Advocacy and Services for the Deaf, U931
K–12 Deaf and Hard of Hearing Teacher Licensure, U162
Interpreter Preparation, U932

The Professions in Deafness major provides opportunities for study in three concentrations: Advocacy and Services for the Deaf; K–12 Deaf and Hard of Hearing Teacher Licensure; and Interpreter Preparation. All areas of study focus on the unique educational needs of deaf and hard of hearing children emphasizing language acquisition, teaching methods, and communication modes. Specialized training in communication modes is offered through sign classes and the Sign Language Laboratory. Supervised experiences are available for student observations, volunteer work, and practicum in area public schools and other settings.

See also School of Education Licensure Programs for Teacher Education admission requirements.

Professions in Deafness Major: Advocacy and Services for the Deaf Concentration (PRDF)—B.S.

Degree: Bachelor of Science

Required: 124 semester hours, to include at least 36 hours at or above the 300 course level

AOS Codes: U931

The Advocacy and Services for the Deaf concentration is designed to prepare professionals to work with individuals who are Deaf or hard of hearing in a variety of settings other than K–12 schools. Students in the concentration have required courses in SES and a variety of options regarding course work in related fields and departments. Students will have acquired the skills necessary for jobs in Resource Centers for the Deaf, Service Centers for the Deaf, Vocational Rehabilitation, Mental Health services, and group home settings.

Upon completion of the Advocacy and Services for the Deaf program, students are able to:

- Identify and explain the services/roles of different community agencies available to individuals who are Deaf or hard of hearing.
- Identify specific needs of individuals who are Deaf or hard of hearing relative to their age, gender, ethnicity, and English language ability to identify appropriate services in the community where these individuals' needs may be addressed.
- Identify different helping professions and select one in which they would like to pursue graduate-level studies.
- Discuss the organizational structures and funding sources of community agencies that advocate for and serve individuals who are Deaf or hard of hearing.
- Take part in collaborating with service providers from multiple agencies to develop a rehabilitation/habilitation plan for clients who are Deaf or hard of hearing.

Admission Process

There is no formal admission into the program. Upon enrollment in the university, students must meet with the advisor designated for their specific concentration to review forms outlining technical standards, dispositions, and program requirements. Students must then satisfy the progression requirements in order to continue in the program.

Progression Requirements

1. Satisfactory progress on Dispositions Review each semester
2. Continued demonstration of required competencies outlined in the Technical Standards
3. Passing scores on the Professions in Deafness program benchmark assessments. If the student does not pass any of the benchmark assessments, they will not be permitted to continue in the program.
4. Achievement of a B- or higher in SES courses

5. Achievement of the following minimum GPA Requirements:

Freshman year: 1.75

Sophomore year: 2.0

Junior and Senior year: 2.50

Professions in Deafness Major: K–12 Deaf and Hard of Hearing Teacher Licensure Concentration (PRDF)—B.S.

Degree: Bachelor of Science

Required: 127 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U162

The K–12 Deaf and Hard of Hearing Teacher Licensure program provides preparation at the undergraduate level for students planning to provide educational services for children who are D/deaf or hard of hearing from kindergarten through grade 12 and for school-aged learners with mild to moderate disabilities (specific learning disabilities, emotional disabilities, and mild intellectual disabilities). Students successfully completing all program requirements will be recommended for initial licensure from the North Carolina Department of Public Instruction in K–12 Deaf and Hard of Hearing Teacher Licensure and in Special Education: General Curriculum (K–12). Coursework and field work are designed to ensure that graduates acquire the twenty-first-century professional teaching knowledge and skills to communicate with and facilitate language and academic learning in students with hearing loss and students with mild to moderate disabilities.

Student Learning Goals

Students completing the program are able to:

- Demonstrate understanding of current federal and North Carolina law and policy related to special education and related services.

- Explain the basic educational and clinical concepts relative to definitions, characteristics, identification, and diagnosis of students with hearing loss and students with mild to moderate disabilities.
- Demonstrate a comprehensive working knowledge of language through spoken and signed communication, and implement programs for infants, young children, and youth who are D/deaf or hard of hearing that successfully incorporate these understandings.
- Use a variety of assessments to develop educational plans, document learning, and evaluate the effectiveness of instruction with young children and youth who are D/deaf or hard of hearing and with students in K–12 settings who have mild to moderate disabilities.
- Facilitate access to the standard curriculum by young children and youth who are D/deaf or hard of hearing and by school aged learners with mild to moderate disabilities based on communicative, linguistic, social, and cognitive abilities of the learner.
- Work collaboratively with other school professionals, paraprofessionals, parents, and community and agency personnel to meet the needs of students with mild to moderate disabilities and/or those with hearing loss.

Program Admission Requirements

1. Documentation of an overall 3.0 or better GPA and twenty (20) hours of documented successful experience with children
2. A passing score on the PEPSI (Program Entry Potential Signing and Interpreting) and SPIL (Sign Potential at the Intermediate Level)
3. Signed and completed forms outlining Technical Standards, Dispositions, and Program Requirements
4. Grade of B- or better in SES 250—Introduction to Professions in Special Education
5. Completed application form and successful acceptance into the Teacher Education Program
6. A passing score on Praxis I or documented passing scores on the SAT and/or ACT as required by the NC Department of Public Instruction

Progression Requirements

1. Maintain an overall GPA 3.0 or better throughout the program and receive at least a B- or better grade in all SES and related area courses. A student will be required to retake any SES or related area course if he or she earns a grade lower than B- in the course.

2. Students must be admitted to Teacher Education before enrolling in the following courses: SES 252, SES 321, SES 350A, SES 350B, SES 360, SES 451, SES 447, SES 461, SES 466, SES 469, SES 469L, SES 471, SES 472, SES 483, and SES 578.

Fieldwork and Student Teaching Internship

Students complete three field experiences prior to student teaching. Before being placed at a school site for student teaching, a student must earn a passing score on the Sign Proficiency Test. Students must have reliable transportation to and from practicum and/or internship sites.

Sign Proficiency Requirement

Students progress in developing receptive and expressive American Sign Language (ASL) throughout their coursework. Competency is assessed during SES 101 via the Program Entry Potential for Signing and Interpreting (PEPSI) and during SES 102 using the Signed Proficiency at the Intermediate Level (SPIL). Prior to being placed for student teaching, students must pass the Sign Proficiency Test.

Program Completion Requirements

Students must be admitted to the Teacher Education program at least one semester before being admitted to Student Teaching. Practicum and student teaching internship experiences take place within the Piedmont area in public and private school programs.

Students will be required to take and attain passing scores on standardized tests required by the NC Department of Public Instruction before being recommended for licensure.

Students will be required to complete an electronic teaching portfolio of successfully completed required artifacts before being recommended for licensure.

Transfer students may require additional semesters to complete the undergraduate degree program.

VI Electives

Electives sufficient to complete the 127 semester hours required for degree.

Professions in Deafness Major: Interpreter Preparation Concentration (PRDF)—B.S.

Degree: Bachelor of Science

Required: 125 semester hours, to include at least 36 hours at or above the 300 course level

AOS Codes: U932

The Interpreter Preparation concentration provides training at the undergraduate level to prepare students to work as interpreters for Deaf and Hard of hearing individuals in the community as well as in educational settings. Internships take place in inclusive settings in the public schools, post-secondary institutions, and in the community.

Students desiring to pursue a degree in interpreting must:

- have adequate visual and auditory abilities necessary to interpret in a variety of settings.
- have time available in their schedules for the purpose of interacting with the Deaf Community and completing their observation, community service, and interpreting hours.
- be physically capable of completing all movements that occur in the production of American Sign Language

that is conveyed via hands, mouth, morphemes, eyebrows, torso, eyes, and facial expressions.

- have reliable transportation to and from practicum and/or observation sites.

Student Learning Goals

Upon completion of this program, students will be able to:

- Demonstrate a basic level of proficiency in interpreting consecutively and/or simultaneously from the source language to the target language via American Sign Language or various forms of English.
- Incorporate various interpreting and facilitation techniques with regard to the setting and the age, gender, ethnicity, and special needs of the clients involved.
- Articulate the roles and responsibilities of the interpreter/transliterator as well as the Code of Ethics, health issues, certification process, and best practices established by the profession.
- Discuss the audiological, social, emotional, linguistic, cultural and academic implications for individuals who are Deaf or hard of hearing and their impact on the interpreting process.
- Utilize the broad spectrum of information learned through various liberal arts, communication, and educational courses to enhance their ability to interpret general discourse within several fields.
- Assess their interpreting/transliterating performance and develop a plan for continued professional growth.

Admission Process

There is no formal admission into the program. Upon enrollment in the university, students must meet with the advisor designated for their specific concentration to review forms outlining technical standards, dispositions, and program requirements. Students then must satisfy the progression requirements in order to continue in the program.

Progression Requirements

1. Satisfactory progress on Dispositions Review each semester
2. Continued demonstration of required competencies outlined in the Technical Standards
3. Passing scores on the Professions in Deafness program benchmark assessments. If a student does not pass any of the benchmark assessments, they will not be permitted to continue in the program.
4. Achievement of a B- or higher in SES courses

5. Achievement of the following minimum GPA Requirements:

- a. Freshmen year - 1.75
- b. Sophomore year - 2.0
- c. Junior and Senior year - 2.50

Special Education: General Curriculum Major (SPED)—B.S.

Degree: Bachelor of Science

Required: 127 semester hours, to include at least 36 semester hours at or above the 300 course level

AOS Code: U265

The Special Education Program provides opportunities for the study of school-age learners with mild to moderate disabilities (learning disabilities, behavior and/or emotional disabilities, and educable mental disabilities). Students enrolling in this program learn about trends and issues in the field of special education, characteristics and needs of students with mild to moderate disabilities, specialized teaching methods for working with these students, strategies for collaboration with parents and/or families and colleagues, positive means for providing behavior supports, and technology applications that support students' education.

In addition to courses in the major area, students elect a second academic concentration (e.g., psychology, sociology, interdepartmental studies). Field experiences and student teaching take place at local public and private schools with students who have mild to moderate disabilities. Students completing this program and its requirements are eligible for licensure by the North Carolina Department of Public Instruction in special education: general curriculum (K-12).

Transfer students may require additional semesters to complete this undergraduate degree program.

Also see Teacher Education and Higher Education for Teacher Education admission requirements and second academic concentration requirements.

Student Learning Goals

Students completing the teacher preparation program in Special Education: General Curriculum are able to:

- Demonstrate understanding of current federal and North Carolina law and policy related to special education and related services.
- Explain the basic educational and clinical concepts relative to definition, characteristics, identification, and diagnosis of students with mild to moderate disabilities.
- Create or revise program models for effective special education service delivery, including transition, based

on a system of care philosophy and issues related to competent professional role management.

- Use exemplary diagnostic, instructional, and therapeutic approaches, including those based on technology applications, for effectively and positively meeting the academic and social and/or emotional needs of students with mild to moderate disabilities.
- Evaluate the effectiveness of students' special education programs and services as well as overall program and service structures.
- Work collaboratively with other school professionals, paraprofessionals, parents, and community and agency personnel to meet the needs of students with mild to moderate disabilities.

V Second Academic Concentration Requirement

All students majoring in Special Education: General Curriculum are required to complete an approved second academic concentration consisting of course work in an academic discipline.

The following 18-semester-hour concentrations have been approved for Special Education: General Curriculum: Biology, Chemistry and Biochemistry, English, History, Interdisciplinary Science, Mathematics, and Physics and Astronomy.

The following 24-semester-hour concentration has been approved for Special Education: General Curriculum: Spanish.

VI Electives

Electives sufficient to complete the 127 semester hours required for degree.

American Sign Language/Deaf Studies Minor

Required: minimum of 15 semester hours

AOS Code: U930

Requirements

Students must complete 15 semester hours of courses in American Sign Language/Deaf Studies to include:

- | | |
|-----------------|------------------------------------|
| SES 101/ASL 101 | American Sign Language I |
| SES 102/ASL 102 | American Sign Language II |
| SES 203/ASL 203 | American Sign Language III |
| SES 204/ASL 204 | American Sign Language IV |
| SES 245/ASL 245 | Introduction to the Deaf Community |

ASL/Deaf Studies minors are to enroll in non-major American Sign Languages classes only. Note that advanced ASL courses may not be offered during the summer session.

Course offerings and spaces in courses are limited. Students must achieve a B- (2.70) or higher in all the SES courses for progression in the minor.

Policies Regarding American Sign Language Courses for Foreign Language Credit

The Department of Specialized Educational Services (SES) offers a range of American Sign Language (ASL) courses during the fall and spring semester that can satisfy the university foreign language requirement for graduation. Students should meet with their advisor to assure that ASL courses will meet the foreign language requirement for their specific department or major.

Courses

The following courses are offered for foreign language credit.

Students wishing to take these courses must register for a non-major course section.

- | | |
|-----------------|----------------------------|
| SES 101/ASL 101 | American Sign Language I |
| SES 102/ASL 102 | American Sign Language II |
| SES 203/ASL 203 | American Sign Language III |
| SES 204/ASL 204 | American Sign Language IV |

Students should be aware that these courses are offered in different semesters and seating may be limited. There are very few American Sign Language courses offered during

the summer session. Students should not rely on taking summer courses in ASL in order to fulfill their language requirements for graduation; therefore, students should plan their course of study accordingly.

Due to the highly interactive visual nature of teaching American Sign Language, departmental policy prohibits overrides into full courses. There are no exceptions. Registration errors, scheduling difficulty, pending graduation dates, financial aid matters and previous registration attempts are not exceptions to this rule. If you are unable to obtain enrollment during the initial registration period, be sure your name is on the waitlist.

SPECIALIZED EDUCATION SERVICES COURSES (SES)

SES 100 Visual Gestural Communication (2:2)

Development of skills in nonverbal communication. Topics of spatial awareness, visual processing skills, and the use of facial expression, gestures, pantomime, and body language as it pertains to interpreting.

Anne Barton, Faculty Program Chair

For members of Strong College, the city of Greensboro will be the classroom. They'll take what they learn in their classes out into the city to complete various kinds of research projects. To help students complete these projects, Strong College core courses will focus on sustainable communities in a variety of contexts including cultural, historical, political, and economic. For us, sustainability does not just refer to the environment, but to all aspects of human engagement with each other and with the world around us.

Students in this closely knit community will take at least two core courses focused on sustainable communities during their four semesters in the program and will also have the option of taking General Education courses open only to Residential College students. In the fourth semester, students will complete independent capstone projects structured around the concept of sustainable communities. During the two years of the program, students will develop their leadership skills through participation in Strong College committees and will live in Guilford Residence Hall.

STRONG COLLEGE COURSES (STR)

STR 301 Strong College Tutorial (1:1)

A small number of Strong College students meet with a faculty member to explore an agreed upon topic. Faculty member will guide the discussion.

Prerequisite: Students must be members of Strong College.

Notes: May be repeated for 3 hours of credit.

Ashby Residential College Courses (RCO)

RCO courses are listed under Warren Ashby Residential College.

Clinical Assistant Professors Howerton, Johnson, Mangrum

Undergraduate majors in this department are prepared to receive the North Carolina Standard Professional I License for teaching in public schools, grades K–6 and 6–9. The majors in this department include Elementary (K–6) and Middle Grades (6–9) Education.

Elementary and Middle Grades Education majors progress through their professional studies in Inquiry Teams of about 25 students under the guidance of a university instructor, who serves as their field supervisor, academic advisor, and weekly seminar leader. Students assigned to an inquiry team take all Elementary or Middle Grades methods courses together and do 10-hour per week internships in schools. Three internships are required prior to student teaching. New inquiry teams begin in the fall semester of the junior year and continue for four consecutive semesters.

Student Learning Goals

Student learning goals are consistent with standards set forth by the Council for the Accreditation of Educator Preparation (CAEP) programs at www.caepnet.org, the Interstate New Teacher Assessment and Support Consortium (INTASC) at www.ccsso.org, the National Educational Technology Standards at www.iste.org, and the North Carolina Department of Public Instruction at www.ncpublicschools.org.

Admission to the Teacher Education Program and to the Elementary or Middle Grades Education Majors

Admission to the University does not guarantee admission to Teacher Education with a major in the Department of Teacher Education and Higher Education. The School of Education's Department of Teacher Education and Higher Education reserves the right to refuse admission where additional enrollments would threaten the academic quality of classes or programs. The size of each junior class coming into Elementary or Middle Grades Education is determined by the availability of instructors for student practicum and student teaching experiences. Therefore, it may not be possible to assure space for each student who meets the quantitative criteria for admission to the major as specified above. Interviews and/or other qualitative criteria will be implemented in such instances. Students must apply for admission by July 1 to be admitted for the fall semester. In addition to admission to teacher education (see School of Education), a student who seeks admission to the Elementary or Middle Grades Education major is expected to achieve:

- A minimum grade point average (GPA) of 3.0;
- A grade of C or better in TED 250;
- Completion of all courses needed to fulfill the General Education Requirements; and
- Satisfactory scores on the Praxis I.

Admission to Student Teaching

The department has specific grade point average expectations and performance criteria to remain active in the program. Please contact the department office for this information.

Eligibility to enter student teaching requires maintaining a grade point average of 3.0 or better after being admitted to the major, and achieving a grade of C or better in each professional course. After admission to the major, if a student fails to maintain a grade point average of 3.0, the student has one semester to improve his/her grade point average. If a student receives a C- or lower in a professional course, the student is eligible to retake the course at its next offering.

Second Academic Concentration Requirement

- All students majoring in Elementary Education are required to complete an approved second concentration of at least 18 hours in a basic academic discipline or in an approved interdisciplinary studies program, although some departments (e.g., French and Spanish) have a

24-hour requirement. Depending upon the academic discipline selected, a maximum of six (6) hours in either of the concentrations may be counted toward the General Education requirements.

- All students majoring in Middle Grades Education must complete 24, 25, or 27 hours in two of five middle level content fields: Language Arts, Mathematics, Science, Social Studies, or TESOL.

VI Electives

Electives sufficient to complete the 124–128 semester hours required for the degree. Electives should increase students' knowledge in general education and in a content field (such as psychology or multicultural education).

TEACHER EDUCATION COURSES (TED)

TED 120 Introduction to Instructional Technology for Educational Settings (1:1:1)

Provides an introduction to instructional technology, knowledge, and skills for classroom settings.

Offered: Fall & Spring & Summer

Notes: For students seeking initial North Carolina teaching licensure in any area. Students may not receive credit for both TED 120 and LIS 120. Formerly CUI 120.

Cross Listed: Same as LIS 120.

TED 198 Freshman Teaching Fellows Seminar I (1:1)

This course is designed to assist first-year Teaching Fellows into the academic and social systems of higher education and provide an introduction to the field of public school education.

Prerequisite: North Carolina Teaching Fellow

Offered: Fall

Notes: Formerly CUI 198.

TED 199 Freshman Teaching Fellows Seminar II (1:1)

This course is designed to assist first-year Teaching Fellows into the academic and social systems of higher education and provide an introduction to the field of public school education.

Prerequisite: North Carolina Teaching Fellow

Offered: Spring

Notes: Formerly CUI 199.

TED 202 Human Development (3:3)

Introduction to current knowledge about human growth and development from adolescence to old age and death. Designed to contribute to student's general education as well as to subsequent professional development.

Offered: Fall

Notes: Required for Middle Grades Education Majors. Formerly CUI 202.

TED 222 Mathematics for Teaching (3:3)

Focuses on the mathematical understanding needed for elementary grades mathematics instruction as related to K–5 learners. Content emphases include number and operations, algebra, and data analysis and probability.

Prerequisite: MAT 115 or equivalent

TED 223 Mathematics for Teaching Middle Grades (3:3)

This course explores the mathematical content of middle school mathematics: numbers and operations, algebra, measurement, statistics, probability, and geometry. It is structured to build students' conceptual understanding of mathematics.

Prerequisite: TED 222; MDED major

TED 224 English Language Arts Concepts for Middle Grades Teachers (3:3)

The course addresses foundational concepts in middle school English language arts, including the cultural and historical contexts of adolescent literature; genre, form, and literary analysis; writing processes; and grammar essentials.

Prerequisite: MDED major; Admission to the Teacher Education Program

TED 250 Teaching as a Profession (3:3:2)

A study of traditional and contemporary perspectives on teaching and learning; analysis of contemporary educational issues from teachers' perspectives; exploration of personal needs and goals in relation to teaching. Field experience in schools required.

Prerequisite: Minimum 15 s.h. completed

Offered: Fall & Spring & Summer

Notes: Formerly CUI 250.

TED 296 Study Abroad for Global Engagement: Field Experience (1:0:3)

Second of three courses taken in conjunction with a UNCG Study Abroad Exchange. Online individual study focusing on the field experience and appropriate engagement in international, intercultural, and/or multicultural contexts.

- *Registration Restriction: Acceptance to a UNCG Study Abroad Exchange Program*

Prerequisite: IGS 295

Notes: May repeated up to three times (for three different exchange experiences) for credit when topic varies for a total of 3 s.h.; however, may apply only once toward Special Programs in Liberal Studies: IGS major concentration requirements. Grade: Pass/Not Pass (P/NP).

Cross Listed: Same as IGS 296, SES 296.

TED 297 Study Abroad for Global Engagement: Re-Entry Reflections and Applications (1:1)

Third of three courses taken in conjunction with a UNCG Study Abroad Exchange. Focus on the re-entry and re-acculturation processes and the integration of intercultural development into future contexts.

- *Registration Restriction: Acceptance to a UNCG Study Abroad Exchange Program*

Prerequisite: IGS 296

Notes: May repeated up to three times (for three different exchange experiences) for credit when topic varies for a total of 3 s.h.; however, may apply only once toward Special Programs in Liberal Studies: IGS major concentration requirements. Grade: Pass/Not Pass (P/NP).

Cross Listed: Same as IGS 297, SES 297.

TED 298 Sophomore Teaching Fellows Seminar I (1:1)

This course is designed to assist sophomore Teaching Fellows in exploring their beliefs about teaching with emphasis on cultural, legal, and ethical dimensions of teaching in schools.

Prerequisite: North Carolina Teaching Fellow

Offered: Fall

Notes: Formerly CUI 298.

TED 299 Sophomore Teaching Fellows Seminar II (1:1)

This course is designed to assist sophomore Teaching Fellows in exploring their beliefs about teaching with emphasis on cultural, legal, and ethical dimensions of teaching in schools.

Prerequisite: North Carolina Teaching Fellow

Notes: Formerly CUI 299.

TED 320 Language Arts Education (3:3:3)

Curriculum and teaching strategies in the Language Arts with emphasis on the interrelatedness of all language processes: reading, writing, listening, and speaking.

Prerequisite: ELED or SPEL major

Notes: Formerly CUI 320.

TED 335 Language Foundations for Teachers (3:3)

Introductory study of the components of English phonology, morphology, semantics, syntax, and sociolinguistics with a special emphasis on the K–12 classroom application of this knowledge.

Prerequisite: MDED major

Notes: Formerly CUI 335.

TED 346 Children's Literature and Instructional Media (3:3:3)

Multimedia approach to literature for children; functions and use in the elementary curriculum with emphasis on integration of literature into the curriculum.

Prerequisite: ELED or SPEL major

Notes: Formerly CUI 346.

TED 350 Internship I: Inquiry in Teaching and Learning (3:2:4)

Supervised in-school internship and on-campus seminar focused on applying research-based principles from educational psychology and classroom management to teaching and learning.

Prerequisite: ELED, MDED, or SPEL major

Notes: Formerly CUI 350.

TED 360 Elementary Social Studies Education (3:3:3)

An examination of curriculum, instruction, and learning in K–6 social studies education. Emphases include development of the social studies; curricular principles and components; teaching strategies; and learner outcomes.

Prerequisite: ELED or SPEL major

Notes: Formerly CUI 360.

TED 370 Science Education in the Elementary School (3:3:3)

Curriculum and teaching techniques in science for undergraduate prospective elementary school teachers (K–6) with emphasis on problem solving and critical thinking abilities.

Prerequisite: ELED or SPEL major

Notes: Formerly CUI 370.

TED 375 Internship II: Inquiry in Teaching and Learning (3:2:4)

Supervised in-school internship and on-campus seminar focused on applying research-based principles from educational psychology and classroom management to teaching and learning.

Prerequisite: ELED major

Notes: Formerly CUI 375.

TED 380 Mathematics Education (3:3:3)

Provides for the development of knowledge and skills necessary to prepare students to teach mathematics in elementary/middle school classrooms.

Prerequisite: ELED, MDED, or SPEL major

Notes: Formerly CUI 380.

TED 398 Junior Teaching Fellows Seminar I (1:1)

This course is designed to assist junior Teaching Fellows in exploring the community aspects of teaching to diversity.

Prerequisite: North Carolina Teaching Fellow

Notes: Formerly CUI 398.

TED 399 Junior Teaching Fellows Seminar II (1:1)

This course is designed to assist junior Teaching Fellows in exploring the community aspects of teaching to diversity.

Prerequisite: North Carolina Teaching Fellow

Notes: Formerly CUI 399.

TED 400 Internship III: Inquiry in Teaching and Learning (3:2:4)

Supervised in-school internship and on-campus seminar focused on multicultural education teaching to diversity, and understanding the classroom as culture.

Prerequisite: ELED or SPEL major

Notes: Formerly CUI 400.

TED 401 Child and Adolescent Development and Learning (1:1)

Definitions and content of theories of development and learning. Enrollment is limited to students who are pursuing initial teacher licensure.

Prerequisite: Admission to the Teacher Education Program

Notes: Formerly EDU 492.

TED 402 Student Engagement in the Classroom (1:1)

Environmental and interpersonal factors in effective classroom management. Enrollment is limited to students who are pursuing initial teacher licensure.

Prerequisite: Admission to the Teacher Education Program

Notes: Formerly EDU 495.

TED 403 Teaching English Learners with Diverse Abilities (1:1)

Cultural, legal, and pedagogical understandings related to teaching English learners with diverse abilities in general education classrooms. Enrollment is limited to students pursuing initial teaching licensure.

Prerequisite: Admission to the Teacher Education Program

TED 420 Reading Education (3:3:3)

Curriculum and teaching strategies with emphasis on reading/writing connections, corrective reading, and differentiated instruction.

Prerequisite: Admission to Elementary Education or dual major in Elementary and Special Education

Notes: Formerly CUI 420.

TED 428 Advanced Methods in the Elementary Grades (3:2:3)

Advanced study of methods for teaching, integrating, differentiating, and assessing a specific discipline in the elementary education curriculum. Content area will coincide with team focus.

Prerequisite: Satisfactory standing in Elementary Teacher Education or dual major in Elementary and Special Education

TED 442 Teaching and Learning in the Middle Grades (3:3:3)

Students will explore the developmental needs of early adolescents, analyze educational practices designed to meet those needs and investigate issues identified in internship experiences.

Prerequisite: TED 250

Offered: Even Fall

Notes: Formerly CUI 442.

TED 445 Human Diversity, Teaching, and Learning (3:3)

Examines how the multiple identities of race, ethnicity, socioeconomic status, gender, and religion affect the teaching and learning environment. Issues of classroom management for maximum instructional delivery are also included.

TED 450 Psychological Foundations of Education (3:3)

Designed to develop and demonstrate application of knowledge and understanding of the processes and methods of learning and teaching in respective school settings. Includes study of learner's growth and maturation, individual differences, and application of psychology to task of the teacher in evaluating pupil progress. Classroom observation and simulated experiences emphasized. Appropriate emphasis on adolescent.

Offered: Fall or Spring or Summer

Notes: Formerly CUI 450.

TED 452 Educational Psychology for the Middle Grades (3:3)

The application of the principles of educational psychology (i.e., adolescent development, diversity, learning theory,

motivation, and assessment) to teaching middle school students.

Prerequisite: MDED major

Offered: Fall

TED 461 Student Teaching and Seminar: Elementary Grades (12)

School of Theatre

College of Visual and Performing Arts
200 Taylor Building
336-334-5576
<http://performingarts.uncg.edu>

Faculty

*John Poole, Associate Professor and Director of the
School of Theatre*

Professors Bell, Fisher, Hansen, McMullen, Wren

*Associate Professors Allard, Briley, Flannery, Gabriel,
Gulley, Morris, White*

Lecturers Cauthen, Davis, Haas, Purvis

The School of Theatre offers a full range of liberal arts and professional degree programs that prepare undergraduate students for a variety of career opportunities in theatre. The school offers the following undergraduate degree programs:

B.A. in Drama

B.F.A. in Drama, with concentrations in

Acting

Design and Technical Production

Theatre Education (Teacher Licensure)

The degrees, which are accredited by the National Association of Schools of Theatre, provide students with a vital mix of course work that combines both theory and practice and allows for the development of skills and talents.

The school also offers two minors in Drama and Technical Theatre. Each minor requires completion of 18 semester hours of courses. The minors are broadly designed and include a variety of course selections and should be of interest to students with general interests in these areas who are majoring in complementary fields such as Media Studies, Communication Studies, English, Art, and Dance.

The school's rich and varied curriculum is matched by an extensive co-curricular program that includes opportunities to participate in productions at Triad Stage, UNCG Theatre, North Carolina Theatre for Young People, and Workshop Theatre. Participation in school-sponsored plays and musicals is open to majors and non-majors alike.

The school encourages students to pursue internship opportunities, particularly in the summer months. Students are also encouraged to investigate study abroad programs offered by the university.

The school utilizes office, classroom, laboratory, studio, and performance space in the Taylor, Brown, Aycock, McIver, and Curry buildings on campus. The school's faculty is composed of talented artists and scholars with excellent reputations as teachers. Students are encouraged to collaborate with faculty on creative and research projects during their course of study.

Admission to the school's degree programs is competitive. The requirements stated below are minimum requirements, and marginal compliance with them does not automatically imply admission.

Admission to Closed Courses

Due to enrollment pressures and limitations on space in certain classes, the school adheres to the following policy governing enrollment in its courses:

1. Individual faculty are responsible for adding or dropping students from their classes once enrollment limits have been met.
2. Students may be dropped from closed courses even though they may have successfully completed the registration process for the following reasons:
 - a. Student is not a major or minor.
 - b. Student has not completed course prerequisites or does not meet other enrollment restrictions as stated in the *Undergraduate Bulletin*.

Post-Baccalaureate Unclassified Students

Post-Baccalaureate unclassified students are restricted from taking any 500-level class without the permission of the Director and course instructor. Only officially admitted M.F.A. students can register for 600-level courses.

Drama Major (DRAM)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include 50 hours in the major, and at least 36 hours at or above the 300 course level

AOS Code: U880

The B.A. in Drama provides a broadly based approach for students who wish to emphasize theatre as an undergraduate major. A strong core of courses in acting, directing, stagecraft, playscript analysis, theatre history, and dramatic literature is supplemented by additional work in performance, technical theatre, and other theatre studies. B.A. Drama Majors have plentiful opportunities to develop analytical, communication, and presentational skills highly valued in university graduates.

All Theatre majors are expected to read and abide by the policies published in the Theatre Program student handbooks, available online.

DRAMA MAJOR (DRAM)—B.F.A.

Degree: Bachelor of Fine Arts

Required: 124–128 semester hours, to include at least 36 hours at or above the 300 course level

Available Concentrations and AOS Codes:

Acting, U881

Design & Technical Production, U888

Theatre Education, K–12 Teaching Licensure, U883

About the B.F.A. Drama (DRAM) Major

The B.F.A. Drama Major emphasizes that theatre is a discipline involving three basic factors: talent, study, and practice. Only students who show evidence of talent and who work to develop it through classroom study combined with practical application in the production program will be continued in the major. Transfer students should note that this program is concerned with the maturation of the young artist. Thus enrollment for six semesters (three years) is required even when study is begun in the junior year. Students are formally reviewed for continuance in the B.F.A. programs each year. Continuance depends on academic and artistic achievement, and the student's overall professional development.

Admission to the B.F.A. in Drama Major

Students pursuing the B.F.A. in Drama select from three concentrations:

- Acting
- Design & Technical Production
- Theatre Education (with teacher licensure)

Admission to Acting Concentration

Students interested in the B.F.A. Acting concentration are initially admitted as B.A. Drama majors. At the end of fall semester, students formally audition for admission to the B.F.A. Drama: Acting Concentration program. Students should consult their faculty advisors for detailed audition requirements. Admission to the program is very competitive.

Admission to Design & Technical Production Concentration

Provisional admission is granted to the B.F.A. in Design & Technical Production concentration during fall semester. At the end of fall semester, students are interviewed for admission to the programs. Students should consult their faculty advisors for detailed interview requirements. Admission to the program is very competitive.

Admission to Theatre Education Concentration

Provisional admission is granted to students in the Theater Education concentration during the first three semesters. After receiving passing scores on the Praxis I, and achieving a 3.0 GPA, students apply for admission to Teacher Education in the second semester of the sophomore year. A faculty interview is required for admission.

Transfer students should note that the program is concerned with the maturation and sequential training of the young artist/educator. Thus, enrollment for six semesters (three years) is required, even when students begin study in their junior year. Students planning to transfer to UNCG to pursue a B.F.A. in Theatre Education are cautioned to take courses that meet General Education Core (GEC) requirements instead of taking courses in the major.

Continuance in the B.F.A. Drama Major

As part of developing appropriate professional understanding, B.F.A. Acting students must complete one production assignment each semester in the freshman year and a total of six more assignments during their sophomore, junior, and senior years. Four of the B.F.A. Acting students' production assignments must be in technical-related activities.

B.F.A. Design & Technical Production students must complete one production assignment during the second semester in the freshman year and at least six more assignments during the sophomore, junior, and senior years.

B.F.A. in Theatre Education students must maintain a 3.0 minimum GPA, complete 70 hours of pre-approved field experience in K–12 schools prior to student teaching, and complete a minimum of two stage management assignments in their program.

B.F.A. transfer students in Acting or Design & Technical Production are required to complete one production assignment each semester in the program*.

Internship Requirements

B.F.A. Acting and Design & Technical Production majors are required to complete an internship**. Transfer students should make arrangements to schedule the internship as soon as possible. Internships must be approved prior to completion of the internship duties.

All Theatre majors are expected to read and abide by the policies published in the student handbooks, available online.

Notes:

*Production Assignments

Credit is earned for these production assignments as noted in the outline of requirements within programs.

Mission Statement

The central focus of the Women's and Gender Studies Program is to explain how gender is produced within social institutions and how these institutions affect individual lives and to analyze the mutual constitution of gender, race, ethnicity, class, sexuality, nationality, and religion. The Program addresses issues of neglect, omission, and bias in curricula while honing critical thinking skills vital to a liberal education. With the assistance of the community-based Friends of Women's and Gender Studies, the program sponsors visiting scholars, lectures, films, and conferences devoted to the advancement of women's and gender studies.

Women's and Gender Studies Major (WGST)—B.A.

Degree: Bachelor of Arts

Required: 122 semester hours, to include at least 36 hours at or above the 300 course level

AOS Code: U871

Student Learning Goals

1. To explain how gender is produced within social institutions and how these institutions affect individual lives.
2. To discuss histories of feminism as a social movement and feminist theories of social transformation.

Academic Departments, Programs, and Courses

3. To explain theories of embodiment, such as how bodies are constituted within social and biological discourses, or the relationship between embodiment and subjectivity, consciousness, and agency.
4. To critique how hegemonic feminism includes and/or excludes different theoretical perspectives, such as theories of racial formation and theories of sexuality.
5. To analyze the mutual constitution of gender, race, ethnicity, class, sexuality, nationality, and religion.

Examines sexuality as an identity and an object of knowledge in connection to race, class and gender. Includes exploration of the history of, and new developments in, queer theory.

Prerequisite: WGS 350

Offered: Offered Spring 2013

University History, Officers, and Faculty

History of the University of North Carolina

The following is reprinted from
<http://www.northcarolina.edu/?q=about-our-system/220-years-history>.

In North Carolina, all the public educational institutions that grant baccalaureate degrees are part of the University of North Carolina. The multi-campus state university encompasses 16 such institutions, as well as the NC School of Science and Mathematics, the nation's first public residential high school for gifted students. Chartered by the North Carolina General Assembly in 1789, the University of North Carolina was the first public university in the United States to open its doors and the only one to graduate students in the eighteenth century. The first class was admitted in Chapel Hill in 1795. For the next 136 years, the only campus of the University of North Carolina was at Chapel Hill.

Additional institutions of higher education, diverse in origin and purpose, began to win sponsorship from the General Assembly beginning as early as 1877. Five were historically black institutions, and another was founded to educate American Indians. Some began as high schools. Several were created to prepare teachers for the public schools. Others had a technological emphasis. One is a training school for performing artists.

The 1931 session of the General Assembly redefined the University of North Carolina to include three state-supported institutions: the campus at Chapel Hill (now the University of North Carolina at Chapel Hill), North Carolina State College (now North Carolina State University at Raleigh), and Woman's College (now the University of North Carolina at Greensboro). The new multi-campus University operated with one board of trustees and one president. By 1969, three additional campuses had joined the University through legislative action: the University of North Carolina at Charlotte, the University of North Carolina at Asheville, and the University of North Carolina at Wilmington.

In 1971 legislation was passed bringing into the University of North Carolina the state's ten remaining public senior institutions, each of which had until then been legally

separate: Appalachian State University, East Carolina University, Elizabeth City State University, Fayetteville State University, North Carolina Agricultural and Technical State University, North Carolina Central University, the North Carolina School of the Arts (now the University of North Carolina School of the Arts), Pembroke State University (now the University of North Carolina at Pembroke), Western Carolina University, and Winston-Salem State University. In 1985 the NC School of Science and Mathematics was declared an affiliated school of the University; in July 2007 NCSSM by legislative action became a constituent institution of the University of North Carolina. All the schools and universities welcome students of both sexes and all races.

The UNC Board of Governors is the policy-making body legally charged with "the general determination, control, supervision, management, and governance of all affairs of the constituent institutions." It elects the president, who administers the University. The 32 voting members of the Board of Governors are elected by the General Assembly for four-year terms. Former board chairmen may continue to serve for limited periods as non-voting members emeriti. The president of the UNC Association of Student Governments or that student's designee is also a non-voting member.

Each of the UNC campuses is headed by a chancellor who is chosen by the Board of Governors on the president's nomination and is responsible to the president. Each university has a board of trustees consisting of eight members elected by the Board of Governors, four appointed by the governor, and the president of the student body, who serves ex officio. (The UNC School of the Arts has two additional ex officio members; and the NC School of Science and Mathematics has a 27-member board as required by law.) Each board of trustees holds extensive powers over academic and other operations of its campus on delegation from the Board of Governors.

In addition to its teaching role, the University of North Carolina has a long-standing commitment to public service. The UNC Center for Public Television, the UNC Health Care System, the cooperative extension and research services, nine area health education centers, and myriad other University programs and facilities reap social and economic benefits for the state and its people.

History of the University of North Carolina at Greensboro

The following is reprinted from
<http://www.uncg.edu/inside-uncg/inside-history.htm>.

The University of North Carolina at Greensboro was established by legislative enactment on February 18, 1891. The city of Greensboro, situated near the geographical center of the state, was selected for the location of the new institution after its citizens approved \$30,000 in bonds for its first buildings. R.S. Pullen and R.T. Gray gave the original 10-acre site. The institution opened on October 5, 1892 with a student body of 198 and a faculty of 15—and the final enrollment reached 223 at the end of the first year.

Classes were organized in three departments: commercial, domestic science, and pedagogy.

The institution came into being as a direct result of a crusade by Dr. Charles Duncan McIver on behalf of the education of women. Other pioneers in public school education—notably, Edwin A. Alderman, James Y. Joyner, and M.C.S. Noble—assisted McIver, but to him, more than to any other individual, the university owes its foundation.

During the past century the university's mission has evolved, as suggested with its sequence of names. It was known first as the State Normal and Industrial School, and after 1897 as the State Normal and Industrial College until 1919. During the period 1919-1931, it was known as the North Carolina College for Women, and became the Woman's College of the University of North Carolina from 1932 to 1963. It is warmly remembered as “the WC” by its many alumnae of the period.

From 1932 to 1963 the university was one of the three branches of the Consolidated University of North Carolina. The other campuses included the University of North Carolina at Chapel Hill and the North Carolina State College of Agriculture and Engineering at Raleigh (now N.C. State University). In 1962, the board of trustees recommended that the Greensboro campus become coeducational at all levels of instruction. Subsequently, by act of the General Assembly in the spring of 1963, the name of the institution was changed to the University of North Carolina at Greensboro. The first African American students were admitted in 1956 and men were first admitted as part of the general student body in 1964.

In December of 1934, during the years of the Consolidated University, the Woman's College Section of the Alpha of North Carolina Chapter of Phi Beta Kappa was installed. (Alpha Chapter is the one at Chapel Hill.) On February 17, 1956, Epsilon Chapter of North Carolina was installed at this campus. In 2006, UNCG's chapter was voted the best in the nation on a public university campus by the national Phi Beta Kappa organization.

In October of 1971, the North Carolina General Assembly adopted legislation which combined all 16 of the state-supported institutions of higher education into a single University of North Carolina. The UNC system is governed by a board of governors and administered by a president. Each constituent institution has a separate board of trustees and is administered by a chancellor.

UNCG's chancellor is Dr. Franklin D. Gilliam Jr., who took office on May 22, 2015. He came to UNCG from the University of California, Los Angeles (UCLA), where he was dean of the UCLA Luskin School of Public Affairs.

In addition to founding president Charles Duncan McIver, UNCG's other chief executive officers have been:

Dr. Julius I. Foust (1906–1934)

Dr. Walter Clinton Jackson (1934–1950)

Dr. Edward Kidder Graham (1950–1956)

Dr. W.W. Pierson Jr. (1956–1957, 1960–61, interim)

Dr. Gordon W. Blackwell (1957–1960)

Dr. Otis Singletary (1961–64, 1966)

Dr. James S. Ferguson (1964–1979, including interim term)

Dr. William E. Moran (1979–1994)

Dr. Debra W. Stewart (fall semester 1994, interim)

Dr. Patricia A. Sullivan (1995–2008)

Dr. Linda P. Brady (2008–2015)

Dr. Dana L. Dunn (spring and summer semesters 2015, acting)

UNCG Today

With more than 19,400 students and 2,500 faculty and staff, UNCG is the largest state university in the Piedmont Triad and has an annual economic impact of more than \$1 billion. The campus has grown to include 30 residence halls and 30 academic buildings on 210 acres.

UNCG takes pride in being a learner-centered public research university. The College of Arts & Sciences and seven professional schools offer 79 undergraduate majors, 65 master's programs, and 30 doctoral programs.

The university holds two classifications from the Carnegie Foundation for the Advancement of Teaching, as a “research university with high research activity” and for “community engagement” in curriculum, outreach and partnerships. More than \$35 million annually in grants and contracts for research and creative activity are awarded to faculty members annually. Among the most prominent of UNCG's research initiatives are the Gateway University Research Park and the Joint School of Nanoscience and Nanoengineering, both partnerships with North Carolina Agricultural and Technical State University.

Globalization of the curriculum has expanded opportunities for international education, through new programs like the UNC Exchange Program and the Lloyd International Honors College. In addition, innovative signature programs such as Building Entrepreneurial Learning for Life (BELL), Communication Across the Curriculum, Undergraduate Research, and Freshman Seminars enhance the student experience.

As a cultural leader, UNCG offers concerts, lectures, dance and theatre performances, exhibitions in the internationally known Weatherspoon Art Museum, and readings by nationally known authors. In athletics, Spartan teams compete in nine women's and nine men's sports in Division I of the National Collegiate Athletic Association. With ethnic minority students making up 26 percent of the

University History, Officers, and Faculty

student body, UNCG is the most diverse of the UNC system's historically white campuses.

Although much has changed, some things remain the same. The university motto—service—continues to be a guiding principle put into practice through all aspects of university life.

UNCG Schools and College of Arts & Sciences

The university's Academic Affairs Division consists of seven academic schools, the College of Arts & Sciences, the Graduate School, and the Lloyd International Honors College. The names below are the ones currently in use. In some cases, the names have changed since the academic units were founded. The schools and their dates of establishment are:

- School of Education (1921)
- The Graduate School (1921–22)
- School of Nursing (1966)
- Joseph M. Bryan School of Business & Economics (1969)
- College of Arts & Sciences (1969)
- Lloyd International Honors College (2005)
- Joint School of Nanoscience & Nanoengineering (2007)
- School of Health and Human Sciences (2011)
- School of Visual and Performing Arts (2016)

Undergraduate AOS (Area of Study) Codes

The AOS (Area of Study) code is a code unique to UNCG. It is an internal mechanism that determines the program information that appears on a student's transcript, advising record, and degree evaluation and is used to track students through their academic careers. AOS codes identify majors, concentrations, second majors, minors, and teacher licensure areas at the university level.

INACTIVATED AOS CODES

The following undergraduate AOS codes have been inactivated (no longer available for new students) effective Fall 2016.

ACTIVE AOS CODES

The following list contains only currently active undergraduate area of study codes. Please note that most majors can also be taken as second majors or minors. See specific program descriptions and requirements for details. Areas of study that provide teacher licensure are detailed in the Licensure column. Programs that can be taken only as a second major are identified as such in the Degree column. Codes that are newly created for the upcoming academic year are indicated with an asterisk before the code.

Types of AOS codes are as follows:

Traditional (TRAD): These AOS codes are for use only by traditional undergraduates.

2Plus: These AOS codes are for use only by undergraduates admitted under one of the 2Plus articulation agreements.

Plan II or Student Designed Interdisciplinary (INTRDS): These AOS codes are for use only by undergraduates pursuing approved Plan II or Student Designed Interdisciplinary majors.

Pre-Major (PRE): These AOS codes are for use only by undergraduates pursuing formal admission to a particular program.

Preprofessional Programs (PREPROF): These AOS codes are for use only by undergraduates planning post-baccalaureate work at a professional school.

Standard Professional I Teacher Licensure (SPTL): These AOS codes are for use only by post baccalaureate students seeking Standard Professional I teacher licensure.

Undecided (UND): These AOS codes are for use by undergraduates who are undecided on their area of study.

UNCG Residency Policy

Residence Status for Tuition Purposes

The tuition charge for persons who qualify as North Carolina residents for tuition purposes is substantially less than that for nonresidents. An interpretation of the North Carolina law (General Statute §116–143.1) governing residence classification for tuition purposes follows. A more complete explanation of the statute and the procedures under the statute is contained in *A Manual to Assist the Public Higher Education Institutions of North Carolina in the Matter of Student Residence Classification for Tuition Purposes*. The Manual is the controlling administrative statement of policy on this subject. Copies of the Manual are available for inspection in Jackson Library and online at www.northcarolina.edu/?q=legal-affairs/state-residence.

The basis for determining the appropriate tuition charge rests upon whether a student is a resident or a nonresident for tuition purposes. Each student must make a statement as to the length of his or her residence in North Carolina, with assessment by the institution of that statement to be conditioned by the following:

Residence

To qualify as a resident for tuition purposes, a person must become a legal resident and remain a legal resident for at least twelve months (365 days) immediately prior to classification (duration). Thus, there is a distinction between legal residence and residence for tuition purposes. Furthermore, twelve months legal residence means more than simple abode in North Carolina. In particular it means maintaining a domicile (permanent home of indefinite duration) as opposed to “maintaining a mere temporary residence or abode incident to enrollment in an institution of higher education” (intent). The burden of establishing facts which justify classification of a student as a resident entitled to in-state tuition rates is on the applicant for such classification, who must show his or her entitlement by the preponderance (the greater part) of the residency information.

Initiative

Being classified a resident for tuition purposes is contingent on the student’s seeking such status and providing all information that the institution may require in making the determination.

Parents’ Domicile

If an individual, irrespective of age, has living parent(s) or court-appointed guardian of the person, the domicile of such parent(s) or guardian is, prima facie, the domicile of the individual; but this prima facie evidence of the individual’s domicile may or may not be sustained by other information. Further, nondomiciliary status of parents is not deemed prima facie evidence of the applicant child’s status if the applicant has lived (though not necessarily legally resided) in North Carolina for the five years preceding enrollment or re-registration.

Effect of Marriage

Marriage alone does not prevent a person from becoming or continuing to be a resident for tuition purposes, nor does marriage in any circumstance ensure that a person will become or continue to be a resident for tuition purposes. Marriage and the legal residence of one’s spouse are, however, relevant information in determining residency intent. Furthermore, if both a husband and wife are legal residents of North Carolina and if one of them has been a legal resident longer than the other, then the longer duration may be claimed by either spouse in meeting the twelve-month requirement for in-state tuition status.

Military Personnel

A North Carolinian who serves outside the State in the armed forces does not lose North Carolina domicile simply by reason of such service. North Carolina residents who serve outside the state may prove retention or establishment of residence by reference, as in other cases, to residency acts accompanied by residency intent.

In addition, a separate North Carolina statute (G.S. 116-143.3) affords tuition rate benefits to certain military personnel and their dependents, even though not qualifying for

the in-state tuition rate by reason of twelve months legal residence in North Carolina. Members of the armed services while stationed on active duty and concurrently living in North Carolina, may be charged the in-state tuition rate. A dependent relative of a service member stationed in North Carolina is eligible to be charged the in-state tuition rate while the dependent relative is living in North Carolina with the service member and if the dependent relative has met any requirement of the Selective Service System applicable to the dependent relative.

Qualifying active duty military members and the dependent relatives thereof are extended a "military grace period" if the military member is reassigned outside of North Carolina or retires while the member or dependent is enrolled in an institution of higher education. During this grace period, the military member or dependent relative thereof is eligible for the in-state tuition rate as long as he or she is continuously enrolled in the degree or other program in which he or she was enrolled at the time of the reassignment or retirement. Qualifying members and dependents also remain eligible to pay the in-state rate if the active duty member receives Honorable Discharge so long as the member or dependent establishes legal residence in North Carolina within thirty (30) days and is continuously enrolled in the degree program in which he or she was enrolled at the time of the Honorable Discharge. Additionally, any nonresident North Carolina Guard Members in reserve or active status are eligible for the in-state rate and all applicable mandatory fees.

Also, as of June 23, 2015, under North Carolina statute (G.S. 116-143.3A), certain veterans and other individuals (covered individuals) entitled to federal education benefits under 38 U.S.C. Chapter 30 or 38 U.S.C. Chapter 33 may be eligible to be charged the in-state tuition rate and applicable mandatory fees for enrollment without satisfying the 12-month residency requirement under G.S. 116-143.1.

According to G.S. 116-143.3A, covered individuals are as follows:

1. A veteran using Chapter 33 or 30 GI Bill benefits, living in the state in which he or she is pursuing a course of education at an IHL (Institution of Higher Learning), regardless of his/her formal state of

residence, and who enrolls in an IHL within three years of discharge from a period of active duty service of 90 days or more.

2. Anyone using transferred GI Bill benefits, living in the state in which he or she is pursuing a course of education at an IHL (regardless of his/her formal state of residence), and who enrolls in an IHL within three years of the transferor's discharge from a period of active duty service of 90 days or more.
3. Anyone using benefits under the Marine Gunnery Sergeant John David Fry Scholarship (Fry Scholarship) to pursue a course of education at an IHL, who lives in the state in which the IHL is located (regardless of his/her formal state of residence) and who enrolls in an IHL within three years of the service member's death in the line of duty following a period of active duty service of 90 days or more.

These tuition benefits may be enjoyed only if the applicable requirements for admission have been met; these benefits alone do not provide the basis for receiving those derivative benefits under the provisions of the residence classification statute reviewed elsewhere in this summary. Application for this benefit must be made prior to the beginning of the first enrolled term for which the benefit is sought.

Grace Period

If a person (1) has been a bona fide legal resident of the required duration, (2) has consequently been classified a resident for tuition purposes, and (3) has subsequently lost North Carolina legal residence while enrolled at a public institution of higher education, that person may continue to enjoy the in-state tuition rate for a grace period of twelve months measured from the date on which North Carolina legal residence was lost., provided that loss of in-state residence status is not a result of institutional error. If the twelve months ends during an academic term for which the person is enrolled at a State institution of higher education, the grace period extends, in addition, to the end of that term. The fact of marriage to one who continues domiciled outside North Carolina does not by itself cause loss of legal residence marking the beginning of the grace period.

Minors

Minors (persons under 18 years of age) usually have the domicile of their parents, but certain special cases are recognized by the residence classification statute in determining residence for tuition purposes.

1. If a minor's parents live apart, the minor's domicile is deemed to be North Carolina for the time period(s) that either parent, as a North Carolina legal resident, may claim and does claim the minor as a tax dependent, even if other law or judicial act assigns the minor's domicile outside North Carolina. A minor thus deemed to be a legal resident will not, upon achieving majority before enrolling at an institution of higher education, lose North Carolina legal residence if that person (1) upon becoming a legal adult "acts, to the extent that the person's degree of actual emancipation permits, in a manner consistent with bona fide legal residence in North Carolina" and (2) "begins enrollment at an institution of higher education not later than the fall academic term following completion of education prerequisite to admission at such institution."
2. If a minor has lived for five or more consecutive years with relatives (other than parents) who are domiciled in North Carolina and if the relatives have functioned during this time as if they were personal guardians, the minor will be deemed a resident for tuition purposes for an enrolled term commencing immediately after at least five years in which these circumstances have existed. If under this consideration a minor is deemed to be a resident for tuition purposes immediately prior to his or her eighteenth birthday, that person on achieving majority will be deemed a legal resident of North Carolina of at least twelve months duration. This provision acts to confer in-state tuition status even in the face of other provisions of law to the contrary; however, a person deemed a resident of twelve months duration pursuant to this provision continues to be a legal resident of the State only so long as he or she does not abandon North Carolina domicile.

Lost but Regained Domicile

If a student ceases enrollment at or graduates from an institution of higher education while classified a resident for tuition purposes and then both abandons and reacquires North Carolina domicile within a twelve-month

period, that person, if he or she continues to maintain the reacquired domicile into re-enrollment at an institution of higher education, may re-enroll at the in-state tuition rate without having to meet the usual twelve-month durational requirement. However, any one person may receive the benefit of the provision only once.

Change of Status

A student admitted to initial enrollment in an institution (or permitted to re-enroll following an absence from the institutional program which involved a formal withdrawal from enrollment) must be classified by the admitting institution either as a resident or as a nonresident for tuition purposes prior to actual enrollment. A residence status classification once assigned (and finalized pursuant to any appeal properly taken) may be changed thereafter (with corresponding change in billing rates) only at intervals corresponding with the established primary divisions of the academic year.

Transfer Students

When a student transfers from one North Carolina public institution of higher education to another, he or she is treated as a new student by the institution to which he or she is transferring and must be assigned an initial residence status classification for tuition purposes.

Non-U.S. Citizens

Non-U.S. citizens lawfully admitted into the United States for permanent residence are subject to the same considerations as citizens in the determination of residency status for tuition purposes. Certain classes of both resident and nonresident aliens are subject to these same considerations, but certain classes are not.

Tuition Waivers

A separate North Carolina statute (G.S. 115B) provides tuition waivers for the following persons: 1) legal North Carolina residents who are at least age 65; 2) certain family members of deceased or totally and permanently disabled emergency workers of North Carolina; and 3) certain persons who are or were wards of the State of North Carolina. More complete information on this statute may be obtained from the Cashier's Office.

Tuition Benefit for UNC Employees

A person who is a full-time employee of the University of North Carolina, or is the spouse or dependent child of a full-time employee of the University of North Carolina, and who is a legal resident of North Carolina, qualifies as a resident for tuition purposes without having maintained that legal residence for at least 12 months, immediately prior to his or her classifications as a resident for tuition purposes.

Full Scholarship Students

Any undergraduate student who receives full scholarship to UNCG from entities recognized by the institution under G.S. 116-143.6 may be considered residents of North Carolina for all purposes by UNCG.

“Full Scholarship” is defined as funding at least equivalent to the sum of: room (on-campus, double room), board (meal plan option that offers complete meal coverage), tuition (in-state, estimated in March prior to the fall semester), and fees (required class related fees).

The full scholarship rate will be determined by the Director of Financial Aid each March prior to the effective academic year. Please contact the Financial Aid Office for additional information.

Classification Process at UNCG

Initial Classification

Every applicant for admission is required to make a statement as to the length of his or her legal residence in North Carolina. Every applicant is classified as a resident or nonresident for tuition purposes prior to actual matriculation, the admitting office making the initial classification. Those not claiming to be residents for tuition purposes are, of course, classified as out-of-state students (nonresidents) for tuition purposes. If insufficient information supports an applicant’s claim to be a resident for tuition purposes, the admitting office will initially classify that applicant as a nonresident.

Reclassification Review

A residency classification once assigned (and confirmed pursuant to any appeal properly taken) may be changed thereafter (with corresponding change in billing rates) only at intervals corresponding with the established primary divisions of the academic year.

Students may request residency reclassification by submitting a Residency Reclassification Application Form to the University Registrar’s office by midnight on the fifth day of classes for the term for which they wish to be considered.

It is the responsibility of the student to pay tuition by the payment deadline at the rate charged and billed while a review or appeal is pending. In effect, the student who is classified as a nonresident at the time of registration pays the nonresident rate. Conversely, if a student is classified as a resident at the time of billing, he or she pays the resident rate. Any necessary adjustments in the rate paid will be made at the conclusion of the review or appeal.

Students or prospective students who believe that they are entitled to be classified as residents for tuition purposes should be aware that the process of requests and appeals can take a considerable amount of time and that applications for classification should not be delayed until registration. Students who wish to receive a timely review of their residence status should submit their completed Residency Reclassification Application Form approximately 30–45 days in advance of the term for which they are seeking a review of their residence status. Applications are reviewed in the order in which they are received; failure to submit an application in a timely manner may delay the review process.

Appeals

The reclassification determination may be appealed to the Campus Residence Appeals Committee, and decisions of the Campus Residence Appeals Committee may be appealed to the State Residence Committee. A written statement of the appeals procedure is provided to every applicant or student receiving an out of state reclassification decision.

It is the responsibility of the student to pay tuition by the payment deadline at the rate charged and billed while an appeal is pending. In effect, the student who is classified as a nonresident at the time of registration pays the nonresident rate. Conversely, if a student is classified as a resident at the time of billing, he or she pays the resident rate. Any necessary adjustments in the rate paid will be made at the conclusion of the review or appeal.

Students or prospective students who believe that they are entitled to be classified as residents for tuition purposes should be aware that the process of requests and appeals can take a considerable amount of time and that applications for classification should not be delayed until registration.
